brands on claims substantiation, and has a wealth of experience representing clients before the FTC, NAD and other regulators. **Strengths:** "Randy is an amazing lawyer and his legal counsel is invaluable to our business." "He provides quick and actionable feedback on various advertising questions." "He is great to work with, has lots of expertise related to advertising law and provides practical advice in a timely manner." **Daniel Kaufman** (see p.602) draws upon his experience as former deputy director of the FTC's Bureau of Consumer Protection. He retains strong expertise counseling clients on regulatory and transactional mandates across a range of sectors. **Strengths:** "Daniel provides an excellent level of service and understanding of complex, nuanced areas of the law." "Daniel is an expert in his field."

Crowell & Moring LLP

What the team is known for Crowell & Moring LLP fields an impressive advertising offering with particular strengths handling proceedings before the NAD and other regulatory bodies. The firm is adept at handling litigation involving false advertising and unfair trade practices. The team acts on behalf of clients from a broad range of industries, including food and beverages, consumer products and healthcare.

Strengths

"The firm is comprehensive in the advice it provides."

"They are very understanding of our goals and are a strategic partner."

"Crowell & Moring provides straight answers and practical advice."

Work highlights Crowell & Moring represented Aldi in class actions related to labeling challenges of food products.

Notable practitioners

David Ervin has a wide-ranging advertising practice which includes experience negotiating

agency agreements as well as talent and sponsorship agreements. **Strengths:** "David Ervin is great to work with. He understands what we are trying to achieve and has a calm and reassuring demeanor." "He knows the industry well and understands where the blind spots are." Co-lead of the firm's advertising and media practice **Holly Melton** has a broad advertising practice, which includes false advertising litigation and enforcement proceedings. She also advises clients on regulatory compliance. **Strengths:** "Holly is always very responsive and provides timely and practical advice." "She provides great counsel and routinely helps us navigate the grey spaces of the law." "Holly is cooperative, helpful and great to work with."

Davis+Gilbert LLP

What the team is known for Davis+Gilbert LLP has a market-leading practice renowned for the representation of advertising agencies in both deal-making and regulatory matters. The department also handles marketing and promotions for an impressive array of brands and media platforms. It offers notable social media expertise and also provides counsel on the use of artificial intelligence and other new technologies.

Strengths

"Davis+Gilbert provides detailed, thorough analysis of any issue we present and is always cognizant of any timelines and deadlines we are operating under."

"When dealing with a complex legal issue, the entire team are able to weigh in from their specialties."

"All the associates and partners at Davis+Gilbert are outstanding attorneys."

Notable practitioners

Ronald Urbach (see p.724) advises on the full range of issues arising out of advertising campaigns, including representing clients before regulatory agencies. **Strengths:** "His counsel is invaluable as we trust and rely on his expertise."

"Ron is an expert who reliably provides big-picture solutions." **Allison Fitzpatrick** offers expertise in a variety of advertising issues, with a particular focus on social media and influencer marketing. She is also well known in the market for her work on children's advertising. **Strengths:** "Allison is incredibly responsive, thoughtful and thorough in her responses. She'll turn around work in a short time with a response that is practical too."

"Allison's contributions to our organization are invaluable. She is reliable, commercially practical and we are so grateful for this partnership." **Howard Wein-**

grad represents advertising agencies and brands on talent agreements and union matters. He is also noted for his knowledge of music licensing.

Strengths: "He is our go-to, providing thorough and commercially aware guidance." "Howard is a trusted source. We regularly lean on him for guidance."

Davis Wright Tremaine LLP

What the team is known for Davis Wright Tremaine LLP is noted for its advertising practice which sees the group advising clients on compliance and contentious regulatory matters. The attorneys provide counsel to a range of advertisers on cases before the NAD, and also represent a number of advertising agencies and marketing

firms. The team displays considerable expertise in negotiating sponsorship and endorsement deals, as well as advising clients on claims substantiation for consumer products.

Strengths

"Davis Wright is always able to assist us with anything we bring to them. We're deeply confident in their abilities to advise and guide us."

"Its pragmatic mindset, coupled with sharp expertise in the regulatory landscape, gives the team the wherewithal to tackle any challenge with confidence, creativity and speed."

Work highlights Davis Wright Tremaine LLP led the negotiation of a marketing and data optimization agreement for National Hot Rod Association.

Notable practitioners

Nancy Felsten is well known for her representation of clients before regulatory agencies, and is also sought out to advise on claims substantiation and a variety of transactions. She acts on behalf of advertising agencies and corporate clients from an array of industries including consumer products, media and retail. **Strengths:** "Nancy has a well-rounded advertising practice and really works for our best interest." "Nancy Felsten is our ultimate go-to counselor for all things advertising. She has that golden combination of creativity, expertise and pragmatism, whilst being nationally recognized and respected." **Robert Driscoll** is recognized for his focus on transactional matters within the advertising sector. His experience includes branded entertainment projects as well as sponsorship and licensing agreements. **Strengths:** "Robert Driscoll is an exceptional attorney and an integral part of our business. His knowledge, sophistication, tenacity, and creativity in the face of deeply complex negotiations, never fails to fill us with confidence."

Debevoise & Plimpton LLP

What the team is known for Debevoise & Plimpton LLP is highly skilled in contentious advertising matters. The team has a strong track record in false advertising litigation, and also notable experience representing clients before the NAD. The firm boasts offices in New York, San Francisco and Washington D.C.

Strengths

"We are super happy with the product delivered by Debevoise & Plimpton."

Work highlights Debevoise & Plimpton LLP defended Italic in a false advertising claim filed by Alo.

Notable practitioners

David Bernstein handles complex false advertising disputes as part of his broad litigation practice. He represents clients before the FTC and NAD as well as in court. **Strengths:** "David advises us on how to approach issues. He is very level-headed and great to work with."

Frankfurt Kurnit Klein & Selz

What the team is known for Frankfurt Kurnit Klein & Selz has a highly respected advertising team with a strong bench of experts in both regulatory and transactional matters. Its lawyers act for a large number of blue-chip brands, advising on the development of new promotional ventures and ensuring regulatory compliance. The team

draws advertising agencies and big media clients through its ability to negotiate high-value deals. It also offers expertise in relation to social media.

Strengths

"The associates and partners at Frankfurt Kurnit are equally knowledgeable and attentive to the needs of the client."

"They are able to cover all our needs with deeply specialized experts."

"FKKS always provide clear advice on time being prepared on all matters we bring to their attention."

Work highlights Frankfurt Kurnit Klein & Selz supported Domino's Pizza with advertising and marketing law compliance.

Notable practitioners

Jeffrey Greenbaum (see p.572) assists top brands and advertising agencies with compliance review for sophisticated marketing campaigns and also represents clients before the FTC and other regulatory bodies. **Strengths:** *"Jeffrey is a wonderful partner, always accessible with creative and thoughtful strategies."* *"We are very satisfied by his guidance, especially in marketing work."* **Jeff Greenbaum** is my go-to for all advertising matters being responsive and practical." **Brian Murphy** (see p.649) has a wide-ranging practice that covers rights clearance, talent agreements and social media marketing. **Strengths:** *"I rely on Brian to provide expert advice on a wide variety of advertising issues. He works hard to understand the problems to tailor his advice based on the specific priorities of our business."* **Candice Kersh** (see p.605) is especially well known for her representation of creative agencies. She handles the full gamut of transactional and compliance matters, including branded entertainment issues. **Strengths:** *"Candice is excellent in her field, providing thoughtful, commercial and practical advice."* **Terri Seligman** (see p.696) is renowned particularly for her representation of clients before the NAD. She holds further strengths advising on regulatory compliance mandates. **Strengths:** *"Terri is an excellent lawyer. She provides great client service and business-savvy advice."* *"She offers technical and strategic advice."* **Hannah Taylor** (see p.716) is developing an impressive reputation as a go-to adviser on complex advertising transactions as well as regulatory matters. **Strengths:** *"Hannah provides excellent client service."* *"She is practical, commercially minded and a great partner."* *"She works seamlessly with non-legal colleagues."*

Hogan Lovells US LLP

What the team is known for Hogan Lovells showcases significant strengths and expertise in punitive class actions. The team often acts for healthcare, retail and biotechnology clients.

Strengths

"Hogan Lovells has the bandwidth to efficiently handle complex and elaborate matters."

"They are polished, reliable and prepared."

"I am very pleased with the firm's excellent work and communication."

Work highlights Hogan Lovells represented Knix Wear in a punitive class action alleging consumer protection violations, breaches of warranty and other fraud-based claims.

Notable practitioners

Trenton H Norris is a reputed attorney in the

advertising space. He is noted for his work with major brands and healthcare groups handling a wide range of contentious mandates, including class actions and false advertising disputes.

Strengths: *"Trent understands our niche market and provides in-depth advice."*

InfoLawGroup LLP

What the team is known for InfoLawGroup LLP is a widely respected Chicago-based boutique specializing in entertainment and advertising matters. It assists household-name brands with traditional and digital advertising, with notable strength in influencer marketing. The firm is also well equipped to provide counsel on privacy concerns arising out of promotional campaigns.

Strengths

"They are very responsive and also very practical."

"They understand fast-paced environments and provide legal advice in an expedite manner."

Work highlights InfoLawGroup advised Warner Brothers on advertising and media campaigns of movie releases.

Notable practitioners

Jamie Rubin (see p.1754) is a reputed attorney servicing major marketing firms and e-commerce brands. His expertise covers advertising campaigns and promotional initiatives as well as regulatory compliance. **Strengths:** *"Jamie is an excellent attorney."* *"He provides fantastic guidance on niche areas of the law."*

Kelley Drye & Warren LLP

What the team is known for Kelly Drye & Warren LLP has a broad-based practice noted particularly for its expert handling of complex regulatory challenges. The department acts on false advertising disputes under the Lanham Act as well as before the NAD. It also represents clients involved in consumer class actions and FTC enforcement proceedings. The team is a leader in Telephone Consumer Protection Act matters, defending clients from both regulatory and consumer actions in this area.

Strengths

"The firm is available, flexible and willing to get to know our business so they can best advise us."

"They are able to communicate complex information concisely."

"The team is responsive and capable of working under accelerated timelines."

Work highlights Kelly Drye & Warren LLP defended Bacardi in an NAD challenge claiming deceptive advertising.

Notable practitioners

John Villafranco is known for his strong record of handling false advertising matters before the NAD. His client base includes those active in the food and beverage, consumer products and manufacturing sectors. **Strengths:** *"He is an all-around excellent lawyer and communicator."* *"John is a terrific lawyer. He is up to date on the law while being a seasoned practitioner."* *"John's advice is prompt, sophisticated and business-savvy – factors critical to achieving the best possible outcome."*

Christie Grymes Thompson is a go-to lawyer for leading brands. She assists clients with the full range of regulatory matters arising out of their marketing campaigns. **Strengths:** *"Christie*

is a pleasure to work with, delivering consistently excellent and timely advice." **Gonzalo Mon** advises clients on all aspects of their advertising strategy, including claims substantiation and privacy concerns. **Strengths:** *"Gonzalo is an impressive thought leader."* **Donnelly McDowell** is noted for his expertise in the advertising space, chairing the advertising and marketing group at Kelley Drye. **Strengths:** *"Donnelly is a subject matter expert who delivers crisp and efficient advice in a variety of contexts."*

Kirkland & Ellis

What the team is known for Kirkland & Ellis has a well-regarded litigation practice with a strong record of handling Lanham Act disputes as well as cases before the NAD. The team also defends a number of major corporate clients in putative class actions brought by consumers in both state and federal courts. Its lawyers act for a wide range of clients from industries including pharmaceuticals, technology and consumer goods.

Strengths

"Kirkland is always available to us and promptly answers any questions we have."

"It is an excellent law firm that you can trust with big-ticket litigation matters."

Work highlights Kirkland & Ellis defended Allergan in a False Claims Act case against an alleged patent fraud claim for its Namenda product.

Notable practitioners

Ross Weisman (see p.732) is the head of the firm's advertising, marketing and promotions group. He works primarily on NAD challenges and false advertising lawsuits. **Gregg LoCascio** (see p.1342) is an experienced litigator known for his expert handling of false advertising matters. **Strengths:** *"Gregg is a very capable litigator."* **Robin McCue** (see p.637) is an experienced litigator with expertise dealing with Lanham Act disputes and NAD proceedings.

Kramer Levin Naftalis & Frankel LLP

What the team is known for Kramer Levin Naftalis & Frankel LLP has a first-rate practice skilled in handling the full range of advertising litigation matters. It represents clients in high-profile Lanham Act disputes and consumer class actions alleging deceptive advertising practices, as well as in NAD proceedings and appeals before the NARB. The department offers expertise to clients in the automobile, consumer products, telecommunications, healthcare and cosmetics industries, among others. The attorneys display notable trial experience.

Strengths

"The team is incredibly smart and practical with a focus on client support."

"Kramer Levin has deep subject matter expertise and provides exceptional client service."

"They are always incredibly responsive and attentive."

Work highlights Kramer Levin Naftalis & Frankel LLP represented SPD Swiss Precision Diagnostics GmbH in a punitive class action alleging that ovulation test kits are mislabeled.

Notable practitioners

Norman Simon (see p.703) is a strong choice to

handle high-stakes false advertising disputes and class actions. He also has experience with representing clients before the NAD. **Strengths:** “Norman is a great partner and valuable resource for our company. His instincts are strong, supported by experience in this space.” “Norman provides excellent counsel across a broad range of complex matters.” “He is collaborative and communicates well with his clients.” “Norman Simon is an excellent attorney and easy to work with.” **Eileen Patt** (see p.664) advises clients on false advertising disputes, including proceedings before the NAD and NARB. **Strengths:** “Eileen is a trusted business partner and one of our key partners at the firm.”

Loeb & Loeb LLP

What the team is known for Loeb & Loeb LLP has an outstanding advertising practice whose wide-ranging capacities attract a number of top agencies and brands. The team counsels clients on regulatory compliance, as well as negotiating new marketing partnerships and promotional campaigns. It fields considerable expertise in emerging media and technology, including in the privacy concerns that arise in digital and social media advertising. The lawyers also offer counsel on contentious regulatory matters, including in proceedings before the NAD.

Strengths

“Loeb & Loeb is very effective at synthesizing complex rules and regulations.”

“Loeb & Loeb is always incredibly responsive and provides quality service.”

“The team has deep knowledge and experience in all areas of advertising law.”

Work highlights Loeb & Loeb LLP advised Super-OrdinaryCo with social media and online platform promotional advertising matters.

Notable practitioners

Kenneth Florin has a wide-ranging practice, which includes strengths in social media marketing and the use of other emerging technologies in advertising. **Strengths:** “Ken is an incredibly knowledgeable and responsive lawyer.” **Brian Heidelberger**’s experience includes negotiating sponsorship and endorsement agreements, as well as assisting clients with regulatory compliance. **Strengths:** “Brian is an excellent partner with great client service.” **David Mallen** acts for clients before regulatory bodies as well as state and federal courts, and is particularly proficient before the NAD. **Strengths:** “David understands how to cater to our business needs while still ensuring we remain compliant with the law.” **James Taylor** is chair of the firm’s advanced media and technology department. He has substantial experience advising major brands on sponsorship agreements and other marketing campaigns. **Strengths:** “We rely on his advice and trust his expertise.” **Thomas Jirgal** is noted for his vast experience representing clients in NAD proceedings, particularly in relation to matters arising in the telecommunication space. **Strengths:** “Tom is always a pleasure to work with. He has a depth of knowledge that allows him to provide valuable insight in any situation.” Chicago-based **Libby O’Neill** attracts acclaim for her deft representation of clients at the NAD. She also frequently assists clients with claim substantiation and marketing strategy.

Manatt Phelps & Phillips LLP

What the team is known for Manatt, Phelps & Phillips LLP continues to assist advertising agencies and major brands with regulatory compliance and transactions. Its capabilities include talent, sponsorship and agency agreements, and the department also offers counsel on privacy concerns. The firm also provides representation to clients before regulatory bodies, including the FTC and NAD.

Strengths

“Manatt is able to advise on an extraordinarily wide range of matters with impressive expertise.”

“They are always willing to take the time to answer my questions and I am always confident in their answers.”

“They are up to date and aware of the latest commercial developments that impact their field of practice.”

Work highlights Manatt advised Kia America on advertising mandates, including the negotiation of sponsorship agreements and the review of commercials.

Notable practitioners

Jesse Brody engages in a wide range of transactional and regulatory matters involved in advertising. His experience includes sweepstakes and promotions, agency agreements and sponsorship agreements. **Strengths:** “Jesse provides very practical advice and is great at distilling requirements down to practical application.” “He is an expert in an unbelievable range of subject areas. He is always able to meet even the most difficult deadlines, never sacrificing quality for speed.” **Jeffrey Edelstein** is known for his experience handling cases before the NAD and he is also sought out to provide compliance review for advertising. **Strengths:** “I couldn’t do my job without Jeff.” “Jeff is a wonderful partner. I have complete faith in his guidance.” **Po Yi** assists major brands with the full range of transactional and compliance concerns arising out of advertising campaigns. **Strengths:** “She provides quick responses to urgent problems.” “Po is a great resource.”

Patterson Belknap Webb & Tyler LLP

What the team is known for Patterson Belknap Webb & Tyler LLP remains a go-to firm for high-stakes advertising litigation. The firm is particularly noted for representing leading brands in false advertising disputes, with a strong capability in handling cases that go to trial. It also possesses a nationwide practice in the defense of consumer class actions. The team is particularly active on behalf of clients in the food and drink industry.

Strengths

“The team is made up of top-notch lawyers.”

“Patterson is a strong team who produce excellent work products.”

Work highlights Patterson Belknap Webb & Tyler LLP served as lead counsel for The Glad Products in a punitive class action challenging the labeling of Glad ‘recycling’ bags.

Notable practitioners

Steven Zalesin (see p.741) is a renowned litigator with a particular focus on false advertising disputes. He notably services blue-chip clients across a range of industries. **Strengths:** “He tai-

lors his service to our company.” “Steven is really excellent. He always has a sense of how a case will go and is fantastic in court.” **Joshua Kipnees** (see p.608) is a highly sought-after litigator in the advertising space. He assists clients with high-stakes Lanham Act disputes and consumer class actions. **Strengths:** “His legal work is impeccable.” **Jane Metcalf** (see p.642) is a notable practitioner in advertising matters, representing clients in punitive class actions. **Strengths:** “Jane is excellent and always quick to respond.”

Perkins Coie LLP

What the team is known for Perkins Coie LLP houses an impressive advertising, marketing & promotions practice based in the firm’s Seattle office. The group acts on behalf of an enviable roster of clients in the technology, e-commerce, beauty and food and beverage industries, providing comprehensive counsel on advertising campaigns.

Strengths

“The firm has a very strong ability to handle complex matters.”

“Perkins has subject matter experts who are able to provide quick and practical advice.”

“The team is exceptional. It goes above and beyond to meet deadlines.”

Notable practitioners

Jason Howell (see p.590) is cochair of the advertising, marketing and promotions group at Perkins Coie. He counsels clients on a variety of matters including claims substantiation and regulatory compliance. **Strengths:** “Jason does an excellent job balancing the risks while ensuring clients still achieve their business goals.” “Jason is an incredible partner to an in-house legal team. He is calm under pressure, responsive and understanding of the need for practical and clear advice.” “He always provides great support.”

Proskauer Rose LLP

What the team is known for Proskauer Rose LLP fields a team of top-drawer litigators, which draws an impressive set of clients, acting on both the defense and plaintiff sides of major advertising disputes at state, federal and appellate levels. It houses additional strength in defending consumer class actions for retail clients and manufacturers of household goods. The team also has experience representing clients before the NAD and NARB.

Strengths

“Proskauer are amazing. They are timely and do a wonderful job.”

Work highlights Proskauer Rose LLP represented Welch Foods in consumer class actions related to alleged false advertising of its juice drinks.

Notable practitioners

Jeffrey Warshafsky (see p.731) is a renowned litigator specializing in class actions and false advertising. **Strengths:** “He is super responsive and an amazing writer.”

Reed Smith LLP

What the team is known for Reed Smith LLP has an established transactional practice representing a variety of brands and industry associations in developing promotional campaigns.

The department retains a focus in negotiating sponsorship and talent deals for entertainment industry clients, with a particular strength in celebrity endorsements. It also assists with sweepstakes, advertising review and negotiation of agency agreements.

Strengths

"Reed Smith assists us with our most complex negotiations."

"The firm provides excellent service and high-quality, efficient work."

"It's impressive how prompt they respond to all inquiries, always making themselves available."

Notable practitioners

John Feldman is frequently sought out to provide regulatory counseling to major brands and institutions. His experience includes regulatory risk assessments and NAD proceedings. **Strengths:** *"He is a creative person and thought-leader."* **Stacy Marcus** is known for counseling clients in the advertising sector on labor issues, including collective bargaining with SAG-AFTRA. Her expertise also includes negotiating talent agreements and celebrity endorsements. **Strengths:** *"Stacy has a solid sense of what is practical as well as the big picture. She is extremely personable and prompt to respond."* **Keri Bruce's** expertise includes negotiating advertising and media agency agreements. **Strengths:** *"Keri is an outstanding lawyer. She is an extension of our in-house team and gives us valued guidance."* *"Business without Keri would be more difficult and a world I don't want to imagine."* *"Keri has a great reputation in the industry. She is creative when we face new challenges, meaning we always end up with the best possible outcome."* Chicago-based **Jason Gordon** has a broad practice which encompasses advertising, intellectual property and privacy. **Strengths:** *"Jason is an excellent adviser."* *"He is a go-to subject matter expert. He is always so helpful and able to help steer us in the right direction."* **Robert Newman** is a strong choice to counsel brands and agencies on the intersection of advertising and privacy. **Strengths:** *"Rob handles complex negotiations so tactfully. He makes lawyering an art form."* **Michael Isselin** (see p.594) aptly assists clients with promotions and commercial licensing issues, as well as talent agreements and advertising campaigns mandates. He notably represents marketing and talent agencies. **Strengths:** *"Michael is attentive and a pleasure to work with."*

Sidley Austin LLP

What the team is known for Sidley Austin's litigators enjoy a reputation in contentious advertising mandates. The firm represents clients in false advertising and consumer class actions across a range of key sectors, including healthcare and technology.

Strengths

"The team at Sidley are very good litigation advisers, having a good grasp of the facts of the case."

"They have a very deep and talented team who offer a premium service."

Work highlights Sidley Austin LLP represented Merck & Co in a false advertising case regarding the use of the name 'Merck' in the United States.

Notable practitioners

Randi Singer (see p.2662) is a distinguished lit-

igator active on Lanham Act false advertising matters. She services clients across numerous industries, showcasing notable IP expertise.

Strengths: *"Randi is great. She is super responsive and very knowledgeable."*

Venable LLP

What the team is known for Venable LLP displays extensive capabilities in this space, with a particular specialty in FTC and other enforcement investigations. The firm is especially active in consumer class actions, and also experienced with handling NAD challenges. Its large corporate client base is drawn from a range of industries including retail, technology and manufacturing.

Strengths

"We rely not only on their expertise, but also on their practical advice on how various risks might play out."

"Venable ensures that service levels and responsiveness are always met."

"The firm is easy to work with and adopts a business-minded approach."

Work highlights Venable LLP represented Response Marketing Group in a joint lawsuit filed by the FTC and the Utah attorney general, challenging its advertising and marketing practices.

Notable practitioners

Len Gordon (see p.571) is often sought out to handle false advertising investigations brought by the FTC and state attorneys general. **Strengths:** *"Len leverages his extensive experience to provide effective representation and guidance for his clients."* **Roger Colaizzi** (see p.530) is experienced with handling consumer class actions and Lanham Act disputes. He also advises clients on FTC compliance and regulatory proceedings. **Strengths:** *"Roger navigates a conflict to find a solution that works for his client in all circumstances."* **Melissa Steinman** (see p.711) is especially well known for her sweepstakes and promotions work, and also offers know-how in online gaming and gift cards. **Strengths:** *"Melissa gives well-reasoned and practical guidance."* *"Melissa is an outstanding resource for us and is very business-friendly."* **Ellen Berge** (see p.503) is a partner in the firm's Washington DC office. She assists major brands with advertising issues including regulatory compliance. **Strengths:** *"Ellen consistently provides excellent work which identifies solutions that work for us."* **Shannon Sansom** is an associate assisting on the firm's key advertising matters. She is active in promotional issues, sweepstakes and regulatory mandates. **Strengths:** *"Shannon is excellent, super responsive and always very business-minded."* *"Shannon is a pleasure to work with."*

Weil, Gotshal & Manges LLP

What the team is known for Weil, Gotshal & Manges LLP is noted for its strength in contentious advertising mandates. The team frequently acts on behalf of multinational brands in Lanham Act claims, consumer class actions as well as NAD proceedings. The firm offers bi-coastal strength, with lawyers based in New York, Washington DC and California.

Strengths

"Their service is excellent and proactive. They are true experts."

"Weil Gotshall is really responsive whenever we have questions."

Work highlights Weil, Gotshal & Manges LLP represented Godiva Chocolatier in several consumer class actions alleging false advertising claims.

Notable practitioners

Randi Singer is a key contact.

Other Ranked Lawyers

Lauren Aronson is based in the Washington, DC office of Amin Wasserman Gurnani LLP. She is noted for her expertise handling false advertising claims before the NAD as well as Lanham Act disputes. **Strengths:** *"Lauren is an incredible advocate."* *"She understands our business and communicates her concerns without alarming anyone."*

Barry Benjamin is chair of Kilpatrick Townsend & Stockton's advertising and marketing group. He counsels clients on compliance and transactional matters, and his experience includes claims substantiation. **Strengths:** *"Barry is a dream to work with. He is very practical, responds quickly, and gives thoughtful solutions."* *"Barry is a huge asset as he always keeps the business side in mind when providing recommendations."*

Katie Bond of Keller and Heckman LLP has a broad advertising practice, which includes counseling brands on regulatory investigations. Her clients include companies in the food and life sciences sectors. **Strengths:** *"Katie is a sought-after expert."*

Christopher Cole of Katten offers considerable know-how in false advertising lawsuits and regulatory challenges. **Strengths:** *"I would recommend him to anyone who has advertising issues."*

Alexander Kaplan (see p.600) of Oppenheim + Zebak, LLP is an experienced litigator with a broad practice which covers advertising and intellectual property. His experience includes Lanham Act litigation, NAD proceedings and he also frequently counsels clients on claims substantiation. **Strengths:** *"Alex has deep expertise and is very responsive."* *"He is composed, thoughtful and very intelligent, delivering information in a way that is adjustable to any client."*

Andrew Lustigman (see p.627) of Olshan Frome Wolosky LLP provides clients with legal advice on a wide range of advertising concerns, from structuring sweepstakes to regulatory proceedings.

Phyllis Marcus (see p.631) of Hunton Andrews Kurth LLP draws upon her experience working at the FTC in her handling of a broad array of advertising mandates. She is sought out by an impressive client base to advise on compliance and regulatory proceedings. **Strengths:** *"Phyllis is an impressive attorney."* *"She is incredibly knowledgeable about advertising. She takes complex scenarios and quickly identifies key issues and areas of risk."* *"She makes the effort to understand our business and provides straightforward advice."* *"I greatly appreciate her proactive approach."*

Benjamin Mulcahy (see p.648) of DLA Piper LLP is especially active in marketing issues arising in the entertainment sector. He is retained by blue-chip media, tech and sports clients. **Strengths:** *"Ben is a pleasure to work with. He is responsive and truly understands the issues of importance to*

our business.” “Ben is our go-to advertising lawyer. He’s well known and respected, is an expert negotiator and provides excellent client service.” “I trust him with the most difficult and sensitive issues.” “Ben is highly responsive and extremely knowledgeable with a broad range of expertise.” “Ben is dynamic, engaging and able to provide advice in a practical manner.”

Lynn Neuner (see p.2627) of Simpson Thacher & Bartlett LLP is a renowned litigator with a wealth of expertise in false advertising claims. She is especially active on behalf of clients in the pharmaceutical sector. **Strengths:** “She is a terrific lawyer.”

Saul Perloff of A&O Shearman is known for representing clients in false advertising claims. **Strengths:** “Saul is very strong with Lanham Act litigation cases and I enjoy working with him. In addition, he brings a track record of success and deep experience.”

Marc Roth of Cobalt Law counsels clients on a wide range of transactional and compliance concerns arising out of marketing strategies. His expertise includes privacy and the Telephone Consumer Protection Act. **Strengths:** “He is the one you want at your table.”

James Stewart (see p.712) of DLA Piper LLP expertly advises on major transactional and reg-

ulatory mandates in the advertising space. These include sponsorship agreements and influencer marketing issues. **Strengths:** “James is a pleasure to work with. On our time-sensitive matters, he makes himself available quickly and we trust his guidance.” “He works efficiently, thoroughly and provides great value for his service.” “He takes the time to make sure we understand all feedback and the final product.” “He always delivers sound advice even in the face of high-stress situations.”

Douglas Wood continues to be recognized as a leader in the industry. His extensive experience includes advising clients on agency agreements.

Arnold & Porter

What the team is known for Arnold & Porter has a sophisticated antitrust practice which advises and represents clients on large, high-stakes and complex deals, litigation, and investigatory matters in the antitrust space. Attorneys include outstanding trial lawyers, investigators and multi-billion-dollar deal closers. Longstanding relationships with clients in the financial services, healthcare and consumer goods markets.

Strengths

“Arnold’s attorneys have a knack for synthesizing complex information into practical legal advice.”

“The Arnold team is able to leverage their knowledge of regulatory matters and the industry as a whole to help support the right outcome.”

Work highlights Arnold & Porter advised Altria on the antitrust aspects of its \$2.75 billion acquisition of NJOY Holdings.

Notable practitioners

Deborah Feinstein is a key contact in Washington, DC.

Andre Geverola (see p.565) is head of the firm’s antitrust cartel investigations practice and regularly assists a range of clients with government investigations. Clients benefit from his experience as a former Director of Criminal Litigation in the DOJ’s Antitrust Division. **Strengths:** “Andre is an outstanding cartel lawyer.” “Andre is very quick to get to the heart of issues on investigations.”

Axinn

What the team is known for Axinn is a highly respected boutique antitrust firm with broad strength in corporate and litigious work. Adept at counseling clients through complex merger control issues. Also noted for its strong intellectual property practice leveraged in litigation at the cross-section of IP and antitrust. Frequently represents those in the food, manufacturing, technological and finance industries.

Strengths

“The Axinn team is responsive, business-focused and practical in their advice.”

“The lawyers have a deep knowledge of antitrust laws.”

Work highlights Axinn advised VMware on the antitrust aspects of its \$69 billion acquisition by

ability to explain complex processes in a straightforward way. They have a commercial and execution-oriented approach."

"The team at Baker Botts is up to speed on all developments in the field and able to translate those developments quickly to analyze and interpret their relevance to clients in the business world."

Work highlights Baker Botts L.L.P. advised Liberty Media Corporation on antitrust aspects of its \$313 million acquisition of a stake in QuintEvents.

Notable practitioners

John Taladay (see p.1368) demonstrates considerable skill across a wide range of antitrust matters. He deftly steers clients through cartel investigations, complex merger clearance and high-stakes litigation. **Strengths:** "John provides highly strategic, thoughtful and straightforward advice in the face of very challenging issues." "John provides extremely sophisticated analysis on complex matters." "John is a highly skilled lawyer."

Berger Montague

What the team is known for Berger Montague is a preeminent force in the Pennsylvania antitrust

market with a national presence, offering expert counsel to clients from a broad range of industries, including the chemical, pharmaceutical and financial sectors. Highly distinguished for the strength of its plaintiff-side work acting on monopoly matters and price-fixing, including an impressive track record in complex, high-profile class actions.

Strengths

"Berger Montague is a go-to plaintiff firm."

Notable practitioners

Eric Cramer is a highly accomplished lawyer who regularly acts for plaintiffs seeking damages for anticompetitive conduct. **Strengths:** "Eric is a top-notch lawyer."

Boies Schiller Flexner LLP

What the team is known for Boies Schiller Flexner LLP is a distinguished litigation firm that regularly provides antitrust representation for both plaintiffs and defendants in high-profile class actions and opt-out cases. Handles litigation on behalf of consumer classes and private clients. Also demonstrates strength in government investigations and merger defense.

Strengths

"Boies Schiller houses extremely skilled trial lawyers."

"The team is very strong and readily available."

Work highlights Boies Schiller Flexner LLP represented a class of Blue Cross Blue Shield's subscribers in a lawsuit alleging the trademark licences used by Blue Cross Blue Shield Association caused market allocation and other restrictions on competition.

Notable practitioners

David Boies is a preeminent attorney capable of turning his hand to both defendant and plaintiff representation in sophisticated antitrust proceedings. He is well known for his handling of significant multijurisdictional class actions. **Strengths:** "David really is one of the most remarkable lawyers." "David Boies is a spectacular lawyer."

Cleary Gottlieb Steen & Hamilton LLP

What the team is known for Cleary Gottlieb Steen & Hamilton LLP is an outstanding DC-based practice that collaborates with a complementary European network to provide seamless national and international antitrust representation. Provides a premium clientele with guidance on class actions, criminal investigations and mergers receiving scrutiny from regulatory agencies, as well as offering pre-merger advice and guidance, and support defending against cartel allegations. Has particularly strong client relationships in the telecommunications, natural resources and financial service sectors. Excels in cases involving price-fixing allegations, market monopolization and bond and debt manipulations.

Strengths

"Cleary is set apart by its excellent people and depth of practice."

"The Cleary team has a ton of deal and litigation experience."

"Cleary provides a great global perspective."

Work highlights Cleary Gottlieb Steen & Hamilton LLP defended ASSA ABLOY in an antitrust lawsuit challenging its \$4.3 billion acquisition of

Spectrum Brands' Hardware and Home Improvement division.

Notable practitioners

Mark Leddy (see p.1340) is commended for his representation of a broad array of prominent clients in competition disputes. His previous DOJ experience bolsters his ability to handle cartel investigations. **Strengths:** "Mark Leddy is a fantastic lawyer." **Heather Nyong'o** (see p.1056) acts for a wide array of clients in the oil and gas, technology and pharmaceutical spheres in both civil and criminal investigations. **Strengths:** "Heather provides really thoughtful and attentive client service." "Heather is the best at what she does in her field. She is very practical whilst still being up to date with how antitrust authorities are approaching issues." **Jeremy Calsyn** (see p.519) is accomplished in criminal antitrust litigation, particularly cases concerning price-fixing investigations. He is well known for his work on behalf of automotive parts suppliers. **Strengths:** "Jeremy Calsyn is an expert not only in antitrust but how to navigate matters with regulators and other parties." "Jeremy is a true subject matter expert. He is practical and business-oriented."

Cohen Milstein Sellers & Toll PLLC

What the team is known for Cohen Milstein Sellers & Toll PLLC is an accomplished team offering plaintiff representation in major class actions frequently concerning price manipulation and product delays. Particularly adept in managing competition disputes in the finance, technology and pharmaceutical sectors.

Strengths

"Cohen Milstein is a strong antitrust practice."

Work highlights Cohen Milstein Sellers & Toll PLLC represented the direct purchaser class in a multidistrict litigation alleging Ranbaxy manipulated the FDA's generic drug approval process to block competitors from entering the market and forcing purchasers to pay supracompetitive prices for three products.

Notable practitioners

Sharon Robertson regularly represents plaintiffs active in the pharmaceutical industry in significant antitrust proceedings. **Strengths:** "Sharon Robertson is very insightful."

Covington & Burling LLP

What the team is known for Covington & Burling LLP has a talented bench of attorneys who use their previous experience in government positions to provide thorough and comprehensive antitrust representation in M&A, civil actions and cartel investigations. Also noted for its increasingly strong litigation presence in California. Particular expertise in the financial services, technology and sports sectors among others. Well placed to advise on international issues in jurisdictions including the EU, China and South Korea.

Strengths

"Covington houses fantastic lawyers. They are intelligent, prepared and provide excellent support."

Work highlights Covington & Burling LLP represented American Petroleum Institute in an antitrust lawsuit alleging that major oil producers engaged in a conspiracy to reduce production in order to increase the nationwide prices of retail

gasoline.

Notable practitioners

Thomas Barnett is a key contact in Washington, DC.

Cravath, Swaine & Moore LLP

What the team is known for Cravath, Swaine & Moore LLP is a highly adept group of New York-based practitioners who represent organizations from the finance, entertainment, retail and energy industries, among others. Offers dual strength in corporate antitrust work, such as M&A and joint ventures, and in competition litigation, including class actions and monopolization cases. Also noted for its compliance counseling practice and international reach. Frequently acts opposite governmental enforcement agencies including the FTC, DOJ and State Attorneys General.

Strengths

"Cravath's lawyers all demonstrate thoughtful judgment, provide commercial and practical advice and add value to any situation."

Work highlights Cravath, Swaine & Moore LLP represented Blue Cross Blue Shield Association in a multidistrict litigation alleging violation of Sections 1 and 2 of the Sherman Act.

Notable practitioners

Christine Varney is a key contact in New York.

Crowell & Moring LLP

What the team is known for Crowell & Moring LLP is a high-quality firm that continues to represent clients in high-stakes multidistrict and class action cases across the country, acting for both plaintiffs and defendants. Also involved in a number of multibillion-dollar transactions involving major international companies across a rich variety of industries including telecommunication, media, healthcare and aerospace. Advises on a wide range of governmental investigations along with anticompetitive pricing litigation disputes.

Strengths

"Crowell's lawyers are experts in the field. They are knowledgeable, agile and nimble, which enables them to address whatever issues arise."

"Crowell's team are very high-quality, personable and entrepreneurial lawyers."

"Crowell's group provides amazing customer service and excellent technical skills. The team is extremely business-savvy."

Work highlights Crowell & Moring LLP represented CSX Transportation in multidistrict litigation alleging that it and three other major US freight railroads colluded to charge customers billions of dollars in excess fuel surcharge prices in violation of Section 1 of the Sherman Act.

Notable practitioners

Shawn Johnson is a key contact in Washington, DC.

Davis Polk & Wardwell LLP

What the team is known for Davis Polk & Wardwell LLP is a premium firm that is consistently highlighted for its antitrust representation, which it provides for clients from a broad spectrum of industries including the telecommunications, technology and entertainment sectors. Attorneys achieve impressive outcomes in transactional

work such as clearance for M&A and joint ventures and in litigation, including both civil and criminal cases. Well placed to advise clients on international merger control proceedings.

Strengths

"The team provides service at the highest levels and is incredibly responsive."

"Davis Polk has excellent partners and junior attorneys. They have a strong breadth across both civil and criminal matters."

"The team has a deep understanding of the current and evolving antitrust regulatory landscape as well as provide tactical and actionable advice."

Work highlights Davis Polk & Wardwell LLP defended Spectrum Brands Holdings in a DOJ challenge related to ASSA ABLOY's acquisition of the Hardware and Home Improvement division of Spectrum Brands.

Notable practitioners

Jarrett Arp (see p.1306) has an accomplished practice managing both domestic and international cartel investigations for major clients around the globe. **Strengths:** "Jarrett is a brilliant legal mind and is an excellent communicator. He displays an ability to project what is coming next with uncanny precision."

Dechert LLP

What the team is known for Dechert LLP has a notable practice for antitrust guidance on mergers, joint ventures and follow-up litigation. Utilizes relationships between key offices to provide informed and intelligent guidance for organizations receiving scrutiny from the FTC and DOJ. Strong client connections in the agricultural sciences, technology and airline industries among others. Able to handle cross-border matters, providing competition advice to multinational corporations.

Strengths

"The Dechert team has creative thought and a lot of knowledge of global competition law."

Work highlights Dechert LLP advised Energy Harbor on the antitrust aspects of its \$6.3 billion proposed merger with Vistra.

Notable practitioners

Michael Cowie is a key contact in Washington, DC.

DiCello Levitt

What the team is known for DiCello Levitt has an impressive bench in the antitrust space. The firm offers its clients support within large-scale plaintiff antitrust matters. The team draws strength from DiCello's strength in the healthcare sphere.

Strengths

"DiCello is in the category of highly experienced and savvy litigators who really bring great judgment to analyzing potential litigation opportunities." "DiCello Levitt provides invaluable leadership and guidance."

Work highlights DiCello Levitt represented a group of plaintiffs in an antitrust lawsuit alleging manipulation of prices in the market for European government bonds by several financial institutions.

Notable practitioners

Gregory Asciolla is commended for his plaintiff-side antitrust practice. He regularly represents public pension funds and businesses in

litigation pertaining to anticompetitive behavior in sectors including finance, commodities and pharmaceuticals. **Strengths:** “Gregory is a strong critical thinker.” “He takes great depositions and he is good on his feet.”

Fine, Kaplan and Black, RPC

What the team is known for Fine, Kaplan and Black, RPC is a compact yet sophisticated antitrust practice with a focus on civil disputes at federal court including class actions and patent disputes. Noted for its representation of plaintiffs, but also assists a wide variety of other stakeholders, including defendants. Accomplished in representing clients such as educational institutions, pharmaceutical companies and airlines in price-fixing allegations and output restriction matters.

Strengths

“Fine, Kaplan and Black’s team is surgical and strategic.”

Work highlights Fine, Kaplan and Black, RPC represented plaintiffs in an antitrust class action concerning monopolization in relation to competitive cheerleading competitions and associated apparel.

Notable practitioners

Roberta Liebenberg is highly regarded for her work representing plaintiffs in complex antitrust litigation. She often helms major class actions.

Freshfields Bruckhaus Deringer

What the team is known for Freshfields Bruckhaus Deringer is a well-respected branch of the magic circle powerhouse with an adept team that features particular expertise in complex, transatlantic merger clearance work. Also handles numerous notable matters in civil litigation as well as criminal cartel investigations. Advises clients from a variety of industries including the healthcare, technology and airline sectors.

Strengths

“The Freshfields team is extremely responsive and delivers a high-quality service.”

“Freshfields houses excellent litigators who bring insights from the government.”

Work highlights Freshfields Bruckhaus Deringer advised Vitera on the antitrust aspects of its \$34 billion merger with Bunge.

Notable practitioners

Gibson, Dunn & Crutcher LLP

What the team is known for Gibson, Dunn & Crutcher LLP has a spectacular antitrust group best known for its offerings on the West Coast, as well as for its reputable offices in other key jurisdictions. Practitioners include class action litigators, M&A counselors and cartel defense experts, many of whom regularly provide representation in multijurisdictional and multinational cases. Notable sector expertise includes technology, communications and transportation. Highly adept in handling price-fixing conspiracies and no-poach disputes.

Strengths

“Gibson is strong on litigation and criminal cartel work.”

“From a client service perspective, the Gibson team is spectacular.”

“Gibson’s lawyers have practical and winning litigation skills.”

Work highlights Gibson, Dunn & Crutcher LLP advised Pioneer Natural Resources on the antitrust aspects of its \$64.5 billion merger with ExxonMobil.

Notable practitioners

Scott Hammond (see p.577) ably represents clients before US enforcement bodies, bringing with him decades of prior experience in the DOJ. He is further noted for his international practice, regularly appearing before international competition authorities. **Strengths:** “Scott Hammond is practical and strategic.” “Scott is a good cartel lawyer and he knows how to cooperate with the government.” **Daniel Swanson** (see p.1077) is highly regarded for his antitrust litigation practice, including his significant capabilities in cartel matters. He is particularly noted for his expertise in monopolization and market dominance cases. **Strengths:** “Daniel is well informed and understands the complexities of US and foreign antitrust laws.”

Hagens Berman Sobol Shapiro LLP

What the team is known for Hagens Berman Sobol Shapiro LLP is commended for its deft handling of high-stakes antitrust litigation on behalf of large plaintiff classes. Well known for handling large pharmaceuticals, financial services and computer hardware cases.

Strengths

“Hagens Berman does a really good job in antitrust.”

Notable practitioners

Shana Scarlett is highly regarded for her representation of plaintiffs in multidistrict class action litigation. She regularly works with groups of participants in the IT component space, often securing multimillion-dollar settlements. **Strengths:** “Shana is a top litigator.” “Shana really executes leadership and has a depth of substantive knowledge of antitrust which is unmatched.”

Thomas Sobol is a litigator who has notable successes in price-fixing suits and direct purchaser actions. He is known for his work representing plaintiff classes in the pharmaceutical sector.

Strengths: “Thomas is impressive and quite good in court.”

Hausfeld LLP

What the team is known for Hausfeld LLP is a prominent litigation firm, renowned for its abilities representing plaintiffs in multidistrict class action antitrust suits across the country involving a wide variety of antitrust issues including monopolization, price manipulation and price-fixing. Able to deploy a deep bench of trial attorneys with outstanding litigation experience. Acts in matters connected with a diverse array of industry areas including healthcare, manufacturing and banking. Further noted for handling international issues, with particular strength in Europe.

Strengths

“Hausfeld brings so much to bear in litigation. On top of being very skilled litigators, they also bring an international bench.”

“Hausfeld is amongst the absolutely top tier of firms in this sector.”

Work highlights Hausfeld LLP represented indi-

viduals and businesses that pay Blue Cross Blue Shield entities for health insurance. The litigation alleged Blue Cross Blue Shield entities agreed to not compete with each other for customers of health insurance.

Notable practitioners

Michael Hausfeld is a key player in the antitrust space, skillfully handling prominent class actions, often concerning anticompetitive behavior and price manipulation. **Strengths:** “Michael Hausfeld is strategic.” **Megan Jones** deftly represents plaintiffs in significant anticompetitive disputes. She has expertise in cases concerning price-fixing and trade restraints. **Strengths:** “Megan runs these cases like no one else. She knows the subject top to bottom and leads by example. She digs in on depositions and brief writing, oral argument and settlements.”

Jones Day

What the team is known for Jones Day is an accomplished team that demonstrates a multijurisdictional proficiency through its seamless representation of national and international corporations. A strong bench of attorneys ensures that all corners of antitrust law, including M&A guidance, civil litigation and criminal investigations, are covered to a premium standard. Also noted for its expertise in cartel defense work, bolstered by its attorneys’ previous experience within enforcement agencies. Represents a vast array of clients, including those in the healthcare, technology and pharmaceutical industries.

Strengths

“The firm has clear experts in their fields with lots of experience in related litigation and regulatory matters that are critical to providing assistance and guidance in these complex areas of law.”

“Jones Day provides practical advice on complex issues.”

Work highlights Jones Day defended Union Pacific Railroad Company in a multidistrict litigation alleging major railroads engaged in a conspiracy to increase rail prices by using fuel surcharges.

Notable practitioners

John Majoras is a highly regarded litigator noted for his comprehensive antitrust practice. He defends large corporations from a variety of industries in merger challenges. He also turns his hand to cartel matters and related follow-on litigation. **Strengths:** “John Majoras is excellent, strategic and creative.” “John provides very practical and helpful advice in areas of investigations. His thinking is clear and strategic.” “John is an excellent lawyer with a strong grasp of economics.”

Joseph Saveri Law Firm, LLP

What the team is known for Joseph Saveri Law Firm, LLP is a highly regarded antitrust boutique dedicated to plaintiffs’ representation. Leads complex multidistrict class action litigation on behalf of tech, pharmaceutical and sports sector participants. Esteemed for securing significant victories in monopolization, price-fixing and pay-for-delay cases.

Strengths

“Joseph Saveri Law Firm is very experienced and has deep knowledge.”

Work highlights Joseph Saveri Law Firm, LLP represented plaintiffs in a case alleging defendants created a cartel to fix prices in the capacitors market.

Notable practitioners

Joseph Saveri (see p.1068) is a well-known antitrust attorney recognized for his experience representing large plaintiff classes in complex multidistrict litigation. He works on behalf of participants in the manufacturing, pharmaceutical and sport sectors. **Strengths:** “Joseph is a very experienced and savvy litigator.”

Kirkland & Ellis

What the team is known for Kirkland & Ellis has a talented team with a reputation for expertise in antitrust. Possesses an impressive and diverse bench of specialists, willing to go to trial in both criminal and civil litigation and also able to get complex mergers cleared by government agencies. Continues to strengthen its national network with an emerging New York presence. Noted for its particularly strong client base in the private equity sector as well as the financial services, leisure and healthcare industries.

Strengths

“Kirkland offers deep expertise in antitrust.”

“The Kirkland team is so knowledgeable about the agencies and the government.”

“The lawyers are very responsive and efficient.”

Work highlights Kirkland & Ellis LLP advised Celanese International on the antitrust aspects of its \$11 billion acquisition of DuPont's Mobility & Materials business.

Notable practitioners

James Mutchnik (see p.1747) is highly regarded for his cartel work, regularly representing large clients in particularly sensitive proceedings. He has a strong agency-facing practice, frequently handling DOJ, FTC and state attorneys general investigations. **Strengths:** “James Mutchnik is very smart and capable. He has a great mind for strategy.”

Latham & Watkins LLP

What the team is known for Latham & Watkins LLP is a hugely accomplished antitrust group that combines an elite California presence with an impressive East Coast team. Offers counsel on the full scope of competition matters, including pre-merger advice and clearance representation. Particularly well regarded for its strong international cartel capabilities, as well as its high-profile civil litigation practice. Strong client relationships in technology, manufacturing and agribusiness sectors. Provides expert representation to international and global organizations in cross-border disputes.

Strengths

“Latham & Watkins has remarkable awareness and understanding of current market conditions and commercial circumstances.”

“The lawyers can quickly provide high level analysis and recommendation.”

Work highlights Latham & Watkins LLP defended Apple in a putative class action alleging monopolization related to Apple Pay.

Notable practitioners

Niall Lynch (see p.1046) is experienced in man-

aging civil and criminal competition investigations, both domestic and international in nature. His practice is bolstered by prior DOJ experience.

Elizabeth Prewitt (see p.2638) brings considerable DOJ experience to bear in her representation of clients in high-stakes cartel proceedings.

Strengths: “Elizabeth has substantive depth and immense experience.” “Elizabeth has great skills in analyzing and managing complex cases.” “Elizabeth is very focused on how to get the client's story across.”

Linklaters

What the team is known for Linklaters is particularly recognized for excellence in cartel work. Handles sensitive and highly complex criminal investigations on behalf of large multinational clients. Also handles parallel civil litigation. Regularly engaged in high-profile cartel cases in the country's biggest industries.

Strengths

“Linklaters has a keen understanding of the latest and most effective economic and advocacy tools.”

“Linklaters has a strong breadth across both civil and criminal matters.”

“The Linklaters team is a mastery of detail.”

Work highlights Linklaters advised Perfetti van Melle on its \$1.35 billion acquisition of Mondelez's gum business.

Notable practitioners

Douglas Tween (see p.723) is an experienced competition lawyer who often acts in cartel investigations involving the manufacturing, pharmaceutical and aerospace industries. **Strengths:** “Douglas has outstanding insight as to the DOJ's strategies.”

Mayer Brown LLP

What the team is known for Mayer Brown LLP has an impressive team, constituted of numerous DOJ alumni, that offers representation in cartels, civil litigation and transactional work. Acts for clients from a broad spectrum of industries before regulatory agencies in multiple countries. Noted for litigating antitrust cases in trial and appellate courts across the US. Proficient in managing cases in the food, healthcare and manufacturing sectors.

Strengths

“The Mayer team has extensive federal government experience coupled with tremendous legal acumen which results in exceptional strategic, legal and business advice.”

“The firm has incredibly experienced, knowledgeable and well-connected attorneys.”

“Mayer Brown has a strong business focus and attentiveness to client business needs.”

Work highlights Mayer Brown LLP advised Cummins on antitrust aspects of its \$3.7 billion acquisition of Meritor.

Notable practitioners

Britt Miller (see p.1746) is a litigator noted for her expertise in the antitrust space. She represents manufacturers, chemicals and finance clients in market allocation, price-fixing and monopolization disputes. **Strengths:** “She is great at strategy and seeing things from various angles.” “Britt is a talented antitrust counsel who understands the legal aspects very well.”

McDermott Will & Emery LLP

What the team is known for McDermott Will & Emery LLP continues to offer advice in all areas of antitrust law, with considerable expertise handling complicated merger clearances and both criminal and civil litigation including cartel defense. Boasts a strong reputation advising clients in a variety of sectors, including defense, healthcare and consumer products. Also demonstrates a key understanding of the intersection between antitrust and IP law.

Strengths

“The team are responsive, practical, smart and excellent writers.”

“The lawyers are responsive, flexible and have a tremendous level of expertise.”

Work highlights McDermott Will & Emery LLP defended Envision Healthcare Corporation and Envision Physician Services in an antitrust lawsuit alleging its exclusive contracts with hospitals and non-compete provisions in its physician contracts violate antitrust laws.

Notable practitioners

Raymond Jacobsen is a key contact in Washington, DC.

Morgan, Lewis & Bockius LLP

What the team is known for Morgan, Lewis & Bockius LLP has a highly regarded team with a strong reputation for antitrust litigation and expertise in class action defense. Equally well versed in handling government investigations and civil enforcement, and offers strong merger clearance and antitrust counseling practices. Has expertise in a variety of industries, frequently working with pharmaceutical, life science and academic clients. Supported by a global network and able to handle nationwide and international antitrust cases.

Strengths

“The lawyers are very creative in their approach. They are very strong in building relationships.”

Work highlights Morgan, Lewis & Bockius LLP represented Anywhere Real Estate in an antitrust lawsuit against the National Association of Realtors and other real estate brokerage companies and franchisors alleging anticompetitive practices.

Notable practitioners

Steven Reed in Philadelphia is a key contact.

O'Melveny & Myers LLP

What the team is known for O'Melveny & Myers LLP has a sophisticated practice that combines cartel defense, criminal and civil litigation expertise with a highly capable transactional antitrust offering. Able to tap into global resources to advise on cross-jurisdictional competition matters for important clients. Equally capable of representing both defendants and plaintiffs in complex litigation. Maintains client relationships in a range of sectors including airlines, financial services and natural resources.

Strengths

“The lawyers are extremely capable and very knowledgeable in the field. They are excellent trial lawyers.”

“The group are incredibly bright lawyers that are very well steeped in antitrust law. They are good at

spotting what the issues are and what the noise is."

Work highlights O'Melveny & Myers LLP represented ExxonMobil Corporation in an antitrust lawsuit alleging several oil companies conspired with Russia and Saudi Arabia to restrict oil to the US.

Notable practitioners

Michael Tubach regularly acts in investigations relating to price manipulation and competition suppression. **Strengths:** *"Michael is incredibly quick on his feet."*

Paul, Weiss, Rifkind, Wharton & Garrison LLP

What the team is known for Paul, Weiss, Rifkind, Wharton & Garrison LLP is a prominent firm that offers excellent representation to clients facing the full spectrum of antitrust issues, including cartel defense, civil litigation, merger clearance and regulatory investigation matters. Features an array of blue-chip clients among its extensive antitrust portfolio. Continues to gain strength in DC with the addition of well-regarded practitioners. Adept in representing those in the technology, telecommunications and healthcare sectors.

Strengths

"The firm provide the best client service."

"The team provides a dedication to clients and delivers premium services."

"The lawyers are good at being able to talk through complex issues effectively."

Work highlights Paul, Weiss represented Spirit Airlines in a merger challenge related to its proposed acquisition by JetBlue.

Notable practitioners

William Isaacson (see p.1333) skillfully acts for plaintiffs and defendants across a wide array of antitrust cases, often involving collusion and monopolization allegations. He is highly recommended for his work in complex class actions.

Kenneth Gallo (see p.1325) acts on both plaintiff and defendant side in a wide array of antitrust cases, particularly in criminal litigation. He has experience representing clients in cross-border matters concerning international enforcement agencies.

Quinn Emanuel Urquhart & Sullivan, LLP

What the team is known for Quinn Emanuel Urquhart & Sullivan, LLP is an eminent litigation firm that boasts a sophisticated plaintiffs' antitrust practice. Able to act on behalf of corporate clients and serves as lead for consumer classes. Also represents defendants, including a number of blue-chip clients, in high-stakes class actions. Particularly well known for acting in cases involving financial services institutions. Additional expertise representing clients active in the retail, technology and food sectors.

Strengths

"Quinn Emanuel's lawyers are excellent. They are the gold standard on the plaintiff side."

Work highlights Quinn Emanuel Urquhart & Sullivan, LLP acted as co-lead counsel on behalf of plaintiffs in an antitrust class action alleging major banks conspired to fix variable-rate demand obligation rates artificially high.

Notable practitioners

Daniel Brockett has notable expertise litigating cases alleging price-fixing conspiracies and trade and LIBOR manipulations. He regularly handles major class action suits for large plaintiff classes. **Strengths:** *"Daniel is a good negotiator." "Daniel has encyclopedic knowledge."*

Robins Kaplan LLP

What the team is known for Robins Kaplan LLP is a plaintiff firm well known for its trial capabilities and courtroom performances in large and complex industry-changing litigation. Also represents defendants in an array of antitrust situations. Features varied expertise, leading cases involving clients in diverse industries including financial services, transportation and pharmaceuticals. Acts in criminal investigations concerning all manner of anticompetitive allegations, including bid rigging and price-fixing.

Strengths

"The group is smart, creative and provides exceptional counsel on many aspects of litigation."

"Robins Kaplan's lawyers are smart and sophisticated. They present nuanced and effective plaintiff side representation."

"The Robins Kaplan team has the knowledge to back up strategic positions."

Work highlights Robins Kaplan LLP acted on behalf of a class of purchasers in an antitrust lawsuit alleging price-fixing and other anti-competitive behavior against manufacturers and a nationwide distributor of contact lenses.

Notable practitioners

Kellie Lerner has a strong track record representing plaintiffs in complex antitrust litigation, regularly securing millions of dollars in settlements and damages payouts. She has litigated anticompetitive conduct suits against some of the largest pharmaceutical, finance and manufacturing companies. **Strengths:** *"Kellie Lerner is good at building consensus and being proactive." "Kellie is a formidable litigator. She is a smart and careful strategist."* **Craig Wildfang** has decades of experience litigating competition disputes, often on behalf of major consumer classes. He is particularly noted for his work on behalf of plaintiffs in the financial and agricultural sectors.

Ropes & Gray LLP

What the team is known for Ropes & Gray LLP has a strong antitrust group frequently sought out for its broad experience handling complex civil litigation, enforcement agency conduct investigations and the merger review process. Has robust client relationships in the pharmaceutical, healthcare, private equity and technology sectors. Well placed to handle matters with an international dimension.

Strengths

"The lawyers are strong on the law and strategy."

Work highlights Ropes & Gray LLP advised Bloomberg on the antitrust aspects of its acquisition of Broadway Technology.

Notable practitioners

Mark Poposfsky is a key contact in Washington, DC.

Sidley Austin LLP

What the team is known for Sidley Austin LLP has a distinguished antitrust team, respected for its commercial focus and track record in civil litigation. Offers antitrust counseling and litigation in a wide range of areas, including anticompetitive conduct, sales distribution and M&A, and brings experience to government investigations. Noted experience pertaining to a wide range of industries, including telecommunications, pharmaceuticals and life sciences.

Strengths

"Sidley Austin knows how to distill its advice into a format that is easily understood and actionable by business teams."

"The Sidley team is very service-oriented and highly responsive."

"The lawyers bring a high-level of knowledge and practical advice."

Work highlights Sidley Austin LLP advised Regal Rexnord Corporation on antitrust aspects of its \$4.95 billion acquisition of Altra Industrial Motion Systems.

Notable practitioners

Benjamin Nagin is a key contact in New York.

Simpson Thacher & Bartlett LLP

What the team is known for Simpson Thacher & Bartlett LLP has an experienced practice, providing advice and representation to blue-chip clients in numerous industries across the spectrum of antitrust matters. Especially well equipped to handle multijurisdictional and multinational transactions and investigations. Also noted for antitrust litigation and counseling. Regularly manages competition work for clients in the pharmaceutical, financial and manufacturing arenas.

Strengths

"The lawyers are very good strategic thinkers, they're very collaborative with how they work with their clients and their work product is very good."

"Simpson provides practical, thoughtful and creative guidance."

Work highlights Simpson Thacher & Bartlett LLP represented KKR in its \$1.62 billion acquisition of Simon & Schuster from Paramount Global.

Notable practitioners

John Terzaken is revered for his excellent cartel practice. He regularly represents clients in government enforcement actions and follow-on litigation. **Strengths:** *"John does a good job with sensitive federal government matters."*

Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates

What the team is known for Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates boasts some of the finest antitrust litigators and transactional lawyers in the country, who show considerable aptitude across a myriad of industries. Continues to handle a large volume of specialist antitrust work as part of its full-service practice, including advice on Hart-Scott-Rodino filings and merger compliance before antitrust enforcement authorities around the world. Advises clients in the pharmaceutical, healthcare, financial and telecommunications spheres.

Strengths

"The lawyers are strategic and organizational"

experts.”

“The Skadden team has very good business sense.”

Work highlights Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates advised Adobe on the antitrust aspects of its \$20 billion acquisition of Figma.

Notable practitioners

Steven Sunshine is a key contact in Washington, DC.

Sullivan & Cromwell LLP

What the team is known for Sullivan & Cromwell LLP has a skillful team of experienced antitrust practitioners with notable strength in both mergers and litigation. Continues to handle a large amount of specialist antitrust work, particularly for clients in the financial services arena, as part of its full-service practice. Also noted for its handling of criminal government investigations including cartel, rate-rigging and price-fixing cases. Further recognized for its capacity to advise on cross-border matters.

Strengths

“The Sullivan team is very effective on both counseling and preparation.”

Work highlights Sullivan & Cromwell LLP represented Amgen in its \$27.8 billion acquisition of Horizon Therapeutics.

Notable practitioners

Renata Hesse is a key contact in Washington, DC.

Susman Godfrey LLP

What the team is known for Susman Godfrey LLP is a Texas-based firm that displays a considerable talent for representing primarily plaintiffs but also defendants in contentious competition matters across the country. Has experience in price-fixing and monopolization as well as class action and multidistrict litigation and regularly acts in opposition to household-name corporations.

Strengths

“The firm has an excellent, smart and dedicated team.”

“Susman’s group are superb lawyers, very bright and creative.”

Work highlights Susman Godfrey LLP represented City of Baltimore, Yale University and others in a nationwide class action alleging some of the world’s largest banks conspired in order to suppress the LIBOR and benefit from their LIBOR-based derivatives positions.

Notable practitioners

Kalpna Srinivasan has notable expertise in antitrust cases, often handling plaintiff-side representation in large class action litigation.

Strengths: *“Kalpana is an exceptionally strong antitrust and trial lawyer.” “Kalpana is a really strong tactical leader.”*

Vinson & Elkins LLP

What the team is known for Vinson & Elkins LLP has a strong team of antitrust attorneys who cover a wide range of issues including civil and criminal litigation, and government cartel investigations. Also noted for transactional work and compliance counseling, as well as handling conduct investigations. Particularly well known for Hart-Scott-Rodino Act expertise. Strong ties to oil and gas, energy and technology sector clients.

Strengths

“Vinson & Elkins is outstanding at the development and execution of litigation strategy.”

“The lawyers are always thinking ahead and provide high level opinions.”

“Vinson & Elkins displays up-to-date knowledge of market developments and other relevant issues.”

Work highlights Vinson & Elkins LLP represented Hitachi Automotive Systems Americas in connection with a federal criminal investigation of the auto parts industry.

Notable practitioners

Craig Seebald is an experienced attorney recognized for his wide-ranging civil and criminal antitrust practice. He is particularly highly regarded for his representation of large clients in cartel and price-fixing investigations. **Strengths:** *“Craig provides excellent service with a long experience in the field.”*

Wachtell, Lipton, Rosen & Katz

What the team is known for Wachtell, Lipton, Rosen & Katz is a go-to practice for antitrust representation in M&A, joint ventures and deal work. Well known for its ability to handle complex regulatory reviews for some of the largest global deals. Displays considerable skill in handling matters with domestic and international regulatory agencies.

Work highlights Wachtell, Lipton, Rosen & Katz served as antitrust counsel to Black Knight in connection to its \$11.7 billion merger with Intercontinental Exchange.

Notable practitioners

Ilene Knable Gotts is a key contact in New York.

Weil, Gotshal & Manges LLP

What the team is known for Weil, Gotshal & Manges LLP has a deep bench of antitrust experts, many of whom established their careers at the FTC. Collaboration between New York and DC offices ensures the provision of comprehensive antitrust coverage on M&A, civil litigation and government investigations. Particularly recognized for its excellence representing clients in the life sciences sector. Further noted for its strong connections to the manufacturing, producing and technology sectors. Also commended for handling cartel proceedings on behalf of both national and multinational corporations.

Strengths

“The Weil team has expertise in dealing with complex matters. Their advice is digestible and commercial.”

“Weil attorneys have a depth of experience and offer sophisticated, thoughtful and practical solutions.”

“Weil demonstrates a keen understanding of the business and the practical implications of various tactics.”

Work highlights Weil, Gotshal & Manges LLP represented Meta Platforms in its acquisition of Within Unlimited.

Notable practitioners

Adam Hemlock (see p.2586) acts in both civil and criminal litigation for a wide national and international client base. He is particularly recommended for his abilities in cartel matters. **Strengths:** *“Adam is an incredible partner. He is*

very responsive and has deep expertise.”

White & Case LLP

What the team is known for White & Case LLP enjoys widespread recognition for its successes in antitrust litigation, with attorneys acting in both class actions and government investigations on behalf of defendant parties. Also noted for its strength in international cartel matters and on antitrust clearance for mergers and acquisitions. Key clients include national and international life science and pharmaceutical corporations. Frequently acts in complex cross-border proceedings for both domestic and multinational clients.

Strengths

“White & Case is knowledgeable and savvy.”

“The team provide very effective and tailored recommendations to clients.”

“White & Case is very responsive to client requests. The group understands the business of its clients.”

Work highlights White & Case LLP served as antitrust counsel to Toshiba in a \$15.2 billion public to private transaction led by Japanese Industrial Partners.

Notable practitioners

Mark Gidley has a notable antitrust practice acting in both civil and criminal litigation, especially for clients in the pharmaceutical space. He skillfully handles a range of cartel disputes and also provides competition advice in large corporate transactions. **Strengths:** *“Mark Gidley is an excellent litigator. He anticipates the steps correctly and the moves. He is very creative.” “Mark is analytical and very sharp.”* **Christopher Curran** is an experienced trial lawyer able to address numerous criminal disputes in both trial and appellate courts. He lends his expertise to corporations in high-stakes cartel proceedings. **Strengths:** *“Christopher is so responsive.”*

Williams & Connolly LLP

What the team is known for Williams & Connolly LLP is recognized for strong capabilities in DOJ investigations and enforcement actions. Also handles follow-on litigation. Represents household name clients in the tech, pharmaceuticals and financial services sectors.

Strengths

“Williams & Connolly is strong in antitrust litigation.”

“The firm delivers excellent service in relationship management, responsiveness, work product and expertise.”

“The team acts cohesively and with a clear understanding of the goals of the case.”

Work highlights Williams & Connolly LLP represented Bank of America and Merrill Lynch in class actions alleging them and other banks organized bidding activities during Treasury security auctions and manipulated yields in other markets for Treasury securities and derivative financial products.

Notable practitioners

John Schmidlein is noted for his abilities as a litigator, defending a range of anticompetitive behavior allegations, recently including coordinated bidding and price-fixing. **Strengths:** *“John is a very targeted litigator and highly strategic.” “John is an absolutely top lawyer. He is extremely*

intelligent, thoughtful and strategic."

WilmerHale

What the team is known for WilmerHale has a top-quality cartel practice that features some of the leading attorneys in the criminal antitrust space. Also handles antitrust reviews of a range of major mergers and acquisitions as well as civil litigation. Further capable of handling non-merger agency investigations. Able to assist with matters at the intersection of IP and antitrust. Collaborates with international offices while also continuing to develop and broaden its national scope and network. Offers experienced representation to a range of large corporations, including those in the technology, automotive, manufacturing and financial services industries.

Strengths

"The WilmerHale team provides very good analysis and they are creative in their thinking."

"The team is very experienced, easy to reach and always on point."

"WilmerHale houses high-quality and super smart lawyers."

Work highlights WilmerHale represented Apotex in an antitrust lawsuit alleging price-fixing and collusion amongst generic drug companies.

Notable practitioners

Thomas Mueller is highly experienced in handling both domestic cartel cases and criminal investigations on a global scale. He manages disputes often involving allegations of price-fixing and monopolization conspiracy. **Strengths:** *"Thomas is smart and responsive."* **Steven Cherry** is particularly skilled in managing cartel investigations against governmental enforcement agencies, including the DOJ and state attorneys general. He regularly represents large domestic and international corporations. **Strengths:** *"Steven Cherry is an amazing strategist."* *"Steven is a really smart and practical attorney."*

Wilson Sonsini Goodrich & Rosati

What the team is known for Wilson Sonsini Goodrich & Rosati has an exceptional antitrust practice group advising and representing clients in mergers, government investigations and litigation. Features a top reputation for work in the hi-tech sector. Also noted for its in-depth cartel defense practice in both class and private actions, especially those pertaining to the pharmaceutical and digital advertising sectors.

Strengths

"The lawyers are incredibly knowledgeable about the state of the law and the practical realities of business."

"The Wilson lawyers have high-quality litigation skills."

"Wilson houses a very solid team."

Work highlights Wilson Sonsini Goodrich & Rosati represented Google in an antitrust lawsuit alleging monopolization, which was brought by the DOJ and State Attorneys General.

Notable practitioners

Kenneth O'Rourke is highly regarded for his antitrust cartel work, regularly representing clients in follow-on litigation. He is further noted for han-

dling large class actions. **Strengths:** *"Kenneth is super sharp and very thoughtful."* **Brent Snyder's** former experience at the DOJ as an antitrust criminal enforcement attorney means he is well-placed to advise on cartel matters. **Strengths:** *"Brent provides good practical advice and great client service."* *"Brent is a great litigator."*

Winston & Strawn LLP

What the team is known for Winston & Strawn LLP has an impressive bench of antitrust litigators who work with clients across merger litigation, civil cases and criminal investigations on a national and international scale. Particularly well known for handling cases in the sports industry as well as matters at the intersection between antitrust and IP law. Further looked to for representation in significant cartel proceedings.

Strengths

"Winston & Strawn's team has a strong command of the issues. They provide creative and out-of-the box thinking when applying laws to business and cases."

"The lawyers are subject matter experts and they have experience in many district and state courts in the US. They understand their clients very well."

"Winston's lawyers do a good job at negotiating."

Work highlights Winston & Strawn LLP represented Avanci in an antitrust lawsuit alleging that their licensing practices and some of the patents' owners violated Section 1 and Section 2 of the Sherman Act.

Notable practitioners

Jeffrey Kessler (see p.605) is commended for his adroit handling of complex antitrust litigation including price-fixing and monopolization cases. He is further noted for his work navigating cartel investigations. He is particularly well known for representing clients in the sports sector. **Strengths:** *"Jeffrey is a top-tier antitrust litigator."*

"Jeffrey is a very sharp and pragmatic lawyer." **Eva Cole** (see p.530) regularly handles class action disputes and cartel matters on behalf of a wide client base in the financial and electronics sectors. **Strengths:** *"Eva provides really good client service. She is a clear thinker and strategist."*

Zelle LLP

What the team is known for Zelle LLP is an accomplished firm recognized for skillful representation of plaintiffs in both class and competitor actions. Particularly notable for expertise in cross-border matters. Well placed to advise clients across a range of industries including healthcare and advertising.

Strengths

"The Zelle team has an excellent ability to handle complex and sophisticated matters."

"Zelle houses really smart lawyers."

"Zelle's partners are analytically very strong in developing a case."

Work highlights Zelle LLP represented United HealthCare Services in a multidistrict litigation against generic pharmaceutical companies. The case alleged a conspiracy of price-fixing and market allocation of numerous drugs.

Notable practitioners

Judith Zahid is commended for her representation of large plaintiff classes in complex damages cases. She also lends her expertise to corporate plaintiffs in significant individual actions. **Strengths:** *"Judith is well reasoned, methodical and highly responsive."* *"There is nobody better than Judith at working with clients and witnesses. She really is a people connector. She knows how to align interests and get things done."*

Other Ranked Lawyers

Joseph Cotchett of Cotchett, Pitre & McCarthy is an esteemed trial lawyer recognized for his considerable expertise in representing plaintiffs in antitrust litigation. Clients benefit from his experience litigating hundreds of the most sophisticated of cases over the course of his five-decade long career.

Michael Freed of Freed Kanner London & Millen LLC is well known for his representation of plaintiffs in price-fixing and monopolization litigation. He has notable experience managing cases alleging anticompetitive behavior in the pharmaceutical and financial services industries. **Strengths:** *"Michael is one of the best plaintiff lawyers. He is very smart."*

Roxann Henry of Antitrust and Competition Law has significant experience acting in complex cartel investigations. She represents both domestic and international clients from a wide array of sectors. **Strengths:** *"Roxann Henry is a wonderful attorney."*

Lisa Phelan (see p.668) of Morrison Foerster has three decades of experience as a DOJ attorney, including serving as chief of the National Criminal Enforcement section of the Antitrust Division. She is prominent in the market and is well placed to advise clients on criminal cartel proceedings. **Strengths:** *"Lisa is extremely experienced and knowledgeable."*

Mark Rosman (see p.683) of Proskauer Rose LLP has a superb practice handling complex investigations by enforcement agencies. He often acts in cartel cases concerning the consumer and healthcare sectors.

Dena Sharp (see p.1071) of Girard Sharp provides deft representation to large plaintiff classes in litigation against multinational companies. **Strengths:** *"Dena has an impressive court room performance. She is keenly aware of all the strategic ramifications of the positions she articulates and the questions she asks. She is supremely composed."* *"Dena can read a room, deal with different personalities and has a problem-solving ability. She has a very clear and pragmatic way to cut through noise and figure out the solution."* *"Dena is incredibly smart and diligent. She is a great tactician."*

Steven Williams of Steven Williams Law, P.C. is an experienced attorney commended for his work litigating on behalf of plaintiffs bringing allegations of price-fixing and monopolization. He represents both plaintiff classes and individual claimants. **Strengths:** *"Steven Williams is a fantastic antitrust lawyer."*

clients considerable experience in cases before the Supreme Court and federal appellate courts in a wide range of areas, spanning from constitutional and administrative issues to defamation and restructuring. **Strengths:** "Erin Murphy is an exceptional writer." "She's a superstar in her own right; she does exceptional work."

Gibson, Dunn & Crutcher LLP

What the team is known for Gibson Dunn maintains its premier standing in the appellate arena, calling upon a formidable array of highly experienced and deeply respected litigators to offer a wealth of experience before the US Supreme Court and state and federal courts nationwide. The firm makes frequent appearances in high-value and far-reaching matters, with notable experience in constitutional law, legislative challenges

and wider business disputes. Its impressive client base spans a range of leading multinationals, trade associations and financial institutions.

Strengths

"Gibson Dunn are amazing. I rely on them for bet-the-company litigation, they're a go-to for that."

"The Gibson Dunn team are super smart and super knowledgeable about appellate procedures and how to use them to get the best results."

"Gibson is one of our go-to firms for challenging matters. They work seamlessly across their practice areas to deliver a high-value service to the client."

Work highlights Gibson Dunn represented Slack in a Supreme Court case regarding the right to sue under Section 11 of the Securities Act.

Notable practitioners

Theodore Olson (see p.658)'s five-decade career has cemented his reputation as one of the most

respected and formidable appellate advocates in the legal market, with clients turning to him for his outstanding pedigree in the most complex constitutional questions and precedent-setting business disputes. **Theodore Boutrous** (see p.1003) is highly experienced in acting for clients in federal and state appellate courts, as well as in Supreme Court matters, with a particularly strong reputation in First Amendment and product liability disputes. **Strengths:** “*Ted is an outstanding strategist and a tremendous oral advocate.*” “*He’s one of the best advocates out there.*”

Miguel Estrada (see p.549) offers clients a wealth of experience acting in appeals spanning multiple federal and state courts, in addition to the US Supreme Court. **Strengths:** “*Miguel is one of the best lawyers I’ve ever seen.*”

Allyson Ho (see p.3233) cochairs the firm’s appellate and constitutional law group and is particularly adept at handling cases in the Fifth Circuit. Her expertise extends nationally and she has experience acting for clients across the country in federal and state courts. **Strengths:** “*Allyson is incredible at spotting issues and crafting arguments to solve them. She is very easy to work with.*” “*She’s an extremely strong writer. She turns the complex into the simple.*” “*A very smart lawyer who is very effective in court.*” **Thomas Hungar** (see p.591) is highlighted for his expertise in appellate litigation, with clients benefiting from his wealth of experience in high-stakes litigation. **Strengths:** “*Tom is a very effective oral advocate.*”

Thomas Dupree (see p.545) is particularly noted for his expertise in the transport sector, as part of a broad appellate practice which also includes strengths in intellectual property, employment law and shareholder disputes. **Strengths:** “*He is absolutely brilliant in advocacy and presents his argument effectively, going to the court in an engaging way.*” **Matthew McGill** (see p.638) offers clients robust strengths in appellate matters and is held in particularly high regard for his expertise in judgement and arbitral award enforcement matters. **Strengths:** “*He is a superb counselor, giving astute business advice. He is insightful, he is thorough and he is practical and efficient.*” **Helgi Walker** (see p.1371) has standout expertise in the telecommunications sector and is regularly called upon to advise on appellate challenges to federal agency actions. **Strengths:** “*Helgi is a real thought leader with a knack for identifying appellate issues that are relevant to the case. She knows how to tailor her arguments to the court she’s dealing with.*”

Hogan Lovells US LLP

What the team is known for Hogan Lovells houses a highly distinguished appellate practice with attorneys who are regular fixtures in high-stakes appeals heard before the Supreme Court, DC Circuit and wider state and federal appellate courts. Particular areas of strength include technology, energy and automotive disputes, in addition to significant expertise in high-profile regulatory and constitutional challenges. The group acts for an impressively diverse array of major corporates, financial institutions and sovereign clients, alongside a prolific pro bono practice.

Strengths

“*Hogan Lovells have top-notch, smart and responsive teams.*”

“*They are fantastic. They provide incredible service, responsiveness and creativity when approaching arguments.*”

“*They are exceptional in the substance, their responsiveness and are collaborative with co-counsel.*”

“*They are at the top of lawyers we work with.*”

Work highlights Hogan Lovells represented the private respondents in *Moore v Harper*, the Supreme Court case which rejected the “Independent State Legislature” theory.

Notable practitioners

Neal Katyal has a prolific and highly respected appellate practice and has attained a sterling reputation for his handling of significant civil rights disputes heard before the Supreme Court. **Strengths:** “*A super prominent and strong lawyer.*”

“*I’ve never worked with a smarter lawyer.*” **Cate Stetson**’s tremendous pedigree in the appellate sphere has seen her argue over a century of appeals before the Supreme Court, every federal circuit court and a diverse range of state supreme courts, with commentators regularly citing her excellent advocacy skills as a key strength. **Strengths:** “*Cate is fantastic.*” “*She’s a leader in the field.*” “*Incredible – she’s a fabulous appellate advocate.*”

Jessica Ellsworth is an experienced appellate litigator who regularly appears in state and federal courts, with a particular strength in healthcare and pharmaceutical cases. **Strengths:** “*Jess is wonderful; she is insightful, quick to learn, very proactive and communicative.*” “*An outstanding appellate brief writer and advocate.*”

Latham & Watkins LLP

What the team is known for Latham & Watkins enjoys an impressive reputation in appellate litigation, drawing from a formidable roster of experienced practitioners with an excellent track record in high-stakes legal challenges. The group handles a broad range of substantial matters of significant national and constitutional import. IP work stands out as a particular highlight, alongside wider strengths in the professional services sector, tax disputes and criminal law matters.

Strengths

“*Latham showed incredible sophistication and range of practice. They handled our matter beautifully.*”

“*Each of the attorneys staffing our litigation has been professional and knowledgeable, both about substantive law and about litigation strategy, and has employed their experience in the service of our advocacy objectives.*”

“*The appellate group was just stellar at understanding our case and seeing it from all angles.*”

“*They’re brilliant lawyers who do amazing work.*”

Work highlights Latham & Watkins successfully represented Miguel Perez in the Supreme Court. The court decided that ADA doesn’t require a student to exhaust administrative proceedings against the school district concerned.

Notable practitioners

Gregory Garre (see p.563) is held in high esteem for his impressive track record in appellate matters. He is an experienced advocate, appearing numerous times before the Supreme Court and courts of appeal, having argued an array of highly significant constitutional challenges and com-

mercial litigation matters. **Strengths:** “*Greg is one of the most respected Supreme Court litigators in the country. He’s very thoughtful, smart and a delight to work with.*” “*He’s a gifted brief writer and is spectacular on his feet.*” “*He’s incredible.*” **Roman Martinez** (see p.633) has quickly established himself as an impressive and highly sought-after choice for Supreme Court and wider appellate arguments, having handled civil and criminal appeals across issues such as employment, civil rights, environmental and First Amendment law. **Strengths:** “*Roman Martinez is fantastic.*” “*He’s excellent.*” **Melissa Arbus Sherry** (see p.492) represents significant clients in a wide range of appeals, including First Amendment and tax matters. **Strengths:** “*Melissa is an exceptional lawyer. She is wonderful.*” “*An outstanding lawyer.*” “*People love working with her because she’s so smart, diligent and dedicated to her clients.*” “*Melissa was fantastic to work with from start to finish. She gave one of the most impressive oral arguments I’ve seen in years. She was so knowledgeable of the facts and issues and dug in from start to finish, from briefing to the argument.*”

Munger, Tolles & Olson LLP

What the team is known for Munger Tolles is an elite litigation firm with nationally recognized appellate strengths, bolstered by its cadre of highly rated former governmental luminaries with a wealth of experience arguing before state and federal courts. The firm offers broad strengths across areas such as copyright and patent disputes, environmental law, antitrust issues and securities matters.

Strengths

“*MTO provides excellent advice and service.*”

“*They’re creative, careful and very attentive. The work was excellent, the briefing crisp and the argument was of the highest quality.*”

“*They’re incredibly smart, diligent and thoughtful with highly effective written work product.*”

“*From partners to the most junior associate, everyone’s work product was of the highest caliber.*”

Work highlights Munger Tolles & Olson represented the state respondents in *Moore v Harper*, where the Supreme Court rejected the “Independent State Legislature” theory.

Notable practitioners

Donald Verrilli remains one of the most sought-after and accomplished Supreme Court experts in the field, with a range of household-name clients turning to him for their most significant disputes. **Strengths:** “*He is beyond excellent and a pleasure to work with.*” “*He’s excellent and his reputation is well deserved.*” “*Don is always a star and is a standout go-to lawyer.*”

Ginger Anders (see p.491) is experienced in handling a broad spectrum of administrative law matters and constitutional issues, as well as significant expertise in intellectual property appeals. **Strengths:** “*Ginger Anders is an exceptional lawyer.*” **Elaine Goldenberg** is an accomplished appellate advocate with notable strengths in handling appeals involving financial services and securities law issues as well as foreign-state immunity and extraterritoriality questions. **Strengths:** “*Elaine is a fabulous partner. She is smart, thoughtful, deliberate and incredibly personable. She’s a great listener and quick*”

study. There is never any ego involved – she is 100% focused on getting a great result.” “She is super sharp and I love working with her. She does a great job of distilling the history of the case and frames it successfully.” “Intelligent, bright and quick to understand salient points – she was exceptional.” “Elaine’s briefs are some of the best I’ve read.”

Benjamin Horwich has a strong appellate practice with notable strengths in appeals concerning competition law, class actions and disputes concerning federal preemption. **Strengths:** “Ben is just so smart. He really has a feel for how the judges will think about issues. He’s just a really excellent appellate lawyer.” “He’s very diligent, thoughtful, a good writer and one of the best appellate lawyers I’ve worked with.”

Williams & Connolly LLP

What the team is known for Williams & Connolly has a highly respected litigation practice with a notable presence in appellate courts nationwide, making frequent appearances in complex business litigation cases. The firm demonstrates strengths in an impressively broad range of industries, counting businesses in the technology, financial services and pharmaceutical sectors among its impressive client base.

Strengths

“The Williams & Connolly team were phenomenal.” “They were extraordinary.”

“Their appellate practice is incredible. Their partners and associates are really incredible.”

“They are top-notch across the board and have a deep group of people who can provide quality representation. They are the best firm I work with.”

Work highlights Williams & Connolly argued *Gonzalez v Google* in the Supreme Court, a notable case regarding the liability of internet platforms with regards to international terrorism.

Notable practitioners

Lisa Blatt is widely considered as one of the leading authorities on Supreme Court disputes, having argued 50 cases before the Court across issues including intellectual property, environmental law, ERISA claims and bankruptcy.

Strengths: “Lisa is a superstar and one of the best Supreme Court litigators out there.” “She’s a true star in the field and a go-to appellate advocate.” “Her track record is phenomenal, it’s mind-blowing what she has managed to achieve.” “A wonderful advocate and a dynamite litigator.” **Sarah Harris** has an impressive reputation for her appellate practice, which has seen her argue cases before the Supreme Court as well as handling disputes before a diverse range of wider federal and state appellate courts. **Strengths:** “Sarah is an amazing advocate.” “She is terrific. She has a brilliant way of distilling complex issues into workable actions and terms that everyone understands.” “She was wonderful to work with.” **Amy Mason Salaria** has an impressive pedigree in appellate matters, offering clients expertise in appellate argument across areas including intellectual property, administrative law and criminal matters. **Strengths:** “She’s incredible.” “I think Amy is superb.”

Band 2

Jones Day

What the team is known for Jones Day enjoys an excellent reputation for the depth and breadth of its appellate practice, calling upon an extensive roster of knowledgeable practitioners with numerous Supreme Court victories. The group acts on a markedly broad caseload, with experience in appeals concerning governmental regulation, intellectual property, bankruptcy and constitutional law.

Strengths

“Jones Day is a go-to firm for complex and sophisticated appellate matters.”

“They are brilliant. They have fantastic lawyers across the board.”

“They are super knowledgeable and creative.”

“The team has put out outstanding work.”

“Jones Day are an excellent firm with expertise in a range of appeals.”

Work highlights Jones Day represented Glacier Northwest before the Supreme Court, in a dispute concerning the scope of the NLRA.

Notable practitioners

Noel Francisco is a seasoned appellate lawyer who is highlighted for the depth of his experience. He excels in complicated public policy matters, drawing upon his experience as a former US Solicitor General. **Strengths:** “Noel is super creative, knowledgeable and a brilliant writer.” “I trust his judgment completely on anything appellate. He’s smart and strategic.” **Hashim Mooppan** is a well-regarded appellate lawyer with a significant level of experience in both the Supreme Court and wider state and federal appellate litigation.

Strengths: “Hashim has been excellent in his communication with me and in his work product. I didn’t know how good the appeals experience could be.” “He’s a force of nature.” “Hash is one of the smartest people I know.” “He’s so creative and comes up with novel and compelling arguments.”

Yaakov Roth frequently argues before all levels of state and federal appellate courts, with expertise in constitutional and criminal law. **Strengths:** “A brilliant and hard-working attorney who is very personable too.” “A truly brilliant lawyer. He has a pleasant demeanor, superior analytical skills and has a sophisticated and insightful mind.” “A brilliant attorney who is always insightful, always prepared and always helps us to think the right way about issues.”

Paul, Weiss, Rifkind, Wharton & Garrison LLP

What the team is known for Paul, Weiss’ famed litigation team enjoys a robust reputation for its abilities in high-stakes appellate arguments, making regular appearances before the Supreme Court in a variety of precedent-setting disputes. It offers expertise in areas including intellectual property disputes, regulatory enforcement, administrative challenges and criminal law work.

Strengths

“Paul, Weiss is incredibly responsive, with accessible and available lawyers.”

“A firm you go to when you require results and an unvarnished analysis about the strength of your case. My experience was nothing short of spectac-

ular.”

“They are a top-notch firm.”

“The team is just exceptional. The team are wonderful writers.”

“Paul, Weiss has a great ability to render order out of chaos and maintain control of complicated matters. They do an amazing job bringing their experience to bear in a very practical and effective manner.”

Work highlights Paul, Weiss represented Adam Samia before the Supreme Court in a case regarding the Sixth Amendment’s Confrontation Clause.

Notable practitioners

Kannon Shanmugam (see p.698) remains a leading choice for appeals with significant public import, with clients often turning to him for his imperious record in major Supreme Court arguments. **Strengths:** “Kannon is fantastic. He’s incredibly smart, with a sharp memory and the ability to distill complex issues into concise and digestible oral presentations.” “The best of the best. Superb, tremendous with outstanding judgment; he’s everything you want in an appellate lawyer.” “He’s simply one of the smartest and most effective lawyers I have ever worked with.” “Kannon is the most eloquent speaker. He’s one of the guys who you would be lucky to have representing you before the Supreme Court.” “His strategic guidance and knowledge of the courts is deep and very helpful. His knowledge and ability to anticipate the reaction of the courts is what sets him apart.”

Sidley Austin LLP

What the team is known for Sidley Austin has a well-regarded appellate practice, with a skilled and well-supported bench of litigators able to handle cases ranging from complex business cases to high-profile public interest matters. The group demonstrates outstanding credentials appearing before the Supreme Court, alongside significant abilities in state and wider federal appellate work. It counts a number of household names in the financial services, life sciences and industrial sectors among its clients, alongside an active practice representing individuals in civil rights disputes.

Strengths

“Sidley Austin were helpful, incredibly well qualified and competent.”

“The team is very strong and very efficient.”

“A fantastically responsive firm.”

Work highlights Sidley Austin acted for Norfolk Southern before the Supreme Court in a case concerning whether a Pennsylvania law requiring out-of-state companies to appear in Pennsylvania courts comports with the Due Process Clause.

Notable practitioners

Carter Phillips (see p.668) is considered a leading choice for appellate disputes heard before the Supreme Court, having argued almost 90 matters across the full gamut of constitutional, administrative and business issues. His wide-ranging practice includes significant expertise in intellectual property matters, including notable experience in disputes before the Federal Circuit.

Strengths: “Carter is simply the best.” “He’s exceptional.” “One of the best Supreme Court advocates of all time. He’s amazing.”

WilmerHale

What the team is known for WilmerHale is widely considered a leading light in technically complex cases and regulatory challenges, including considerable strengths in intellectual property disputes before the Supreme Court and the Federal Circuit, alongside broader capabilities in areas such as bankruptcy and restructuring, civil rights issues and Native American law. The firm draws from a notably deep bench with talented and experienced appellate litigators at all ranks of the practice, who are able to provide exceptional breadth of expertise in handling appeals in state and federal courts nationwide.

Strengths

"They're amazing. They have the skills, expertise and know-how."

"They have amazing writers."

Work highlights WilmerHale represented Harvard in the Supreme Court in *Students for Fair Admissions v. President and Fellows of Harvard College*, where the court decided that race-conscious admissions violate the Equal Protection Clause of the Fourteenth Amendment.

Notable practitioners

Seth Waxman has a highly respected appellate practice spanning the technology, media and financial sectors, in addition to particular expertise in appeals involving Native American law. He has appeared in a broad array of high-profile disputes and has handled over 80 oral arguments in the US Supreme Court. **Strengths:** *"I couldn't have asked for a better oral advocate." "He's a superb lawyer."* **Catherine Carroll** enjoys a strong reputation for her appellate practice, which sees her argue and brief cases before a number of state and federal courts, as well as the Supreme Court. **Strengths:** *"She's excellent."*

Band 3**Goodwin**

What the team is known for Goodwin's appellate practice employs the firm's signature strengths in acting for technology and life sciences clients when appearing intellectual property appeals before the Supreme Court, Federal Circuit and beyond. The group offers wider capabilities in criminal law issues and regulatory challenges.

Strengths

"We have received nothing less than competent and thoughtful guidance and work product from Goodwin."

"Goodwin have a really strong team of superb writers."

"Their work and counsel have been exceptional and pragmatic."

"They are very smart and good at assessing complex issues and identifying core issues to the matter at hand."

Work highlights Goodwin successfully represented the Teachers Insurance and Annuity Association of America in an ERISA suit before the Second Circuit.

Notable practitioners

William Jay (see p.595) has a wealth of experience acting for clients in the Supreme Court and wider federal appellate courts, with particular

expertise in IP matters. **Strengths:** *"He's very experienced, an excellent advocate and a brilliant writer. He's really strong." "He's an exceptional brief writer and he is well-rounded and can take any issue on appeal. He's just brilliant."* **Jaime Santos** (see p.690) is frequently engaged on state and federal appellate matters, with notable expertise in handling ERISA and IP disputes. **Strengths:** *"A force in the appellate field and an expert in ERISA litigation." "She's exceptional. She's got a brilliant eye as to what is important in a case." "She's a tremendous appellate attorney."* **David Zimmer** (see p.741) often appears before the Supreme Court and other appellate courts on complex litigation. He has notable strength in immigration and patent infringement-related disputes. **Strengths:** *"David Zimmer is brilliant at turning the complex into the simple and persuasive. He's a very articulate writer."*

Jenner & Block LLP

What the team is known for Jenner & Block benefits from a broadly skilled team, especially noted for its strong track record in major commercial and constitutional disputes. It offers considerable experience in appeals concerning intellectual property, tax and criminal law matters, alongside particular strengths in the energy sector. The firm acts for a range of corporate clients, individuals and public interest organizations.

Strengths

"A very good appellate team who always provide insightful and creative arguments."

"The Jenner & Block team brought new insights into a complex case; they turned a sow's ear of a case into a silk purse!"

"A terrific firm."

Work highlights Jenner & Block acted for the tribal parties before the Supreme Court in *Haaland v. Brackeen*, a case which challenged the constitutionality of the Indian Child Welfare Act.

Notable practitioners

Ian Heath Gershengorn is an expert Supreme Court advocate with a wealth of experience acting for clients on a broad range of commercial disputes, in addition to a host of regulatory and public policy matters. **Strengths:** *"Ian's work is devastatingly good. He is so good for sophisticated appellate counsel."* **Adam Unikowsky** has a broad caseload spanning securities, intellectual property and telecommunications, among other areas. **Strengths:** *"Adam is a super smart and super talented advocate." "A really superb lawyer." "Adam is a gifted lawyer and a terrific strategist with a great understanding of the various Justices' jurisprudence."*

Mayer Brown LLP

What the team is known for Mayer Brown offers a wealth of knowledge in major business and public interest appellate work, with its considerable litigation strengths honed by decades of experience in the field. The firm demonstrates deep expertise across issues such as labor and employment, privacy and data security, intellectual property rights and environmental law, among others. It acts for an impressive client base which includes a number of leading charities, interest groups and governmental bodies, as well as financial services firms and wider corporates.

Strengths

"Mayer Brown are able to handle complex appeals confidently."

"They've tremendous breadth and, on our particular issues, are exceptional."

Work highlights Mayer Brown successfully represented US Dairy Export Council in a Fourth Circuit trademark case regarding the certification of the word 'gruyere'.

Notable practitioners

Andrew Pincus (see p.669)'s impressive practice includes handling a range of business and constitutional law matters before the Supreme Court and in the federal and state appellate courts. He often handles matters concerning intellectual property. **Strengths:** *"Andrew Pincus is excellent."*

Nicole Saharsky (see p.689) boasts an impressive 30 Supreme Court arguments to her name, with notable experience in cases concerning bankruptcy and tax. She acts for a range of clients, with particular expertise advising technology businesses. **Strengths:** *"Nicole Saharsky's work is superb." "An exceptional lawyer." "Nicole's briefs are exceptionally well written and she is a master of marshalling precedent in support of her position. Her oral arguments are intelligent, fluid and always engaging."*

Morrison Foerster

What the team is known for Morrison Foerster houses a cadre of experienced appellate attorneys with significant governmental and state court judiciary experience. The firm's signature IP specialization is complemented by excellent capabilities in class action, antitrust and copy-right matters. It is also highly active in pro bono work, with expertise in civil rights and wider public interest cases.

Strengths

"They're really fantastic."

"I rate them very highly. They are phenomenal in IP work and excellent for appeals."

"MoFo provide a first-class service and they're the top of our list for the big cases."

"They have outstanding legal analysis, drafting skills and ability to handle oral arguments."

"MoFo does a good job constructing teams with a balance of lawyers at different levels which provides varied perspective. They have a track record of success."

Work highlights Morrison Foerster successfully represented Unilever in the Ninth Circuit, which affirmed the dismissal of a class action challenging the labeling of "I Can't Believe It's Not Butter!" spray.

Notable practitioners

Deanne Maynard (see p.635) is held in high esteem for her expert handling of appeals, being particularly noted for her deep experience in patent cases. **Strengths:** *"Deanne is incredible." "I cannot sing Deanne's praises too highly. Her work is excellent, her manner is exceptional and clients love her."* **Joseph Palmore** (see p.660) advises clients on a wide range of disputes, including bankruptcy, environmental law, ERISA and fiduciary duty matters, among others. He is experienced in representing clients before the federal courts of appeals as well as the US Supreme Court. **Strengths:** *"He is an outstanding lawyer and legal*

advocate.” “He is well known for his calm and collected advocacy; he can address any issue and is unflappable.” “An experienced appellate litigator with strong written and oral advocacy skills.”

O'Melveny & Myers LLP

What the team is known for O'Melveny calls upon a robust group of respected appellate experts to offer broad strengths in an array of business law and wider constitutional disputes, with notable experience in areas such as competition law, insurance defense and intellectual property, among others. The firm acts for a diverse client base which spans a range of national and multinational corporates in industries including media and entertainment, financial services and transport.

Strengths

“O'Melveny & Myers know our company, are proactive in reaching out and can get an expert to answer any question.”

“The firm has such a deep bench with terrific associates. They are all just very smart and brilliant; they can digest and explain issues and bring them down to terms for non-lawyers.”

Work highlights O'Melveny acted for the Center for Reproductive Rights before the Supreme Court. The case concerned a Mississippi law prohibiting abortion after 15 weeks, which had been struck down by the District Court and Fifth Circuit.

Notable practitioners

Michael Dreeben is a seasoned appellate practitioner who is highly regarded for his Supreme Court advocacy, particularly in criminal matters. He is also the cochair of the firm's white-collar defense and corporate investigations practice.

Jeffrey Fisher has a long-standing reputation for excellence in appellate issues before the Supreme Court, having argued 40 times in disputes concerning civil and criminal law issues. He is special counsel to the firm, as well as a director of the Stanford Supreme Court Litigation Clinic.

Strengths: “An eminent Supreme Court advocate.” **Jonathan Hacker** is particularly noted for his adept handling of insurance and ERISA-related appellate matters. He has additional experience in acting on life sciences-related appeals. **Strengths:** “Jonathan Hacker is a wonderful writer.”

Orrick, Herrington & Sutcliffe LLP

What the team is known for Orrick houses a high-caliber practice group with an excellent track record in high-stakes and high-value corporate disputes, drawing from a strong team of appellate attorneys with extensive experience in the Supreme Court and wider federal courts of appeal. It provides notable strengths in technology and financial services litigation, including deep experience in IP matters heard before the Federal Circuit.

Strengths

“Orrick's team has tremendous intellect, a keen understanding of the law and a practical approach about how best to achieve the results we need.”

“The team is very strong. I highly regard their experience and depth of team.”

“They're outstanding appellate advocates.”

“They are wonderfully experienced and talented. They're super knowledgeable about state and fed-

eral appeals.”

“Orrick has a familiarity with the Supreme Court and have been able to address all of my procedural and substantive questions.”

Work highlights Orrick represented the City of Saint Louis before the Eighth Circuit in a Title VII case.

Notable practitioners

Joshua Rosenkranz regularly acts for major clients on high-stakes appeals and is an experienced Supreme Court advocate. He has particular expertise in intellectual property disputes. **Strengths:** “Joshua is one of the finest lawyers I've ever met. He's a brilliant guy—his grasp of the law, his strategy and his ability to explain things is exceptional.” “He is a first-class oral advocate, thinker and writer. A brilliant strategist.” “He is really, really, client service-minded. He really wants to give us the best service for the best outcome.” “He brings a wealth of experience to the table and a really strong knowledge of the process. He also has a great ability to marshal the team and be communicative and responsive.” **Robert Loeb** has a robust appellate practice which features significant expertise in acting for financial services clients, particularly in bankruptcy appeals, as well as handling broader disputes for technology and life sciences clients.

Strengths: “Robert is a great lawyer and a great thinker. He's been brilliant on strategy and writing. He's just exceptional.” “Robert is very knowledgeable on Supreme Court practice and procedure.”

Eric Shumsky is a particularly strong choice for clients in the technology sector facing appellate disputes before state and federal courts, notably in intellectual property appeals. **Strengths:** “He's careful, diligent and quick – it's such a brilliant combination.” “He's really good at seeing around corners and is able to find analogies that are very strong and persuasive to the court.”

Band 4

Akin

What the team is known for Akin's impressive appellate practice benefits from a number of experienced practitioners with a wealth of expertise in state, federal and Supreme Court appeals. It demonstrates notable talent in patent disputes and employment matters, alongside considerable strengths in Native American law.

Strengths

“We take very complex matters to Akin. They have the capabilities to handle anything and everything we throw at them; they bring great heft.”

“Akin lawyers are incredibly well informed, responsive and a pleasure to work with.”

“Akin provide excellent service.”

Work highlights Akin represented the petitioners in the Supreme Court case *Lac du Flambeau Band of Lake Superior Chippewa Indians v Coughlin*, where the court decided the Bankruptcy Code abrogates tribal sovereign immunity.

Notable practitioners

Pratik Shah represents clients before the Supreme Court in addition to the federal and state appellate courts, with particular expertise in Native American law matters. **Strengths:** “Pratik is an exceptional appellate attorney. He is

an incredibly skilled written and oral advocate.”

“Pratik is one of the most impressive lawyers I've worked with.” “He is extremely strategic and his Supreme Court and appellate experience allows him to quickly identify issues and concerns and prioritize the most effective path forward.” “A terrific lawyer and a formidable advocate.” “He's first-rate. His briefs are consistently strong and he knows how to get to the heart of the matter, leaving the reader with the impression there is only one right answer.”

Arnold & Porter

What the team is known for Arnold & Porter's highly respected appellate group is well placed to represent clients in a wide range of commercial and public interest cases. It draws upon the firm's wider expertise across an array of practice areas to offer an integrated appellate service with expertise in areas such as intellectual property, First Amendment disputes and Native American law.

Strengths

“They did an excellent job of not only gathering a full understanding of the factual record and legal issues in very short order, but also how to package our arguments in a concise and easily understandable manner.”

“The firm handles highly complex and sophisticated work and has done an outstanding job.”

Work highlights Arnold & Porter represented Billy Raymond Counterman in the Supreme Court case *Counterman v Colorado*, a case that established the standards by which a statement is a “true threat” unprotected by the First Amendment.

Notable practitioners

John Elwood is a veteran appellate lawyer with a wealth of experience in complex and impactful disputes work, handling appeals across subject areas including environmental law, labor and employment matters, government contracts and criminal law. **Strengths:** “John Elwood is an outstanding appellate lawyer. He is very sharp and very good.” “He is just fantastic. He's always up to speed on what is most current.” **Allon Kedem** is recognized for his extensive experience in litigation before all levels of court. He has expertise in procurement and criminal law litigation. **Strengths:** “He provides a really consistent and clear voice on risk. He is a phenomenal advocate; he is super persuasive and creative.” **Andrew Tutt** is a counsel with a fast-rising reputation for his credentials in appellate litigation, having argued two cases before the Supreme Court.

Kellogg, Hansen, Todd, Figel & Frederick, PLLC

What the team is known for Kellogg Hansen specializes in complex appellate litigation, representing both petitioners and respondents across a broad spectrum of business and governmental disputes in state and federal courts. It offers particularly strong expertise in telecommunications issues, alongside wider skills in white-collar crime, antitrust and intellectual property claims.

Strengths

“Kellogg Hansen have a brilliant team.”

Notable practitioners

David Frederick offers significant experience appearing for clients before the US Supreme

Court, federal appellate courts and an array of state supreme courts. **Strengths:** “He is excellent, a wonderful lawyer.” **Michael Kellogg** is managing partner of the firm and a respected appellate advocate. He is particularly noted for his expert handling of appeals concerning the telecommunications sector. He also focuses his practice on regulatory and antitrust issues. **Aaron Panner’s** well-regarded appellate practice ranges from matters before the district courts and courts of appeals to the US Supreme Court, including notable expertise in the communications space.

Sullivan & Cromwell LLP

What the team is known for Sullivan & Cromwell’s Supreme Court and appellate practice enjoys a burgeoning reputation for its adroit handling of appellate matters. The group handles an impressive array of state and federal court litigation and administrative appeals, drawing from its experienced pool of former clerks and government luminaries.

Strengths

“Sullivan & Cromwell has a super knowledgeable and deep team who provide excellent briefs very quickly.”

“They are really helpful and supportive, with smart, creative and responsive lawyers who can assess risk in a legal and commercial sense.”

“They are exceptional. They brought a real heft to our case.”

“The lawyers on the matters are exceptional.”

“Efficient, to the point and very reliable. Their oral advocacy has been very impressive.”

Work highlights Sullivan & Cromwell served as Court-appointed amicus curiae in successfully defending the judgment of the Eighth Circuit in the habeas case *Jones v Hendrix*.

Notable practitioners

Jeffrey Wall (see p.729) has a formidable reputation for the quality and pedigree of his appellate practice, earning praise for his impressive track record before the Supreme Court. He heads the firm’s appellate practice. **Strengths:** “Jeff did the best argument I’ve ever seen. He got up to speed on very complex issues extremely quickly.” “A phenomenal lawyer and an extremely good Supreme Court advocate.” “Jeff is a fantastic lawyer. He has a knack for getting to the heart of the issue and speaking to the court.” “A brilliant advocate, very client-oriented, very invested in client’s outcomes, and is one of the best legal writers I’ve worked with.” “He’s top shelf. A very sharp lawyer who deals with very complex things easily.” **Morgan Ratner** (see p.675) has quickly established an impressive reputation for her abilities in appellate litigation. Her wide-ranging practice sees her handling appeals involving securities, criminal law and bankruptcy, among other areas. **Strengths:** “Morgan is among the most talented advocates I know. She is good on her feet, is super smart and a delightful colleague to work with.” “She is thoughtful, strategic and, best of all, persuasive. She has an ability to home in on the key points of a case and explain them in a very convincing way.” “She is just consistently spectacular in oral argument. She combines tremendous brain power and intellectual firepower, coupled with a fantastic style of advocacy.” “For an intellectual titan, which Morgan undoubtedly is, she

is remarkably down to earth. She has the ability to provide exceptional advice in layman’s language in quick time.”

Weil, Gotshal & Manges LLP

What the team is known for Weil’s appellate practice makes regular appearances before the Supreme Court and state and federal courts of appeal in complex and high-stakes litigation matters. Its wide-ranging skill set covers areas including bankruptcy, intellectual property and securities law.

Strengths

“They’re brilliant. They have a great team.”

“Weil’s appellate team is extraordinary in their depth and talent. They are strategic and partner well with trial counsel to maximize possible appellate success.”

“They have been able to staff our matter with partners and associates who are well versed in the issues and did a great job at pivoting when necessary.”

Work highlights Weil represented the respondent in *Bartenwerfer v Buckley*, where the Supreme Court decided that a debtor who is liable for their partner’s fraud cannot discharge that debt in bankruptcy, regardless of their own culpability.

Notable practitioners

Mark Perry (see p.667) is an experienced Supreme Court advocate and also offers a wealth of experience in the federal courts of appeals and district courts. He receives particular praise for his intellectual property expertise. **Strengths:** “Mark Perry is an appellate lawyer who can write A+ briefs that are exceeded only by his A++ oral arguments.” “I love Mark Perry. He’s unflappable, hard-working, and able to digest and analyze vast amounts of information in such an impressive way. He has a great courtroom presence and is just a really enthusiastic and skilled lawyer.” “Mark is fantastic, smart and a brilliant writer.” **Zachary Tripp** (see p.721) co-heads the firm’s appellate practice and brings a wealth of experience to bear for clients facing significant litigation, with experience arguing appeals concerning bankruptcy, intellectual property and financial services regulation. **Strengths:** “He charted us through a really good course and distilled our case down to what we needed.” “A very bright and talented writer who is analytically sharp.”

Other Ranked Lawyers

Jeff Bucholtz (see p.516) of King & Spalding LLP is considered a strong choice for technically complex appeals, with clients turning to him for his expertise in areas such as biotechnology, energy and wider administrative law questions. **Strengths:** “He does a lot of brilliant work for us.” “A deeply thoughtful lawyer who has the ability to step back and see the situation for what it is and offer very practical advice.”

Linda Coberly (see p.528) of Winston & Strawn LLP is recognized for her expertise in appellate litigation. She has particular experience in class actions as well as corporate and securities fraud disputes. She also chairs the firm’s appellate and critical motions practice. **Strengths:** “She is just a

tremendous lawyer.”

Shay Dvoretzky (see p.545) of Skadden regularly appears before the Supreme Court and federal courts of appeals on matters spanning labor and employment, bankruptcy, challenges to government regulations and federal preemption. **Strengths:** “Shay is a brilliant Supreme Court practitioner who we trust with issues that have broad impacts on our business.” “He is brilliant. He is really good at listening to counsel and really listens to the business’ needs.” “Shay is a brilliant legal mind. He is brilliant and capable of handling the most complex appellate matters. He’s capable of wrangling very ambiguous problems that arise in business.” “He’s super responsive, a great strategist and a great writer. His oral advocacy really hones in on the things that matter – he doesn’t waste time in the weeds and hits the main points. He really predicts what the Justices care about.”

Jonathan Ellis (see p.547) of McGuireWoods LLP is a well-regarded state and federal appellate expert who wins praise for his impressive advocacy skills. **Strengths:** “Jonathan is very smart and his experience helps him position arguments deftly both in briefing and oral argument.” “He’s phenomenal; he’s incredibly sharp and insightful.” “Jonathan is able to sift through a sea of arguments and identify the best ones on both sides of the issue. He is able to use it to make the strongest arguments in his clients’ interests. His oral advocacy is first-rate and parallels his written advocacy in being clear, succinct and extremely effective.”

Roy Englert of Kramer Levin Naftalis & Frankel LLP brings a wealth of experience spanning a diverse range of appeals, including significant experience in arguments before the Supreme Court. **Strengths:** “He is just such an intelligent and experienced lawyer. He’s second to none.” “He is outstanding. His skill set is in taking the trial level dispute and distilling it in a way that captures the essence of our argument.” “He’s wonderful. The briefs have been very, very well written.” “A fantastic advocate.”

Daniel Geyser of Haynes and Boone, LLP is particularly noted for his Supreme Court practice, with expertise advising on ERISA, bankruptcy and tax matters, among other areas. **Strengths:** “Dan is just impeccable. He is really impressive and has a lot of exposure to the Supreme Court.” “He has an incredible talent for ascertaining and briefing issues that will obtain cert. He is brilliant in oral argument and addressing the Justices’ questions.” “He is extremely bright and extremely hard-working. He did a fabulous job in the Supreme Court.” “He’s a wonderful writer, a brilliant oral advocate and a brilliant guy to work with.”

Deepak Gupta of Gupta Wessler PLLC is highly regarded for his appellate work on behalf of plaintiffs. He regularly acts for clients in cases before the Supreme Court and across the federal circuits. **Strengths:** “Deepak Gupta is very thoughtful and prepared. He thinks deeply about how best to frame an appeal before diving into the weeds.” “His advocacy is excellent and he is an extremely impressive lawyer.” “A creative lawyer who is regularly at the cutting edge. I have nothing but the highest praise for Deepak, he’s brilliant.” “A terrific lawyer with powerful briefs. He’s engaging, persuasive, and very impressive.” “He is an extraordi-

nary advocate and a brilliant strategist with a keen eye for the politics of the moment. He brings deep knowledge of the law and a collegial manner that is extremely effective."

Douglas Hallward-Driemeier (see p.577) of Ropes & Gray LLP is often called upon by clients for his excellent pedigree in significant appellate disputes, notably those involving intellectual property, antitrust and finance issues.

Paul Hughes (see p.591) of McDermott Will & Emery LLP has a flourishing reputation for his appellate work, acting for clients on a diverse range of appeals across state and federal courts.

Strengths: "Paul is the most creative litigator I know. He's extremely bright and extremely knowledgeable about the nuances of federal court procedures." "He has the ability to work on things that are novel and the willingness to help and provide strong strategy, even when it's unlikely we're going to win. He has a great way of delivering creative approaches to novel issues."

Michael Huston (see p.592) of Perkins Coie LLP, is building a strong appellate practice in state and federal courts, with considerable experience in arguing before the Supreme Court. **Strengths:** "Michael is a fantastically skilled lawyer. He is an excellent writer with sound judgment about how arguments will be received in the court." "He is really smart and really understands the nuances of the appellate process." "He's very practical, effective and is skilled at crafting arguments that meet judges where they are. He's very savvy tactically."

Scott Keller of Lehotsky Keller LLP garners praise for his expertise on appellate matters argued before courts in Texas and nationwide. He is noted for representing clients in the technology sector. **Strengths:** "Scott is wonderful. He is very easy to talk to and is very calming and accessible. He's fantastic." "He is extremely pragmatic, realistic

and strategic. He can distill complex issues of constitutional doctrine very quickly and directly." "He has the ear of the court."

Michael Kimberly (see p.607) of McDermott Will & Emery LLP has a robust appellate practice and offers experience handling arguments before the US Supreme Court and multiple wider appellate courts, with notable expertise in antitrust, ERISA and healthcare matters. **Strengths:** "I cannot speak more highly of Michael Kimberly and his work for us."

Jeffrey Lamken is regarded as a go-to for major appeals with significant commercial and public policy implications, particularly before the Supreme Court. He holds additional strength in complex intellectual property matters before the Federal Circuit. **Strengths:** "One of the best brief writers I've ever worked with. He is very good at communicating and managing complex client input, and can do this within tight deadlines."

Joshua Matz (see p.634) of Kaplan Hecker & Fink LLP enjoys a particularly strong reputation for his expertise in civil rights and constitutional matters. **Strengths:** "He's the strongest writer I have worked with. He is incredibly quick and succinct; he has beautiful prose and is tireless in his advocacy for clients and causes he believes in." "People are blown away by how powerful, precise and persuasive he is as an advocate."

Christopher Michel of Quinn Emanuel offers wide-ranging expertise in state and federal appellate matters. **Strengths:** "I think he's phenomenal."

Ashley Parrish (see p.663) of King & Spalding LLP handles appeals spanning a range of sectors, with standout expertise in energy, healthcare and life sciences matters. **Strengths:** "Ashley is attuned to our business, always responsive and respects other points of view. He is our go-to attorney for a well-rounded perspective."

David Salmons of Morgan, Lewis & Bockius LLP has a practice which spans the full spectrum of the state and federal appellate litigation, with notable expertise advising clients in the energy sector. **Strengths:** "David does lots of strong, complex appellate work; he is outstanding in that capacity."

Aaron Streett (see p.3271) of Baker Botts LLP handles a broad range of appeals and is particularly noted for his adept handling of energy and commodities matters, alongside his expertise in high-profile constitutional law matters. **Strengths:** "Aaron is a brilliant legal mind; we're lucky to have him." "He is a fantastic attorney, a real heavy hitter. He argues the most important motions and writes the most important briefs."

Peter Stris of Stris & Maher LLP has an established reputation for his prowess in appellate matters, having made multiple appearances before the Supreme Court and wider courts of appeals concerning issues including intellectual property, healthcare, securities law and employment matters. **Strengths:** "Peter is brilliant and has a wide breadth of expertise." "He is just super strategic and very smart and knowledgeable." "He is a brilliant legal strategist, a great brief writer and a poised and effective oral advocate."

Kathleen Sullivan of Quinn Emanuel Urquhart & Sullivan, LLP is widely acknowledged as one of the nation's foremost experts on constitutional law, with an enviable array of household-name corporates calling upon her abilities in a wide range of appellate disputes. **Strengths:** "An extraordinary and extremely talented practitioner."

Band 1

Cahill Gordon & Reindel LLP

What the team is known for Cahill Gordon has a market-leading practice, with a significant presence in the lending market, acting for some of the world's largest investment banks and private equity firms. Highly regarded for its high-yield bond work, offering seamless coordination between its capital markets and leveraged finance partners. Works across a range of sectors including technology, healthcare and retail. Noteworthy proficiency representing lead arrangers in the financing of big-ticket M&A.

Strengths

"The group is responsive, engaging, highly supportive, reliable and practical."

"Cahill's team are commercially savvy and deal-oriented."

"The team has a strong service approach, attention

to detail and is commercial."

Work highlights Cahill Gordon represented the lead arrangers in connection with \$2.0 billion in credit facilities for Cushman & Wakefield US Borrower, including an amendment to refinance and extend the maturity date of the \$1.0 billion term B credit facility.

Notable practitioners

New York-based Jonathan Schaffzin is a key contact for the firm.

Davis Polk & Wardwell LLP

What the team is known for Davis Polk has a prominent group acting for major financial institutions and corporate clients. Handles a range of transactions, including investment-grade acquisition finance, leveraged finance, debt restructurings and recapitalizations. Represents an enviable spread of leading clients across a range of industries including retail, healthcare and manufacturing. Cross-border capabilities emphasized by track record of transactions involving Latin American, European and Asian jurisdictions.

Strengths

"Davis Polk's team is extremely responsive."

"It's a market leader in complicated transactions."

"The team has exceptional responsiveness and prowess in tricky situations."

Work highlights Davis Polk advised JPMorgan Chase Bank in connection with a \$50 billion five year, fixed-rate purchase money loan provided by the Federal Deposit Insurance Corporation.

Notable practitioners

Jason Florack and Jason Kyrwood co-head the global finance practice and are key contacts for the firm.

Kirkland & Ellis

What the team is known for Kirkland & Ellis has a highly regarded debt finance practice, acting for both borrowers and lenders. Well equipped to handle high-yield offerings and mezzanine and bridge financing transactions. Particularly highly regarded for its syndicated finance work on behalf of private equity funds and continues to excel in restructuring matters. Advises on transactions involving companies across a wide range of industries including energy, technology and telecommunications. Banking capabilities synchronize seamlessly with firm's capital markets, real estate and M&A practices. Adds in the middle-market strength to its capabilities in the large-cap and investment grade markets.

Strengths

"The team is very timely and outstanding at what they do."

"The firm has both broad and extremely deep expertise and sophisticated professionals."

"The group knows the market and provides top-quality advice."

Work highlights Kirkland & Ellis advised American Securities LLC in its acquisition financing of Aramco.

Notable practitioners

Melissa Hutson and Jay Ptashek are key contacts for the firm.

Latham & Watkins LLP

What the team is known for Latham & Watkins has a truly nationwide financing team with strong bases across the country. Combines strength in traditional bank lending, where both financial institutions and corporate borrowers seek its expertise, with work for an enviable list of private equity sponsor clients. Impressive national footprint facilitates broad industry focus, with strength ranging from energy and oil and gas to technology and healthcare.

Strengths

"The team brings a fresh perspective and creative solutions."

"The service quality and advice we receive is consistent across team members."

"The group is extremely responsive and fast-moving at all times."

Work highlights Latham advised Goldman Sachs and a syndicate of lenders on credit facilities worth \$4 billion, concurrent with a bond offering for NRG Energy's acquisition of Vivint Smart Home.

Notable practitioners

As global chair of the banking practice, Daniel Seale is a key contact for the firm.

Paul Hastings LLP

What the team is known for Paul Hastings boasts a widely spread national group with a particular focus on lender-side and private equity sponsor representation. Particularly noted for its significant presence in the asset-based lending space, and its work with clients on term loans and bridge loans, as well as restructuring matters. Represents a good choice of firm for cross-border transactions, with a pronounced focus on energy financings.

Strengths

"Paul Hastings' legal professionals are always available at all times."

"The team is rapid to respond."

"The group provides top-tier legal advice and creative structuring solutions."

Work highlights Paul Hastings advised Apollo Global Management, as lead arrangers, in connection with a term loan provided to BDO USA to fund the creation of an ESOP.

Notable practitioners

John Cobb and Jennifer Yount act as the co-chairs of the global finance practice and are key contacts for the firm.

Simpson Thacher & Bartlett LLP

"Its practitioners are very knowledgeable and very solutions-oriented."

Notable practitioners

Francis Bradley is a key contact for the firm.

Haynes and Boone, LLP

What the team is known for Haynes and Boone's team is well versed in advising clients on complex credit facilities. The team regularly represents hedge funds and banks in sophisticated financing matters. The group also has recent experience handling matters in the real estate sector.

Strengths

"The group is commercially minded, efficient, timely and conscientious of client needs."

"Haynes' team are always very efficient."

Notable practitioners

Cochair of the finance practice group Neal Kaminsky is a key contact for the firm.

Holland & Knight LLP

What the team is known for Holland & Knight has a large group of banking and finance practitioners who leverage the strength of its offices

based across the United States, in particular in the Southeast and Midwest. Combines expertise in lending transactions with access to experts in debt capital markets within the firm, providing a joined-up service in debt financing.

Strengths

"The group has a strong background in financing."

"The team is very attentive to details."

Work highlights Holland & Knight assisted Bank of America with a \$1.35 billion syndicated senior unsecured investment-grade revolving credit facility for Plains All American Pipeline and Plains Midstream Canada.

Notable practitioners

Cindy Brazell and Matthew Fontane cochair the financial services practice group and act as points of contact for the firm.

Jones Day

What the team is known for Jones Day has an exemplary group of finance practitioners that assists both borrowers and lenders in an array of financings. Regularly sought after for its strength in the debt finance space, boasting experience on syndicated, multicurrency and acquisition financings. Skilled across the spectrum of industries, with an established presence in the midmarket space.

Strengths

"The team always makes themselves available."

"The practitioners are willing to go above and beyond by thinking creatively around each individual opportunity."

"The firm always thoroughly vets questions and provides thoughtful responses."

Work highlights Jones Day represented The Timken Company in connection with an amended and restated credit agreement with Bank of America and KeyBank which consisted of a revolving credit facility and a term loan facility.

Notable practitioners

New York-based Brett Barragate and Boston-based Rachel Rawson are key contacts for the firm.

Katten

What the team is known for Katten has an active banking and finance practice with a strong foothold in the middle-market space. Typically works with lenders on sophisticated commercial financings. Highly regarded for its capabilities in the direct lending space.

Strengths

"It's a very knowledgeable team and are able to handle deals across various sizes, situations and

structures."

"The team is very cognizant of commercial dynamics at play and helps us weigh those factors in decision-making."

"The Katten team is extraordinarily responsive."

Work highlights Katten represented Capital One as lender in relation to a credit agreement that involved refinancing revolving commitments.

Notable practitioners

Chicago-based Michael Jacobson is a key contact for the firm.

Moore & Van Allen, PLLC

What the team is known for Moore & Van Allen boasts a strong practice in the market. It is noted for its ability to handle issues in the lender-side space. The group has a diverse client base which includes well-known banks and investment firms. The practitioners demonstrate their ability to guide clients through a broad spectrum of matters, including asset-based lending and acquisition financings.

Strengths

"Moore & Van Allen is one of the most responsive and efficient firms we work with."

"Very strong and trusted adviser for complicated matters."

Work highlights Moore & Van Allen represented CoBank, ACB, as administrative agent and left-side lead arranger, in connection with the Farm Credit System portion of the financing for the "take private" acquisition of Resolute Forest Products by Domtar Corporation.

Notable practitioners

Charlotte-based Richard Hazlett is a key contact for the firm.

Morgan, Lewis & Bockius LLP

What the team is known for Morgan, Lewis & Bockius has a deep lending offering with a huge national and global presence. Utilizes an unmatched clientele of big-name institutional investors, advising these clients as both direct lenders in private placement financings and as borrowers when investing in funds. Also advises on more traditional lending transactions, acting for financial institutions and corporates.

Strengths

"Morgan Lewis lawyers are consistently responsive and knowledgeable."

"The team has been instrumental in helping us navigate complicated issues."

"The practice is always well staffed with high-quality associates and partners."

Work highlights Morgan, Lewis & Bockius repre-

sented JPMorgan Chase Bank, as administrative agent, opposite Cardinal Health, in connection with a senior unsecured multicurrency credit facility.

Notable practitioners

Jonathan Bernstein acts as the finance practice leader and is a key contact for the firm.

Morrison Foerster

What the team is known for Morrison Foerster has a well-regarded finance practice. The group routinely demonstrates its ability to handle complex issues, including acquisition financing, asset-based lending and restructuring matters. The practitioners represent both lender and borrower-side clients, with a real specialism in the technology and healthcare sectors. The team has further experience of handling international deals in the space.

Strengths

"The group is incredibly responsive and provides a very high level of service."

"Morrison Foerster has good team depth and experience to handle almost everything."

"The entire practice has an excellent understanding of working through complicated structural complex matters."

Work highlights Morrison Foerster advised Alpine Investors on the refinancing of Apex's existing credit facilities in connection with Apex's single-asset continuation transaction.

Notable practitioners

Boston-based David Ephraim is the cochair of the firm's transactions group and is a key contact.

Vinson & Elkins LLP

What the team is known for Vinson & Elkins' team has significant experience of handling banking and financing issues related to the energy industry. The group is noted for its strength in advising borrowers in the space on syndicated loans. The practitioners are also highlighted for their strength in handling acquisition financings.

Strengths

"Vinson & Elkins has a very strong team."

"The team provides exceptional service and makes it their business to understand business objectives."

"The group does an excellent job of handling complex circumstances."

Work highlights Vinson & Elkins represented Devon Energy Corporation as issuer in connection with its \$3 billion commercial paper program.

Notable practitioners

Houston-based Brian Moss is a key contact for the firm.

Alphabetical order within each band. Band 1 is highest.

Band 1 Bankruptcy/Restructuring: The Elite

Akin

What the team is known for Akin is an impressive performer in key jurisdictions across the USA and around the globe, with distinguished attorneys handling the full array of bankruptcy and restructuring matters. The team has extensive strength in acting for creditors, as well as increasing debtor-side capabilities, and is well reputed for its representation of key parties in energy sector insolvencies. The group is further experienced in negotiations related to the pharmaceutical and technology industries.

Strengths

"They work very well together in seamless coordination."

"They are subject matter experts. They're really practical and know what levers to pull to get the best result."

Work highlights Akin represented the official committee of unsecured creditors in the Chapter 11 cases of Diamond Sports Group and affiliates.

Notable practitioners

Ira Dizengoff (see p.2560) regularly acts for a wide range of clients, including noteholders, investors and creditors' committees, on the full range of bankruptcy matters. He offers experience across industries including oil and gas, energy and telecommunications. **Strengths:** "Ira is extremely smart, business-minded and practical." "Working alongside Ira, you immediately become impressed with how sophisticated his legal mind is."

Michael Stamer (see p.2665) acts for a variety of clients, including noteholders, bondholders, creditors' committees and acquirers. He has notable experience advising on bankruptcy proceedings in the energy sector. **Strengths:** "Michael is exceptionally commercial." "He is really good at getting to a deal and driving consensus."

Davis Polk & Wardwell LLP

What the team is known for Davis Polk offers exceptional strength in its preeminent group of bankruptcy and restructuring attorneys. The team is prominent on a wide range of insolvency cases, with considerable experience advising on DIP and

exit financings, as well as the facilitation of distressed M&A. The firm's broad client list includes financial institutions, ad hoc creditor groups, municipalities and both US-based and international corporations, who turn to its experienced counsel in matters pertaining to the energy and natural resources sector, while also noted for its handling of sovereign debt matters.

Strengths

"The team as a whole is first rate. They work together in a way that is seamless to the client."

"From top to bottom, the Davis Polk team is responsive and easy to work with."

"Top-tier restructuring lawyers with deep subject matter expertise."

Notable practitioners

Donald Bernstein (see p.2535) is a distinguished practitioner noted for his expertise acting on behalf of both debtors and bondholders on various bankruptcy matters. He also serves as chair of the firm's restructuring group. **Marshall Huebner** (see p.2592) enjoys a stellar reputation for his vast experience in handling a broad range of bankruptcy matters, including Chapter 11 cases and distressed M&A. He offers experience acting for both debtors and lenders, alongside his current role as global cohead of the firm's restructuring department. **Strengths:** "Marshall

is uniquely extraordinary. His energy level and unmatched passion for the client is unlike anything I have ever seen." "He is a phenomenal lawyer." **Damian Schaible** (see p.2652) is highly regarded for his bankruptcy practice. He regularly acts for lenders and noteholders, with experience across industries including construction, financial services and energy. **Strengths:** "He is sophisticated and knowledgeable." "Damian is incredibly commercial and understands what is necessary to get a deal done." **Brian Resnick** (see p.2643) is sought after by noteholders and lenders for his experience handling Chapter 11 cases and municipal bankruptcies. **Strengths:** "Brian is an extremely talented and experienced bankruptcy partner. He has a genuine passion for his work." "He is one of the very finest technical lawyers out there."

Kirkland & Ellis

What the team is known for Kirkland & Ellis offers an outstanding practice with a deep bench that remains a popular choice for distressed companies seeking top quality representation on high profile bankruptcy and restructuring cases. It is also regularly engaged by major creditors, including private equity and hedge funds, and regarded as a dominant presence in Chapter 11 cases involving distressed energy sector clients. A strong presence across the firm's European and Asian offices enables the restructuring group to handle the most complex of cross-border cases.

Strengths

"They are incredibly responsive and bring in expertise across various offices. That level of integration is not to be taken for granted."

"The team goes above and beyond in terms of client service."

Work highlights Kirkland & Ellis represented Bed Bath & Beyond and its subsidiaries in their Chapter 11 cases.

Notable practitioners

Edward Sassower (see p.2651) enjoys a leading reputation for his bankruptcy practice, advising debtors on matters such as Chapter 11 proceedings and out-of-court restructurings. His broad client base includes a number of significant corporations in the retail sector. **Strengths:** "His

wise counsel and leadership have always produced extraordinary results." **Joshua Sussberg** (see p.2667) is known for his skilled handling of high profile bankruptcy proceedings. He routinely advises on Chapter 11 proceedings and offers notable expertise in acting for clients in the retail sector. **Strengths:** "He jumps into a crisis with a calming demeanor, quickly wins the confidence of stakeholders and becomes a confidant." "Joshua is incredible. He's a true force of intellect and experience in this field." "Josh is one of the smartest and most practical attorneys I have worked with. He is able to succinctly summarize very complicated issues both to the client and the court." **Patrick Nash** (see p.1747) is regularly called upon to assist clients with a range of matters, including restructurings, distressed M&A and financing issues. **Strengths:** "He is very commercial and a true thought partner." **Anup Sathy** (see p.1756) has experience handling matters across a range of industries, including the retail, energy, automotive and media sectors. His practice spans restructurings, workouts, bankruptcies and distressed M&A. **Strengths:** "Anup is outstanding. He is very level-headed and extremely practical." "Anup is incredibly bright, thoughtful and sees the big picture." **Nicole Greenblatt** (see p.2581) has a growing national reputation for her handling of domestic and international bankruptcy matters. She regularly represents debtors in Chapter 11 proceedings, and offers recent experience in the healthcare sector.

Milbank LLP

What the team is known for Milbank boasts an esteemed coast-to-coast practice with a comprehensive offering in insolvency and workout transactions. It is particularly highly rated for its creditor-side work on behalf of committees, lenders and equity security holders, among other clients, while also acting on behalf of debtors and the acquirers of distressed assets. The firm demonstrates impressive expertise in domestic and international Chapter 11 cases.

Strengths

"Milbank are excellent. They're responsive and on top of things."

"Milbank has a great global platform."

"Milbank provides a top notch service. Not only do they have the ability to handle complex issues, but they go the extra mile."

Work highlights Milbank LLP advised the official committee of unsecured creditors of Arcapita Bank in connection with its Chapter 11 restructuring.

Notable practitioners

Dennis Dunne (see p.2562) wins praise from all corners of the market for his longstanding expertise in bankruptcy issues. He advises clients including debtors, creditors' committees and noteholders on a range of restructuring matters. **Strengths:** "Dennis is phenomenal." **Evan Fleck** advises on Chapter 11 cases across a range of industries, such as retail and energy. He is adept at handling out-of-court restructurings and financings for a variety of clients including debtors, noteholders and creditors. **Strengths:** "He is great at bringing groups with competing interests together." "He is very commercial, very

constructive and a real pleasure to work with."

**Paul, Weiss, Rifkind, Wharton &
Garrison LLP**

What the team is known for Paul, Weiss, fields a standout team of dedicated bankruptcy and restructuring experts commended for its handling of creditor and debtor-side engagements as well as representations of private equity sponsors and distressed companies. The team draws on firm-wide expertise in areas such as M&A, commercial litigation and tax to provide an impressive full-service practice in domestic and cross-border work, and has handled major cases in the energy, mining, retail and technology sectors, among others.

Strengths

"Paul Weiss has a top notch team."

"The Paul Weiss team is among the best in the business. They are commercially minded and look to get client transactions to successful, commercial outcomes."

"Paul Weiss is one of the best firms in terms of the breadth and depth of talent coupled with amazing people skills."

Work highlights Paul, Weiss represented Revlon its Chapter 11 cases, filed in the US Bankruptcy Court for the Southern District of New York, concerning \$3.7 billion in liabilities.

Notable practitioners

Paul Basta (see p.2533) is cochair of the firm's restructuring department. He continues to be a popular choice for high profile bankruptcy matters. He represents a range of clients, including debtors, lenders and boards of directors. He is adept at handling Chapter 11 proceedings, as well as bankruptcy-related acquisitions. **Strengths:** "Paul is one of the best restructuring lawyers in America." "He is unbelievably smart and strategic." "He is extremely skilled and savvy." **Andrew Rosenberg** (see p.2647) comes recommended for his significant expertise in restructuring matters, with notable experience in the retail and pharmaceutical sectors. He acts for a variety of clients including bondholders, noteholders and creditors. **Strengths:** "Andy is my go-to lawyer. He is creative and thoughtful, and designs novel approaches to situations. His service to his clients is superb." "He is extremely talented and knowledgeable." **Brian Hermann** (see p.2587) enjoys a growing reputation in the market for his bankruptcy expertise. He routinely handles Chapter 11 cases and out-of-court restructurings for a variety of clients, including lenders, debtors and noteholders. **Strengths:** "Brian is very strong technically, and also able to look at things in a commercial way." "Brian provides highly thoughtful and valuable advice." **Alice Belisle Eaton** (see p.2563) is a renowned practitioner for her representation of creditors and debtors in high profile Chapter 11 cases. She has recent experience advising clients in the energy and retail sectors. **Strengths:** "Alice is an extremely thoughtful, intelligent and creative lawyer." "Alice is able to explain complicated issues in a way the non-legal clients can understand. She is adept at handling different constituencies in bankruptcy and finding a path to compromise." **Elizabeth McColm** (see p.2619) is highly regarded for her experience advising on a range of restruc-

turing issues. She acts for clients from a variety of industries, such as the retail and energy sectors. **Strengths:** “Elizabeth is very commercial, knows the market well and is adept at navigating complex situations.” “She is tenacious and creative.”

Weil, Gotshal & Manges LLP

What the team is known for Weil Gotshal offers a versatile team with significant expertise on major debtor workouts as well as the representation of creditors and asset purchasers. The group regularly handles complex restructurings with a contentious component, while its strong cross-border capabilities see it attract a broad client base, including hedge funds, financial institutions and blue-chip multinationals.

Strengths

“The team at Weil is experienced, well-informed and wise. The attorneys are available and experienced in a broad range of practice areas.”

“Weil is one of the top shops. They’re good lawyers and smart people.”

“Their client service is excellent and they do a really good job.”

Work highlights Weil, Gotshal & Manges LLP represented SoftBank in connection with the Chapter 11 cases of WeWork, and certain of its affiliates.

Notable practitioners

Ray Schrock (see p.2654) maintains a highly regarded bankruptcy practice. He is noted for his expertise in Chapter 11 cases, acting for debtors in industries ranging from retail to healthcare. **Strengths:** “Ray is extremely knowledgeable and commands respect, but is also very empathetic. He gets great results while caring about the people involved in the process.” “Ray is the ultimate professional.” “He deals with boards with such expertise.”

Matt Barr (see p.2532) is noted for his expertise in acting on behalf of lenders in bankruptcy matters, with additional experience representing debtors and noteholders. He offers experience in high profile issues across a range of sectors, including energy and entertainment. **Strengths:** “Matt is a smart, practical and business-oriented restructuring lawyer.” **Gary Holtzer** (see p.2590) provides clients with restructuring advice both in and out of court, with particular expertise in Chapter 11 cases. His client base covers a wide range of industries, including the pharmaceutical, media and utilities sectors. He also serves as cochair of the firm’s business finance and restructuring team.

Band 2 Bankruptcy/Restructuring: The Elite

Kramer Levin Naftalis & Frankel LLP

What the team is known for Kramer Levin has an excellent reputation for its representation of creditors and debtors in complex Chapter 9 and 11 engagements, and is particularly identified by market observers for the primacy of its creditors’ committee practice. It is also widely praised for its strong bankruptcy litigation offering and ability to draw on additional strength in real estate and energy. The firm boasts an enviable client list of national and multinational corporates, hedge funds and distressed municipalities and has been

active in a number of the largest and most complex matters of late, including major domestic and cross-border bankruptcies in the retail and energy sectors.

Strengths

“Kramer Levin is consistently responsive to client demands and needs.”

Work highlights Kramer Levin Naftalis & Frankel LLP represented the official creditors’ committee in the bankruptcy case of Endo International.

Notable practitioners

Thomas Mayer (see p.2618) wins praise from all corners of the market for his expertise in complex bankruptcy matters. He is adept at handling both Chapter 9 and 11 proceedings. **Strengths:** “He has such a brilliant mind.” “Thomas is one of the finest lawyers in the bankruptcy world. He is detailed, confident and willing to give tough feedback.” **Kenneth Eckstein** (see p.2563) advises clients on both the debtor and creditor sides of bankruptcy matters.

His longstanding experience spans Chapter 11 proceedings, out-of-court restructurings and litigation. He has recently advised on matters in the pharmaceutical, energy and retail sectors. **Strengths:** “He has tremendous experience and judgment, and drives cases effectively.” “Ken provides excellent client service. He makes clear recommendations and executes client directives in an effective manner.” “Ken pairs decades of experience with exceptional client service, room presence and a deal-focused mentality to deliver exceptional advice and representation to clients.”

Latham & Watkins LLP **What the team is known for** Latham & Watkins boasts a strong bench of bankruptcy attorneys advising stakeholders in restructurings on both the creditor and company sides. The team offers notable expertise in cross-border assignments spanning sectors such as retail and energy, where its enviable nationwide presence leads to an impressive skillset in international bankruptcies. Other areas of strength include prepackaged reorganizations, distressed M&A and bankruptcy litigation.

Strengths “Latham is a top notch law firm with deep knowledge across transactional and litigation matters.” “They are extremely accessible and responsive.” “From a client perspective, they are extraordinary. Day and night, they are always available. The service is responsive, quick and thoughtful.” **Work highlights** Latham & Watkins represented Monitronics International in its Chapter 11 proceedings.

Notable practitioners

George Davis (see p.2556) wins praise for his representation of both debtors and creditors in matters including Chapter 11 cases and out-of-court restructurings. He offers experience across a range of sectors, including retail, energy and pharmaceuticals. **Strengths:** “George is amongst the very best practitioners in the field of restructuring. He is very thoughtful, very responsive and very knowledgeable.” “George provides wisdom and knows how to counsel a board and navigate difficult situations.” “He is one of the most practical and business-oriented restructuring lawyers.”

Jeffrey Bjork (see p.1003) is experienced across

both international and domestic bankruptcy matters, including out-of-court restructurings and Chapter 11 proceedings. He plays a role in notable bankruptcies with mass tort aspects as well as high-profile cases in the retail and pharmaceutical sectors. **Strengths:** “Jeff Bjork is a super star. He really commands a case and brings deals together.” “He is knowledgeable and responsive.” “Jeff is a uniquely talented lawyer.” **Caroline Reckler** (see p.1751) acts for retail and energy clients, as part of a broad client base. She works on Chapter 11 restructuring and distressed M&A. **Strengths:** “Caroline is one of the best company-side lawyers in the restructuring business.” “She is very effective.” “She is a consummate professional who has vision and is commercial.” “When representing a company, she has a plan and executes it flawlessly.”

Paul Hastings LLP

What the team is known for Paul Hastings boasts highly rated practice groups with a proven track record in high-stakes, complicated bankruptcy proceedings, including those with cross-border elements involving Latin America. Clients benefit from a deep pool of industry experts across the United States, with expertise in committee, debtor and lender-side engagements.

Strengths

“One area that stands out is the boutique attention from senior members of the team. The resources that are deployed are both effective and efficient.”

“Their ability to draw on prior transactions and relationships allows for efficient coordination and highly commercial problem-solving for clients.”

“Paul Hastings has a deep team with talent from the partner through to associate level.”

Work highlights Paul Hastings represented the official committee of unsecured creditors in the Chapter 11 case of FTX.

Notable practitioners

Kristopher Hansen garners praise for his strong expertise in the full range of bankruptcy matters, and routinely acts for clients including banks, lenders and creditors in Chapter 11 proceedings. He also serves as cochair of the firm’s financial restructuring group. **Strengths:** “Kris is the leader in his field. He excels in his ability to see the risks and opportunities, and is exceedingly helpful in complex negotiations and transactions.” “He is a very knowledgeable and a strategic thinker.” “Kris is a strong leader and an extraordinary negotiator. He proposes tactics that are a few steps ahead.”

Jayme Goldstein acts for a broad array of clients including creditors’ committees, lenders and noteholders in Chapter 11 cases and bankruptcy transactions. He has significant experience handling matters relating to the retail and oil and gas sectors. **Strengths:** “Jayme is very knowledgeable, insightful and resourceful. He knows the law and how to apply it in a manner that helps his clients achieve the maximum desired outcome.” “Jayme suggests practical solutions aimed at mutual resolution, and is always available and ready to work through problems real-time as they arise.” “He is very client-friendly and acts to build relationships and trust.”

White & Case LLP

What the team is known for White & Case is an established name in bankruptcy and restructuring law, particularly in relation to significant Chapter 11 and 15 filings. The firm's diverse client base spans creditor-side parties and debtors involved in both domestic and international proceedings. Additionally, its established contentious practice makes frequent appearances in high-stakes bankruptcy litigation, including those with mass tort aspects.

Strengths

"They decipher details quickly and effectively, and offer creative and innovative solutions."

"White & Case has a highly technical team that is always available and ready to help."

"The team has strong advocates who will fight for a great outcome."

Work highlights White & Case represented 245 Park Avenue Property LLC and its affiliates in the multibillion-dollar restructuring of funded indebtedness related to the commercial office tower.

Notable practitioners

Thomas Lauria has extensive experience in bankruptcy matters, including Chapter 11 proceedings. He also leads the firm's financial restructuring and insolvency group from its Miami and New York offices.

Band 3 Bankruptcy/Restructuring: The Elite

Brown Rudnick LLP

What the team is known for Brown Rudnick is considered a premier player in the area of bankruptcy litigation, frequently engaged by creditors and debtors on complex Chapter 11 cases. The team is often called upon by distressed investors to provide guidance in bankruptcy filings and is active across a range of sectors, including energy, hospitality, real estate and pharmaceuticals.

Strengths

"The firm has a broad team with a diverse and deep skill set. The team is capable of handling even the most complex of issues."

"The team is good and has a thorough grasp of technical legal issues. The lawyers give sound, practical and thoughtful business advice and are always able to bring the right expertise to bear on a matter."

"Brown Rudnick produces exceptional, high quality legal analysis and advocacy. The depth of expertise is nothing short of exceptional."

Work highlights Brown Rudnick LLP represented the official creditors committee in the Chapter 11 bankruptcy of BlockFi.

Notable practitioners

Robert Stark acts for clients in Chapter 11 cases and other restructuring matters across industries including oil and gas, energy and pharmaceuticals. He is recognized in the market for his strong creditor-side practice. **Strengths:** *"He is simply excellent in all respects." "His best strength is that he understands the strategy, its limits and its risks."*

Cleary Gottlieb Steen & Hamilton LLP

What the team is known for Cleary Gottlieb is widely recognized for its expert work on behalf of significant creditors, debtors and government

agencies. The team is regularly called upon for its formidable expertise in cross-border restructurings, as well as demonstrating significant strength in bankruptcy litigation and sovereign debt restructurings, particularly those involving Latin American parties.

Strengths

"I think the team's strengths are their ability to find creative solutions to problems, to advocate on our behalf and to be efficient while staying thorough."

"Cleary has a deep bench of smart and pragmatic bankruptcy professionals who thrive in challenging and complex situations."

"Cleary works very closely with management to learn about the business quickly and integrate that knowledge in revising the best strategies for the case."

Work highlights Cleary Gottlieb Steen & Hamilton LLP continued to represent LATAM Airlines Group in its Chapter 11 filing.

Notable practitioners

Lisa Schweitzer (see p.2655) is a well-regarded practitioner who is noted for her impressive experience in complex cross-border issues, including Chapter 15 cases. She acts for clients from a variety of sectors, including retail and aviation.

Strengths: *"Her unique ability to apply pragmatism to solve even the most complex problems sets her apart and provides tremendous value in challenging situations."*

Jones Day

What the team is known for Jones Day is recognized as a global powerhouse with formidable capabilities in reorganizations, workouts and creditor claims. It is experienced in handling both debtor- and creditor-side mandates, advising across areas such as distressed M&A, mass tort-related restructurings and CDO issues. The firm counts leading hedge funds and multinational companies among its regular client roster.

Strengths

"The team is extremely knowledgeable and provides the highest degree of professional service."

"The firm has talented and sophisticated lawyers."

"Their experience and ability to digest matters quickly and provide advice under tight timeframes is critical when in a restructuring situation."

Work highlights Jones Day continued to act as restructuring counsel to the Diocese of Rockville Centre in connection with its Chapter 11 case.

Notable practitioners

Corinne Ball is highly regarded in the market for her wealth of expertise in complex restructurings. She has notable experience acting for clients on bankruptcy matters arising from significant litigation. **Strengths:** *"Corinne is a tremendous lawyer. She is definitely the person you want to lead you in a complex restructuring." "Bruce Bennett routinely acts for clients including shareholders, lenders, creditors and bondholders, and offers significant experience in Chapter 9 and Chapter 11 proceedings. Strengths: "Bruce is a superstar bankruptcy lawyer. He's really good in court, he's strategic and he gives sound advice." "Bruce is the premier restructuring lawyer." "Bruce has a wealth of knowledge and experience." Heather Lennox regularly acts for both debtors and creditors on Chapter 11 cases, and her recent work includes matters in*

the energy and media industries. She also serves as the partner-in-charge of the Cleveland office.

Strengths: *"Her level of sophistication sets her apart from others." "Heather is very business-oriented, practical and able to analyze risks."*

Morrison Foerster

What the team is known for Morrison Foerster offers a highly commended practice that assists a wide range of clients on the lender and company sides, but is particularly noted for its work with creditors' committees. It maintains a sterling reputation in US-based and multijurisdictional Chapter 11 proceedings, and also brings to bear extensive firmwide strength in tax, litigation and employee benefits when handling complex restructuring mandates.

Strengths

"Their ability to anticipate outcomes and argue positions was very impressive."

"Morrison Foerster had a good sense of what was happening in the market."

Work highlights Morrison Foerster represented the official committee of unsecured creditors in the Chapter 11 case of Incora.

Notable practitioners

Jennifer Marines and **Lorenzo Marinuzzi** are key contacts. They are based in the firm's New York office.

Pachulski Stang Ziehl & Jones LLP

What the team is known for Pachulski Stang Ziehl & Jones boasts a comprehensive Los Angeles-headquartered bankruptcy and restructuring team with a broad clientele encompassing debtors, creditors, trustees and asset purchasers. The group offers notable strength in complex cross-border insolvencies and multijurisdictional Chapter 11 filings, while other areas of significant expertise include insolvency litigation, distressed M&A and out-of-court workouts.

Strengths

"They are efficient and strategic. I consider them to be the gold standard of creditor committee firms."

"The Pachulski team provides sharp, effective and immediate responsiveness."

Work highlights Pachulski Stang Ziehl & Jones LLP represented the official committee of unsecured creditors in the \$834 million Chapter 11 bankruptcy of Vice Media.

Notable practitioners

Laura Davis Jones is regularly engaged to represent clients in high profile Chapter 11 proceedings, with significant experience in the retail and restaurant sectors, among others. She offers particular expertise in debtor-side representations. **Strengths:** *"Laura is legendary in the bankruptcy community. She is efficient and smart, and everyone has so much respect for her." "I have never met such a responsive and accessible lawyer as her. She is absolutely committed and delivers great results."*

Richard Pachulski is sought after for his expertise acting on behalf of debtors in Chapter 11 proceedings. He also acts for investors, acquirers and creditors in restructurings and distressed M&A. **Strengths:** *"He is the master of difficult cases." "He is incredibly smart, commercial and effective. He brings the perfect combination of skill, finesse and stature to every situation." "Richard provides expert*

knowledge and excellent rapport.” “He is extraordinarily creative and so he thinks outside the box and comes up with legal strategies and solutions that others have not thought of.” **James Stang** is nationally recognized for his representation of clients in high stakes Chapter 11 cases. **Strengths:** “He has great negotiation skills.”

Proskauer Rose LLP

What the team is known for Proskauer advises across the full spectrum of bankruptcy and restructuring law for creditors, debtors and senior lenders, as well as private equity funds. It offers impressive strength in bankruptcy litigation, complemented by notable corporate governance capabilities, as well as additional capabilities in handling liquidations for entities such as offshore and onshore hedge funds and boards of directors.

Strengths

“The Proskauer team provided a comprehensive perspective on all elements of the bankruptcy process, and demonstrated a profound level of sophistication and understanding of complex issues.”

“Proskauer has some of the most knowledgeable attorneys in the bankruptcy field.”

Work highlights Proskauer Rose LLP represented Sixth Street in its capacity as DIP Agent and FILO Agent in the Chapter 11 case of Bed Bath & Beyond.

Notable practitioners

Martin Bienenstock (see p.2537) comes recommended for his extensive experience in bankruptcy matters. He is recognized in the market for his role acting for the Financial Oversight and Management Board for Puerto Rico. **Strengths:** “Marty is a great legal resource and is very good to work with.”

Quinn Emanuel Urquhart & Sullivan, LLP

What the team is known for Quinn Emanuel is home to a high-caliber bankruptcy litigation team often sought after by stakeholders in precedent-setting Chapter 11 filings. The firm houses recognized experts in the area of DIP financing and asset acquisition in contentious case and is also able to draw on notable cross-border experience, particularly in oil and gas bankruptcies.

Strengths

“The Quinn team has quality lawyers and is very strong on a national basis.”

“I have never seen a firm with deeper talent or a team that collaborates as well as the team at Quinn Emanuel does.”

“Quinn Emanuel are one of the top firms in complex bankruptcy and commercial litigation matters.”

Work highlights Quinn Emanuel Urquhart & Sullivan served as co-counsel to FTX Trading and its affiliates as Chapter 11 debtors in possession.

Notable practitioners

Susheel Kirpalani is well regarded for his experience representing bondholders and creditors in bankruptcy litigation. He is highlighted for his skilled handling of cross-border matters. **Strengths:** “He is the best overall restructuring and bankruptcy lawyer in the country today.” “He is a tremendous litigator.”

Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates

What the team is known for Skadden is known for regularly acting on engagements covering multiple jurisdictions. The group is well equipped to undertake complex bankruptcy litigation on behalf of high profile clients, with an impressive track record in debtor-side representations. It provides expert counsel to distressed companies on pre-bankruptcy concerns, including planning for market illiquidity, as well as appearing in high profile Chapter 11 cases. **Strengths**

“The team has an excellent understanding of the issues. They are on top of changes in the law and current trends, and are very creative in finding solutions.”

“The Skadden team is very determined, creative and ready to go the extra mile for their clients.”

“The Skadden team is hyper-focused on providing outstanding client service.”

Work highlights Skadden continued to represent Endo International, and its affiliates, in its Chapter 11 cases.

Notable practitioners

Paul Leake (see p.2606) acts for clients on both the debtor and creditor sides on matters across industries including healthcare, retail and media. He is adept at handling out-of-court restructurings as well as Chapter 11 proceedings and related transactions. **Strengths:** “He sees the whole scene and is always a couple of steps ahead.” “Paul is an amazing service provider.” “Paul is the consummate strategist.”

Wachtell, Lipton, Rosen & Katz

What the team is known for Wachtell houses significant transactional capabilities, acting on distressed M&A and leveraged deals for an impressive range of acquirers and creditors, including financial institutions and private equity funds. It frequently advises on out-of-court restructurings while bringing its litigation strength to bear on contentious cases.

Strengths

“They are incredibly smart and effective.”

“The quality of lawyering is excellent from top to bottom.”

Work highlights Wachtell, Lipton, Rosen & Katz represented Mitel, and its private equity sponsor Searchlight Capital, in connection with Mitel’s out-of-court restructuring.

Notable practitioners

Scott Charles (see p.2546) acts for clients in bankruptcy matters including Chapter 11 proceedings and distressed M&A. He offers particular expertise in the retail sector. **Richard Mason** (see p.2617) is a distinguished lawyer that acts for debtors, lenders and creditors on restructuring matters relating to the energy sector, with additional experience in the aviation industry.

Willkie Farr & Gallagher LLP

What the team is known for Willkie Farr offers a talented group of restructuring attorneys with extensive experience in handling debtor-side engagements. It undertakes a broad range of Chapter 11 representations, and is a popular choice for parties to distressed investments. It is also noted for its creditor-side expertise, acting

for financial institutions and private equity funds in courtroom and out-of-court proceedings.

Strengths

“The Willkie attorneys are extremely well versed in applicable and current law, and provide outstanding, timely advice and suggestions.”

“I have found the Willkie team to be knowledgeable, commercial and at the cutting edge.”

Work highlights Willkie Farr & Gallagher LLP acted as counsel for Clovis Oncology in its Chapter 11 proceedings.

Notable practitioners

Matthew Feldman (see p.2567) is cochair of the firm. He regularly handles Chapter 11 proceedings and distressed M&A, and has recent experience acting for clients in the retail and energy sectors. **Strengths:** “Matthew is a very experienced bankruptcy lawyer. He is very knowledgeable, responsive and practical.” **Rachel Strickland** (see p.2667) is noted for her expertise in bankruptcy matters, such as Chapter 11 proceedings and restructurings. She acts for a range of clients including bondholders, lenders and committees of mass tort claimants. **Strengths:** “Rachel is fantastic. She can command a room and drive the process.” “I think Rachel is amazing. She is smart and effective.” **Brett Miller** (see p.2622) is recognized for his expertise acting on behalf of noteholders in Chapter 11 cases, with experience across the energy, retail, aviation and manufacturing sectors. **Strengths:** “Brett is a very intelligent and capable attorney.”

Band 4 Bankruptcy/Restructuring: The Elite

Gibson, Dunn & Crutcher LLP

What the team is known for Gibson Dunn has established itself as a high quality national team, garnering particular recognition for its creditor-side practice, often representing ad hoc lender groups. The group also offers experience acting on Chapter 11 proceedings across a range of industries, including manufacturing, media and entertainment, and pharmaceuticals.

Strengths

“It’s an excellent team that provides a full service.”

“The Gibson Dunn team has highly sophisticated and responsive attorneys.”

“They are top notch on client service.”

Work highlights Gibson Dunn acted as restructuring counsel to an ad hoc group of secured creditors in the Chapter 11 case of Diamond Sports Group.

Notable practitioners

Scott Greenberg (see p.2580) offers strong expertise representing lenders in connection with Chapter 11 cases. He has significant experience acting on notable cases in the retail and pharmaceutical sectors. **Strengths:** “I think Scott is a great deal lawyer. He has great instincts and is really one of the best in the market at navigating complex situations.” “He is very commercial and understands the technical aspects.”

Greenberg Traurig, LLP

What the team is known for Greenberg Traurig leverages strength across the USA to advise on

restructurings arising from the energy, healthcare and telecommunications sectors, among others. It also offers clients notable cross-border capabilities, showcasing particular expertise in cases involving Latin America. The firm's broad practice sees it advising debtors, sponsors and creditors' committees on Chapter 11 proceedings, insolvency-related litigation and distressed M&A.

Strengths

"Greenberg Traurig has a deep bench of experienced lawyers capable of handling very complex and sophisticated restructuring matters."

"The team provides a strong combination of both tactical and technical expertise."

"They are always responsive, open and on top of urgent matters that need action."

Work highlights Greenberg Traurig represented the official committee of unsecured creditors in the chapter 11 case of Vesttoo.

Notable practitioners

Houston-based Shari Heyen is a key contact.

KTBS Law LLP

What the team is known for KTBS Law is an agile West Coast firm focusing on corporate restructurings, workouts and distressed asset acquisitions. It regularly brings its bankruptcy litigation strength to bear on headline matters, as well as offering additional capabilities in ancillary areas such as commercial litigation, appellate litigation and corporate finance.

Strengths

"They are experts in bankruptcy law, and are very well respected by the bankruptcy bar and judges."

"KTBS care about your problems and call you back immediately. They are totally customer-focused."

"Their lawyers are very sophisticated."

"KTBS was able to cut through the noise, identify the best plan and then execute."

Work highlights KTBS Law served as special counsel to the official committee of unsecured creditors in the Kidde-Fenwal Chapter 11 case.

Notable practitioners

Michael Tuchin is sought after by clients for his broad expertise, with recent work including litigation and Chapter 11 cases. **Strengths:** *"Michael is fantastic. He really is at the top of bankruptcy."* *"Michael is super intelligent, very analytical and a pleasure to deal with."* *"He is a smart and savvy lawyer."*

Sidley Austin LLP

What the team is known for Sidley Austin undertakes representations on behalf of stakeholders on both the creditor and debtor sides across a broad range of complex reorganization and insolvency matters, as well as distressed M&A. The group demonstrates particular strength in oil and gas, real estate and mining matters and is also noted for its expert handling of cross-border mandates.

Strengths

"They have a diverse practice and call on their colleagues as needed for the specialized skills required when representing their clients in various complex industries."

"They are incredibly clear not only on the letter of the law but how to apply it in the most commercial and advantageous ways for their clients."

"They stay on top of things and know what their clients are thinking."

Work highlights Sidley Austin represented Sunac China Holdings in the restructuring of its offshore debt, valued at over \$10.2 billion.

Notable practitioners

New York-based Stephen Hessler is a key contact.

Sullivan & Cromwell LLP

What the team is known for Sullivan & Cromwell is a strong firm with a growing bankruptcy presence, with experience acting for clients including debtors, lenders and government organizations. It provides strength domestically in Chapter 11 cases and litigation across industries such as oil and gas and retail. The firm is experienced across international bankruptcy matters in Chapter 15 proceedings.

Strengths

"They have a deep dedication to the client. I get immediate access to experts in every space."

"The team is strategic and creative. They can bridge the gap with creative solutions and come to an outcome that everyone can deal with."

"They have a rare business perspective, understanding our goals and expectations and acting as an adviser."

Work highlights Sullivan & Cromwell represented SVB Financial Group in its Chapter 11 proceedings.

Notable practitioners

James Bromley (see p.2541) enjoys an excellent reputation for his broad practice, covering the likes of municipal bankruptcies, Chapter 11 cases and out-of-court restructurings as well as related transactions. **Strengths:** *"Jim is an extremely intelligent and experienced attorney who brings a fresh perspective and decisiveness to challenging situations."* *"He is one of the best courtroom lawyers."* **Andrew Dietderich** (see p.2559) acts for clients on the debtor and creditor sides of bankruptcy matters, including both Chapter 11 and 15 cases, and offers notable experience in issues with cross-border elements. **Strengths:** *"Andrew is an expert in restructuring. He has a lot of experience and the ability to manage multiple competing stakeholders."* *"Andy is wildly smart and has a unique ability to develop solutions to some of the most complex problems in restructuring."* *"Andrew's strength is his creative thinking."*

Band 5 Bankruptcy/Restructuring: The Elite

McDermott Will & Emery LLP

What the team is known for McDermott Will & Emery is a destination practice for high stakes restructuring matters. Its lawyers are capable across a broad swathe of industries, and excel in particular in the life sciences and healthcare spaces.

Strengths

"They are extremely commercial when dealing with complex matters and always have the client's interest in mind."

"The depth and breadth of their team is excellent."

"The McDermott team has good judgment, works hard and is very efficient, even in the most complex of cases."

Work highlights McDermott Will & Emery LLP represented Prime Trust in its Chapter 11 proceedings.

Notable practitioners

Darren Azman, Charles Gibbs, Kristin Going and Felicia Gerber Perlman are key contacts.

O'Melveny & Myers LLP

What the team is known for O'Melveny & Myers has a solid bankruptcy and restructuring group that handles a broad range of matters, including Chapter 11 bankruptcy filings and complex debt recapitalizations. It draws on extensive tax, finance and commercial litigation expertise when advising its strong debtor- and creditor-side client base.

Strengths

"The O'Melveny team demonstrates very good core bankruptcy skills and are outstanding litigators."

"O'Melveny has a significant depth of expertise across many aspects and nuances of bankruptcy, combined with deep industry knowledge."

Work highlights O'Melveny & Myers represented Morgan Stanley as the principal defendant in connection with a fraudulent transfer suit brought by the liquidating trustee of Tops Groceries.

Notable practitioners

McAllister Sean <i>McAllister Garfield, PC</i>
Zorn Matthew <i>Yetter Coleman LLP</i>

"The team has a broad range of talent with extensive experience."

"Its practitioners are always very responsive and proactive in their support and counsel."

Work highlights Benesch was lead corporate and intellectual property counsel to TPCO's restructuring of its business relationships with Roc Nation and Sean Carter.

Notable practitioners

Bryna Dahlin is highly experienced in advising businesses on Ohio and federal cannabis regulations. **Strengths:** "Bryna is an outstanding attorney – extremely knowledgeable in all aspects of cannabis legal and compliance issue. She is also thorough and responsive." "She is a great attorney to work with, with strong expertise."

Buchanan Ingersoll & Rooney PC

What the team is known for Buchanan Ingersoll & Rooney is a multistate firm with particular strength along the East Coast and an active cannabis practice. Notable for its high-level IP practice and impressive track record in regulatory matters, including applications for dispensary and grower/processor licenses.

Strengths

"The team handles issues with a high level of quality, professionalism and efficiency."

Work highlights Buchanan Ingersoll & Rooney advised Radicle on the ability to conduct studies in the consumer space, the requirements for such studies, the legality of studies involving cannabinoids, and the ability to make certain marketing claims based on research conducted.

Notable practitioners

William Garvin is particularly recommended for his expertise in the regulatory elements of edible CBD products.

Chiesa Shahinian & Giantomasi PC

What the team is known for Chiesa Shahinian & Giantomasi is a well-regarded firm, with particular expertise in the cannabis space. The group demonstrates its ability to provide counsel on a broad array of issues, including licensing and regulatory and compliance matters. The team boasts notable clients in the sector, such as high-profile investment firms.

Strengths

"It's a very strong team with expertise in many specialized facets of law."

"The group is extremely responsive."

"Chiesa is exceptional – the team has scope, depth

and breadth."

Work highlights Chiesa Shahinian represented Gotham Green Partners in a transaction to transfer an existing New Jersey medical license from iAnthus to Gotham Green Partners as majority owner.

Notable practitioners

Lee Vartan of Chiesa Shahinian & Giantomasi has expertise which is frequently sought by clients going through the process of applying for dispensary, manufacturing or cultivation licenses in the State of New Jersey. Both emerging businesses and national cannabis brands turn to him for assistance in these matters. **Strengths:** "Lee is a consummate professional with a wealth of knowledge." "He is an absolutely outstanding attorney. He is great to work with, extremely responsive and accommodating."

Clark Hill PLC

What the team is known for The Clark Hill team has deep experience in the cannabis and industrial hemp space. Particularly expert in helping businesses in these sectors to navigate regulatory and transactional matters.

Strengths

"Clark Hill's team are excellent in terms of responsiveness."

Work highlights Clark Hill's team advised Irwin Naturals on the a range of issues relating to it's THC brands, including a series of complex legal structures, sophisticated licensing schemes and strategic acquisitions in both the cannabis and psychedelics sectors.

Notable practitioners

Robert Hoban is held in high regards for his ability to handle a wide spectrum of matters, including M&A transactions, licensing and regulatory issues. **Strengths:** "He is very well respected in the space."

Cozen O'Connor

What the team is known for Cozen O'Connor is a multistate firm, offering services across a broad range of areas and jurisdictions. The team is particularly notable for its ability to handle an array of transactional issues, including financings and acquisitions. The practitioners are also highly adept at providing wide-ranging regulatory advice. The group is routinely called upon to provide guidance on legal aspects of the marketing, processing and manufacturing of cannabis.

Strengths

"Cozen has excellent practitioners."

"It's a really strong team."

"Every attorney at Cozen is highly competent and timely with their input."

Work highlights Cozen O'Connor provided counsel to Acreage Holdings on an amendment to its 2021 loan agreement with AFC Gamma and Viridescent Realty Trust.

Notable practitioners

Joseph Bedwick (see p.500) is a valuable member of the Cozen O'Connor team based in Philadelphia. He is best known for his handling of venture financing transactions in the cannabis sector. **Strengths:** "Joseph is a great communicator and he's very organized."

Davis Wright Tremaine LLP

What the team is known for Davis Wright Tremaine has a well-established, sector-focused group operating out of Seattle and Los Angeles. Particularly notable for its strength in contentious matters, including an array of civil litigation and challenges to federal agencies. Also highly adept in providing wide-ranging compliance advice.

Strengths

"The team provides excellent communication, they always offer a quick response."

"Davis Wright's group is efficient and responsive."

Work highlights Davis Wright represented POSaBIT in a lawsuit brought by a competitor, which alleges that POSaBIT wrongfully solicited the competitor's cannabis merchants.

Notable practitioners

John Goldmark and Nicole Phillis cochair the cannabis practice and are key contacts in the firm's cannabis group.

Dentons

What the team is known for Dentons is a global powerhouse with an increasing footprint in the cannabis world. It is best known for representing multinational businesses and investors in big-ticket buyouts and M&A. The team possesses notable strength in handling issues with Canadian elements due to its strong ties with its offices in Canada.

Strengths

"Dentons is strong and it has a deep bench."

"The firm team has the ability to handle any matter effectively and promptly."

"The team produces outstanding work."

Work highlights Dentons represented TPCO, a leading consumer-focused California cannabis company, in its merger with Gold Flora.

Notable practitioners

Eric Berlin maintains an excellent reputation for his sophisticated corporate and capital markets practice. **Strengths:** *"Eric is one of the best; he is very knowledgeable."* *"He is a brilliant attorney who is incredibly passionate and responsive."* **Joanne Caceres** is noted for her strength in handling a broad range of issues, including intellectual property and regulatory compliance matters, as well as M&A deals. **Strengths:** *"She's a very strong lawyer."*

Dickinson Wright PLLC

What the team is known for Dickinson Wright is a Michigan-centric firm with high-quality group focused on the needs of cannabis businesses in the state and further afield. Particularly skilled in handling sector-specific issues arising in the context of M&A, including regulatory and IP matters.

Strengths

"The team provides a strong level of responsiveness."

"Dickinson Wright's team is highly sophisticated and effective."

"The attorneys are experienced and very responsive."

Work highlights Dickinson Wright provided counsel to Common Citizen on the acquisition of a licensed retailer in Buchanan, including the business and interest in real estate.

Notable practitioners

Scot Crow (see p.534) is held in high regard in the cannabis market. He demonstrates considerable strength in handling transactional issues, notably M&A and financings.

DLA Piper LLP (US)

What the team is known for DLA Piper has a strong cannabis practice, with particular focus in the CBD and hemp space. The group is skilled at handling a wide spectrum of issues, including litigation, transactions and licensing matters. The team also boasts notable experience of providing regulatory advice. The practice is based in Boston but has nationwide reach.

Strengths

"DLA Piper's practitioners have a very strong command and strong skills in the area."

Work highlights DLA Piper acted on behalf of Charlotte's Web Holdings in an exclusive sponsorship arrangement with Major League Baseball.

Notable practitioners

Stefanie Fogel is the practice group's key contact.

Dorsey & Whitney LLP

What the team is known for Dorsey & Whitney is a well-regarded firm leveraging cannabis expertise in Canada and the US to provide seamless advice on cross-border mandates. Regularly consulted on the sector-specific elements of capital markets transactions, including IPOs and private placements.

Strengths

Band 1

Davis Polk & Wardwell LLP

What the team is known for Davis Polk & Wardwell LLP boasts a deep bench of experts, well placed to advise on equity-linked securities offerings. The firm is able to act for issuers and managers and the convertible debt team is supported by an extensive capital markets practice.

Strengths

"Davis Polk is a go-to firm for our most complicated transactions. They have a deep bench."
 "The David Polk team is extremely reliable and responsive with a great focus on quality control."
 "It is a world-class team with very seasoned lawyers."

Work highlights Davis Polk & Wardwell LLP advised the representatives of the initial purchasers on the \$1.75 billion Rule 144A offering by Wolfspeed of its 1.875% convertible senior notes due 2029.

Notable practitioners

Mark Mendez (see p.641) is a distinguished leader in the field for his ability to assist clients with convertible debt, which he combines with a deep knowledge of derivatives, making him a leading choice for clients seeking advice on structures requiring this joint expertise. **Strengths:** "Mark

has the most profound knowledge in derivatives and convertibles." "He is just outstanding. Mark is not only knowledgeable about the nuances, but he also puts himself in your position so he's more than a lawyer." "Mark is incredibly well plugged-in and his deep knowledge of precedents is invaluable."

Alan Denenberg (see p.540) complements his comprehensive understanding of debt and equity transactions with market-leading expertise in convertible debt offerings. **Strengths:** "Alan is one of the best in the convertible business." "Alan is a thought leader." **Mark DiFiore** (see p.541) is highly praised for his ability to handle complex convertible debt matters. **Strengths:** "Mark is a high-level performer and has strong commercial awareness." "Mark is an absolutely outstanding lawyer." **Caitlin Wood** (see p.737) is an up-and-coming partner with strong recommendations for her convertible debt practice. **Strengths:** "Caitlin is a very astute lawyer." "She is a high-calibre attorney." "Caitlin has strong commercial awareness."

Latham & Watkins LLP

What the team is known for Latham & Watkins LLP is a premier choice for issuers and investment banks seeking advice on complex convertible offerings. The firm draws upon broad capital markets and securities expertise when advising on bulge bracket deals.

Strengths

"Latham always delivers top-notch client service. I love having the team on our side on any intricate transaction with unique features."
 "Latham & Watkins has a phenomenal bench with outstanding partners."
 "The Latham lawyers are incredibly thoughtful and industry-leading with an ability to cover a wide range of products."

Work highlights Latham & Watkins LLP advised Bank of America as initial purchaser in iQIYI's offering of \$600 million aggregate principal amount of 6.5% convertible senior notes due 2028.

Notable practitioners

Greg Rodgers (see p.681) is highly regarded in the convertible debt space. He is particularly recommended for his ability to structure convertible bond documents. **Strengths:** "Greg is a preeminent expert in convertible debt." "He is a go-to call for issuers and banks alike. Greg is a leader in the space." **Arash Aminian Baghai** (see p.490) is praised for his expert knowledge of convertible bonds. **Strengths:** "He is a very detailed-oriented partner who is incredibly strong mechanically and commercially." "He is innovative. Arash is always a first call given his level of expertise and willingness to solve issues." "Arash has extensive knowledge and is able to streamline complex transactions." **Witold** (see p.496) **Balaban** (see p.496) comes highly praised by clients and market insiders alike for his longstanding experience in the convertible debt market. **Strengths:** "Witold has great judgment. He understands issues quickly and thinks expansively about solutions." "He is an excellent partner to work with." **Reza Mojtabaee-Zamani** (see p.645) complements a strong knowledge of

equity capital markets with expertise in convertible notes. **Strengths:** "Reza is always proactive and has both a creative and surgical approach to problem-solving." "Reza instills confidence in his clients." "He is an excellent partner."

Band 2

Cooley LLP

What the team is known for Cooley LLP comes recommended for its strong knowledge of convertible debt, which it combines with expertise in the technology and life sciences sectors. The firm is well placed to advise a breadth of clients, including issuers, underwriters and private equity clients. It is also able to leverage a strong global network to deftly handle cross-border transactions.

Strengths

"Cooley has a very capable team with strong experience in complicated transactions."
Work highlights Cooley LLP represented Arctic Wolf Networks on its issuance of \$401 million aggregate principal amount of pre-IPO convertible notes.

Notable practitioners

Gian-Michele a Marca is widely held to be a leading lawyer in the convertible debt market, boasting the ability to structure these bonds and their related derivative components. **Strengths:** "He is a master of convertible debt markets, with an excellent understanding of very complicated instruments." "Mischi always provides first-rate advice." **Jason Savich** earns excellent praise for his representation of issuers in convertible debt transactions. **Strengths:** "Jason is a very impressive convertible debt lawyer who understands both the legal and business perspectives." "He is an excellent and strong debt attorney." "Jason is always an absolute pleasure to work with on complicated debt financings."

Fenwick

What the team is known for Fenwick's team demonstrates strength in advising leading companies on a range of transactions including convertible bonds. The firm is a strong choice for investment banking funds and privately held businesses. The group has notable expertise in advising clients in the technology space.

Notable practitioners

David Michaels is often called upon to advise underwriters and issuers on convertible debt transactions, with deal experience across a range of industries, from the technology market to the life sciences sector. **Strengths:** "David is really top-notch. He knows his area very well and has amazing client service." "David is an industry expert with answers at his fingertips."

Goodwin

What the team is known for Goodwin has a strong reputation for advising public companies on a wide range of capital markets transactions, including convertible offerings. The firm is also a

go-to choice for major investment banks, given its strong domestic and cross-border capabilities.

Strengths

"Goodwin is easy to work with, the team knows the market well and is commercially exceptional."

"The Goodwin team is trusted and well respected in the convertible debt space."

"The lawyers at Goodwin are very responsive and offer very commercial advice."

Notable practitioners

Cochair of the capital markets practice **James Barri** (see p.498) provides expert convertible debt advice to issuing companies and their underwriters. **Strengths:** *"James is very knowledgeable in convertible debt and particularly good at complicated transactions."* *"James is a really strong attorney with very good expertise in this market."*

John Servidio (see p.697) demonstrates a strong understanding of convertible debt, with a particular aptitude for the derivative requirements of these transactions.

Simpson Thacher & Bartlett LLP

What the team is known for Simpson Thacher & Bartlett LLP is an elite choice for convertible debt. The firm regularly advises both issuers and underwriters on a range of debt and equity-linked transactions.

Strengths

"Simpson Thacher handles complicated transactions with ease."

"The Simpson team is very knowledgeable, experienced and commercial."

"The lawyers at Simpson Thacher are super responsive and navigate complex legal and business issues without any problems."

Notable practitioners

Roxane Reardon (see p.676) is sought out for her experience advising on convertible debt offerings.

Strengths: *"Roxane is a standout in the convertible debt market. She understands both the legal elements and business implications."* *"Roxane is an extremely responsive and thorough lawyer when navigating complex transactions."* *"She is very commercial and a go-to for complicated deals."*

Other Ranked Lawyers

Erik Franks of Wilson Sonsini Goodrich & Rosati has a noteworthy command of convertible offerings, including assisting with the call spread overlays which often accompany these bonds.

Michael Occhiolini of Wilson Sonsini Goodrich & Rosati has established himself as a key figure in the convertible debt market, assisting with the issuance of bond offerings and their related derivative overlays. **Strengths:** *"Michael is on top of everything. He really knows the space and is incredibly persuasive."*

Andrew Pitts (see p.670) is cohead of Cravath, Swaine & Moore LLP's capital markets practice and brings to bear a strong understanding of convertible debt. **Strengths:** *"He is a very knowledgeable lawyer and does a fantastic job."* *"Andrew has a ton of experience."*

Yossi Vebman (see p.726) of Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates is recognized for his leading convertible debt practice, advising both issuers and financial investors on transactions. **Strengths:** *"Yossi is very creative and a great guy."* *"He is very thoughtful and commercial."*

Notable practitioners

Jeffrey Karpf (see p.602) maintains an excellent reputation for his work on high-yield and investment-grade debt transactions, representing both investment banks and issuing companies. He balances his leading role in debt capital markets with an active equity practice. **Strengths:** “Jeffrey is a world class lawyer.” “He is an experienced capital markets lawyer who helps create solutions for deals that have unique issues. He is a highly valued partner.” “Jeffrey is a great thought partner.” **David Lopez** (see p.625) stands out for his high quality representation of major companies and dealer-managers on complex bond and stock offerings. He is especially sought after for his expertise in liability management. **Strengths:** “He is super responsive and sharp.” “David’s level of advice is very strong.” **Craig Brod** (see p.513) is renowned for his versatile practice, which sees him acting for issuers and underwriters on the full spectrum of capital markets matters. **Strengths:** “Craig is very responsive and knowledgeable in securities laws.” **Nicolas Grabar** (see p.572) is distinguished by his specialized expertise in cross-border transactions, often advising Brazilian and Mexican clients on significant debt and equity offerings. **Strengths:** “He is absolutely outstanding, Nicolas delivers great work and knows the client very well.” **Adam Fleisher** (see p.556) is revered for his capital markets practice, which forms a key component of his wider corporate practice. **Strengths:** “He is an excellent attorney. Adam is helpful, intelligent and experienced.” “Adam has a thorough understanding of the law and the practical aspects of capital markets. He is skillful at communicating complex legal issues.”

Cooley LLP

What the team is known for Cooley LLP is an enviable life sciences and technology practice, representing some of the fastest-growing startups in the country on capital markets transactions. On the East and West coasts, the firm maintains a comprehensive overview of the market, working with companies and investment banks on sophisticated equity offerings, showing considerable strength in IPOs. The attorneys also offer specialist knowledge of convertible debt and SPACs. **Strengths**

“The firm is incredibly capable in the equity capital market space, with vast experience and provides differentiated insights.”

“Cooley is expert at handling the most complex and sophisticated matters with excellent depth in every field.”

“Cooley has a deep team that is flexible, nimble and creative with solutions for situations.”

Work highlights Cooley LLP advised ACELYRIN on its \$621 million IPO.

Notable practitioners

Eric Jensen is a recommended choice of counsel for issuers and underwriters on a broad range of capital markets transactions, from IPOs to debt mandates. **Strengths:** “Eric is an experienced and distinguished expert.” **Charlie Kim** is best known for his expertise in the life sciences and technology sectors, where he frequently advises underwriters and issuers on IPOs and debt offerings. **Strengths:** “Charlie is a fantastic attorney.”

David Peinsipp is held in high esteem for his standout experience handling high value IPOs and major debt offerings on behalf of technology and life sciences companies. **Strengths:** “David always has creative solutions for the more complex and bespoke issues. He has a reputation for being the go-to for answers to the hardest questions.” “David is a practical lawyer who is highly recommended for IPOs.” “David has a superior presence in capital markets. He is amazing in the boardroom.”

Jon Avina is sought after by leading tech companies, and their underwriters, for his knowledge of debt and equity transactions. **Strengths:** “Jon is super practical and has a calming and executive presence that is so valuable.” “Jon Avina is an excellent business partner who understands strategies, priorities and challenges, and tailors his counsel accordingly.” “Jon operates at a very high level in a collaborative way. He provides valuable insights.”

Gian-Michele a Marca attracts widespread praise for his debt capital markets practice, with notable expertise in convertible debt transactions. He routinely offers counsel to clients within the technology and pharmaceutical sectors. **Eric Blanchard** is commended for his deep capital markets expertise, with experience advising issuing companies and underwriters on investment-grade debt and equity offerings in the life sciences industry. **Strengths:** “Eric is a fantastic partner that consistently delivers for the team.” “He is a go-to practitioner and is extremely helpful.”

Divakar Gupta is a noted expert in the handling of equity transactions, offering particular experience in the biopharmaceutical sector. **Strengths:** “Divakar is an excellent attorney with an extremely strong grasp of the law and the sector.” “He is a fantastic partner and has tremendous experience.” “He is an exceptional legal partner.” **John-Paul Motley** is praised for his securities law practice, which encompasses the representation of issuers and underwriters on the comprehensive range of debt and equity transactions. **Strengths:** “John-Paul is a great advisor who deals with issues extremely effectively.”

Calise Cheng in the Palo Alto office is adept on matters across the spectrum of debt and equity, with a particular expertise in advising issuers on equity offerings. **Strengths:** “Calise is a very bright and very practical lawyer.” “Calise provides tailored advice in the company’s best interests.” **Jonie Kondracki** is often called upon by clients in the life sciences and technology markets for her advice on debt and equity transactions. **Strengths:** “Jonie is driven and super technical.” “She ensures the process moves quickly and smoothly. Jonie is a great extension of the Cooley brand.”

Kristin VanderPas has a strong client base of leading investment banks and companies in the tech and life sciences sectors. **Denny Won** regularly acts on significant capital markets transactions for a number of leading investment banks. **Strengths:** “Denny is excellent at executing processes and he is very diligent.” “Denny is well organized, always on top of items and super responsive.” “He has unbelievable firepower and work ethic. Denny is a fantastic partner.” **Richard Segal** acts for both underwriters and issuers in high value capital markets transactions. He offers notable skill in IPOs. **Strengths:** “The level of diligence Rich has is beyond impressive and he

works through some of the most complex matters.” “Richard is highly skilled, practical and solutions-oriented.” “He has incredibly deep knowledge and is incredibly sophisticated in finding the right way to move forward.” **Milson Yu** frequently acts on behalf of companies and investment banks in a variety of capital market transactions. **Strengths:** “Milson is an incredible and creative partner. He is amazing and especially good dealing with the toughest deals.” “Milson understands our business very deeply and on a practical level. He knows every answer.” “He is a talented capital markets attorney who is very technical.”

Cravath, Swaine & Moore LLP

What the team is known for Cravath, Swaine & Moore LLP is experienced in handling high level matters for a significant book of issuer and underwriter clients. The firm is regularly sought for advice on complex or esoteric capital markets issues and gains recognition for its expertise in high-yield and investment grade debt offerings. An impressive equity practice arises out of strong links with institutional corporate clients, granting the team an enviable level of market awareness.

Strengths

“The lawyers’ anticipatory guidance is expert and invaluable.”

“Cravath’s longstanding reputation as the one of the most capable and prestigious law firms is well deserved.”

“Cravath is a large team of seasoned professionals that provide security and assurance on very complicated, time consuming and sensitive projects.”

Work highlights Cravath, Swaine & Moore LLP represented Kenvue and Johnson & Johnson in connection with Kenvue’s issuance of \$7.75 billion in aggregate principal amount of senior unsecured notes in a private placement.

Notable practitioners

Andrew Pitts (see p.670) is skilled at handling major debt and equity transactions in a wide range of sectors, including financial services, energy and technology. **Strengths:** “He is one of the most sophisticated issuer and bank counsel, Andrew is solutions-focused on complicated transactions.” “Andrew is a very good strategic thinker in unique situations.” “Andrew is a very practical and level-headed lawyer.”

Craig Arcella (see p.492) stands out for his expertise in issuer and underwriter representation, frequently advising on high value debt and equity offerings. **Strengths:** “He is a fantastic debt and equity lawyer. Craig is very user-friendly and gets straight to the heart of the issue.” “Craig is a thoughtful and engaged partner.”

Stephen Burns (see p.517) is highly regarded for his extensive capital markets expertise. He regularly serves as both issuer’s and underwriter’s counsel on bond and stock offerings by corporations in the energy, financial services and healthcare sectors. **Strengths:** “Stephen is very knowledgeable and commercial. He focuses on the big issues and works collaboratively.” “Steve is always on top of things. He is a great partner.”

William Fogg (see p.556) attracts praise for the strength of his debt and equity-based capital markets practice. He regularly advises clients on IPOs and a wide range of underwritten investment-grade and high-yield bond transactions.

Strengths: “Will is a very high quality and talented lawyer.” **Nicholas Dorsey** (see p.543) frequently counsels high profile issuers and underwriters on capital markets transactions. Clients turn to him for his expertise on both stock and bond offerings. **Strengths:** “Nick is extremely knowledgeable about every aspect of capital markets.” “Nick is client-centered and practical.” “He knows the market inside out and is very skilled at guiding his clients.” Issuers and managers regularly turn to **Michael Mariani** (see p.631) for advice on both debt and equity transactions. **Strengths:** “Michael is sharp and has nuanced knowledge of his clients.” “He is a real problem solver and an absolutely terrific resource.” **Joseph Zavaglia** (see p.741) is adept in the full span of debt and equity offerings, including high-yield transactions. **Strengths:** “Joseph is amazing and very business-oriented.” “He is very smart and thorough.” “Joseph provides extremely informed, diligent and thoughtful advice on complex situations.”

Davis Polk & Wardwell LLP

What the team is known for Davis Polk & Wardwell LLP demonstrates prowess in a range of capital markets transactions, both domestically and on an international scale, with a host of talented and experienced associates supporting a team of renowned partners in the space. The team acts for an enviable roster of clients and is particularly adept at handling the largest traditional IPOs in the market, as well as assisting on transactions involving SPACs. The attorneys also have experience in high-yield and investment grade debt offerings and provide complementary advice on convertible debt transactions.

Strengths

“The team has a deep understanding of the legal landscape and translates this to specific business situations.”

“The Davis Polk team is perfectly coordinated and possesses all of the nuanced legal expertise.”

“The firm is incredibly sophisticated, with a strong grasp of technical points and great insights into implications of various paths.”

Work highlights Davis Polk & Wardwell LLP advised Meta Platforms on its Rule 144A/Regulation S debt offering, with an aggregate value of \$10 billion.

Notable practitioners

Michael Kaplan (see p.601) stands out for his market-leading practice, which encompasses the representation of issuers and managers in high-yield and investment-grade debt issuances, as well as equity offerings. **Strengths:** “Michael is one of the best and most experienced underwriters counsel in the market.” “He is unquestionably a star. Michael is a real pleasure to work with.” “Michael’s advice is particularly valuable for navigating complex situations.” **Richard Truesdell** (see p.721) wins broad acclaim as an industry-leading name for securities transactions. His stellar practice runs the full gamut of issuer and manager representation, advising on debt and equity offerings by companies in diverse industries. **Strengths:** “Richard is the epitome of a trusted advisor. He is in the trenches with you on any complex problem.” “He always provides commercial, pragmatic advice and is unbelievably insightful.” **Alan Denenberg** (see

p.540) impresses with his experience handling significant IPOs and other equity offerings, as well as high profile debt transactions, ranging from high-yield bonds to convertible debt. **Strengths:** “He is a fantastic lawyer. Alan is extraordinarily responsive and epitomizes good judgment and expertise.” “Alan is excellent. He is a leader in this field.” “Alan is very practical and gives advice that fits in with the wider market.” **Deanna Kirkpatrick** (see p.609) is a great choice of counsel for complex debt and equity transactions, boasting an excellent track record in traditional biotechnology IPOs as well as in taking SPACs public. **Strengths:** “Deanna is an amazing partner and really well-respected across the industry.” “Deanna is very highly regarded. She is a strong and practical lawyer.” **John Meade** (see p.640) maintains a broad capital markets practice, dedicated to the representation of both issuer and manager-side clients in IPOs, and other equity offerings, as well as debt issuances.

Strengths: “John is an exceptional attorney all around, with an encyclopedic knowledge of capital markets and IPO processes.” “John has really good judgment and he is ahead of the changing rules. He is decisive, practical and hard-working.” “John executes complex transactions flawlessly. He has wisdom, leadership and problem solving skills and provides sophisticated, thoughtful and actionable advice.” **Emily Roberts** (see p.1064) is commended for her ability to advise household name issuers and high profile underwriters on the full range of debt and equity transactions. **Strengths:** “Emily is a very thoughtful lawyer.” “She is exceptional.”

Byron Rooney (see p.682) continues to impress clients with his talent at handling the full range of debt and equity securities offerings, including advising on novel transactional structures. **Strengths:** “Byron has a wealth of knowledge and is very commercial.” “He has encyclopedic knowledge of the SEC. He is a creative problem solver and helps enormously when navigating complex problems.” “Byron is an extremely intelligent and very practical partner.” **Derek Dostal** (see p.543) comes recommended for his comprehensive debt practice. He has also established himself as a key figure in equity capital markets, with a particular expertise in SPACs. **Strengths:** “Derek is always willing to think outside of the box.” “Derek has a well respected equity and SPACs practice.”

Marcel Fausten (see p.551) is developing an impressive reputation among companies and leading investment banks as a capital markets adviser of choice for debt and equity transactions. **Strengths:** “Marcel is supremely efficient and practical.” “Marcel provides solid advice, is very practical and fully aware of commercial challenges and the industry overall.” “He is excellent, very attentive and focused.” **Yasin Keshvargar** (see p.605) gains recognition from issuers and underwriters for his ability to assist with a wide range of debt and equity transactions, including IPOs. **Strengths:** “Yasin is a great partner and trusted advisor.”

Debevoise & Plimpton LLP

What the team is known for Debevoise & Plimpton LLP is a respected team, particularly known for its representation of issuers. The firm has been able to remain at the forefront of regulatory changes while maintaining a strong transactional offering,

with both domestic and cross-border capabilities. The attorneys are regularly engaged by clients to advise on complex equity deals, including IPOs and secondary offerings.

Strengths

“The team are great advisors, knowledgeable about the market and proactive about giving advice.”

“Debevoise takes the time to get to know the client and business, so that the high quality lawyers can be responsive and understand our goals.”

“The Debevoise team is well-rounded and has expertise across all levels. The lawyers have a nuanced and sophisticated approach to capital markets.”

Work highlights Debevoise & Plimpton LLP advised American International Group and Corebridge Financial, its majority-owned subsidiary, on Corebridge Financial’s \$1.7 billion IPO.

Notable practitioners

Steven Slutzky is noted for his work representing issuers and underwriters in debt and equity offerings, including IPOs. He is particularly experienced in transactions relating to private equity firms and insurance companies. **Strengths:** “Steven has great subject matter expertise. He is very dedicated, proactive and has great judgement too.” **Matthew Kaplan** has a broad securities practice, regularly utilized by issuers and underwriters on complex offerings of equity and debt, including high-yield and investment-grade issuances. **Strengths:** “Matthew is an indispensable and much appreciated partner.” **Peter Loughran** focuses his practice on debt and equity securities offerings. He frequently advises both US and non-US issuers and underwriters on transactions in diverse sectors. **Strengths:** “Peter is incredibly knowledgeable.” **Paul Rodel** offers expertise in debt and equity transactions, with recent experience in the healthcare, insurance and aviation sectors. **Strengths:** “Paul is a subject matter expert who is extremely thoughtful and is very diligent. He has a good business sense of what is necessary.” “Paul is smart, experienced and pragmatic.” **Benjamin Pedersen** is an up-and-coming partner routinely called upon to support issuers on equity and debt transactions. **Strengths:** “Benjamin is a practical lawyer who goes above and beyond.” “Ben has an extremely strong understanding of capital markets and of our business.”

Faegre Drinker Biddle & Reath, LLP

What the team is known for Faegre Drinker Biddle & Reath, LLP is able to offer an enviable nationwide capital markets practice from its strong base in Minnesota. The firm regularly advises issuer clients from the financial, retail and logistics industries, among others. The practitioners are routinely called upon to provide counsel on a range of sophisticated debt offerings, as well as IPOs and secondary offerings.

Strengths

“The Faegre team has excellent expertise and always brings creative solutions to the table.”

“The Faegre lawyers provide well-balanced and business-friendly advice.”

Work highlights Faegre Drinker Biddle & Reath, LLP represented Ameriprise Financial in its public debt offering of \$750 million principal amount of its 5.150% Senior Notes due 2033.

Notable practitioners

Head of the global capital markets team, Jonathan Zimmerman, is a key contact in the Minneapolis office.

Fenwick

What the team is known for Fenwick's team boasts a strong bench of significant market players. The attorneys routinely provide counsel to clients on high profile IPOs, as well as debt offerings. The team's client base is composed of organizations in the life sciences and technology sectors. The group has considerable strength in handling matters involving cross-border elements.

Strengths

"The Fenwick team is detail-oriented and technical, providing excellent guidance on complicated matters."

"Fenwick provides seamless support and has a solid understanding both of the legal requirements and of the practical applications."

"It is a great team that has a huge amount of expertise and provides top quality advice."

Work highlights Fenwick represented Third Harmonic Bio in its \$213.1 million IPO.

Notable practitioners

Gordon Davidson has an enviable wealth of capital markets experience having acted on IPOs and other equity offerings for a variety of life sciences and technology companies. **Strengths:** *"Gordon is a legend in this space."* **Robert Freedman** is recognized for handling a comprehensive range of securities transactions, including equity-based deals, such as IPOs and follow-on offerings and extensive debt offerings. **Strengths:** *"Rob is extremely knowledgeable and has great attention to detail."* *"Robert is an exceptional lawyer whose expertise is endless. He has a great legal mind and a great grasp of the law."* **Ran Ben-Tzur** is recognized for his strong record advising clients, particularly in California's tech space, on initial public offerings and other equity and debt transactions. **Strengths:** *"Ran is an exceptional attorney and incredibly valuable to clients."* *"He is a super responsive, experienced and pragmatic lawyer."*

Amanda Rose is noted for her experience handling securities transactions by major technology and life sciences companies. She is often sought after for assistance with complex debt financings and equity offerings. **Strengths:** *"Amanda is a truly exceptional lawyer."* *"She is very pragmatic and always provides a balanced outlook."* *"Amanda is incredibly focused and solutions-oriented."* **Julia**

Forbess demonstrates a strong record advising issuer clients with a range of debt and equity offerings, with a particular aptitude on IPOs and matters pertaining to convertible debt. **Strengths:** *"Julia is an extremely knowledgeable lawyer with great attention to detail."*

Fried, Frank, Harris, Shriver & Jacobson LLP

What the team is known for Fried, Frank, Harris, Shriver & Jacobson LLP acts for a range of clients in the capital markets space, including issuers, underwriters, dealer-managers, and private equity sponsors. The New York-based outfit is recognized for its work on debt offerings and pri-

vate placements, possessing notable experience handling IPOs and secondary offerings. Clients hail from a range of industries, notably shipping, pharmaceutical and financial services.

Strengths

"The Fried Frank team is thorough and knowledgeable about complex matters and best practices."

"The firm is phenomenal and experienced at thinking through complex situations."

"At Fried Frank, the lawyers are diligent and agile with excellent business acumen."

Work highlights Fried, Frank, Harris, Shriver & Jacobson LLP advised Merck & Co, as issuer, in its \$6 billion six-tranche registered public offering of US dollar-denominated senior notes.

Notable practitioners

Andrew Barkan is a highly accomplished practitioner, who provides clients with extensive expertise in capital markets matters. He advises issuers and underwriters on registered and private offerings of debt and equity. **Strengths:** *"Andrew is a great partner with a deep understanding of complex capital markets issues."* *"Andrew has an outstanding blend of legal mastery, business acumen and communication."* *"Andrew provides expert and well-considered advice, with a deep understanding of the industry."* **Daniel Bursky** maintains a diverse securities practice, concentrated on the representation of underwriters and issuers in a broad array of debt and equity transactions. **Strengths:** *"Daniel is a practical and wise attorney. He is a go-to for the tougher questions and for strategy."* *"Daniel is excellent at solving complex and delicate issues that arise in the capital markets context."* *"Daniel has deep experience and real time perspectives on capital markets."* **Mark Hayek** is often called upon to support leading investors and high-profile public companies on their debt and equity transactions. **Strengths:** *"Mark is very knowledgeable and practical. He has high attention to detail and a very strong sense of the importance of quality."* *"He is always willing to work through difficult situations and propose creative solutions. Mark is a fantastic business partner."* **Monica Thurmond** (see p.2670) has extensive experience advising issuers, underwriters and financial sponsors in a wide range of debt and equity transactions. **Strengths:** *"Monica has an unbelievably deep, broad and up-to-the-minute sense of where the market is."* *"Monica is creative and solution-focused."* *"She is our go-to. It is fantastic working with her because she is a laser-focused lawyer."*

Gibson, Dunn & Crutcher LLP

What the team is known for Gibson, Dunn & Crutcher LLP is a noted firm able to advise issuers on their capital markets transactions, with particular expertise in investment-grade debt securities offerings. Key clients include those in the food produce, energy, and healthcare sectors. The firm fields strong teams in New York, California, and Texas, ably supported by its well-regarded regulatory groups.

Strengths

"Gibson provides very pragmatic, business-savvy advice and has a good understanding of their clients' challenges."

"Gibson's work product is excellent coupled with great client service. The lawyers take the time to

know us as a client."

Work highlights Gibson Dunn & Crutcher LLP represented Amazon.com on its SEC-registered offering of \$8.25 billion aggregate principal amount of notes.

Notable practitioners

Hillary Holmes (see p.587) is a highly regarded figure in the Texas market who advises on a broad array of capital markets transactions. **Strengths:** *"Hillary is a very sharp and tactical lawyer. She is very well-connected and always puts clients first."*

"She is an exceptional capital markets lawyer." *"Hillary is very responsive to our needs."* **Andrew**

Fabens (see p.550) comes equipped with a diverse skill set in securities law matters, advising issuers and underwriters on a wide variety of debt and equity transactions. **Strengths:** *"He is an outstanding lawyer. Andrew is terrifically smart and hard-working."*

"Andrew is thoughtful and able to identify broader issues." *"Andrew is an experienced and commercial partner who delivers strong work products."* **Douglas Horowitz** (see p.589) is regularly sought after by clients for his assistance with complex debt and equity offerings, including IPOs. He is particularly recommended for his expert counsel on underwritten high-yield bond offerings. **Strengths:** *"Doug is a very talented lawyer who thinks nimbly and works on deals seamlessly."*

Stewart McDowell (see p.1049)'s capital markets expertise encompasses the representation of issuers and underwriters on the full range of equity and debt offerings. **Strengths:** *"Stewart is a creative lawyer."* *"She is a very smart and capable attorney with a breadth of talent."* *"Stewart is an excellent capital markets lawyer."* **Douglass**

Rayburn (see p.3261) is a well-regarded capital markets practitioner, recognized for his strength in a wide range of transactional matters, including IPOs and high-yield debt offerings. **Strengths:** *"Doug is very knowledgeable, very collaborative and outcome-focused."*

"He is an experienced lawyer who never gets caught in the weeds." **Ryan Murr** (see p.649) is able to advise on a variety of securities offerings and business transactions, with a focus on the life sciences and technology sectors. **Gerald Spedale** (see p.3270) is noted for his skillful representation of clients in capital markets transactions connected with the energy industry. **Strengths:** *"Gerald is very practical and easy to work with, especially with very complex securities issues. He breaks it down in an easily digestible way."*

"He has expert knowledge of securities laws, provides practical and actionable advice, and does not over-complicate issues." *"Gerald is a very patient and diligent lawyer."* **Tull Florey** (see p.3221) has significant experience advising on capital market transactions. His practise is bolstered by his notable strength in M&A. **Strengths:** *"Tull is an outstanding thought partner on all matters, from routine to the most sensitive."*

"Tull is a sharp lawyer who really knows the ins and outs." **Cynthia Mabry** (see p.3242) is an adept debt and equity practitioner who garners recognition for her representation of issuers and underwriters in capital markets transactions. **Strengths:** *"Cynthia is a talented capital markets partner."*

Goodwin

What the team is known for Goodwin covers the full spread of equity capital markets transactions, offering legal expertise in IPOs, follow-ons and refinancing. The firm acts across a range of sectors, including technology and financial services, and life sciences, with a noted specialty in REITs. Goodwin bolsters its strong equity practice with expertise in convertible debt and is able to advise on cross-border transactions owing to its international network.

Strengths

"The team is highly experienced and understands both the legal and commercial issues."

"Goodwin provides thoughtful, practical advice."

"The firm has a real knowledge of the current market, provides practical solutions and are trusted advisors."

Work highlights Goodwin advised Amylyx Pharmaceuticals on its upsized \$246.3 million follow-on offering.

Notable practitioners

Bradley Weber (see p.1083) demonstrates strength in capital markets matters and frequently represents companies and investment banks in complex securities transactions. **Strengths:** *"He is a tremendous lawyer who is very commercial and has excellent judgment. Bradley is a go-to for difficult technical questions."* **Mitchell Bloom** focuses his capital markets practice on the life sciences sector and he possesses a particular aptitude for IPOs. **Strengths:** *"Mitch is a very experienced and practical partner."*

Hunton Andrews Kurth LLP

What the team is known for With key practitioners across the USA, including strong bases in New York and Texas, Hunton Andrews Kurth LLP offers notable capital markets expertise in debt transactions. The firm is widely recognized for its knowledge of investment-grade offerings for key issuers across a range of industries, including in the energy and utilities sectors.

Strengths

"The Hunton team is extremely capable and responsive."

Work highlights Hunton Andrews Kurth LLP advised Duke Energy and its various operating subsidiaries on numerous issuances of debt securities. This included its \$1.15 billion aggregate principal amount of 4.500% Senior Notes due 2032.

Notable practitioners

Michael O'Leary (see p.657) is respected for his broad-ranging expertise in securities law. His diverse practice encompasses the representation of energy companies and investment banks in debt transactions, as well as equity offerings, such as IPOs. **Strengths:** *"Michael is a well-regarded and distinguished practitioner."* *"Michael O'Leary is one of the most experienced and knowledgeable securities lawyers."*

Jones Day

What the team is known for Jones Day is a respected capital markets shop that is able to advise on a panoply of offerings. The firm regularly acts for leading corporates, with particular

expertise in the technology, energy and financial services sectors. With an enviable global network, it is a premier choice for cross-border deals.

Strengths

"Jones Day is very commercial and extremely thorough."

"The Jones Day team is extremely thoughtful and client-focused."

Work highlights Jones Day advised MPLX LP on its public offerings of \$1.1 billion aggregate principal amount of 5.00% Senior Notes due 2033 and \$500 million aggregate principal amount of 5.65% Senior Notes due 2053.

Notable practitioners

Brett Barragate and Jayant Tambe are key contacts in the New York office.

Kirkland & Ellis LLP

What the team is known for Kirkland & Ellis is a strong team renowned for its work on traditional IPOs and in advising SPACs on their route to market. Attorneys at Kirkland are also recognized for capabilities in high-yield and investment-grade transactions. The firm brings together a suite of specializations across the firm to provide the debt and equity practice with well-rounded support. It acts for clients across a range of industries and is a popular choice for private equity funds engaging in complex capital markets transactions.

Strengths

"Kirkland & Ellis is experienced in all aspects of capital markets. The lawyers balance the unique aspects of their clients within the legal framework prescribed."

"The team has an incredible volume of experience and expertise in complex matters."

"Kirkland & Ellis lawyers are incredibly responsive and offer very thorough and creative solutions."

Work highlights Kirkland & Ellis advised Eli Lilly on a four-tranche \$4 billion registered bond offering.

Notable practitioners

Matthew Pacey is a highly regarded capital markets attorney able to assist clients, both on the issuer and underwriter side, on a range of varied and complex securities transactions. **Strengths:** *"Matt is able to give practical advice when handling complex matters. He has a good feel for the pulse of the market so gets the best deals for his clients."* *"He is the most trusted resource for capital markets."* **Joshua Korff** (see p.612)'s accomplishments in the field garner him the respect of issuers and financial sponsors in diverse securities transactions. **Strengths:** *"Joshua has a strong command of business issues. He is a sophisticated and practical problem solver."* *"He has tremendous experience and knowledge."* *"Joshua has a wealth of experience and is on the cutting edge of transactions."* **Julian Seiguer** (see p.3267) is particularly experienced in the energy industry and regularly advises on sector-related equity offerings, including IPOs. He also comes recommended for his knowledge of debt issuances. **Strengths:** *"Julian has very significant technical expertise and business acumen."*

"He is a very sharp and practical lawyer." **Sean Wheeler** (see p.3279) is regularly sought out to handle major IPOs, follow-on equity offerings and

debt transactions on behalf of issuers and investment banks. He is particularly experienced at advising on securities connected with the energy industry. **Strengths:** *"Sean is a very talented capital markets lawyer."* **Pippa Bond** (see p.1003) is highly commended for her work advising issuers and underwriters on the full range of debt and equity securities offerings. **Strengths:** *"Pippa is the prime outside counsel. She gives clients the right tools to make decisions."* *"She is a fantastic capital markets lawyer."* **Monica Shilling** (see p.1072) is noted for her expertise in capital markets law. Her experience includes handling major IPOs, follow-on offerings and investment-grade debt transactions. **Strengths:** *"Monica Shilling is fantastic. She is very intelligent and commercially practical."* **Debbie Yee** (see p.3282) brings capital markets experience to the firm with knowledge of debt and equity transactions and she particularly stands out for her busy IPO practice. **Strengths:** *"She is a really talented lawyer."* *"Debbie is a great capital markets attorney. She's hard working and experienced."* **Sophia Hudson** (see p.590) has a widely recognized practice advising on capital market transactions, boasting expertise in cross-border deals. **Strengths:** *"Sophia is a wonderful capital markets lawyer. She has key commercial judgment and good instincts."* *"Sophia is very thoughtful about the complex situations she is confronted with."* *"She is incredibly technically proficient but has a great commerciality and is a go-to thought partner for tricky situations."* **Rachel Sheridan** (see p.700) helps banks, issuing companies and private equity sponsors navigate all aspects of debt and equity capital markets, including IPOs. **Strengths:** *"Rachel is an excellent and extremely experienced lawyer who takes the time to understand her client."* *"Rachel's depth of experience allows her to bring extremely relevant perspectives. She's extremely bright and gets things done."* *"Rachel is a fabulous and very reliable lawyer."* **Michael Rigdon** (see p.3262) is an up-and-coming partner based in Houston. He has notable experience advising on a variety of debt and equity offerings. **Strengths:** *"He has very good breadth of knowledge and provides great answers efficiently."* *"He is always knowledgeable on market trends and issues. Michael is an excellent, practical lawyer."*

Latham & Watkins LLP

What the team is known for Latham & Watkins LLP houses a deep bench of highly regarded practitioners, offering coast-to-coast expertise on the full range of capital markets matters. The attorneys are regularly sought by managers for counsel on a variety of equity transactions and possesses significant experience advising issuers from a variety of industries. With a comprehensive debt practice, Latham offers expertise in convertible debt and has a particular skill in handling high-yield offerings.

Strengths

"Latham's knowledge base goes well beyond legal matters and includes a detailed understanding of the bond and equity markets in the US and globally."

"The firm has a strong capital markets practice, particularly for highly complex and structured transactions. The lawyers have a pulse on the ever-

evolving market backdrop.”

“The Latham team is extremely experienced, knowledgeable and commercial.”

Work highlights Latham & Watkins LLP represented JP Morgan as underwriters in Savers Value Village’s \$461 million upsized initial public offering.

Notable practitioners

William Finnegan (see p.3219) continues to garner praise for his longstanding securities law practice. His work encompasses a comprehensive range of transactions, including high value debt offerings, IPOs, follow-ons and related financings.

Strengths: *“He is a great technical lawyer who is very knowledgeable and really good at thinking through complex issues.”* **Marc Jaffe** (see p.595) stands out for his talent in handling debt transactions on behalf of issuers and underwriters and he is also particularly adept at representing global clients in major IPOs. **Strengths:** *“Marc is responsive, practical and a real asset to have on your side.”*

“He is the leading capital markets lawyer.” *“Marc is brilliant and an absolute pleasure to work with. His ability to communicate and relate to clients is second to none.”*

Michael Chambers (see p.522) is widely respected for his capital markets practice, offering market-leading expertise in high yield and investment-grade debt issuances. **Strengths:** *“Michael understands everything in the debt space and cuts through all the noise.”* **Richard Kline** (see p.1039)’s capital markets practice covers both issuer and underwriter-side transactions, displaying particular strengths in handling IPOs by technology companies. **Strengths:** *“He is both collegial and knowledgeable.”* *“Richard is a terrific lawyer.”* **Ryan Maier** (see p.3243)’s broad capital markets practice runs the full gamut of debt and equity securities offerings. He often represents issuers, underwriters and private equity sponsors in transactions in the oil and gas industry. **Strengths:** *“Ryan guides clients throughout the transaction, regardless of any issues that come up.”*

Ian Schuman (see p.694) acts for issuers and underwriters in a wide range of transactions, with notable experience in debt matters, including high-yield debt offerings. He also maintains a busy equity practice and he is regularly chosen to counsel clients on IPOs. **Strengths:** *“Ian is a rock star. He is extremely knowledgeable, highly responsive and a pleasure to work with.”* *“He is incredibly bright and very knowledgeable. Ian identifies risks and provides solid solutions.”*

Mollie (see p.3215) **Duckworth** (see p.3215) is a popular choice for clients in the energy industry seeking guidance on a range of debt and equity offerings, including IPOs and follow on offerings. **Strengths:** *“Mollie is incredibly practical and unbelievably responsive.”* *“Mollie is very talented.”*

Tad Freese (see p.1021) is especially active in the technology market, advising banks and companies on their debt and equity transactions. **Strengths:** *“Tad has a phenomenal reputation. He is incredibly smart and understands this area of law very well.”* *“Tad is an amazing, practical counselor that I always consult on my most challenging matters.”* *“I appreciate Tad’s depth of experience and he always provides direct and transparent advice.”*

Shayne Kennedy (see p.1037) impresses clients with his ability to handle com-

plex debt and equity securities offerings. He is particularly experienced at advising on IPOs in the life sciences and technology industries.

Strengths: *“Shayne is thoughtful but practical. He thrives at explaining complex concepts clearly and concisely.”* *“He is a knowledgeable and fantastic partner who looks around corners.”* *“Shayne is truly phenomenal.”* *“Shayne is an experienced capital markets attorney who brings a strong business focus to his advice.”*

David Miller (see p.3249) advises on a broad range of capital markets transactions ranging from IPOs to high-yield debt offerings. **Strengths:** *“He is a very knowledgeable and practical securities lawyer with wonderful connections in the industry.”* *“David is extremely pragmatic, easy to work with and great at execution.”*

“Greg is an absolute go-to for anything capital markets related.” **Steven Stokdyk** (see p.1076) is a distinguished figure in the California legal market. He focuses his practice on the representation of issuers and underwriters in transactional securities matters, such as IPOs and debt offerings. **Strengths:** *“Steven is a trusted thought partner.”*

Nathan Ajiashvili (see p.489) comes particularly recommended for debt and equity transactions in the biotech and healthcare sectors. **Strengths:** *“Nathan is a very strong financing lawyer and incredibly responsive and service-oriented.”* *“He is a fantastic senior partner with strong situational awareness.”* *“Nathan is a fabulous thought partner. He is deeply knowledgeable, thoughtful and skilled at navigating client dynamics.”*

Michael Benjamin (see p.502) has a great reputation for his work on capital markets transactions, representing companies and investment banks in varied debt and equity offerings. **Strengths:** *“Michael is able to navigate even the most complex problems to deliver commercial outcomes.”* *“Michael provides effective representation and thoughtful, commercial advice.”*

John Greer (see p.3228) has experience in debt and equity transactions across a range of industries, with a particular strength in the energy sector. **Strengths:** *“John is a very thoughtful and smart lawyer.”*

Cheston Larson (see p.1042) maintains a robust practice, which sees him advising issuing companies, and their underwriters, on diverse capital markets transactions. He is notably adept at providing counsel to organizations in the pharmaceutical sector. **Stelios Saffos** (see p.688) has established his market standing as a force in the New York capital markets space, displaying strengths in IPOs and high-yield debt, as part of a wide transactional skill set. **Strengths:** *“Stelios is a great, solutions-driven lawyer.”* *“Stelios is my first call when approaching complex situations. He brings a depth of experience and judgment to deliver exceptional outcomes.”*

“He is an exceptional lawyer. He has both a strong set of technical capabilities and is very commercial in representing his clients.”

Sarah Axtell (see p.999) handles the full range of capital markets transactions, with

clients including companies in the technology market and major investment banks. **Strengths:** *“Sarah is an amazing partner and business advisor. Her advice is practical and focused to our needs.”* *“She is a wonderful and technical attorney.”*

Senet Bischoff (see p.506) has a broad capital markets practice, acting for issuers, underwriters and private equity sponsors on diverse securities transactions. **Strengths:** *“Senet is a very practical lawyer who is focused on the important issues.”*

Nick Dhesi (see p.3214) has extensive experience advising clients on a range of capital markets transactions including IPOs, high-yield debt offerings and preferred financings. **Strengths:** *“Nick is a very good technical lawyer.”* **Peter Handrinos** (see p.577) draws widespread praise for his extensive experience advising on IPOs and other high-value capital markets transactions. He counts global financial institutions and pharmaceutical companies among his clients. Cochair of the LA and Century City corporate department, **Lewis Kneib** (see p.610) has considerable strength in the capital markets space. He is adept at handling transactions in the hospitality and real estate sectors. **Strengths:** *“Lewis is a fantastic attorney on really complicated deals.”*

Erika Weinberg (see p.732) is a respected capital markets attorney with a comprehensive securities practice. **Strengths:** *“Erika is incredibly responsive, diligent and commercial.”* *“Erika is a talented and practical lawyer.”*

Corey Wright (see p.2682) is frequently called upon to advise on underwritten debt offerings, with experience spanning high-yield and investment grade offerings. **Strengths:** *“Corey is extremely creative and thorough when working through super complex issues.”* *“Corey is a very good high-yield specialist.”*

Benjamin Cohen (see p.529) advises on both debt and equity transactions, including complex IPOs and direct listings. **Strengths:** *“Ben is excellent at boiling down complex issues.”* *“He is an outstanding advocate. Ben is a very high quality technical lawyer and incredibly client-oriented.”*

Patrick Shannon (see p.698) leads a variety of capital market transactions for a strong portfolio of private and public clients from Latham’s Washington, DC office. His experience includes advising clients on IPOs and equity and debt offerings. **Strengths:** *“He is a phenomenal and pragmatic lawyer. Patrick is a great thinker on how to structure deals.”* *“Pat has many years of experience to shape his perspectives and he consistently delivers high quality work.”*

Alison Haggerty (see p.576) is a rising star in equity capital markets, regularly advising issuers and underwriters on IPOs. **Strengths:** *“She is a fantastic partner.”*

Mayer Brown LLP

What the team is known for Mayer Brown LLP has drawn acclaim for its record acting for issuers and underwriters on a broad array of capital markets transactions. The firm regularly represents clients from the life sciences, energy and financial sectors. The team handles a wide array of matters, including debt offerings, private placements and cross-border equity offerings, as well as high-yield debt transactions.

Strengths

“Mayer Brown’s depth of knowledge and ability to

respond quickly with reasonable, pragmatic and compliant solutions is excellent."

"The Mayer Brown team is helpful at providing guidance that addresses both technical legal complexities as well as market practice and commercial concerns."

"Mayer Brown are fantastic lawyers and partners. They are practical and responsive in their approach, whip smart and a pleasure to work with."

Work highlights Mayer Brown LLP advised HSBC USA, as issuer, on its SEC-registered offering of \$1.25 billion of 5.625% Senior Notes due 2025.

Notable practitioners

Phyllis Korff (see p.613) commands respect for her longstanding experience in the New York capital markets space. She offers clients the advantage of a broad skill set in debt and equity securities transactions. **Anna Pinedo** (see p.669) has developed a diverse capital markets practice, with experience acting for US and international clients on a range of debt and equity transactions.

Strengths: "Anna is super pragmatic, very responsive and really has a finger on the pulse of the market." "Anna is an incredibly talented capital markets and financial services attorney, with an exceptional understanding of the regulatory landscape." "She consistently provides sound and sophisticated legal advice, which also takes into account the commercial aspects of the transaction." **Edward Best** (see p.505) comes equipped with wide-ranging capital markets expertise, routinely advising issuers and investment banks on securities offerings. He is particularly experienced in advising on transactions involving clients in the insurance industry. **Strengths:** "He is a very efficient partner with a practical approach." "Edward has a good reputation in this space."

Milbank LLP

What the team is known for Milbank LLP exhibits expertise in capital markets, having built a prestigious reputation advising leading investment banks and companies on high-yield debt offerings. Deals span an array of industries, with marked capabilities in the aviation sector. The attorneys regularly handle cross-border transactions, leaning on Milbank's impressive network of international offices.

Strengths

"Milbank's strategic advice in challenging situations is incredibly helpful."

Work highlights Milbank LLP represented Goldman Sachs as lead bookrunner in the inaugural high yield bond offering for equipment-share.com.

Notable practitioners

Rod Miller dedicates his practice to a broad range of securities law matters, advising both issuers and underwriters on debt and equity-related transactions. **Strengths:** "Rod is a very capable and commercial debt and equity lawyer." "Rod gives constructive and thoughtful advice and he is completely accessible."

Paul Hastings LLP

What the team is known for Paul Hastings LLP is a capable capital markets firm with a global reach, acting for issuing companies and investment banks. The firm has particular expertise in

debt offerings and garners praise for its expertise in high-yield bond mandates. The attorneys are well versed in a range of cross-border transactions and are particularly experienced in the technology, energy, and real estate industries.

Strengths

"The Paul Hastings team is very pragmatic, thorough, efficient and offers constructive and solutions-oriented advice."

"Paul Hastings delivers high quality advice and a technically excellent work product."

"The team is great at executing on complex deals and has a deep bench."

Work highlights Paul Hastings LLP advised BofA Securities, as representative of the initial purchasers, in connection with Jones DesLauriers Insurance Management's offering of \$500 million aggregate principal amount of 8.50% senior secured notes due 2030.

Notable practitioners

Colin Diamond (see p.541) stands out for his extensive representation of issuers and underwriters in complex equity transactions. **Strengths:** "Colin combines a super intelligent mind, excellent communication skills and the ability to manage capital markets transactions." "He is an exceptional lawyer across the board. Colin's views are well-conceived, thought through and researched." **Frank Lopez** concentrates his practice on securities transactions, working with issuing companies and investment banks on the full range of debt and equity financings. **Strengths:** "Frank is a great capital markets lawyer." **Will Burns** (see p.3206) of Paul Hastings LLP represents clients in a range of capital markets transactions including debt and equity offerings, SPAC transactions and high yield offerings. **Strengths:** "Will is an excellent lawyer and partner across a range of difficult situations." "Will knows what we are driving towards and he works hard to help us achieve those ends. He's quick at formulating alternative plans." "We are very pleased with Will's command of securities law and his attentiveness." **Jeffrey Hartlin** (see p.1029) has notable experience advising clients in the biopharmaceutical industry on IPOs and debt offerings, among other issues. **Strengths:** "Jeff has incredible insight and depth of knowledge." "Jeff is an exceptional lawyer." **John Cobb** (see p.2549) is cochair of the global finance practice. Based in the New York office, he regularly acts for both issuers and underwriters on sophisticated high-yield and investment-grade debt offerings.

Strengths: "John is a fantastic lawyer." "John is truly a business-minded lawyer. He has top awareness of the market and how it is evolving in the moment." "He has great judgment." **Seo Salimi** (see p.689) is held in particularly high esteem for his expertise in the life sciences sector, with clients benefiting from his impressive track record in equity capital markets work for pharmaceutical, medical companies and investment banks. **Strengths:** "Seo is efficient and knowledgeable."

Paul, Weiss, Rifkind, Wharton & Garrison LLP

What the team is known for Paul, Weiss, Rifkind, Wharton & Garrison LLP represents issuers across a range of fields, including energy, telecommunications and leisure, as well as global investment

banks acting as underwriters on capital markets transactions. The firm brings to bear recognized strength in IPOs and high-yield debt and boasts an impressive roster of clients including household name issuers and leading private equity sponsors.

Strengths

"Paul Weiss consistently impress with its anticipation of issues, thoughtful advice and seamless resolutions."

"The seasoned Paul, Weiss team is solution-focused and uses its strong technical know-how to execute creative solutions."

"The team is very client focused and has a great depth of expertise."

Work highlights Paul, Weiss, Rifkind, Wharton & Garrison LLP advised Savers Value Village in its \$461.4 million IPO of shares of common stock.

Notable practitioners

Gregory Ezring (see p.2566)'s practice encompasses capital markets transactions of all kinds, including registered offerings of debt, equity offerings and private investments by companies. He is particularly specialized at conducting leveraged finance transactions on behalf of private equity funds and alternative asset managers.

Strengths: "Greg knows his stuff in and out and how to get the hardest deals done." **John Kennedy** (see p.604) enjoys a fine reputation in the New York market for his work handling a wide array of securities transactions. **Strengths:** "John is a great capital markets lawyer, with deep knowledge of the law and prevailing market practices and the ability to cut to the core issues." "John always demonstrates deep institutional knowledge of his clients."

Brian Janson (see p.595)'s broad securities practice sees him acting for issuers, underwriters, and private equity sponsors on a range of debt and equity offerings. **Strengths:** "Brian is extremely well respected and a go-to strategic partner." "Brian consistently combines intelligence and commercial awareness to deliver practical solutions to transactional issues."

Ropes & Gray LLP

What the team is known for Ropes & Gray LLP has a broad experience handling complex debt and equity matters. Clients range from private equity outfits and investment banks to corporates, including high-end companies operating in the healthcare, biotechnology and pharmaceutical sectors. The firm is particularly acknowledged for its expertise in equity transactions, including SPACs, and is often called upon to advise technology and life sciences companies.

Strengths

"Ropes & Gray are talented attorneys that make complex processes simple for clients."

"Ropes & Gray is an exceptionally knowledgeable team that handles significant work effectively and efficiently."

"The team has excellent judgment and expertise."

Work highlights Ropes & Gray LLP represented ImmunoGen in connection with its \$325 million follow-on offering.

Notable practitioners

Paul Tropp (see p.721) is noted for his broad expertise in debt securities offerings, with an especially strong underwriter's practice. He is

also highly regarded for his equity practice, with notable expertise in advising SPACs. **Strengths:** “Paul is a true and trusted advisor. He always works to do right by his clients while maintaining the highest quality of counsel.” “Paul is a very well known and excellent lawyer. He is outstanding.” “He is a key player in this space. Paul has incredibly strong relationships with the banks.” **Faiza Rahman** (see p.673) adroitly supports issuer and underwriter clients in the full range of capital markets transactions, with notable skill in equity offerings. **Strengths:** “Faiza is a great equity capital markets lawyer.” “Faiza is a very good partner. She is well respected in the equity space.”

Sidley Austin LLP

What the team is known for Sidley Austin LLP has a noted issuer practice to complement a historic strength in advising underwriters. The firm has deep industry expertise, with significant areas of focus including insurance, life sciences, energy, and real estate. The attorneys advise on a raft of investment-grade debt offerings, IPOs and transactions involving equity-linked products.

Strengths

“The firm has a significant understanding of securities law so deftly navigates complex matters. It has a strong bench too.”

“Sidley Austin handles extremely complicated issues on a broad array of topics.”

“The team are experts in this field and are very efficient.”

Work highlights Sidley Austin LLP represented Flex and Nextracker in its upsized \$638 million IPO. The underwriters exercised their option to purchase additional shares which increased the total offering to \$734 million.

Notable practitioners

David Buck (see p.3205)’s broad practice encompasses the representation of investment banks and issuers in debt transactions, as well as complex IPOs and other equity matters. **Strengths:** “He is a great capital markets lawyer.” **Samir Gandhi** (see p.562)’s wide-ranging securities practice sees him advising both underwriters and issuers on the full range of equity offerings, including IPOs, as well as various debt transactions. **Strengths:** “Samir is very strong, combines excellent judgment and practicality, and balances clients’ needs.” “Sam is exceptionally experienced and incredibly knowledgeable.” “Sam is a very talented lawyer.” **Sharon Flanagan** (see p.1020) focuses her practice on securities offerings in the technology and life sciences industries. She frequently represents issuers and underwriters in IPOs and other equity offerings, as well as various debt issuances. **Strengths:** “She is a tremendous partner with strong business acumen, deep subject matter expertise and exceptional responsiveness.” “Sharon is an extraordinary talent. She is wonderfully effective in negotiations and a very sharp minded, quick-thinking partner.” Clients seek out **Edward Petrosky** (see p.667) for his extensive expertise in securities offerings, and he frequently acts on the full range of debt and equity transactions, including IPOs. **George Vlahakos** (see p.3276) enjoys a strong reputation for his capital markets capabilities in the energy sector, with key clients including MLPs.

Strengths: “George is extremely knowledgeable and a great technical lawyer.” “George is extraordinary. He is brilliant, extremely responsive and an important part of our company.” “He is a very commercial lawyer and knows what issues are worth fighting for.” **Johnny Skumpija** (see p.704) is well regarded for his broad-based capital markets practice, which encompasses both issuer and manager representation. **Strengths:** “Johnny is extremely collaborative and enjoyable to work with.” “Johnny is very commercial and really comes through for his clients.” **Robert Ryan** (see p.687) is a capable advisor to a portfolio of high profile national and international clients on their debt and equity offerings. **Strengths:** “Rob is very efficient and commercial.” “Robert does a masterful job on sophisticated transactions.”

Simpson Thacher & Bartlett LLP

What the team is known for Simpson Thacher & Bartlett LLP is renowned for its ability to handle large and complex debt and equity transactions, representing issuers, underwriters, and private equity sponsors. The firm is particularly noted for its skill and experience advising on major IPOs and follow-ons. It also possesses a number of specialists distinguished in the high-yield and investment-grade debt space.

Strengths

“The team is incredibly thoughtful, with deep expertise and very knowledgeable lawyers.”

“Simpson Thacher & Bartlett is a go-to for complex matters because of the attorneys’ ability to think creatively and give direct and succinct feedback.”

“The firm is invaluable in assisting us in navigating deals. We can always count on them to have a specialist with strong expertise on any matter.”

Work highlights Simpson Thacher & Bartlett LLP represented CAVA in its \$340 million IPO of common stock.

Notable practitioners

Distinguished attorney **William Brentani** represents issuers, underwriters and private equity sponsors in a wide variety of debt and equity transactions. He is highly sought after for his expert counsel on transactions in diverse sectors, including healthcare, technology and retail. **Strengths:** “Bill is thoughtful and practical in his advice.” “Bill is a trusted advisor.” **Arthur Robinson** (see p.681)’s transactional experience spans the full range of capital markets matters, with a practice emphasis on high-yield debt and IPOs. **Strengths:** “He is a legend and a go-to for the most complicated and complex issues. He works through all sorts of issues creatively and thoughtfully.” “Arthur is a very prominent practitioner in the market.” “Arthur is an exceptional lawyer.” **Joshua Ford Bonnie** (see p.509) is a distinguished capital markets attorney, who regularly assists clients with high-profile IPOs, among other equity and debt financings. **Strengths:** “Joshua is a very practical and commercially-minded partner.” “Joshua is a phenomenally strong lawyer.” **Dan Webb** (see p.1083) provides counsel to industry-leading clients on a wide range of capital markets matters. His transactional skill set encompasses public and private offerings of debt and equity, including IPOs. **Joseph Kaufman** (see p.603) is recommended for his work advising healthcare

companies, REITs and underwriters on significant debt and equity offerings. He is regularly sought after by clients for guidance on major IPOs. **Heidi Mayon** (see p.1048) boasts notable experience of handling significant IPOs. Her clients stem from a broad range of industries including technology and energy sectors. **Strengths:** “Heidi is a very strong lawyer.” **Roxane Reardon** (see p.676) is a highly accomplished practitioner whose clients seek her advice on all aspects of debt and equity transactions. **Strengths:** “Roxane is great. She is fantastically smart and very collaborative.” “Roxane is a really excellent practitioner.” **Brian Rosenzweig** (see p.3263) has experience advising on debt and equity offerings. In particular, he earns market attention for his in-depth knowledge of high-yield debt. **Strengths:** “Brian is a go-to attorney that provides great insight. He is smart, service-oriented and balanced.” “He is well-regarded by banks and always hits the right balance with his commercial approach.” “Brian is an astute, creative and very thorough capital markets lawyer.” **Kenneth Wallach** (see p.729) has a wealth of experience handling major capital markets transactions on behalf of underwriters, issuers and private equity sponsors. **Strengths:** “Kenneth is really thoughtful and analytical.” “Kenneth is incredibly practical and helps navigate the nuances of capital markets.” **David Azarkh** (see p.494) is in demand for his knowledge of equity capital markets and he is also recognized for his ability to assist with debt transactions. **Strengths:** “David is a very collaborative and smart partner.” “David is very creative and thoughtful when dealing with very complex issues.” **Richard Fenyes** offers considerable strengths in high-yield debt transactions, often representing companies in the healthcare industry. He also routinely assists clients with public and private offerings of investment grade debt and equity. **Strengths:** “Richard is extremely client-focused. He solves legal issues with a business-minded approach.” “Richard is a very experienced and efficient partner.” **John Ericson** (see p.548) brings in-depth experience of corporate finance transactions and high-yield debt offerings. **Strengths:** “John is very knowledgeable and capable.” “He is an amazing and very sophisticated lawyer. John is on top of every detail.” “He is a great practitioner. John is tremendous.” **Lesley Peng** (see p.665) regularly leads issuers and underwriters through capital markets transactions, with a notable high-yield and investment-grade debt practice. **Strengths:** “She is a very seasoned partner.” “Lesley shows tremendous skill in IPOs.” **Marisa Stavenas** (see p.710) is commended for her debt and equity practice, with experience across a range of products, including recent work advising clients on complex novel structures such as green bond offerings. **Strengths:** “Marisa is always impressive with her understanding of complex matters. She provides wise legal advice and great insights.”

Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates

What the team is known for Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates is a well-regarded capital markets team, able to bring significant prowess in the full range of debt and equity securities offerings. The firm acts for a

broad client list that includes investment banks and private equity firms, as well as public and private companies across a multitude of sectors. The team routinely receives plaudits for its strength in high-yield and investment grade debt offerings. The attorneys offer a depth of expertise in equity transactions, most notably in the SPAC market, where the group is deemed to have a particular niche.

Strengths

"Skadden is exceptionally experienced and provides creative solutions to truly unique matters."

"The Skadden team has a deep bench with extensive knowledge in the industry. The lawyers are creative problem solvers and provide business-friendly advice."

"The team is extremely proactive and understands our business very well."

Work highlights Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates represented Pfizer, and its subsidiary Pfizer Investment, in Pfizer Investment's \$31 billion offering of notes in eight tranches.

Notable practitioners

Gregg Noel (see p.1056) provides market-leading counsel on the thorniest capital markets transactions. His practice sees him representing global issuers and underwriters in traditional IPOs, and he has established himself as one of the foremost experts on SPACs. **Strengths:** *"Gregg brings a great perspective with unique ideas."* **David Goldschmidt** (see p.569)'s practice is informed by decades of experience handling a wide range of capital markets matters. His clients include both public and private companies in diverse sectors, as well as industry-leading investment banks.

Strengths: *"David is a very capable and experienced lawyer."* **Ryan Dzierniejko** (see p.546) is especially highlighted for his command of the debt market, including investment grade and high-yield debt, and he is also able to advise on equity transactions, including supporting clients through IPOs. **Strengths:** *"Ryan is incredible. He is a true business-minded lawyer and a clear communicator."* *"He is an outstanding partner. Ryan is highly experienced and provides strategic knowledge and advice."* *"Ryan has an encyclopedic knowledge of capital markets."* **Michelle Gasaway** (see p.1023) has a comprehensive debt and equity practice, with notable capabilities in guiding clients through their IPOs, including advising special purpose acquisition companies on going public. **Strengths:** *"Michelle provides clear and practical guidance."* **Thomas Ivey** (see p.1033) represents a broad client base, including financial advisers, investment banks and companies in the technology industry, on a diverse array of capital markets matters. **Strengths:** *"Thomas is an excellent attorney. He is able to break down incredibly complex issues into actionable advice."* **Michael Zeidel** (see p.741) frequently assists sponsors, issuers and underwriters in varied capital markets transactions. His expertise encompasses all kinds of debt and equity transactions, including IPOs and secondary offerings. Clients turn to **Gregory Fericola** (see p.553) for his experience across the debt and equity markets. His work spans a mixture of issuer and underwriter-side representation and often sees him advising on

IPOs and follow-on equity offerings. **Strengths:** *"He is extremely thorough and very helpful."* **Laura Kaufmann Belkhatay** (see p.603) is a skilled capital markets lawyer with expertise representing clients in IPOs. **Strengths:** *"Laura is always ready with answers. She is knowledgeable and experienced."* *"Laura is a very seasoned lawyer."*

Sullivan & Cromwell LLP

What the team is known for Sullivan & Cromwell LLP handles a wide array of capital markets matters, offering a broad range of expertise thanks to significant related strengths in M&A, banking and regulatory law. The attorneys display capabilities in guiding managers through sophisticated equity transactions. The firm is also noted for its ability to handle major cross-border debt mandates for issuer clients across a raft of industries, as well as advising financial investors on the bond market.

Strengths

"The firm has great depth and the knowledge of the lawyers is tremendous."

"Sullivan & Cromwell is extremely knowledgeable, very proactive with ideas and able to quickly answer questions."

"The firm has a strong roster and does a good job of taking complex transactions and boiling them down to actionable basics."

Work highlights Sullivan & Cromwell LLP advised the Royal Bank of Canada in numerous SEC-registered offerings of senior medium-term notes.

Notable practitioners

Robert Buckholz (see p.516) has a wealth of excellent experience acting on complex debt and equity financing matters. **Sarah Payne** (see p.1059) is recognized for her extensive capabilities on wide-ranging capital markets matters. She is particularly skilled at advising on IPOs and secondary offerings. **Strengths:** *"Sarah is a practical lawyer."* **John Savva** (see p.1069) is recommended for his expert counsel on public and private offerings of debt and equity. He is experienced in a broad array of sectors, including technology, healthcare and life sciences. **Strengths:** *"John is truly a strong lawyer. He is very experienced and practical."* *"He provides appropriately balanced and detailed advice."* *"John is an outstanding lawyer."*

Patrick Brown (see p.1005) regularly acts for major investment banks and corporations in a wide variety of sectors, including technology, healthcare and real estate. **Strengths:** *"Patrick has impeccable judgment and a solutions-oriented approach."* Cohead of the practice **Catherine Clarkin** (see p.527) is a skilled attorney with an excellent reputation for her transactional capabilities in capital markets. **Strengths:** *"Cathy provides a high level of service, has an excellent knowledge of the law and is business-minded."* *"Cathy is a knowledgeable, practical and responsive partner."* *"She is a very intelligent lawyer and offers creative solutions."* Cohead of the firm's capital markets practice **Robert Downes** (see p.544) is highly skilled at transactions relating to high-yield and investment-grade debt, as well as equity offerings. **Strengths:** *"Robert has a very strong command of capital markets law."* *"Robert is outstanding to work with on difficult deals."* **Alison Ressler** (see p.1063) centers her practice on capital markets transactions, with an emphasis on

debt and equity-based securities offerings. Her expertise in securities law is complemented by a wider M&A and private equity-based skill set.

Strengths: *"Alison has extensive experience. She stands out for her excellent advice and pragmatic solutions."*

Vinson & Elkins LLP

What the team is known for Vinson & Elkins LLP remains a top tier practice, offering expertise in a wide variety of capital markets deals. From its headquarters in Houston, the firm is particularly strong in handling MLP IPOs and fields a deep bench of highly experienced practitioners with a range of specialties in both debt and equity offerings. The attorneys provide clients with ancillary expertise in areas such as tax, regulatory and energy law and are active in the technology, aviation and real estate industries, with additional capability across the energy space.

Strengths

"The firm is extremely sophisticated and has a broad base of experience and subject matter expertise."

"Vinson & Elkins is equipped to handle the most complex and unique matters. The strong bench ensures expert coverage and great client service."

"It is a commercial and efficient team that is fantastic to work with."

Work highlights Vinson & Elkins LLP advised Atlas Energy Solutions in connection with its \$324 million IPO of Class A common stock.

Notable practitioners

Mark Kelly provides market-leading representation to issuers and underwriters on the full span of capital markets matters. **Strengths:** *"Mark's understanding of the legal landscape and the players in it is a vital asset to our company."* **Douglas McWilliams'** broad practice sees him at the service of issuers and underwriters in major offerings of debt and equity, with extensive experience in complex and high value IPOs in the energy sector.

Strengths: *"Douglas is one of the premier capital markets lawyers."* *"Doug is outstanding. He is a mover and shaker in the industry."* **Sarah Morgan** is an experienced adviser to companies and underwriters, with capabilities spanning both debt and equity transactions, including IPOs. **Strengths:** *"Sarah is a super sharp and knowledgeable lawyer who regularly handles complicated deals."* *"She has a deep knowledge of complex capital markets transactions. She stays ahead of the curve on deals and anticipates problems before they arise."*

David Oelman acts for clients in a range of capital markets matters, with an emphasis on IPOs. He brings to bear significant experience in diverse industries, including energy, biotechnology and construction. **Strengths:** *"David Oelman is an exceptional attorney. He provides smart, practical legal advice and is always available to handle legal issues as they arise."* *"David is a super valuable resource with great experience and a breadth of knowledge. He always brings a thoughtful and practical approach to issues at hand."* *"He is consistently outstanding."* **Ramey Layne** dedicates his practice to the representation of issuers and underwriters on the complete spectrum of debt and equity offerings. He is highlighted for his specialist experience advising MLPs and SPACs.

Strengths: “Ramey is an extremely smart securities lawyer and very talented with MLPs.” “He is a very creative thinker.” **Michael Telle** is regularly chosen by clients for his expert counsel on a broad range of public and private financing transactions. He is best known for his capital markets work in the energy industry, where he handles all kinds of debt and equity offerings. **Strengths:** “Mike Telle is one of our most trusted advisors.” “He is a seasoned veteran in the capital markets space.” “Michael is always calm in stressful situations and is a capital markets specialist.” **David Stone** (see p.3271) is a popular choice for oil and gas companies involved with a range of debt offerings. He has notable experience of providing counsel on high-yield debt transactions. **Strengths:** “Dave is a great debt lawyer. He is thoughtful, diligent and highly experienced.” “He is a perfect example of a lawyer that helps identify key issues.” “David is a very pragmatic high-yield debt lawyer. He is a great thinker with creative solutions always at hand.” **Jackson O’Maley** (see p.3254) is an up-and-coming partner regularly sought after for his notable experience in a range of capital market transactions, particularly in the energy industry. **Strengths:** “Jackson is knowledgeable, prompt and practical. He always provides well-reasoned analysis.” “Jackson is phenomenal. He is an extraordinarily technical capital market attorney.” “He understands the industry and is able to provide real time, practical advice.”

Weil, Gotshal & Manges LLP

What the team is known for Weil, Gotshal & Manges LLP is an established capital markets practice, with particular capabilities in equity transactions, including in traditional IPOs and SPAC IPOs. The firm represents both issuers and underwriters in complex transactions, as well as possessing notable experience working with private equity firms. The capital markets team maintains close relationships with Weil’s banking and M&A departments to provide clients with a comprehensive service.

Strengths

“The Weil team is very strong and capable.” “The firm is user friendly, communicative and well versed in the current market and trends.”

Work highlights Weil, Gotshal & Manges LLP advised Getty Images Holdings in its \$865 million issuance of common stock and warrants.

Notable practitioners

Merritt Johnson (see p.597) tackles a wide range of capital markets issues, with strength in both debt and equity offerings. **Strengths:** “Merritt is commercial, smart and capable in all respects.”

Alexander Lynch (see p.627) regularly acts for public and private companies in diverse sectors, including energy, healthcare and technology. His impressive equity practice sees him advise on a range of matters, from traditional IPOs to SPACs. **Strengths:** “Alexander is an excellent partner. He is very thoughtful and approachable.” “Alexander is seasoned, knowledgeable and responsive.”

Heather Emmel (see p.547) has a flourishing capital markets practice across debt and equity. She draws particular praise for her expertise on matters involving SPACs. **Strengths:** “Heather is very thorough and extremely knowledgeable.” “She

is one of the most meticulous lawyers, her attention to detail is unparalleled.” “Heather is deeply knowledgeable and understands difficult scenarios. She has a very methodical, thoughtful approach and finds interesting solutions to problems.”

White & Case LLP

What the team is known for White & Case LLP remains a prominent firm, actively engaged in representing both issuers and underwriters on a diverse range of capital markets transactions. The attorneys are particularly skilled at advising on transactions involving high-yield debt securities. The significantly bolstered team rounds out its capital markets capabilities with standout knowledge of the SPAC market.

Strengths

“White & Case is incredibly thoughtful, understands how to tackle complex issues and has excellent lawyers.”

“White & Case develop and implement creative solutions successfully in the most complex situations.”

“The team is always extremely knowledgeable and has deep understanding of market trends.”

Work highlights White & Case LLP represented NRG Energy, as issuer, on its \$650 million preferred stock offering.

Notable practitioners

A.J. Erickson comes highly recommended for his extensive capital markets practice, which sees him advise a range of issuers to underwriters in debt and equity transactions. **Strengths:** “AJ is a really sophisticated and super responsive capital markets attorney.” “AJ is a very smart and business-minded lawyer who always provides efficient and practical advice.” **Jason Rocha** is sought out by both issuers and investment banks, regularly advising on a variety of debt and equity offerings.

Strengths: “He is a very knowledgeable capital markets lawyer for any complex issues.” **Stuart Bressman** is an experienced securities lawyer, who is respected for his work advising on debt and equity offerings in the pharmaceutical and life sciences industries. **Strengths:** “Stuart understands how to manage complex issues while delivering the best solutions for his clients.” **Jonathan Michels** is active in both debt and equity capital markets, regularly representing managers and issuers in transactions. **Strengths:** “Jonathan is the whole package. He is strategic, commercial and thorough.” “Jonathan is unbelievably creative, knowledgeable and has great client management skills.” “He has a very good command of legal issues which enables him to come up with practical and commercially viable solutions.” **Laura Katherine Mann** (see p.3244) is an up-and-coming partner in Houston. She has valuable experience advising on an array of capital market transactions. **Strengths:** “She is a great lawyer to work with and very commercial.”

Wilson Sonsini Goodrich & Rosati

What the team is known for Wilson Sonsini Goodrich & Rosati is acknowledged as a significant market player for capital markets transactions in the technology and life sciences sectors. The firm possesses a proven track record in IPOs, as well as high value Rule 144A and SEC-regis-

tered offerings. The attorneys act for a combination of corporates and investment banks and the strong equity practice is complemented by expertise in convertible bonds.

Strengths

“Wilson Sonsini has strong experience with complicated transactions. It offers thoughtful, deep expertise across various areas.”

“It is my go-to team when we have something complex or unusual. Wilson Sonsini has great depth and often helps establish cutting edge theories.”

“The firm is incredible, with an excellent slate of partners and world-class commercial acumen.”

Work highlights Wilson Sonsini Goodrich & Rosati advised the underwriters on NextTracker’s \$662.5 million secondary public offering.

Notable practitioners

Steven Bochner has immense experience advising industry-leading companies and investment banks on the full panoply of capital markets matters. **Jeff Saper** maintains a distinguished practice focused on securities transactions by technology and emerging growth companies. His expertise encompasses both issuer and underwriter representation. **Strengths:** “Jeff is a highly seasoned and very capable attorney.” **Larry Sonsini**’s extensive knowledge of securities law makes him an asset to clients on the most complex capital markets transactions. He maintains a leading reputation for his seasoned counsel on debt offerings, as well as IPOs and other equity transactions.

Chair of the firm’s board of directors, **Katharine Martin** stands out for her ability to handle a range of complex capital markets transactions. She is especially gifted at handling significant equity offerings, including IPOs and private investments, on behalf of issuers, sponsors and investment banks. **Strengths:** “Katherine is a premier lawyer.” **Rezwan Pavri** has a wealth of experience assisting clients with a comprehensive range of capital markets matters. He dedicates a substantial portion of his practice to handling major IPOs in varied industries. **Strengths:** “Rezwan is a phenomenal and thoughtful lawyer.”

Tony Jeffries is highly regarded for his advice on capital markets transactions. He is best known for his representation of technology companies, and their underwriters, on diverse securities offerings. **Strengths:** “Tony is very collaborative and results-oriented. I always enjoy working with him.”

Michael Occhiolini boasts a noteworthy client base of widely recognized technology companies who regularly turn to him for advice on a broad range of debt and equity transactions. **Strengths:** “Michael is a terrific debt lawyer.” **Allison Spinner** displays strength in both issuer and underwriter representation on the full range of debt and equity offerings. **Strengths:** “She always impresses.” **Erik Franks** has an impressive practice that sees him advise some of the best-known technology companies and investment banks on major offerings of debt and equity, including convertible debt.

Strengths: “Erik is always very responsive and knowledgeable.” “He is a great debt specialist.” **Lisa Stimmell** is an up-and-coming partner in Wilson Sonsini’s Palo Alto office. She has broad experience in debt and equity matters, with a strong record advising on public offerings, both on the issuer and underwriter side. **Strengths:** “Lisa is a

really strong capital markets lawyer.”

Other Ranked Lawyers

Carina Antweil (see p.3198) of Baker Botts L.L.P. acts for both issuers and underwriters across a range of debt and equity transactions. She is adept at counseling clients on initial and secondary public offerings. **Strengths:** “Carina is exceptional. She is extremely responsive, client-oriented and always has substantively complete answers to our questions.” “Carina is an up-and-coming star at Baker Botts.” “She is a very efficient lawyer.”

Kerry Burke (see p.516) of Covington & Burling regularly counsels issuers on bond and stock offerings. **Strengths:** “Kerry is a phenomenally business-oriented capital markets lawyer.”

Brett Cooper of Orrick, Herrington & Sutcliffe LLP is noted for his experience in securities law. His expertise covers equity financing, debt offerings and SPAC transactions. **Strengths:** “Brett is a great advisor and partner; he truly understands his clients.”

Capital markets expert **Joshua Davidson** (see p.3213) of Baker Botts L.L.P. is respected for the depth of his expertise in many industries, including renewable energy and midstream oil and gas. **Strengths:** “Josh Davidson is a legend among Texas capital markets lawyers.” “He is the perfect lawyer to get an opinion from. There are very few things that Joshua hasn’t seen.”

Jonathan DeSantis (see p.2558) of Proskauer

Rose LLP is respected for his extensive work in the technology, healthcare and financial services industries, where he assists clients with varied capital markets transactions, most notably high-yield and investment-grade debt mandates.

James Evans of Orrick, Herrington & Sutcliffe LLP is particularly skilled at handling debt and equity transactions, with significant experience including advising technology companies on their IPOs. **Strengths:** “James always offers practical suggestions for both legal and business matters.” “He is an incredibly strong business strategist as well as technically strong.”

John Goodgame (see p.570) is particularly known for his representation of energy companies in extensive debt and equity offerings. **Strengths:** “John is a practical and detail-oriented lawyer.”

Troy Harder of Bracewell LLP is recognized for a robust capital markets practice representing issuers and underwriters on a wide range of matters, including IPOs and public and private debt offerings. **Strengths:** “Troy is a thoughtful and commercial partner with excellent client service.” “Troy is hugely knowledgeable and good at planning ahead.”

Bill Hughes of Orrick, Herrington & Sutcliffe LLP advises on an array of debt and equity offerings. His client base includes both public and private companies. **Strengths:** “Bill is a fantastic attorney.”

Valerie Ford Jacob (see p.594) is cochair of Freshfields Bruckhaus Deringer’s global capital markets group and concentrates her well-regarded practice on debt and equity financings. She reg-

ularly counsels issuers and underwriters on high value IPOs and investment-grade debt issuances.

Trevor Lavelle of Clifford Chance LLP is highlighted for his expertise in debt capital markets, particularly matters pertaining to high-yield debt. Chair of Covington & Burling’s practice **Brian Rosenzweig** (see p.683) enjoys a great reputation for his comprehensive capital markets practice, centered around the representation of life sciences and technology companies and investment banks in varied securities transactions. **Strengths:** “Brian is a very pragmatic and smart attorney who is always willing to work with us to achieve the desired result.” “Brian is very approachable and gives good timely advice.”

Sarah Solum (see p.1074) of Freshfields Bruckhaus Deringer has market-leading experience advising underwriters and companies on stock offerings and notes issuances, including advising on convertible debt transactions. **Strengths:** “Sarah regularly provides strategic and practical advice on a number of critical issues.” “Sarah is prepared, thorough and efficient.” “She is very practical, tactical and knows the markets she operates in.”

Jeffrey Vetter of Gunderson Dettmer Stough Villeneuve Franklin & Hachigian has established a broad practice involving the representation of both underwriters and issuers in a wide array of capital markets transactions.

Capital Markets Securitization Nationwide

The editorial is in alphabetical order by firm name.

A&O Shearman

What the team is known for A&O Sherman is a renowned team which is well placed to offer advice on a wide range of sophisticated securitization transactions. The firm’s extensive CLO expertise and ability to advise on an array of traditional ABS structures makes it a strong choice for clients seeking advice on international matters.

On 1st May 2024, Allen & Overy and Shearman & Sterling merged to form A&O Shearman.

Strengths

“The group has a very deep bench and their wealth of experience puts them at a great advantage when resolving complicated negotiations.”

“The team is wonderful and very knowledgeable.”

“The lawyers are knowledgeable of market trends and the best way to protect the client.”

Work highlights The team represented Neuberger Berman in new issue, refinancing and reset CLO transactions.

Notable practitioners

Lawrence Berkovich (see p.503) regularly advises major financial institutions on securitization transactions, receiving abundant praise for his CLO practice. **Strengths:** “Lawrence is a great attorney to work with. He is incredibly knowledgeable.” **John Hwang**’s busy ABS practice sees him assist a range of interested parties, from issuers to underwriters, on a variety of transactions spanning credit cards, auto loans and aircraft, among other assets. **Strengths:** “John provides a wealth of knowledge and expertise.” “John provides a very high level of service and responsiveness on a broad range of ABS activities.” **Christopher Jackson** (see p.594) is admired by underwriters and collateral managers for his ability on CLO transactions. **Strengths:** “He is commercial and smart.” “Chris-

topher is very experienced, intelligent and responsive.” “Chris is a very fine lawyer and provides a high level of service.” **Derek Poon** (see p.671) gains recognition for his securitization practice, which has seen him provide guidance on a broad array of assets, from transport receivables to credit cards. **Strengths:** “Derek provides tremendous customer service. He pairs a friendly style with innovative, insightful advice.” “Derek excels at client service and brings a strong understanding of securitization requirements.” “He is very smart and organized.” **Luke Maiman** (see p.630) has earned a reputation as a noteworthy CLO associate as a result of his flourishing practice, which involves supporting numerous parties in transactions, including lenders and arrangers, and collateral managers.

actions. The firm advises clients on commercial paper, auto loans and leases, and trade receivables securitizations. It also provides ongoing advice and interpretation regarding developing regulatory standards. The attorneys are able to represent a broad range of clients in transactions and the firm is especially recommended for its trustee practice.

Notable practitioners

John Hitt (see p.585) regularly acts as counsel to the trustees in deals involving asset-backed securities, including traditional and esoteric assets. **Aaron Efta** is able to securitize the full range of ABS, with notable capabilities in the handling of esoteric assets. New York-based **Kenneth Marin** is recommended for his broad securitization practice. **Anna Anderson** (see p.491) is a highly regarded up-and-comer noted for her strong representation of trustees. **David Sykes** (see p.714) ‘ clients benefit from his in-house experience which he leverages to capably assist with PACE securitizations. He is based in the firm's Chicago office.

Cleary Gottlieb Steen & Hamilton LLP

What the team is known for Cleary Gottlieb Steen & Hamilton LLP is praised for its work on CLOs. The firm is able to draw upon a superlative regulatory team to stay abreast of the most recent legislative developments in the field, with in-depth expertise in risk retention matters and the application of the Volcker Rule. Clients include investment banks, private equity firms and multinational conglomerates.

Strengths

“Cleary are always responsive and get up to speed quickly.”

“The Cleary team is talented and capable. They are prepared and diligent.”

Work highlights Cleary Gottlieb Steen & Hamilton LLP counseled CVC Credit Partners, as collateral manager, in CLO transactions totaling over \$1 billion.

Notable practitioners

Macey Levington (see p.621) is especially highlighted for his ability to advise global banks and alternative investors on CLOs. **Charles Sterling** (see p.711) is an up-and-coming counsel in the Washington DC office. He regularly represents underwriters on collateralized loan obligation transactions. **Strengths:** “He is incredibly smart, extremely diligent and always works hard to find the right solution to a problem.”

Clifford Chance US LLP

What the team is known for Clifford Chance LLP is a diverse practice with strength in the CLO space. It also demonstrates extensive knowledge of the mortgage market, with noted expertise in REMICs, RMBS and CMBS. The firm is capable of securitizing other traditional and novel assets and has strength in all aspects of the deal structures, including advising on the tax aspects of deals. Supported by offices in other jurisdictions, Clifford Chance is well positioned to handle a broad range of cross-border transactions.

Strengths

“The team's knowledge and capabilities always impress.”

“Clifford Chance is very strong in its ability to handle complex and sophisticated matters.”

Work highlights Clifford Chance LLP advised Credit Suisse Asset Management as portfolio manager in numerous CLO transactions, including its \$393.7 million Madison Park Funding LXII CLO transaction.

Notable practitioners

Lee Askenazi has a broad securitization practice in the mortgage market, regularly advising managers, and other deal parties, on RMBS and CMBS transactions. **Strengths:** “Lee is very knowledgeable, commercial and responsive.” “He is very practical and personable.” **Jim Cotins** is best known for advising all deal participants on the securitization of commercial real estate assets. **Strengths:** “Jim is great to work with, his knowledge and attention to detail has always impressed.” **James Gouwar** focuses his securitization practice on the tax requirements of transactions, with deal experience spanning a broad range of structures such as mortgage-backed securities and CLOs. **Strengths:** “James is very proactive and he has good judgment.” **Robert Villani** is recognized for his noteworthy securitization practice, which sees him handle CLO transactions for a range of interested parties, and he is particularly active in the representation of asset managers. **Strengths:** “He is incredibly knowledgeable and has a tremendous ability to get things done in a tight time frame.”

Dechert LLP

What the team is known for Dechert LLP is a respected team renowned for its prowess in handling CLO transactions, particularly those pertaining to the real estate market. The firm possesses additional strength in commercial mortgage-backed securities and asset-backed securities, and is able to provide thought leader-

ship on emerging and evolving regulatory requirements on a cross-border scale, with a particularly strong focus on risk retention matters.

Strengths

"Dechert provides top notch advice for complex matters. The CLO team is incredibly knowledgeable and responsive."

"The lawyers are very commercial in dealing with their clients and creative in coming up with solutions."

"The Dechert lawyers are highly experienced and well-practiced in the subject matter."

"Dechert has a deep team of associates and partners."

"The lawyers are knowledgeable of market trends."

Work highlights Dechert LLP represented MidCap Financial Trust, as collateral manager and issuer, in connection with a \$905 million CLO.

Notable practitioners

Richard Jones has exceptional securitization experience, particularly noted for his handling of high value CLOs. Co-chair of the firm's global finance practice and real estate practice, **John Timperio** has earned an impressive reputation in the market for financing new and established CLOs. **Strengths:** *"John is a great lawyer who provides excellent, commercial guidance." "He provides excellent advice. He's also a terrific problem solver and comes up with creative solutions."*

William Cejudo exhibits particular strength in advising clients on developments in the tax market and he comes recommended for his deep expertise in real estate-related transactions. **Strengths:** *"Will makes the most complex problems easy to understand." "He is a very creative and strong lawyer."*

Christopher Duerden supports clients with transactions involving midmarket CLOs. **Strengths:** *"He is really smart and conscientious." "Chris is a thoughtful and commercial lawyer."*

Kenneth Hackman boasts the ability to act for borrower and lender-side clients on single-family rental loans. **Strengths:** *"Ken is a great partner." "Ken's experience and knowledge make him a go-to for complex securitization transactions."*

Stewart McQueen is sought after by various interested parties, ranging from issuers to collateral managers, for advice on CRE CLO transactions. **Strengths:** *"Stewart is very responsive and insightful."*

Laura Swihart is the cochair of the global finance and real estate practice groups. She regularly acts for issuers and underwriters on a broad range of securitization transactions. **Ralph Mazzeo** has an established RMBS practice where he advises a variety of clients, including originators, sponsors and issuers. **Strengths:** *"Ralph is a go-to lawyer for issues that arise in this space."*

Andrew Pontano efficiently advises on a variety of ABS transactions and leads the firm's asset finance and securitization group. **Strengths:** *"Andrew is always very commercially-oriented." "He is very thorough and comes up with creative structures to help us." "Andrew is great. He is very dedicated to clients, business savvy and extremely knowledgeable in the area of securitization."*

Linda Ann Bartosch is a particularly strong advisor for placement agents in connection with single family rental mandates, as part of her broader real estate finance practice. She operates out of the firm's Philadelphia office. **Melissa Wollis** centers her practice on pro-

ficiently advising investment managers on CLO transactions. **Strengths:** *"Melissa is a great lawyer and very knowledgeable." "Dave Darr's comprehension of midmarket CLOs earns him praise from clients and peers alike." "Dave's industry knowledge is exceptionally strong." "He is a terrific lawyer all around."*

Dentons

What the team is known for Dentons represents the full range of players in the market including issuers, underwriters and originators. Attorneys from the firm act on both domestic and cross-border securitization matters, leveraging the firm's significant international standing. The firm demonstrates notable strength in real estate financings, such as RMBS transactions and single-family rentals, with additional expertise in MSRs. It also stands out for its ability to assist with the securitization of traditional and esoteric ABS.

Strengths

"Dentons is often at the leading edge of current industry knowledge concerning issues affecting the market."

"They are exceptionally talented and creative lawyers."

"The firm has a very deep bench. They are super efficient and pragmatic."

"Dentons is a go-to resource for issuers and underwriters for complex questions and transactions."

"The firm has an extremely knowledgeable team with extensive experience."

Work highlights Dentons represented JPMorgan Chase Bank, acting as lender/repurchase buyer, in a \$2.3 billion repurchase facility used to finance Apollo Group's acquisition of the Credit Suisse Securitized Products Group.

Notable practitioners

Stephen Kudenholdt is incredibly well-regarded for his securitization experience, particularly on RMBS transactions. He serves as head of the firm's structured finance group. **Strengths:** *"Stephen is knowledgeable and responsive."*

Maria Livanos' practice is broad, ranging from CLOs to whole business securitizations, making her the leading trustees' counsel in the market. **Strengths:** *"Maria provides guidance on the most complex matters and is an amazing negotiator."*

Scott Swerdloff regularly advises on RMBS transactions, with key market experience including advising on complex structures, such as non-QM mortgages. **Erik Klingenberg** advises financial institutions on transactions involving complex esoteric assets and he also boasts significant expertise in mortgage-backed securities, especially in the single-family rental market. **Strengths:** *"Erik is an outstanding practitioner." "He is a thoughtful and practical lawyer, a real pleasure to work with."*

Robert Olin shows notable strength on a variety of residential mortgage-backed securitizations representing both issuers and underwriters. **Strengths:** *"Rob is a go-to resource regarding all residential mortgage related transactions." "He provides outstanding representation."*

Ryan Zucchetto (see p.742) is a valued advisor on the tax aspects of a variety of securitizations.

DLA Piper LLP (US)

What the team is known for DLA Piper LLP (US) boasts notable expertise in CLOs, having assisted with numerous transactions in the market. The firm has a strong team that is well placed to handle new issuances and extensive expertise in deal-related risk retention rules.

Strengths

"The firm has a very strong team of experienced professionals."

"DLA Piper is very commercial, with in-depth knowledge and experience in the CLO world."

"DLA handles complex matters with efficiency and draws on its resources and experience to distil large amount of information into clear and succinct messaging."

Work highlights DLA Piper LLP (US) acted as manager counsel to MC Credit Partners in the \$401.12 million new issuance of Atlantic Avenue 2023-1 Ltd. This deal represented MC Credit Partners' first ever CLO.

Notable practitioners

Claire Hall (see p.577) has significant experience on esoteric transactions, including matters involving music royalties. **Strengths:** *"Claire takes into account business needs and knows how to navigate regulatory aspects." "Claire is very constructive when working through problems." "She is an excellent lawyer, she is good at identifying issues and explaining key points."*

Richard Reilly (see p.677) regularly acts for financial institutions and other investors in CLO transactions. **Strengths:** *"Rich is great to work with and extremely knowledgeable." "He is a good problem solver." "Rich fights hard for his clients and is always available to address any question at short notice."*

Carlo Ingato (see p.593) provides excellent support to major investment managers on CLO transactions. **Strengths:** *"Carlo is amazingly efficient and he is incredibly thorough."*

Hunton Andrews Kurth LLP

What the team is known for Hunton Andrews Kurth LLP is a highly regarded outfit with a depth of expertise across the market, including widely regarded capabilities in mortgage servicing advances and credit risk transfer securitizations, and has an excellent reputation for RMBS transactions. The practice is well supported by its tax and bankruptcy departments in offering clients a comprehensive service. The firm boasts an impressive client roster which includes leading investment banks and private equity firms, among others.

Strengths

"The lawyers provide advice consistent with the latest market developments and the attorneys have shown themselves to be experts."

"The securitization bench is very broad and deep at Hunton and they are excellent lawyers."

"Hunton Andrews Kurth is excellent at identifying risks and knows how to manage transactions from start to finish."

"Each team member demonstrates a deep understanding of complex legal matters."

Work highlights Hunton Andrews Kurth LLP represented the Government National Mortgage Association in 229 Multiclass Securities transactions. This represents the issuance of over \$108

billion of government guaranteed REMIC securities backed by government-insured mortgage loans.

Notable practitioners

Edward Douma (see p.544) is practiced in applying his knowledge of real estate to the securitization of MSRs, including in the context of financial restructurings. **Strengths:** “Ed is a seasoned veteran with outstanding intelligence.” “Ed is a master of his art; he brings many ideas to the table and deserves high praise for his efforts and commitment.”

Thomas Hiner (see p.584) is viewed as a go-to for MSR matters for his experience and relationships with key market insiders. He routinely represents financial institutions in significant MSR securitizations and has notable experience in RMBS transactions. **Strengths:** “Tom is well-connected and incredibly well respected.”

Michael Nedzbala (see p.652) has experience in a broad range of securitizations, including particular exposure to the mortgage market. **Strengths:** “Michael is an outstanding practitioner.”

Cecelia Philipps Horner (see p.588) comes especially recommended for her knowledge of tax in relation to the real estate market. **Strengths:** “Cecelia has extremely broad and deep knowledge of the technical side of tax. She is practical and informed.”

Brent Lewis (see p.622) is a talented securitization lawyer, highlighted for his strength in RMBS, and he is especially recommended by sources for his issuer-side counsel. **Strengths:** “Brent has strong breadth of knowledge and advises some of the biggest players in the securitization space.” “He is super pragmatic and really good at helping us think through things.”

Brit Mohler Duflho (see p.645) has emerged as an impressive practitioner in the securitization of MSRs, with clients including issuers and lenders. **Strengths:** “Brit is outstanding on all fronts. She has the product knowledge and provides fantastic client service.” “Her legal expertise, attention to detail and dedication are truly remarkable.”

Amy Williams (see p.734) focuses her securitization practice on mortgage-backed securities transactions, with noted capabilities in RMBS, in which she is often called upon to assist with market developments. **Strengths:** “Amy is a great advisor.”

Eric Burner (see p.516) is regularly called upon to advise on residential mortgages, leveraging his knowledge of the market to advise on new securitizations. **Strengths:** “Eric is a very commercial lawyer.”

Rudene Mercer Haynes (see p.580) has experience acting for government agencies in relation to residential mortgage-backed securitizations. **Strengths:** “She provides both excellent customer service and strong product knowledge.”

John Dedyo (see p.539) is well versed in a broad range of transactions, with his areas of expertise spanning traditional and esoteric assets. **Strengths:** “He is meticulous and very creative.” “John has the intellectual heft and flexibility to cover any asset class.”

John Dedyo (see p.539) is well versed in a broad range of transactions, with his areas of expertise spanning traditional and esoteric assets. **Strengths:** “He is meticulous and very creative.” “John has the intellectual heft and flexibility to cover any asset class.”

John Dedyo (see p.539) is well versed in a broad range of transactions, with his areas of expertise spanning traditional and esoteric assets. **Strengths:** “He is meticulous and very creative.” “John has the intellectual heft and flexibility to cover any asset class.”

John Dedyo (see p.539) is well versed in a broad range of transactions, with his areas of expertise spanning traditional and esoteric assets. **Strengths:** “He is meticulous and very creative.” “John has the intellectual heft and flexibility to cover any asset class.”

Katten

What the team is known for Katten is a respected team focused on issuer representation and adept at handling mortgage-based securitizations, with a particular emphasis on RMBS, as well as auto loan and lease securitizations, and marketplace

lending. The firm is able to offer specialized experience in energy and commodity structured finance deals and offers expertise on the regulatory and the tax-related aspects of transactions.

Strengths

“Katten anticipate issues and focuses on providing commercial solutions.”

“The team is exceptional and extremely knowledgeable.”

“Katten has a deep bench of attorneys with varying expertise to competently work across deal structures and underlying asset types.”

“The firm’s securitization practice stands out for its robust depth and breadth of knowledge. The firm has strong legal knowledge and a nuanced approach to navigating each transaction.”

“Katten’s specialists advise on unique aspects of transactions and are commercial in their approach.”

Work highlights Katten advised Ford Motor Credit Company on all of its US auto loan, auto lease and dealer floorplan securitization programs.

Notable practitioners

Christopher DiAngelo is widely regarded as an authority on RMBS and he is highly respected for his ability to advise on market developments. **Strengths:** “Chris brings tremendous knowledge and experience. He identifies and minimizes risk, whilst looking for commercial and efficient solutions.” “Chris is an industry leader.” “He consults on the most complicated matters and always has a practical and thoughtful solution.”

Anna-Liza Harris is a specialist adviser on the necessary tax requirements of deals. **Strengths:** “Anna-Liza’s primary strengths include great attention to detail and she provides understandable explanations on difficult tax matters.” “She has a remarkable ability to explain complex tax issues and make it understandable. She is very plugged into the industry on tax matters.”

Howard Schickler continues to garner recognition for his knowledge of a broad range of asset classes, including novel and esoteric assets. **Strengths:** “Howard is very strong.”

Joseph Topolski is a noted practitioner in the ABS market, with experience in areas ranging from marketplace lending to auto loans. **Strengths:** “Joe provides outstanding client service and has decades of industry experience.” “He quickly analyzes issues to provide succinct and wise advice.”

Howard Schickler continues to garner recognition for his knowledge of a broad range of asset classes, including novel and esoteric assets. **Strengths:** “Howard is very strong.”

Howard Schickler continues to garner recognition for his knowledge of a broad range of asset classes, including novel and esoteric assets. **Strengths:** “Howard is very strong.”

Howard Schickler continues to garner recognition for his knowledge of a broad range of asset classes, including novel and esoteric assets. **Strengths:** “Howard is very strong.”

King & Spalding LLP

What the team is known for King & Spalding LLP is an able securitization practice with experience across a range of traditional asset classes. The firm is also well regarded for the securitization of novel assets, with a growing reputation in the cell towers and data center market.

Strengths

“The K&S team is tremendously insightful and solutions-oriented.”

“The firm has a good range of strong lawyers who are incredibly timely and excellent at solving problems.”

“The team is always up to speed on the latest developments in the market and shares that knowledge with its clients.”

“They are able to weed through complex issues and present a practical path forward.”

Work highlights King & Spalding LLP represented Aligned Energy Data Centers Issuer in

the issuance of \$540 million principal amount of Secured Data Center Revenue Term Notes.

Notable practitioners

Jonathan Arkins (see p.492) is able to advise on a panoply of assets, spanning traditional asset-based securities and more esoteric securities. **Strengths:** “Jonathan is extremely commercially-minded.”

David Ridenour (see p.680) is particularly renowned for his strengths in digital infrastructure ABS mandates. **Strengths:** “David is an excellent lawyer and he is incredibly creative.”

“David provides excellent representation and is very practical. He is very attentive to client requests and preferences.”

Kirkland & Ellis

What the team is known for Kirkland & Ellis demonstrates notable proficiency advising issuers on high-value securitizations. Specialties include ABS, in particular auto finance, as well as equipment securitizations. The firm also demonstrates expertise in marketplace loans and credit card receivables.

Strengths

“Kirkland always does an excellent job.”

Work highlights Kirkland & Ellis represented MUFG Securities and J.P. Morgan Securities in offerings of term securities backed by equipment loan receivables.

Notable practitioners

Michael Urschel (see p.725) is a noted expert in the securitization of assets across a range of industries, from retail and hospitality to telecommunications. He is most recognized for his advice on the whole business market. **Jeffrey O’Connor** (see p.656)’s wide-ranging practice sees him advise issuers and underwriters in equipment and vehicle securitization as well as other assets. **Strengths:** “Jeffrey is a very practical and thoughtful lawyer.”

Rudgee Charles (see p.523) is noted for his impressive ABS experience, including capably advising on auto loans and dealer floorplan receivables. **Strengths:** “He is very helpful and responsive.” “Rudgee is a terrific lawyer.”

Rudgee Charles (see p.523) is noted for his impressive ABS experience, including capably advising on auto loans and dealer floorplan receivables. **Strengths:** “He is very helpful and responsive.” “Rudgee is a terrific lawyer.”

Rudgee Charles (see p.523) is noted for his impressive ABS experience, including capably advising on auto loans and dealer floorplan receivables. **Strengths:** “He is very helpful and responsive.” “Rudgee is a terrific lawyer.”

Kramer Levin Naftalis & Frankel LLP

What the team is known for Kramer Levin Naftalis & Frankel LLP houses a bench of highly regarded practitioners who are experts in their fields. The firm stands out for its handling of esoteric transactions and is particularly recommended for the securitization of PACE. The attorneys frequently act for issuers and leading investment banks in transactions.

Strengths

“Kramer Levin is a great team from top to bottom and provide very strong insights into the current market.”

“The lawyers are well-versed in esoteric ABS transactions and have several senior partners with different areas of focus.”

“The team approaches issues from a commercial standpoint and offer creative solutions.”

Notable practitioners

Gilbert Liu (see p.624) enjoys a great reputation in the esoteric market and he has a particular aptitude for the securitization of PACE assets. **Strengths:** “He is a great business partner.” “Gil is

very much service-oriented and a helpful problem solver." **Jamie Kocis** (see p.611) has a wide-ranging practice, with the ability to help in the securitization of esoteric assets, such as life settlements, and is also well regarded for her knowledge of the clean energy market. **Strengths:** "She has a lot of great experience in the space, she is thorough, and creative in her approach to deals." **Laurence Pettit** (see p.667)'s practice incorporates an array of traditional and esoteric assets, and he is highly regarded for his notable strength in PACE transactions. **Strengths:** "Laurence is highly competent." "He is an impeccable draftsman."

Latham & Watkins LLP

What the team is known for Latham & Watkins LLP is a highly regarded CLO group that frequently represents asset managers in the full range of sophisticated transactions. The firm is also noted for its expertise in dealing with innovative market products and securitization techniques. The attorneys in the securitization team are adept at handling ABS matters involving the securitization of aircraft, rental car fleets and cell tower assets, among others.

Strengths

"The Latham & Watkins partners are very experienced and able to handle all of our needs."

"The team is really practical in understanding business needs and market conditions."

"The firm has a deep bench and a really strong securitization team."

"Latham has a top securitization practice, coupled with strong industry partners, which results in very strong expertise to support clients."

Work highlights Latham & Watkins LLP represented Caerus Oil & Gas as issuer in the issuance of Class A-1 Notes and Class A-2 Notes, both due 2040, of \$565 million fully amortizing asset backed securities.

Notable practitioners

Kevin Fingeret (see p.553) is a long-standing market practitioner who attracts ample praise for his handling of transactions involving traditional and esoteric assets. **Strengths:** "Kevin has very strong knowledge, he is an excellent negotiator and client-oriented." **Douglas Burnaford** (see p.516) is a talented securitization practitioner who regularly advises US and international clients on CLOs. **Strengths:** "He is an extremely strong lawyer and always thoughtful." "Doug is excellent and a pleasure to work with." "He is knowledgeable and responsive." **Graeme Smyth** (see p.706) excels in ABS, with notable capabilities in transport and music royalty securitizations. **Strengths:** "He is very collaborative and solutions-oriented."

Matthew Hays (see p.581) is a strong up-and-comer, recommended for his expertise on ABS. **Strengths:** "He is very knowledgeable and a great problem solver."

Lowenstein Sandler LLP

What the team is known for Lowenstein Sandler LLP shows notable strength across a range of securitization transactions. With particular expertise in MSRs, the firm leverages its strong base in New Jersey to assist buyers and sellers with a variety of esoteric MSR matters, including financing, acquisitions and dispositions.

Strengths

"The team is innovative and comes up with creative solutions to problems."

"The lawyers provide business-oriented approaches and prompt, practical advice."

"Lowenstein Sandler is amazing."

Notable practitioners

Jonathan Wishnia shows notable expertise on the full spectrum of MSR transactions and provides high-end advice on the securitization of new and existing RMBS assets. **Strengths:** "He cuts to the core of issues and focuses on practical solutions for the issues that really matter." "He is an outstanding lawyer, he has limitless knowledge and an impressive breadth of experience." "Jonathan consistently provides exceptional advice and demonstrates deep knowledge of the industry." **Meagan Signorillo** is particularly noted for her skill guiding clients through excess spread servicing matters. **Strengths:** "Meagan is a tremendous lawyer, she is strategic and brilliant in assessing risks." "She is responsive and works well with opposing counsel to solve complex problems."

Mayer Brown LLP

What the team is known for Mayer Brown LLP has an impressive team with a very deep bench of lawyers advising across a broad range of securitization transactions, including mortgage-backed securities and ABS. Key areas of strength include consumer loans, most notably in the form of credit cards. The firm also possesses relevant regulatory knowledge and draws on its strong cross-border network in multicountry trade receivables securitization. Related expertise in tax makes it a destination firm for all aspects of a deal.

Strengths

"Even on the most sophisticated financing transactions, Mayer Brown always provides sound advice and they break down complex issues into digestible pieces."

"The team is stacked with experts who are extremely knowledgeable and solutions-oriented."

"The practice is robust and they have a diverse client base, which gives them extensive market insights."

"Mayer Brown's counsel is consistently detail-oriented and they provide deep commercial understanding."

"The team is excellent and on top of trends in the market."

Work highlights Mayer Brown LLP represented Unison Midgard Holdings and its affiliates in the securitization of home equity contracts.

Notable practitioners

Jon Van Gorp (see p.725) is widely viewed as an expert in securitization and he is singled out for his knowledge of issues surrounding residential mortgages and non-traditional assets. He serves as chair of the firm. **Strengths:** "Jon is an incredible attorney. He protects clients and works well with peers." As part of his wider ABS practice, **Stuart Litwin** (see p.624) is noted for his exceptional ability to advise on the securitization of new asset classes. **Paul Jorissen** (see p.598) focuses his securitization practice on complex mortgage-backed securities, including QM and non-QM mortgages. **Strengths:** "Paul's input is extremely valuable. His counsel is always

thoughtful, timely and commercial." **Russell Nance** (see p.651) provides tax advice on high profile securitization transactions and he also frequently guides clients through market developments.

Strengths: "His knowledge is strong and he also understands developments in the market." In addition to **Angela Ulum** (see p.724)'s knowledge of auto loans, she is also well regarded for her ability to advise on credit card receivables and personal loans. **Strengths:** "Angela is very practical." **Julie Gillespie** (see p.566) stands out for her knowledge of ABS, which includes advising on personal and consumer loans. **Strengths:** "Julie is a very practical lawyer." "She takes the time to understand our objectives and goes the extra mile to achieve the best possible outcome." **Haukur Gudmundsson** (see p.575) draws recognition for his ability to handle an array of securitization, including RMBS deals. **Strengths:** "He is an incredible attorney and advocates for his clients well." "Haukur is brilliant at spotting and managing a wide range of issues." "He is very experienced and always very helpful."

Keith Oberkfell (see p.658) advises on a range of securitization structures, including assisting banks and other investors with complex CLOs and ABS. **Strengths:** "He is very creative and smart." **Eric Reilly** (see p.677) is recognized for his excellent record acting for borrowers and lenders on a range of CMBS matters. He also demonstrates notable expertise on CRE CLO transactions. **Strengths:** "Eric is a true partner to our business. His insights are thoughtful, commercial and thorough." "He is a business person as well as a lawyer. He knows all the players in the game which is always helpful." "Eric explains legal matters easily and offers great representation." **Ryan Suda** (see p.713) has drawn extensive acclaim for his work in the CLO space. He regularly acts for major underwriters on new issuances and refinancings. **Strengths:** "Ryan is an excellent drafter. He understands and explains complex issues and their impact." "He is very thoughtful and commercially-oriented." "Ryan is extremely knowledgeable and is able to resolve issues quickly." **Carol Hitselberger** (see p.2740) is commended for her transactional ABS practice as well as her knowledge of regulatory requirements. **Arthur Rublin** (see p.686) shows particular strength representing asset managers on CLO matters as part of his broader securitization practice. **Strengths:** "Art's knowledge of the market from a legal and regulatory perspective is vast and his in-house experience allows him to offer really good perspectives."

Milbank LLP

What the team is known for Milbank LLP is an established market presence across the country for alternative investment structures, utilizing its strong nationwide and cross-border capabilities. The firm is frequently sought out by managers and arrangers for high-end advice on complex CLO transactions and has a particular niche in aircraft securitization, with experience using CLOs to finance these vehicles.

Strengths

"The depth and breadth of the team is strong. Milbank's practice is creative and innovative."

"The firm has tremendous market knowledge and is great to work with."

"Milbank is commercial, practical and very familiar with the market landscape in this complicated area."

Work highlights Milbank LLP represented Mid-Ocean Partners, as the portfolio manager, in a \$353.13 million aggregate principal amount CLO transaction.

Notable practitioners

Martin Eid is recognized for his knowledge of transactions backed by whole businesses, with previous experience including companies in the retail and hospitality sectors. **Strengths:** "Martin has very strong expertise and knowledge." **Sean Solis'** strong market standing is based on his significant CLO practice, handling matters for asset managers and hedge funds. **Strengths:** "Sean is an excellent resource in his field and a trusted advisor." "He knows the market well and is very commercial in his advice." **Kathryn Weiss** has an established presence in the securitization market, with an especially strong reputation for her work with whole business assets. **Strengths:** "Kathryn is incredibly detail-oriented and knowledgeable."

Morgan, Lewis & Bockius LLP

What the team is known for Morgan, Lewis & Bockius LLP is an experienced team of transactional specialists who are well versed in handling some of the most complex and pressing securitization deals. The attorneys are able to provide significant cross-border support for the full range of asset classes and are particularly well regarded in the market for ABS transactions, especially auto securitizations. The firm also boasts a highly impressive track record in MBS deals.

Strengths

"The Morgan Lewis attorneys are incredibly talented and highly knowledgeable in their fields."

"The team is very capable across a broad spectrum of matters and keeps us aware of industry legal happenings."

"The firm has a very deep team of experienced attorneys."

"Morgan Lewis is a thought leader in the securitization space."

"Morgan Lewis is top-tier in their knowledge of complex issues."

Work highlights Morgan, Lewis & Bockius LLP represented Toyota Motor Credit Corporation in structuring, negotiating and documenting a public offering of over \$1.48 billion in fixed and SOFR floating rate securities. The securities were backed by a pool of prime automobile loan contracts.

Notable practitioners

Reed Auerbach's comprehensive ABS practice makes him a strong choice for issuers and underwriters. **Strengths:** "His knowledge of all legal matters is impeccable." **Asa Herald** is a highly regarded practitioner in the securitization market, with notable experience advising on new and established residential mortgage-backed transactions. **Strengths:** "He is consistently knowledgeable and his responses are incredibly thoughtful and detailed." **Jeffrey Johnson** is sought after by both issuers and underwriters for his knowledge of RMBS. Clients seek out **Sarah Nelson's** counsel on the tax aspects of a broad range of securitizations, spanning ABS and MBS. **Strengths:** "She

has really strong technical knowledge and keeps us informed of any developments." **Steven Becker** attracts praise for his warehouse lending practice involving pools of residential assets. **Strengths:** "Steven is always up to date on the most recent developments in the market and is solution-oriented to get a transaction completed." **Steve Levitan** is frequently called upon to offer advice on ABS transactions, including noted strength in consumer loans. **Matthew Joseph** comes well recommended for his transactional ABS knowledge, with deal experience in esoteric markets. Among his strengths in securitization and the related market developments, **Paul St. Lawrence** attracts particular praise for his knowledge of CLOs. **Strengths:** "Paul has a strong commercial hat and is a helpful ally in bringing transactions to a successful close when legal bumps occur." "He is efficient and creative in handling complex topics and getting deals closed."

Orrick, Herrington & Sutcliffe LLP

What the team is known for Orrick, Herrington & Sutcliffe LLP boasts comprehensive strength in commercial mortgage-backed securities, complemented by more specialized expertise in asset-backed securities, such as aircraft engine lease and credit card receivables, as well as more esoteric assets. Orrick is also a leading firm for the securitization of PACE assets, with attorneys regularly advising clients on regulatory issues, including Dodd-Frank-related risk retention.

Strengths

"Orrick is very plugged into the market and brings any important changes to our attention."

"The firm has a tremendous amount of expertise in all kinds of asset classes."

"The Orrick team has tremendous attention to detail and is able to quickly grasp and implement complex concepts."

"Orrick has deep experience in securitization transactions. Their ability to analyze deal documents and identify creative solutions are top notch."

"They are experts in their field."

Work highlights Orrick, Herrington & Sutcliffe LLP represented Morgan Stanley as underwriter/initial purchaser in public and private offerings of CMBS backed by conduit commercial mortgage loans.

Notable practitioners

Banks and financial services firms regularly seek out **Janet Barbieri's** counsel on CMBS. **Strengths:** "Janet's depth of knowledge and experience in CMBS counsel makes her an outstanding legal professional." **William Cullen** centers his securitization practice on mortgage-backed transactions, with particular strength advising both issuers and underwriters in CMBS. **Strengths:** "He has institutional knowledge." **Michael Mitchell** has an in-depth understanding of securities regulations, in particular with matters pertaining to the SEC. He is also known for his ability to advise on a broad range of ABS transactions. **Strengths:** "There are very few able to understand the context and history behind SEC regulations and rules as Mike does." **Robert Moyle** demonstrates broad expertise in securitization, with a particular proclivity for asset-backed securitizations involving auto loans and leases. **Strengths:** "Robert's depth

of knowledge and service levels are always high."

Leah Sanzari is an accomplished securitization lawyer able to assist issuers and financial investors with a range of esoteric transactions and she has a market-leading PACE practice. **Strengths:** "Leah is a strong advocate on matters." "She finds solutions and identifies all relevant issues. She is very thoughtful and creative." **Howard Goldwasser** is particularly well versed in CLO transactions but shows notable expertise on securitization transactions involving a wide range of receivables and asset classes. **Strengths:** "Howard is smart, experienced and comes up with clever solutions to complicated problems." "He always brings good insights." **Skanthan Vivekananda's** practice covers a broad array of capital markets and derivatives transactions. He has shown particular aptitude for the formation and structuring of collateralized loan obligations for investment banks. **Strengths:** "Skanthan is very strong in understanding complicated concepts." **Chris Min** attracts praise from across the market for his ABS practice, with experience representing a variety of market participants, from underwriters to issuers.

Paul Hastings LLP

What the team is known for Paul Hastings LLP is an expert outfit in the CLO space with experience advising arrangers and collateral managers. The attorneys possess extensive knowledge of key regulatory requirements and are also skilled in handling cash and synthetic products, as well as assisting with securitization in the context of distressed debt. The group also benefits from a strong international presence, enabling it to handle cross-border transactions.

Strengths

"The lawyers are up to date on market trends and able to negotiate complex transaction terms."

"Paul Hastings is excellent, accessible and responsive."

"The firm is a thought leader in the CLO space and is highly commercial."

"It is a deep team of experienced members able to handle all of our needs."

Work highlights Paul Hastings LLP advised BofA Securities, as arranger, on a new issue CLO managed by Benefit Street Partners.

Notable practitioners

Nicole Skalla is highly sought after by major financial institutions for her advice on complex CLOs. **Strengths:** "Nicole is very knowledgeable and up to date on the regulatory changes." **Eugene Ferrer** (see p.553) regularly acts as arrangers' and issuers' counsel in transactions. **Mary Kathryn Lee** (see p.619) has a burgeoning practice assisting financial institutions on CLOs. **Shawn Kodes** (see p.611) has established an excellent securitization practice, noted for his strengths on both ABS and CLO mandates. **Strengths:** "Shawn is brilliant. He is very attentive, thoughtful and responsive." **Nicholas Robinson** (see p.681) is a well-respected midmarket CLO attorney who counts major banks and other financial institutions among his clients. **Tracy Feng** (see p.553) has shown notable prowess acting for collateral managers and underwriters on transactions involving collateralized loan obligations. **Matthew Nemeth** regularly assists clients with a variety of

ABS matters, including those involving oil and gas assets and commercial real estate leases.

Paul, Weiss, Rifkind, Wharton & Garrison LLP

What the team is known for Paul, Weiss, Rifkind, Wharton & Garrison LLP has a strong track record in a wide variety of transactions, including workouts and restructurings of complex structures and assets. The firm offers specific expertise in securitizations involving esoteric assets, such as lottery awards, patent royalties, billboards and contract rights, among others, and has a richly deserved reputation as a leading firm for whole business securitization.

Strengths

"Each member of the Paul, Weiss team is extraordinary and they handle some of the most complex and sophisticated securitizations."

"Paul, Weiss offers a high quality service and they are adaptive to client needs."

"The attorneys are very innovative and creative. It is an extremely experienced and talented team."

"The lawyers are commercial and take the time to understand our needs."

Work highlights Paul, Weiss, Rifkind, Wharton & Garrison LLP advised Apollo on the financing of its acquisition of a significant portion of the assets of Credit Suisse's Securitized Products Group.

Notable practitioners

Jordan Yarett (see p.739) is widely credited as having advised on the first whole business securitizations, making him a leading choice for clients seeking advice on this complex structure. He is also a prominent adviser in the securitization of esoteric assets. **Strengths:** *"Jordan is one of the brightest and most capable attorneys in the field."* **Jordan Yarett is simply outstanding.** **Robert Zochowski** (see p.742) regularly handles whole business securitizations and he also advises on transactions involving esoteric assets, such as film. **Strengths:** *"He is smart, thoughtful and practical in his approach. He handles sophisticated transactions proficiently and intelligently."* **Charles Pesant** (see p.667) boasts experience in ABS transactions, with a strong track record in the handling of esoteric assets. **Strengths:** *"Charles is a smart and capable attorney who works on some of the most sophisticated transactions."* *"Charles is an excellent thought partner on complex transactions."*

Ropes & Gray LLP

What the team is known for Ropes & Gray LLP has a growing reputation as a competitive securitization practice. The lawyers are increasingly regarded as a strong source of expertise for transactions and securitizations involving esoteric asset classes, particularly those pertaining to whole business securitization.

Strengths

"The lawyers are commercial and have their finger on the pulse about trends in the industry."

"The Ropes & Gray team makes the complex look easy. They are masters of detail but also provide insight that can be consumed by various audiences."

"The team is great at communicating complex matters to us, with strong partner engagement and responsiveness on a variety of topics."

Work highlights Ropes & Gray LLP represented Partners Group and its portfolio company, Careismatic, in connection with borrowing a revolving credit facility to finance its securitization.

Notable practitioners

Patricia Lynch (see p.628) is distinguished by her expertise in transactions involving household-name companies, with deal experience in the securitizing of whole businesses. **Strengths:** *"Patricia is very attentive and has strong communication skills."* **Christopher Poggi** (see p.670) is recognized for his strong expertise in ABS matters. He has notable experience in matters involving esoteric assets, including fiber broadband network assets. **Strengths:** *"Chris is exceptionally intelligent, demonstrates a keen understanding of the intricacies within his field and offers insightful guidance."*

Schulte Roth & Zabel LLP

What the team is known for Schulte Roth & Zabel LLP is a strong structured finance practice with a broad range of capabilities across the transactional and regulatory space. Its lawyers represent an array of major players in the market, including managers, issuers, placement agents and investors. The practice is noted for its successful CLO offering in which it regularly represents collateral managers, as well as its work on private equity fund formations for the purpose of securitization. The team also possesses notable expertise in tax-related transactional requirements.

Strengths

"Schulte Roth & Zabel produce excellent work and are able to assist in every aspect of a transaction."

"The lawyers are very knowledgeable of regulatory considerations and always meet our needs."

"The team is great, with a diverse skill set and ability to assist across various topics."

Work highlights Schulte Roth & Zabel LLP advised GoldenTree Loan Management, the portfolio manager, on the creation of a series of CLOs with a cumulative value of \$1.6 billion.

Notable practitioners

Andrea Mandell brings extensive tax capabilities to the practice, supporting clients in securitizations and related fund formation. **Strengths:** *"Andrea is smart, thoughtful and practical."* **Craig Stein** has extensive experience representing all parties in CLO and CDO transactions. **Strengths:** *"He provides commercial advice which is tailored to our business needs."* *"Craig provides wide-ranging advice and is commercial."* As part of **Boris Ziser's** broader securitization practice, he is highly recommended for his expert knowledge of non-traditional assets, including life settlements and litigation funding receivables. **Strengths:** *"Boris has significant depth of experience and expertise, as well as a commercial approach."* **Phillip Azzollini** is known for his CLO practice, with an impressive client portfolio ranging from managers to placement agents. **Strengths:** *"Phillip has a supernatural ability to recall details. He is a one person vault of institutional knowledge."* **Daniel Oshinsky** represents a variety of clients, including asset managers and private equity companies, on CLO transactions. **Strengths:** *"Daniel is brilliant and knowledgeable of the market."* *"He is pragmatic and balanced."*

Seward & Kissel LLP

What the team is known for Seward & Kissel LLP has a notable securitization practice with capabilities in trustee representation. Aircraft finance, CLOs and mortgaged-backed transactions number among the firm's impressive deal record. Practitioners are often chosen by clients and recommended by deal counsel to assist with diverse mandates.

Notable practitioners

Edward Horton and Keith Billotti are key contacts based in New York.

Sidley Austin LLP

What the team is known for Sidley Austin LLP is a highly respected team with a broad securitization offering, in terms of both practice and geography. The practitioners offer substantial experience acting for issuers, underwriters and purchasers, handling transactions involving consumer asset classes, such as online lending. The firm offers exceptional guidance on other ABS transactions involving traditional assets, such as automobiles. The practice also regularly assists with mortgage-backed securities, boasting market-leading knowledge of RMBS matters and a strong CMBS practice. The firm's well-rounded securitizations offering is supported by expert tax attorneys.

Strengths

"Sidley has been very impressive in helping structure highly complex transactions and find solutions throughout the deal process."

"The team is very creative on all matters with solutions and structuring. They have a tremendous wealth of experience and knowledge."

"The lawyers at Sidley Austin are incredibly capable and forward-thinking."

"The partners are very thoughtful and meticulous."

Work highlights Sidley Austin LLP represented Atlas SP, as initial purchasers, in the LEAF Commercial Capital equipment lease securitization.

Notable practitioners

Giselle Barth (see p.498) is an accomplished attorney who distinguishes herself with her expert real estate practice, standing out for her preeminent knowledge of single-family rentals. **Steven Kolyer** (see p.612) has an outstanding reputation for his securitization experience, particularly for his handling of CRE CLO matters. An established figure in the New York tax market, **Robert Kreitman** (see p.614) is an asset to clients seeking advice on securitizations. **R J Carlson** (see p.520) is especially highlighted for being an excellent RMBS lawyer. In addition to his mortgage practice, he is also recognized for his ability to advise on the securitization of new asset classes. **T.J. Gordon** (see p.571) has capabilities in ABS, with a high profile in the consumer loan market. **Zuza Savoff** (see p.691) showcases broad securitization experience, with a particular emphasis on tax aspects of these transactions.

Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates

What the team is known for Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates draws on wide-ranging expertise to inform a practice that covers the full spectrum of ABS transactions. The firm is well known for its work on credit card receivables

and auto loans and is also able to advise on the securitization of non-traditional assets including whole business securitizations.

Strengths

"Skadden has good industry knowledge and strong lawyers on the team."

Work highlights Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates advised Credit Acceptance Corporation in its \$390 million Rule 144A offering of asset-backed notes.

Notable practitioners

James Stringfellow (see p.713) has cultivated a diverse ABS practice, undertaking traditional and esoteric asset-based mandates. **Laura Salvati** (see p.689) is a popular choice for clients seeking advice on whole business securitization, with experience assisting on franchise-related transactions. **Strengths:** *"Laura is super diligent, thoughtful and very efficient."*

Weil, Gotshal & Manges LLP

What the team is known for Weil, Gotshal & Manges LLP is a highly respected choice for a range of complex securitization transactions across different asset classes. The attorneys are frequently sought out by clients developing new and innovative product types and has notable experience advising on traditional ABS, as well as CLO securitizations. The firm possesses additional experience providing counsel on EU and US risk retention rules.

Strengths

"Weil is always able to identify and resolve issues with creative solutions."

"The lawyers have incredible practise breadth."

"The firm is incredibly strong with a great group of experienced lawyers. They are very knowledgeable and thorough."

Work highlights Weil Gotshal & Manges LLP advised Service Properties Trust, as sponsor, in its \$610.2 million issuance of 144A/Reg S asset-backed mortgage notes.

Notable practitioners

Frank Nocco (see p.654) has a noteworthy international practice, with expertise that encom-

passes a variety of asset classes, from traditional ABS to CLOs. **Strengths:** *"Frank is really tremendous."* **Jason Smith** (see p.705) frequently advises on a broad range of ABS deals and he is particularly recommended for his knowledge of auto loans.

White & Case LLP

What the team is known for White & Case LLP has a wealth of expertise in advising clients on complex financings and a range of securitizations. The practice is noted for the even breadth of experience across asset classes, regularly representing underwriters in sophisticated CLOs, and is highly regarded for its versatile whole business securitization practice. The attorneys benefit from the support of strong teams in other jurisdictions.

Strengths

"The White & Case lawyers are extremely good. They are very constructive and creative."

"The firm has a deep bench and handles extremely complicated financing transactions."

"The lawyers go above and beyond on complex transactions."

Work highlights White & Case LLP represented Antares Capital Advisers as collateral manager, as well as Antares CLO 2023-1 LLC and Antares CLO 2023-1 Ltd as co-issuers, on the issuance of \$452.59 million of collateralized loan obligation notes.

Notable practitioners

Household-name companies turn to **Elizabeth Devine** for advice on whole business securitizations. **Strengths:** *"Liz is awesome."* **David Thatch** is heralded as an impressive whole business securitization lawyer, with key clients including leading franchises, and he is also noted for his strong CLO practice. **Strengths:** *"David is enthusiastic, knowledgeable and reliable."* **Jim Fogarty's** broad practice sees him handle a range of securitization matters, from CLOs to CDOs. He also shows notable expertise in whole business securitizations.

Winston & Strawn LLP

What the team is known for Winston & Strawn LLP is a recognized securitization practice able to handle a range of structures, with particular expertise in CLOs. It is well respected for its strong issuer representation and is also able to advise underwriters in complex transactions, as well as showcasing strong PACE experience.

Strengths

"The Winston team is very knowledgeable and updated about the recent trends in the industry."

"The firm has highly engaged and efficient lawyers." **Work highlights** Winston & Strawn LLP represented Temple View Capital Funding in a residential transition loan securitization.

Notable practitioners

Claudine A. Chen-Young (see p.524) is an experienced RMBS attorney and acts for investment banks and asset management funds. **Strengths:** *"Claudine is excellent."* **Michael Mullins** is an adept midmarket CLO lawyer with experience advising on a wide range of transactions.

Other Ranked Lawyers

Catherine Ng (see p.654) of Nixon Peabody LLP demonstrates a broad range of experience in securities, with particular strength in acting on behalf of trustees.

John Schueller of Simpson Thacher & Bartlett LLP commands respect for his ABS practice, with experience spanning traditional asset classes, such as auto loans, and more esoteric assets, such as cell towers.

Band 1

Cadwalader, Wickersham & Taft LLP

What the team is known for Cadwalader, Wickersham & Taft LLP stands out for its ability to advise clients on the issuance of notes linked to underlying assets, such as equity baskets, including in the form of ETFs. The firm also has particular expertise in proprietary indices and further capabilities include repackaging financial instruments into structured notes. The firm's strong cross-border strength enables the team to handle multi-jurisdictional transactions.

Strengths

"The firm has a very strong ability to handle complex and sophisticated matters."

"It is a really strong team with good commercial awareness of what solutions are viable."

"The firm takes a very logical approach to deal analysis and proposes solutions in a very user-friendly format."

Work highlights Cadwalader, Wickersham & Taft LLP advised numerous banks on structuring, negotiating and implementing capital relief trades. These transactions can be issued in a variety of formats, including bank-issued credit-linked notes, financial guarantees and bilateral credit default swaps.

Notable practitioners

With notable experience in the financial sector, **Brian Foster** garners praise for his ability to assist banks on their structured notes offerings.

Strengths: "Brian has a deep understanding of what is going on in the market and is remarkably efficient."

Davis Polk & Wardwell LLP

What the team is known for Davis Polk & Wardwell LLP is a highly active market player in structured products, with expertise in structuring notes linked to a range of reference assets, as well as assisting with complex hybrid notes offerings. The practitioners also have extensive experience in the issuance and distribution of certificates of deposit. DPW lawyers ably advise on high-profile transactions for leading financial institutions and boast capabilities in helping clients navigate complex regulatory requirements, including advising on the impact of the Dodd-Frank Act.

Strengths

"The team is incredibly strong and has very broad and deep expertise."

"Clients can rely on Davis Polk & Wardwell's expertise."

"The firm has experts in tangential areas and it has its pulse on the market."

Notable practitioners

Christopher Schell (see p.692) routinely advises on the issuance and distribution of notes linked to underlying assets, with areas of expertise including handling synthetic convertible notes. **Strengths:** "Chris is an excellent attorney and exceptionally competent in the area of structured products." "He is thoughtful, creative and practical. Chris is also excellent at presenting and discussing complex legal matters." "Chris is knowledgeable and readily available to inform us, which is incredibly helpful." **Derek Walters** (see p.729) demonstrates capabilities in complex structured notes offerings linked to a variety of single or combined assets, such as commodities and algorithmic indices, among others. **Strengths:** "Derek is outstanding. He is extremely knowledgeable and commercial." **Yan Zhang** (see p.741) is a well-known attorney recommended for her ability to act for financial institutions. She is well placed to assist on complex structured products offerings.

Strengths: "Yan is extremely talented, diligent and attentive to the needs of her clients." "Yan offers comprehensive explanations of legal issues."

Mayer Brown LLP

What the team is known for Mayer Brown LLP is a market-leading structured products practice with outstanding practitioners able to advise on the structuring of notes. The firm also has notable experience in the distribution of structured certificates of deposit, and practitioners also frequently advise on the changing regulatory environment, making the firm a choice practice for financial investors seeking guidance on the market.

Strengths

"Mayer Brown has great expertise and is client-oriented."

"The team provides high-quality, practical and timely support."

"The firm has an extraordinary breadth of coverage and their market insight into market practice is

exceptional."

Work highlights Mayer Brown LLP represented Canadian Imperial Bank of Commerce on US and EU structured notes issuances, totaling \$3.9 billion in 2023.

Notable practitioners

Anna Pinedo (see p.669) is noted for her ability to counsel banks and other investors on the issuance of notes that have an underlying linked asset and she is also able to advise on the relevant regulatory requirements of transactions. **Strengths:** "Anna continuously works on innovative projects for clients and is an excellent resource." "She has excellent market knowledge and awareness for all things structured products." "Anna is a leading light in the US structured products space." **Bradley Berman** (see p.504) comes well recommended for his experience advising leading banks on their structured notes programs, including assisting them with changes in the market. **Marla Matusic** (see p.634) regularly acts for clients across the US in structured notes transactions and shows notable prowess on cross-border transactions. **Strengths:** "Marla's ability to think on her feet to meet client demands makes her an incredibly committed and dedicated member of the team." "She has an excellent understanding and awareness of this space."

Band 2

Cleary Gottlieb Steen & Hamilton LLP

What the team is known for Cleary Gottlieb Steen & Hamilton LLP ably handles structured products transactions, including assisting with the offering of notes with underlying linked assets. The practice is regularly called upon to assist financial institutions, owing to its impressive regulatory capabilities. For structured offerings linked to derivatives, the firm leverages a formidable US derivatives team.

Strengths

"The Cleary team gets up to speed quickly and always flags pressure points."

Work highlights Cleary Gottlieb Steen & Hamilton LLP represented Societe Generale in a strategic partnership with Brookfield Asset Management to originate and distribute high-quality private credit investments through a private investment grade debt fund.

Notable practitioners

Michael Mazzuchi (see p.635) has a recognized structured notes practice, structuring transactions involving a broad range of linked underlying assets. He is particularly recommended by interviewees for his regulatory practice, which includes advising on the application of the Volcker Rule.

Fried, Frank, Harris, Shriver & Jacobson LLP

What the team is known for Fried, Frank, Harris, Shriver & Jacobson LLP has demonstrated notable strength in the structured products market. Its practitioners regularly act for major financial enti-

ties in a range of transactions, often utilizing key international capabilities for cross-border structured product issuances.

Strengths

"The Fried Frank lawyers are high quality and have an excellent ability to navigate complex transactions."

"The firm has excellent coverage and organization."

Work highlights Fried, Frank, Harris, Shriver & Jacobson LLP advised several institutions in their role as underwriter and forward counterparty to SEC-registered issuers' at-the-market offering programs that include a forward component.

Notable practitioners

Complementing his impressive derivatives practice, **Ray Shirazi** is recognized for his knowledge of structured products, regularly advising on the issuance of equity and rate-linked notes.

Strengths: *"Ray's expertise is clear; he is trusted for any complex securities law matters." "Ray is an excellent and experienced lawyer with an enviable ability to break complex matters down to their most understandable component parts."*

Latham & Watkins LLP

What the team is known for Latham & Watkins LLP boasts a strong structured notes practice highly sought after by high-profile issuers across the market. The firm is able to bring to bear strength in related practices, such as tax and derivatives, making it a strong choice for clients seeking advice on notes linked to underlying assets such as funds and commodities, among others. It also offers capabilities in index-related matters, including advising on LIBOR transition.

Strengths

"The Latham team are smart, thoughtful, and marketplace experts."

"Latham is very good at distilling complex issues into easily understandable points."

Work highlights Latham & Watkins LLP advised General Motors Financial Company on documentation related to its medium term notes program and its unsecured, floating-rate debt obligation program.

Notable practitioners

Courtenay Myers Lima (see p.650) is highly respected by issuers and underwriters for her record advising financial institutions on the issuance of notes linked to assets such as indices and funds, among others. **Strengths:** *"Courtenay has a lot of expertise in structured products and is very commercial in the way she views things." "She has knowledge of everything going on in the weeds and, at the same time, has a fantastic view of the marketplace."*

Sidley Austin LLP

What the team is known for Sidley Austin LLP is an established practice with experience including issuing financial products as debt and via structured certificates of deposit. The firm is supported by a highly regarded derivatives practice, making it a strong choice for clients seeking guidance on notes providing access to commodities and other related products. Its capabilities also include advising on notes linked to other underlying assets, such as indices.

Strengths

"Sidley is very adept at providing advice on complex

and sophisticated matters."

"The firm has a good bench of structured products attorneys."

Notable practitioners

William Massey (see p.633) regularly advises investment banks and other financial groups on the issuance and structuring of commodity, rate and equity-linked products. **Strengths:** *"William has a good handle on all the relevant issues." "Aryeh Zarchan* (see p.741) is a go-to for leading financial institutions, regularly advising on structured notes offerings. He is able to act for both issuers and underwriters. **Strengths:** *"Aryeh provides sound counsel while balancing commercial considerations." "He is very commercial and collaborative."*

Other Ranked Lawyers

Jonathan Ching (see p.525) of McDermott Will & Emery LLP acts for arrangers and investors on a range of structured products transactions. He has further experience of providing counsel on warehouse facilities. **Strengths:** *"Jonathan knows the technicalities and is very practical." "He is an extraordinarily commercial lawyer." "Jonathan is a brilliant polymath and has deep experience in the structured products space."*

Gareth Old of Clifford Chance LLP is sought after by clients for his extensive capital markets expertise. He has drawn particular acclaim for his work advising clients on cross-border structurings. **Strengths:** *"Gareth is brilliant and an incredibly sophisticated lawyer." "He is very knowledgeable and has a good sense of the market."*

Climate Change Nationwide

Band 1

Hunton Andrews Kurth LLP

What the team is known for Hunton Andrews Kurth LLP has a leading litigation outfit known for representing major industry players in policy developments and major rulemaking challenges in the climate change space. Frequently engaged in regulatory advice and in developing compliance programs for clients in the energy, oil and gas and manufacturing sectors. Regularly acts on multi-jurisdictional regulatory proceedings including providing representation before energy and environmental agencies in the US and EU.

Strengths

"Hunton is a fantastic firm."

Work highlights Hunton Andrews Kurth LLP advised Highly Innovative Fuels before the California Air Resources Board on a matter involving production of e-fuels at a Texas 'green hydrogen'

facility.

Notable practitioners

William Brownell (see p.1313) is an esteemed lawyer in the climate change space. He advises clients on the regulation of greenhouse gas emissions from stationary sources with notable experience acting for electric utilities. He provides high-level regulatory advice and deftly handles litigation. **Shannon Broome** (see p.513) advises on climate change-related nuisance lawsuits as well as California-specific emissions standards. She has further expertise in emissions issues affecting the oil and gas, manufacturing and automotive industries. **Strengths:** *"Shannon is very helpful and knowledgeable." "She has a wealth of connections in the industry and among the regulators. She is solution-oriented and very practical."* **Chuck Knauss** (see p.1338) has a broad and nationally recognized environmental and energy law practice. He advises clients on litigation as well as reg-

ulatory and legislative issues pertaining to both state and federal climate change policy. He commonly acts for clients in the oil and gas, automotive and transportation sectors. **Strengths:** *"He is the grandfather of the CAA."*

Latham & Watkins LLP

What the team is known for Latham & Watkins LLP is celebrated for its breadth of practice, advising clients on a litany of climate change-related issues, ranging from air quality and renewable energy projects to green bonds. Well known for government relations work and advocating on behalf of client interests, as well as delivering successful compliance programs. Expert on matters including litigation and carbon transactions. Frequently acts for clients at the cutting edge of new environmental technologies.

Strengths

"Latham has great expertise in this area."

Alphabetical order within each band. Band 1 is highest.

"The team are extremely knowledgeable on the subject matter."

"Latham is deeply knowledgeable about carbon transactions and draws from their global capacities to solve any matter."

"The L&W team has substantial expertise and diverse skillsets. Each member brings unique knowledge and experience to enhance the outcome of a project."

Work highlights Latham & Watkins LLP represented the National Coalition for Advanced Transportation (NCAT) in three DC Circuit litigation

matters in which NCAT intervened to defend Environmental Protection Agency and National Highway Traffic Safety Administration's vehicle greenhouse gas emissions standards and fuel economy standards.

Notable practitioners

Jean-Philippe Brisson (see p.513) is recognized for his national climate change practice that covers emissions issues as well as carbon credit projects and California's Cap-and-Trade program.

Strengths: "He is a thought leader in the space."

Joshua Bledsoe (see p.507) has notable expertise in climate regulation. He handles complex infrastructure and development projects involving low-carbon technologies. His broader environmental practice includes CEQA, NEPA, CWA and CAA regulatory compliance counseling. **Strengths:** "He's very knowledgeable and responsive." "Joshua is outstanding."

Band 2

Arnold & Porter

What the team is known for Arnold & Porter is recognized for its handling of complex cases in relation to emerging climate change regimes. Expertise includes greenhouse gas regulation of automobiles and related emissions litigation. Regularly assists a range of clients on carbon trading, renewable fuel standards and permitting under the CAA. Also noted for providing counsel on green real estate projects and fuel efficiency regulations.

Work highlights Arnold & Porter represented Iogen, a leading Canadian producer and marketer of renewable biogas, in a series of DC Circuit cases challenging EPA's final rule setting cellulosic biofuel volumes for purposes of the annual Renewable Fuel Standards Rule under the Clean Air Act.

Notable practitioners

Jonathan Martel has an excellent reputation for advising on climate change regulations. He represents electric utilities and companies in the consumer product and automotive industries in rulemakings, enforcement actions and litigated rule challenges. **Strengths:** "He always provides practical advice and solutions in a timely manner." "He has a wealth of knowledge and experience."

Ethan Shenkman is an experienced environmental litigator who represents a variety of clients in state and federal courts. As former Deputy General Counsel at the EPA, Mr Shenkman is well versed in advising on biofuels regulation, the Renewable Fuels Standard and other climate-related litigation. **Strengths:** "Ethan is very good." **Sarah Grey** advises clients on a variety of climate change matters, with particular expertise on federal Renewable Fuel Standards, California's Low Carbon Fuel Standard and the Clean Air Act. **Strengths:** "Sarah is great to work with. She combines a detailed understanding of the regulations with a practical sense of how the policymakers will interpret certain topics."

Baker Botts L.L.P.

What the team is known for Baker Botts L.L.P. is able to handle a broad array of climate change

matters, including policy input and related litigation. Provides regulatory advice to clients on carbon emission rules and pending GHG legislation and has demonstrated expertise in the New Source Review. Offers particularly deep expertise in electricity-related matters and is well known for its representation of clients in the energy and transportation sectors. Able to draw on the support of a network of international offices.

Strengths

"The firm always delivers a wonderful service."

"Baker Botts houses a strong team."

Work highlights Baker Botts L.L.P. represented Western States Petroleum Association in separate challenges to the California Air Resources Board's Advance Clean Cars II and Advanced Clean Fleets regulations.

Notable practitioners

Megan Berge (see p.503) has nationally recognized expertise in California's motor vehicle greenhouse gas standards, Washington state Clean Air Rule and permitting issues for new and existing emissions sources. **Strengths:** "Megan is very insightful and gets to the heart of an issue quickly." **Julie Cress** (see p.533) is an up-and-coming attorney who focuses on air quality. She has specific expertise in mobile-source emissions, aftermarket defeat devices and the California Air Resources Board. **Strengths:** "Julie is a very good lawyer."

Bracewell LLP

What the team is known for Bracewell LLP has a deeply experienced practice group with a history of representing industrial interests. Well known for its policy advocacy, as well as its representation of clients in challenging EPA rulemakings. Frequently represents utilities and oil and gas companies before Congress and EPA. Also known for its capabilities in the mining, industrial engineering and chemicals sectors. Further noted for expertise in greenhouse gas-related permitting work.

Strengths

"The firm house a very strong team."

Work highlights Bracewell LLP advised Equinor Wind on the strategic development of its joint portfolio with BP, one of the largest offshore wind portfolios in the United States.

Notable practitioners

Jeffrey Holmstead (see p.1332) has noteworthy environmental law and climate change practice with particular expertise in the Clean Air Act. He is noted for his knowledge of issues affecting clients in the coal power and wider energy sector as well as clients active in the manufacturing industry.

Band 3

Covington & Burling LLP

What the team is known for Covington & Burling LLP is noted for its expertise in legislative, policy and regulatory developments in the climate change sector. Routinely assists on greenhouse gas standards for automobile and utility companies. Further commended for carbon markets and greenhouse gas emissions work.

Strengths

"Covington have a deep bench."

"The firm houses spectacular lawyers."

Notable practitioners

Kevin Poloncarz (see p.1061) is a leading expert in greenhouse gas emission regulation and carbon market renewable energy goals, and is notable for his representation of utilities, downstream oil and gas companies and financial institutions. **Strengths:** *"Kevin is very good."* **Gary Guzy** (see p.576) is an accomplished attorney well known for working with automotive industry clients on emissions and fuel efficiency matters. He has considerable Clean Air Act expertise.

Crowell & Moring LLP

What the team is known for Crowell & Moring LLP has a renowned group fielding experts in a number of different areas. Impressive experience in rulemaking challenges and climate litigation. Frequently assists clients in the development of green energy projects and possesses significant know-how in trade incentives and in renewable energy credit swaps. Additionally acts for clients in the implementation of regulatory compliance programs. Particular expertise in air quality regulation. Provides counsel for clients in sectors including utilities, oil and gas and industrial manufacturing.

Strengths

"The team is smart, thoughtful and well connected."

Notable practitioners

Thomas Lorenzen has nationally recognized expertise in the Clean Power Plan as well as disputes involving ozone-depleting substances. An excellent trial lawyer, he has significant experience in appellate litigation. **Strengths:** *"Thomas is a terrific lawyer."*

King & Spalding LLP

What the team is known for King & Spalding LLP draws on a broad range of expertise from offices across the US to serve clients. The firm regularly represents large industrial clients in government investigations, corporate disclosures and climate litigation. The group is further known for their work on carbon markets, including carbon credits and sustainable finance.

Work highlights King & Spalding LLP advised Transmission Developers on its development of the Champlain Hudson Power Express project, a 339-mile-long high-voltage-direct-current transmission line, which will deliver 1,250 MW of clean, renewable hydro power from the US-Canadian border to New York City.

Notable practitioners

Tracie Renfro (see p.3262) is an experienced climate change litigator, representing clients in complex toxic tort, environmental and other mass tort cases. **Strengths:** *"Tracie is an outstanding litigator."*

McGuireWoods LLP

What the team is known for McGuireWoods LLP offers a skilled team in a broad range of climate change proceedings, including complex litigation related to fossil-fueled power plants under the CAA. Expertise involves regulatory counsel related to the Clean Power Plan. Regularly advises

major oil and gas companies as well as renewable energy developers, such as solar and wind clients. Also noted for assistance with corporate transactions, providing counsel on the financing and project development of renewable energy operations.

Work highlights McGuireWoods LLP advised Dominion Energy on contracts with an aggregate value, of approximately \$7 billion to construct a 2.6-gigawatt Coastal Virginia Offshore Wind (CVOW-C) commercial project. The firm also assisted with its 5 November 2021 application to the Virginia State Corporation Commission for approval of the CVOW-C project.

Notable practitioners

Allison Wood (see p.737) focuses her practice almost entirely on climate change and emissions-related environmental law. She advises clients in the electric utility and oil and gas sectors on regulation, litigation, counseling and risk management. She has particular expertise in the Endangered Species Act. **Strengths:** *"Allison has broad expertise and is very experienced at the federal level."*

Sidley Austin LLP

What the team is known for Sidley Austin LLP is an industry stalwart in the climate change arena, frequently tackling high-stakes litigation concerning significant regulatory changes. Brings international experience to bear on the US regulatory scene. Known for representing clients in the utilities, oil and gas and forestry industries. Particularly noted for experience handling climate change concerns for pipeline projects.

Strengths

"The firm deliver top-notch customer service."

Work highlights Sidley Austin LLP represented Enbridge in its joint venture with Yara International ASA company to construct and develop a low-carbon blue ammonia production facility which will be located at the Enbridge Ingleside Energy Center, near Corpus Christi, Texas.

Notable practitioners

Samuel Boxerman and Justin Savage are key contacts in Washington, DC.

Van Ness Feldman LLP

What the team is known for Van Ness Feldman LLP offers a well-respected group with impressive experience representing clients' interests in significant rulemakings and advising on climate compliance and policy changes. Particular areas of expertise lie in emissions trading and California's Cap-and-Trade program. Experienced with climate change issues pertaining to the oil and gas industry and power sector. Also well versed in mobile source greenhouse gas reviews for automobile companies. Provides expert advice to clients on policy developments under the Biden Administration.

Strengths

"VNF has a very good understanding of the complexities of regulations and risks and also of the commercial issues involved."

Work highlights Van Ness Feldman LLP advised Carbon Utilization Research Council (founded by the firm) on the EPA's proposed CO2 emission standards for power plants.

Notable practitioners

Kyle Danish concentrates his environmental law practice on climate change issues, advising on regulation, permitting, enforcement and legislative matters. His particular areas of expertise include Clean Air Act, corporate climate strategy and emissions trading transactions. He represents companies in the energy, manufacturing and finance sectors as well as think tanks and industry coalitions. **Strengths:** *"Kyle is knowledgeable, commercially savvy and a pleasure to work with."*

Band 4**Eversheds Sutherland (US) LLP**

What the team is known for Eversheds Sutherland (US) LLP draws on an international team to support clients across a range of regulatory, compliance and transactional matters. With a special expertise in Carbon Markets, it guides clients through carbon allowances, offsets and credits at a state and federal level, including California's Cap and Trade. The team is also known for its work in Renewable Natural Gas and Low Carbon Fuel Standards.

Notable practitioners

Herbert J Short Jr is a key contact in Atlanta.

Gibson, Dunn & Crutcher LLP

What the team is known for Gibson, Dunn & Crutcher LLP is a respected climate change practice with a strong Los Angeles base. The firm advises a wide range of clients on strategic environmental counseling and crisis management. The practice is particularly renowned for assisting energy companies, as well as for its strength in litigation.

Work highlights Gibson, Dunn & Crutcher LLP advised Stem on the provision of energy storage systems and AI-powered software, in its \$240 million Private Offering of Green Convertible Senior Notes.

Notable practitioners

Raymond Ludwizewski is a key contact in Washington DC.

Kirkland & Ellis

What the team is known for Kirkland & Ellis provides clients with a dedicated ESG team that draws on a strong bench of energy, environmental and litigation and governmental attorneys. The team at Kirkland has specific expertise in Carbon Market work, including climate fund formation, carbon offsetting and carbon credit work. The firm is also highlighted for its ability to guide clients through governmental investigations and regulatory compliance.

Strengths

"The team is well informed and offers particularly valuable insight."

"The climate team is extremely knowledgeable and they proactively educate their clients about changes in regulation, policy, deal structures, legal risks, new technologies and best practices."

Work highlights Kirkland & Ellis advised on the formation of Rubicon Carbon by TPG Rise Climate as a next generation carbon credits (offsets) platform and assisted with Rubicon Carbon's \$1B

capital raise.

Notable practitioners

Alexandra Farmer (see p.550) is an expert in climate transactional work, including renewable acquisitions, carbon fund formation and disclosure regulations. She helps clients develop climate policies and commitments and advises on related risks, obligations and enforcements.

Strengths: *"She is consistently responsive, creative, reliable and able to tailor advice to the specific issues facing businesses." "Alexandra is very knowledgeable and practical. She has a keen sense of the regulatory environment and market sentiment." "Ms Farmer is a highly experienced professional within the climate and sustainability space. She is very knowledgeable, has a great network within the industry and is a skilled public speaker."*

Pillsbury

What the team is known for Pillsbury provides full service support on climate change matters. The team counsels on federal and state regulations, compliance and enforcement. The firm is known for its dispute practice challenging regulations at state and federal level, including appellate matters. The Pillsbury team is also highlighted for its work on state and federal Renewable Fuel Standards.

Work highlights Pillsbury assisted Ameresco with the sale of renewable natural gas and compliance with regulatory requirements necessary to generate and monetize Renewable Identification

Numbers under the Renewable Fuel Standard.

Notable practitioners

David McCullough of Pillsbury is a highly sought-after attorney. He is well versed in low-carbon fuel regulations and carbon trading, regularly acting for clients in the automotive sector. **Strengths:** *"David is an expert."*

Pollination Law

What the team is known for Pollination Law is a legal boutique aimed at accelerating the transition to net zero emissions. The firm is particularly known for its work on carbon markets, including carbon credit creation and validation. Pollination Law also boasts an impressive roster of clients across the public and private sectors, advising clients on climate policy, afforestation and reforestation and REDD+ projects.

Work highlights Pollination Law worked with the US Department of State, in cooperation with Pollination Foundation, to scale natural climate solutions to reduce deforestation with private finance by improving policy environments and creating innovative financial interventions in selected countries.

Notable practitioners

Marisa Martin Lewandowski is a go-to for her expertise in carbon markets. She frequently advises a wide array of clients, including large multi-nationals, governments, NGOs and investors. **Strengths:** *"Marisa is fantastic."* **Richard Saines** of Pollination Law is noted for his experience

in carbon market transactions. He is also able to advise clients on litigation challenges and provide counsel on climate law and policy development. **Strengths:** *"He is a very smart lawyer."*

Vinson & Elkins LLP

What the team is known for Vinson & Elkins LLP has a strong practice group with considerable strength in the energy field. Handles a range of climate change-related proceedings, such as risk management and litigation regarding the cost of liability for damages. Capabilities include corporate transactional and governance assistance on low-carbon projects, particularly in relation to the decarbonization of the transportation industry. Also recognized for counseling clients on emerging energy technologies and renewable energy issues.

Notable practitioners

Matthew Dobbins in Houston is a key contact.

Other Ranked Lawyers

Craig Gannett of Davis Wright Tremaine LLP is highly sought-after for his advice on climate change regulations. He has notable strength assisting clients with their efforts to decarbonize the production of electricity.

Construction Nationwide

Band 1

Peckar & Abramson, P.C.

What the team is known for Peckar & Abramson, P.C. is a large construction firm that primarily focuses on the representation of contractors and project managers. Stands out for its litigation and dispute resolution experience in high-stakes domestic and international construction matters. Capacity to advise on the full breadth of construction issues, including contract reviews, compliance programs and labor law concerns. Also noted for its expertise in construction matters related to public-private partnership projects. A 'three coast' practice, it has strong regional offices in Texas, Florida, California, New York and Washington DC.

Strengths

"Peckar is our first choice of construction attorneys in Texas."

"It is a very well-resourced and robust practice."

"The firm has always been very responsive, particularly when time sensitivity has been critical."

Notable practitioners

Chair of the firm, Steven Charney in New York is

a key contact.

Band 2

Bradley Arant Boult Cummings LLP

What the team is known for Bradley Arant Boult Cummings LLP is recognized for representing EPC firms, contractors, owners and developers among other clients, on construction matters relating to national and international infrastructure and renewable energy projects. Regularly handles construction defect, delay and impact litigation as well as managing arbitration and mediation.

Strengths

"Bradley has a good construction practice with experienced lawyers."

"It is very knowledgeable about the Texas construction industry and has creative strategies for handling cases."

"Bradley lawyers are very knowledgeable and experienced."

"Its service and responsiveness is top-tier."

Work highlights Bradley Arant Boult Cummings

LLP represented B.L. Harbert International, the subcontractor against operator, BAE Systems in complex delay and other claims arising from construction work on the Holston Army Ammunition Plant before the Chancery Court for the State of Tennessee.

Notable practitioners

David Owen in Birmingham is a key contact at the firm.

Holland & Knight LLP

What the team is known for Holland & Knight LLP stands out for its counsel across a wide variety of construction projects, including in urban redevelopment, infrastructure and power generation, and enjoys a fine track record in public-private partnership work. Able to assist on all phases of a project, from compliance and financing through dispute resolution. Clients include national and international contractors, developers, and public and private owners drawn from the energy, education and healthcare sectors, among others.

Strengths

"Holland & Knight is very adept at handling complex construction matters and does so very efficiently."

Work highlights Holland & Knight LLP served as project counsel to the EPC Contractor of the \$2.6 billion P3 infrastructure project involving renovation and addition of toll lanes in the Orlando metropolitan area.

Notable practitioners

Stephen Shapiro leads the East Coast construction practice; Ben Subin is a key contact in Florida.

Jones Day

What the team is known for Jones Day is a large full-service firm with an impressive construction practice handling a wide variety of substantial projects. Attracts praise for its dominance in both national and international construction projects and disputes. Recommended for advising and litigating in a range of complex matters, including delays, equipment failures, damages and terminations. Also stands out for its experience in public-private partnerships. Maintains a roster of clients from sectors such as energy, education, real estate, healthcare, industrial engineering and transportation.

Strengths

"Jones Day has the in-house resources and local connections to manage complex litigations with confidence and determination."

"All the team members worked well together; very organized and efficient. They are exceptionally responsive and easy to work with."

"The firm was outstanding. It brings a great deal of buying power and it thinks outside of the box."

Work highlights Jones Day represented Orange County Transportation Authority in litigation filed by the contractor, Walsh Construction Company, on the \$500 million OC Streetcar Project currently under construction in Orange County, California.

Notable practitioners

Christopher Thatch is a key contact in Washington, DC.

Pillsbury

What the team is known for Pillsbury Winthrop Shaw Pittman LLP has a quality group handling complex transactions and disputes across the country and abroad. Areas of strength include insurance coverage claims and public-private partnerships work. Frequently collaborates with complementary practices, such as energy and real estate, to deliver counsel on diverse projects from start to finish. Includes a disasters group able to respond to critical matters such as crane collapse, explosions, full building collapse and force majeure incidents.

Strengths

"The firm consistently delivers best value support for our matters and allocates work at the right value level to a broad team. The firm obviously encourages cross-collaboration and support to ensure that matters receive both expert and energetic consideration."

"Pillsbury's advice is legally sound but always practical and commercially efficient."

"Pillsbury is elite in terms of industry knowledge."

Work highlights Pillsbury represented Lane Construction in negotiating the \$15 billion design-build contract for the Texas High-Speed Train rail line, which will transport passengers to and from Dallas and Houston in less than 90 minutes.

Notable practitioners

David Dekker is a key contact in Washington, DC.

Smith Currie Oles LLP

What the team is known for Smith Currie is a long-established construction boutique staffed by experienced ex-industry attorneys. It represents a broad client base on complex construction matters, particularly in infrastructure and energy projects, as well as public-private partnerships. The firm is also respected for its work on a variety of cases for private corporations and government contractors.

Strengths

"Smith Currie is excellent."

"The firm has a great team."

"Smith Currie is very responsive and thorough."

Work highlights Smith Currie advised American bridge on substantial claims involving changes, delays and disruption to the structural steel work it performed as a subcontractor to Clark/Lewis JV, who served as the GCCM on the \$2 billion Washington State Convention Center expansion.

Notable practitioners

Robert Chambers is a key contact in Georgia.

Troutman Pepper

What the team is known for Troutman Pepper has an experienced group with a strong presence across the country. Often handles high-profile projects for major construction groups and

owners, and possesses a high-caliber litigation and trial team that regularly appears in high-value disputes arising from projects. Also noted for its representation of leading contractors and design professionals. Further recognized for representation of international clients drawn from the Americas, the Middle East and the UK.

Strengths

"Troutman Pepper is super timely."

Work highlights Troutman Pepper advised the owner of the Skookumchuck Energy Facility located in Rainier, Washington, on disputes with the Balance of Plant EPC Contractor associated with project delays and cost overruns.

Notable practitioners

Jason McLarry is a key contact in Georgia.

Band 3

Alston & Bird LLP

What the team is known for Alston & Bird LLP has a reputable construction practice capable of advising on public and private projects nationwide. Offers notable dispute expertise and experience in delays, disruptions, defect, default and bid protests. Equally capable of handling the negotiation and preparation of the full range of contract documents. Acts for public and private owners as well as engineering, design and contractor clients in a diverse range of industries.

Strengths

"Alston & Bird is very good at reviewing potential strategies and recommending the best course of action based on risk tolerance."

"Alston & Bird has a world-class construction litigation team, and it shows from top to bottom."

"Alston & Bird's communication is good and clear."

Work highlights Alston & Bird LLP defended Jacobs against allegations of negligent engineering design of a mixed-use data center in San Jose.

Notable practitioners

Christian Roux in California is a key contact at the firm.

Baker, Donelson, Bearman, Caldwell & Berkowitz, PC

What the team is known for Baker Donelson has prominent construction practitioners based in offices in Georgia, Alabama and Louisiana from which they advise on contracts and disputes across the country. The firm is highly capable of advising owner and contractor side clients throughout the life cycle of both public and private construction projects.

Strengths

"Baker, Donelson is always available, attentive and responsive."

Notable practitioners

Louisiana-based Mark Mercante is a key contact.

Greenberg Traurig, LLP

What the team is known for Greenberg Traurig has a broad practice with experience in high-end residential and substantial commercial projects. The firm primarily represents owners and developers. The team demonstrates notable skill in the drafting of construction contracts and in dispute

resolution. Its litigation expertise encompasses procurement disputes, lien claims, design defects and a host of other matters.

Strengths

"Greenberg Traurig is easy to communicate with and clearly understands clients' needs."

"Greenberg Traurig has vast experience in the local market and across the US."

Work highlights Greenberg Traurig represented affiliates of Royal Palm Companies, The Related Group and The Falcone Group in connection with all aspects of the design, development and construction of more than ten distinct projects with an aggregate value of over \$1 billion within Miami Worldcenter.

Notable practitioners

Michael Thomas is a key contact in Florida.

Kilpatrick Townsend & Stockton

What the team is known for Kilpatrick Townsend & Stockton excels in advising on infrastructure megaprojects, including airports, tunnels, wastewater treatment plants, prisons and more. Fields significant contracts experience, encompassing negotiations, reviews and government contracts. Also recognized for handling major disputes and litigation, as well as litigation and mediation at both national and international levels. Clients include large public owners, private contractors and engineers.

Strengths

"The construction group is efficient and always looking for ways to prepare claims or defenses in a thorough manner."

"Kilpatrick is very knowledgeable and provides sound legal advice at every turn."

"Kilpatrick Townsend & Stockton is an excellent team that is very good at fully understanding complex technical facts."

Work highlights Kilpatrick Townsend & Stockton acted for The Wood Group, the contractor constructing the Aegis Ashore Missile Defence facility in claims against the project owner, the US Missile Defence Agency and the US Army Corps of Engineers.

Notable practitioners

Brian Corgan is a key contact in Georgia.

King & Spalding LLP

What the team is known for King & Spalding LLP is a reputable construction practice regularly handling large transactional and disputes work both domestically and internationally. Especially strong sector expertise in energy, including renewable energy projects.

Strengths

"King & Spalding has a dedicated front end construction team with deep knowledge, and it is very good at responding and turning work around quickly."

Work highlights King & Spalding LLP successfully represented Reficar in its dispute with US-based contractor CB&I over the construction of an oil refinery in Cartagena. The client won a \$1.9 billion award following nine years of litigation.

Notable practitioners

Scott Greer is a key contact in Texas.

Seyfarth Shaw LLP

What the team is known for Seyfarth Shaw LLP is experienced in large project development for sectors including public infrastructure, transportation and energy. Has significant experience in handling domestic and international construction disputes, and provides expert guidance on a variety of matters, including EPC agreements, government contracting and bid protests. Regularly advises clients from sectors including real estate, retail, energy, healthcare and utilities.

Strengths

"Seyfarth attorneys have a good sense of what does and doesn't make sense for clients from a commercial perspective. They also listen and respond to a particular client's needs in a given situation."

"The people and groups that we work with at Seyfarth are among the most responsive we have when it comes to an entire project team—contractors, consultants, engineers or other counsel."

Work highlights Seyfarth Shaw LLP represented DWS/RREEF with respect to widespread defective gypcrete throughout a multifamily construction.

Notable practitioners

Michael McKeeman in San Francisco and Alison Ashford in New York are key contacts at the firm.

Varela, Lee, Metz & Guarino

What the team is known for Varela, Lee, Metz & Guarino is a well-respected boutique comprised of construction law specialists on both coasts. Handles sensitive and substantial cases for many of the country's top industry players. Specializes in industrial and power sector projects with engineering, procurement and construction contractors and developers. Increasingly active in international construction projects and arbitrations, and has significant experience in government contract disputes. Particularly skilled in cross-border and multijurisdictional matters.

Strengths

"VLMG has one of the strongest groups of construction attorneys in the country. Their knowledge in the international construction arbitration arena is quite extensive and they are a go-to firm for international construction disputes."

"The team are excellent, extremely knowledgeable, well organized and proactive in their approach."

"The firm have strong team members with a good breath of experience and a deep understanding."

Work highlights Varela, Lee, Metz & Guarino represented Parsons Transportation Group in a breach of contract claim brought by its primary subcontractor in connection with a 12-year project for the development of a statutorily mandated train control system and all related facilities for New Jersey Transit.

Notable practitioners

Paul Varela is a key contact in Virginia.

Watt, Tieder, Hoffar & Fitzgerald, LLP

What the team is known for Watt, Tieder, Hoffar & Fitzgerald, LLP is a distinguished boutique highly regarded for its broad expertise on all sides of the construction industry. Available to assist on all phases of a build, from transactions and project financing, through contracts and dispute resolution. Key areas of focus include

surety representation, and major public and private infrastructure and energy projects. knowledgeable on the law and industry."

Work highlights Latham & Watkins LLP represented Changpeng Zhao, the Binance founder and CEO, in connection with enforcement actions against Binance by the CFTC and the SEC.

Notable practitioners

Witold Balaban (see p.496) is known for his expert counsel on complex equity derivatives, including transactions requiring bespoke structuring. **Strengths:** "Witold is a leader in this space. He is intelligent and thoughtful." "He has a great track record of employing creativity to solve complex situations." "Witold is responsive, knowledgeable and an amazing partner." **Rafal Gawlowski** (see p.564) has a broad derivatives practice, which regularly sees him advise issuer-side clients in transactions. **Strengths:** "He is commercially-savvy and executes complicated trades with ease." **Yvette Valdez** (see p.725) has an impressive and diverse derivatives practice. She is particularly sought after by clients for her expertise navigating the regulations surrounding cryptocurrency. **Strengths:** "Yvette provides invaluable counsel that makes the difference in our ability to accomplish a business objective." "Yvette is a quick study and provides very practical advice." With in-depth knowledge of the CFTC, **Douglas Yatter** (see p.739) is well respected for his enforcement practice, which sees him assist with investigations into market practices, including market spoofing. **Strengths:** "Douglas is exceptional." **Catherine Lee** (see p.619) has experience advising financial institutions, including syndicates of banks, on equity-linked transactions. **Strengths:** "Catherine handles a wide variety of derivative matters with ease." "She is a go-to call for any question." "Catherine knows the issues that are important to us and is great to work with." **Reza Mojtabae-Zamani** (see p.645) maintains a busy equity derivatives practice and he also demonstrates strength in equity-related transactions, such as margin loans. **Strengths:** "Reza is extremely smart and knowledgeable." "He is tremendously capable and very experienced across the products." "Reza is proactive, creative and has a surgical approach." **Eric Rice** (see p.679) has a developing reputation in the derivatives market, with notable deal experience in equity-based transactions. **Strengths:** "Eric is tremendously capable." "He gives great legal advice and is super user-friendly."

Sullivan & Cromwell LLP

What the team is known for Sullivan & Cromwell LLP has a growing practice with extensive experience working in the banking and financial sectors, which gives the team an enviable overview of market trends and developments. The attorneys are active advising on commodity-linked products and other derivatives, winning recognition for their strength in the full gamut of matters, encompassing transactional, regulatory and enforcement mandates. In particular, the firm stands out as a leading derivatives practice in the digital asset market. Clients include clearing houses, hedge funds and investment banks, as well as exchange and trading platforms.

Strengths

"Sullivan & Cromwell has an impressive team of well-known experts in the field."

"The lawyers are highly respected and excellent. S&C is a force to be reckoned with."

"The Sullivan attorneys are leaders in this space. It is a great firm for solutions to complex problems."

Work highlights Sullivan & Cromwell LLP represented multiple proprietary trading firms in CFTC and Exchange inquiries and investigations related to algorithmic and other electronic trading activities.

Notable practitioners

Kenneth Raisler (see p.674) has long been highly regarded for his regulatory practice and he is especially recommended for his expertise in matters involving the CFTC. **David Gilberg** (see p.566) has an impressive practice which sees him frequently advise on regulatory matters, including on the rules surrounding digital assets. **Strengths:** "David is knowledgeable and has a full understanding of the CFTC." **Rebecca Simmons** (see p.702) 'broad regulatory knowledge makes her a popular choice for trading associations and financial services firms. **Strengths:** "Rebecca's breadth of skill is immaculate." "She has a uniquely creative mind and is not afraid to dig deep into research." "Rebecca is an excellent lawyer." **Colin Lloyd** (see p.624) has a flourishing regulatory practice, regularly advising on matters impacting both the US and international jurisdictions. **Strengths:** "He is a sharp and strategic thinker who is really skilled at creative problem solving." **Kathleen McArthur** (see p.635)'s regulatory, enforcement and investigations expertise make her well placed to handle cases involving market manipulation. **Strengths:** "Kathleen is super smart and very practical." **James McDonald** (see p.637) brings a wealth of experience in enforcement and is regularly seen representing clients in regulatory and compliance investigations related to their trading activities. **Strengths:** "He is a very smart and very talented lawyer."

Willkie Farr & Gallagher LLP

What the team is known for Willkie Farr & Gallagher LLP offer a well-regarded practice with derivatives experience spanning regulatory, enforcement and transactional matters. The firm possesses niche expertise in physical commodities, particularly relating to the energy market. The attorneys are adept at representing clients before regulatory bodies such as the CFTC and NFA, with clients including lenders, swap dealers

and energy companies, among others.

Strengths

"Willkie always provide prompt and helpful counsel with its impressive CFTC and crypto knowledge."
"Willkie's broad and deep bench is trusted to handle sophisticated matters and explain issues clearly."
"Willkie Farr provides direct and practical guidance with very timely turn-around."

Work highlights Willkie Farr & Gallagher LLP represented the Futures Industry Association in drafting all its comment letters on the CFTC's proposed position limits and aggregation rules.

Notable practitioners

Paul Pantano (see p.661) has an impressive derivatives practice, with a niche strength in physical commodities in the energy sector, and regularly represents clients in front of regulatory bodies.

Strengths: *"Paul has very broad knowledge of the market."* *"He is totally outstanding across the board."* **Rita Molesworth** (see p.645) is well regarded for advising on the regulatory compliance of derivative products in the commodities space. **Strengths:** *"Rita has deep industry expertise."* **Neal Kumar** (see p.615) brings regulatory experience to transactions and has an in-depth understanding of the CFTC. **Strengths:** *"Neal is cognizant of multiple regulatory bodies' rules and provides accurate accounts of legal risk."* *"He is very knowledgeable on derivative regulatory issues."*

Band 2

A&O Shearman

What the team is known for A&O Shearman is well placed to advise on a variety of complex regulatory concerns thanks to its significant global presence and broad market awareness. The firm is able to provide counsel on the full range of asset classes covered by the OTC derivatives markets, and regularly takes a leading role in developing ISDA documentation. The attorneys offer a wealth of experience advising clients on matters concerning the Dodd-Frank Act, including the Volcker Rule, and assisting clients with the European Market Infrastructure Regulation. The firm is equally adept at providing counsel on transactions, including advising on equity and credit derivatives, as well as related matters such as repurchase agreements, and represents the full spectrum of significant players in these transactions, including banks, hedge funds and corporate entities. The firm has expertise in the growing digital asset market and is also able to draw on notable cross-border experience.

On 1st May 2024, Allen & Overy and Shearman & Sterling merged to form A&O Shearman.

Strengths

"The firm has significant depth in its derivatives practice and it provides extremely high service levels."
"The team provides solid advice in a timely manner."
"The firm provides helpful market color and sound commercial advice."
"The team provides very specialized insight."

Work highlights The firm advised a member of the London Stock Exchange Group, LCH, on the transition of a significant volume of cleared derivatives to risk-free rates.

Notable practitioners

Geoffrey Goldman is highly regarded for his regulatory advice, and his broad client list spans major financial institutions and corporates. **Strengths:**

"He is a fantastic thought leader and a very smart lawyer." **David Lucking** (see p.627) elicits widespread praise for his credit derivatives practice and is considered to be a key reference for matters involving ISDA. **Strengths:** *"David is a terrific lawyer who is always available to discuss thorny issues or complex new structures. He is a pleasure to work with."* *"David Lucking is a strong and highly capable partner who is able to identify and guide clients through complex legal projects."* *"He is a fantastic lawyer. He is always so knowledgeable with his areas of legal expertise, as well as having broader market intel and commercial awareness."*

Donna Parisi maintains an excellent reputation for her broad derivatives practice and, as head of the fintech initiative for the firm, is also experienced in matters involving cryptocurrency. **Strengths:** *"Donna is a very knowledgeable lawyer."* **Azam Aziz** frequently advises on regulatory and transactional matters, with extensive experience acting for buy-side clients. Derivatives associate **James Bryson** (see p.515) stands out for his broad derivatives practice, with experience in transactional and regulatory matters. **Strengths:** *"James is a very fine lawyer who provides a very high level of service on highly structured transactions."* *"James Bryson is an incredibly client-oriented associate who can be relied on for meaningful, and thoughtful advice. He is quick to understand complex issues and deliver advice that is not only legally sound but usable and business-friendly."* *"He is an excellent lawyer."*

Cadwalader, Wickersham & Taft LLP

What the team is known for Cadwalader, Wickersham & Taft LLP provide high quality representation of buyers and sellers in high value derivatives transactions. In addition to advising on cleared and uncleared OTC derivatives, the firm is also noted for its skill in developing innovative procedures and structures in light of ongoing regulatory and market developments, with areas of focus including advising financial institutions on the impact of the Volcker Rule and assisting clients with LIBOR cessation.

Strengths

"Cadwalader offers timely and thoughtful responses. It has tremendous insights and abilities to handle all types of complex and tricky transactions."

"Cadwalader stands out for its deep knowledge of specialized areas. It is a go-to for novel and sensitive derivatives matters."

"Cadwalader's derivatives expertise is invaluable. The team is intelligent, creative and commercial."

Work highlights Cadwalader, Wickersham & Taft LLP assisted Nodal Exchange in updating the rulebook and participant documentation to expand the categories of intermediation allowable on the exchange.

Notable practitioners

Lary Stromfeld is a skilled derivatives lawyer, who is recognized for his leading cross-border transactional and regulatory practice, making him highly sought after to advise on new market devel-

opments. **Strengths:** *"Lary is a visionary leader in developing derivative and public finance solutions."* *"Lary is a first class professional. He is client-oriented while being commercial and an industry thought leader. He always has new and creative ideas to best position the client."* *"He has really deep historical knowledge and he is outstanding."*

Ivan Loncar regularly provides derivatives advice to local governments, financial institutions and swap dealers. His areas of expertise include bankruptcy-related derivatives. **Strengths:** *"Ivan has a really wide array of expertise and he is very practical."* *"He is the first lawyer we call for derivatives matters and he consistently delivers excellent results on our most demanding and complex matters."* *"Ivan is brilliant."* **Peter Malyshev** is active in the transactional market, frequently advising on commodities transactions, and is highly regarded for his regulatory practice. **Strengths:** *"Peter is very highly regarded and does good work."* *"He is very technical."*

Fried, Frank, Harris, Shriver & Jacobson LLP

What the team is known for Fried, Frank, Harris, Shriver & Jacobson LLP has a versatile transactional and regulatory practice boasting strengths in OTC and exchange-traded derivatives. It is frequently sought for its regulatory expertise, which includes handling matters before the SEC and CFTC. Clients range from asset managers to major corporates across a broad range of industries, including emerging sectors.

Strengths

"The Fried, Frank team understands our business goals and prioritizes deliverables across many work-streams."

"The Fried, Frank team is commercially aware, practical and provides precise advice."

"The lawyers are extremely knowledgeable, capable and have excellent coverage."

Work highlights Fried, Frank, Harris, Shriver & Jacobson LLP advised NiSource on the securities law issues related to its April 2021 registered convertible units offering.

Notable practitioners

Ray Shirazi is well regarded for his transactional and regulatory acumen in matters involving derivatives. **Strengths:** *"Ray has thorough knowledge of all things derivatives and has a strong sense of how the market views various issues."* *"Ray is a fantastic partner and provides an excellent service level."*

David Mitchell is a well-regarded OTC derivatives practitioner and he boasts an impressive regulatory practice. **Strengths:** *"David is extremely thoughtful and thinks about things from a legal and business perspective."* *"He is truly encyclopedic and incredibly smart. David produces incredible results."* **Robert McLaughlin** serves as head of the derivatives group and has a comprehensive OTC practice, regularly advising asset managers and companies on a variety of mandates. **Nihal Patel** earns praise for his ability to counsel key market players, including financial institutions and trade associations, among others, on derivatives transactions and market developments. **Strengths:** *"Nihal is commercial, practical, knowledgeable and solutions-oriented."*

Katten

What the team is known for Katten is recognized in the market as particularly strong in dealing with regulatory issues surrounding futures trading, with expertise in cleared and uncleared swaps. The derivatives practice utilizes the firm's bankruptcy and tax and litigation specialists to provide a rounded service. Services are available to a range of different clients, including clearing houses and end users, among others. The firm offers notable expertise in both OTC and exchange-traded derivatives.

Strengths

"Katten demonstrates excellent proficiency in commercial awareness and is a dedicated team with knowledge of the trends and relevant industries."

"The Katten team has in-depth expertise across asset classes and understands the business environment in which we operate."

"Katten has an excellent team of former government officials and industry practitioners. As a result, their advice is practical and strategic."

Notable practitioners

Gary DeWaal has extraordinary experience on a range of asset classes, including investments in cryptoassets. He is especially recognized for his ability to advise on regulatory developments in the market. **Strengths:** *"Gary's longstanding industry experience makes him an invaluable part of our legal team."* **Christian Kemnitz** serves as the chair of the financial markets litigation and enforcement department. He regularly advises major financial institutions clients on a range of derivatives enforcement issues. **Strengths:** *"Christian is a very adept advocate who helps navigate complex issues towards achieving favorable outcomes."* *"He is excellent."* Banks and hedge funds regularly seek **Ilene Froom's** expertise on equity derivatives and she is highly regarded for her advice on matters involving ISDA. She also has in-depth knowledge of benchmark regulations. **Strengths:** *"Ilene brings a wealth of knowledge and industry experience. She has a sense of what works from a practical and commercial perspective."* *"Ilene has an excellent fluency with business and legal issues and explains things very well."* *"She is a great derivatives lawyer."* **Carl Kennedy** has experience in OTC and exchange-traded derivatives. He uses his deep knowledge of the CFTC to assist with regulatory compliance. **Strengths:** *"Carl is a fantastic partner that brings expertise and well-reasoned guidance. He is a smart, responsive and creative partner to our business."* *"Carl's government and industry experience means he delivers practical advice that advances the business."* **Daniel Davis** (see p.538) is recommended for his regulatory guidance in the derivatives space, with additional insights into cryptocurrency. **Strengths:** *"Daniel is technically brilliant and also very pragmatic."* *"His government experience means he delivers practical advice that advances the business."*

Sidley Austin LLP

What the team is known for Sidley Austin LLP is a strong team with a comprehensive global practice which integrates its transactional, regulatory compliance and regulatory enforcement operations into a broad single-service derivatives offering, advising clients on both the buy- and

sell-sides. The firm also provides counsel for exchanges and clearing houses on trading protocols and the registration process.

Strengths

"Sidley Austin has the knowledge and experience to cover various jurisdictions and types of agreements."

"Sidley Austin is excellent in advising us technically and taking great care of our needs."

"The lawyers are subject matter experts and are very up to speed on the very latest regulatory issues."

Work highlights Sidley Austin LLP represented the sales agents, forward sellers and forward purchasers in the SEC-registered ATM forward program of Welltower and the SEC-registered ATM forward program of Realty Income Corporation.

Notable practitioners

Ellen Pesch (see p.667) regularly provides transactional and regulatory counsel to banks, companies and trade associations. **Strengths:** *"Ellen is excellent and very knowledgeable."* *"She has a good command of various regulatory schemes and is practical."* **Prabhat Mehta** (see p.640) has an internationally facing capital markets practice, with clients benefiting from his substantial experience leading transactions and deal teams across the Asian continent. **Strengths:** *"Prabhat knows the market, the products and the law very well. This is reflected in his thoughtful advice."* **Azad Assadipour** (see p.494) demonstrates an impressive ability to lead derivatives transactions, including notable work in the negotiation of ISDA master agreements. **Strengths:** *"Azad has an extremely thorough understanding of the client's business and consistently identifies key business issues and provides commercially sound advice."* *"He is extremely thoughtful and prepared in his responses to complex or quick questions."* *"Azad is very knowledgeable, delightful to work with and always willing to offer assistance."*

Band 3

Eversheds Sutherland (US) LLP

What the team is known for Eversheds Sutherland (US) LLP is a well-regarded derivatives practice able to provide high-end transactional and regulatory advice. Clients include financial institutions and major corporates. The firm is widely recognized for its capabilities in the commodity-linked products in the energy market, as well as for its niche insurance focus.

Strengths

"The team has the depth to take on complex transactions and they are always current on what terms are market."

"Eversheds has a strong team with a global reach."

"The firm has significant knowledge and expertise."

Work highlights Eversheds Sutherland (US) LLP advised Fannie Mae on the derivatives regulatory implications of several multi-hundred million dollar mortgage-based securitization transactions.

Notable practitioners

James Cain (see p.518) regularly handles derivative matters in the insurance space. **Strengths:** *"James is very knowledgeable, very experienced and*

provides good advice." *"He is a really great attorney with institutional knowledge."* **Meltem Kodaman** (see p.611) frequently advises a broad range of clients, ranging from insurance companies to government-sponsored agencies. **Strengths:** *"Meltem is very knowledgeable about the subject matter and explains concepts I don't understand."* *"She is very clear and capable of advising on complex matters."* *"Meltem is great to work with and a great resource."* **Raymond Ramirez** (see p.675) is an excellent attorney who is able to handle transactional and regulatory matters. **Strengths:** *"Ray does great work and has a great blend of legal knowledge and business sense."* *"He is responsive to business needs and provides high quality work."* *"Ray is knowledgeable and a pleasure to work with."*

Jenner & Block LLP

What the team is known for Jenner & Block LLP has a strong litigation practice able to assist with investigations, both internal and external, across the derivatives market. The firm's capabilities also include advising on derivatives matters in bankruptcy proceedings. Trade associations and high profile companies number among its clients.

Strengths

"Jenner & Block attorneys are highly experienced, intelligent and very capable of handling complex derivatives litigation."

"The Jenner & Block team is very smart and really understands the details of derivatives laws."

Work highlights Jenner & Block LLP acted for Lansing Trade Group and The Andersons in a class action that alleged the client violated the Commodity Exchange Act and the Sherman Act by manipulating wheat futures prices.

Notable practitioners

Gregory Boyle is recognized for his derivatives-based litigation and enforcement practice, including self-regulation and external investigations. **Strengths:** *"He is very sharp, strategic and effective."* *"Greg is extremely smart and a very good lawyer. He's also very personable and responsive."* *"Greg is a great lawyer. He is very thoughtful and knowledgeable in derivatives enforcement actions."* **Vincent Lazar** is the cochair of the markets and trading practice. He demonstrates notable expertise in the commodities market and often acts for financial institutions on bankruptcy and broker litigation matters. **Strengths:** *"Vincent has a very good practice in this area and is very well regarded."*

Kramer Levin Naftalis & Frankel LLP

What the team is known for Kramer Levin Naftalis & Frankel LLP is particularly recognized for its knowledge of credit derivatives, a market in which it has a noted experience. The firm is frequently active in the representation of buy-side clients and demonstrates strength in derivatives-related transactions, including repurchase agreements and total return swaps.

Strengths

"The team always brings solutions to complex issues."

"Kramer Levin has a great grasp of the issues, is proactive at problem solving and provides useful commercial insights."

"Kramer Levin has excellent depth of knowledge and experience. The team is attentive to client

needs.”

Notable practitioners

Fabien Carruzzo (see p.521) is widely recognized for his impressive credit derivatives practice and is seen as a resource for clients seeking advice on ISDA matters. **Strengths:** “Fabien is an excellent lawyer who always understands commercial dynamics.” “Fabien is an excellent sounding board, he is well connected and knowledgeable on a variety of topics.” “He is proactive in addressing issues and attuned to legal and commercial issues.”

Linda Sharkey (see p.699) is an impressive associate who is active on a wide variety of derivatives matters. **Strengths:** “Linda is great, super responsive and efficient.” “She is a fantastic associate, always on top of matters and her work is excellent.” “Linda executes with great skill.”

Linklaters

What the team is known for Linklaters offer an active OTC derivatives practice able to represent buy- and sell-side clients. The group is widely regarded for its knowledge of market developments, including in-depth knowledge of decisions and documentation produced by trade associations, most notably the International Swaps and Derivatives Association. In addition to strong USA regulatory expertise, the practice also has knowledge of EMIR and MiFID II, making it a popular choice for clients requiring guidance on cross-border transaction. The firm’s international capabilities are bolstered by highly regarded international teams in other jurisdictions.

Strengths

“Linklaters has a lot of experience with complex matters and approaches the delivery of its services in a commercially pragmatic manner.”

“The team is plugged into the commercial landscape and has great technical expertise.”

“Their quality and commercial awareness is outstanding.”

Work highlights Linklaters continued to advise ISDA on the development of regulatory initial margin collateral documentation and other related self-disclosure letters and material, in order to help market participants comply with initial margin requirements imposed by regulators around the globe.

Notable practitioners

Douglas Donahue (see p.543) advises buy- and sell-side clients in derivatives transactions, and he is also noted for his ability to advise these clients, and the trade associations, on regulatory developments. **Strengths:** “Doug is extremely pragmatic and his deep relationships mean he has very important insights into markets and trends.” “He is a trusted advisor with sophisticated technical expertise and excellent commercial knowledge.” “Doug provides very balanced advice, has years of experience and deep expertise.” **Will Liu** (see p.624) supports a range of active parties in derivatives transactions, from buy-side clients to trade associations. **Strengths:** “Will has the ability to address complex issues and break them down. He has great technical expertise.”

Mayer Brown LLP

What the team is known for Mayer Brown LLP frequently provides regulatory advice to trade

associations, asset managers and banks on issues concerning Dodd-Frank regulations, including the Volcker Rule. The firm regularly advises on enforcement matters involving the CFTC and CME. It also handles extensive transactional work for banking clients and offers notable experience advising on the netting process. Attorneys from Mayer Brown work closely with colleagues from the securitization, leveraged finance and bankruptcy teams in providing clients with a comprehensive service and the practice also benefits from a strong network of international offices.

Strengths

“The firm’s knowledge of the regulations is complemented by its knowledge of market practice and industry perspectives.”

Work highlights Mayer Brown LLP advised ING Group on a repo through an over-the-counter call option transaction. The transaction was completed outside of the US, while complying with US broker-dealer regulation.

Notable practitioners

Curtis Doty (see p.543) provides cross-border regulatory advice for trade associations, banks and corporates. **Strengths:** “Curtis is a very creative lawyer.” **Matthew Klucheneck** (see p.610) has an excellent regulatory and enforcement practice in the derivatives space, including on crypto matters. He is cohead of the firm’s financial markets regulatory and enforcement practice.

Strengths: “Matt is terrific and has the perfect blend of knowing the letter of the law and knowing how market participants adhere to it.” “He has great technical product knowledge.” “Matt works hard to stay on top of new developments.”

Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates

What the team is known for Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates is a distinguished team of regulatory and transactional specialists advising on the full range of OTC derivatives, with increasing visibility in equity derivatives, especially relating to convertible notes, both domestic and cross-border in nature. The firm possesses renowned strength in enforcement and litigation, including representing clients before the SEC, CFTC, FERC and DOJ. It typically represents issuers but is equally adept at advising financial institutions.

Strengths

“The Skadden team has a great level of experience and is commercial.”

Work highlights Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates represented JPMorgan Chase Bank, J.P. Morgan Securities LLC and J.P. Morgan Securities plc in a CFTC resolution relating to swaps reporting issues.

Notable practitioners

David Meister comes highly recommended for his expert knowledge of enforcement actions as they relate to the derivatives market. **Strengths:** “David’s breadth of experience is really strong and he is a brilliant strategist.” **Yossi Vebman** (see p.726) handles a broad range of transactions, and his areas of expertise include margin loans and convertible offerings, among others. **Strengths:** “Yossi is a seasoned derivatives lawyer and very talented.”

White & Case LLP

What the team is known for White & Case LLP handles a broad range of derivatives matters, from assisting with transactions, to providing regulatory advice. Clients include leading financial institutions and household-name companies. The firm is supported by a network of international offices and is a destination practice for cross-border derivatives mandates.

Strengths

“White & Case consistently delivers thoughtful and well-informed advice on complex matters.”

“All of the team have great subject matter knowledge.”

Work highlights White & Case LLP advised Barclays Bank in its prime brokerage, synthetic prime brokerage, futures and sponsored repo platforms. This included negotiation with key clients and FINRA compliance.

Notable practitioners

Ian Cuillerier stands out for his commodity trading practice, regularly advising clients in North America and Latin America in the energy sector. He also has noted expertise in regulatory compliance. **Strengths:** “Ian is an excellent lawyer and very analytical.” “He has a high level of market, regulatory and legal knowledge and focuses on providing complete and commercial advice.” “He has a wealth of experience in the Latin America region.”

Edward So is recognized for his national and international derivatives capabilities. **Strengths:** “Edward is very knowledgeable and commercial.”

WilmerHale

What the team is known for WilmerHale possesses a notable derivatives practice with capabilities across a broad range of asset classes. The firm’s impressive regulatory capabilities include advising on US and international futures trading compliance. It is well placed to represent clients in enforcement actions before the CFTC and SEC.

Strengths

“WilmerHale provides nuanced and sophisticated advice.”

“The firm is very connected within the industry.”

“The team is incredible on technical analysis and understanding policy nuances. Its client service is fantastic.”

Work highlights WilmerHale advised an investment manager, Eaton Vance Management, on all of its derivatives regulation and documentation, including regulatory questions and counterparty agreements relating to cleared and exchange-traded swaps and uncleared swaps.

Notable practitioners

Matthew Kulkin (see p.615) focuses his strong derivatives practice on regulatory matters, with particular expertise on CFTC investigations and advising exchanges. He is chair of the firm’s futures and derivatives practice. **Strengths:** “Matt is incredibly knowledgeable on the CFTC; he provides useful analysis and understanding of the rules and regulations.” “He is a great lawyer with extensive knowledge and experience. He understands the business and thinks like his clients.” “Matthew’s advice is informed by his regulatory experience. He is a sophisticated and very responsive lawyer.”

Band 4**Bracewell LLP**

What the team is known for Bracewell LLP is particularly noted for its unique strength on energy derivative matters. The firm has a client base including energy companies, banks and commodity trading advisors. The team frequently appears before the CFTC and advises on compliance matters.

Strengths

"Bracewell draws on a wide range of experts and has excellent inside knowledge."

"The firm brings practical insights and alternatives. It is an exceptional team."

Work highlights Bracewell LLP represented an international commodity trading firm in a CFTC investigation related to trading energy derivatives and related derivatives.

Notable practitioners

Charles Mills (see p.644) is known for his enforcement and regulatory practice, which sees him defending clients in disputes with regulatory bodies. **Strengths:** *"Charles clearly has vast knowledge and understanding of the law. He is extremely thorough and diligent." "He is very smart, creative and a very strong writer." "Charles is an excellent lawyer."* **Michael Brooks** is noted as an insightful derivatives lawyer, with particular expertise in the energy space and acting for commodity trading companies. **Scott Le Bouef** (see p.618) is well versed in transactions involving physical commodities and he has recent experience advising on green energy assets.

Clifford Chance US LLP

What the team is known for Clifford Chance LLP has a recognized team able to draw upon its significant global presence when advising clients in the USA. The firm focuses on innovative structured transactions, with notable experience handling foreign exchange issues related to derivatives transactions. It also possesses recognized abilities in the regulatory space, regularly providing market opinions to trade associations.

Strengths

"It is a deeply knowledgeable team with a strong global presence."

Notable practitioners

Darren Littlejohn has a great sell-side dealer practice and is very knowledgeable on the regulatory side, regularly advising on legislative reforms. **Strengths:** *"Darren is excellent to work with as a true partner in our work."*

Davis Wright Tremaine LLP

What the team is known for Davis Wright Tremaine LLP is active across the full gamut of derivatives work. Its attorneys regularly advise financial institutions, swap dealers and brokerage firms on enforcement and regulatory matters. The firm also possesses notable expertise in the digital assets markets and assists clients with enforcement issues and investigations relating to cryptocurrency.

Strengths

"The firm has a wide range of expertise and provides timely communications."

"It is an exceptional team."

Work highlights Davis Wright Tremaine LLP advised a futures commission merchant on regulatory issues related to its cross-border swap transactions and assisted with registration and exemption matters.

Notable practitioners

Elizabeth Lan Davis is cochair of the financial services practice. She is particularly well regarded for her extensive experience of providing counsel on SEC and DOJ investigations, as well as regulatory matters. **Strengths:** *"Elizabeth is exceptional."*

Foley & Lardner LLP

What the team is known for Foley & Lardner LLP's strong Milwaukee roots gives a solid foundation for a nationwide derivatives practice. With particular expertise in regulatory and enforcement, the attorneys regularly handle prominent matters for financial institutions. The group routinely advise clients on regulatory issues, as well as transactions containing cross-border elements. It boasts further strength in providing counsel on regulatory classification of digital assets.

Strengths

"The firm has very thorough and deep understanding of complex derivatives issues."

"Foley & Lardner has strong depth of knowledge and practical application of regulations."

"Foley's derivatives team is very aware of all commercial issues and always has great advice on how to proceed."

Notable practitioners

Kathryn Trkla is well placed to advise cross-border clients on the regulatory requirements of derivatives mandates and she is also recognized for her related capabilities in enforcement actions. **Strengths:** *"Kathryn is smart, resourceful and thorough." "She is a great resource and provides very detailed analysis on complex situations in a timely manner." "Katie is an outstanding lawyer who consistently provides excellent, practical advice."* **Ellen Wheeler** comes recommended for her strength on enforcement proceedings. She has excellent experience with a host of regulatory organizations, including the SEC, FINRA and CFTC. **Strengths:** *"Ellen is a wonderful advisor. She knows our business and helps us navigate complex issues through constantly changing environments." "Ellen is a great resource for our company."*

Haynes and Boone, LLP

What the team is known for Haynes and Boone, LLP receives market-wide praise for the breadth of its practice. The firm frequently advises leading financial institutions on an array of derivatives enforcement and regulatory matters involving commodities, hedge funds, repos and other products. The team is particularly noted for its strength in the energy sector.

Strengths

"The Haynes and Boone team members have vast experience in handling derivatives matters."

Work highlights Haynes and Boone, LLP continued to represent Endeavor Energy Resources in the negotiation of multiple ISDA Master Agreements to hedge and mitigate risk associated with its production.

Notable practitioners

Matthew Frankle has experience advising on

equity derivatives and comes particularly recommended for his in-depth knowledge of margin loans. **Strengths:** *"Matt has hands-on experience and expertise in equity derivative products and has a commercial mind."* **Brian Sung** has a burgeoning practice in the New York office. He is regularly called upon by financial institutions and hedge funds for a variety of bespoke derivatives transactions.

Jones Day

What the team is known for Jones Day offers a strong nationwide derivatives and commodities practice from its New York office. Attorneys are regularly called upon to act for major underwriters and financial institutions on equity derivatives matters. The firm also possesses notable expertise for clients navigating complex enforcement and regulatory questions.

Strengths

"Jones Day lawyers bring a good understanding of regulatory and business practice."

"Jones Day has an excellent team with industry and government experience which results in practical advice."

Work highlights Jones Day represented three banks in share purchase transactions entered into with their client, JAB Holdings, under a total return swap contract.

Notable practitioners

Joshua Sterling is regularly sought after by clients for his extensive knowledge of CFTC regulations and procedures, particularly those pertaining to equity derivatives. **Strengths:** *"Josh is an excellent, intellectually curious and commercially-oriented lawyer." "He is an extremely bright lawyer."*

Morgan, Lewis & Bockius LLP

What the team is known for Morgan, Lewis & Bockius LLP is recognized for its strong nationwide derivatives practice. The attorneys operate on a range of transactional and regulatory matters. The group has shown particular aptitude for matters pertaining to foreign exchange issues. Its notable clients include large financial entities and asset managers.

Strengths

"The team understands every type of transaction, regardless of how complex, and is fully aware of current market trends."

Work highlights Morgan, Lewis & Bockius LLP represented Freshpet in its \$402.5 Million convertible senior notes offering with a capped call overlay derivative transactions.

Notable practitioners

Michael Philipp is relied upon for his extensive regulatory experience, particularly in relation to CFTC investigations and enforcement. **Strengths:** *"Michael is always helpful."*

Morrison Foerster

What the team is known for Morrison Foerster is well versed in both regulatory matters and transactions. The firm advises clients on Dodd-Frank regulations, including the Volcker Rule, and assists with equity and credit-linked mandates. It is also well equipped to offer support on the tax aspects of derivative transactions.

Strengths

"The team has several strong members and handles sophisticated matters with ease."

"MoFo has been a great partner and provides high quality and actionable advice."

Work highlights Morrison Foerster advised multiple middle market banks on derivatives matters relating to financial regulatory reform, including the Dodd-Frank Act.

Notable practitioners

David Kaufman (see p.602) is known for his commodities practice, regularly assisting on transactions. His regulatory practice sees him advise on the changing landscape, including recent work on margin loan regulations. **Strengths:** *"David is a fantastic lawyer. He has keen commercial instincts and delivers high quality work." "He is a creative attorney who understands commercial concepts." "David provides sophisticated and thoughtful advice."* **Rhys Bortignon** (see p.510) has a busy regulatory and transactional derivatives practice, advising on mandates across different asset classes, ranging from energy to infrastructure. **Strengths:** *"Rhys is a critical member of the team." "He provides very strong client service."*

Steptoe LLP

What the team is known for Steptoe LLP offer an excellent enforcement team able to handle an array of contentious cases. The firm is experienced in the representation of clients before government bodies, such as the CFTC and the DOJ. Clients include asset managers, banks and exchanges, among others. In addition to regulatory enforcement capabilities, the firm's strengths also include regulatory compliance advice.

Strengths

"The Steptoe team has good breadth and demonstrates sensitivity to commercial context and realities."

"The firm delivers practical and commercial advice and explains complex legal matters to business personnel."

Work highlights Steptoe LLP continued to act for iFinex and Tether in connection with investigations relating to Bitfinex and/or Tether by multiple enforcement agencies, including the CFTC.

Notable practitioners

Stacie Hartman is highly regarded for her ability to litigate on behalf of clients facing derivatives-related investigations by market regulators. **Strengths:** *"Stacie provides succinct advice and is extremely knowledgeable of the US regulatory regime." "She is incredibly detail focused, diligent and committed to her clients." "Stacie has significant depth and breadth of experience and has great perspectives."*

Other Ranked Lawyers

GuyLaine Charles (see p.523) is founder of Charles Law PLLC and is active across the derivatives space. She is deeply familiar with the ISDA, including negotiating master agreements, and has excellent knowledge of repos, futures and cross-border matters. **Strengths:** *"GuyLaine has a*

keen attention to detail, a client-first approach and a nuanced understanding of complex legal matters. Her commercial awareness is remarkable." "She has in-depth knowledge of the derivatives space." "She is savvy, sophisticated and knows the questions to ask."

Jonathan Ching (see p.525) of McDermott Will & Emery LLP is distinguished by his broad transactional practice and he comes particularly recommended for his knowledge of credit derivatives. **Strengths:** *"Jonathan is an extraordinarily commercial lawyer."*

Jonathan Cogan of Kobre & Kim demonstrates notable expertise on derivatives enforcement matters, particularly on matters relating to market manipulation and spoofing. **Strengths:** *"Jonathan is a brilliant lawyer." "He is a keen strategist and distills complex issues into persuasive advocacy."*

Katherine Cooper of BCLP is recognized for her longstanding experience in the derivatives space. She is particularly sought after by clients relating to enforcement actions. **Strengths:** *"Katherine's technical knowledge of derivatives is extremely strong."*

Kevin Foley focuses his derivatives practice on providing regulatory compliance advice. **Strengths:** *"Kevin is a very strong attorney and advocate who helps navigate complex issues. He has a deep understanding of regulatory regimes and a strong commercial sense."*

Manuel Frey (see p.559) of Paul, Weiss, Rifkind, Wharton & Garrison LLP regularly provides advice on trading derivatives, including advising on the market implications of rules impacting transactions. **Strengths:** *"Manuel provides thoughtful, detailed and timely responses to questions and concerns." "He has an ability to explain the complex nature of derivatives in a way that non-experts can understand." "Manuel is exceptionally skilled, knowledgeable and practical."*

Marvin Goldstein of Hogan Lovells is an established derivatives lawyer who advises on matters such as commodities in the energy sector.

Leader of the Kirkland & Ellis derivatives practice **Scott Gordon** (see p.571) regularly represents a range of clients, including high profile corporates and private equity funds. **Strengths:** *"Scott is extremely smart."*

Alexander Holtan (see p.587) of Holland & Knight LLP is a noted derivatives lawyer with expertise in the commodities market. **Strengths:** *"Alex has an amazing amount of knowledge about the CFTC and has fantastic insight."*

Greg Kahn (see p.599) of Freshfields Bruckhaus Deringer is held in esteem for his cross-border regulatory and transactional advice.

Evan Koster of Hogan Lovells has a robust cross-border derivatives practice, regularly advising on commodities in the energy market. **Strengths:** *"Evan is an excellent attorney. He is very responsive and knowledgeable."*

Andrea Kramer is the founding member of ASK-ramer Law LLC and is a well regarded derivatives lawyer, in addition to her excellent taxation practice. **Strengths:** *"Andrea employs a solutions-oriented and client-focused approach." "She simplifies very complicated regulations and is very polished."*

"Andrea has a high level of subject matter expertise. She is also very good at client relations and distilling complex legal advice."

Jonathan Lindabury (see p.623) of Simpson Thacher & Bartlett LLP has a detailed understanding of a broad range of derivatives products, including noted expertise in equity derivatives and margin loans. **Strengths:** *"Jon is a reliable and consistent go-to for complex equity derivatives. He juggles details and complex analyses." "He has a great touch with clients and has unique perspectives." "Jonathan is well-oriented with how super complex things interact."*

Steven Lofchie of Norton Rose Fulbright is often called upon to apply his knowledge of broker-dealer compliance to complex transactional and regulatory derivatives matters. **Strengths:** *"Steven is a sharp lawyer"*

David McGill of Orrick, Herrington & Sutcliffe LLP is highly regarded among his peers for his derivatives enforcement expertise. **Strengths:** *"David is a very smart lawyer and strong strategist."*

Chad Mills of Sheppard, Mullin, Richter & Hampton LLP is recommended for his excellent record advising clients on a range of corporate transactions. He is particularly noted for his expertise on energy transactions. **Strengths:** *"Chad is super commercial and very thoughtful."*

The editorial is in alphabetical order by firm name.

BakerHostetler LLP

What the team is known for BakerHostetler offers robust strengths in e-discovery matters, drawing from a strong pool of legal and technical resources to advise clients facing significant litigation claims and regulatory investigations as well as offering counsel on risk management and governance concerns. The firm counts a number of leading corporates among its impressive client base, including household names in the healthcare, technology and financial services sector.

Strengths

"They're fantastic. They have subject matter experience, they give great advice; they're practical and they have a great team across practice areas."

Work highlights BakerHostetler acted as discovery counsel for ProMedica Health System following an FTC investigation concerning the sale of certain hospice and healthcare businesses.

Notable practitioners

Edward Jacobs (see p.594) has a notable e-discovery and information governance practice representing clients in multidistrict litigation, in class actions and in an advisory capacity. **Strengths:** "Edward is extremely experienced in the field of e-discovery." "Edward is top-notch in terms of his communication and advocacy. In negotiations he stays strong, reasonable and professional." **Gilbert Keteltas** (see p.606) has an active practice representing companies in class actions and multidistrict litigation, as well as advising on risk management and governance issues. **Strengths:** "Gilbert is a statesman of the Bar generally and a thought leader in the e-discovery space." "Gilbert is

stellar litigator known in the e-discovery space. He is a stalwart adversary and a man of grace and professionalism. He is collaborative and transparent, and he moves cases forward."

Covington & Burling LLP

What the team is known for Covington & Burling expertly handles litigation readiness and leverages its deep expertise in e-discovery and information governance. The team assists with investigations across the regulated markets and advises on commercial litigation. Its clients include global corporates, which seek out Covington's expert knowledge of all stages of e-discovery, from collection through to production.

Strengths

"The service level and responsiveness of the law firm is exceptional, and the team are dedicated to communication and swift action. The collaborative nature of the firm's team ensures clients receive comprehensive and well-rounded legal support."

"The team at Covington is built of litigators, an experienced litigation support team and technical engineers. Their advice and experience is valuable and they are strong at representing cross-border clients."

"The team are talented, capable and experienced, and they are focused on crafting and delivering the most cost-effective solutions to appropriately address the challenges at hand."

"Covington's expertise and professionalism are high quality. They handle complex and sophisticated matters with the true white-glove service."

Notable practitioners

Edward Rippey (see p.680) is appreciated by clients for his subject matter knowledge in e-discovery matters, with particular industry expertise in the gaming and leisure sectors. **Strengths:** "Edward's level of expertise, white-glove service and insight help bring the best possible outcomes to each and every client." "He is exceptionally smart, innovative, and dedicated to the success of his clients. He is not only a highly experienced and tenacious litigator of the highest order, but also a sage and strategic adviser on policies and practices to best protect his clients' interests and position them for success." "Edward has outstanding legal expertise, communication skills, and overall dedication to providing exceptional client service. His attention to detail is astonishing." **Leeanne Sara Mancari** (see p.630) assists high-profile companies in establishing and implementing e-discovery procedures. She is highly regarded for her representation of companies in multidistrict litigation and class actions. **Strengths:** "Leeanne is incredibly hands-on, knowledgeable and understands the big picture." "Leeanne is very experienced and well versed in the e-discovery world. She brings a direct line of credibility, knowledge and expertise to the court. She takes a reasonable, practical, case law-backed approach." "Leeanne is an amazing lawyer. She is strategic, thoughtful and she is well prepared and charismatic. Leeanne can build relationships with others involved in the case, which is really helpful in negotiations."

DLA Piper LLP (US)

What the team is known for DLA Piper is able to support clients through the whole litigation and investigation process, from advising on noncontentious data management and ensuring litigation readiness, to document-based discovery for trial. The group's in-depth knowledge of the court process enables attorneys to litigate discovery matters and support merits counsel in overall strategy. The lawyers' broad-based experience includes advising on a wide spectrum of cases, from product liability and antitrust to intellectual property, among others.

Strengths

"The team at DLA Piper are strong across the spectrum and have technical consultants and legal experts who can drive focused conversations from end to end. DLA are very forward-leaning on the use of AI, machine learning and analytics to strategically reduce time and fees related to discovery and document review."

"DLA Piper's ability to direct the project and navigate the complexity of the e-discovery phase was a strength."

"DLA Piper can provide international expertise in complex commercial litigation and e-discovery matters."

Work highlights DLA Piper advised Nike on discovery issues related to its highly publicized in a trademark and false advertising case brought against Stock X.

Notable practitioners

Andrew Peck's former position as a US magistrate judge, and prior experience as a broad-based commercial litigator, make him a unique asset to clients, who regularly engage him as special e-discovery counsel. **Strengths:** "Judge Peck is extremely capable and knows the e-discovery space very well. He is pragmatic in the way that he deals with issues and he is very responsive." "Judge Peck's wisdom is truly unparalleled on issues of legal technology, best practices surrounding discovery, and general decency and collaboration in the legal field. He is universally respected as the leader in the industry." "Judge Peck has a stellar reputation and he is one of the leading and most well-known experts in the country. He works very hard and makes himself available at all times." **Bennett Borden** has a background in data science, which he brings to bear in a panoply of matters, including in pre-litigation discovery and information governance. **Jennifer Feldman** (see p.553) leverages her expertise in e-discovery and information governance to advise companies on litigation, document reviews, risk-management and negotiations. **Strengths:** "Jennifer is highly experienced and knowledgeable in navigating e-discovery matters." "Jennifer's extensive experience is evident in the thoughtful and practical guidance she provides. She is professional, thoughtful and provides practical advice." "Jennifer is incredibly responsive."

able lawyer. She solves problems and provides trusted guidance. In negotiations she is collaborative and cooperative and she works to get to the right place. She is reasonable, open and forthcoming." "Michelle is an experienced e-discovery practitioner and handles complex e-discovery issues brilliantly." "Michelle is an expert in her field and an outstanding client adviser." High-profile companies regularly turn to **Christine Payne** for advice on restructuring and litigation-related discovery. She also offers guidance on compliance with information governance rules. **Strengths:** "Christine is an excellent problem solver and handles complex e-discovery issues in a diplomatic and strategic manner." "Christine is smart and thoughtful. She's very good at understanding her clients' needs and staying connected. She thinks through the impact of recommendations she's making and ensures her direction is in the clients' best interest." "Christine is good at organizing complex workflows and is very practical in her approach."

King & Spalding LLP

What the team is known for King & Spalding hosts a substantial and highly sought-after team of attorneys which provide a full suite of e-discovery services to clients, such as developing discovery protocols for litigation readiness, as well as assisting with document collection, review and production. The firm regularly undertakes e-discovery management mandates on high-stakes litigation and investigations.

Strengths

"King & Spalding consistently demonstrate an impressive ability to navigate and resolve complex legal matters with expertise and precision. Their comprehensive understanding of the nuances and complexities of e-discovery coupled with their technical ability is their superpower."

"The e-discovery practice is comprised of a deep bench of industry leaders who are incredibly responsive. The team are very creative in approaching big problems with the most efficient solution to meet the needs of the case."

"The team at the firm are wonderful partners who understand the business side of matters. Their team has someone for every issue, and they focus on building strength in their practice."

"King & Spalding is a hands-on law firm. They have a business, legal and intersectional understanding and they have a strong geographical presence. The team is built of good people offering specialization in whatever you need."

"King & Spalding offers high-quality counsel and has experience with sophisticated matters."

Work highlights King & Spalding served as

national discovery counsel for Toyota Motor North America Inc in over 100 matters, including congressional and regulatory investigations, multidistrict litigation and individual product liability cases.

Notable practitioners

Rose Jones (see p.598) focuses her e-discovery and information governance practice on representing defendants, including high-profile companies, in multidistrict litigation, wider class actions and state attorney general actions. **Strengths:** “Rose is easy to work with – she’s smart, she’s intelligent and she’s approachable, so people like her. She is a very strong advocate, she’s effective and she brings the parties together.” “Rose is brilliant and a superstar. She’s practical, smart, driven and she really understands and dives into the subject matter. Rose is a phenomenal leader. In negotiations she comes in very calm but knowledgeable, and is looking to get the best outcome for her clients.” “She is a wonderful person, and her knowledge in the space makes her a force to be reckoned with. She comes from a position of strength in negotiations because of the length and breadth of her experience.” **Ronni Solomon** (see p.707) maintains long-standing relationships as e-discovery counsel to a number of major clients across several industry sectors and is frequently sought out to advise on significant litigation, including large class actions. **Strengths:** “Ronni is a phenomenal partner on any e-discovery issue. She saves your case anytime you find yourself drowning in discovery or a massive collection or production obligations. She works with you to create the right solution for your particular case.” “Ronni is very experienced in the e-discovery field. She is responsive and has a great team behind her. Ronni is practical and pragmatic, and she always keeps clients updated with changes in the field.” “Ronni is a very experienced and talented lawyer. She is well connected in terms of technology companies and understands both the legal and technological sides of e-discovery.”

Kirkland & Ellis

What the team is known for Kirkland & Ellis is able to leverage significant strength in e-discovery for US and international cases. The team frequently assists with litigation readiness and risk assessments relating to data retention, as well as advising on large-scale contentious work, with clients benefiting from its expertise in TAR. Past cases span a wide range of areas from product liability to antitrust.

Strengths

“Kirkland has an elite team of e-discovery and information governance professionals.”

“The Kirkland & Ellis team provide comprehensive and expert legal advice on very fast-paced and complex e-discovery issues. The team is well staffed with professionals who provide highly responsive and excellent service.”

Notable practitioners

Vanessa Barsanti (see p.498) is recognized for her ability to assist clients with e-discovery orders relating to complex litigation, including multidistrict cases. **Strengths:** “Vanessa is an expert in her field and an outstanding client adviser.” “Vanessa is a fantastic lawyer – she’s an expert and is wise beyond her years. She is adaptable, very respon-

sive and particularly good with responsiveness.” “Vanessa is very strong in e-discovery issues and is very easy to work with. She communicates well and has the right expertise.” **Christopher Costello** (see p.532) is a highly regarded e-discovery practitioner with extensive experience in prominent multijurisdictional litigation. He is highly regarded for his representation of high-profile companies in the tech and media markets. **Strengths:** “Christopher is a very experienced litigator in the e-discovery field and is particularly strong in cross-border data privacy and information governance.” “Christopher is a super-talented lawyer who provides a calm nature that helps his clients.”

Littler Mendelson, PC

What the team is known for Littler Mendelson has a sophisticated practice with a strong track record in advising on the discovery aspects of substantial labor and employment matters. The litigation capabilities of the firm include assisting with high-profile cases, ranging from single-plaintiff matters to collective actions. The group regularly advises national as well as global corporations on their policies and procedures.

Strengths

“Littler Mendelson has in-depth expertise to handle complex disputes, including cross-border transfer of data. They have an excellent team of specialists across the US and Europe, who provide exceptional service levels and responsiveness.”

“Littler Mendelson has a deep bench and terrific subject matter expertise.”

“Littler Mendelson is one of the premier employment law firms and they provide excellent data support.”

Notable practitioners

Paul Weiner (see p.732) serves as the firm’s national e-discovery counsel. He is a recognized thought leader and a highly experienced counsel to clients on the e-discovery aspects of a range of employment litigation matters. **Strengths:** “Paul leads a team of highly experienced attorneys and provides pragmatic and responsive advice and client service.” “Paul is a highly respected, experienced and talented e-discovery lawyer.” **Denise Backhouse** (see p.495) is noted for her expertise in international information governance laws and their implications for a company’s data management. She is also frequently engaged to assist major clients with complex litigation. **Strengths:** “Denise has deep expertise in cross-border data issues and provides exceptional and responsive client service.” “Denise has a broad skill set and is strong in data privacy.” **Lauren Schwartzreich** (see p.695) is adept at guiding clients through the e-discovery process, including overseeing the use of technology to assist with document production in employment litigation. **Strengths:** “Lauren has a way of calmly directing people toward where they need to be. She goes above and beyond and gets involved in the technical side of matters. Lauren is a great negotiator and is very clear, confident and firm in her approach.”

Mintz

What the team is known for Mintz has extensive experience in e-discovery for clients in a range of industries, most notably in the healthcare and

biotechnology markets. The team’s knowledge of data science makes it a strong choice for clients seeking data management advice. The lawyers are thoroughly experienced in litigation, investigations and enforcement actions.

Strengths

“Mintz provides cost-effective service driven by technology solutions which, combined with world-class counsel, effect optimal outcomes.”

“The exceptional level of work and meticulous attention to detail stands out. The service levels and responsiveness of Mintz are consistently impressive. Their promptness and attentiveness set a high standard for client service.”

“The team at Mintz have creative and cost-effective solutions for their e-discovery and other technology-related matters. The work is performed by people with the requisite skill set at a reasonable rate for their services.”

“The team at Mintz are at the forefront of information governance and e-discovery technology and trends. The law firm has a deep bench of subject matter experts and continues to develop the next generation of talent.”

“Mintz has a knowledgeable team who provide clear and precise advice and do a nice job handling complex matters.”

Notable practitioners

John Koss has a highly regarded practice advising healthcare and biotech companies on e-discovery matters. Koss is active in risk mitigation, advice and counseling services, alongside litigation. **Strengths:** “John is exceptional at client service, figuring out what clients need to help with their matters, finding an appropriate budget for these matters, and maintaining communication throughout the project. Furthermore, John is an expert in the e-discovery field.” “John goes above and beyond and is always available to answer any questions or concerns.” “John is well informed and forward-thinking, and he has a great presence. He embraces changes in tech, data analytics and AI.”

Morgan, Lewis & Bockius LLP

What the team is known for Morgan Lewis houses a robust practice with a great depth of experience in e-discovery and information governance. The group is retained as national discovery counsel by major names in the energy and tech sectors, and is frequently active in discovery management in a range of commercial disputes, as well as DOJ investigations.

Strengths

“The team at Morgan Lewis have a solid foundation of knowledge in complex discovery. The law firm has a deep team with varied capability and strengths.”

“Morgan Lewis has a team of lawyers who are able to handle highly complex matters professionally. They have practice leaders in their e-discovery team and provide excellent service.”

“Morgan Lewis is an expert and innovative law firm that is client service-driven. The team are able to bridge the gap between the law and technology.”

“The team are extremely smart and practical. They give efficient legal advice and have a strong business understanding. They are responsive and always make themselves available.”

“The lawyers at Morgan Lewis do exemplary work

because they are knowledgeable and professional. The client service is great and they provide a human touch which is standout."

Work highlights Morgan Lewis continued to serve as discovery counsel for Cigna and counseled it on all aspects of discovery across its litigation portfolio.

Notable practitioners

Scott Milner advises clients on compliance with information governance rules and has an in-depth knowledge of electronically stored information. Milner is regularly engaged by companies to complete document review and provide e-discovery advice and guidance. **Strengths:** "Scott Milner is charismatic and very knowledgeable in the e-discovery space. He is innovative and provides a cutting-edge service for his clients." "Scott is a smart and savvy lawyer. He knows how to direct the right resources to his clients' needs." "He is influential and specializes in doing difficult work that requires immense information. He is dedicated to e-discovery and is well known within the community."

Nelson Mullins Riley & Scarborough LLP

What the team is known for Nelson Mullins' comprehensive team is capable of handling the full range of matters relating to information governance and e-discovery. The team regularly assists with litigation readiness, including advising on compliant data management and document preservation.

Strengths

"The team at Nelson Mullins meet clients' needs at all levels. They are able to communicate efficiently and clearly, while demonstrating an understanding of both the macro and micro considerations of e-discovery litigation."

"Nelson Mullins has a deep team who provide an excellent service. Their lawyers are full service and can handle complex matters."

"The team at Nelson Mullins provide solid guidance on complex technical and legal issues. They are very responsive and go above and beyond to meet client needs."

Work highlights Nelson Mullins represented multiple Blue Cross Blue Shield companies in a nationwide class action multidistrict litigation involving antitrust allegations in the healthcare industry.

Notable practitioners

John Martin is frequently retained by clients to advise on the e-discovery aspects of a range of commercial disputes. Martin is noted for his expertise in multidistrict litigation and class actions. **Lucile Cohen** has a broad range of data management capabilities, which she deploys on behalf of clients when overseeing internal information management processes, or when negotiating protocols and the scope of discovery for litigation. **Strengths:** "Lucile is responsive, commercially aware and savvy. She comes up with out-of-the-box solutions to complex problems and is efficient." **Heyward Bonyata** has a growing reputation for his e-discovery and information governance practice, representing high-profile companies in document review and risk management matters. **Strengths:** "Heyward is easy to work with and pleasant. She is able to explain

e-discovery in an understandable way." "Heyward consistently provides helpful insights and advice that aligns with both litigation and corporate governance needs." **Travis Bustamante** enjoys a burgeoning profile for the strength of his e-discovery practice, acting for a broad array of major corporates facing regulatory or commercial litigation.

Strengths: "Travis digs into the details to master the various issues presented for counseling." "Travis provides client-focused and solid guidance."

Norton Rose Fulbright

What the team is known for Norton Rose Fulbright is regularly engaged by significant clients to provide counsel on diverse e-discovery and information governance matters. The group demonstrates strong capabilities in large-scale document review, including in the use of TAR. Norton Rose's lawyers are regularly called upon to assist with antitrust investigations, particularly in the context of mergers and acquisitions, and also frequently advise on high-profile litigation. Clients benefit from the firm's global reach to receive expert advice on cross-border discovery issues.

Strengths

"The e-discovery team at Norton Rose Fulbright consistently drives forward thought leadership and works to establish industry best practices. The team stays attuned to trends and developments in the industry and impacted business sectors, and they have multiple team standouts."

"The team at Norton Rose Fulbright show their depth, breadth and responsiveness regularly."

"Norton Rose Fulbright is a leading firm, both nationally and internationally, on cybersecurity and e-discovery. They have a large legal advisory team and a client-centric mentality. They are able to manage time-sensitive matters and jump through hoops for their clients."

Work highlights Norton Rose Fulbright advised Qualcomm on discovery issues arising in its ongoing dispute with ARM, involving the collection, review and processing of over 700,000 documents.

Notable practitioners

David Kessler is a highly sought-after counsel to major names in the pharmaceutical and financial services sectors, providing his expertise in significant litigation claims and strategic advice on governance matters. **Strengths:** "David is experienced in e-discovery, and he brings good ideas and a decisive nature to matters. He gets work done and is really able to move projects forward. He delivers the deliverables and keeps client issues at the top of his mind." "David Kessler is the best negotiator and is able to negotiate anything. He has a team he can rely on and he knows the playbook very well, enabling him to manage situations from the get-go." "David is good at issue spotting. He can cut through and get straight to the point, understanding what the issues are and what we can do. He doesn't waste my time, which is a huge asset, and I can ask him a question and he always knows the answer." **Andrea D'Ambra's** expertise in e-discovery matters ranges wide, from assisting with information compliance and assessing risk to overseeing document collection, review and production in significant multidistrict litigation matters. **Strengths:** "Andrea has a keen ability to

find practical solutions and is very in tune with the needs of her clients." "Andrea knows what she's doing, and she knows how to accomplish that in a way that's defensible and makes sense." "Andrea is strong in e-discovery and cybersecurity. She is an expert at international cross-border disclosure."

Susana Medeiros garners praise for her ability to assist with the e-discovery requirements of large-scale litigation, including multidistrict litigation, as well as advising companies on their internal information governance policies. **Strengths:** "Susana is tremendously diligent, intelligent and strategic in her approach." "Susana is very responsive and very capable. She is reasonable, practical and solution-oriented."

Pillsbury

What the team is known for Pillsbury operates an integrated team assisting clients with e-discovery in the context of litigation and investigations. With an in-depth understanding of technology, the group is able to provide expert guidance on collection, review and production.

Notable practitioners

Rachelle Rennagel applies her knowledge of technology and data to her clients' disputes, assisting with all aspects of e-discovery, from initial stages through to document production.

Strengths: "Rachelle is an extremely knowledgeable and experienced specialist in e-discovery."

David Stanton is practiced at applying his knowledge of e-discovery across a range of commercial litigation concerns, including insurance and contractual disputes.

Redgrave LLP

What the team is known for Redgrave has a dedicated focus on the field of information law, encompassing e-discovery, information governance and all related concerns. The firm boasts a deep bench of highly experienced attorneys recognized for their thought leadership across the space. It is retained by an enviable array of major clients, including Fortune 100 companies, who turn to its attorneys for their recognized excellence in compliance, risk management and litigation matters.

Strengths

"The team is deep and has varied capabilities and strengths and they go out of their way to provide immediate attention."

"Redgrave has top-notch professionals – they're really A-plus and are the smartest lawyers in this space. The team is made of super talented individuals who are attentive to detail and understand in great depth the discovery vulnerabilities that clients can face. They're just the best there is in dealing with issues, knowledge of legal precedent and understanding business objectives."

"Redgrave is the go-to firm in the e-discovery and information governance space. They are the leading experts and are always available to address complex questions in a timely manner."

"Redgrave is the gold standard of law firms that have the most knowledge, information and legal advice on e-discovery."

Work highlights Redgrave advised Highmark, Health Care Service Corporation and Blue Shield of California in multidistrict litigation claims

alleging Blue Cross Blue Shield conspired to reduce provider reimbursement rates and inflate subscriber rates.

Notable practitioners

Jonathan Redgrave (see p.676) is regarded as one of the nation's foremost experts on e-discovery and information governance matters, with a longstanding track record for excellence in this field. He regularly advises clients on compliance issues and high-stakes litigation, and his expertise sees him routinely appointed a special master. **Strengths:** "Jonathan is businesslike in his approach; he is well informed and he takes charge. He is very experienced and he is a good gatekeeper in terms of making his firm rich with resourceful people. Jonathan is able to identify what the client is looking for." "Jonathan is a very strong advocate. He is knowledgeable and a leader in e-discovery law." "Jonathan is a leading force in this space, and he comes up with unique and creative solutions."

Christopher King (see p.607) has a client base of household-name companies, which he assists with information governance and e-discovery.

Strengths: "Christopher is a great counselor who provides sage advice and insights." "Christopher is incredibly knowledgeable on the law. He is very patient and strong in providing strategic direction and he is able to listen to clients' concerns and provides ideas accordingly." **Erica Zolner** (see p.742) is a highly experienced discovery expert with a strong track record in significant litigation claims and in advising clients on compliance and governance concerns. **Strengths:** "Erica is a very strong litigator and is an expert in e-discovery. She is able to anticipate arguments, and her delivery is well prepared." "Erica is able to navigate high-pressure situations very well and she never loses her cool. She has tact and the ability to advocate effectively." "Erica has an extraordinary legal mind and a very powerful manner in dealing with clients. She's attentive to details and she is smart and very cost-effective."

Gareth Evans (see p.549) is regularly chosen as counsel by clients seeking assistance with the discovery aspects of high-profile litigation. **Strengths:** "Gareth is a strong litigator and advocate." **Monica McCarroll** (see p.636) is frequently engaged in significant civil litigation matters, with a range of major corporates calling upon her skills in discovery matters arising in disputes. **Strengths:** "She's one of the best in the industry. She works well with clients and scopes litigation really appropriately – it's an area where it is too easy to have too big a focus – so she is very efficient." **Martin Tully** (see p.722) leverages extensive knowledge of e-discovery and information governance to advise clients on commercial litigation. **Strengths:** "Martin is super knowledgeable, commercially aware and responsive. He gets to the point and understands the end goal." "Martin produced exemplary work and client service. He is knowledgeable, professional and provides customer service with a human touch." "Martin is responsive, intelligent, analytical and very current with the law. He is experienced, which gives him good common sense."

Reed Smith LLP

What the team is known for Reed Smith is well versed in discovery management issues arising

during its clients' most significant litigation. The group possesses notable capabilities in legal hold administration and in conducting custodian interviews.

Strengths

"Reed Smith provides excellent service and responsiveness. They have a wide range of attorneys with various specialties and many years of experience. The team gives pragmatic and realistic advice."

"The team at Reed Smith are extremely knowledgeable in many complex topics. They quickly respond to our questions and provide comprehensive advice on multiple sophisticated matters."

"Extraordinary experts and a deep bench allow Reed Smith to deliver timely support in resolving complex technical and regulatory challenges."

"The Reed Smith team is extremely knowledgeable on the legal and technical complexities of e-discovery. They are extremely responsive."

"Reed Smith can handle highly complex matters with positive outcomes at reasonable billable times and with professional service. The law firm has assembled a solid team of e-discovery professionals and practitioners."

Notable practitioners

David Cohen provides expertise to clients on information governance and complex discovery matters, frequently assisting with large-scale multidistrict litigation. **Strengths:** "David provides exceptional customer service at the highest level of sophistication. David is also widely considered a thought leader and renowned expert in the e-discovery field." "David is extremely knowledgeable and experienced. He remains current on recent trends and cases in order to provide relevant and practical advice to meet our needs and he provides practical guidance and solutions, while mitigating risk." "David is a rainmaker and difference maker for his clients. Working across the 'V', David brings time and money-saving protocols and information to his clients and team. A strategic thinker and systemic tactician, David is a wonderful ally to have."

Therese Craparo has a well-regarded e-discovery and information governance practice, advising clients on best practices regarding information management and risk management and in litigation. **Strengths:** "Therese is a valuable resource to her clients. She gives expert legal advice, is technically savvy and understands the market extremely well." "Therese is a powerhouse who surpasses expectations. She is a thought leader in this space and is invaluable in increasingly complex challenges." "Therese is a fantastic attorney with incredible attention to detail. She has a very practical and straightforward approach that balances the various risks from a holistic, overarching view." Major corporates and clients in the financial sector seek **Anthony Diana's** expert counsel on data management, from information governance to e-discovery. **Strengths:** "Anthony is passionate about counseling clients and thinks about their data from a big-picture approach. He is charismatic, passionate and knowledgeable." "Anthony is a strong and valuable thought leader in e-discovery."

Ropes & Gray LLP

What the team is known for Ropes & Gray is well positioned to advise clients on the full suite of e-discovery matters, with clients benefiting from

the team's well-honed skills in product liability claims, data breach litigation, MDLs and regulatory investigations. The firm offers a global pool of resources for multinational clients, who frequently turn to its group for their most challenging disputes and for its advice on data governance strategies.

Strengths

"They're extremely knowledgeable and competent. I knew we were in good hands from the outset."

"The firm is exceptionally knowledgeable and has a deep and wide bench."

"Ropes & Gray has a deep bench of expertise across a range of profiles and geographies. They are the standard bearer both in terms of responsiveness, but also in substantive knowledge across a range of complex issues."

"The firm is very good at managing large-scale discovery work using the most advanced technology."

Work highlights Ropes & Gray advised Walgreens in claims filed by 35 Blue Cross-affiliated insurers concerning pricing for pharmaceutical products.

Notable practitioners

Shannon Capone Kirk (see p.520) is a highly sought-after adviser on complex e-discovery issues relating to a range of litigation, investigation and enforcement matters. She is held in high esteem for her track record in representing Fortune 500 companies in complex class actions.

Strengths: "She has a great knowledge and understanding and is forward-thinking in the e-discovery space. Shannon comes up with new ideas and is a great person to kick ideas about with. She is a trusted adviser to her clients and she really goes above and beyond." "Shannon is a market leader across the e-discovery, generative AI and data governance arenas. She is highly sought after for her practical approach to solving complex problems in the real world, as well as her deep knowledge of leading-edge technologies and how to best put them to work." "Shannon is a tenacious first mover in a lot of the emerging areas of e-discovery." **Emily Cobb** (see p.528) is a highly experienced e-discovery attorney who advises clients on data governance and in litigation matters.

Seyfarth Shaw LLP

What the team is known for Seyfarth Shaw advises on the full gamut of e-discovery and information governance requirements, from assisting with record retention policies, including defensible destruction, to guiding clients through all aspects of discovery for litigation. The group's experience spans commercial and regulatory cases, including labor and employment disputes, accusations of fraud, data breaches and product liability cases.

Strengths

"Seyfarth has a strong team with a wide range of backgrounds, and they are on top of new case law in the e-discovery field."

"Seyfarth has highly talented attorneys with in-depth subject matter expertise, who routinely provide exceptional service. The law firm is able to provide insights on most any legal issue quickly and efficiently."

"Seyfarth are excellent and they have many nationally recognized experts in all aspects of the practice. They have many very good associates at the

senior and junior levels to support clients' needs."

Work highlights Seyfarth Shaw advised Karma Automotive on discovery issues arising in trade secret claims brought against Lordstown Motors.

Notable practitioners

Jay Carle is held in particularly high regard for his counsel on discovery issues arising in labor and employment disputes, as part of a broad e-discovery practice which also sees him advising on general data retention and risk matters. **Scott Carlson** advises on information governance matters, including assessing risk and counseling clients on records retention. **Strengths:** "Scott is an excellent attorney."

Shook, Hardy & Bacon LLP

What the team is known for Shook, Hardy & Bacon offers expertise in all aspects of the e-discovery process, advising on records management through to litigating discovery in court. The team is able to coordinate large-scale response, from negotiating ESI protocols to overseeing collection, including managing vendors, as well as providing counsel on review and production. The group maintains long-standing client relationships with an enviable array of major businesses and is also counsel of choice for companies looking for new guidance on implementing and optimizing their e-discovery processes.

Strengths

"The team at Shook Hardy & Bacon are pioneers in the e-discovery space. Their responses are prompt and responsive, and the knowledge of the team is impressive."

"The team at Shook Hardy comes into significant complex class action matters, MDLs and state-coordinated proceedings, and they level the playing field with their offensive e-discovery practice. They uniquely understand the complex issues facing multinational corporations and they have excellent responsiveness from partners and associates alike."

"Shook Hardy provides top-notch work product and counsel on complex and sophisticated matters. Their work is excellent and their advice and counsel is thoughtful, risk-appropriate and thorough. Their expertise in their respective fields is superb. Even the more junior associates perform at top-notch levels."

"The law firm has really good rates and excellent client service. They care about the client."

"Shook, Hardy & Bacon provides invaluable assistance in the collection and processing of voluminous e-discovery related to class action lawsuits. The team are able to explain highly complex technical jargon to the in-house legal team and the business teams."

Work highlights Shook, Hardy & Bacon represented Gilead Sciences as discovery lead in its defense of multiple product liability claims involving HIV medications containing tenofovir disoproxil fumarate products.

Notable practitioners

Patrick Oot has attained a commanding reputation as one of the nation's foremost experts in e-discovery matters and frequently advises market-leading companies on high-stakes litigation. **Strengths:** "Patrick has deep expertise and knowledge in case law, which has helped him become a zealous advocate. He provides top-notch

client service, he's extremely responsive and he provides reasoned solutions." "Patrick Oot is the preeminent authority on any point of e-discovery."

"Patrick is amazing – he is so personable, and he cares so much about the client and matters. He is attuned to non-legal aspects of cases including PR and social media aspects. He is really good in politics and he goes over and above for his clients."

Michael Shortnacy has a highly regarded practice representing large companies in complex e-discovery litigation and class action matters. He is particularly well versed in acting for clients in the pharmaceuticals, automotive and retail sectors. **Strengths:** "Michael is a great advocate and someone that the judges have lots of respect for. He lays out the issues in an understandable way and doesn't get up there with a contentious attitude – he wants to find resolution." "Michael has a strategic and creative mind." **Adam Shoshtari** (see p.700)'s market knowledge encompasses the full e-discovery process, from determining document preservation policies through to the production of information for trial. **Strengths:** "Adam provides excellent legal advice and counsel. He understands companies' needs and risks and is exceptionally responsive." "Adam is a great asset to the Shook Hardy team. His e-discovery knowledge is extensive, and he provides a high level of service and responsiveness." "Adam is absolutely fantastic. He is an incredibly trusted adviser and is able to navigate and negotiate tricky situations. He does a great job with moving the tension, and in terms of value he is fantastic."

Sidley Austin LLP

What the team is known for Sidley Austin offers broad strengths across information governance and e-discovery work, regularly advising clients on high-stakes litigation matters and sensitive internal and regulatory investigations. The team is experienced in advising on a range of major product liability, antitrust and fraud matters.

Strengths

"The team at Sidley Austin leave no stone unturned. Their ability to manage surreal volumes within unimaginably short deadlines is jaw-dropping. They have industry-leading thought leaders who are both forward-thinking and conservative."

"Sidley Austin's lawyers provide very specific, practical and tailored advice rooted in research and knowledge."

"They are talented and innovative attorneys who are well equipped to handle the most complex and sophisticated legal matters. They have a deep and skilled bench, ranging from their senior partners to their junior and mid-level associates."

"The team at Sidley Austin truly understand how data and fact analysis leads to finding a path to resolution. Their ability to use advanced analytics to uncover details and facts in a case sets them apart."

"The team at Sidley Austin are not only incredibly responsive, but they also go above and beyond by alerting clients to pertinent issues in the e-discovery world even if it is not directly tied to an active matter."

Work highlights Sidley Austin represented Amazon and led all aspects of e-discovery related to its \$3.9 billion proposed acquisition of One Medical.

Notable practitioners

Robert Keeling (see p.603) has an expert understanding of e-discovery and is active in representing high-profile companies in a broad range of e-discovery and information governance matters. **Strengths:** "Robert is at the top of his field and excellent outside counsel for all e-discovery matters. He is not only knowledgeable and experienced but also practical." "Robert has the highest level of communication, persuasion and grace under pressure. Robert is a very strong advocate for his defense clients while developing relationships and consensus work product across the 'V' to further client results." "Robert combines a tremendous grasp of the legal landscape with strong technical expertise to consistently provide reasonable, applicable advice." **Colleen Kenney** (see p.604) has a highly regarded e-discovery and information governance practice and is distinguished by her ability to assist with class actions across a wide category of cases, including product liability and antitrust disputes. **Strengths:** "Colleen is a premier partner in this area. She is professional, generous with her time and she has a unique manner that enables her to get along with even the most difficult adversaries. She represents clients zealously and is a staunch advocate." "Colleen is a smart, talented and savvy litigator. She takes the time to master the facts and the details of her cases. Colleen is a master of the rules and practices of e-discovery in large, complex civil lawsuits." **Ray Mangum** (see p.630) has a deep understanding of technology, making him a popular choice to assist clients with the e-discovery process. **Strengths:** "Ray is thoughtful, creative and thorough. He is clear and driven, but flexible and open-minded. An outstanding asset for the firm." "Ray is a technically talented attorney who is extremely knowledgeable in the e-discovery and data science area." "Ray is an incredibly intelligent and hard-working attorney."

Tadler Law LLP

What the team is known for Tadler Law is a highly rated boutique firm which is considered a leading choice for the representation of plaintiffs. It acts for clients in highly publicized cases, boasting significant success in litigation. The team is knowledgeable in all aspects of discovery, particularly relating to ESI, and has an impressive court record including litigation relating to data breaches, employment and product liability, to name a few.

Strengths

"Tadler Law devotes itself to doing A-plus work; the team focuses on understanding their clients' businesses and needs to craft an effective litigation strategy focused on the clients' goals."

"They do an amazing job all around. The team is informative, helpful and courteous. Whatever they need to do to get information to their clients is their priority."

"Tadler Law have the depth and skill to tackle complex issues."

"Tadler Law's attorneys have experience and creativity that gives them an edge in crafting successful litigation strategies."

"Their intrinsic understanding of the juxtapositions of the law and the legal technology is unmatched."

Work highlights Tadler Law acted on discovery issues in a case brought against Mercedes Benz

Group alleging safety defects in the design and construction of certain vehicle models.

Notable practitioners

Ariana Tadler is widely recognized as a leading figure in the plaintiffs' Bar and is regularly retained as e-discovery counsel in large-class actions and multidistrict litigation. **Strengths:** "There are not enough superlatives to describe Ariana. Her mastery of litigation process and the e-discovery workflow are living legacies that have and will continue to help the law evolve." "Ariana is very knowledgeable and she is a zealous advocate for her clients. She is a difficult but a fair and welcome adversary. Her knowledge helps her cut through issues; she's able to call out any errors." "Ariana is very unique in the space. She's a strong advocate but does so while remaining collaborative and thoughtful. She's certainly strong and a zealous advocate for her client's position in a way that moves the litigation forward." **A.J. de Bartolomeo** has a robust plaintiff-side e-discovery practice, regularly litigating in high-profile cases and document reviews, including in multidistrict litigation. **Strengths:** "A.J.'s intellect and creativity, coupled with her understanding of people's needs, provides a unique combination." "A.J. is the backbone and driving force of Tadler. She is keenly aware of Tadler's role in the legal community and works tirelessly on behalf of their clients. She is also very personable and takes the time to get to know her clients, her colleagues, and others in the Bar."

Winston & Strawn LLP

What the team is known for Winston & Strawn's highly-regarded practice maintains its enviable position as national discovery counsel to industry leaders across various sectors. The group provides high-level advice on discovery strategy in a range of litigation, including multiparty issues and multidistrict mandates, while also offering considerable additional capabilities in data governance.

Strengths

"The team at Winston & Strawn are forward-thinking and they are thought leaders in the e-discovery space."

"Winston & Strawn has a strong e-discovery team. Their review team is top-notch and they are able to handle complex matters."

"They have a deep and nuanced understanding of how to find, analyze, review and incorporate their litigation workflow data into the largest and most demanding matters. The law firm has a strong and skilled team with a broad skill set."

"Winston & Strawn has a team that is strong in all fundamentals. They understand e-discovery and technology. The team are very strong advocates and they are able to be strategic."

"The team at Winston & Strawn are very strong and have a diverse set of skills across e-discovery. Their service level is very strong and they are very responsive."

Notable practitioners

John Rosenthal remains one of the industry's leading choices for e-discovery and information governance matters, with a reputation for excellence in some of the most challenging and complex litigation matters of recent years. **Strengths:** "John Rosenthal is a pioneer and leader in the e-discovery and information governance space."

"John is one of the preeminent lawyers for complex large litigations, MDLs and mass torts. He is good at managing and understanding how those cases unfold." "John is one of the strongest minds in the e-discovery industry. He's honest and has his client's best interest at heart."

Other Ranked Lawyers

Benjamin Barnett (see p.497) of Seeger Weiss is regularly called on to advise on data governance strategies, as well as advising on discovery issues arising in major litigation matters. **Strengths:** "Benjamin is an organizer and an expert and detail-oriented lawyer who has a lot of integrity." "Benjamin is an absolute pleasure to work with – he is knowledgeable and helpful."

Richard Bernardo (see p.504) of Skadden supports his litigation practice with capabilities in e-discovery. **Strengths:** "Rich is at the cutting edge on discovery matters, as well as overall case strategy. He always is fully up to date on the law and has a terrific presence and ability when in court. He is also a leader in electronic discovery matters and always selects top-notch vendors to assist with discovery matters."

Wendy Butler Curtis advises major tech clients on their discovery strategy and is a strong choice to assist with active litigation. **Strengths:** "Wendy is one of the best in the industry and she ensures questions are addressed in the most efficient manner." "Wendy is a leader and a strong voice in advocacy."

Jeffrey Fowler of O'Melveny & Myers serves as national e-discovery counsel to major corporations, leveraging his expertise to advise on best practices as well as critical litigation. Fowler is noted for his representation of healthcare companies. **Strengths:** "Jeffrey is very knowledgeable and incisive." "Jeffrey has technical expertise along with legal expertise. Jeffrey is incredibly responsive and helps in hard and complex situations."

Maura Grossman of Maura Grossman Law is noted for her expertise in predictive coding and technology-assisted review, and the depth of her knowledge sees her regularly appointed as a special master.

Alison Grounds (see p.575) of Troutman Pepper is retained as e-discovery counsel by a broad client base to advise on diverse and often complex discovery and data management concerns.

Strengths: "Alison is terrific, responsive and has excellent attention to detail. It's a comfort to have her so we can deliver what we need." "Alison brings a wealth of knowledge to e-discovery matters. She is a strategic partner and an absolute joy to work with." "Alison is very sharp and articulate. She's created an organization that has skilled discovery tech folks and lawyers, and she ensures both those groups are talking and learning from each other."

Ethan Hastert (see p.579) of Mayer Brown supports major organizations and financial institutions with e-discovery. **Strengths:** "Ethan is incredibly smart and keeps his eye on the prize in trial."

Tessa Jacob leads the e-discovery solutions practice at Husch Blackwell LLP. Jacob handles discovery issues in a broad range of litigation mat-

ters, including class actions, mass tort claims and intellectual property disputes. **Strengths:** "Tessa is committed to the field and has a sterling reputation." "Tessa has an impressive knowledge and her ethics and integrity are strong. She's always reasonable and explains her positions well in negotiations; she is cool-headed and always willing to learn more." "Tessa is a superb e-discovery lawyer, well versed in the law and technically sophisticated."

Jeannine Kenney of Hausfeld LLP is noted for her ability to successfully litigate e-discovery matters on behalf of plaintiffs, including in data breaches and antitrust cases, among many others.

Strengths: "She really thinks hard about problems in cases and how to resolve them, but she's a great advocate. She really has a strong expertise in dealing with ESI negotiations and protocols and really understanding how the technological side of things works. If there's five stars, but I would give her six."

Corey Lee of Jones Day impresses interviewees with his commercial litigation focus, advising on the e-discovery aspects of contentious cases.

Strengths: "Corey is a smart and effective lawyer."

Christian Mahoney (see p.630) leads the Cleary Gottlieb e-discovery team and advises clients on a broad spectrum of disputes, alongside offering counsel on risk management and data governance matters. **Strengths:** "Christian is an exceptional lawyer with unparalleled experience in e-discovery and analytics." "Christian is a strong e-discovery lawyer. His knowledge about innovative approaches and artificial intelligence is excellent."

Annika Martin of Lief Cabraser is a noted expert at the plaintiffs' Bar, having demonstrated considerable expertise in e-discovery in her handling of diverse and often highly sensitive litigation mandates.

Claudia Morgan (see p.647) of Wachtell has an in-depth understanding of the EDRM and she is particularly recommended for her knowledge of records retention, including defensible deletion.

Robert Owen has attained a commanding reputation for his wealth of experience in e-discovery matters and has an established pedigree as a thought leader in the community.

Clients engage **Jeane Thomas** of Crowell & Moring LLP for her advice on discovery best practices and high-stakes litigation and investigations.

Strengths: "Jeane Thomas is highly qualified in this space. She's impressive, sophisticated and a very effective adversary."

Michelle Treadwell Briggs (see p.721) assists individuals, corporates and financial institutions facing litigation and investigations, guiding them through the e-discovery process and advising on their compliance with information governance rules. **Strengths:** "Michelle is an outstanding advocate for her clients and strives to provide innovative solutions to help clients with the most complex e-discovery needs." "Michelle is a strong e-discovery attorney. She works across numerous clients and consistently drives positive outcomes for her clients while focusing on maximal effectiveness in managing cost and complexity." "Michelle Briggs is a 'top of the mountain' practitioner. Her experience and expertise come through on every engagement."

The group is particularly noted for its ability to provide regulatory and compliance advice.

Strengths

"The team has expert attorneys available to handle complex matters, especially on the executive compensation, employment tax and international employment law sides."

Work highlights DLA Piper led on all employee benefits and executive compensation integration work on behalf of client Philip Morris Products, on its majority-ownership transaction regarding Swedish Match.

Notable practitioners

Washington, DC-based Rita Patel is chair of the firm's US employee benefits and executive compensation practice.

Eversheds Sutherland (US) LLP

What the team is known for Eversheds Sutherland (US) LLP is especially active in handling M&A-related compensation and benefits issues. The firm assists clients with drafting and implementing executive compensation arrangements, as well as handling benefit plan design, compliance and administration. Its clients hail from a wide range of sectors, including media, manufacturing and financial services.

Strengths

"The breadth of knowledge is quite impressive and very helpful in finding practical solutions to benefits issues."

Work highlights Eversheds Sutherland advised IGM Financial in its purchase of equity interest in Rockefeller Capital Management.

Notable practitioners

Adam Cohen is a key contact in Washington, DC.

Goodwin

What the team is known for Goodwin is able to advise on a wide array of employee benefits and executive compensation issues, including matters related to corporate and financing transactions, and related tax considerations. The firm has notable expertise in ERISA fiduciary issues, DOL investigations and pension plan design, operation and termination.

Strengths

"Goodwin are very responsive and experienced, we have a high level of trust in them."

Work highlights Goodwin advised Northmark Bank in its merger with Cambridge Trust Company.

Notable practitioners

Washington, DC-based Patrick Menasco and Boston-based James Mattus are key contacts.

Haynes and Boone, LLP

What the team is known for Haynes and Boone LLP's expansive coverage includes retirement, health and welfare and compensation plans. The team offers particular skill in benefits and compensation issues pertaining to corporate transactions. The firm also represents clients in dealings with regulators including the IRS and DOL.

Strengths

"Haynes and Boone has the expertise to handle any employee benefits and executive compensation matter we take to them."

Work highlights Haynes and Boone LLP assisted Aggreko with the acquisition of all of the equity interests of Resolute Industrial.

Notable practitioners

Susan Wetzel is cochair of the firm's employee benefits and executive compensation group.

Jones Day

What the team is known for Jones Day advises corporations and boards of directors on various executive compensation and employee benefits issues. The firm is particularly adept at navigating the employee benefits and executive compensation aspects of corporate transactions and also offers counsel on pension plan derisking and ERISA compliance.

Strengths

"The Jones Day staff are top-notch, with a variety of experts at our disposal."

Notable practitioners

Miguel Eaton in the firm's Washington, DC office and Eric Mosier from the New York office lead the firm's employee benefits and executive compensation practice.

Mayer Brown LLP

What the team is known for Mayer Brown LLP has a robust employee benefits and executive compensation group, assisting national and multinational corporations with transactional, compliance and contentious issues. It has noted expertise in ERISA fiduciary work. Known for its multidisciplinary approach to benefits and compensation matters, with strengths in corporate, finance, tax and securities.

Strengths

"I always feel that I am a priority with Mayer Brown, even on the smallest matter."

Work highlights Mayer Brown advised Somerset Reinsurance in its sale of a controlling interest to Aquarian Holdings.

Notable practitioners

Maureen Gorman in Palo Alto is a key contact.

Paul Hastings LLP

What the team is known for Paul Hastings LLP has an expert team active across a variety of employee benefits and compensation matters, including the design, operation and termination of pension plans, litigation and assisting with issues related to M&A and IPOs. The team represents high-profile clients in the technology, financial services and manufacturing industries, among others.

Strengths

"The team at Paul Hastings are thoughtful, with the ability to go deep as well as broad."

Work highlights Paul Hastings advised Symphony Technology Group in its acquisition of Momentive.

Notable practitioners

Stephen Harris, based in Los Angeles, is a key contact.

Sidley Austin LLP

What the team is known for Sidley Austin LLP provides expert advice on all employee benefits and executive compensation issues, with particular effectiveness in M&A. It has an impressive client base includes major companies and nonprofit organizations. The firm is also recommended for its expertise in pension plan investments and ERISA regulations.

Strengths

"Sidley's team is highly responsive and has a very deep subject matter expertise that allows us to get the needed answers to the business on the necessary timeline."

Work highlights Sidley Austin LLP assisted Exelon Corporation with investment matters for its corporate pension plan and funded welfare

plans.

Notable practitioners

Chicago-based Corey Perry and Matthew Johnson co-lead the firm's global employee benefits group.

Troutman Pepper

What the team is known for Troutman Pepper has an established employee benefits and executive compensation practice. The firm offers services in the design and implementation of retirement and health and welfare plans. It works with clients such as board of directors, plan fiduciaries and plan administrators.

Strengths

"They are extremely responsive and keep everything organized so we do not miss anything. When I have a question they respond in the same day, which is very helpful."

Work highlights Troutman Pepper advised Sealed Air on their benefit plans and executive compensation matters.

Notable practitioners

James Earle who is based in Charlotte is a key contact.

Trucker Huss APC

What the team is known for Trucker Huss APC is a dedicated employee benefits practice with expertise covering the full range of plans, including retirement, health and welfare, and ESOPs. The firm advises plan sponsors and fiduciaries on the design and administration of plans, as well as assisting with DOL audits and M&A transactions. The firm is noted for its considerable West Coast coverage, with offices in Los Angeles, Portland and San Francisco.

Strengths

"Trucker Huss has a wide variety of extremely knowledgeable team members that we rely on to help address questions and provide guidance."

Notable practitioners

San Francisco-based Bradford Huss is a key contact.

Vinson & Elkins LLP

What the team is known for Vinson & Elkins LLP is adept at handling employee benefits and executive compensation matters arising from corporate and financing transactions. The group's clients include SPACs, private equity firms and companies in the oil and gas sector. The team also provides counsel on the design and administration of employee benefit plans, as well as asset management.

Strengths

"The Vinson & Elkins team are knowledgeable and creative in their advice and assistance. They show a deep understanding of this space."

Work highlights Vinson & Elkins advised Denbury on equity incentive arrangements in its entry into a definitive agreement to be acquired by Exxon Mobil Corporation.

Notable practitioners

David D'Alessandro in Houston is a key contact.

strong knowledge of FERC enforcement.” **Michael Didriksen** (see p.541) represents investors, utilities and developers in a wealth of complex commercial matters spanning the sector, including mergers, acquisitions and retail power contracts. **Strengths:** “Michael is phenomenal. He is a sector specialist.” “Michael is a very fine lawyer.” **Michael Yuffee** (see p.740) focuses his practice on FERC and CFTC compliance as well as rulemaking proceedings and transaction approvals. **Strengths:** “His communication is timely and constructive.” “Michael is incredibly seasoned and experienced. He is also business-minded.” **Lawrence Hall** (see p.577)’s expertise is frequently sought out by publicly traded and private equity-backed oil and gas companies. He advises on a broad array of matters, including M&A and related commercial agreements. He has considerable strengths in mandates in the upstream space. **Strengths:** “Lawrence is a good advocate for his clients and focused on getting deals done.” “He is sophisticated enough to understand multiple aspects of the industry. I can rely on him not to miss anything.” **Erin Hopkins** (see p.588) is noted for assisting clients in the oil and gas sector on the acquisition and sale of companies and other assets as well as mineral and royalty interests. **Strengths:** “Erin has a pulse on the market and he is able to provide efficient service in a timely manner.” **Jonathan Platt** (see p.670) has a broad transactional practice. He often acts on behalf of oil and gas exploration companies and providers in significant M&A deals. **Strengths:** “Jonathan is incredibly knowledgeable of the energy space.” “He is extremely organized. He is on top of everything.” **Emil Barth** (see p.498) demonstrates capabilities across the power and

oil and gas sectors. He is proficient in handling a range of regulatory matters before FERC, pipeline rate cases and tariff issues. **Strengths:** *"Emil takes on any difficult issue without flinching." "He is an excellent lawyer and communicator and a pleasure to work with."* **Michelle Boudreaux** (see p.510) is an experienced and a widely esteemed practitioner. She offers FERC advice to owners of natural gas and liquids pipelines. She routinely provides counsel on transactions and major project developments. **Strengths:** *"Michelle is an experienced and practical attorney that delivers timely and helpful advice." "She is extremely knowledgeable."* **Clint Rancher** (see p.675) has a broad transactional practice. He is noted for his strength handling M&A for upstream and midstream companies. **Strengths:** *"Clint offers excellent service and commercial awareness." "He consistently provides practical advice on complex matters." "Clint is a very client-focused attorney."* **Jay Ryan** (see p.687) is cochair of the firm's energy regulatory group. He provides expert counsel on a range of matters before FERC, with experience handling transmission, licensing and permitting matters. **Strengths:** *"Jay offers creative and proactive advice." "He comes up with very good strategies."*

Balch & Bingham LLP

What the team is known for Balch & Bingham LLP is recognized for its excellent regulatory expertise in the nuclear space. It offers deep knowledge on nuclear safety testing, investigations and fuel and services contracts. The firm is further noted for its capability in spent fuel litigation matters and also its ability to advise nuclear energy clients on whistle-blower response. It is able to advise at the cutting edge of new nuclear plant development. The firm also represents clients active in the power space in FERC proceedings and filings as well as providing regulatory support to transactions in the space.

Strengths

"Balch & Bingham is extremely knowledgeable with years of experience and success of engaging across the political spectrum."

"The desire to serve their clients and the execution of that desire has been a hallmark of Balch's lawyers for decades."

"The Balch team is extremely talented in providing legal solutions."

Work highlights Balch & Bingham LLP served as lead nuclear regulatory counsel to Vistra in connection with its acquisition of the Energy Harbor operating fleet.

Notable practitioners

Stanford Blanton (see p.506) is a go-to counsel for owners and operators seeking expert advice on the full gamut of agency-facing, general regulatory and commercial matters across the nuclear sector. **Strengths:** *"Stanford is one of the market leaders." "He offers a great balance of executive function, detailed engagement and strategic thinking." "He can help you navigate the landscape given the breadth of his experience."* **Peter LeJeune** (see p.620) has expertise spanning the regulatory requirements of nuclear plant development and related technology as well as commercial matters such as sales and investments. **Strengths:** *"Peter offers great strategic thinking."*

"Peter's strength is in boiling complex issues down to practical advice." **Alan Lovett** (see p.626) is noted for his knowledge of an array of regulatory matters in the industry. He manages proceedings pertaining to acquisitions and license transfer as part of decommissioning efforts. **Strengths:** *"Alan is very detail-oriented and able to produce work product incredibly fast."* **David Connelly** (see p.531) often acts as regulatory counsel on mergers and acquisitions and is further noted for handling a range of ratemaking applications and other FERC proceedings. **Strengths:** *"David is very responsive and also very efficient." "I think very highly of David's ability and his attention to client needs." "David is extremely thorough and his eye for detail is extraordinary."* **Lyle Larson** (see p.617) routinely represents his utility clients in FERC filings and proceedings, including those concerning market-based rates. **Strengths:** *"Lyle has a passion for serving his clients and finding solutions."* **Andrew Tunnell** (see p.723) is frequently called upon by transmission owners to handle FERC rate filings, comments on rulemaking and compliance mandates. **Strengths:** *"He is extremely efficient and effective." "Andrew is devoted to his clients. His work ethic is tireless."*

Blank Rome LLP

What the team is known for Blank Rome LLP is a highly regarded oil and gas regulatory practice able to draw on the expertise of attorneys with long-standing industry experience capable of handling a variety of regulatory work. It offers particularly strong representation in FERC and CFTC investigations and enforcement proceedings. The firm is further noted for assisting clients in obtaining oil and gas export authorization.

Strengths

"Blank Rome is very knowledgeable and strategic when it comes to federal regulatory matters."

Work highlights Blank Rome LLP served as the lead trial counsel for BP America in a gas market manipulation case initiated by FERC.

Notable practitioners

Mark Haskell is deeply experienced in representing clients seeking FERC and DOE authorization for LNG project development and expansion. He also skillfully acts for pipeline owners and shippers in market manipulation disputes and rate cases. **Strengths:** *"Mark Haskell understands all facets of energy law. He is unparalleled in his breadth of knowledge." "Mark Haskell is one of the foremost experts in the industry."* **Brett Snyder** is noted for his experience handling rate cases and cost allocation proceedings on behalf of pipeline companies. **Strengths:** *"Brett Snyder is a good advocate and he is easy to work with." "Brett is very thorough and thoughtful in his responses." "Brett Snyder provides a high level of service."* **Lamiya Rahman** assists oil and gas and infrastructure companies with a range of matters before federal agencies, including FERC and the DOE. **Strengths:** *"Lamiya Rahman is fantastically bright."*

Bracewell LLP

What the team is known for Bracewell LLP is a leading firm with highly impressive expertise across the energy arena, particularly esteemed for its ability within the oil and gas regulatory

space. It offers excellent capability in FERC and CFTC investigations, as well as representation of pipeline clients in FERC rate, tariff and jurisdictional matters. The firm is also able to assist large utility clients, transmission owners and private equity investors on regulatory power matters, along with electric cooperatives and municipal utilities. It is frequently seen on big-ticket transactions in both the power and the oil and gas space, handling matters for clients ranging from electric utilities and merchant transmission owners to upstream exploration companies and refineries.

Strengths

"Bracewell houses premier natural gas regulatory lawyers."

"The Bracewell team has an excellent knowledge base."

"Bracewell's strengths are in its responsiveness and the team's ability to come up with practical solutions."

Work highlights Bracewell LLP represented Kinder Morgan owned El Paso Natural Gas Pipeline and Stagecoach Pipeline & Storage Company in parallel FERC investigations regarding their respective transportation rates.

Notable practitioners

Todd Eckland (see p.546) expertly handles the full spectrum of financial offerings on behalf of agents, purchasers and underwriters. **Strengths:** *"Todd is brilliant. He is extremely sharp." "He is highly commercial and responsive."* **Eugene Elrod** (see p.547) possesses significant expertise in advising pipeline owners and developers in a broad array of FERC matters and regulatory issues, including rate-setting disputes, project permitting and transaction approval. **Strengths:** *"Eugene has deep institutional knowledge of FERC."*

"He is responsive, business-minded and a true subject matter expert." **Catherine Hood** (see p.588) is a leading practitioner in energy and utility sector finance and frequently advises underwriters, issuers and investors on complex debt and equity transactions. **Strengths:** *"Catherine is a wonderful practitioner. She has a long history in this space and is extremely knowledgeable." "She is very collaborative, collegial, responsive and easy to work with."*

Mark Lewis (see p.622) specializes in advising companies and joint ventures in the midstream space on a broad range of regulatory matters, particularly pipeline project approvals and related operational issues. **Strengths:** *"Mark is incredibly knowledgeable of the legal space but he also keeps client concerns and goals at the forefront of his counsel and work." "Mark is extremely strategic and business-minded." "He has so much experience in the area he can give useful and practical advice."*

Catherine Little (see p.624) is well-regarded for her strength in PHMSA matters. She represents clients with oil and gas pipeline and LNG assets. **Strengths:** *"Catherine's advice is very practical." "Catherine Little has deep knowledge of PHMSA regulations."* **Catherine McCarthy** (see p.636) is notable for her expertise in project and transaction approvals as well as rate, tariff and sale matters before FERC. She also provides day-to-day regulatory and commercial advice for key clients.

Strengths: *"Catherine has vast experience in this space." "Catherine is phenomenal. She gives very practical advice that is always timely."* **Alan Rafte**

well as to assist with proceedings before FERC and the CFTC. **Strengths:** "Deanna is able to articulate the most nuanced and complex concepts." **James McAnelly III** offers a wealth of expertise in the upstream space spanning acquisitions and investments involving exploration, production and storage properties. He is also active in bankruptcy proceedings. **Strengths:** "James has an incredible breadth of knowledge of transactions." "I could not recommend James more highly for his client service, expertise and efficiency." **Molly Butkus** acts on behalf of natural gas clients on a range of transactions, including the sale and divestiture of assets. She has particular experience in the water-gathering and disposal area. **Strengths:** "Molly is very commercial and engaged with her clients." **Jason Jean** (see p.596) has a notable practice representing energy clients in high-value transactions, including the sale of midstream assets and joint venture agreements. **Strengths:** "He is very sharp, he understands his clients very well and he is responsive." **Austin Lee** (see p.619) is recognized for his representation of oil and gas exploration companies and private equity clients on a range of deals. He has a particular focus on joint venture agreements and asset exchange transactions. **Strengths:** "Austin is very sharp, thorough and commercial." "He has great attention to detail and he is very responsive." **Michael Brooks** has a wealth of regulatory expertise and is frequently retained to advise on internal compliance reviews. **Strengths:** "Michael consistently delivers thoughtful guidance, including awareness of developing behaviors and trends." **George Fatula** (see p.551) frequently acts as regulatory counsel in the context of pipeline construction. He also manages a range of commercial agreements, notably including joint ventures. **Strengths:** "George works well with clients. He has a thorough

understanding of the energy space." "He is very experienced and knowledgeable." **Annie Cook** (see p.532)'s regulatory practice is focused in the oil and gas space. She is particularly noted for her expertise in pipeline safety matters. **Strengths:** "Annie is easy to work with and thoughtful." **Parker Lee** (see p.619) focuses his practice on handling transactions in the energy space. He has strength representing investors in the acquisition of oil and gas assets. **Strengths:** "Parker is very sharp and knowledgeable." "Parker ensures our needs and concerns are prioritized and he provides attentive service that greatly contributes to our achievements." "The quality of Parker's work is consistently excellent."

CBL Energy Law PLLC

What the team is known for CBL Energy Law PLLC is an oil regulatory boutique firm comprising a number of highly experienced practitioners. It excels in pipeline work, predominantly on the liquids transportation side. The firm offers pipeline owners a fantastically deep understanding of how best to manage FERC and state regulatory issues. It is noted for its excellent capability in pipeline ratemaking and appellate matters before the DC Circuit. The firm continues to develop a strong natural gas pipeline offering, acting in both interstate and intrastate regulatory matters.

Strengths

"CBL has a bench of talent."

"The firm is fantastic when it comes to the team's knowledge and skill in oil & gas regulatory law."

Work highlights CBL Energy Law PLLC represented Buckeye Partners, Energy Transfer and others in proceedings before FERC and the Court of Appeals for the Fifth Circuit regarding the calculation of FERC's index level for a five-year period from July 1st, 2020 to June 30th, 2026.

Notable practitioners

Charles Caldwell has considerable experience representing pipeline owners in a wide range of FERC proceedings, particularly those concerning tariffs and rates of return as well as advising on related appeals. **Strengths:** "Charles is one of the best oil pipeline lawyers." "He is an excellent FERC lawyer. He is experienced and extremely well-connected." **Amy Hoff** concentrates her practice in the crude oil and refined products space. She is particularly adept at representing clients in rate litigation proceedings before FERC. **Strengths:** "Amy is very astute in navigating the regulatory system." **Elizabeth Kohlhausen** has considerable experience advising liquid pipeline owners and operators on regulatory compliance and FERC proceedings, including rate cases. **Strengths:** "Elizabeth has a really deep understanding of the regulatory regime and a good manner with clients." "She is super responsive and creative when needed." **Dean Lefler** acts as regulatory counsel to pipeline and oil and gas companies concerning a range of FERC matters including rate filings. **Deborah Repman** has notable experience handling a range of liquids pipeline matters, including disputes over tariffs, rates and federal rulemaking. **Strengths:** "She offers a practical approach with commercially-oriented solutions." **Sabina Walia** is recognized for her representation of natural gas pipeline owners in a variety of

tariff proceedings and FERC certification issues. **Strengths:** "Sabina always makes sure we feel like her number one client. She is creative and thoughtful in her responses." "She is very smart and practically minded."

Crowell & Moring LLP

What the team is known for Crowell & Moring LLP is a highly capable team that focuses on regulatory matters, particularly in the power space. The firm is active in both FERC proceedings and in federal appeals courts. Its particular strengths include obtaining FERC approvals for corporate restructurings and rate setting. The firm offers additional capability in market access, public policy and infrastructure planning matters. It frequently represents energy storage and microgrid companies as well as renewable and conventional power clients.

Strengths

"Crowell & Moring is well-balanced and considers business needs in its advice."

"Crowell & Moring structures its advice to prioritize items that are important. The firm gives good, realistic and helpful advice."

Notable practitioners

Deborah Carpentier is frequently called upon by solar developers to handle compliance mandates and FERC filings. **Strengths:** "Deborah is very efficient." "Deborah is a pleasure to work with."

Davis Wright Tremaine LLP

What the team is known for Davis Wright Tremaine LLP advises utilities, transmission owners and independent power producers on a host of regulatory issues. It offers notable strength in rate proceedings before FERC and the CPUC, as well as in investigations and enforcement actions.

Work highlights Davis Wright Tremaine LLP provided FERC representation for EDF Renewables in respect of the company's wind, solar and energy storage project developments.

Notable practitioners

Sean Atkins has a wealth of experience in regulatory matters pertaining to wholesale power markets, including market expansion and rate calculation. **Michael Kunselman** has a varied power side practice, acting for major utilities, renewable companies and ISOs in proceedings before FERC. He is well-versed in handling formula transmission rate cases.

Day Pitney LLP

What the team is known for Day Pitney LLP is well-regarded in the power space, with particular expertise in regulatory and FERC matters, frequently representing clients at both state and federal level. The firm offers significant knowledge of market rules, transmission and interconnection issues. It also demonstrates growing capability in FERC natural gas matters where its practitioners represent shippers such as large industrials and municipalities in contested rate proceedings.

Strengths

"Day Pitney has great field vision allowing its lawyers to think beyond the immediate issues and provide counsel and advice on resolving problems."

"Day Pitney has a very impressive team of lawyers. They have the rare combination of technical expertise and good pragmatic counsel."

"The Day Pitney team is very user-friendly, responsive and knowledgeable."

Work highlights Day Pitney LLP served as lead FERC counsel to Northern Indiana Public Service Company, a subsidiary of NiSource, in respect of its interconnection matters.

Notable practitioners

David Doot provides expert representation in regulatory matters concerning capacity markets, including advising on disputes and overall strategy. **Strengths:** "David Doot has incredible

ance and litigation and NERC issues. It possesses the ability to advise on the financial instrument side of energy work and has experience working with the CFTC. The firm is particularly noted for handling matters for electric cooperatives and clients in the renewable energy space. It is also sought after for its expertise in power transactions.

Strengths

"Eversheds always brings strong skill sets to the table regardless of the complexity of the issue or the subject matter."

"Eversheds' expertise in the electric cooperative space is second to none."

"Evershed Sutherland's depth and breadth of knowledge relative to FERC matters is very strong."

Work highlights Eversheds Sutherland (US) LLP advised Pattern Energy Group on matters concerning the development of wind generation projects in the Southwestern United States. The matters included FERC litigation, generator inter-connection and transmission access issues.

Notable practitioners

Daniel Frank (see p.557) is frequently called upon by transmission companies, generators and cooperatives to advise on applications and proceedings before FERC as well as broader strategic concerns. **Strengths:** "Daniel is a terrific FERC attorney." **Herbert Short Jr** (see p.1583) has a strong track record of representing cooperatives and financial service clients in high-value offerings, and advising on securities compliance matters. **Strengths:** "Herbert's leadership, skill set and personal warmth puts us at ease in stressful situations and gives us confidence." **Thomas Warren** (see p.1586) effectively counsels clients on M&A and investments alongside broader corporate matters arising from the sector, including finance and tolling agreements. **Strengths:** "Thomas Warren is super commercial and he gives good practical advice." "Thomas is one of the hardest working people I know. He gets great results." "Thomas is very responsive and intelligent. He is also a good negotiator." **Joseph Hall** (see p.577) has notable experience in the renewable energy space, often acting on behalf of project developers in transmission matters and regulatory approvals before FERC.

Gibson, Dunn & Crutcher LLP

What the team is known for Gibson, Dunn & Crutcher LLP is a strong energy practice with capabilities across both power and oil and gas matters. The firm leads and arranges financing for big-ticket power transactions, with particular

industry knowledge." **Joseph Fagan** has capabilities spanning a range of power market matters, including rate, rulemaking and other proceedings before FERC. **Strengths:** "Joseph Fagan has a really excellent, personable way about him." "Joseph Fagan's ability to refocus people and get to the right result is exceptional." "He clearly explains complex issues and he proactively identifies and manages future hurdles." **Evan Reese** is sought out for his expert FERC regulatory counsel. He focuses his practice in the power market, regularly representing electric utilities and transmission developers. **Strengths:** "Evan Reese is very thorough and he knows the area of transmission very well." **Valerie Green** assists her clients with a range of FERC matters. She has experience representing a range of industry participants in contested rate cases. **Strengths:** "Valerie is always on top of things and very responsive." "Valerie is sharp, bright and effective." "Valerie is very good and thorough. She does a good job of being a strong advocate for her clients." **Sebastian Lombardi** advises

his clients on a range of regulatory matters and frequently appears in FERC proceedings. He has particular expertise representing energy companies active in the New England area. **Strengths:** "Sebastian is very focused on delivering outstanding customer service. He continually thinks about issues of mutual interest and what guidance or solutions would be appropriate, even before the client has identified and considered certain issues." "Sebastian Lombardi has a really measured demeanor. He is an extremely capable person." **Margaret Czepl** assists in an impressively broad array of FERC matters ranging from rate cases and transactional support, to regulatory compliance mandates. **Strengths:** "Margaret is very thorough and has good experience. She is able to jump into matters and get things done quickly."

Eversheds Sutherland (US) LLP

What the team is known for Eversheds Sutherland (US) LLP is known for representing clients on power regulatory matters including FERC compli-

strength in the wind and solar spaces. It is also recognized for its capabilities in the power regulatory space covering rate, rulemaking and enforcement proceedings before FERC. The firm is further recognized for substantial strength in the oil and gas transactional space, regularly acting on upstream, midstream and downstream matters.

Strengths

"Gibson Dunn does an outstanding job in the energy industry. They are responsive and commercial."

"The Gibson Dunn team is dedicated, extremely smart and puts the client first."

"The Gibson Dunn team is very knowledgeable and practical."

Work highlights Gibson, Dunn & Crutcher LLP advised the Conflicts Committee of the Board of Directors of Shell Midstream Partners on its \$1.96 billion merger with Shell USA, an oil and gas subsidiary of Shell.

Notable practitioners

Michael Darden (see p.536) has tremendous expertise in oil and gas sector M&A and is frequently called on to handle major domestic and international transactions on behalf of prominent industry players. **Strengths:** *"Michael is a very experienced and extremely knowledgeable lawyer."*

"He is a phenomenal talent." **Peter Hanlon** (see p.578) has long-standing experience assisting clients with complex financing arrangements including securities offerings. He handles financings involving conventional power and renewables assets. **Hillary Holmes** (see p.587) has a strong track record for acting for oil & gas companies across a variety of corporate transactions. Alongside her recognized strength in capital market transactions, she is also acclaimed for her corporate M&A work and asset A&D practice. **Strengths:** *"Hillary is a very good technical lawyer."*

"She handles very complicated matters." **Michael De Voe Piazza** (see p.3258) advises private equity investors and oil and gas companies on M&A as well as corporate, acquisition and development financing. **Strengths:** *"Michael is a super sharp lawyer. He is perfect for complex transactions."*

"He is an excellent lawyer." **Nicholas Politan** (see p.670) is equally adept in wind, solar and traditional power transactions, acting for operators, developers and investors on M&A and financings. He adroitly handles both domestic transactions and those with cross-border elements. **Strengths:** *"Nicholas is an amazing talent."*

"He is hard-working and efficient." **Rahul Vashi** (see p.726) handles all types of oil and gas sector work, including high-value mergers and sale and purchase agreements. **Strengths:** *"Rahul is amongst the most talented, creative and commercially astute lawyers with whom I have ever worked."*

"Rahul is a very strong and practical lawyer." *"He is super responsive. He goes above and beyond for clients."* **William Hollaway** (see p.586) ably handles a range of issues across the electricity sector, including cost allocation matters for transmission owners, power generators and private equity investors. He has additional strength in assisting with FERC approval for project development and commercial transactions. **Strengths:** *"William's approach to strategic thinking is very good."*

Greenberg Traurig, LLP

What the team is known for Greenberg Traurig, LLP is a robust team well-respected for its work in the oil and gas pipeline rate space. It is frequently called upon to litigate, negotiate and settle matters at FERC for major pipeline clients with specific knowledge of market power and manipulation issues. The firm also provides regulatory support and compliance advice to clients seeking to develop oil, gas and LNG facilities in the US.

Strengths

"Greenberg Traurig can provide the benefits of a strong local team and a global network."

"Greenberg Traurig is very quick to respond to our inquiries and provides thorough responses."

"Greenberg Traurig has a very deep and talented team."

Work highlights Greenberg Traurig, LLP successfully defended the State of Alaska and the Alaska Gasline Development Corporation at the US Court of Appeals for the D.C. Circuit. The plaintiffs sought to challenge FERC's granting of a license to construct, own and operate the Alaska LNG Project.

Notable practitioners

Kenneth Minesinger possesses extensive experience representing oil and gas pipeline owners and trade associations in an array of disputes and filings. **Strengths:** *"Mr Minesinger is a very good lawyer who has provided us with great service."*

"He has an exceptional broad based background and drives results for his clients." **Howard Nelson** is adept at advising pipeline operators on a range of FERC filings and disputes. **Strengths:** *"Howard Nelson is quick to see beyond the surface and grasp intricacies. He is intuitive, convincing and he has an exceptional presence."*

Gregory Lawrence has expertise spanning a broad spectrum of electric regulatory matters, including investigations and disputes before FERC. **Doreen Saia** has a wide-ranging power practice, often representing utilities, suppliers and large companies in tariff and transmission issues before FERC and the NYISO. **Strengths:** *"Doreen Saia has deep subject matter knowledge of complex issues."* *"Doreen understands the letter and the spirit of the law."* *"Doreen Saia has a plethora of knowledge."*

Haynes and Boone, LLP

What the team is known for Haynes and Boone, LLP operates a thriving traditional oil & gas transaction practice. The firm routinely advises on significant upstream A&D transactions across the country, but particularly in the Eagle Ford shale play. The team is also active on corporate mandates such as M&A and asset-backed securitizations on behalf of a varied client base of public and sponsor-backed companies.

Strengths

"The Haynes and Boone team is very sophisticated not only in the legal realm but in the commercial business complexities of the upstream oil and gas business."

"We have yet to have a question or concern which was not fully and adequately addressed by Haynes and Boone in an expeditious manner."

"Haynes and Boone has a great team with ample experience in the oil and gas business."

Work highlights Haynes and Boone, LLP served

as lead counsel to Chesapeake Energy in the sale of a portion of its oil & gas assets in the Eagle Ford shale to INEOS Energy for \$1.4 billion.

Notable practitioners

Hugh Tucker has notable depth of expertise in LNG matters as part of a robust oil and gas practice. He advises on M&A, project development and joint ventures in both domestic and cross-border settings. **Jeremy Kennedy** focuses his practice in the oil and gas space, representing clients active in all streams. He is experienced across an array of A&D transactions.

Hogan Lovells US LLP

What the team is known for Hogan Lovells offers a highly capable nuclear practice that is adept at handling export control, fuel cycle and nuclear operating licensing issues at the NRC. It is also home to a well-regarded oil and gas regulatory team, with strength in the representation of gas pipelines, LNG matters and FERC litigation. The firm is also active on compliance and project development issues. Its litigation capabilities are bolstered by expertise in complementary areas, such as intellectual property and environmental law.

Strengths

"Hogan Lovells' attention to detail and work on some of the most complex topics is amazing."

"Hogan Lovells has a deep energy practice. There is huge knowledge from within the firm."

"The Hogan Lovells' team is extremely talented. They are inquisitive and have a vested interest in our success."

Work highlights Hogan Lovells advised ANR Pipeline Company on filing and litigating a Natural Gas Act Section 4 rate filing.

Notable practitioners

Stefan Krantz is commended for his representation of domestic and international pipeline operators. He has noteworthy experience managing a range of regulatory compliance issues and complex disputes. **Strengths:** *"Stefan is awesome. He is strategic and thoughtful."* **Daniel Stenger** (see p.711) is highly regarded for his expertise in the nuclear energy sector. He is sought after for strategic advice on complex issues pertaining to the licensing and regulation of nuclear facilities. **Strengths:** *"Daniel is very knowledgeable in his field. He is also a good listener and very responsive."*

Amy Roma has expertise spanning contentious, regulatory and commercial matters involving the NRC and DOE. She has further strengths in advising on nuclear liability, export controls and nuclear technology. **Strengths:** *"Amy's ability to serve clients is outstanding."* **Gregory Junge** is frequently called upon to assist natural gas pipeline operators with a range of FERC proceedings and compliance issues, including those under the Natural Gas Act. **Strengths:** *"Gregory has huge expertise."* *"He is very thorough."* *"Gregory is a fantastic lawyer and a good advocate for his clients."*

Holland & Knight LLP

What the team is known for Holland & Knight LLP is noted for its strength in handling transactions for clients active in the oil and gas space. The firm frequently represents financial institutions and energy companies in the A&D of assets and com-

panies. It has additional strength in joint ventures and investments into upstream and midstream companies.

Strengths

"The Holland & Knight team can distill very complex issues and provide information clearly."

"Holland & Knight has the ability to put together a team of experts to provide well rounded support. The team is extremely responsive and always makes itself available even at the last minute."

"Holland & Knight is exceptionally responsive to client needs and inquiries."

Work highlights Holland & Knight LLP advised INEOS Energy in connection with the acquisition of a portion of Chesapeake Energy's oil and gas assets in the Eagle Ford shale in South Texas for \$1.4 billion.

Notable practitioners

Paul Forshay advises clients on a broad range of FERC proceedings and compliance issues in the oil and gas sector. **Strengths:** *"Paul is a very skillful advocate in writing and on his feet."* **Andrew Derman** ably assists clients with domestic and cross-border investments and transactions, including M&A and infrastructure development.

Ram Sunkara focuses his transactional practice in the oil and gas space, regularly representing his clients in acquisitions, sales and joint ventures. **Strengths:** *"Ram provides excellent service. He has a very sophisticated practice and he is commercially astute."* *"Ram Sunkara has great experience and acumen."*

Hunton Andrews Kurth LLP

What the team is known for Hunton Andrews Kurth LLP has a robust oil and gas regulatory and litigation team providing clients with high-quality representation before FERC and the DOE. The firm enjoys a fine track record for its work in midstream and upstream oil and gas transactions, acting for private equity firms and energy companies. It is also further noted for expertise in electricity financings.

Strengths

"The Hunton team takes charge and anticipates what is needed."

"Hunton Andrews Kurth's group has strong knowledge of the FERC."

"The team demonstrates commercial and transactional experience."

Work highlights Hunton Andrews Kurth LLP advised Barclays Capital, among others, as initial purchasers on NextEra Energy Partners's offering of \$500 million of 2.50% Convertible Senior Notes due 2026.

Notable practitioners

Emmett Ellis (see p.547) leverages his expertise to handle complex transactions on behalf of energy companies and investment banks.

Michael Fitzpatrick Jr (see p.556) has significant experience handling capital markets transactions across the power sector, frequently acting for both issuers and underwriters. **Steven Friend** (see p.560) specializes in energy and utility industry financing. He has stellar expertise in assisting issuers and underwriters on debt and equity offerings. **Adam O'Brian** (see p.655) regularly represents his underwriter clients in SEC-registered offerings, focusing his practice in the power

and utility markets. **Peter O'Brien** (see p.656) is a strong choice for clients in both domestic and international capital markets matters. **Strengths:** *"Peter is a consummate professional."* *"He is a top-notch lawyer."* *"He has a deep reservoir of knowledge."* **Michael O'Leary** (see p.657) frequently advises major oil and gas clients on sophisticated domestic and international M&A as well as corporate securities matters, including IPOs, debt and equity offerings. **Strengths:** *"Michael is an outstanding lawyer."* **Shemin Proctor** (see p.673) handles regulatory issues pertaining to liquids and is frequently sought after to advise on compliance and FERC proceedings. **Strengths:** *"Shemin is very knowledgeable."* **John Lee Shepherd Jr** (see p.700) has an impressive practice that involves advising on FERC litigation and enforcement matters. He is notably adept at advising transmission owners. **Strengths:** *"John has a laser-like focus on cases and his knowledge is incredible."* **Brendan Harney** (see p.578) frequently assists underwriters and issuers in SEC-registered offerings in the electric utility space. **Strengths:** *"Brendan does a great job at organizing incredibly complex matters."* *"He is very solid and responsive."* **Patrick Jamieson** (see p.595) routinely assists on public and private securities offerings in the energy space.

Jenner & Block LLP

What the team is known for Jenner & Block LLP is a strong litigation-focused offering in the electricity space. The firm possesses strength in power market reform matters including expertise in renewable energy. It boasts established FERC expertise and capabilities across grid resilience, rate and policy issues.

Strengths

"Jenner & Block is excellent in all areas, from basic nuts-and-bolts to strategy."

Work highlights Jenner & Block LLP intervened on behalf of Constellation Energy in defense of FERC's implementation of an order allowing state-supported zero-emitting generators to reflect their subsidies when submitting offers in power auctions.

Notable practitioners

John Estes III is a stellar attorney highly regarded for his work on behalf of major power market clients on a broad array of FERC disputes and enforcement actions. **Strengths:** *"John Estes is the best attorney out there. He is smart and he knows everybody."* *"John is very good about thinking strategically about the next several steps ahead."*

"John Estes provides unique insight into agency policymaking and unparalleled history and experience." **Sudeen Kelly** leverages her expertise as a former FERC commissioner to advise clients on a broad array of regulatory proceedings and rule-making interventions. **Strengths:** *"Sudeen Kelly impresses due to her breadth of experience, judgment and attention to detail."* *"Sudeen Kelly is a force of nature."* *"Sudeen has a tremendous ability to break down complex issues into easy to understand and manageable topics."* **Matthew Price** is noted for his work representing energy corporations and non-profit organizations in proceedings before FERC, including cost and market rule matters. **Strengths:** *"Matthew is very sharp and easy*

to work with. His oral submissions are top-notch." *"Matthew Price is one of the most strategic lawyers I have worked with."* *"Matthew has very good judgment and the ability to tackle issues in the regulatory and litigation space in a thorough and practical way."* **William Barksdale** is recommended for his expertise in handling complex investigations and enforcement proceedings before the FERC. **Strengths:** *"He is very knowledgeable."* **Raunaq Kohli** provides expert regulatory support on A&D transactions and project development in the power space. His clients include both energy companies and financial institutions.

John & Hengerer

What the team is known for John & Hengerer is a well-respected team with considerable experience representing a broad client base in the oil and gas sector, including developers, owners and operators of pipelines. The firm also counsels oil and petroleum product shippers. It frequently advises on project approval proceedings and handles rate litigation before FERC.

Strengths

"John & Hengerer is very responsive and the team understands the regulatory regime."

Notable practitioners

Elizabeth Zembruski is well-known for her representation of shippers, particularly in rate cases before FERC. **Strengths:** *"Elizabeth is very practical. She is focused on results."* *"Elizabeth is very knowledgeable and easy to work with."* **Douglas John** has considerable experience in regulatory issues across the oil and gas sector. **Strengths:** *"Douglas John is very knowledgeable."*

Jones Day

What the team is known for Jones Day is noted for its expertise spanning the power and oil and gas sectors, counting power generators, institutional investors, electric utilities and pipeline operators as part of its client base. It ably assists with master limited partnerships, joint ventures and other commercial agreements in the oil and gas sector. The firm also handles a broad range of regulatory matters in the power sector including M&A approval, investigations and rate and tariff proceedings.

Strengths

"Jones Day provides exceptional work product and services on a consistent basis. I know anytime we make a request, they always deliver."

"The Jones Day team do not only have a thorough knowledge of the legal rules but have strong relationships with FERC staff."

Work highlights Jones Day advised Marathon Petroleum on the formation of a joint venture with Neste to convert Marathon's idled refinery in Martinez, California into a 730 million gallons per year renewable fuels facility.

Notable practitioners

James Olson has experience advising oil and gas pipeline clients on a range of regulatory matters, including rate and tariff proceedings before FERC. **Strengths:** *"I am always impressed with James's ability to quickly grasp issues and generate consensus among participants in regulatory proceedings."* *"James Olson knows the issues well and prepares his client well. He takes a big picture view*

for the client.” *“James is a real leader. He achieves results.”* **Jeffrey Schlegel** has excellent capacity to effectively assist with joint venture and master limited partnership structuring. He has further expertise in a broad array of commercial agreements in the oil and gas sector. **Strengths:** *“Jeffrey is a true expert in the field. He does a good job of thinking strategically about the issues.”* *“Jeffrey Schlegel’s strengths are in his business acumen and the way he manages his team.”* *“Jeffrey is a fantastic lawyer. He is knowledgeable, practical and smart.”* **James Beh** has notable experience assisting power generators, institutional investors and electric utilities on a broad range of regulatory matters. He has particular knowledge of issues arising in the California energy market. **Strengths:** *“James Beh is an extremely capable lawyer.”*

King & Spalding LLP

What the team is known for King & Spalding LLP is recognized for advising oil and gas industry clients and public authorities on regulatory matters in connection with the development of production, storage and transportation infrastructure, with a growing presence in LNG. It frequently represents a range of clients in applications to FERC and DOE. The firm is further noted for expertise in commercial transactions and contracts across the oil and gas sector, frequently handling acquisitions, fuel supply agreements and engineering, procurement and construction contracts.

Strengths

“King & Spalding has a deep bench of experts. The firm can always find someone with the right expertise to handle matters.”

“King & Spalding’s service levels and responsiveness is top-notch. The wait time for a response or a path forward on any matter is very minimal.”

Work highlights King & Spalding LLP advised Competitive Power Ventures (CPV) on fuel supply matters relating to natural gas-fired generating facilities. This included advising CPV’s Three Rivers Energy Center on issues relating to the potential relocation of a pipeline lateral authorized by FERC.

Notable practitioners

James Bowe Jr (see p.511) is highly sought after by clients in the LNG space. He has particular experience as regulatory counsel to project developments and commercial transactions. **Strengths:** *“James’ command of the agency and regulatory practice is phenomenal.”* *“James Bowe’s thoughtful approach fully protects our interests while he advocates for the best positions possible.”* *“James is very knowledgeable in a very technical area of the law.”* **Peter Hays** (see p.581) has expertise spanning across the oil and gas sector. He is known for representing multinational corporations and upstream producers in sale and purchase agreements and equity transactions. **Strengths:** *“Peter Hays is a really good technical lawyer.”* **Stuart Zisman** (see p.742) focuses his practice on the midstream sector. He effectively advises clients, including commodity traders and infrastructure developers on acquisitions, joint venture agreements and debt financings. **Strengths:** *“Stuart is really commercial and savvy about the underlying business.”* *“Stuart Zisman provides significant*

industry experience when it comes to navigating complex joint venture deals.” *“Stuart is huge on customer satisfaction. He is very smart and well-experienced.”* *“Stuart Zisman has tremendous commercial instincts.”*

Kirkland & Ellis LLP

What the team is known for Kirkland & Ellis is a rapidly developing team highlighted for its ability to handle complex transactions and capital markets matters across both the power and oil and gas sectors. It is able to offer support in M&A, joint ventures, PPAs and structured financings. Its clients include private equity funds, utilities, pipelines and power marketers. The firm is adept at assisting with all regulatory aspects of transactions in addition to broader FERC administrative litigation matters.

Strengths

“Kirkland & Ellis’ team is exceptional in the specialty it operates in because it has a great depth of experience and a corporate culture that remains client focused.”

“When we hire Kirkland, we know a matter will get done in a really high level, great way. They have a subject matter expert in every discipline you can imagine.”

“Kirkland & Ellis’ team has incredible breadth and depth.”

Work highlights Kirkland & Ellis advised ONEOK on its definitive agreement to acquire all outstanding units of Magellan Midstream Partners in a transaction valued at approximately \$18.8 billion.

Notable practitioners

Andrew Calder (see p.518) is a member of the firm’s Executive Committee and leverages his wealth of expertise to advise companies and private equity sponsors on complex transactions, corporate governance and securities matters. **Strengths:** *“Andrew is an exceptional lawyer with a keen commercial acumen.”* **Brooksany Barrowes** (see p.498) has significant experience providing adjacent regulatory counsel on mergers and acquisitions, alongside wider expertise in handling a range of proceedings before FERC. **Strengths:**

“Brooksany represents her clients’ interests very well.” **David Castro Jr** (see p.521) has considerable expertise in a broad array of upstream oil and gas transactions, including major mergers and acquisitions and strategic joint ventures. **Strengths:** *“David is extremely bright. He works very hard and he understands what clients want.”*

“David is very practical, easy to work with and has great experience.” **Anthony Speier** (see p.708) has strengths spanning acquisitions, divestitures and joint venture formation, particularly involving upstream and midstream oil and LNG assets. **Strengths:** *“Anthony is a very strong attorney who is really strong on deals.”* **Robert Fleishman**

offers high-quality regulatory advice in the context of pipeline projects, CFTC investigations and various commercial agreements. **Strengths:** *“Robert is an outstanding lawyer.”* **Chris Heasley** (see p.581) demonstrates significant capabilities in the oil and gas space. He often assists in the purchase and acquisition of upstream and midstream interests, alongside handling joint venture transactions. **Strengths:** *“Chris’ commitment to his*

clients is evident in all aspects of his work product.”

“Chris is very thorough and easy to work with.”

Chad Smith (see p.705) s transactional practice covers acquisitions, sales and joint venture formations in the oil and gas sector. **Strengths:** *“Chad is easy to work with and you know it is going to be a thorough job when he is on it.”* *“Chad is a really strong lawyer. He is very responsive and great at managing processes.”* **Lindsey Jaquillard** (see p.595) ably assists a range of oil and gas sector clients with mergers, acquisitions and divestitures. **Strengths:** *“Lindsey is very thorough. Nothing slips through the cracks.”* *“She is technically very, very good.”* *“Lindsey is a highly talented technical lawyer. She brings a helpful dynamic to the table.”* **Kristin Mendoza** (see p.641)’s transactional practice covers the complex A&D of electric generating assets as well as mergers in the space. **Strengths:** *“Kristin is incredibly smart and a very good negotiator.”*

Strengths

“The professionals at K&L Gates quickly grasp complex concepts and apply them to benefit the client.”

“The K&L Gates team is constantly available for questions and support across any number of topics.”

K&L Gates

What the team is known for K&L Gates is active within the FERC regulatory context for power clients as well as offering representation before state commissions and federal courts. It is frequently seen in transmission cost allocation, interconnection agreements and NERC reliability matters.

Strengths

“The professionals at K&L Gates quickly grasp complex concepts and apply them to benefit the client.”

“The K&L Gates team is constantly available for questions and support across any number of topics.”

Work highlights K&L Gates acted for Duke Energy Florida in a complaint filed at FERC against NextEra alleging its utilities Florida Power & Light and Gulf Power had, among other issues, violated the transmission service and planning obligations in their tariff.

Notable practitioners

Donald Kaplan (see p.601)’s regulatory expertise is frequently sought after by transmission owners and other industry clients, particularly concerning costs and rate calculations. **Kimberly Frank** (see p.557)’s practice sees her represent electric cooperatives and other power companies at FERC. Her expertise includes compliance issues and rate cases. **Strengths:** *“Kimberly is really strategic. She takes a much longer view on what is good for her clients and how to approach FERC.”* *“Kimberly does not only understand our needs, but provides critical, significant and strategic advice that fits us.”*

“Kimberly is responsive, always ahead of deadlines, strategic and quickly grasps complex issues.” **David Wochner** (see p.736) is well thought of for his practice relating to LNG. He can be often found in front of FERC handling significant project authorization matters and in front of the Department of Energy in respect of natural gas export matters. **Strengths:** *“David is an exceptional collaborator, resource and facilitator with deep industry knowledge and contacts.”* *“David Wochner has tremendous knowledge. He goes above and beyond to find the answer.”* *“David is a maestro of all things regulatory in the US energy space.”*

“David is an exceptional collaborator, resource and facilitator with deep industry knowledge and contacts.” *“David Wochner has tremendous knowledge. He goes above and beyond to find the answer.”* *“David is a maestro of all things regulatory in the US energy space.”*

“David is an exceptional collaborator, resource and facilitator with deep industry knowledge and contacts.” *“David Wochner has tremendous knowledge. He goes above and beyond to find the answer.”* *“David is a maestro of all things regulatory in the US energy space.”*

Latham & Watkins LLP

What the team is known for Latham & Watkins LLP is a distinguished international firm, renowned for the leading role it plays in both oil and gas and power transactional matters. It regularly acts on sophisticated deals for corporate, financial and sovereign industry participants. The firm also provides both electricity and oil and gas clients with a committed regulatory offering. It represents clients adeptly at FERC and before other energy regulatory bodies too.

Strengths

"The Latham team is incredibly savvy and experienced. They are business minded and technically excellent."

"Latham & Watkins is able to bring a lot of different strengths in different disciplines."

Work highlights Latham & Watkins LLP advised Vistra on the execution of a definitive agreement with Energy Harbor in which Energy Harbor merged with and into a newly-formed subsidiary of Vistra.

Notable practitioners

Michael Gergen (see p.564) is a strong choice for clients on a broad range of issues, with expertise spanning regulatory, transactional and legislative matters concerning power markets. **Strengths:** *"Michael is very impressive."* **David Kurzweil** (see p.615) offers considerable transactional expertise at the single asset and portfolio level alongside advising on commercial agreements supporting project financing. **Strengths:** *"David offers considerable expertise."* *"He is one of the most experienced lawyers in the country."* **Patrick Nevins** (see p.653) is adept at advising pipeline owners, joint venture operators and project developers on FERC and other regulatory approvals as well as handling proceedings concerning tariffs and rate design. **Strengths:** *"Patrick is a very strong strategist."* **David Schwartz** (see p.694) has considerable experience advising clients on high-stakes proceedings before FERC, including those arising from market manipulation allegations. **Strengths:** *"David provides really excellent strategic direction and very important contributions on matters."* *"It is the knowledge and attention that he brings that leads to the best outcome on matters."* **Natasha Gianvecchio** (see p.565) is an accomplished regulatory attorney who possesses strengths across litigation and transactional matters in the electricity sector. **Strengths:** *"Natasha is very responsive and insightful."* *"Natasha is very much on the pulse of what is going on at FERC and in the market."* **Michael King** (see p.608)'s practice spans the upstream and midstream spaces, with experience advising on acquisitions and sales of assets as well as joint ventures and commercial agreements. **Strengths:** *"Michael's technical skills are extremely good."* *"He is a really commercial lawyer."* **Justin Stoltz** (see p.712) has considerable expertise in upstream and midstream oil and gas transactions, including high-value strategic M&A. **Strengths:** *"Justin is extremely hard-working and also extremely intelligent."* *"He consistently delivers quality work and he is pleasant to work with."* **Stephen Szalkowski** focuses his practice on midstream oil and gas transactions and is frequently sought after for acquisitions. **Strengths:** *"Stephen is a practical and a commercial advocate."*

Tyler Brown (see p.515) has experience handling approvals for transactions and project development as well as a broad range of power market matters, including rulemaking and cost allocation. **Strengths:** *"Tyler offers great insight on matters."* *"Tyler is super sharp and very smart."* **Lauren Anderson** (see p.3197) is a transactional lawyer who focuses her practice in the energy sector. She expertly represents her clients in acquisitions, joint ventures and private equity matters. **Strengths:** *"She is very easy to work with."* *"Lauren is very knowledgeable and a pleasure to work with."* *"She is very efficient."* **David Owen** (see p.659) focuses his M&A practice on representing investors and owners of electricity generating assets. **Strengths:** *"David is a phenomenal lawyer."* **James Blackburn** (see p.506) has experience in a range of power market matters, including ratemaking and rulemaking. He also assists on FERC investigations, particularly those concerning market manipulation and tariff violations. **Strengths:** *"James is very knowledgeable and a pleasure to work with."*

Locke Lord LLP

What the team is known for Locke Lord LLP comes recommended for upstream, midstream and downstream deals that involve complex corporate structurings. The firm assists clients involved in exploration and production, gathering, storage and processing, and the provision of services and equipment to the industry. It possesses expertise in joint ventures, sales, acquisitions and operations management. The firm is well-equipped to advise energy companies, as well as private equity firms looking to enter the space for the first time.

Strengths

"Locke Lord has a great understating of the midstream business and how it works."

"The Locke Lord team makes itself available in a very short time frame. They go above and beyond by giving us the time and attention we need."

"Locke Lord is deeply experienced in the market."

Work highlights Locke Lord LLP advised WildFire Energy on its agreements to acquire Chesapeake Energy's Brazos Valley region of its Eagle Ford assets for \$1.42 billion.

Notable practitioners

Bill Swanstrom (see p.3272) is widely recognized in the market for his midstream oil and gas practice. His expertise is frequently sought in acquisitions and sales both by companies and private equity investors. **Strengths:** *"Bill Swanstrom is a fantastic midstream practitioner."* **Terry Radney** (see p.673) focuses on upstream and midstream transactions in the oil and gas sector and frequently assists clients with M&A activity and various commercial agreements. **Strengths:** *"Terry is smart and he gets the deal done."* *"Terry's knowledge is phenomenal."*

Mayer Brown LLP

What the team is known for Mayer Brown LLP represents insurers, financial service clients and portfolio companies in M&A and equity financing transactions. It is noted for its expertise in joint ventures and high-value offerings.

Strengths

"The Mayer Brown team has the ability to get creative and come up with drafting solutions to address client concerns and objectives."

"Mayer Brown has an excellent team across the board."

Work highlights Mayer Brown LLP represented CDPQ as part of an investment vehicle composed of CDPQ, Invenenergy, and funds managed by private equity firm Blackstone Infrastructure Partners in a \$1.5 billion purchase of a renewables portfolio owned by American Electric Power.

Notable practitioners

Elena Rubinov (see p.686) advises financial services clients on corporate transactions in the energy space. She has notable experience handling acquisitions and joint venture formation.

Mark Williams (see p.735) provides adept counsel on the regulatory elements of corporate transactions. He frequently acts for utilities, corporates and investors across the sector. **Strengths:** *"Mark is substantively really good and he is encyclopedic in his knowledge."* *"Mark is extraordinarily knowledgeable about FERC's laws and regulations."* *"Mark Williams provides an exceptional level of service. He takes a very prudent approach to regulatory risks."* **Heather Feingold** (see p.552)'s practice centers on providing regulatory counsel and obtaining FERC approvals for a variety of transactions in the power space.

McDermott Will & Emery LLP

What the team is known for McDermott Will & Emery LLP is a rapidly developing practice replete with expertise in regulatory and litigation matters, including representation before FERC, NERC and the CFTC as well as state regulatory bodies. It is capable of advising on the full spectrum of power market rules compliance and related proceedings on behalf of a wide client base. The firm provides expert representation in the context of investigations and audits in the power sector as well as managing merger and acquisition approvals. It is further noted for its growing strength in oil & gas transactions.

Strengths

"The McDermott regulatory team is incredibly responsive and smart."

"We could not ask for a more responsive and service-oriented firm."

"McDermott Will & Emery has a strong bench of talent with diverse skill sets that allow the team to call upon internal subject matter experts to handle complex matters."

Work highlights McDermott Will & Emery LLP represented affiliates of CPV, J-POWER, LS Power and REV in connection with non-performance penalties arising out of Winter Storm Elliott.

Notable practitioners

Neil Levy (see p.621) has expertise in a broad array of power market proceedings and regulatory compliance alongside further capabilities assisting with oil and gas sector issues.

Strengths: *"Neil is a consummate professional and very savvy."* *"He is excellent at looking at the big picture and figuring out a path to get to the end as efficiently as possible."* **David Tewksbury** (see p.718) expertly advises clients on power market matters, including rulemaking and compliance, as well as acting as regulatory counsel in M&A.

Strengths: “David has an extraordinary amount of experience.” “He demonstrates an incredibly deep understanding of the industry, its history, and the issues impacting the existing and developing sector.” **Jack Langlois** (see p.616) advises on mergers, acquisitions, sales and joint ventures for a broad array of clients. **Strengths:** “Jack is very technical but also commercial.” “He has his finger on the pulse of negotiations and deals.” “Jack brings a wealth of experience.” **Frederick (Fritz) Lark** (see p.617) advises private equity sponsors and electric companies on mergers, acquisitions and investments across the sector. **Strengths:** “Fritz is very smart and he has a lot of experience.” “He is pragmatic about coming to solutions in a web of complex issues.” **Stephanie Lim** (see p.623) has considerable expertise in a broad range of power market rulemaking interventions and other disputes before FERC. She also manages the approval process for transactions. **Strengths:** “Stephanie clearly has really vast expertise in the space.” **Bruce Richardson** (see p.680) notably advises clients on compliance with NERC reliability rules and reactive power services.

McGuireWoods LLP

What the team is known for McGuireWoods LLP possesses significant strengths across regulatory work in the power space. It maintains a robust FERC enforcement practice that counts many of the leading utilities as clients. The firm is noted for its work on regulatory compliance and market manipulation litigation. It also offers a highly knowledgeable regional transmission organization team that focuses on representing clients on market structure and rate issues. The firm has particular strength in relation to cost allocation and compensation issues. It is further recognized for advising on power sector transactions and wider corporate strategy for public utilities, independent power producers and investors.

Strengths

“The McGuireWoods team is proactive. Its attorneys have the ability to think ahead of the issues.”

“McGuireWoods’ attorneys are committed, thorough, confident and loyal through some of the most complex deals in the industry.”

“McGuireWoods has an extremely strong regulatory and litigation department. The team is well-versed on all topics in the industry.”

Work highlights McGuireWoods LLP represented Edison Electric Institute, among others, in an amicus brief in support of the statute of limitations arguments made by Vitol.

Notable practitioners

Joanne Katsantonis (see p.3349) advises public utilities, independent power producers and investors on a broad array of transactions and broader corporate strategy. **Strengths:** “Joanne is an exceptional lawyer.” **Todd Mullins** (see p.648) leverages his past experience at FERC to advise clients on a broad range of enforcement and compliance matters. **Strengths:** “Todd is very experienced and has been a tremendous help for us.” **Noel Symons** (see p.715) has considerable expertise in the full range of regulatory matters concerning RTO markets, including reliability, must run issues and cost allocation. **Brian Kelly** (see p.604) is chair of the firm’s energy industry

team power practice. He has a strong track record representing electric utilities, infrastructure companies and independent power producers in a range of transactions. **Strengths:** “Brian is a fantastic lawyer who understands the market.” “He is fantastic to work with and is very responsive.” **Julia English** (see p.548) routinely acts as regulatory counsel on transactions concerning power generation and transmission assets. She frequently represents her clients before FERC. **Katlyn Davis Farrell** (see p.538) supports electric utilities in a range of FERC mandates including transaction approvals, transmission rate filings and a variety of compliance matters. **Strengths:** “Katlyn is phenomenal. She provides really good legal analysis.”

Morgan, Lewis & Bockius LLP

What the team is known for Morgan, Lewis & Bockius LLP is a market-leading and impressively broad-based group with recognized ability across the full range of energy sectors. It is best known as one of the strongest and deepest nuclear regulatory teams in the country, frequently handling the largest and most complex of matters for utilities. The firm also offers clients a strong regulatory power practice with extensive capabilities in compliance and enforcement matters before FERC. It is noted for expertise in regulatory matters for oil and gas clients and extensive administrative and appellate litigation capabilities too. The firm supplements its sector-spanning regulatory expertise with broad capabilities in the acquisition, sale and financing of conventional and renewable power assets.

Strengths

“Morgan, Lewis & Bockius is very adept at handling complex energy regulatory issues.”

“What sets Morgan Lewis apart is they take the time to understand our business and ensure the advice they give us is practical.”

“Every lawyer Morgan Lewis brings onto the team is not only technically competent but understands the industry.”

Work highlights Morgan, Lewis & Bockius LLP represented Energy Harbor in its acquisition by Vistra.

Notable practitioners

Thomas Giblin Jr has expertise spanning private placements as well as debt and equity offerings, which he deftly handles on behalf of utility and energy clients. **John Klauberg** centers his highly acclaimed power market practice around mergers, acquisitions and sales as well as joint venture agreements, with a particular focus on representing utilities. **Strengths:** “John is one of the top lawyers in the sector.” “He provides us with sophisticated and practical advice.” **Timothy Matthews** has considerable expertise across the sector and is frequently called upon to act for clients before the NRC on licensing and development matters. He has further strength in investigations and enforcement work. **Strengths:** “Timothy knows the NRC inside and out.” “He is excellent, very knowledgeable and level-headed.” **Kimberly Reisler** focuses her practice on utilities and underwriters, leveraging her considerable expertise in corporate and securities law to assist with a broad array of power sector transactions. **Strengths:** “Kimberly is one of the preeminent voices in the space.”

“She is a very thorough lawyer.” **Kirstin Gibbs** has a distinguished background handling oil and gas pipeline matters, including disputes arising from commercial contracts and project permitting. Her recent experience includes handling FERC approvals and investigations in the natural gas sector. **Strengths:** “Kirstin is practical, knowledgeable and very creative.” “She is smart, practical and she has deep market understanding.” “Kirstin is responsive to client needs.” **Paul Besette** advises clients on the regulatory aspects of transactions in the nuclear space, and has experience in proceedings before the NRC. **Strengths:** “Paul has a depth of experience in the space.” **Michael Espinoza** has expertise in energy transactions focused in the regulated utilities and renewables space. He often handles high-value acquisitions. **Strengths:** “Michael is extremely thoughtful about the issues and is incredibly timely.” **Brad Fagg** adroitly advises clients on spent fuel issues and related disputes. He is further noted for his expertise in a range of regulatory and contractual matters spanning the nuclear sector. **Strengths:** “Brad is very knowledgeable and practical.” “He is very experienced and knowledgeable in his area.” **Alex Polonsky** is capable of handling proceedings before the NRC as well as advising clients on a broad range of regulatory issues, particularly concerning waste storage and nuclear technology development. **Strengths:** “Alex is a solid and creative counsel.” “He is a knowledgeable guy.” **Stephen Spina** is frequently called upon by clients to advise on regulatory matters spanning market pricing, standards compliance and rate proceedings. **Strengths:** “Stephen is an excellent lawyer.” **Daniel Skees** routinely acts on behalf of electric utilities in FERC authorizations and approvals relating to acquisitions. **Strengths:** “Daniel is one of the most intelligent and ‘dialed-in’ lawyers I have worked with.” “He is smart and hard-working.” **Jane Accomando** supports her clients on regulatory and commercial matters in the nuclear space. She is currently coleader of the firm’s global energy industry team. **Strengths:** “Jane does really terrific work.” “She is responsive, considered and detail-oriented.” **Pam Tsang Wu** demonstrates broad expertise across the oil and gas sector. She has notable experience handling FERC regulations and approvals, purchase and sale agreements and Section 4 rate cases. **Strengths:** “Pam is smart and practical. She is also always responsive and has a deep market understanding.”

Orrick, Herrington & Sutcliffe LLP

What the team is known for Orrick, Herrington & Sutcliffe LLP adeptly handles a variety of transactions for clients in the power industry, including the purchase and sale of assets as well as joint ventures and other agreements. It is noted for developing transactional capabilities in the natural gas and LNG space. The firm offers further expertise in regulatory authorization and other proceedings before FERC and the DOE in regulatory proceedings connected with the siting and construction of LNG production, liquefaction and export facilities.

Strengths

“Nights, weekends, holidays; it does not matter. Orrick always helps when we call.”

"Orrick handles all aspects of FERC work for us. The team has open lines of communication with the agency."

"The Orrick team is really good at being quick to advise and it really caters its advice and guidance to what we are looking for."

Work highlights Orrick, Herrington & Sutcliffe LLP represented Freeport LNG and its affiliates in proceedings before FERC, DOE and other agencies to obtain authorization to construct and operate the Freeport Liquefaction Project.

Notable practitioners

Lisa Tonery comes highly recommended for her considerable expertise in representing major clients in high-value LNG proceedings before FERC and the DOE, particularly in seeking authorization for the construction and operation of liquefaction and export terminals. **Strengths:** *"Lisa Tonery is very responsive and she has her finger on the pulse of FERC." "Lisa's relationships with key members of FERC and the DOE are super valuable and her in-depth knowledge of the industry is really valuable too."* **Cory Lankford** assists with regulatory issues and approvals in the context of M&A, project development and investments. **Strengths:** *"Cory is very knowledgeable and able to deliver creative solutions." "Cory brings a wealth of sophisticated ability to the job. When it is a complex issue or problem, he has the knack of calming the room." "Cory Lankford is very responsive and provides great and useful advice."* **Adam Wenner** assists developers and power companies with the regulatory aspects of transactions and project development across the traditional power and renewables sectors. **Strengths:** *"Adam Wenner brings a wealth of experience and technical competence on regulatory issues." "Adam Wenner is unflappable. He keeps everybody calm." "Adam is very knowledgeable and responsive."* **Jonathan Ayre** is noted for his work handling acquisitions, asset securitizations, financings and restructuring transactions on behalf of oil and gas sector clients. **Strengths:** *"Jonathan is always there when we need him and he is extremely effective."* **Joe Roger** is active in the oil and gas space, where he is particularly noted for his upstream sector work. He is adept in acquisitions, divestitures and various other transactions. **Strengths:** *"Joe is extremely knowledgeable and very responsive. He totally understands commercial and legal issues." "Joe Roger is an excellent partner."* **Kayla Grant** focuses her practice in the power space, advising her clients on a variety of FERC regulatory matters including jurisdictional issues and market-based rate authority applications. **Strengths:** *"Kayla provides excellent service and information." "Kalya is always on-point, concise and responsive."*

Paul Hastings LLP

What the team is known for Paul Hastings LLP is routinely engaged to advise power sector clients on complex FERC proceedings. The firm demonstrates considerable expertise in project authorizations and FERC enforcement actions. It is particularly noted for its experience in transmission and solar energy work.

Strengths

"In addition to inherent industry knowledge, Paul Hastings' professionals know what questions to ask

and how to focus on what really matters."

"Paul Hastings is critical to our success. The team demonstrates attention to detail and responsiveness."

Work highlights Paul Hastings LLP represented Leeward Renewable Energy in a number of FERC interconnection and transmission matters in connection with its First Solar projects.

Notable practitioners

William DeGrandis (see p.539) has a strong track record of assisting clients on various regulatory and commercial issues, including interconnection and transmission disputes, M&A approval and broader contractual agreements. **Strengths:** *"William DeGrandis is focused on technical accuracy. If a project is stuck, he is the first person I would call to get it unstuck." "William has a true understanding of client relations and the need to supplement and enhance what the client itself may know." "William DeGrandis is extremely thorough. He has great attention to detail and very good follow up. Nothing falls through the cracks."*

Pierce Atwood LLP

What the team is known for Pierce Atwood LLP draws on its federal regulatory expertise to skillfully represent oil and gas and electric utility clients before FERC. The team has extensive knowledge of the Natural Gas Act and regularly handles rate case proceedings. It has additional strength in compliance matters.

Strengths

"Pierce Atwood is more than capable of handling sophisticated matters."

"Pierce Atwood could not be timelier and more thorough in its responsiveness."

Work highlights Pierce Atwood LLP acted for Granite State Gas Transmission in connection with FERC's certificate and construction rules and FERC rate filings.

Notable practitioners

Randall Rich (see p.679) has deep expertise in regulatory issues and FERC proceedings pertaining to natural gas pipelines. **Strengths:** *"Randall is highly knowledgeable about the rules and regulations in the space he practices." "Randall Rich has been a FERC lawyer for years. He understands what needs to happen at the commission and he understands its policies and processes." "Randall is always a straight shooter. He is an excellent advocate."*

Pillsbury

What the team is known for Pillsbury Winthrop Shaw Pittman LLP possesses one of the best nuclear practices in the country. Its lawyers are thought leaders in the modernization of nuclear energy and advanced nuclear technologies. It is frequently seen on issues involving the NRC, including licensing for new facilities, spent fuel processing disputes and approvals. The firm is also active in international nuclear development matters. It is very well thought of in energy securities circles and on complex power financings. The team has particular strength in statute-based securitization financings for stranded costs for public utilities, tax-exempt debt financings and sale-leaseback structures.

Strengths

"Everyone I have worked with at Pillsbury is very knowledgeable, experienced and great to work with."

"Pillsbury's team is up to speed with all commercial trends."

"The group has deep expertise in domestic and international regulatory actions and a broad understanding of the energy landscape."

Work highlights Pillsbury Winthrop Shaw Pittman LLP successfully represented Holtec in its efforts to oppose a Federal District Court case filed by the Attorney General of New Mexico against the NRC in an effort to prevent licensing of the Holtec ClSF spent fuel storage facility.

Notable practitioners

David Baxter has considerable experience representing a broad array of clients in capital markets transactions, including issuers, purchasers and underwriters. **Strengths:** *"David is a great lawyer."* **Jeffrey Delaney** acts for a wide range of energy companies and underwriters on capital markets transactions. **Strengths:** *"Jeffrey is a very smart lawyer."* **Jay Silberg** has substantial expertise in securing regulatory approvals for transactions as part of a robust regulatory practice. He frequently appears before the NRC and DOE on behalf of a roster of prominent clients. **Elina Teplinsky** focuses her practice on export control and project development issues and frequently advises nuclear utilities, vendors and developers on compliance with DOE and NRC regulations.

Strengths: *"Elina is incredibly knowledgeable and responsive." "She is extremely knowledgeable and very experienced."* **Michael Lepre's** nuclear regulatory practice sees him handle spent fuel and decontamination issues. He has appeared in multiple contested hearings before the NRC. **Jeffrey Merrifield** leverages his expertise as a former member of the NRC to advise clients across a broad spectrum of matters. He manages acquisitions and divestitures and counsels on nuclear technology development. **Strengths:** *"Jeffrey brings significant experience to every situation."*

"He is one of the most hard-working individuals I have had the pleasure of working with." **Alexandra Calcado** is noted for her representation of investment companies in high-value financings. Her experience includes handling public offering transactions. **Stephanie Langan** is a corporate and securities associate with experience advising underwriters, purchasers and issuers on a broad range of transactions, including mortgage bond and common stock offerings. **Strengths:** *"Stephanie is great to work with."* **Anne Leidich** focuses her practice in the nuclear space and assists clients on a variety of regulatory issues. **Strengths:** *"Anne is a consummate professional, who brings both technical and legal expertise."* **Timothy Walsh's** nuclear practice covers both regulatory compliance and proceedings before the NRC.

Strengths: *"He delivers a timely, accurate, complete and balanced work product related to highly sensitive matters."*

Porter Hedges LLP

What the team is known for Porter Hedges LLP offers a robust oil and gas transactional team with experience in upstream and midstream deals. It is particularly knowledgeable in the sale and

disposition of US shale assets as well as on joint venture structuring and deal financing. The firm is also active on farm-out and participation agreement negotiations. It possesses the capacity to advise debtors, creditors and bidders in connection with sales of oil and gas assets in the context of bankruptcy proceedings.

Strengths

"Porter Hedges has strong knowledge on the subject matter and a no-nonsense approach to effectively guiding negotiations."

"Porter Hedges houses lawyers who understand the industry and stay on top of trends and legal issues facing the industry."

"I have always been impressed with Porter Hedges' responsiveness and attention to getting us answers quickly."

Work highlights Porter Hedges LLP represented Ascent Resources in the closing of a bolt-on acquisition with XTO Energy for a total purchase price of \$270 million.

Notable practitioners

Michael Byrd (see p.517) focuses on upstream mergers and acquisitions as part of a robust oil and gas transactional practice. **Strengths:** *"Michael Byrd is a great practitioner. He is very pragmatic and practical."* **Jeremy Mouton** (see p.648) specializes in upstream transactions and can assist clients with a broad array of matters, including asset sales and dispositions, commercial agreements and mineral rights acquisitions. **Strengths:** *"Jeremy is technically good. He is a problem-solver."* *"Jeremy Mouton is very attentive to his client's needs."* *"Jeremy is so strong across the board."* **Randall King** is cochair of the firm's energy practice. He has a comprehensive transactional offering including expertise in upstream and midstream acquisitions and dispositions, as well as a range of commercial agreements.

Reed Smith LLP

What the team is known for Reed Smith LLP is recognized for its oil & gas transactional practice. The firm routinely advises on M&A activity between industry clients, A&D of upstream and midstream assets and commercial agreements such as tolling contracts. It also frequently assists lenders in the oil & gas space.

Strengths

"Reed Smith has a very strong ability to handle complex and sophisticated matters."

Notable practitioners

Gary Johnson assists clients across the upstream, midstream and downstream energy sectors. He handles acquisitions, operating agreements and joint venture transactions.

Rock Creek Energy Group, LLP

What the team is known for Rock Creek Energy Group, LLP is highly skilled at handling the federal regulatory aspects of transactions in the power sector. The firm's experience covers the full spectrum of energy assets including conventional power, transmission assets, renewable energy and energy storage.

Strengths

"Rock Creek is incredibly knowledgeable and skilled in its subject matter. The team understands commercial aspects and advises in a commercially

mindful manner."

"Rock Creek has a ton of history and knowledge of energy regulatory work."

Work highlights Rock Creek Energy Group, LLP served as federal energy regulatory counsel to Brookfield Renewable Partners in respect of its acquisition of Duke Energy's commercial renewables business.

Notable practitioners

Jessica Friedman (see p.559) is particularly adept at seeking regulatory approvals and negotiating various agreements to support project development as well as mergers and acquisitions. **Strengths:** *"Jessica Friedman is very knowledgeable and smart."* *"Jessica is very adaptable and has a deep knowledge of regulatory risk in transactions."* *"Jessica Friedman has a very broad experience in the space."* **Vincenzo Franco** (see p.557) is called upon by both energy companies and financial institutions alike for his expertise in FERC regulatory issues. **Strengths:** *"Vincenzo is very knowledgeable and practical."* *"Vincenzo Franco is fantastic. He is extremely client friendly."* **Margaret Claybour** (see p.527) frequently advises major institutional investors on the regulatory aspects of acquisitions and investments in the power space. She has additional strength acting in FERC proceedings. **Strengths:** *"Margaret's work is so thoughtful."* **Julia Wood** (see p.737) handles the licensing and regulatory due diligence of projects for her power sector clients. She has particular expertise in the hydroelectric space. **Strengths:** *"Julia is easy to work with."*

Sidley Austin LLP

What the team is known for Sidley Austin LLP offers clients broad expertise in the energy space covering transactional, regulatory and litigation work. It is particularly well thought of in the oil and gas space with capability across upstream, midstream and downstream matters. The firm represents clients before FERC on regulatory approvals, enforcement and rate issues. It offers additional strength in power regulation and litigation, assisting clients participating in the generation, transmission and distribution and trading of electricity. The firm also offers capabilities in transactional matters for electricity clients.

Strengths

"Everyone I have worked with at Sidley has been outstanding. All of its practitioners are fantastic."

"I am incredibly impressed by Sidley's ability to handle complex matters."

"The Sidley Austin team is always approachable and always puts the clients first."

Work highlights Sidley Austin LLP acted for Coaltrain Energy in connection with FERC's anti-manipulation case against Coaltrain and certain individuals regarding trading practices in the Mid-Atlantic electric energy markets in 2010.

Notable practitioners

Terence Healey (see p.581) is adept at handling a range of proceedings and providing related regulatory counseling concerning power market matters, including acquisition approval, market manipulation claims and investments. **Strengths:** *"Terence is very easy to deal with. He is knowledgeable and collaborative."* *"He has an encyclopedic knowledge of the space."* **Cliff Vrielink** (see

p.3276) has a notable practice advising pipeline and investment companies on asset purchase and sale transactions. **Strengths:** *"Cliff is deeply knowledgeable and he delivers excellent client service."* **Tim Chandler** (see p.3208) is noted for his work handling various cross-border transactions. He represents investment clients in the purchase of assets, corporate acquisitions and other financings. **Strengths:** *"Tim is a very commercial lawyer."* *"He's an excellent lawyer."* **Kenneth Irvin** (see p.593) has sector-spanning expertise including oil and gas pipeline and power market issues, with capabilities representing clients in a range of proceedings before FERC. **Strengths:** *"Kenneth gives very commercial guidance and he is very responsive."* *"He is very practical, commercial and really good in a crisis."* **Christopher Polito** (see p.671) is adept at representing major energy clients before FERC. He is noted for his experience handling tariff and cost matters, as well as non-public investigations. **Strengths:** *"Christopher is very communicative and he provides a great work product."*

Simpson Thacher & Bartlett LLP

What the team is known for Simpson Thacher & Bartlett LLP is well-regarded for its representation of private equity houses, banks and other financial institutions on electricity portfolio transactions. It possesses experience dealing with complex tax arrangements and acquisition financings. The firm is notably strong in the areas of private fund formation and bond transactions. The firm's areas of focus include transmission, renewable energy matters and issues related to power utilities.

Strengths

"The Simpson Thacher team is incredibly knowledgeable."

"Simpson Thacher houses very smart lawyers. They are always responsive and work diligently."

Notable practitioners

Brian Chisling (see p.525) advises energy and infrastructure companies, providers and underwriters on various transactions, including acquisitions and high-value public offerings. **Strengths:** *"Brian has very extensive transaction experience and he is a strong negotiator."* **Eli Hunt** (see p.591) is cohead of the energy and infrastructure practice. His impressive transactional practice sees him act for major private equity investors in addition to investor-owned utilities. **Strengths:** *"Eli is a great partner to have on the team."* **David Lieberman** (see p.623) has expertise spanning a broad array of commercial transactions in the power sector, frequently advising on high-value M&A and investments. **Strengths:** *"David is very client-oriented."* *"His technical ability is great."* **Katy Lukaszewski** (see p.627)'s transactional practice sees her handle joint venture formations and acquisitions in the oil and gas space. **Strengths:** *"Katy's turnaround times are amazing. She is very quick but also her attention to detail is strong."* *"Katy is really great about being a fierce advocate for us."*

Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates

What the team is known for Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates is a distinguished power practice. It represents US and global energy market participants, including public and private companies, private equity firms, investment banks and governmental entities. The firm is particularly esteemed for big-ticket utility M&A deals. It also brings expert capability in holding company reorganizations, asset auctions and joint ventures.

Strengths

"The firm has really deep expertise in the utilities space."

"Skadden has a strong and dedicated team from top to bottom. They have best-in-class expertise to address the range of potential issues that may arise."

"The team is tremendously talented, very commercial and incredibly responsive."

Notable practitioners

Pankaj Sinha (see p.703) has tremendous experience across the nuclear, renewables and traditional power sectors. **Strengths:** *"Pankaj is a preeminent lawyer in the space. He gives very savvy, sound, business judgment."* *"He brings to his work a 'calm-under-pressure' demeanor that encourages a clear-headed approach to problem solving."* *"Pankaj is a very good communicator and he is very analytical."* **Eric Otness** (see p.3256) is a Houston-based partner with a strong transactional practice, frequently handling M&A, joint ventures and refinancing matters. **Strengths:** *"Eric is a great lawyer. He is very knowledgeable."*

Spiegel & McDiarmid LLP

What the team is known for Spiegel & McDiarmid LLP offers clients experienced regulatory counsel, being well-versed in the power market and industry reform. It is highly esteemed for FERC and federal court power litigation. The firm enjoys a fine track record for its work on behalf of state regulatory bodies, trade associations, municipalities and cooperatives. It possesses particular strength in relation to infrastructure development, rate regulation, reliability standards and competition policy. The firm is a go-to practice for representation of public sector clients and non-profit cooperatives in the power space.

Strengths

"Spiegel & McDiarmid is highly responsive and consistently willing to go above and beyond for its clients to assure strong representation and effectiveness in the regulatory arena."

"The team at Spiegel is comprised of professionals with decades of experience in FERC and NERC matters."

"Spiegel has a strong depth of experience and bench strength."

Work highlights Spiegel & McDiarmid LLP acted on behalf of the Transmission Access Policy Study Group in its participation in NERC's development of the Extreme Cold Weather Preparedness and Operations reliability standard. The firm subsequently filed comments supporting NERC's request for FERC approval of the proposed standard.

Notable practitioners

Cynthia Bogorad has considerable experience representing energy sector clients, with particular strengths advising utilities on rulemaking and legislation, including proceedings before FERC. **Strengths:** *"Cynthia is very knowledgeable and experienced, as well as efficient with her time."* *"Cynthia Bogorad is incredibly well-respected by energy policy regulators and staff alike. Her strategic insights and knowledge of the complex issues she manages make her absolutely invaluable to her clients."* *"Cynthia is very adept at advocating strongly for her clients' interests while providing concrete solutions to address their concerns."* **Scott Strauss** represents state utility commissions and consumer-owned and municipal utilities in regulatory challenges and other contentious proceedings as well as managing complex contract negotiations. **Strengths:** *"Scott is a very skillful and knowledgeable attorney."* *"Scott Strauss is a consummate professional who responds to requests promptly and comprehensively."* **Latif Nurani** is an up-and-coming practitioner noted for his work on policy development matters and FERC rate cases. He often acts on behalf of municipal utilities. **Strengths:** *"Latif Nurani is an outstanding lawyer and a brilliant thinker. He is excellent at analyzing really difficult issues and being a strong advocate."*

Steptoe LLP

What the team is known for Steptoe LLP is a superb group, offering clients top-level regulatory advice on both oil and gas and power issues. It excels in FERC proceedings and appellate litigation, as well as enforcement, settlement negotiation and power market advice. The firm continues to assist clients with important government and internal investigations. It is particularly highly esteemed for its representation of oil pipeline and power utility clients, offering market-leading representation on regulatory matters connected with sophisticated transactions and disputes. The firm possesses significant energy-related antitrust and environmental capabilities, bolstering its comprehensive offering to clients.

Strengths

"Steptoe always provides excellent client service. The team is timely, accurate and understands the complexities of our business and operations."

"Steptoe houses high calibre attorneys who are very responsive, smart and strategic."

"The Steptoe team is uniformly excellent."

Work highlights Steptoe LLP secured favourable FERC rulings on behalf of Evergy regarding a change to how its capital structure is calculated, and responded to complaints and challenges concerning Evergy's prior calculation of the capital structure.

Notable practitioners

David Raskin has decades of experience handling a range of electric industry matters, including power market rulemakings and rate cases. **Steven Brose** has a wealth of experience assisting pipeline owners and industry trade associations with FERC proceedings concerning ratemaking and capacity allocation as well as advocating for policy change. **Strengths:** *"Steven stands out as one of the top practitioners in the market. He has a solid understanding of the law but can also bring a*

historical understanding of the sector to his cases." *"He has a lot of experience in the field. He has seen every scenario and he is also very up-to-date on current trends."* **Steven Reed** is commended for his work managing FERC complaints and appellate proceedings on behalf of large pipeline clients. He also advises on rate and tariff issues. **Strengths:** *"Steven is the gold standard for oil pipelines."* *"He is one of the most experienced practitioners. He is a tremendous legal and commercial guide."* **Richard Roberts** has considerable expertise spanning federal regulatory compliance, enforcement proceedings and disputes before FERC. **Strengths:** *"Richard is a fantastic lawyer."* *"He is very smart, strategic and very easy to work with."* **Daniel Poyner** is noted for his experience representing oil and gas pipeline owners in a range of disputes before FERC. He has particular expertise in rate-making proceedings. **Strengths:** *"Daniel is a very technical lawyer."* *"He has very deep knowledge."* **Douglas Green** has notable experience assisting with a range of litigation and regulatory matters, frequently acting for large utilities before federal agencies. **Strengths:** *"Douglas is smart, responsive and practical."* **Jennifer Key** focuses her practice on the representation of electric utilities and is frequently called upon to litigate a broad array of issues before FERC. She also manages day-to-day regulatory counseling. **Strengths:** *"Jennifer is easy to work with, responsive and accessible."* *"She is an excellent attorney. She is always very responsive."* **William Keyser** has a diverse power practice, representing utilities, transmission providers and power producers across a range of regulatory matters before FERC. **Strengths:** *"He is smart and practical."* *"William is very strong on strategy and client relationships."* **Lorrie Marcil** is widely respected for her FERC regulatory practice in which she regularly advises clients on rate issues and approvals for infrastructure projects. **Strengths:** *"Lorrie has a great reputation and many years of experience."* **Daniel Mullen**'s regulatory practice spans the oil and gas and power sectors. He frequently handles sensitive FERC and CFTC investigations and enforcement proceedings. **Strengths:** *"Daniel is really strong on enforcement matters."*

Stinson LLP

What the team is known for Stinson LLP is well-regarded by clients and peers alike for its capable regulatory offering. It is highly active on FERC and NERC matters for a wide variety of clients including trade associations, public and investor-owned utilities, municipalities and cooperatives. The firm's practitioners advise on a range of matters including rates, regulatory compliance and litigation and have particular knowledge of regional energy markets.

Strengths

"The Stinson team is exceptionally skilled and professional."

"I am very impressed with Stinson's responsiveness to all of my requests, no matter the difficulty or complexity of the issue."

"Stinson's understanding of FERC policies, precedents and personalities is exemplary."

Work highlights Stinson LLP represented the Large Public Power Council in FERC's Transmis-

sion Planning and Cost Allocation rulemaking proceedings.

Notable practitioners

Jonathan Schneider focuses his federal regulatory practice on representing state and municipal utilities in a range of FERC matters, including rulemaking interventions. **Strengths:** *"Jonathan Schneider is able to bring people together, get them to think outside their position and get them to come to a solution." "Jonathan is an excellent FERC attorney with many years of experience which results in advice that clients value." "Jonathan Schneider is responsive and gives clear communication." Harvey Reiter is particularly knowledgeable in competition matters in the electric and natural gas industries. He maintains a broad FERC regulatory practice frequently acting for municipal utilities. Strengths: "Harvey is a wealth of knowledge and experience. He is always very responsive to my requests for direction or advice."*

Sullivan & Cromwell LLP

What the team is known for Sullivan & Cromwell LLP is highly regarded for work on sophisticated M&A transactions in the power space both domestically and abroad. It is retained by a wide range of clients including IPPs, utilities, private equity firms and banks. The firm is active on hydroelectric and wind power generation deals. It also offers a well-regarded mining practice that assists clients with cross-border mergers and financings. The firm's additional capital markets capabilities support its comprehensive industry practice.

Strengths

"Sullivan & Cromwell has a broad base of knowledge on utilities and private equity."

"The way Sullivan & Cromwell approaches the work is thorough and constructive. When they do something, it is of very high quality. They get it right the first time."

Notable practitioners

Tia Barancik (see p.496) leverages her regulatory background to effectively assist a range of power sector clients on strategic M&A and investments involving gas, solar and wind assets. **Strengths:** *"Tia is very thorough and deeply thoughtful. She thinks about all of the potential angles and consequences. Her documents are extremely tightly drafted and cover all eventualities." "Tia is a very detail-oriented M&A lawyer and she is able to get complex deals done with difficult counterparties."*

Thompson Coburn LLP

What the team is known for Thompson Coburn LLP has a strong regulatory offering frequently acting for municipalities, cooperative utilities and renewable energy companies. The firm provides insight at FERC and state regulatory agencies, especially in relation to wholesale electric power. It also has expertise in bulk power, interconnection and transmission arrangements.

Strengths

"Thompson Coburn is able to manage a number of significant, complex matters simultaneously and the team has a deep understanding of the substantive legal issues."

Work highlights Thompson Coburn LLP represented a number of California municipal elec-

tric systems in transmission rate proceedings at FERC.

Notable practitioners

Adrienne Clair has expertise in a broad range of matters before FERC, acting for a client base spanning municipal utilities, generation and transmission cooperatives and local distribution companies. **Strengths:** *"Adrienne Clair is tremendously bright and insightful." Bonnie Blair is noted for her federal regulatory practice, where she represents a range of electric utility industry clients on ratemaking, market restructuring and other policy issues. Jesse Halpern's practice sees her represent electric cooperatives in filings at FERC as well as providing advice on regulatory compliance. She has particular strength in transmission rate matters. Strengths: "Jesse Halpern is very dynamic and smart." Margaret McNaul specializes in representing electric municipalities and cooperatives in proceedings before FERC, often those pertaining to transmission rates. She also manages policy issues within the CAISO region. Rebecca Shelton is noted for her representation of municipally owned utility clients and cooperative utility clients in rate proceedings before FERC. Strengths: "Rebecca demonstrates significant understanding of substantive legal matters and an ability to manage highly complex administrative litigation process."*

Troutman Pepper

What the team is known for Troutman Pepper has an impressively broad practice that is well-regarded for expertise on electricity and natural gas regulatory matters. Its partners possess a deep understanding of FERC, in addition to state regulators. The firm is frequently seen advising IPPs, utilities and renewable operators. It also offers expertise in transmission and power market and rate design issues. The firm's natural gas partners often feature at FERC both on behalf of utility shippers and pipeline owners in respect of rate cases and permit filings. It is further noted for electricity finance expertise.

Strengths

"Troutman Pepper has repeatedly shown an ability to get up to speed quickly in complex situations, identify the client need and provide timely feedback or work product."

"Troutman has one of the largest energy regulatory practices in the country. It is hard to think of a subject area where the firm is not able to bring its expertise to bear."

Work highlights Troutman Pepper advised utilities including PacifiCorp, NV Energy and Public Service Company of New Mexico on waiver proceedings at FERC in connection with prices charged during the 2020 California heat wave.

Notable practitioners

Eric Koontz (see p.1573) has particular strengths in representing public utilities in corporate and project financing transactions, including debt, equity and hybrid securities. **Strengths:** *"Eric is really smart, diligent and he understands the industry and the law." Donna Byrne (see p.517) focuses her practice on enforcement and investigations before FERC, with particular experience handling non-public investigations relating to MISO capacity issues. Strengths: "Donna Byrne is*

a true business partner for us. She is careful, deliberate and she helps us look at things from all angles." "Donna understands FERC particularly well and her insights on what to expect are invaluable." "Donna is calm, measured and very effective." Christopher Jones (see p.597) assists with a broad range of FERC matters. He is often called upon in connection with commercial and transactional matters, including seeking regulatory approval for M&A and power supply agreements. Strengths: "Christopher always provides a very high level of service. He demonstrates a sophisticated understanding of how best to achieve business objectives within the relevant regulatory parameters." "Christopher has taken the time to learn our business, understand it and provide us with great advice and counsel." "Christopher Jones provides excellent legal advice. He is strategic, easy to work with and highly experienced." Daniel Archuleta (see p.492) regularly acts on behalf of pipelines, handling Section 4 rate cases before FERC, as well as investigations and enforcement matters. Strengths: "Daniel Archuleta is an outstanding advocate." "Daniel is so responsive, we feel like his only client." "Daniel is very sharp and thoughtful. He understands all aspects of his client's work." Amie V Colby (see p.530) serves as Troutman Pepper's managing partner. She has expertise representing utilities in RTO and ISO matters as well as advising on FERC and NERC compliance. Strengths: "Amie Colby is highly practical. She can balance business considerations with candid advice." "Amie provides a first class service." Mindy McGrath (see p.2746) is widely acclaimed for her federal regulatory practice. She is a frequent participant in FERC rate cases, largely on behalf of natural gas distribution utilities. Strengths: "Mindy is very experienced and knowledgeable." Charles Sensiba (see p.697) is an experienced attorney with particular prowess in hydropower law. He often advises on relicensing and compliance matters for various projects before FERC. Strengths: "Charles is an expert and leader in the hydroelectric space." Russell Kooistra (see p.612) has experience assisting oil and gas and pipeline companies with rate cases as well as FERC compliance and permitting matters. Strengths: "Russell is extremely responsive." "Russell Kooistra is a jack of all trades." "Russell is very detail-oriented."

Van Ness Feldman LLP

What the team is known for Van Ness Feldman LLP is an impressive group that specializes in assisting energy clients with the full range of power and oil and gas regulatory matters. It is well-regarded for work on gas pipeline siting, FERC litigation and LNG work, and offering strong capability in pipeline rate cases. The firm possesses a considerable pipeline safety practice focusing on regulatory compliance and enforcement. It is frequently retained on transmission rate, reliability and efficiency matters. The firm is also active on hydroelectric power matters, with particular expertise in relicensing. It is further noted for extensive capabilities in energy-related environmental and PHMSA issues.

Strengths

"Van Ness Feldman's attorneys are very knowledgeable about the regulatory scheme and have good

relationships with agency staff.”

“Van Ness Feldman has a deep bench and is able to tackle all of the various tasks we have sent its way. The team offers thorough and well founded recommendations.”

“Van Ness Feldman spots the problems no one else sees and the team finds solutions.”

Work highlights Van Ness Feldman LLP represented Spire STL Pipeline in obtaining a new certificate from FERC to keep the pipeline in operation after its certificate of public convenience and necessity had been vacated at the District of Columbia Court of Appeal in 2021.

Notable practitioners

Lawrence Acker has considerable expertise in advising natural gas distributors, power marketers and electric utility operators on a range of issues including regulatory compliance and project licensing. **Brian O'Neill** has a long history of managing a vast array of FERC and DOE proceedings relating to pipelines, including certification and expansion. His recent experience includes handling Natural Gas Act violations. **Strengths:** “Brian has gravitas and decades of experience.” **Susan Olenchuk** has significant experience in safety, compliance and enforcement issues before FERC and PHMSA. **Strengths:** “Susan Olenchuk has deep knowledge of pipeline safety issues.” **Joseph Hainline** is a former attorney advisor at PHMSA. He offers capable assistance to pipeline owners across compliance, investigation and enforcement mandates. **Paul Korman** assists pipeline operators with a broad spectrum of regulatory disputes and issues, including seeking approval for commercial transactions and pipeline expansion. **Strengths:** “Paul Korman has a wealth of knowledge of the industry.” **Douglas Smith** leverages his experience at FERC and the DOE to advise clients on a broad range of regulatory matters before those agencies. **Strengths:** “Douglas is quick to grasp key issues and he is very helpful and concise to work with.” **Gary Bachman** focuses his robust regulatory practice on hydroelectric sector matters, frequently advising on regulatory approvals, power sales contracts and interconnection arrangements. **Strengths:** “Gary is very knowledgeable and provides excellent service.” **Michael Pincus** is noted for his representation of pipelines before FERC and other state agencies. His experience includes project certification and environmental permits, as well as investigations and rate cases. **Strengths:** “Michael is fantastic on the certificate side. He is thorough.” “He has excellent contacts within FERC.” **Michael Diamond** is active on behalf of natural gas pipeline owners in a range of FERC proceedings including approvals for infrastructure and rate cases. **Strengths:** “Michael Diamond is very responsive and he knows his subject matter thoroughly.”

Venable LLP

What the team is known for Venable LLP is a focused team with an impressive practice representing oil and petroleum product shippers against pipeline owners. It is particularly well-regarded for work representing the airline industry and airport facilities as well as significant clients in the propane and refining industries. The firm is frequently seen in technical and complex rate

cases and rulemakings at FERC and in federal court. It is able to advise clients on a range of issues, such as income tax allowances, rate indexation and market manipulation.

Strengths

“The Venable team is extremely knowledgeable about the law and it is extremely responsive and timely.”

“Venable has a deep bench.”

“Venable has its clients’ interests in mind and it is mindful of commercial goals.”

Work highlights Venable LLP represented a coalition of pipeline shippers including American Airlines and BP Products North America in a challenge brought against the transportation rates of Colonial Pipeline Company.

Notable practitioners

Steven Adducci (see p.489) has considerable experience representing airlines, shippers and trade associations in a broad range of FERC proceedings. **Strengths:** “He advocates very effectively.” “Steven is a great lawyer. He is knowledgeable, experienced and responsive.” **Richard Powers** (see p.672) is a go-to counsel for shippers and airlines in a range of dispute and rulemaking petitions. **Strengths:** “Richard Powers is very knowledgeable and great to work with.” **Gregory Wagner** (see p.728) has recognized experience in litigation and transactional support matters across the oil and gas sector. **Strengths:** “Gregory Wagner is very knowledgeable and he provides timely and actionable advice.”

Vinson & Elkins LLP

What the team is known for Vinson & Elkins LLP is a Houston-based powerhouse in the energy space, particularly excelling in oil and gas transactions and regulatory work. It continues to have a fantastic reputation for its work in upstream transactions and represents a fine choice of counsel for LNG matters. The firm offers leading representation in the midstream space, with expertise in matters including presidential permit applications and rate cases. With its strong international presence, clients are offered exceptional expertise in various energy-producing regions around the world. The firm draws on additional competencies in tax, environmental compliance and project finance, to assist players in the oil and gas sector.

Strengths

“Vinson & Elkins’ knowledge base and industry experience is second to none.”

“Vinson & Elkins is our go-to team when dealing with complex matters. The quality of its work is exceptional and is always provided in a timely manner.”

“The team is very experienced, strategic and has in-depth knowledge of maneuvering through the regulatory scheme.”

Work highlights Vinson & Elkins LLP advised EnCap on its \$4.275 billion sale of the leasehold interests and related assets of its portfolio companies Black Swan Oil & Gas, PetroLegacy Energy and Piedra Resources to Ovintiv.

Notable practitioners

Keith Fullenweider expertly advises private equity firms on the full spectrum of oil and gas transactions, including M&A, financing and secu-

rities matters. **Strengths:** “Keith is an excellent lawyer.” **Douglas Bland** has an impressive track record assisting clients across the oil and gas sector on high-value transactions. He is looked to for his advice on strategic investments and joint venture formation. **Strengths:** “Douglas is a great attorney.” “He has a very strong grasp of his area and how to get what we need done.” **James See-geers** has considerable expertise in regulatory issues surrounding the construction and operation of natural gas pipelines. **Strengths:** “James is an outstanding lawyer. He always does a great job.” “He brings a level of expertise to matters.” **Bryan Loocke** (see p.625) focuses his practice on upstream and midstream oil and gas matters, with expertise spanning M&A and a broad range of commercial agreements concerning gathering and processing. **Strengths:** “Bryan is very responsive and dialed-in on the market.” “He is a fierce negotiator and knowledgeable about the marketplace.” “Bryan is a great lawyer and he is very thoughtful.” **John Grand**’s oil and gas practice spans M&A, joint ventures and investments, with a particular focus in the upstream and midstream sectors. **Strengths:** “John’s strength is his ability to think through the issues. He is creative and practical.” **Jeffrey Jakubiak** has a wealth of experience handling a range of FERC proceedings as well as advising key power sector clients on compliance and enforcement matters. **Strengths:** “Jeffrey is very experienced and a strategist.” **John Decker** offers comprehensive regulatory counsel to clients in both the oil and gas and electricity sectors, often advising on the regulatory aspects of large transactions. He is particularly noted for his cognizance of international regulatory regimes. **Strengths:** “John is very proactive with his clients.” **Shay Kuperman** regularly represents clients active in the oil and gas sector. He has particular strength guiding clients through the acquisition of companies and assets. **Strengths:** “Shay is a practical and pragmatic attorney.” “He is a really smart and thoughtful lawyer.” **Suzanne Clevenger** acts for major energy clients in rate and tariff matters before FERC. She has additional experience handling Natural Gas Act Section 4 cases. **Strengths:** “Suzanne is very effective.” “She is probably one of the most responsive attorneys I have ever dealt with. Her approach shows thinking that is based on a vast basis of knowledge.” **Damien Lyster** fields significant regulatory expertise for which he is routinely sought out for by upstream and midstream oil and gas companies. **Strengths:** “You always know if you ask Damien to do something, he is going to do it thoroughly.” “Damien is always very responsive.” **Danielle Patterson** is noted for her expertise in oil and gas transactions. She has particular experience acting on behalf of hydrocarbon exploration companies. **Strengths:** “Danielle provides good quality, timely work.” “She is an excellent lawyer with an ability to summarize complex issues and recommend solutions.” **Monique Watson** focuses her practice in the natural gas sector. She is well-versed in oil pipeline regulations and managing rate approvals before FERC. **Strengths:** “Monique is a very good lawyer.”

Weil, Gotshal & Manges LLP

What the team is known for Weil, Gotshal & Manges LLP advises major upstream and midstream companies, portfolio companies and financial institutions on high-value offerings and M&A transactions. It is also noted for its work handling joint venture agreements and bankruptcy proceedings in the sector.

Strengths

"Weil is well-versed in complex corporate transactions. The team has a very strong ability to boil the key issues down and generate relevant legal solutions."

Notable practitioners

Cody Carper (see p.521) has expertise spanning M&A and joint venture agreements. He is noted for his representation of large oil and gas sector clients. **Strengths:** *"Cody Carper is outstanding."*

Omar Samji (see p.689) handles midstream oil and gas transactions, frequently assisting clients with strategic joint ventures as well as asset sales and purchases. **Strengths:** *"Omar brings a high level of legal sophistication but he is also able to distill legal issues in a manner that is relatable to the business individuals on the deal."* **Chris Bennett** (see p.502) centers his practice on the upstream and midstream oil and gas sectors, frequently handling M&A and private equity transactions.

Strengths: *"Chris is very commercial. He understands business risks and he is able to advise myself and the business team on the best course of action."* *"Chris has a wonderful demeanor."* *"Chris Bennett is very commercially minded."*

White & Case LLP

What the team is known for White & Case LLP is a well-regarded electricity group, highly capable of handling complex portfolio transactions for utility, IPP and private equity investors. The firm is noted for its work in multijurisdictional M&A and distressed sales. It offers substantial knowledge of power market structures and developing market rules. The firm has particular strength in renewable power transactions, such as those involving wind farms and solar power plants.

Strengths

"The White & Case team has a deep bench that is able to handle all aspects of a deal."

Work highlights White & Case LLP represented Marathon Oil in its \$3 billion acquisition of the Eagle Ford assets of Ensign Operating, Ensign Operating II and Ensign Operating III.

Notable practitioners

Michael Shenberg frequently assists power sector clients with their commercial objectives, including advising on power plant sales and acquisitions. **Strengths:** *"Michael Shenberg is easily the best power transaction attorney I have ever worked with."* *"Michael brings a wealth of experience in M&A to transactions. He is outstanding."* *"Michael is very knowledgeable on the market. On the buy and on the sell side, he has seen it all. It is hard to come up with an issue he has not had experience of."* **Mingda Zhao** frequently acts for domestic and international companies as well as private equity funds in a range of corporate transactions. **Strengths:** *"He understands the commercial*

aspects of negotiating complex agreements and he knows what is going to be well received by the other side." **Emery Choi's** capabilities cover acquisition, divestitures and private equity investments. He is adept at handling both domestic and international energy transactions. **Serena Rwejuna** (see p.687) often advises energy companies and utilities on formula rates and assists with obtaining approvals from FERC. She is also experienced in assisting on enforcement actions. **Strengths:** *"Serena is a rising star in the FERC bar."*

Willkie Farr & Gallagher LLP

What the team is known for Willkie Farr & Gallagher LLP has expertise in the oil and gas sector spanning upstream, midstream and downstream transactions. It adroitly advises a range of industry participants on strategic mergers, acquisitions, sales and joint venture agreements. The firm has a notable presence in the electricity space, handling FERC enforcements and investigations, alongside CFTC-related matters.

Strengths

"Willkie's attorneys are able to marry their litigation skill set with industry knowledge."

"Willkie Farr is trusted for handling complex and sophisticated matters and explaining issues clearly."

Work highlights Willkie Farr & Gallagher LLP prepared comments on behalf of EDF Renewables in respect to FERC's new transmission and interconnection policy.

Notable practitioners

Paul Pantano (see p.661) has considerable expertise in FERC and CFTC enforcement, alongside a broad array of regulatory matters facing clients across the sector. **Strengths:** *"Paul Pantano is best in class given his knowledge, intuition and creative thinking. He knows the playbook on the industry and his craft."* **Norman Bay** (see p.499) is chair of the firm's energy regulatory and enforcement group. He brings a wealth of experience from his previous position as chairman of FERC to his practice, advising energy clients on a range of regulatory issues. **Strengths:** *"I am really impressed with the thought and care that goes into Norman's advice."* *"Norman Bay has a deep knowledge of the agency."* *"Norman Bay is very knowledgeable."*

Sarah McLean (see p.3247) leverages considerable transactional expertise, handling joint ventures, acquisitions and divestitures. She often acts on behalf of operators, production companies and other clients. **Strengths:** *"Sarah McLean is extremely capable and very thorough."* *"Sarah is very to the point. With her you get to a transaction that works for both sides."* **Archie Fallon** (see p.3218) handles acquisitions, sales and joint ventures in the energy industry. He acts for an array of companies in the oil and gas space. **Strengths:** *"Archie Fallon is extremely thoughtful, careful and meticulous."* *"Archie Fallon has strong midstream experience."* *"Archie is very responsive and he is particularly strong in corporate areas."*

Winston & Strawn LLP

What the team is known for Winston & Strawn LLP has particular expertise representing clients in the midstream sector. It helps clients navigate acquisitions, joint ventures and sales both domes-

tically and internationally.

Strengths

"Winston & Strawn can turn around a product very quickly."

"The Winston & Strawn team is very responsive and reliable and has allowed us to complete our engagements efficiently."

"Winston & Strawn's practitioners are extremely knowledgeable with very relevant transaction experience. They are also very timely in their responses and never miss a deadline."

Work highlights Winston & Strawn LLP represented EnCap Flatrock Midstream in the formation of and commitment of \$200 million in capital to Vecino Energy Partners.

Notable practitioners

Rodney Moore (see p.646) has notable experience handling company and asset-level transactions, particularly upstream and midstream acquisitions and sales. **Strengths:** *"Rodney Moore imparts wisdom."*

Wright & Talisman PC

What the team is known for Wright & Talisman PC is a highly esteemed practice providing counsel for both oil and gas and power participants. The firm is particularly strong in its representation of RTOs at FERC and in federal appeals court. It possesses capability to act on power transmission issues. The firm is frequently called upon for advice concerning interstate oil and gas pipelines on tariff disputes and rate regulation cases. It is noted for its strength on matters related to the regulation of and investment in electric transmission companies.

Strengths

"Wright & Talisman houses a deep level of expertise. The team balances legal issues with business goals."

"Wright & Talisman offers not just legal competence but the team is also able to grasp the technical parts of a case."

"The team provide timely and excellent advice."

Work highlights Wright & Talisman PC acted for PJM in responding to numerous complaints made following non-performance charges being issued by the RTO in the wake of Winter Storm Elliott.

Notable practitioners

Wendy Reed (see p.677) is a go-to lawyer for transmission owners, providing regulatory counsel across a broad spectrum of issues, including cost allocation and rate calculations.

Strengths: *"Wendy is top-notch. You cannot place a value on her experience."* *"Wendy Reed's level of expertise, client focus, responsiveness, dedication and brilliance is unmatched."* *"Wendy is committed to meeting her client's needs and she offers creative solutions."* **Wendy Warren** (see p.730) is equally adept at handling significant disputes over power market rulemaking as she is in seeking regulatory approvals for mergers and acquisitions. **Strengths:** *"Wendy is very knowledgeable of FERC law and judicial precedent."* *"Wendy Warren is a really thoughtful advisor."*

Paul Flynn advises clients on the development and expansion of RTO and ISO markets as well as assisting with a broad range of related regulatory and rulemaking matters before FERC. **Strengths:** *"Paul has a very strategic approach and a wealth of*

experience to draw from.” “He represents his clients well.” **Joseph Koury** (see p.613) has decades of experience advising pipeline owners on a range of regulatory issues and disputes at FERC. He is also frequently sought after to assist with investigations and rate reviews. **Strengths:** “Joseph is an excellent strategist on FERC matters.” “Joseph has a very good sense of the judges and the other parties in litigation.” “Mr Koury’s depth of knowledge and years of experience allow him to bring a broad perspective to matters.” **Ryan Collins** (see p.530) has particular focus on the natural gas sector. He is sought out by pipelines and transmission companies to handle rate cases before FERC. **Strengths:** “Ryan Collins has all of the attributes you look for in outside counsel: expertise, creativity, efficiency and responsiveness.” “Ryan is extremely responsive and clear in his advice.” “Ryan is very knowledgeable of FERC law and a great strategic thinker.” **Andrew Swers** (see p.714) has notable experience supporting clients in FERC litigation. **Strengths:** “Andrew Swers has competence and understanding of technical and legal issues and he is also enjoyable to work with. He is cool under pressure.” “Andrew is very smart and sharp and he is also very good at establishing rapport.”

Other Ranked Lawyers

Douglas Atnipp of Egan Nelson LLP. has long-standing experience managing a wide range of oil and gas transactions. He expertly handles complex financings as well as M&A.

Christopher Barr of Post & Schell, P.C. has notable experience handling oil and gas pipeline matters before FERC. **Strengths:** “Christopher is very thoughtful and his written pleadings are well done.” “Christopher Barr is an extremely smart lawyer.” “Christopher is very skillful.”

Stan Berman of Berman and Todderud LLP has expertise spanning the full range of regulatory matters in the electricity sector, frequently appearing before FERC on behalf of utilities.

George “Chip” Cannon Jr (see p.519) of A&O Shearman possesses capabilities spanning the full range of regulatory matters in the sector, particularly in the context of mergers and acquisitions or project development. **Strengths:** “Chip has a broad understanding of energy assets and he provides actionable advice.” “Chip Cannon reads the room brilliantly.” “Chip has years of experience with FERC and other regulatory bodies.”

Andrea Chambers of DLA Piper LLP (US) has long-standing experience in the oil and gas sector, regularly advising clients on FERC compliance and representing them in rate proceedings. **Strengths:** “Andrea Chambers is very thorough and knowledgeable.”

Keith Coyle of Babst, Calland, Clements and Zomnir, P.C. is valued by his clients for his skilled handling of PHMSA matters. He frequently advocates on behalf of trade associations in the space, among other clients.

James Curry of Babst, Calland, Clements and Zomnir, P.C. is highly regarded for his strategic advice to a broad range of stakeholders including pipeline operators, trade associations, energy companies and investors. He is adept at handling

PHMSA compliance, investigation and rulemaking mandates. **Strengths:** “James has strong connections at PHMSA. He knows who we need to talk to and is very good at navigating us through issues.”

Sarah Fitts of ArentFox Schiff LLP is highly regarded for managing the sale, acquisition and financing of power assets, with a particular focus on the Japanese power market. **Strengths:** “Sarah is responsive and communicative.” “Sarah is a very strategic thinker. She anticipates questions.” “Sarah is really knowledgeable. She has a broad understanding of the industry.”

John Paul Floom of Floom Energy Law PLLC is noted for his representation of clients in the natural gas and liquids pipeline space in proceedings before FERC. **Strengths:** “John Paul Floom is extremely thoughtful.” “John Paul does a very good job for his clients. He is clear and articulate in giving his views.”

Jason Gray of Duncan & Allen is noted for his strong practice in the regulated utility space. His experience includes representation of clients before FERC as well as advice on an array of compliance matters. **Strengths:** “Jason Gray is an extremely smart, strong advocate and very insightful thinker.”

Sheila Slocum Hollis (see p.586) of Duane Morris LLP is known for playing a key role providing high-level counsel to clients on a broad array of federal regulatory matters, drawing on her expertise as the first director of FERC’s Office of Enforcement.

Marcia Hook of Clifford Chance LLP represents transmission companies, utilities and portfolio companies on a range of regulatory matters before FERC. She also has experience handling permitting issues before the DOE. **Strengths:** “She is a subject matter expert in the energy market.”

Kenneth Jaffe (see p.595) of Alston & Bird LLP deftly handles complex proceedings before FERC, with particular strengths in wholesale power market issues.

Brianne Kurdock of Babst, Calland, Clements and Zomnir, P.C.’s experience of working within PHMSA and a prominent pipeline trade association makes her well placed to advise clients on the full range of PHMSA matters including compliance, rulemaking and investigation, as well as enforcement proceedings.

Victoria Lauterbach of Foley Hoag LLP assists electric utilities with various complaints before FERC. She has notable experience representing MISO Transmission Owners in rate and tariff matters. **Strengths:** “Victoria is very responsive and proactive.” “Victoria Lauterbach has extensive knowledge regarding FERC compliance, but her commercial savvy and excellent drafting and negotiating skills allow her to be effective on a broad range of matters including energy transactions and commercial disputes.”

Ilia Levitine of Duane Morris LLP acts for multistate RTOs in complaints before FERC. He is skilled at tariff and policy issues. **Strengths:** “Ilia Levitine is intelligent and he is able to communicate it.”

William Massey (see p.633) of Covington & Burling LLP has decades of experience managing a broad array of power market matters. He is well-known for his time as a FERC commissioner.

Jenna McGrath (see p.638) of Milbank LLP has experience advising on electric transmission and energy storage policy as well as assisting with proceedings before FERC. **Strengths:** “Jenna McGrath has a great technical command of FERC rules.”

Richard Meserve (see p.642) of Covington & Burling LLP has extensive experience representing clients in the full spectrum of regulatory and policy matters, both domestically and internationally.

Gregory Mocek (see p.644) of A&O Shearman is an experienced commodities and derivatives attorney with considerable knowledge of a broad array of CFTC matters, owing to his former role as Director of Enforcement. He is frequently sought after to advise on regulatory compliance and investigations.

Vince Murchison of Murchison Law Firm is Dallas-based and specializes in the pipeline industry. His holistic practice frequently sees him appear in front of PHMSA on his client base which ranges from startup operators to integrated majors.

Mark Perlis (see p.666) of Covington & Burling LLP assists with a wide range of regulatory issues, including interconnection matters and reliability must-run issues as well as complex disputes before FERC. He also advises clients on compliance, enforcement and investigations. **Strengths:** “Mark is an excellent attorney.” “Mark Perlis is very knowledgeable.”

Thomas Poindexter of Nukelaw LLC has a multifaceted regulatory practice, with strengths in a broad array of regulatory matters pertaining to nuclear power plant operations. He also handles investigations and enforcement proceedings.

Michael Postar of Duncan, Weinberg, Genzer & Pembroke has broad regulatory expertise in the power space. He frequently acts for municipalities and electricity cooperatives.

Sandra Rizzo of Arnold & Porter has considerable expertise in advising clients on regulatory compliance, transaction approvals and enforcement and administrative proceedings before FERC. She frequently acts for utilities and power generators as well as individuals. **Strengths:** “Sandra is an excellent advocate. She has deep FERC experience.” “Sandra Rizzo is smart and articulate.” “Sandra is very punctual. She embraces assignments and she is very attentive to her clients.”

Jane Rueger (see p.686) of Perkins Coie LLP handles FERC litigation matters for her power sector clients as part of her wider energy practice. **Strengths:** “Jane is extremely knowledgeable and makes herself available and flexible.”

Jason Schumacher of O’Melveny & Myers LLP operates an impressive practice in which he acts on behalf of a varied client base of exploration and production companies and private financial sponsors in M&A transactions and asset and lease deals. **Strengths:** “Jason Schumacher is extremely hard-working.” “Jason knows the business, he is commercial.” “Jason is very analytical and a good communicator. He can explain complex legal matters in a way that non-lawyers can understand.”

Daniel Simon (see p.702) of Nelson Mullins Riley & Scarborough LLP has particular expertise providing regulatory support for development projects, including renewable energy ventures.

Strengths: “Daniel Simon has expertise and experience in the field sufficient to advise us as to appropriate, efficient and effective pathways to achieve positive results.” “Daniel Simon is a terrific attorney. He is particularly good at working on creative solutions.”

Regina Speed-Bost of SB Law PLLC has considerable experience advising pipeline owners on a range of FERC matters, including compliance, enforcement proceedings and rate disputes.

Strengths: “Regina Speed-Bost is extremely knowledgeable.”

David Stringer’s transactional practice at Clifford Chance LLP sees him handle acquisitions and sales of assets in the oil and gas space.

Mark Sundback of Sheppard, Mullin, Richter & Hampton LLP has substantial capabilities advising clients in regulatory proceedings and approvals, including rate and pipeline construction disputes.

Strengths: “Mark is very knowledgeable and personable.” “Mark provides excellent technical and strategic counsel.”

David Sweeney of Clifford Chance LLP has a comprehensive oil and gas practice, often handling joint ventures, acquisitions, restructuring and financing matters on behalf of major energy clients. **Strengths:** “David Sweeney is a fantastic practitioner.”

Kevin Sweeney of Law Office of Kevin M. Sweeney advises clients on proceedings before FERC as well as broader regulatory issues in the oil and gas sector.

Steven Torello of O’Melveny & Myers LLP represents his upstream and midstream oil and gas clients in acquisitions and divestitures. **Strengths:** “Steven has an extremely practical approach to matters.” “Steven Torello is an exceptional attorney all around.”

Clinton Vince of Dentons frequently advises cooperatives, municipalities and corporates on a broad array of regulatory issues. **Strengths:** “I love how Clinton thinks strategically.” “Clinton Vince prioritizes his clients’ interests and personifies humble service.” “Clinton Vince is a vastly experienced attorney. He has broad relationships and deep knowledge of a lot of sectors.”

Craig Vogelsang of Norton Rose Fulbright adeptly represents his clients in the acquisition and sale of upstream and midstream assets.

Strengths: “I am always impressed with Craig’s ability to turn documents around quickly.” “Craig is both knowledgeable and practical. He listens to client needs and makes bespoke solutions.” “Craig is great counsel.”

Linda Walsh of Husch Blackwell LLP has notable experience advising electric utilities on trans-

mission rate proceedings, approvals for acquisitions and dispositions and broader regulatory compliance. She frequently represents such clients before FERC and is knowledgeable in FPA and PURPA issues. **Strengths:** “Linda Walsh is very knowledgeable about the industry.” “Linda is focused on driving business results.” “Linda has deep knowledge of the electric regulatory landscape.”

Joseph Williams of Norton Rose Fulbright advises his power sector clients on regulatory compliance and enforcement matters. He has experience appearing before FERC and the CFTC. **Strengths:** “Joseph understands where the pressure points are in the administrative system. He is very smart and strategic.”

William Williams of Law Office of Bill Williams is deeply experienced across a broad array of FERC matters, particularly in obtaining regulatory approvals for transactions and pipeline construction. **Strengths:** “William is an excellent lawyer. He has a lot of experience and he has the ability to read the people he is interacting with.”

Band 1

Baker Botts L.L.P.

What the team is known for Baker Botts L.L.P. draws on its depth of experience in the energy sector to advise developers and investors in the oil and gas space on their energy transition efforts. The firm has particularly strong capabilities advising on the development and financing of carbon capture and sequestration projects. It has further strength in renewable natural gas and alternative fuels.

Strengths

"Baker Botts has significant resources and experience to bring to the table in simplifying complex matters. The team are extraordinarily responsive to client requests and requirements."

Work highlights Baker Botts L.L.P. advised Mad-eraGas on its multi-train renewable natural gas production facility which is based on collected wood waste.

Notable practitioners

DC-based Thomas Holmberg and Houston-based Jason Bennett are a key contacts.

Orrick, Herrington & Sutcliffe LLP

What the team is known for Orrick, Herrington & Sutcliffe LLP has an impressive practice representing top industry players in their energy tran-

sition efforts. The firm is particularly strong on transactional matters, with experience in acquisitions and investments in the space. Its experience spans hydrogen, CCS, biofuel and renewable energy assets.

Strengths

"Orrick is extremely knowledgeable and responsive. We have not had an issue that Orrick could not find a team member to address."

"Orrick has a knowledgeable team who offer business-minded solutions."

"The Orrick team is responsive and proactive."

Work highlights Orrick, Herrington & Sutcliffe LLP advised Ares Management, Apex Clean Energy and EPIC Midstream on the development of green hydrogen production, storage and transportation facilities at the Port of Corpus Christi, Texas.

Notable practitioners

Houston-based partners Blake Winburne and Dahl Thompson are a key contacts.

Sidley Austin LLP

What the team is known for Sidley Austin LLP has a distinguished energy transition practice. The team is noted for its excellent representation of clients active in key areas of the transition movement, including carbon capture, hydrogen, sustainable fuels as well as renewable energy and battery storage. The firm's capabilities cover project development and complex M&A.

Strengths

"The team have excellent subject matter knowledge."

"Sidley have a deep bench and a broad understanding of current market terms."

Work highlights Sidley Austin LLP represented United Airlines in its joint investment with Honeywell UOP Ecofining in Alder Fuels, a cleantech company focusing on technologies for producing sustainable aviation fuel.

Notable practitioners

Houston-based Cliff Vrielink and New York-based Tara Higgins are a key contacts.

Vinson & Elkins LLP

What the team is known for Vinson & Elkins LLP has exceptional strength in the energy transition space. The firm draws on its deep bench to ably assist clients with project financing, acquisitions and joint venture transactions. Its expertise covers renewable energy as well as newer assets classes including EV charging, hydrogen and carbon capture.

Strengths

"V&E consistently provides technical advice with a practical perspective."

Work highlights Vinson & Elkins LLP advised Lotus Infrastructure Partners in the launch of NeuVentus, a platform focused on developing and delivering hydrogen pipeline transportation and salt cavern hydrogen storage projects.

Notable practitioners

Austin-based Kaam Sahely is a key contact.

Band 2

A&O Shearman

What the team is known for A&O Shearman ably represents companies in the upstream, midstream, renewable energy sectors and other industry participants in their transition efforts. It has capabilities in the acquisition and investment into companies active in the renewable energy space. The firm has strength in EV charging infrastructure and battery storage in addition to carbon capture and sequestration and hydrogen. On 1st May 2024, Allen & Overy and Shearman & Sterling merged to form A&O Shearman.

Work highlights The firm advised Summit Carbon Solutions on the structuring and financing of a carbon capture project consisting of a series of ethanol plants, pipeline infrastructure, and sequestration facilities.

Notable practitioners

Los Angeles-based Kent Rowey is a key contact.

Akin

What the team is known for Akin possess significant strength representing market participants active in a variety of sectors in their energy transition efforts. The firm's expertise covers new technology such as carbon capture and storage, hydrogen plants and battery storage projects, as well as sustainable fuel. The team are equally adept at handling project financings and M&A transactions in the space.

Strengths

"Akin are responsive and thoughtful in their advice."

Work highlights Akin represented First Ammonia in its development of a commercial-scale green ammonia production facilities using renewable solar and wind.

Notable practitioners

New York-based Ike Emehelu and Houston-based Matthew Kapinos are key contacts.

Bracewell LLP

What the team is known for Bracewell LLP is noted for its strength advising traditional oil and gas companies on their energy transition efforts as well as providing counsel to renewable energy developers. The team has expertise in carbon capture and sequestration and offshore wind projects. Its project development practice is complemented by its strength handling regulatory and transactional matters.

Work highlights Bracewell LLP represented Talos Low Carbon Solutions in its development of various carbon capture and sequestration projects along the US Gulf Coast including a project offshore Jefferson County, Texas.

Notable practitioners

Houston-based Alan Rafte is a key contact.

Greenberg Traurig, LLP

What the team is known for Greenberg Traurig has a strong presence in the energy transition space. The firm has experience in carbon capture and sequestration, RNG and hydrogen. It handles joint ventures in the space to develop or invest in

renewable energy projects or technology such as EV charging and battery storage facilities.

Strengths

"The firm is very knowledgeable from a business perspective, which informs their legal advice. The team are very solution-oriented."

Work highlights Greenberg Traurig acted as project development and finance counsel to BNB Renewables in connection with its green ammonia project in Texas.

Notable practitioners

Houston-based William Garner and DC-based Kenneth Minesinger are key contacts.

Hogan Lovells US LLP

What the team is known for Hogan Lovells has significant strength across a range of energy transition matters including EV charging stations developments, CCS acquisitions and the redevelopment of traditional plants to be clean technology sites. The firm draws on its deep nuclear expertise to adeptly advise market participants in key developments in the space. It is additionally skilled in tax credit issues including in the solar and hydrogen space.

Work highlights Hogan Lovells represented JX Nippon Oil & Gas Exploration in the acquisition of NRG's interest in Petra Nova Parish Holdings, which owns the Petra Nova project, a carbon capture and storage project in Brazoria, Texas.

Notable practitioners

Houston-based Niki Roberts is a key contact.

Holland & Knight LLP

What the team is known for Holland & Knight LLP undertakes an array of work in the energy transition space for developer clients. The firm has significant capabilities in the biogas space which sees the it regularly handle RNG developments and SAF supply agreements. The team offers strength in battery assets as well as DAC and CSS projects.

Strengths

"Holland & Knight has both exceptional partners and strong associates that work well as a team."

Work highlights Holland & Knight LLP advised Vanguard Renewables on the acquisition, development, financing and operation of renewable gas production facilities located throughout the United States.

Notable practitioners

Houston-based George Humphrey is a key contact.

King & Spalding LLP

What the team is known for King & Spalding LLP has a respected team with strong capabilities in the energy transition space. The firm advises an array of energy companies in both the oil and gas and power space on cutting-edge projects, joint ventures and M&A transactions. It is experienced across waste to energy, hydrogen and CCS assets as well as novel direct air capture projects.

Strengths

"The team provides consistently excellent services tailored to our needs."

Work highlights King & Spalding LLP represented EverWind in its development of a green hydrogen ammonia production facility on the Burin Penin-

sula of Newfoundland and Labrador.

Notable practitioners

Houston-based Scott Greer and New York-based Jonathan Melmed are key contacts.

Kirkland & Ellis LLP

What the team is known for Kirkland & Ellis has a strong energy transition practice. The team possesses considerable expertise handling M&A, joint ventures and investments in the space. The firm represents an array of financial institutions in de-carbonization and renewable energy projects.

Work highlights Kirkland & Ellis advised Ares Acquisition on its definitive business combination agreement with X-Energy, a developer of small modular nuclear reactors and fuel technology for clean energy generation.

Notable practitioners

Houston-based Andrew Calder is a key contact.

Latham & Watkins LLP

What the team is known for Latham & Watkins LLP is an energy powerhouse offering impressive expertise across the various sectors of the industry. In addition to its strength handling the project financing and development of renewable energy and storage projects, it ably advises on CCS, hydrogen and RNG projects. The team has additional capabilities in the acquisition and investment in low carbon assets.

Strengths

"The team are very savvy to market dynamics and conditions."

Work highlights Latham & Watkins LLP represented Fortescue Future Industries in the acquisition of Nikola's Phoenix Hydrogen Hub project.

Notable practitioners

New York-based Eli Katz and Houston-based Justin Stolte are key contacts.

Morgan, Lewis & Bockius LLP

What the team is known for Morgan, Lewis & Bockius LLP has extensive energy transition capabilities which it leverages to provide expert representation on a range of market participants. It provides development, regulatory and transactional support projects to renewable and low carbon projects. It ably assists developers and investors with solar, wind projects, CCS and hydrogen assets.

Strengths

"The team are all super knowledgeable, well prepared and personable."

Work highlights Morgan, Lewis & Bockius LLP represented Hydro-Québec in its acquisition of Great River Hydro from affiliates of ArcLight Capital Partners for approximately \$2 billion.

Notable practitioners

DC-based Stephen Spina and Kirstin Gibbs are key contacts.

Norton Rose Fulbright

What the team is known for Norton Rose Fulbright has a wide-ranging energy transition practice which sees the it handle work across the gamut of energy asset classes. In addition to the firm's distinguished renewable energy practice, the firm has significant strength in the CCS space where it advises a range of developers. The

firm is also regularly engaged for its expertise in hydrogen developments.

Strengths

"I have been impressed with the team's ability to concisely explain complex terms in easy-to-understand terms."

"The team are extremely responsive and always insightful."

"The firm has their fingers on the pulse of what's happening in the market."

Notable practitioners

DC-based Keith Martin is a key contact.

Band 3

Eversheds Sutherland (US) LLP

What the team is known for Eversheds Sutherland (US) LLP demonstrates strength a wide range of matters in the energy transition space. The firm has capabilities in the carbon sequestration and carbon offset space where it represents various developers and owners. It is further recognized for its handling of acquisitions and developments the renewable energy space, including those involving wind and solar assets.

Strengths

"The team is smart and diligent, and can explain complicated concepts in a way that is easy to understand."

Work highlights Eversheds Sutherland (US) LLP represented WEC Energy Group in its acquisition of an 80% ownership interest in the 250 MW Samson I Solar Energy Center in Texas.

Notable practitioners

Atlanta-based Thomas Warren is a key contact.

McDermott Will & Emery LLP

What the team is known for McDermott Will & Emery LLP has significant renewable energy capabilities which includes the acquisition and development of assets. The team possesses further strength in the renewable fuels space where the firm handles hydrogen and RNG developments. The firm is also notably active on new technology matters which sees it advise a range of organizations including those active in solar PV module and hydrogen production.

Strengths

"The team possess a high capability for handling complex and sophisticated matters."

"The team is very knowledgeable, helpful and insightful."

Work highlights McDermott Will & Emery LLP represented Bayo tech in negotiating and executing agreements for it to purchase from Nikola up to 50 Class 8 hydrogen fuel cell electric vehicles for zero-emission hydrogen transport and for BayoTech to supply Nikola with low-carbon hydrogen from BayoTech's Missouri and California hydrogen hubs.

Notable practitioners

DC-based Carl Fleming is a key contact.

Paul Hastings LLP

What the team is known for Paul Hastings LLP is a strong choice for clients seeking to decrease traditional energy asset portfolios and increase investment into renewable energy. The firm has

strength handling the regulatory aspects of solar and battery storage projects.

Strengths

"The team has a strong understanding of commercial drivers."

"The firm is very involved in our space and are aware of all current market issues."

Work highlights Paul Hastings LLP represented the lenders in the financing of a solar farm and gen-tie line owned by Innergex.

Notable practitioners

New York-based Robert Freedman is a key contact.

Perkins Coie LLP

What the team is known for Perkins Coie LLP has great strength in the electricity space where it routinely counsels market participants on battery storage, EV charging and offshore wind developments. The firm is experienced at assisting clients with their energy transition efforts including those looking change their assets to include more clean energy. It also has capabilities in sustainable aviation fuel.

Work highlights Perkins Coie LLP acted as lead regulatory and land use counsel to Hectate Grid in connection with a number of electricity storage projects in California.

Notable practitioners

DC-based Jane Rueger is a key contact.

Pillsbury

What the team is known for Pillsbury has impressive capability across a huge range matters in the energy transition space. The firm's low carbon fuels practice sees them frequently handle work in the RNG, hydrogen and SAF space, which is complimented by their strength in CCS projects. The firm also demonstrates expertise advising clients with interests in in battery storage and EV charging.

Work highlights Pillsbury represented Renewable Energy Group in the negotiation of a number of agreements in connection to a renewable diesel manufacturing facility, rail and port logistics facilities and other infrastructure in Louisiana.

Notable practitioners

DC-based David McCullough is a key contact.

Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates

What the team is known for Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates has a depth of expertise in offshore wind and regularly represents companies looking to invest in those assets. The firm is also highly capable in project developments including battery storage and those involving components used in energy transition assets such as solar farms. It also demonstrates strength in CCS projects as well as associated offtake agreements.

Work highlights Skadden, Arps, Slate, Meagher

& Flom LLP & Affiliates represented Brookfield Renewable in the negotiation of a development and investment agreement with LanzaTech for up to \$500 million in equity funding to acquire, construct and operate certain new carbon capture and transformation projects in North America and Europe.

Notable practitioners

DC-based Lance Brasher is a key contact.

Sullivan & Cromwell LLP

What the team is known for Sullivan & Cromwell LLP undertakes an array of transactional work including handling the acquisition of low carbon assets to aid companies with their energy transition efforts. The firm demonstrate strength handling investments in new technologies such as EV charging stations and CCS developments and has capabilities in renewable energy developments including solar and offshore wind. The firm has further expertise in developments with cross-border elements such as those involving minerals and metals required for new technology used in the sector.

Notable practitioners

New York-based Inosi Nyatta and Christopher Mann are key contacts.

White & Case LLP

What the team is known for White & Case LLP undertakes an array of work in the energy transition space including in connection with CCS and DAC projects. The firm offers capabilities in the renewable energy sector and regularly handles the financings of assets such as wind farms.

Work highlights White & Case LLP advised Tallgrass Energy on a number of agreements in connection with the development of a blue ammonia plant.

Notable practitioners

Houston-based Jay Cuculis is a key contact at the firm.

Willkie Farr & Gallagher LLP

What the team is known for Willkie Farr & Gallagher LLP offers strength representing companies looking to acquire assets in the low carbon and clean energy space. The firm is experienced across renewable energy developments as well as CCS projects. It has additional capabilities in the hydrogen and RNG space.

Strengths

"Willkie Farr has a thoughtful, detailed and commercial team."

Work highlights Willkie Farr & Gallagher LLP represented PBF Energy in its 50-50 joint venture partnership with Eni Sustainable Mobility Spa for a renewable diesel biorefinery in Louisiana.

Notable practitioners

Houston-based Archie Fallon is a key contact.

Band 4

Jones Walker LLP

What the team is known for Jones Walker LLP demonstrates a depth of experience with CCS and hydrogen assets, regularly handling project developments and associated documents. The firm is further recognized for its expertise in the renewable energy space where it undertakes an array of work in offshore wind.

Notable practitioners

New Orleans-based Marjorie McKeithen is a key contact.

Kilpatrick Townsend & Stockton LLP

What the team is known for Kilpatrick Townsend & Stockton is noted for its strength in the energy transition space. The firm has deep experience in the biofuel space where it represents an array of market participants including those with interests in SAF.

Strengths

"The team have strong and deep knowledge."

Notable practitioners

DC-based Mark Riedy is a key contact.

Locke Lord LLP

What the team is known for Locke Lord LLP is noted for its capabilities in energy transition matters including those involving RNG projects. The firm has additional capability in offshore wind and transmission line development.

Work highlights Lock Lorde LLP represented Enterprise Products Operating in the negotiation of a CO2 transportation services agreement with Oxy Low Carbon Ventures.

Notable practitioners

Houston-based Brandon Lobb is a key contact.

Wilson Sonsini Goodrich & Rosati

What the team is known for Wilson Sonsini Goodrich & Rosati counsels clients in developments and investments in the sector covering assets such as hydrogen and EV infrastructure. The firm represents a range of companies in the space, including start-ups, that are focused on the recycling of materials such as batteries and solar panels.

Strengths

"The team has incredible insights on an enormous range of topics."

"The team are very responsive, and provide pragmatic and actionable advice on complex issues."

Work highlights Wilson Sonsini Goodrich & Rosati represented Ambient Fuels in its private equity transaction with Generate Capital which included a commitment to fund up to \$250 million of green hydrogen infrastructure.

Alston & Bird LLP

What the team is known for Alston & Bird LLP has a capable team with national environmental capabilities. Particularly skilled in litigation covering citizen suits brought under CAA and CWA, as well as multiparty Superfund disputes, Alston & Bird's expertise also includes broad land use proceedings related to NEPA, CEQA and related regulations. The firm also defends enforcement actions on behalf of clients in regard to allegations of water, air and land compliance issues, often representing organizations from the transportation, manufacturing and chemical industries.

Strengths

"Alston & Bird performs phenomenally."

"The team is outstanding in every way: responsive, strategic and practical."

"The firm is very good at distilling complicated matters down to what really matters, making it simple for a trier of fact to understand."

Work highlights Alston & Bird LLP represented Five Point Holdings in a mass action filed by approximately 161 plaintiffs claiming personal injuries and property damage from alleged airborne contamination.

Notable practitioners

Doug Arnold based in Atlanta and Nicki Carlsen and Jeffrey Dintzer based in Los Angeles are key contacts at the firm.

Arnold & Porter

What the team is known for Arnold & Porter has an accomplished group that frequently represents major industrial clients in a range of contentious litigation and regulatory matters. Known for its natural resource damages, toxic tort and chemical case experience, the firm is well-versed in hazardous waste and environmental remediation. Noted for its strength on transactional matters, as well as land use, wetlands and mining issues, it has notable expertise in the chemical, manufacturing, industrial engineering and real estate sectors, among others. The team offers experience dealing with significant matters involving FIFRA and TSCA.

Strengths

"Arnold & Porter has a strong team with a lot of expertise, and is willing to address issues head-on." "A&P has a deep environmental bench and decades of experience. It's my go-to firm for high-stakes environmental matters."

"The A&P team has a deep and long-standing understanding of the chemicals business which profoundly adds to the value proposition."

Work highlights Arnold & Porter represented BP as lead counsel in 18 climate change lawsuits filed by state and local governments in various jurisdictions. The lawsuits alleged damage to coastal communities and infrastructure due to greenhouse gas-driven sea-level rise and storms.

Notable practitioners

DC-based Brian Israel is a key partner at the firm.

Baker Botts L.L.P.

What the team is known for Baker Botts L.L.P. remains a long-time advocate for the oil and gas and energy industries. The firm provides full environmental legal services for its clientele, including contaminated site clean-up, clean air and water permitting, as well as litigation and crisis management counsel. The team is routinely sought after for its strengths in Superfund issues and regional haze regulations. Baker Botts is noted for its particular capability to advise on rulemaking issues, notably for electricity-generating companies.

Strengths

"Our case was complex and high-value; we chose Baker Botts for this reason. We believe it is the best in the country."

"Baker Botts provides high-quality legal advice."

"Baker Botts is a standout performer given its strategic thinking and approach."

Work highlights Baker Botts L.L.P. successfully defended Tennessee-American Water Company in a class action stemming from a 2019 main break in Hamilton County, Tennessee.

Notable practitioners

Houston-based Scott Janoe is a key contact at the firm.

Barnes & Thornburg LLP

What the team is known for Barnes & Thornburg LLP offers a group with notable national capabilities in environmental law proceedings. The firm's expertise covers regulatory compliance and enforcement actions related to energy, water quality and emerging contaminants such as PFAS. Adept at handling environmental disputes, including Superfund remediation and toxic tort litigation, it regularly advises major oil companies and refineries as well as energy and mining clients.

Strengths

"Environmental law is one of their real strengths."

"The firm has extremely experienced and knowledgeable staff who are gifted problem-solving partners."

"They have anticipated domestic knowledge and are able to offer me information on regulatory information on matters internationally."

"All parties are highly educated with not only strong independent minds, but solid communication skills."

Notable practitioners

Erika Powers based in Chicago is a key contact at the firm.

Beveridge & Diamond PC

What the team is known for Beveridge & Diamond PC is a respected boutique focused exclusively on environmental law at all levels across the country. Providing multidisciplinary expertise across the group, the firm represents a range of clients in matters from legislative advice and advocacy to clean air and water regulation and litigation. The firm offers particular capability in the pesticides and biotechnology space and is noted for its impressive client roster drawn from the pharmaceutical, chemical and retail industries, among others.

Strengths

"The depth of Beveridge & Diamond is phenomenal, and they always seem to be on top of the most recent activity in the space."

"Beveridge & Diamond gives a high level of service."

"Excellent client service, and a great resource for keeping clients abreast of relevant legal and regulatory developments."

Work highlights Beveridge & Diamond PC acted as lead counsel for the Mountain Valley Pipeline project on ESA issues.

Notable practitioners

Kathryn Szmuszkowicz is a key contact in Washington, DC.

Bracewell LLP

What the team is known for Bracewell LLP has a well-respected practice, noted for acting on behalf of a strong client base of upstream and midstream oil and energy clients. Regularly sought after for its counsel on air and water permitting, CERCLA issues and accident investigations, the firm also provides due diligence to a range of financial institutions and investors on environmentally affected transactions. The team frequently represents clients before state and federal agencies and regulatory bodies, including the Pipeline and Hazardous Materials Safety Administration (PHMSA), the Bureau of Ocean Energy Management and the Army Corps of Engineers, as well as the DOE and EPA.

Strengths

"I have been impressed with Bracewell's depth of knowledge on federal and environmental regulatory matters."

"The environmental group is first-class. They are very good at outlining major issues and finding ways to work around them."

Work highlights Bracewell LLP represented Colonial Pipeline Company, Texas Eastern Transmission and Vanguard Renewables in resolving issues arising under various environmental, transportation and safety statutes and agencies.

Notable practitioners

DC-based Jason Hutt and Jeffrey Holmstead are key contacts.

Bryan Cave Leighton Paisner LLP

What the team is known for BCLP offers experienced counsel to clients from the energy and mining sector on a broad range of environmental regulatory compliance and enforcement issues,

as well as toxic tort litigation and permitting. The firm is also noted for its handling of complex transactions involving brownfield redevelopment of former military bases and chemical plants, among other industrial sites, and frequently offers counsel on international M&A and risk management procedures.

Strengths

"Attorneys at BCLP are extremely diligent and responsive, consistently making time to provide advice on very short notice."

"BCLP handles complex matters very well, navigating the ever-changing zoning regulations in various municipalities."

Work highlights BCLP served as environmental and land use counsel to Empire State Development for the Penn Station Land Use Improvement and Civic Project.

Notable practitioners

Chicago-based Bryan Key is a key contact.

Cahill Gordon & Reindel LLP

What the team is known for Cahill Gordon & Reindel LLP is reputed for its environmental advice on a range of complex deals including debt financings, M&A and corporate restructurings. The firm handles risk analysis of transactions with potentially significant liabilities for construction, energy, mining and waste management clients. Skilled in a broad range of compliance and remediation issues, as well as complex litigation related to natural resources damages and toxic tort claims, the team often handles cost recovery actions and represents clients in environmental insurance coverage proceedings. It also provides assistance on climate change issues and sustainability initiatives.

Strengths

"I think Cahill Gordon & Reindel does a really nice job of handling complex matters."

"An excellent team that I can count on to be pragmatic and efficient in representing its clients' interests."

Work highlights Cahill Gordon & Reindel LLP advised Goldman Sachs on environmental aspects for a \$500 million senior notes offering by Clean Harbors.

Notable practitioners

Gregory Battista is a key contact in the New York office.

Cravath, Swaine & Moore LLP

What the team is known for Cravath, Swaine & Moore LLP is a compact group known for its attentive service. Advising an enviable corporate clientele on the environmental aspects of acquisitions and other complex transactions, the firm has additional capacity to support projects after deal closure and assist with dispute resolution. Cravath regularly handles cross-border matters and provides environmental strategic counsel to clients in a wide range of industries, including manufacturing, petroleum and energy generation.

Work highlights Cravath, Swaine & Moore LLP provided legal counsel to Johnson & Johnson on the environmental law aspects of two significant transactions: the separation of Kenvue Inc., valued at approximately \$42 billion, and the \$16.6 billion acquisition of Abiomed.

Notable practitioners

Matthew Morreale and Annmarie Terraciano in New York are key partners at the firm.

Crowell & Moring LLP

What the team is known for Crowell & Moring LLP has a regulatory-focused group experienced in the energy, manufacturing, chemicals and agricultural industries. The firm's diverse expertise includes litigation, transactional support, air and water quality and site cleanup and redevelopment. It frequently advises and advocates for clients, including both national and regional trade associations, on legislative changes and both civil and criminal environmental litigation.

Strengths

"It's been great working with Crowell & Moring. They are good at what they do and very collaborative in how they approach issues."

"Crowell & Moring's environmental practice is elite."

Work highlights Crowell & Moring LLP represented Boeing in connection with EPA's development and promulgation of the nation's first greenhouse gas emission standards for aircraft and the FAA's development and promulgation of regulations implementing those standards.

Notable practitioners

Based in DC, Elliott Laws, Kirsten Nathanson and Tom Lorenzen are key contacts.

Davis Polk & Wardwell LLP

What the team is known for Davis Polk & Wardwell LLP has an experienced team skilled in a diverse range of environmentally impacted transactions and financings on both a national and international platform. The firm's expertise includes disclosure and reporting requirements for capital markets transactions, complex M&A and project finance, and it is highly regarded for its work in the alternative energy space. Other areas of strength include know-how in environmental insurance issues and climate change regulations. The disputes team frequently handles challenges to the allocation of environmental risk among private parties.

Strengths

"It's been seamless working with Davis Polk. It is a pleasure to work with people so professional who share the same work ethic."

"Davis Polk & Wardwell has worked on very large matters valued in the billions for Fortune 100 companies that involve cross-border aspects."

"Davis Polk is hard-working, engaging, and possesses a really impressive team."

Notable practitioners

Based in New York, Loyti Cheng is a key contact at the firm.

Debevoise & Plimpton LLP

What the team is known for Debevoise & Plimpton LLP offers a strong environmental transactional practice that is closely associated with its highly regarded corporate group. The firm regularly provides environmental analysis and due diligence on high-value transactions and deals for a range of clients in the healthcare, pharmaceutical and chemical sectors.

Strengths

"Debevoise & Plimpton is knowledgeable and

understands what is important."

"Debevoise & Plimpton has provided us with advice and support on a range of private M&A transaction work."

Work highlights Debevoise & Plimpton LLP advised The Southern Cross Group on the environmental aspects of its sale of Esmax to Aramco.

Notable practitioners

Stuart Hammer is a key contact in New York.

Faegre Drinker

What the team is known for Faegre Drinker remains a popular choice for environmental counsel, with an impressive geographical footprint across the US; experienced in complex disputes such as toxic tort class actions and Superfund litigation. It regularly provides assistance to major organizations from the energy sector, on enforcement actions and regulatory proceedings covering CWA, CAA, RCRA and FIFRA. The team also carries out environmental assessments and often handles due diligence for real estate and M&A transactions.

Strengths

"Faegre Drinker has impressed us in their experience and work product in relation to complex and sophisticated matters."

"The firm provides the most up-to-date compliance and strategy advice for complex and sophisticated matters."

"The work is fantastic and they do an incredible job."

"They are very good at niche environmental air questions and I trust their advice and judgment."

Work highlights Faegre Drinker represented US Smelter & Lead Refinery in toxic tort litigation arising out of the East Chicago Lead Contamination Superfund Site.

Notable practitioners

What the team is known for Troutman Pepper provides counsel on a range of environmental regulatory matters, complex litigation and large transactions. Demonstrates broad capabilities covering waste, air and water quality issues and related permitting. Frequently represents trade associations, municipal governments and non-profit organizations before federal district and appellate courts and the US Supreme Court.

Strengths

"I have asked the Troutman team more than once for resources on non-routine issues, and they always deliver."

"They are quick and very responsive; their work quality is top-notch and they give understandable advice. I trust them greatly."

"Once we find a law firm and attorneys who are responsive, cost-efficient, smart and practical, there is no need to look elsewhere. I have no qualms

in recommending them. They are one of the best I've dealt with."

"The issues in our industry can be very complex, but their extensive knowledge of environmental law and policies has been extremely beneficial to us."

Work highlights Troutman Pepper advised Berkshire Hathaway Energy on multiple aspects of environmental compliance, assisting the company with its species protection, Clean Water Act and RCRA coal ash-related permits.

Notable practitioners

Catherine Little and Fitzgerald Veira based in Atlanta are key partners at the firm.

Van Ness Feldman LLP

What the team is known for Van Ness Feldman LLP offers a talented group known for its regulatory expertise on issues including air pollution control, land and water resources, and solid and hazardous waste. With extensive experience providing rulemaking comments and related legislative guidance, the firm is well known for expertise in such sectors as automotive manufacturing, oil and gas production and electric utilities.

Strengths

"The Van Ness team regularly advises on complex legal and regulatory issues."

"The team has a strong environmental background. It has both legal and engineering staff that support our work."

Work highlights Van Ness Feldman advised Shell on reducing methane emissions from oil and gas sources, including regulatory compliance, voluntary reduction programs, emission credit generation and addressing emerging environmental issues.

Notable practitioners

The DC-based Jonathan Simon, Stephen Fotis and Britt Fleming are key contacts at the firm.

Vinson & Elkins LLP

What the team is known for Vinson & Elkins LLP offers a nationwide environmental group with a strong reputation for assisting oil and gas clients on project development through permitting, NEPA review and compliance advice. The firm is highly capable of managing air, water and wetlands permitting on multijurisdictional projects such as pipelines and transmission infrastructure. It also boasts transactional support expertise and experience in defending against enforcement actions. Vinson & Elkins is regularly engaged to provide counsel on catastrophic event preparation.

Strengths

"I have confidence in using Vinson & Elkins when I have something that's complex. It is the first phone

call I make."

"Vinson & Elkins' team brings a depth of skill, expertise and intellect that is hard to match. It has highly strategic and capable specialists."

Work highlights Vinson & Elkins LLP represented American Water Works Association and National Rural Water Association as intervenors in challenging an EPA rule on cybersecurity audits for public water systems.

Notable practitioners

DC-based Ronald Tenpas is a key contact based in Washington, DC.

Weil, Gotshal & Manges LLP

What the team is known for Weil, Gotshal & Manges LLP is well known for its environmental counsel in relation to cross-border transactions, including equity investments, securities offerings, corporate restructuring and divestitures. The firm routinely advises investors, lenders and buyers on environmental risk analysis and management, including insurance policy support, and carries out due diligence on real estate and corporate transactions with potential environmental liabilities.

Strengths

"Weil are among the best. They are very well regarded."

"I've found the Weil environmental practice team to be very knowledgeable and proficient on the most complex of transactions."

"Weil do a great job of making my life easier. They handle almost everything and deliver advice as well as decisions in an easily digestible format."

Notable practitioners

Annemargaret Connolly based in DC is a key contact.

White & Case LLP

What the team is known for White & Case LLP is known for its expertise in handling environmental liabilities in complex, high-value transactions for a range of public and private clients. The firm frequently represents energy, chemical and pharmaceutical companies on a range of matters, including M&A, financings and public offerings.

Strengths

"A very good firm with a strong reputation."

"White & Case has a really impressive global reach."

Work highlights White & Case LLP represented Hess Corporation in its \$750 million acquisition of 37.5 million jurisdictional carbon credits from Guyana. These credits were aimed at protecting forests to combat climate change.

Notable practitioners

Seth Kerschner is a key contact in New York.

Strengths

"Both partners and associates are prepared and knowledgeable regarding the law."

"Morgan Lewis has strengths in all ERISA-related areas and is our go-to firm when issues arise."

"The ERISA litigation team is incredibly deep, broad and strong."

"They have an incredibly sophisticated, results-oriented team in ERISA litigation defense."

Work highlights Morgan, Lewis & Bockius LLP secured the dismissal of a putative class action against Northwell Health in the US District Court for the Eastern District of New York.

Notable practitioners

Jeremy Blumenfeld is recognized for his expert handling of ERISA class actions. He acts on behalf of plan sponsors and investment managers, among others. **Strengths:** "Jeremy's service, sophistication and professionalism are excellent. He is truly a top notch attorney." "Jeremy has broad ERISA knowledge and very good instincts for forecasting where things might be going." **Brian Ortelere** is cochair of the firm's ERISA litigation practice. He excels at handling ERISA class actions involving 401(k) and 403(b) retirement plans. **Strengths:** "Brian's a preeminent defence-side attorney and a real leader in this area." "He is an excellent lawyer and service provider." **Deborah Davidson** frequently handles class actions arising out of 403(b) and 401(k) plans. **Strengths:** "She is always responsive to our outreach and keeps us updated on relevant developments." "She has encyclopedic recall in this space."

O'Melveny & Myers LLP

What the team is known for O'Melveny & Myers LLP has a team of well-respected litigators covering the full spectrum of ERISA-related issues, regularly providing counsel on fiduciary responsibility. The group acts on behalf of a varied client base which includes plan sponsors and financial services companies. It offers significant trial capabilities, as well as experience with appellate proceedings.

Strengths

"Their written work is outstanding and they really keep in touch with us on a regular basis. The lawyers there have a deep knowledge of ERISA."

Work highlights O'Melveny & Myers LLP represented UnitedHealth in ERISA class action litigation brought by the Medical Society of the State of New York, the Society of New York Office Based Surgery Facilities, and individual physician plaintiffs and office-based surgery practices.

Notable practitioners

Brian Boyle is sought out for his handling of high-stakes ERISA class actions on behalf of blue-chip corporations. **Strengths:** *"Brian is one of the most knowledgeable people in the country, an excellent litigator, very strategic and a wonderful writer and advocate in court."* **Shannon Barrett** is especially proficient in handling complex breach of fiduciary duty claims as part of his impressive ERISA litigation practice. **Strengths:** *"He is a good strategic thinker who makes effective arguments."* *"Shannon is a true litigator who is a master of strategy."* **Meaghan VerGow** represents clients from the financial services and retail sectors, among others, in ERISA class actions. **Strengths:** *"Meaghan has a ton of experience and is very practical with good insight."* *"She can combine deep intellectual thought and analysis to work through practical implications."* **Greg Jacob** has a strong track record of handling ERISA class actions and DOL investigations on behalf of financial institutions and plan sponsors. **Strengths:** *"He has an encyclopedic knowledge of ERISA rules and regulations and has a deep understanding of how the DOL interprets those rules."*

Band 2 ERISA Litigation

Groom Law Group, Chartered

What the team is known for Groom Law Group is a boutique employee benefits firm with a group of talented litigators handling all manner of employee benefits and executive compensation matters. The firm provides assistance with the full range of litigation under ERISA including church plan and stock drop cases, alleged breaches of fiduciary duty and ESOP disputes. The team offers notable expertise in fee litigation pertaining to 401(k) plans and Department of Labor investigations.

Strengths

"Groom has a fantastic litigation group."

Work highlights Groom Law Group represented Aetna in multiple suits in which plaintiffs challenged Aetna's clinical policies in relation to proton beam therapy for treating cancer.

Notable practitioners

Lars Golumbic is noted for his proficient handling

of ERISA class actions involving alleged breaches of fiduciary duties as well as Department of Labor investigations. He acts on behalf of plan sponsors, trustees and fiduciaries, among others, and is particularly knowledgeable about ESOPs. **Strengths:** *"Lars is absolutely terrific and is very practical. He has a great deal of institutional knowledge when it comes to ERISA litigation."* **Michael Prame** handles Department of Labor investigations as well as ERISA class action suits. **Strengths:** *"He's very knowledgeable in the area and very personable. He has a great advocacy style which invokes a lot of faith."*

Mayer Brown LLP

What the team is known for Mayer Brown LLP acts for a range of clients, including plan sponsors, administrators and trustees, on a broad array of ERISA litigation. The firm assists with both class actions and single-plaintiff claims relating to retirement and stock ownership plans, including fiduciary duty issues and prohibited transactions. It is particularly active on behalf of clients in the higher education sector.

Work highlights Mayer Brown LLP successfully represented Yale University in a jury trial relating to allegations of breach of fiduciary duty in monitoring record-keeping fees and investment lineup.

Notable practitioners

Nancy Ross (see p.684) is recognized for her experience leading clients through a range of ERISA-related disputes, which includes managing class actions. She handles complex disputes stemming from 401(k) retirement plans, welfare benefit plans and ESOPs. **Strengths:** *"Nancy is a very thoughtful and enterprising lawyer."*

Proskauer Rose LLP

What the team is known for Proskauer Rose LLP fields a renowned group of litigators handling the full spectrum of employee benefits and bet-the-company ERISA litigation at an international level. The department demonstrates expertise in withdrawal liability claims, stock drop cases and fiduciary duty matters among a multitude of other contentious issues. It offers strength in fee litigation arising out of 401(k) and 403(b) plans. The group advises an impressive client base including leading financial institutions.

Strengths

"Proskauer has a very talented ERISA team which has the experience and skill to successfully navigate matters."

"Proskauer has subject matter experts who provide sophisticated and insightful advice in all complex ERISA matters."

"I think they are an excellent firm and the individuals there are top notch. They are business-oriented, practical and have good judgment, as well as being willing to think outside the box and be innovative."

Work highlights Proskauer represented Zerox Corporation in an ERISA class action alleging contractual vesting claims and fiduciary breach claims arising from a charge to retirees receiving company-paid health insurance.

Notable practitioners

Myron Rumeld (see p.686) expertly guides clients through ERISA litigation, and is particularly

proficient in breach of fiduciary duty matters.

Strengths: *"Myron's deep knowledge of the evolving landscape is unsurpassed and his advice is always insightful and valuable."* *"He is experienced, responsive and a good listener who is open to ideas."* *"Myron is extremely knowledgeable and a great resource."* *"Myron is creative in his solutions to complicated legal problems to achieve good settlements."* **Russell Hirschhorn** (see p.584) has a broad ERISA practice, which sees him handle single-plaintiff cases and class actions, as well as arbitrations. **Strengths:** *"He has a good combination of skill and experience."* *"Russ is extremely knowledgeable and provides great service. He is smart, practical, professional, easy to work with and talented."* *"Russell shows flexibility in his approach and is adaptable. He is super responsive and a quick study on strategy."*

Band 3 ERISA Litigation

Jackson Lewis P.C.

What the team is known for Jackson Lewis P.C. offers a broad practice in the ERISA litigation field, which includes capability in withdrawal liability, breach of fiduciary duty and excessive fee litigation. The firm has notable expertise in ESOP and church plan matters.

Strengths

"The firm has deep knowledge of ERISA with impressive handling of complex class action litigation."

"They are very responsive and always available."

Work highlights Jackson Lewis lead the defense of MGM in a class action lawsuit challenging the record-keeping fees and investment management fees of the MGM Resorts 401(k) savings plan.

Notable practitioners

Howard Shapiro has a strong track record of handling ERISA class actions involving retirement as well as health and welfare plans. **Strengths:** *"Howard bring years of experience and expertise to every interaction."* *"Howard is my go-to attorney. He has an encyclopedic knowledge of the case law on ERISA which is developing constantly."* **Stacey Cerrone** is well regarded for her defense of ERISA class actions. **Strengths:** *"Stacey is a skilled litigator."* **René Thorne** coleads the ERISA complex litigation practice group where she handles numerous ERISA class actions alleging breach of fiduciary duty as well as 401(k) class action fees.

Strengths: *"She is smart and really knows how to try a case."* *"René provides expertise and an incredible ability to communicate very complex items at a level everyone can understand."*

McDermott Will & Emery LLP

What the team is known for McDermott Will & Emery LLP is highly regarded for its representation of defendants in ERISA litigation. The firm demonstrates expertise in defending a range of claims including breach of fiduciary duty, fraud and excessive fee cases. The team frequently acts for plan sponsors, service providers and trustees in high-stakes ERISA class actions.

Strengths

"The firm has deep expertise in advising on fiduciary issues."

"They team at MWE have excellent subject matter expertise and client service."

Work highlights McDermott Will & Emery LLP successfully dismissed an ERISA class action lawsuit brought against their clients, Inland Fresh Seafood Corporation of America.

Notable practitioners

Cochair of the firm's ERISA litigation group **Theodore Becker** (see p.500) is highly regarded for his expertise in ERISA class actions. He has substantial experience with ESOPs. **Strengths:** *"Ted has deep experience, great communication and professionalism." "Ted is a very thoughtful and experienced lawyer. He proactive which gives you great comfort as a client."* **Christian Nemeth** (see p.652) focuses on handling highly complex ERISA litigation and government investigations, including ESOP matters and fiduciary breach cases. **Strengths:** *"Chris has a very good client perspective." "Chris is extremely responsive, knowledgeable and easy to work with." "Chris provides extremely timely client service and advice."*

Sidley Austin LLP

What the team is known for Sidley Austin LLP has an acclaimed litigation group which acts for large public and private corporations in all manner of ERISA disputes including class actions. It exhibits interdisciplinary cohesion across its employee benefits and appellate departments to fully cover its clients' needs on matters such as alleged breaches of fiduciary responsibility. The department has particular strength in the representation of insurance companies.

Strengths

"The team has a wide variety of skilled attorneys with deep substantive ERISA knowledge."

"Sidley make sure we have access to top talent that reflects the communities our company serves."

"The Sidley attorneys with whom we work are very knowledgeable and experienced in ERISA litigation, especially class action fee and fiduciary litigation."

Work highlights Sidley Austin represented Gannett in an ERISA class action trial alleging ERISA violations related to the sale of a predecessor company's stock.

Notable practitioners

Mark Blocker (see p.508) handles a broad array of disputes arising out of retirement, health and welfare plans. **Strengths:** *"Mark is an intelligent lawyer."* **Eric Mattson** (see p.634) frequently undertakes ERISA disputes as part of his broad class actions practice. **Strengths:** *"Eric is an excellent ERISA defense litigator and an excellent appellate advocate." "He gives thoughtful counsel, explains his rationale and draws on his experience to develop my understanding of the subject matter."*

Steptoe LLP

What the team is known for Steptoe LLP has a distinguished ERISA litigation group concentrating on high profile class actions involving a variety of issues, including breach of fiduciary duty allegations. It offers additional expertise in fee litigation and employer stock drop cases. Attorneys act on behalf of plan sponsors as well as service providers.

Strengths

"Steptoe has excellent knowledge of the relevant

laws and regulations."

"They provide excellent results."

Work highlights Steptoe LLP represented alleged fiduciaries of Salesforce in a putative class action alleging violation of ERISA fiduciary duties in maintaining various plan investment options that allegedly charged excessive fees and under performed other available options.

Notable practitioners

Paul Ondrasik is a highly sought-out litigator for complex ERISA matters. He is especially experienced with stock drop cases. **Strengths:** *"Paul is one of the most intelligent people I know and a great partner at understanding and explaining things." "Paul is a brilliant class action defense lawyer."* **Eric Serron** draws on his prior experience working in the Plan Benefits Security Division at the Department of Labor in his representation of clients. He is especially experienced with handling breach of fiduciary duty claims. **Strengths:** *"He is a very strong defense lawyer."*

Willkie Farr & Gallagher LLP

What the team is known for Willkie Farr & Gallagher LLP fields notable expertise in representing fiduciaries and employers in class action and single plaintiff litigation. The firm has particular strength in ERISA claims involving breach of fiduciary duty, stock drop and prohibited transactions. It is also able to advise plan sponsors and administrators on ERISA compliance.

Strengths

"Willkie Farr has a solid team with extraordinary lawyers."

Work highlights Wilkie Farr & Gallagher represented Northwestern University in an appeal of a successful dismissal with prejudice of a proposed class action that accused the University of mismanaging workers' retirement savings.

Notable practitioners

Amanda Amert (see p.490) is sought out by major corporations and financial services companies. She handles litigation stemming from 401(k) and 403(b) retirement plans, with a particular emphasis on breach of fiduciary duty claims. **Strengths:** *"Amanda is an excellent writer. She helps us understand matters from a business perspective."* **Craig Martin** (see p.1743) is well regarded for his defense of plan sponsors, administrators and fiduciaries in high-stakes ERISA class actions and DOL investigations. **Strengths:** *"Craig is sensitive to clients' needs."*

Band 4 ERISA Litigation

Alston & Bird LLP

What the team is known for Alston & Bird LLP has a well-reputed team litigating ERISA class actions and individual claims across a range of issues, with particularly strong success in employer stock and fee-based litigation pertaining to 401(k) and 403(b) plans. It fields a number of experienced trial attorneys regularly sought after by major corporations and financial services providers. The team also counsels clients facing Department of Labor investigations.

Strengths

"The Alston team has strong experience to handle

complex class action ERISA litigation."

"The team has a deep knowledge of ERISA with impressive handling of complex class action litigation."

Work highlights Alston & Bird defended PNC Financial Services Group in a putative class action challenging the fees and investments in a 401(k) plan formerly offered to employees of BBVA Bancshares, which was subsequently acquired by PNC.

Notable practitioners

Douglas Hinson (see p.1570) is a seasoned litigator who is frequently sought out to handle disputes arising out of 401(k) and 403(b) retirement plans. His experience includes class actions involving breach of fiduciary duty, excessive fees and prohibited transactions. **Strengths:** *"He has a very good reputation for being high quality."* **Emily Costin** (see p.532) handles an array of ERISA class actions, including breach of fiduciary duty claims. **Strengths:** *"Emily is a fantastic partner. She takes a practical approach to litigation, is very responsive and is a pleasure to work with." "She is very level headed and is able to translate our position into something that is easily comprehensible." "Emily is responsive to all requests and correspondence. She is sophisticated in her approach and has a very good sense of issues which may not be directly in play for any given piece of litigation."*

Dorsey & Whitney LLP

What the team is known for Dorsey & Whitney LLP is a Minnesota-based practice that excels in ERISA litigation pertaining to 401(k) and 403(b) pension plans. The firm is also able to advise on breach of fiduciary duty claims involving ESOPs. Its attorneys represent companies in the aviation, financial services and healthcare industries, among others.

Strengths

"Dorsey & Whitney have experience handling complex and sophisticated ERISA litigation matters."

Work highlights Dorsey & Whitney represented North Memorial Health in a suit relating to alleged mismanagement of its 401(k) plan.

Notable practitioners

Andrew Holly represents plan sponsors and fiduciaries in ERISA lawsuits. **Strengths:** *"Andrew is very responsive and an expert who is very experienced in this area. He can explain things in terms I understand."* **Stephen Lucke** represents his clients in ERISA disputes concerning health and welfare as well as retirement plans.

Miller & Chevalier Chartered

What the team is known for Miller & Chevalier Chartered has a noteworthy practice which is highly sought after for its expertise in a range of healthcare and pension-related litigation brought under ERISA, including challenges to benefit plans and preemption claims. The firm is well known for its experience in class action litigation, often acting for healthcare insurers and network healthcare providers before trial and appellate courts.

Strengths

"The Miller team include ERISA experts who are at the top of their field."

"Miller & Chevalier is very knowledgeable and profi-

cient in appellate litigation.”

“This firm has attorneys who are true subject matter expertise.”

Work highlights Miller & Chevalier represented Blue Cross and Blue Shield Association in a multi-district ERISA litigation matter.

Notable practitioners

Anthony Shelley (see p.699) is noted for his proficient handling of ERISA disputes both at trial and appellate levels. **Strengths:** *“Tony is a premier practitioner in this area.” “He is a very experienced ERISA litigator.”* **Tess Gee** (see p.564) is recognized for her expertise pertaining to fiduciary responsibilities and compliance with ERISA. She is also noted for her litigation experience. **Strengths:** *“Tess has a towering intellect and is a diligent worker and a passionate advocate.” “She has great substantive knowledge.”*

Seyfarth Shaw LLP

What the team is known for Seyfarth Shaw LLP assists numerous employers with disputes connected to both routine and high profile ERISA matters such as 401(k) plan fee disputes. The firm offers substantial expertise in breach of fiduciary duty as well as withdrawal liability cases. It is complemented by the strength of its employee benefits and executive compensation group.

Strengths

“They communicate well and are very helpful to our efforts.”

Notable practitioners

Cohead of the firm’s nationwide ERISA and employee benefits litigation practice **Ian Morrison** regularly represents clients in class actions involving 401(k) plans.

Trucker Huss APC

What the team is known for Trucker Huss APC is well regarded for its handling of ERISA litigation. The firm expertly defends clients against single-plaintiff claims and class actions involving breach of fiduciary duty and breach of contract claims. The group is also adept at defending excessive fee cases in connection with 403(b) and 401(k) plans.

Strengths

“They are a strong team with good leadership and subject matter expertise.”

Notable practitioners

Bradford Huss is a well-respected attorney who regularly defends plan sponsors in ERISA litigation, including breach of fiduciary duty claims. **Strengths:** *“Bradford helps us navigate factual and legal complications.”* **Clarissa Kang** regularly defends clients against allegations of fiduciary breach and other ERISA claims. **Strengths:** *“Clarissa is attentive, ethical, proactive and diligent.” “Her advice is reliable and consistent.”*

Band 1 ERISA Litigation: Mainly Plaintiffs

Cohen Milstein Sellers & Toll PLLC

What the team is known for Cohen Milstein Sellers & Toll PLLC is highly regarded for its representation of plaintiffs in ERISA class actions. The firm is regularly sought out to represent plan

participants and beneficiaries in a range of ERISA claims including breach of fiduciary duty.

Strengths

“Cohen Milstein are first rate. Their lawyers understand the bigger picture of cases and I enjoy working with them.”

Work highlights Cohen Milstein Sellers & Toll PLLC successfully represented the participants and beneficiaries of the Wells Fargo 401(k) plan in an ERISA class action lawsuit, achieving a \$32.4 million settlement.

Notable practitioners

Minneapolis-based **Kai Richter** has a strong track record of representing pension and ESOP plan participants in complex ERISA class actions. **Michelle Yau** is a highly regarded litigator who is skilled in representing plaintiffs in ERISA class actions. **Strengths:** *“Michelle is incredibly smart and very thoughtful. She is a breath of fresh air and always easy to work with.”* Associate **Daniel Sutter** regularly assists with the representation of plaintiffs in breach of fiduciary duty and other ERISA claims.

Stris & Maher LLP

What the team is known for Stris & Maher LLP is a highly regarded practice best known for representing plaintiffs in ERISA litigation. It boasts significant experience handling appellate matters, including in the US Supreme Court.

Strengths

“From the partners to the associates, I find everyone to be excellent lawyers. Their writing in particular is top notch.”

“The firm is among the most competent that I deal with at handling complex litigation matters.”

Work highlights Stris & Maher LLP represented The City of Seattle in a lawsuit brought by The ERISA Industry Committee arguing that an ordinance which provides hotel employees access to medical care is preempted by ERISA.

Notable practitioners

Peter Stris is noted for his representation of plaintiffs in ERISA disputes. He is especially renowned for his handling of appellate cases. **Strengths:** *“Peter is one of the best ERISA litigators in the country and has argued many cases before the Supreme Court. It has always amazes me how he is able to weave seemingly disparate points into a cohesive argument.” “Peter is a brilliant legal mind and also a terrific strategist.”* Los Angeles-based **John Stokes** has experience assisting clients with ERISA class actions. **Strengths:** *“John has the level of confidence you need.”* **Dana Berkowitz** is a respected ERISA litigator who is adept at handling both class actions and individual representation. **Strengths:** *“Dana is a great litigator and a very respected lawyer.”*

Zuckerman Spaeder LLP

What the team is known for Zuckerman Spaeder LLP has an impressive practice with a strong track record of pursuing ERISA claims against health insurance companies and administrators. The firm advises on matters such as breach of fiduciary duty and coverage disputes. It boasts notable experience in both first instance and appellate litigation.

Strengths

“Zuckerman Spaeder has a rich history of litigation that gives them an outstanding perspective not just on ERISA laws but on trends.”

“They are very knowledgeable about regulatory issues and how to convert this into practical litigation strategies.”

Notable practitioners

Jason Cowart is recognized for his representation of plaintiffs in ERISA disputes. He predominantly advises on disputes related to healthcare coverage. **Strengths:** *“I am incredibly impressed by his ability to take on cases of great magnitude.” “He is very knowledgeable and creative.”* **Brian Hufford** is a fine choice to represent plaintiffs bringing ERISA claims against health insurance companies. **Strengths:** *“His capacity to understand complex matters in a short period of time is quite simply incredible.” “Brian is a tremendous resource and one of the leading attorneys in ERISA litigation. He is a pleasure to work with.” “He is a consumer rights thought leader and a very sophisticated attorney.”*

Caroline Reynolds based in Washington, DC, is the lead attorney of the group’s behavioral health cases. **Strengths:** *“Caroline is a pleasure to work with and very knowledgeable.” “She delivers competent ERISA arguments that has wide standing implications and her client service and advocacy abilities are fantastic.”*

Band 2 ERISA Litigation: Mainly Plaintiffs

Bailey & Glasser, LLP

What the team is known for Bailey & Glasser LLP is held in especially high regard for its handling of disputes involving ESOPs. The firm also frequently assists plan participants and beneficiaries in class actions involving pension and welfare plans. Its experience includes excessive fees, denial of medical treatment and breach of fiduciary duty claims, among others.

Strengths

“The firm always keeps me in the loop and responds quickly.”

“Bailey & Glasser is an amazing trial level plaintiff firm.”

Work highlights Bailey & Glasser LLP represented individuals in the World Travel Employee Stock Ownership Plan in a class action lawsuit against Prudent Fiduciary Services and others for \$8.7 million.

Notable practitioners

Gregory Porter is the firm’s ERISA practice group leader. He regularly handles ERISA class actions on behalf of plan participants. **Strengths:** *“He is a savvy specialist.”*

Feinberg, Jackson, Worthman & Wasow

What the team is known for Feinberg, Jackson, Worthman & Wasow LLP has vast expertise in ERISA litigation. The firm counsels pension plan participants and unions on disputes involving breach of fiduciary duty, prohibited transactions and service-provider malpractice. ESOP litigation is another notable area of expertise.

Notable practitioners

Mary Bortscheller regularly represents ESOP

and pension plan participants and beneficiaries in ERISA disputes. **Strengths:** *"Mary is a fantastic lawyer."*

Keller Rohrback LLP

What the team is known for Keller Rohrback LLP is noted for its prowess in ERISA litigation. The firm is able to advise beneficiaries of pension plans and of health and welfare plans as well as ESOPs. It has expertise in class actions involving excessive fees and prohibited transactions. The attorneys also have considerable experience handling claims involving church plans.

Notable practitioners

Oakland-based **Jeffrey Lewis** is noted for his proficient handling of ERISA class actions. **Strengths:** *"Jeff is so knowledgeable and has been doing this a long time."* **Lynn Lincoln Sarko** is a noted litigator proficient handling ERISA matters on behalf of plaintiffs. **Strengths:** *"Lynn is a successful plaintiffs lawyer who had broad plaintiff cases."*

Schlichter Bogard & Denton, LLP

What the team is known for Schlichter Bogard & Denton, LLP is singled out for its representation of retirement plan participants in excessive fee cases. The firm regularly represents plaintiffs in connection with claims brought against 401(k) and 403(b) plans.

Strengths

"Schlichter Board have strong practitioners."

Work highlights Schlichter Bogard brought a suit against National Financial Partners Retirement on behalf of participants and beneficiaries of the Molina Salary Savings Defined Contribution 401(k) Plan for alleged breach of fiduciary duties.

Notable practitioners

Jerome Schlichter is the firm's managing partner. He is recognized for his experience handling complex ERISA class actions involving alleged breaches of fiduciary duties. **Strengths:** *"Jerome has a great reputation in class action matters."*

Other Ranked Lawyers

Caroline Turner English of ArentFox Schiff LLP is a respected ERISA litigator with particular prowess in disputes involving health benefits. She predominantly acts on behalf of healthcare providers. **Strengths:** *"She is a very tenacious lawyer who works closely with her clients."*

Evan Miller of Jones Day is a strong choice to handle complex ERISA litigation. His experience includes breach of fiduciary duty, stock drop and withdrawal liability cases. **Strengths:** *"Evan is very collegial and knowledgeable."* *"He is a prominent litigator."*

David Tetrick (see p.718) of King & Spalding LLP is noted for his ERISA litigation expertise with experience advising clients through internal investigations and contentious disputes. **Strengths:** *"David is a litigator with a very good reputation."*

Todd Wozniak leads the ERISA litigation team at Holland & Knight. He brings his broader labor, employment and EBEC expertise to counsel clients through contentious and regulatory matters. **Strengths:** *"I rely on his sound judgment and actionable guidance."* *"Todd understands the issues and is very responsive. He provides very helpful and business focused advice."*

tical companies relying on their counsel.

Strengths

"Arnold & Porter combines deep expertise in the substantive issues that drive high-stakes False Claims Act investigations and litigation with practical advice about how to navigate the strategic complexities in these cases."

"They are highly responsive and collegial. The team responds within 24 hours and they are always pleasant."

"They provide excellent service. They have subject matter expertise and are trial lawyers who can take a matter to trial."

"Arnold & Porter is a top-notch firm, and one we rely on frequently for complicated matters."

Work highlights Arnold & Porter represented AECOM in an FCA investigation and litigation that followed, related to their contract with FEMA concerning the post-disaster recovery efforts of Hurricane Katrina.

Notable practitioners

Craig Margolis is noted for his considerable government contract expertise, particularly as it relates to the defense sector. **Strengths:** "Craig is extremely professional, at the top of his field in FCA litigation and one of the most skilled advocates I have ever seen. He is masterful in his preparation and effect." "Craig is a highly experienced former US Department of Justice attorney who exercises significant leadership over his team. He is an exceptional litigator and is extremely intelligent." "He is a very thoughtful lawyer." **Michael Rogoff** is highly regarded for his work in the life sciences and pharmaceutical space, where he represents a number of considerable companies facing major FCA suits. **Strengths:** "Michael is incredible." "Mike is an extremely capable False Claims Act litigator and strategist." **Tirzah Lollar** is noted for her FCA expertise, both in investigation and litigation. She is recognized for her considerable scope when it comes to healthcare fraud matters. **Strengths:** "She explains complicated stuff in a way that is approachable. I appreciate Tirzah's professionalism and her vast knowledge in complex litigation." "Tirzah displays exceptional professionalism and judgment in dealing with opposing lawyers." "She is particularly good at conducting discovery." **Christian Sheehan** (see p.699) is developing a prominent practice within the government contracts area of the False Claims Act. He is a trusted adviser for large clients across various industries. **Strengths:** "Christian is a superb bright young lawyer. He is a hard worker and is

responsive." "Christian is an excellent brief writer." "He is a gifted writer."

Covington & Burling LLP

What the team is known for Combining deep and wide-ranging regulatory expertise with a renowned white-collar practice, Covington's FCA team is consistently noted for its ability to handle the entire spectrum of whistle-blower matters. It regularly provides counsel to market-leading clients in the pharmaceutical, life science and defense industries.

Strengths

"The team had their hand on the pulse of evolving industry topics."

"The firm is always incredibly well informed on the most cutting-edge issues in our industry and they provide very high-level, high-quality advice."

Work highlights Covington represented Hoffmann-La Roche in FCA litigation concerning allegations that the company violated the FCA in connection with sales of Tamiflu to the government for the Strategic National Stockpile.

Notable practitioners

Peter Hutt (see p.592) has considerable expertise in handling complex FCA investigations for government contractors. **Matthew O'Connor** (see p.656) has an impressive record representing major clients in the life sciences sector. **Strengths:** "He is very thorough, no-nonsense and always keeps his eye on the commercial impact." **Ethan Posner** (see p.672) has developed a strong reputation for his defense of pharmaceutical and medical device manufacturers, and has particularly notable expertise in the Anti-Kickback Statute. **Strengths:** "Ethan is very strong with a broad skill set."

Gibson, Dunn & Crutcher LLP

What the team is known for Gibson Dunn boasts an extensive roster of former high-level prosecutors and governmental officials to offer extensive and detailed knowledge in a broad array of FCA litigation matters. The practice is noted for the diverse variety of whistle-blower suits it can handle, including healthcare, government contracts and antitrust FCA matters.

Strengths

"Gibson Dunn handle extremely complex matters with skill and attention to detail."

"This team is strategically aggressive. They know when to push and when to compromise. It is a team with excellent knowledge, experience and judgment."

"The team is top-notch and manages the most complex FCA matters."

Work highlights Gibson Dunn represented Presbyterian Health Plan in a False Claims Act qui tam action brought in the New Mexico district court.

Notable practitioners

Jonathan Phillips (see p.668) has extensive experience representing an impressive variety of clients in FCA matters, including health systems, pharmaceutical manufacturers and government contractors. **Strengths:** "Jon is as knowledgeable on the FCA as anyone in the country. He is sharp

and appropriately aggressive.” “He is a phenomenal lawyer.”

Ropes & Gray LLP

What the team is known for Ropes & Gray has a nationally acclaimed practice with significant pedigree in the healthcare, pharmaceutical and life sciences fields, where it represents a number of highly significant players in extremely contentious FCA matters. The practice also demonstrates considerable skill in handling FCA matters in the cybersecurity and financial service spaces.

Strengths

“They have a very strong bench and are able to leverage subject experts.”

“Ropes is very strong at bringing strategic oversight and hands-on advice as required.”

“It is a very good firm, able to address all concerns or issues raised by clients.”

Work highlights Ropes & Gray continued to defend Modernizing Medicine in an FCA and Anti-Kickback Statute investigation brought by the Vermont US Attorney’s Office and the DOJ’s Civil Fraud Division.

Notable practitioners

Laura Hoey (see p.585) is noted for her considerable experience representing an array of healthcare clients in FCA matters. **Strengths:** “Laura is very smart and very organized.” “Laura is a great leader in this area.” **Brien O’Connor** (see p.2032) is recognized as a leading practitioner in the FCA space for his work representing major clients in the life sciences and pharmaceutical industries.

Strengths: “Brien is very talented and does a fantastic job on some of the most sophisticated matters.”

Sidley Austin LLP

What the team is known for Sidley Austin offers a strong FCA team which includes a number of former government officials. It is particularly noted for its ability to expertly defend high-profile matters brought against pharmaceutical and medical device manufacturers, biotechnology companies and healthcare providers, while also demonstrating strong capability in defending financial institutions facing FCA allegations.

Strengths

“Sidley has a very strong practice and is active in cases regularly.”

“For healthcare-related matters Sidley has all the bases covered.”

“Sidley is leading in the FCA space.”

Work highlights Sidley Austin represented Albertsons and UNFI in an appeal at the Supreme Court of a consolidated set of False Claims Act cases.

Notable practitioners

Jaime Jones (see p.1733) has demonstrated considerable skill in defending major drug manufacturers and health systems against major false claims allegations. **Strengths:** “Jaime has specialized knowledge and very strong attention to detail.” “She is a great strategist.” “Jaime is a clear thinker who communicates well and provides great advice.”

Scott Stein (see p.710) is noted for his ability to expertly handle FCA claims related to pricing issues for both pharmaceutical companies and medical device manufacturers. **Kristin Graham**

Koehler (see p.611) is renowned for her expertise in False Claims Act investigations. She frequently represents clients in the healthcare and pharmaceutical space.

Band 2 False Claims Act

Hogan Lovells US LLP

What the team is known for Hogan Lovells is regularly recruited to handle complex false claims matters for clients in the healthcare, pharmaceuticals and wider life sciences sectors. The group has considerable expertise in handling claims brought against payors, health systems and hospitals and additionally demonstrates a strong capacity to represent companies in the technological space.

Strengths

“The team provides high-quality client service and has a strong background in the False Claims Act.”

“The partners are highly involved and very responsive, with a sophisticated understanding of the market.”

“The team is uniquely strong. They provide expertly tailored advice.”

“The number-one strength is their expertise combined with their relationship with the top regulators.”

Work highlights Hogan Lovells represented University of Pittsburgh Medical Center in a whistle-blower False Claims Act trial.

Notable practitioners

Jonathan Diesenhaus is extremely reputable for his work within the FCA space, where he regularly advocates on behalf of companies in life sciences and healthcare. **Strengths:** “He is an excellent lawyer and advocate.” “Jonathan is highly knowledgeable and has lots of useful connections.” **Virginia Gibson** is recognized in the market for handling complex FCA matters in the healthcare and pharmaceutical space. She is particularly noted for her skills and expertise at trial. **Strengths:** “She is super-strong in FCA matters. Ginny is well connected, intelligent and hard-working.”

Mitchell Lazris is noted for his considerable experience in the FCA space. His clients include pharmaceutical and medical device manufacturers, research institutes and universities. **Strengths:** “Mitch is a very experienced healthcare FCA lawyer.” “Mitch is a really trusted adviser. He is a go-to contact for very fast and sound advice on issues.” “Mitch has significant credibility with government regulators. He does high-quality work and is highly responsive.”

Latham & Watkins LLP

What the team is known for Latham & Watkins is noted for its considerable capability in handling all manner of FCA cases, as well as for its considerable nationwide presence. The group has developed a particularly strong reputation for its work defending clients against Medicare fraud claims, and for its defense of some of the nation’s biggest health systems.

Strengths

“It is an excellent team to work with.”

Work highlights Latham represented Oracle/Cerner in a False Claims qui tam action where

the relator alleged that Cerner’s electronic health record systems aided several specific hospital defendants in submitting false claims.

Notable practitioners

Daniel Meron (see p.1346) has considerable experience in handling Medicare-related claims, as well as FCA claims related to the Trade Agreements Act. **Strengths:** “He is an expert in the field of healthcare, government investigations and FCA matters. He knows how businesses work and quickly comes up with effective strategies.” **Terra Reynolds** (see p.1751) utilizes her experience as a former prosecutor to defend high-profile companies against FCA investigations.

Band 3 False Claims Act

Morgan, Lewis & Bockius LLP

What the team is known for Morgan Lewis has a distinguished False Claims Act group which is noted for its ability to skillfully handle FCA litigation involving the drug and medical equipment manufacturers, as well as clients in the broader pharmaceutical and life sciences industries.

Strengths

“The team has excellent analytical skills and an ability to organize complex fact situations.”

“The team successfully handles tight deadlines and is responsive to concerns raised by the client.”

“They are terrific FCA litigators with a great deal of knowledge and expertise in that space.”

Notable practitioners

Douglas Baruch is noted for the considerable scope of matters he takes on within the FCA space, with his clients including government contractors, financial institutions and medical device manufacturers. He is also recognized for his intellectual contributions within the sphere.

Strengths: “He has strong subject matter expertise.” **Eric Sitarchuk** provides expert false claims counsel to a number of highly significant clients, including health systems and medical device manufacturers. **Strengths:** “Eric is brilliant. He’s so calm and assured.” “He has worked on really important cases in this area.”

Wiley

What the team is known for Wiley has an experienced practice group with a wealth of expertise in defending FCA claims. The group is held in particularly high esteem for its institutional knowledge and strengths in the government contracting and procurement space, particularly in defense contracts, and assists a number of high-profile clients in the defense and military provisions industry.

Strengths

“Wiley has sophisticated specialists in FCA defense matters.”

“The firm has a deep bench for handling procurement matters. Its government contracts practice is highly regarded and brings industry expertise.”

“Wiley has a wealth of experience dealing with FCA matters. One distinguishing feature of its practice is the attention to the full life cycle of FCA matters.”

“They build their practice intentionally, carefully balancing more experienced counsel with young, energetic lawyers.”

Work highlights Wiley represented AECOM and Amentum National Security Programs in qui tam litigation filed in the US District Court for the Southern District of Texas.

Notable practitioners

Roderick Thomas is recognized as a leading practitioner within the FCA space, and has developed an impressive reputation for his handling of cases involving government contractors and procurement fraud. He continues to represent many major players within the defense space.

Strengths: “Rod is a top practitioner in the FCA defense space.” “Rod is experienced and knowledgeable. He has made a name for himself within the FCA Bar for handling difficult matters with tenacity and insight.” “Rod is a go-to for all things FCA investigation and litigation.” **Mark Sweet** (see p.714) is becoming a go-to lawyer for handling FCA cases concerning government contracts and procurement fraud. **Strengths:** “Mark is very practical and relatable in litigation. He sees the big picture.” “Mark is reliable, practical and well versed in procurement and enforcement issues.” “Mark is an excellent attorney.”

Band 4 False Claims Act

Crowell & Moring LLP

What the team is known for Crowell & Moring has developed a strong reputation for its work defending clients in FCA investigations and litigation, with clients benefiting from the firm’s institutional expertise in regulatory matters. Its team is noted for its particular expertise in government contracting, healthcare and procurement.

Strengths

“Crowell has significant resources and expertise handling FCA investigations for complex companies.”

“They are very attentive to the needs of the matter as well as adept in managing the client’s expectations.”

“The team is incredibly knowledgeable across multiple jurisdictions.”

“They are pretty exceptional. The team is very reasonable and thoughtful.”

“Crowell has top-notch attorneys that obtain reliably good results for us.”

Work highlights Crowell & Moring represented Quantic BEI in an FCA qui tam action filed in the Eastern District of Arkansas, successfully securing a dismissal of the substantive FCA counts.

Notable practitioners

Brian Tully McLaughlin is recognized for his ability to litigate complex FCA matters brought by the government. He is noted for his range of skills both in litigation and investigation, and often represents clients in relation to healthcare and procurement fraud. **Strengths:** “Tully is one of my most trusted advisers.” “Tully is well versed in FCA matters and has produced strong outcomes for us.” “Tully provided excellent representation. He is adept and strategically brilliant.”

King & Spalding LLP

What the team is known for King & Spalding enjoys a robust reputation for its abilities in FCA

matters, housing an experienced group of regulatory lawyers who are noted for their expertise in the life sciences and healthcare sectors. The team are noted for their ability to handle complex investigations and litigation for an enviable array of national and multinational clients.

Strengths

“King & Spalding practitioners have a thorough mastery of the subject matter and are quick communicators.”

“King & Spalding has a very diverse and experienced team of attorneys and legal professionals able to assist with different legal needs and questions.”

“The firm has excellent lawyers with defined specialties.”

“The team has substantial FCA experience, specifically in the healthcare industry, and are also very effective litigators.”

Work highlights King & Spalding represented Shire in two related state qui tam actions in Texas and New Jersey courts.

Notable practitioners

Paul Murphy is a key contact for clients.

McDermott Will & Emery LLP

What the team is known for McDermott’s robust litigation practice leverages the firm’s signature strengths in the healthcare space to advise on complex and high-stakes FCA claims brought against a wide array of health systems, medical device companies and other life sciences companies.

Notable practitioners

Russell Hayman and Laura McLane are key contacts.

Band 1 False Claims Act: Plaintiff

Phillips & Cohen LLP

What the team is known for Phillips & Cohen is widely considered one of the nation’s leading plaintiff-side FCA litigation firms, making frequent appearances in significant and high-value fraud disputes. It offers significant pedigree in the healthcare and cybersecurity fields. Noted for their deep presence across the state, representing clients both nationally and internationally in whistle-blower claims. The firm’s signature strengths include representing whistle-blowers in qui tam cases under the FCA. They are also noted for their work involving the SEC and CTFC.

Strengths

“Phillips & Cohen is the leading light on the plaintiff side.”

Notable practitioners

Marie Louise Cohen and John Phillips are key contacts.

Band 2 False Claims Act: Plaintiff

Constantine Cannon LLP

What the team is known for Constantine Cannon has established a prominent plaintiff-side FCA practice, recognized by peers as a go-to trial firm for whistle-blowers bringing claims in both the pharmaceutical and government contract fraud

area.

Strengths

“Constantine Cannon has the resources to take cases on its own.”

“It is a great firm.”

Notable practitioners

Pietragallo Gordon Alfano Bosick & Raspanti, LLP

What the team is known for Pietragallo Gordon Alfano Bosick & Raspanti has established a notable practice representing qui tam whistle-blowers in both federal and state FCA matters. It is particularly reputable in the healthcare sector.

Strengths

“Pietragallo is a top-notch shop on the plaintiff side.”

“Pietragallo is responsive, dynamic and engaged in every FCA matter.”

“The entire team adds value to a matter and deftly handles very sensitive and complicated issues.”

“The team is superbly talented, superbly experienced and extremely collegial.”

Work highlights Pietragallo Gordon Alfano Bosick & Raspanti represented Mid-Atlantic Emergency Medical Associates and two individual physicians as relators in a qui tam complaint brought against Health Management Associates and EmCare.

Notable practitioners

Pamela Coyle Brecht is chair of the firm’s national qui tam practice. She represents whistle-blowers in the pharmaceutical industry. **Strengths:** “Pamela produces top-notch work and is very hard-working.” **Marc Raspanti** is a seasoned litigator who has vast experience representing relators in both state and federal FCA matters. **Strengths:** “Marc is simply best in class. He is one of the top people in the nation for this complex work. He is committed to excellent work product and is detail-oriented.” “Marc does a tremendous job anticipating what’s coming next and building relationships in a way that helps channel investigations in a direction that is advantageous to his clients.” “Marc is one of the foremost authorities in the qui tam space.”

Other Ranked Lawyers

Eric Havian is a well-known litigator who regularly represents whistle-blowers in qui tam lawsuits. His practice focuses on the life sciences sector. **Strengths:** “Eric is very knowledgeable.”

Enu Mainigi comes highly recommended for her work within the space, where she expertly covers a considerable spectrum of false claim matters. This includes the representation of healthcare systems and providers, government contractors and financial institutions. **Strengths:** “Enu is one of the finest lawyers in the state. She is smart, fearless, excellent in the courtroom and a real strategist.” “She is an extraordinary lawyer. She is on everyone’s shortlist and is very strong in the life science space.” “Enu is one of the premier FCA practitioners in the country.”

Lisa Noller (see p.1747) utilizes her extensive experience as a former civil and criminal prosecutor to expertly defend healthcare and life

science clients against false claims allegations.

Strengths: "Lisa is a very fine lawyer."

Kirk Ogrosky (see p.1350) is recognized for his ability to handle FCA matters in the healthcare space. **Strengths:** "Kirk is an exceptionally talented defense attorney and he has accumulated a tremendous amount of experience in the field."

Robert Salcido (see p.1360) of Akin is noted for

his skills in defending clients from the health-care sector in FCA matters. **Strengths:** "Robert is absolutely exceptional – a False Claims Act expert with an encyclopedic knowledge of the law. He is savvy and a treat to work with." "His understanding of the legal landscape of the FCA, which has been changing, is outstanding."

Band 1

Debevoise & Plimpton LLP

What the team is known for Debevoise & Plimpton LLP have an accomplished FCPA group, which combines notable investigations experience with a deep bench of white-collar attorneys and former federal prosecutors. The practice acts

across wide-ranging global industries including construction, energy, investment banking and consumer goods. The team offers the full gamut of anticorruption and antibribery matters, from providing M&A due diligence advice through to defense during major government investigations. Their attorneys regularly act for clients in complex settlement negotiations involving government agencies in the US and around the world, fielding substantial expertise in matters relating to Latin America.

Strengths

"The team at Debevoise are organized and produce an excellent work product."

"Debevoise have a global team with a broad variety of capabilities. They are very seasoned and strategic."

Work highlights Debevoise secured an acquittal for Hernán López, a former Fox executive, in connection with charges of bribery.

Notable practitioners

Bruce Yannett (see p.2682) is a partner at Debevoise & Plimpton based in their New York office. His highly respected FCPA enforcement practice frequently sees him represent major clients from sectors including technology, energy and financial services. **Strengths:** "Bruce is a leading FCPA lawyer." **Kara Brockmeyer** is a Debevoise partner in their Washington, DC office. As former head of the SEC Enforcement Division's FCPA unit, she offers enviable experience acting in major anticorruption investigations and provides additional expertise counseling clients on FCPA compliance programs. **Strengths:** "Kara is exceptionally smart." "Kara is fantastic. She is thoughtful, detail-oriented and creative with her defense strategy." **Andrew Levine** is a partner at Debevoise who is considered a go-to by Latin American companies facing high-stakes allegations of FCPA violations. He is often called on to conduct internal investigations and advise on compliance programs. **Strengths:** "He has great finesse in his communication and is able to connect with all." "Andrew is exceptionally knowledgeable in his field."

David O'Neil (see p.1350) is cochair of the White Collar and Regulatory Defense practice at Debevoise & Plimpton. He has a notable practice representing companies and executives in FCPA investigations. He brings his experience as former

federal prosecutor to bear in high-stakes trials. **Jane Shvets** is regularly called upon by clients seeking compliance counsel, offering deep expertise in cross-border investigations. **Strengths:** "Jane is extremely thoughtful and diligent. She provides wonderful client care and is deeply knowledgeable about the DOJ and SEC."

Gibson, Dunn & Crutcher LLP

What the team is known for Gibson Dunn & Crutcher LLP's preeminent FCPA practice has deep experience across the full spectrum of anticorruption matters. Their impressive bench strength includes not only US-based experts but also a number of highly skilled practitioners in foreign jurisdictions, with a particular presence in Asia and Latin America. The group is fully equipped to handle complex multijurisdictional investigations, compliance counseling and monitorships. Their practitioners regularly advise major corporates, including Fortune 500 companies, along with boards of directors and senior executives. The practice works across a number of highly regulated sectors, including pharmaceuticals, financial services, energy and technology.

Strengths

"Gibson Dunn provides practical advice and the team is very strong at handling sophisticated work." "Gibson Dunn is a phenomenal firm."

Work highlights Gibson Dunn has advised Deutsche Bank AG regarding its compliance with the terms of its deferred prosecution agreement with the DOJ.

Notable practitioners

Joseph Warin (see p.730) is cochair of Gibson Dunn's global white-collar defense and investigations practice. He maintains his eminent position at the top of the market continuing to be a go-to FCPA expert for multinational blue-chip clients across a myriad of industries. **Strengths:** "Joe is an outstanding lawyer who provides the best and most reasoned advice." "Joe does excellent work and he is a dean of the FCPA Bar." **Richard Grime** (see p.574) is a partner at Gibson Dunn, cochairing the securities enforcement practice. His widely respected practice frequently sees him advise multinational corporations and their high level employees on major and complex FCPA investigations. He is also known for his expertise in SEC enforcement with

an impressive following of financial sector clients. **Strengths:** "Richard is very capable, smart and he does a terrific job." **Patrick Stokes** (see p.712) is cochair of the anticorruption and FCPA practice at Gibson Dunn. He offers impressive government experience, having previously served as head of the FCPA unit at the DOJ, and is regularly called on by corporations facing major investigations by the DOJ and SEC. **Strengths:** "Patrick Stokes is a terrific lawyer in the FCPA space." **Michael Diamant** (see p.541) is a Gibson Dunn partner based out of their Washington DC office. His broad practice encompasses all aspects of FCPA work, from

regulatory and enforcement investigations to the implementation of compliance programs. He has played a significant role in several high profile investigations, particularly for major oil and gas companies. **Strengths:** "Michael is extremely responsive and provides answers with practical solutions." "He is very resourceful, articulate and thoughtful."

Paul Hastings LLP

What the team is known for Paul Hastings' versatile anticorruption group is frequently retained to advise major corporations from a variety of

industry sectors. The practice regularly defends clients facing high-stakes FCPA investigations by government agencies as well as providing due diligence and compliance advice relating to substantial company acquisitions. They are noted experts in matters arising from areas such as life sciences and energy with considerable international experience, regularly handling multijurisdictional cases involving countries in Latin America, Asia and Europe. The group is also recognized for its increasing expertise in monitorships.

Strengths

"Paul Hastings has a top notch team which is very knowledgeable and experienced in their area."

"The firm knows that the goal is to best assist the client and the team works collaboratively to achieve that outcome. They are always very coordinated in their approach and in the sharing of information."

"Paul Hastings is a sophisticated firm that is both responsive and timely."

Work highlights Paul Hastings represented Companhia Energética de Minas Gerais in DOJ and SEC investigations regarding potential FCPA violations in relation to the company's various acquisitions and contracts.

Notable practitioners

Timothy Dickinson is senior counsel at Paul Hastings. He is an anticorruption specialist with extensive experience handling FCPA-related issues for clients from a broad array of industries. He continues to assist clients with compliance issues, including overhauling global policies and overseeing monitorship programs. **Robert Luskin** is a partner at Paul Hastings who demonstrates substantial experience handling high-stakes FCPA-related investigations and enforcement proceedings for major companies, achieving a number of high profile settlements on behalf of his clients. **Strengths:** "Robert is a brilliant lawyer who is very adept at managing complex issues. He is extremely strong at distilling considerable amounts of information to gather the true issues at hand and present these to authorities in a clear, concise and transparent manner." "Bob is very experienced, knowledgeable and he has tremendous judgment." **John Darden** (see p.536) is a Paul Hastings' partner and seasoned practitioner with notable experience conducting internal investigations. He is frequently called upon to advise on FCPA compliance matters and to represent individuals and corporations under investigation by the DOJ and SEC. **Strengths:** "Jay is a terrific lawyer. He is a really smart and talented advocate." **Nathaniel Edmonds** cochairs Paul Hastings' DC litigation group and previously served in high ranking positions in the FCPA unit of the DOJ's fraud section. He brings this impressive experience to bear in the defense of clients involved in major DOJ and SEC investigations. **Strengths:** "Nathaniel is very calm and measured in his reactions." **Corinne Lammers** (see p.616) is a partner at Paul Hastings based out of their Washington, DC office. She is noted for her significant experience in enforcement, investigations and compliance program strategy. **Strengths:** "Corinne is an excellent lawyer for coordinating and delivering large engagements with numerous work streams. She provides a flexible and innovative approach to finding a solution." "She is a smart and capable

lawyer." "Corinne is very calm and measured in her reactions." **Kwame Manley** (see p.1344) co-chairs the global litigation department at Paul Hastings. He is noted for his experience as a DOJ-appointed monitor as well as representation for clients facing investigations into global FCPA violations.

Strengths: "Kwame is very adept at handling client needs and expectations and his client management skills are very strong. He is very focused on the key issues and the tasks that must be completed to move cases forward toward resolutions." "Kwame is a supremely talented advocate." "He knows the law extremely well and has very good relationships with clients."

WilmerHale

What the team is known for WilmerHale's highly regarded white-collar group counsels and defends corporate clients during investigations and enforcement actions. The practice provides extensive advice during internal investigations as well as on structuring FCPA compliance programs and transactional due diligence. The team possesses considerable international expertise, particularly in matters concerning Asia, Latin America and the Middle East. Their practitioners represent clients from a broad range of industries, including global leaders in technology, financial services and healthcare. They also provide further expertise guiding clients through post-settlement reporting obligations to regulators.

Strengths

"The team at Wilmer is incredibly knowledgeable about practice areas, trends and the priorities articulated by enforcement authorities in US. They provide knowledgeable advice that is also tailored to the business."

"WilmerHale has an excellent handle of complex issues in the FCPA space."

"The firm is exceptional in this area. The team is very practical and hands-on."

Work highlights WilmerHale represented Fresenius Medical Care as FCPA compliance monitor.

Notable practitioners

Jay Holtmeier is coleader of the FCPA and anti-corruption group at WilmerHale. He is a fine choice of counsel for clients under investigation for alleged FCPA violations, as well as those seeking to implement compliance programs.

Strengths: "Jay is incredible knowledgeable about the FCPA. He handles thorny FCPA issues with finesse." "He has a strong understanding of investigations." "Jay is a superb lawyer." **Kimberly Parker** is cochair of WilmerHale's white-collar defense and investigations practice. She offers expertise in the full range of FCPA-related issues, including regulatory and internal investigations and compliance programs. **Strengths:** "Kim is just fantastic and exceptional in every way. She is able to analyze complicated facts really quickly and solve the issues very fast." "Kim Parker is one of the best FCPA lawyers around. She is extremely credible and hard-working." "She is a go-to for FCPA advice."

Erin Sloane is a WilmerHale partner based in their New York office. She has a well-regarded FCPA practice which encompasses high profile corporate monitorships, compliance counseling and the handling of government investigations on behalf of both individuals and corporate clients.

Strengths: "Erin is widely respected by the government and the defense bar. She is unflappable, tactical, thoughtful and measured." "Erin is extremely knowledgeable." "She is a very talented lawyer."

Christopher Cestaro is a Washington, DC based partner at WilmerHale. He has an excellent pedigree in advising clients in FCPA investigations and high profile enforcement matters, with clients benefiting from his wealth of experience as the former chief of the DOJ's FCPA unit. **Strengths:** "Chris does a great job of distilling his advice in a way that is always clear and easy to follow." "Chris is very precise in his answers and very direct. He cuts to the chase and provides his advice in a streamlined manner." "He is extremely knowledgeable."

Band 2

Covington & Burling LLP

What the team is known for Covington & Burling LLP has a strong white-collar defense practice, advising on a variety of antibribery and anti-corruption compliance issues. The firm fields a robust bench of accomplished practitioners with substantial prior experience in government agencies who regularly investigate and resolve FCPA investigations for a roster of significant clients. The group is able to call on a strong network of experts across the US, along with noted practitioners in the firm's London and Shanghai offices. Their attorneys are recognized for their impressive understanding of global anticorruption matters, most notably in the pharmaceutical and technology industries.

Work highlights Covington & Burling advised a Fortune 500 agriculture sector company on the compliance aspects of transactions in Africa.

Notable practitioners

Lanny Breuer (see p.1312) is vice chair at Covington & Burling where he offers expertise in major FCPA investigations and anticorruption issues as part of his prominent white-collar criminal defense practice. **Strengths:** "Lanny is a true expert who provides incredible client service and has an unbelievable rapport with government regulators." **Steven Fagell** (see p.1323) is cochair of the white-collar defense and investigations practice at Covington & Burling. He draws on substantial prosecutorial experience to advise corporations and individuals from a broad range of industries, including the energy, financial services and pharmaceutical sectors. **Strengths:** "Steven is an excellent FCPA attorney and a very sophisticated advocate." **Donald Ridings** (see p.680) is chair of Covington & Burling's anticorruption practice. He has considerable experience assisting clients with FCPA and anticorruption compliance, with a strong following of clients in the life sciences sector. He also has expertise handling multi-jurisdictional investigations. **Veronica Yopez** (see p.740) heads Covington's anti-corruption and investigations practice in Latin America. She is adept at advising clients on government and internal investigations, as well as providing assistance on compliance programs.

Davis Polk & Wardwell LLP

What the team is known for Davis Polk's robust practice possesses deep expertise defending clients in high-stakes global FCPA investigations. The practice leverages its considerable weight in corporate matters to provide comprehensive advice on compliance during key transactions and internal reviews. They are able to draw on the firm's significant global network to represent clients in multijurisdictional matters involving countries across Asia, South America and Europe. Their broad client roster includes financial services institutions, multinational pharmaceutical firms and leading technology companies, as well as individual executives.

Strengths

"The team provides very good service and they have very smart lawyers."

"The firm has a very strong FCPA practice with experience around the world."

"Davis Polk are very strong when it comes to advising on complex and sophisticated matters."

Work highlights Davis Polk secured a coordinated resolution of investigations by the DOJ and SEC for Grupo Aval Acciones y Valores S.A in connection with allegations of improper payments to public officials.

Notable practitioners

Daniel Kahn (see p.599) is a Davis Polk partner based out of their Washington, DC office. As a former head of the FCPA unit at the DOJ, he is held in high regard for his mastery of FCPA-related issues. He is capable of assisting clients with both investigations and trials. **Strengths:** "Daniel is extremely knowledgeable and very good at seeing the nuances needed in this practice. He is incredibly responsive." "He is exceptionally smart."

Angela Burgess (see p.516) is senior counsel at Davis Polk, based in their New York office. She is routinely called on to represent corporations under investigation by the DOJ and SEC for FCPA violations, and offers additional expertise in the implementation of complex compliance programs.

Strengths: "Angela is fantastic to work with. She is an incredibly experienced FCPA attorney who consistently combines technical legal excellence with a pragmatic approach." **Greg Andres** (see p.2529) is cohead of the white-collar defense and investigations practice at Davis Polk. He is regularly called upon by clients across the construction and engineering industries to conduct complex, cross-border investigations. **Strengths:** "Greg is excellent and he commands the respect of government prosecutors." **Tatiana Martins** (see p.2616) is a New York based partner at Davis Polk. She is well known for her focus on Latin America, counseling clients through FCPA investigations, internal reviews and compliance matters.

Kirkland & Ellis

What the team is known for Kirkland & Ellis' skilled white-collar defense group boasts strong expertise in FCPA-related matters and international antibribery laws. The practice is experienced in handling multijurisdictional investigations on behalf of large multinational companies, not least in private equity and financial services. Their lawyers work with clients on their internal requirements concerning anticorruption,

including compliance advice and due diligence. The group is able to bring to bear the firm's wider expertise on related areas of risk including securities litigation, economic sanctions and money-laundering issues. They also draw upon a global footprint to provide an integrated approach to complex cross-border proceedings.

Strengths

"Kirkland is an excellent firm that prides itself on responsiveness and talent."

Work highlights Kirkland & Ellis represented Flutter Entertainment in an investigation by the SEC in connection with the company's anti-corruption training and protocols.

Notable practitioners

Renowned white-collar attorney **Mark Filip** (see p.1723) leads Kirkland & Ellis's government enforcement and investigations group, a role which sees him frequently called on by household-name companies to guide them through complex and high-stakes FCPA investigations. **Asheesh Goel** (see p.1726) splits his time between Kirkland & Ellis' offices in Chicago and Washington DC. He maintains a broad FCPA practice, and is particularly noted for his representation of private equity and asset management firms facing scrutiny from government agencies for potential FCPA violations.

Miller & Chevalier Chartered

What the team is known for Miller & Chevalier Chartered maintain a strong standing in anticorruption matters involving the FCPA. Their superb compliance offering has extensive experience in everything from transactional due diligence to major corporate monitorships. The broad spread of talent level fields a strong group of attorneys with notable cross-border expertise. The practice is frequently called upon to handle high-stakes global investigations involving jurisdictions considered at high risk for corruption, including vast experience in Latin American matters. The group is active across a wide range of sectors, including life sciences, energy and telecommunications.

Strengths

"Miller & Chevalier have lawyers that are deeply knowledgeable and extremely practical in their advice to clients."

"The team provides superb service. They have consistent high quality lawyering combined with an accessible approach."

Work highlights Miller & Chevalier Chartered represented Albemarle Corporation in connection with its FCPA settlement discussions with the DOJ and SEC. This resulted in a non-prosecution agreement.

Notable practitioners

Kathryn Cameron Atkinson (see p.494) is chair of Miller & Chevalier. She is considered a leading figure in the world of FCPA compliance, and frequently advises clients on internal investigations, regulatory compliance programs and SEC and DOJ enforcement actions. **Strengths:** *"Kate is pragmatic, practical and deeply experienced."* *"She is terrific and smart."* *"Kate is a preeminent practitioner in this space."* **James Tillen** (see p.719)'s broad FCPA practice sees him advise clients on a vast array of anticorruption-related issues, including the defense of cross-border investi-

gations and the design and implementation of compliance programs. **Strengths:** *"James has remarkable intellect and an incredible grasp of detail."* *"He has an incredible amount of experience and is very generous with his time and insight."* *"He is a great lawyer and a strong legal source on just about every compliance issue."* *"James is a practical and pragmatic lawyer with an excellent bedside manner."* **William Barry** (see p.1307) chairs the litigation group at Miller & Chevalier. He maintains an active FCPA investigations and compliance practice, representing an impressive number of clients with operations in Latin America and Southeast Asia. **Strengths:** *"He is highly credible, extremely thorough and very good at working with his client and the government."* *"Will offers very practical advice."* **Matteson Ellis** (see p.547) leads the Latin America practice at Miller & Chevalier. He gains recognition for his compliance and investigatory expertise in the FCPA space with a noted focus on Latin America. **Strengths:** *"Matt has fantastic regional expertise in Latin America and he is very practical."* *"He is an expert in all things Latin America."*

Morrison Foerster

What the team is known for Morrison Foerster's thriving FCPA practice with a strong bench of attorneys that includes a number of former federal prosecutors and regulatory experts. Frequently conducts internal investigations on behalf of large corporations and their executives, as well as advising on complex anticorruption investigations brought by the US and international governments. Particularly noted for its strong reputation in the technology space and in Asian markets. Also has an impressive client roster in the pharmaceutical, construction and retail sectors, and a growing reputation in Latin America. Handles a broad range of compliance matters including corporate monitorships.

Strengths

"The team at Morrison Foerster is very knowledgeable and up to date on trends as well as on enforcement policies. They have a range of experts who are very professional and always responsive."

"The firm is knowledgeable and practical."

Work highlights Morrison Foerster represented Novartis before the DOJ and SEC in connection with an alleged bribery scheme in Greece.

Notable practitioners

Charles Duross (see p.545) is coleader of Morrison Foerster's FCPA and global anticorruption practice. He draws widespread acclaim for his sophisticated handling of a broad range of FCPA-related issues, including DOJ and SEC investigations, export sanctions and compliance monitoring. **Strengths:** *"Chuck's FCPA credentials make him the expert on corruption matters. He is knowledgeable, practical and solution-oriented."* *"Chuck is able to reduce complex cases to key themes, to cut through all the difficult detail to highlight the issues that matter."* **James Koukios** (see p.613) coleads the FCPA and global anticorruption practice at Morrison Foerster. He is called on by corporations and their high ranking employees to guide them through complex regulatory investigations and to conduct internal investigations. **Strengths:** *"James is a fantastic lawyer who is*

great with clients." **Ruti Smithline** (see p.2663) is cochair of Morrison Foerster's Latin America Desk where she is noted for her significant experience leading both internal and external investigations for clients with operations in Latin America.

Ropes & Gray LLP

What the team is known for Ropes & Gray LLP boasts an international practice with extensive multijurisdictional expertise, regularly defending clients in FCPA investigations and enforcement proceedings. The practice is adept at handling matters concerning violations of both US and foreign anticorruption laws, such as the UK Bribery Act. They also have significant experience in transactional due diligence concerning anticorruption, anti-money laundering and sanctions laws. Their practitioners have notable experience in the private equity space as well as advising a number of pharmaceutical, energy and technology companies. They are also well equipped to serve as independent compliance monitors for large corporations. The practice continues to increase its coverage in Latin America.

Strengths

"Ropes & Gray is always there, even on short notice, for calls and meetings. The service level and responsiveness is outstanding."

"The firm is very sophisticated, resourceful and has strong relationships globally that helps ensure an investigation touches on all the necessary areas."

Work highlights Ropes & Gray LLP represented Avianca Holdings S.A. in investigations by the DOJ, SEC and various Colombian law enforcement and regulatory authorities in connection with business practices and alleged misconduct.

Notable practitioners

Alexandre Rene (see p.678) is a partner at Ropes & Gray based in their Washington, DC office. He is called on by corporations and their executives facing regulatory investigations and complex allegations of FCPA violations. He is noted for his experience in corporate monitorships. **Strengths:** *"He is sharp, focused and efficient."* *"Alex is outstanding, smart and easy to work."* *"Alex is a phenomenal practitioner."* **Ryan Rohlfen** (see p.1753) cochairs the Ropes & Gray anticorruption group and is frequently called on by domestic and international companies under investigation by US regulators for alleged bribery and FCPA violations. **Strengths:** *"Ryan is very familiar with the law and with the nuances of local businesses in a wide range of countries."* *"Ryan is absolutely excellent."* **María González Calvet** (see p.570) is cochair of Ropes & Gray's global anticorruption and international risk practice. She is recognized for her breadth of experience as a former federal prosecutor and in-house corporate counsel, as well as her leadership in major investigations involving Latin America. **Strengths:** *"Maria has deep experience in Latin America and has great knowledge on anti-bribery issues."* *"Maria provides good advice on issues and she is a real pro when it comes to the FCPA."*

Band 3

Latham & Watkins LLP

What the team is known for Latham & Watkins have a notable international practice with a deep bench of former federal prosecutors and SEC officials. The practice is well equipped to handle major cross-border investigations, including those arising out of alleged FCPA violations and other anticorruption matters. The team also provides ongoing compliance advice, including the structuring and implementation of compliance programs. Their practitioners act for clients in cases across multiple jurisdictions including in Africa, the Middle East and Asia. They regularly represent companies and individuals in the financial services and pharmaceutical industries, among others.

Strengths

"Latham is a really terrific firm with the ability to conduct nuanced analysis, apply good judgment and explain things very clearly."

"The team at Latham is smart, practical and collaborative."

"Latham is a very easy firm to work with. The advice provided is reliable and accessible."

Notable practitioners

Alice Fisher (see p.1323) is a notable white-collar defense attorney at Latham & Watkins who frequently undertakes FCPA mandates, including major investigations and compliance advice, as part of a broader criminal practice. **Strengths:** *"Alice is really outstanding at handling big matters and navigating the whole enforcement constellation at the US government."* *"She is a deep, thoughtful and strategic advisor when it comes to investigations, whether this is internal or governmental."* *"Alice is an investigations superstar."*

Douglas Greenburg (see p.1328) is an experienced practitioner who advises an impressive array of clients on a range of FCPA issues, including corporate compliance and regulatory proceedings. **Strengths:** *"Doug is fantastic. He is both bright and sharp."* *"He is someone to call with the most difficult and sensitive matters."* *"Doug is a very smart lawyer."*

Simpson Thacher & Bartlett LLP

What the team is known for Simpson & Thacher's impressive FCPA practice is experienced in representing corporations and individual clients in high-stakes DOJ and SEC investigations. The practice is able to draw on the expertise of a number of attorneys with significant experience serving in high level government positions. The group demonstrates further expertise in counseling clients on the development and implementation of corporate compliance programs. Their lawyers hold an impressive portfolio of clients in a range of sectors, including telecoms and medical device companies.

Strengths

"Simpson & Thacher have a very strong team."

Notable practitioners

Jeffrey Knox is the global cohead of Simpson Thacher's government and internal investigations practice. He is recognized for his impressive FCPA expertise, with recent standout mandates for global financial institutions and energy

companies among other corporates, as well as individual executives. **Strengths:** *"Jeff is a high quality lawyer who has an excellent perspective on matters. He understands cases from multiple different dimensions."* *"Jeff is one of the best lawyers in the country."* *"He is a tremendous person and a wonderful advocate."* As the former head of the SEC's FCPA unit, **Cheryl Scarboro** brings impressive government experience to bear at Simpson Thacher. She focuses her practice on representation of clients facing complex enforcement proceedings and investigations.

Band 4

Cadwalader, Wickersham & Taft LLP

What the team is known for Cadwalader Wickersham offer a preeminent white-collar defense practice which boasts experienced FCPA practitioners. Adept at handling corporate representations, the practice is well versed in enforcement counsel as well as compliance advice. The group is frequently called upon to represent clients across highly regulated industries such as energy, pharmaceutical and national defense.

Strengths

"The firm has a deep bench of exceptional associates and partners."

"The team at Cadwalader is very knowledgeable and helpful on complex investigations matters. The service is impeccable and efficient with the client always being kept up to date on the latest developments."

Notable practitioners

Martin Weinstein leads the compliance, investigations and enforcement practice at Cadwalader. He is an expert enforcement and investigations lawyer with notable experience defending major companies in FCPA investigations and assisting in corporate compliance. **Strengths:** *"Martin possesses exceptional knowledge of the subject matter. He is a great strategist and a pleasure to work with."* *"Martin is an expert in this space."* **Jeffrey Clark** is a Washington, DC based partner at Cadwalader. He undertakes a variety of FCPA-related work, including the development and implementation of corporate compliance programs and the representation of clients under investigation by the DOJ. **Strengths:** *"Jeff is a very good attorney."*

Hughes Hubbard & Reed LLP

What the team is known for Hughes Hubbard is noted for its role in a number of major investigations, with an impressive client following in the construction, energy and aerospace sectors. The practice advises clients on internal investigations and compliance reviews, as well as providing transactional due diligence and monitorship assistance.

Work highlights Hughes Hubbard represented Airbus with respect to a number of internal investigations in multiple jurisdictions, relating to allegations or suspicions of potential wrongdoing by employees, third party agents, resellers, distributors and suppliers.

Notable practitioners

Laura Perkins (see p.666) is cochair of the anti-corruption and internal investigations practice at

Hughes Hubbard. She is a fine choice of counsel for individual and corporate clients facing DOJ and SEC investigations into potential FCPA violations, and is frequently called on by boards to conduct internal investigations. **Strengths:** *"Laura is a terrific lawyer."* **Kevin Abikoff** (see p.488) is cochair of Hughes Hubbard's anticorruption and internal investigations practice. He provides a range of services to clients, covering investigations, compliance review and risk assessments.

Paul, Weiss, Rifkind, Wharton & Garrison LLP

What the team is known for Paul, Weiss, Rifkind, Wharton & Garrison LLP consists of a strong FCPA practice, bolstered by significant capabilities in white-collar defense and securities law. Their enviable bench includes a number of former senior government officials and prosecutors, adept at navigating highly complex FCPA investigations brought by government agencies as well as those conducted internally. The practice also demonstrates strength in transactional support and the development of risk-based compliance programs. The group is also noted for its expert defense of leading domestic and foreign corporations, as well as individual senior executives from a wide variety of industries, including energy, construction and financial services.

Strengths

What the team is known for Hogan Lovells are a global firm with substantial capabilities in FCPA matters and notable expertise in handling high profile investigations by the DOJ and SEC. The practice also provides assistance with internal investigations and compliance advice. Their impressive client list includes multinational corporations from a variety of sectors, such as pharmaceuticals, technology and energy. The group is known for its global anticorruption expertise, particularly in World Bank investigations and overlap-

ping FCPA issues.

Strengths

"When seeking global advice for an issue, Hogan can quickly leverage subject matter experts from around the globe to collaborate on a concise work product."

"The team at Hogan is great to work with and is filled with very smart lawyers."

"Hogan Lovells provides a very strong service."

Notable practitioners

Peter Spivack is a Hogan Lovells partner based in Washington, DC. He is an esteemed white-collar litigator who frequently represents clients involved in complex corruption-related DOJ and SEC investigations. **Strengths:** *"Peter is great to work with. He is smart and affable."*

Kaplan Hecker & Fink LLP

What the team is known for Kaplan Hecker & Fink LLP is an east coast boutique law firm with offices in Washington, DC and New York. Their litigation prowess sees them well placed to assist clients in both internal and government facing investigations. The firm is particularly well known for their individual representation, providing senior executives and high-profile individuals criminal defense and counsel through complex anticorruption and bribery investigations.

Strengths

"Kaplan Hecker has a fantastic bench of former prosecutors and federal defenders."

"The firm has excellent lawyers who are zealous advocates for their clients."

"The team at Kaplan Hecker is incredibly easy to work with. They are really adept at dealing with investigations."

Work highlights Kaplan Hecker & Fink LLP represented Gina Zhou, a former employee of an NGO, in a case brought by the Attorney's Office for the Southern District of New York regarding charges of conspiracy to violate the FCPA and other related charges.

Notable practitioners

Sean Hecker (see p.581) is a founding partner of Kaplan Hecker & Fink. He represents individuals and corporations involved in complex multijurisdictional FCPA violations as part of his prominent white-collar practice. **Strengths:** *"Sean is an absolutely terrific lawyer. He is very strategic and possesses great judgment."* *"Sean is a very smart guy who is able to understand complex issues. He also has great common sense and knows the intricacies of government and foreign jurisdictions."* *"He is a phenomenal attorney."* **Mike Ferrara** (see p.2568) is a partner at Kaplan Hecker & Fink based in New York. He draws on his experience as a former federal prosecutor to represent executives in FCPA investigations. **Strengths:** *"Mike is absolutely fantastic and a great trial lawyer."*

Mayer Brown LLP

What the team is known for Mayer Brown LLP features significant governmental and in-house experience in its burgeoning FCPA team. Their impressive track record includes acting for clients with operations in Latin America and Asia. The team holds multidisciplinary expertise, including compliance reviews, investigations and corporate defense.

Work highlights Mayer Brown LLP represented two of the senior FTX executives, Ryan Salame and Sam Trabucco in DOJ, SEC, CFTC and other investigations, regulatory inquiries, bankruptcy and liquidation proceedings and litigation surrounding the collapse of FTX.

Notable practitioners

Jason Linder (see p.624) is cochair of the global investigations and white-collar defense practice at Mayer Brown. He offers experience handling compliance and internal investigations matters as well as complex investigations by the DOJ and SEC. **Strengths:** *"He really understands what the client needs but also goes above and beyond to deliver it. Jason is the guy you want when negotiating with the DOJ."* *"Jason has excellent subject matter expertise on the FCPA."* *"He is smart and very capable."*

McDermott Will & Emery LLP

What the team is known for McDermott Will & Emery LLP houses distinguished white-collar practitioners adept at representing top companies and high profile individuals in complex FCPA investigations. The group also offer notable strength in corporate monitorship roles and compliance programs.

Notable practitioners

Guy Singer (see p.703) maintains a broad practice encompassing corporate monitorship roles, compliance programs and criminal investigations. **Strengths:** *"Guy is incredibly experienced and very good at handling complex work."* *"Guy is very practical and he can navigate thorny issues in this space."* *"He is a phenomenal lawyer."* **Anne Murray** (see p.649) is adept at advising clients on FCPA investigations and anticorruption compliance. **Strengths:** *"Anne is incredibly well organized and makes the whole process seamless."*

Morgan, Lewis & Bockius LLP

What the team is known for Morgan Lewis & Bockius LLP has a notable FCPA practice which consists of a number of former prosecutors and in-house counsel. With a strong global footprint, the firm is able to provide global advice and representation for clients responding to anticorruption and bribery inquiries across multiple jurisdictions.

Notable practitioners

Sandra Moser is a partner at Morgan Lewis and former chief of the DOJ's fraud section. On top of her trial experience, she advises on FCPA-related investigations and provides M&A due diligence. Her client roster includes high profile executives and large corporations. **Strengths:** *"Sandra is a terrific lawyer."* Miami-based **Alison Tanchyk** is a partner at Morgan Lewis. She provides a range of FCPA-related services, from antibribery risk assessments and compliance reviews to sensitive internal investigations.

Orrick, Herrington & Sutcliffe LLP

What the team is known for Orrick Herrington have a well-regarded group with significant experience in the full range of FCPA matters. The practice is frequently engaged to represent clients in investigations by the DOJ and SEC regarding potential FCPA violations and alle-

gations of corruption, as well as assisting with internal investigations. The group also provides ongoing compliance advice and has a well-established monitorship practice. Their attorneys are able to advise clients from a range of industries, including the oil and gas and healthcare sectors.

Strengths

"The firm's service is excellent."

Notable practitioners

David Krakoff is a partner at Orick Herrington's Washington, DC office. He is a seasoned criminal defense attorney who brings extensive experience representing clients facing alleged FCPA violations. **Strengths:** *"David is a phenomenal advocate and a terrific FCPA practitioner."*

Quinn Emanuel Urquhart & Sullivan, LLP

What the team is known for Quinn Emanuel Urquhart & Sullivan, LLP are a highly respected litigation shop increasingly recognized for its FCPA capabilities. The practice is called on by major corporations facing complex investigations by the DOJ and SEC. Its strong global footprint lends itself to deft handling of cross-border matters.

Strengths

"The team at Quinn Emanuel is talented, knowledgeable and extremely responsive."

"The firm has strong litigators and negotiators that provide excellent service."

Work highlights Quinn Emanuel Urquhart & Sullivan, LLP advised Javier Aguilar on two sets of FCPA charges and money laundering charges brought by the EDNY and DOJ related to bribery.

Notable practitioners

William Burck is cochair of Quinn Emanuel's investigations, government enforcement and white-collar criminal defense group. He is widely acknowledged as a leading criminal defense attorney with a practice which sees him called on by corporate entities and individuals involved in high-stakes FCPA-related DOJ and SEC investigations. **Strengths:** *"He does a great job in sophisticated FCPA matters." "Bill is an excellent lawyer."*

Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates

What the team is known for Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates offers extensive transactional expertise, readily combined with an impressive global network of resources. The practice frequently advises clients with substantial international interests on M&A due diligence matters, and also regularly defends clients facing investigation under the FCPA and other anticorruption statutes. The group represents high level corporate clients across a range of industries, including healthcare and energy. They are also experienced in representing senior executives facing allegations of FCPA violations and corruption.

Strengths

"The partners at Skadden are able to take very complex and multifaceted cases and distill them into manageable work streams while making sure the client experience is positive."

"Skadden is a very reliable partner in helping digest the issues and providing constructive responses to

matters. The firm works diligently and on schedule and produces outcomes that are very reliable."

Work highlights Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates represented Cemex, S.A.B. de C.V in an FCPA investigation brought by the DOJ and the US Attorney for the Southern District of New York.

Notable practitioners

Bradley Klein based in Washington, DC is a key contact.

Willkie Farr & Gallagher LLP

What the team is known for Willkie Farr & Gallagher LLP's well-regarded practice regularly serves as FCPA counsel to high profile individuals and corporations. The practice is known for advising clients across a range of industry sectors during investigations that often concern widespread international operations. The team also offers high-level expertise in relation to transactional due diligence and the structuring of compliance programs. The group is particularly active in the oil and gas, financial services and manufacturing sectors. They are also adept at handling investigations across multiple jurisdictions with support from its global office network.

Strengths

"The firm has a great team of legal professionals that provide excellent service."

"The team at Willkie provides practical and understandable advice."

Notable practitioners

Robert Meyer (see p.642) is a partner at Willkie Farr, based in Washington, DC. He is routinely called on by clients to conduct internal investigations and to advise on complex FCPA-related enforcement proceedings. He also has significant experience assisting clients with compliance programs, as well as investment due diligence. **Strengths:** *"Bob is a brilliant lawyer and the work he does is outstanding." "Robert is very practical and efficient. He knows the players and processes at the DOJ and he has a good gut feeling for these matters."*

Other Ranked Lawyers

Robert Anello is an experienced white-collar and investigations lawyer at Movillo Abramowitz Grand Iason & Anello P.C. He regularly defends companies and individual executives facing allegations of FCPA violations. **Strengths:** *"Robert has the experience and gravitas to help resolve issues. He understands the dynamics of overseas transactions and he can handle the most complicated matters." "He is a terrific lawyer."*

Brock Bosson is a partner at Cahill, based in New York. He is developing a strong practice in investigations and compliance with multinational corporations across a range of industries benefiting from the breadth of his expertise. **Strengths:** *"He is agile in his approach which is essential when dealing with complex situations that keep unraveling during investigations." "He has an eye for detail and is able to anticipate the issues that arise." "Brock has great expertise on FCPA issues and he is client-friendly."*

Palmina Fava is cohead of the government inves-

tigations and white-collar defense practice at Vinson & Elkins LLP. She has a wide-ranging anticorruption practice that sees her regularly advise corporates facing FCPA investigations and enforcement matters worldwide, with notable expertise in Latin America. **Strengths:** *"Palmina is terrific with clients." "Palmina is a trusted advisor."*

Markus Funk (see p.1127) advises clients on a range of FCPA issues, covering internal investigations, compliance and voluntary disclosures. He is based in Denver and is cochair of the supply chain compliance practice at Perkins Coie LLP.

Tarek Helou of Wilson Sonsini Goodrich & Rosati is a partner based in the firm's Washington, DC office. He maintains a broad offering representing clients in internal investigations and government enforcement matters. He draws on his experience as a former supervisor in the FCPA unit to expertly assist clients in complex cases.

William Jacobson is a founding partner of Jacobson Lopez PLLC. He has impressive experience both as in-house counsel and a government prosecutor. He advises clients on compliance programs and regulatory investigations. **Strengths:** *"William Jacobson is a strategic thinker and a very good communicator. Clients love him and he is very impressive in FCPA matters."*

David Kelley of O'Melveny & Myers LLP is an experienced litigator and investigations lawyer with expertise handling the full range of anticorruption work for clients from industries including financial services and energy.

Christopher Manning cochairs Williams & Connolly's Arbitration and FCPA and Cross-Border Investigations groups. He is called upon by major corporations and individuals to advise on FCPA compliance and Anti-Terrorism Act litigation. **Strengths:** *"Chris is incredibly thorough and helpful." "He is incredibly thoughtful and easy to work with." "Chris is very responsive and he understands the subject matter of any litigation. He provides excellent feedback and his drafting of briefs and motions is impeccable."*

Brian Markley is a Cahill Gordon & Reindel partner based in New York. He assists corporate clients with sensitive internal investigations and compliance policy formation relating to FCPA, and has additional experience conducting transactional due diligence. **Strengths:** *"Brian is always available and demonstrates very high standards of knowledge in this area." "Brian is just amazing to work with."*

Steven Tyrrell of Brown Rudnick LLP draws on his experience as former head of the DOJ's fraud section, to offer impressive experience handling big-ticket investigations and regulatory enforcement proceedings. He is also well versed in handling compliance matters.

David Zinn cochairs Williams & Connolly's Criminal Defense and Investigations practice. He is an esteemed defense lawyer with a notable white-collar and FCPA, as well as criminal tax practice. **Strengths:** *"David is a legend." "He is a tenacious lawyer." "David is a very seasoned and talented lawyer."*

A&O Shearman

What the team is known for A&O Shearman is noted for its talented group in the broker-dealer space, with a respected practice weighted toward the provision of compliance advice. It combines broker-dealer expertise with specialist knowledge of the banking and asset management spaces to provide clients with a holistic advisory service. Advises on all aspects of US broker-dealer regulation, and noted for its work on cross-border transactional matters. The team is also experienced in handling the full range of Dodd-Frank and Volcker Rule matters in the banking space, as well as anti-money laundering rules and sanctions law. It has a strong international presence ensures that the team is also able to advise on EU, UK and other regulatory systems. It has further experience in advising financial institutions on cryptocurrency regulatory issues.

On 1 May 2024, Allen & Overy and Shearman & Sterling merged to form A&O Shearman.

Strengths

"The team members are experts in their fields and show great scope to their individual areas of coverage."

"The firm has the breadth to handle complex issues involving multiple statutes and the depth to handle the specific rules and regulations that have been promulgated by the regulatory agencies."

"The team bring a high degree of expertise, along with a commercial perspective, to each complex issue presented."

"The team have their fingers on the pulse of the markets. They know what's important and, crucially,

what will be important in the ever-changing field of bank and dealer regulation."

"The firm's financial services regulatory practice is well rounded and keeps the big picture in mind when providing advice."

Work highlights The firm advised Intercontinental Exchange in its agreement to acquire a FinTech that specializes in mortgage data analytics, Black Knight.

Notable practitioners

Barbara Stettner (see p.711) impresses with the strength of her broker-dealer advisory practice, which encompasses compliance with directives established under the Dodd-Frank Act. **Strengths:** "Barbara provides highly commercial advice that is easily digestible by colleagues."

"Barbarahas outstanding judgement and a good business sense when it comes to achieving goals efficiently and effectively."

"She brings a breadth of knowledge to the table and provides great guidance." **Adam Hakki** is co-chair of the global A&O Shearman board and executive committee. He has impressive experience of handling contentious matters including antitrust class actions. He is regularly involved in advising on investigations by the DOJ, SEC, CFTC and FINRA. **Strengths:** "Adam is absolutely superb. He is amazing at putting clients at ease and exceptional in every sense."

"Adam is brilliant, grounded and wise." "Adam has excellent judgement, is thoughtful and knows people around the industry. He is very thoughtful, practical and efficient." **Lena Kiel** (see p.606) y (see

p.606) is noted for her expertise advising clients on a variety of banking compliance and regulatory matters, with proven experience on cross-border matters. **Strengths:** "Her advice combines technical legal expertise and a practical approach grounded in business realities." "Lena offers very valuable insight on banking and broker-dealer regulatory matters." "Lena has a deep knowledge of US bank regulation and confidently advises on complex issues." **Jennifer Morton** (see p.647) is recognized for her experience counseling registered broker-dealers in a variety of governance and transactional matters. **Strengths:** "Jennifer Morton is an excellent attorney with great knowledge." "Even in complex situations she is able to provide nuanced and sophisticated advice."

Alston & Bird LLP

What the team is known for Alston & Bird LLP is a respected team recognized for its performance in the consumer finance regulatory space. Particularly noted for its expertise in payment systems law, while also offering a respected coverage of regulatory matters surrounding mortgage lending and other forms of consumer credit. Demonstrates proficiency in representing bank holding companies and other financial institutions in significant M&A transactions.

Strengths

"Their experience in the industry, the relationships they've built with regulators and the practicality of their advice makes them a go-to for complex mat-

formidable resources with respect to consumer finance regulatory matters. Conducts broad-ranging work on behalf of companies in the mortgage industry, including responding to actions and investigations by the CFPB, OCC and FDIC, as well as advising on strategic M&A transactions. Other clients include commercial banks, credit card companies and investment banks.

Strengths

"The firm's depth is significant and their ability to provide direction is much appreciated."

"The team at Bradley reliably and consistently simplify complex legal issues."

"The Bradley team provides top tier advocacy."

Work highlights Bradley Arant Boult Cummings LLP counseled the American Bankers Association on mortgage servicing-related issues.

Notable practitioners

Robert Maddox regularly counsels mortgage lenders facing investigations and enforcement action by the SEC, CFPB and HUD. **Strengths:** *"Robert is always willing to assist with a variety*

of projects and will always keep in mind the goals of the client." *"His strengths include deep subject matter expertise on mortgages and an ability to think about solutions and the path forward."* *"Robert's advice is invaluable. He provides solid and effective advice that goes beyond just legal issues."*

Haydn Richards is a major name in the consumer financial legal industry. He is noted for his outstanding legal expertise in complex regulatory matters, with a particular focus on mortgage-related issues. **Strengths:** *"He is very effective, efficient and understands clients' needs."*

Bressler, Amery & Ross, P.C.

What the team is known for Bressler, Amery & Ross, P.C. boasts a strong team of lawyers with impressive expertise in defending clients from the securities industry in regulatory investigations and proceedings. The team is regularly engaged to advise broker-dealers in SEC and FINRA investigations. The group also offers guidance on US and international compliance matters, including those related to state laws and local ordinance.

Strengths

"The firm has a high level of commercial awareness and provides practical advice."

Notable practitioners

Andrew Sidman, head of the firm's financial institutions regulatory defense practice, is a key contact in New York.

Cahill Gordon & Reindel LLP

What the team is known for Cahill Gordon & Reindel LLP is a respected team, particularly highlighted for its strong record in the broker-dealer space. The team regularly advises significant clients on investigations and regulatory enforcement matters.

Strengths

"Cahill Gordon provides outstanding advice and identifies core issues in complex matters."

"The team has excellent awareness of our business challenges and are always mindful of those considerations."

"The team is very comprehensive, efficient and they take a lot of the management of the matter, which is really valuable."

Notable practitioners

David Wishengrad focuses his practice on broker-dealer regulatory matters. He is often sought out by banks to advise on compliance matters, including issues with cross-border elements. He is also experienced in providing counsel on SEC investigations. **Strengths:** *"David provides very solid advice. He is reliable, engaging and has a quick turnaround."*

Cleary Gottlieb Steen & Hamilton LLP

What the team is known for Cleary Gottlieb Steen & Hamilton LLP is a highly respected team comprising a number of former regulators and prosecutors, and recognized for its expertise in the banking, broker-dealer and M&A spaces. Provides cutting-edge insight into regulatory issues impacting financial institutions, and has played a leading role in guiding clients through the implementation of the Dodd-Frank reforms. Offers a fine track record in connection with investigations and enforcement proceedings brought by the regulatory agencies. Has an increasing focus on complex regulatory matters at the intersection of banking, securities and derivatives law.

Strengths

"The firm demonstrates a superior ability to understand business needs quickly and provide proactive and expert legal support and guidance."

"Cleary's bank regulatory and derivatives regulatory teams are exceptional. They have a deep bench of talented attorneys to cover our needs in these areas."

"The lawyers are very responsive and their responses are always to the point. Their business sensitive recommendations and options are always appreciated."

Work highlights Cleary Gottlieb Steen & Hamilton LLP advised ING Bank in the structuring of its US financial services activities, including obtaining Federal Reserve approval for a new US representative office in Texas.

Notable practitioners

Derek Bush (see p.517) is a market-leading expert on issues of bank regulation, and routinely advises clients on Volcker Rule compliance and other directives under the Dodd-Frank Act. He is also skilled at representing financial institutions in major M&A. **Strengths:** *"He's really good at giving practical advice on how to interact with our regulators in the US, how to apply the rules, and helping us navigate challenging situations."* *"Derek has tons of experience, lots of connections at the regulators and a proven record."* *"Derek provides holistic, big-picture advice and is extremely knowledgeable. He brings really great perspectives."* **Hugh Conroy** (see p.531) is sought after by domestic and international financial institutions for the strength of his advice on diverse issues, including compliance with the Dodd-Frank Act. **Strengths:** *"He is really great at analyzing the complexity of banking products and applying that to US regulatory requirements."* *"Hugh is an incredibly talented attorney*

who provides outstanding client service in a manner reflective of a deep awareness of market practices."

"He offers really top notch, thoughtful and helpful advice." **James Burns** (see p.516) is noted for his high level experience at the SEC and his ability to advise major clearing houses on regulatory questions. **Strengths:** *"Jim is excellent, and gives sound and creative counsel."* **Brandon Hammer** (see p.577) capably acts for financial markets clients in a range of contexts, including cross-border advice and SEC regulations. **Strengths:** *"Brandon provides excellent client service and has incredible technical expertise."* **Michael Krimminger** (see p.614) leverages over 20 years of prior experience at the FDIC when advising his clients and is considered a go-to port of call for assistance with diverse bank regulatory matters. He is held in high regard for his ability to provide counsel on resolution planning requirements. **Patrick Fuller** (see p.560) is a highly regarded practitioner, noted for his outstanding expertise on a wide range of bank regulatory matters. He has notable experience of advising clients on compliance issues concerning financial technology. **Strengths:** *"Patrick brings practical solutions to complex problems."* *"He provides targeted and well-considered advice, delivered with maximum efficiency."* *"He gives very good practical advice. He's very attentive and understands the intersection of a lot of the different rules."* Rising star **Lauren Semrad** (see p.696) is noted for her work assisting clients with debanking and strategic compliance advice on a national and global scale. **Strengths:** *"She always provides sound legal advice and thoughtful answers."* *"Lauren is a sophisticated lawyer, she is highly responsive and great to work with."*

Cooley LLP

What the team is known for Cooley LLP is a well-regarded firm in the field of financial services regulation and more specifically consumer finance matters. The team is adept at handling investigation and enforcement actions brought by the CFPB, DOJ and FTC for a range of clients including banks, non-banks and FinTechs.

Strengths

"The team has a great depth of knowledge on consumer regulatory matters, including emerging issues and trends."

"The Cooley attorneys keep us well-informed of changes that affect our business and they understand how our business works."

"The team's work and advocacy on matters of both procedural and substantive complexity is uniformly excellent."

Work highlights Cooley LLP represented Carington Mortgage Services in the CFPB's first-ever CARES Act enforcement action.

Notable practitioners

Michelle Rogers routinely advises banks and non-bank mortgage lenders facing regulatory scrutiny, often acting for her clients in high-stakes enforcement actions. **Strengths:** *"Michelle is very methodical in her approach."* *"Michelle is a tireless advocate for her clients. She has extraordinary knowledge of the CFPB and state consumer financial protection agencies."* *"She is extremely smart, effective and a great communicator."* **Obrea Poindexter** is a noted expert in the legislative

and regulatory issues of consumer finance. She is particularly skilled at advising clients on payments law matters. **Strengths:** *"Obrea is terrific. She is very plugged in to what is going on in the industry and provides thoughtful, practical advice."* *"She adds value, offers reasonable solutions and is business-minded."* *"Obrea is a trusted advisor. Her advice is comprehensive, strategic and practical."*

Covington & Burling LLP

What the team is known for Covington & Burling LLP is an established presence in the regulatory arena with a strong showing in Washington, DC. Continues to impress across the banking compliance and enforcement spaces and is recommended for the depth of its political connections. Noted strength in FinTech, data privacy and anti-money laundering, among other areas. Frequently engaged to represent financial institutions in investigations by the CFPB, among other regulatory authorities. Clients of the firm include multinational banks, credit card companies and other financial institutions.

Strengths

"Covington's depth and breadth is exceptional, including on regulatory matters as well as understanding the FinTech space."

"The firm consistently provides thorough research on the legal landscape, thoughtful and practical advice, and insight into industry practices."

"The firm has an excellent track record in handling highly complex legal matters and its attorneys demonstrate exceptional judgement in providing legal and business advice to its clients."

"Covington is very practical and has a good business sense."

Work highlights Covington & Burling LLP represented Cross River Bank in its consent order with the FDIC.

Notable practitioners

Valerie Hletko (see p.585) is an experienced litigator with a robust grounding in consumer protection laws. She is particularly noted for her expertise in fair lending matters. **Strengths:** *"She is terrific. She understands the issues and how to present them."* *"She is a great attorney. Valerie is very efficient and smart."* **Jean Veta** (see p.727) is a leading name in the financial services field, noted for her expert counsel on bank-related examination, enforcement and compliance issues.

Strengths: *"Jean has a commanding knowledge of the law, excellent judgement and a passion for zealous representation of her client."* *"Jean always delivers high quality written work product and she has a gift of developing effective strategies to achieve a successful outcome."* *"She has tons of legal acumen and can efficiently run a team to make sure you're firing on all cylinders."* **Frank Conner** (see p.531) is held in high regard for his seasoned expertise in M&A. He frequently represents a wide range of banking industry participants in major transactions. **Eric Mogilnicki** (see p.645) brings to bear two decades of experience in the financial services sector when representing clients. He is particularly noted for his expertise in CFPB matters. **Strengths:** *"He has enormous breadth of experience and is really at the very top of the practice."* *"Eric is excellent. He is a very eloquent writer, very knowledgeable about the regu-*

lations and familiar with the political sensitivities.” Washington-based **Michael Nonaka** (see p.654) is cochair of the firm’s financial services group. He has experience of advising banks and financial institutions on a range of issues, including regulatory licensing, anti-money laundering and FinTech matters. **Strengths:** “Michael has incredible depth of knowledge and is fantastic in times of crisis.” “He can really help a business with the problems they’re facing and understands what advice is helpful.” “Mike provides clear, thoughtful guidance no matter how complex the situation. He is able to easily adapt over a variety of issues.” **Andrew Smith** (see p.704) regularly advises clients on major consumer financial issues. He is particularly noted for his expertise on FTC regulations and the Fair Credit Reporting Act. **Strengths:** “He has encyclopedic knowledge of regulatory statutes and provides a holistic view in a way that everyone can understand.” “Andrew has exceptional industry knowledge of regulatory issues.” “He is an extremely accomplished financial services lawyer.” Noted lawyer **Randy Benjenk** (see p.502) is well regarded for his regulatory practice, which sees him assisting a range of domestic and international banks with diverse compliance matters. **Strengths:** “He provides solid advice and counsel on bank regulations and puts that advice into practical and workable solutions.” “Randy is highly experienced and a very capable attorney. He is very responsive to the needs of his clients.” “Randy Benjenk is an outstanding bank regulatory lawyer.” **Nikhil Gore** (see p.571) focuses his practice on regulatory issues for financial institutions and global corporations. He is noted for his breadth of experience, which includes fair lending and FinTech. **Strengths:** “He is highly knowledgeable about financial services regulatory matters and has a strong command of the law and requirements.” “Nikhil has a very strong pulse on what’s going on in the regulatory world to help strike the right balance.”

Davis Wright Tremaine LLP

What the team is known for Davis Wright Tremaine LLP is well noted for its strength in advising domestic and international clients on banking regulations. The group provides insight on chartering and structuring issues. The team also has extensive experience in handling both transactional and enforcement matters. Also boasts expertise in FinTech.

Strengths

“Davis Wright Tremaine has the sophistication and expertise to respond in an efficient manner.”

“The lawyers are astute, practical and creative.”

“The firm is top notch in service and responsiveness.”

Work highlights Davis Wright Tremaine LLP advised a large broker-dealer seeking SEC staff no-action relief from certain custody-related broker-dealer financial and operational requirements.

Notable practitioners

Mark Attar is a key contact based in the firm’s Washington D.C. office.

Davis Polk & Wardwell LLP

What the team is known for Davis Polk & Wardwell LLP maintains its position at the forefront of the financial services regulatory space as the first port of call for institutions seeking up-to-date expertise. A market-leading offering in banking regulatory compliance is bolstered by strong showings in banking enforcement and transactional matters and the broker-dealer regulatory space. Helps bring to fruition sophisticated M&A deals involving financial institutions. Marries traditional legal acumen and experience with the innovative use of technology, producing the industry-standard policy and procedure manual for Volcker matters and a subscription-based Regulatory Tracker. Also noted for its knowledge of global regulatory systems, including the Basel III capital and liquidity rules.

Strengths

“The team has world-class expertise. They provide sophisticated and practical perspectives on complex matters, balancing options and understanding risks.”

“Davis Polk & Wardwell is a sophisticated law firm with in-depth knowledge of the FINRA regulatory landscape.”

“They are very solutions-oriented, they are practical and commercially astute.”

Work highlights Davis Polk & Wardwell LLP advised 11 of the largest US banks in making \$30 billion in uninsured deposits into First Republic Bank.

Notable practitioners

Former SEC director **Annette Nazareth** (see p.652) possesses great insight into the regulatory challenges faced by broker-dealers and their affiliated organizations. She is renowned for her ability to advise clients on SEC enforcement proceedings and ensure their compliance with a wide range of regulatory agencies. **Randall Guynn** (see p.576) continues to enjoy a stellar reputation for his work in financial services law. He is an excellent choice of counsel for the most complex bank regulatory challenges and major M&A transactions. **Strengths:** “Randy is an outstanding practitioner and an outstanding legal mind. He also has a very good sense of cross-border issues.” “He has exceptional depth of knowledge in the bank regulatory sphere.” **Luigi De Ghenghi** (see p.539) is a leading practitioner of financial services law, offering broad-ranging expertise in bank regulatory matters and M&A transactions. **Strengths:** “He is really technically strong and has a lot of in-depth knowledge and expertise in complex areas of the law.” “Luigi is a preeminent bank regulatory and compliance lawyer.”

Margaret Tahyar (see p.715) comes equipped with extensive legal acumen in financial regulatory matters. She regularly advises domestic and international banks, as well as FinTech companies, on cutting-edge compliance issues. **Strengths:** “Margaret is very clear in explaining complicated things to those who are not banking lawyers.” “She is a brilliant lawyer and very much considered a thought leader in the bank regulatory space.” **Zachary Zweihorn** (see p.743) regularly advises broker-dealers on strategic transactions and the associated regulatory requirements. He is recognized for providing clients with a comprehensive overview of SEC and

FINRA rules. **Strengths:** “He is very knowledgeable and great at explaining concepts in an understandable way. He gives practical advice and is very smart.” “Zach is sharp, has a vast command of details and is able to craft new and workable solutions. He helps solve problems in an elegant and workable way.” “Zach is an excellent broker-dealer regulatory attorney.” **Gabriel Rosenberg** (see p.683) helps clients navigate the complex repercussions of regulatory reform in the financial services sector. He routinely counsels financial institutions on their compliance with the latest changes in state and federal legislation, including all aspects of the Dodd-Frank Act. **Strengths:** “He has his finger on the pulse of emerging financial tech questions. He is organized and practical.” “He is my go-to for things that don’t fit squarely into singular legal analysis. His knowledge is spectacular.” “Gabriel is a really sharp lawyer.” **Daniel Stipano** (see p.712) is a strong choice for advisory assistance on challenging bank regulatory and enforcement matters. He is particularly experienced with respect to the methods of the OCC. **Strengths:** “He is a subject matter expert, particularly for the intricacies of dealing with certain rules.” “Dan Stipano has a ton of knowledge and is super practical.” **David Portilla** (see p.672) focuses his practice on all aspects of banking regulation, representing both US and non-US financial institutions. He is particularly sought after for his insights on the Dodd-Frank Act and amendments to the Volcker Rule. **Strengths:** “David is very constructive and very focused on looking at the client’s perspective.” “David Portilla is just fantastic. He is knowledgeable and practical.” “He is very practical in his advice and really delivers on the client service side of things.”

Debevoise & Plimpton LLP

What the team is known for Debevoise & Plimpton LLP is recognized for having developed a diverse banking and financial institutions practice. Particularly noted for its handling of regulatory compliance and transactional matters at the intersection of the banking and insurance sectors, while also impressing in connection with state and federal government investigations and regulatory enforcement actions. Maintains close ties with other departments, including litigation, private equity and M&A, to deliver a robust and rounded service. Benefits from the experience of alumni of a number of major regulatory bodies, including the SEC, the Federal Reserve Board and the US Treasury.

Strengths

“The team is very responsive and dedicated to excellent client service. They coordinate very well in the background and anticipate our needs.”

“The firm is comfortable with complexity and help us develop the right strategies to execute on complex matters.”

“The partners are all top subject matter experts and very responsive. The bench strength is outstanding.”

Work highlights Debevoise & Plimpton LLP advised Fortitude Re in its \$28 billion reinsurance transaction with The Lincoln National Life Insurance Company.

Notable practitioners

Satish Kini remains a noted expert on emerging regulatory issues in the banking space. He regularly advises banks and other financial institutions on data privacy, AML and Volcker Rule compliance. **Strengths:** “He is very knowledgeable in this space and very pragmatic.” “He is highly responsive, thoughtful and thorough.” “Satish Kini is a very good writer; he’s efficient and he understands the law well.” **Gregory Lyons** provides comprehensive transactional and regulatory advice to financial services firms. He routinely helps clients achieve compliance with state and federal banking regulations, including those of the SEC, FDIC and OCC. **Strengths:** “Gregory is tireless and continually searches for solutions.” “He has a good sense of the business imperatives and is an outstanding lawyer.” “He’s extremely knowledgeable in the banking space and draws upon his historical knowledge to help solve problems.” **Nicholas Potter** maintains a successful practice, which is focused on major transactions in the insurance sector. He also coheads the firm’s financial institutions department. **Jeffrey Robins** is distinguished by the strength of his broker-dealer compliance practice, which sees him acting for a wide range of securities market participants. He is particularly adept at advising on cross-border regulatory matters. **Strengths:** “He has a deep understanding of market practices and conventions.” “He’s great to work with and always brings a practical and pragmatic approach.” Up-and-coming attorney **Caroline Swett** is frequently called to advise banking clients and other financial institutions on a host of compliance matters often surrounding conduct risk and crypto-asset activities. **Strengths:** “From an expertise perspective she’s great; she’s also got a really practical and pragmatic approach.” “Caroline is phenomenal. She is very responsive and very good technically.” **Chen Xu** is relied upon for his impressive capabilities in bank regulatory matters and is often touted for his particularly standout expertise in capital requirement issues. **Strengths:** “He’s extremely responsive and does really high quality work.” “Chen is super responsive, very technically capable on highly complex analysis and has a lot of market knowledge.”

Dechert LLP

What the team is known for Dechert LLP is noted for its breadth of work in the financial institutions M&A sector. The team capably advises clients on a range of issues arising from transactions, including for private equity companies and major financial institutions.

Strengths

“Dechert are knowledgeable about the law and importantly market standard terms.”

“Dechert lawyers have a lot of experience.”

“The attorneys are consistently very responsive and service oriented.”

Work highlights Dechert LLP advised ROBO Global in the sale of its index suite to VettaFi.

Notable practitioners

Susan Grafton demonstrates strength advising global broker-dealers and investment banks on a comprehensive range of regulatory matters. Her compliance expertise encompasses, among other areas, SEC, FINRA and CFTC regulations.

Dentons LLP

What the team is known for Dentons is a highly regarded practice, recognized for its extensive bench of consumer finance experts. Handles a comprehensive set of consumer regulatory issues faced by mortgage lenders, hedge funds and banks, among many other clients. Seasoned in advising on regulatory changes implemented by the CFPB.

Strengths

“The firm has subject matter experts in compliance and regulatory issues.”

“The consumer regulatory team always provides excellent client service. They make it a priority to be responsive and efficient when dealing with clients.”

Work highlights Dentons represented Credit Suisse as lender in connection with a \$100 million novel financing facility for Wander.com.

Notable practitioners

John Holahan has a background of demonstrated success advising leading industry participants on their compliance with consumer financial law. He is often sought out by clients for his expertise in fair lending legislation and the regulations of the CFPB. **Strengths:** “John is excellent and a pleasure to work with.” “John is extremely knowledgeable.” **Matthew Yoon** is a highly skilled consumer financial regulatory lawyer. He stands out for his expertise in consumer lending law, including the Truth in Lending Act and Fair Debt Collection Practices Act. **Strengths:** “Matt Yoon is a very knowledgeable attorney.” “His help with regulatory analysis of companies is invaluable.”

Eversheds Sutherland (US) LLP

What the team is known for Eversheds Sutherland (US) LLP is a well-regarded firm which houses a rounded team of attorneys, equipped to advise on diverse securities law matters. Regulatory expertise in the broker-dealer space is strengthened by vast experience defending enforcement actions brought by a range of authorities including the SEC and FINRA. Noted for its skillful representation of a varied client base, which includes banks, brokerages and investment funds.

Strengths

“The team is experienced, practical and well-connected in the industry.”

“The attorneys in the group have the knowledge and expertise to handle complex and sophisticated matters.”

“The team is able to identify the key issues quickly and suggest pragmatic solutions.”

Work highlights. Eversheds Sutherland (US) LLP represented a coalition of broker-dealers in a variety of dealings with FINRA, helping to shape its rulemakings.

Notable practitioners

Brian Rubin (see p.685) routinely represents broker-dealers and other financial institutions in connection with challenging regulatory, enforcement and administrative actions. **Strengths:** “Brian is highly regarded for his level of knowledge, expertise and responsiveness.” **Clifford Kirsch** (see p.609) utilizes his previous experience at the SEC to advise broker-dealer and investment adviser clients on a range of issues, such as the impact of the SEC’s Regulation Best Interest. He also has notable experience of handling matters involving

the FINRA. **Strengths:** “He is a highly respected attorney in this space.” Noted attorney **Holly Smith** (see p.705) is an expert on broker-dealer compliance issues. She offers additional skills in cybersecurity and privacy matters. **Strengths:** “Holly is a very strong lawyer with deep knowledge in her area of expertise.” “Holly has a wealth of experience and a broad perspective. We love working with her.”

Fried, Frank, Harris, Shriver & Jacobson LLP

What the team is known for Fried, Frank, Harris, Shriver & Jacobson LLP is recognized for its expansive broker-dealer practice. Significant and often global clients bring complex compliance and enforcement matters surrounding actions and changes by the SEC, FINRA and other regulators. Also noted for its expertise in derivatives litigation.

Strengths

“The team is very experienced and consistently provides practical advice.”

“They are totally client-focused and understand the ins and outs of our business.”

“The team is a walking library of regulatory insight.”

Work highlights Fried, Frank, Harris, Shriver & Jacobson LLP advised clients in the structured products market on the regulatory and compliance issues that arise in the distribution of certain security products to investors.

Notable practitioners

Nihal Patel has extensive experience of handling a range of broker-dealer related compliance issues, including Dodd-Frank protocols. **Strengths:** “Nihal Patel is very well-versed in the regulations and he is commercial.” “Nihal is a great resource.” **Joseph Vitale** is an expert on emerging trends in the bank regulatory space and is equally recognized for his proficiency in M&A. **Strengths:** “He’s really great at explaining complex concepts in a way that is very understandable.” “Joe is very experienced and provides practical advice.”

Gibson, Dunn & Crutcher LLP

What the team is known for Gibson, Dunn & Crutcher LLP is an established practice noted for its prowess in defending major clients in high-stakes financial litigation. Attorneys at the firm are equally skilled at advising clients on investigations and enforcement proceedings brought by a range of regulatory authorities, including the SEC, CFPB and OFAC. Further expertise displayed across a wide spectrum of bank regulatory matters.

Strengths

“Gibson, Dunn & Crutcher has very experienced attorneys who are substantively smart and also practical.”

“The team routinely advises on complex issues and consistently provides clear, actionable advice.”

“The attorneys have significant expertise and strong commercial awareness.”

Work highlights Gibson, Dunn & Crutcher LLP represented Binance Holdings in a multi-agency government investigation into alleged violations of the anti-money laundering/Bank Secrecy Act laws, criminal and civil licensing requirements, criminal and civil sanctions laws and other related statutes.

Notable practitioners

Washington-based **Stephanie Brooker** (see p.513) is cochair of the firm's financial institutions practice group. She brings extensive experience from her time at the Department of the Treasury's FinCEN to bear in investigation and enforcement matters. **Strengths:** "She's a very diligent and prepared lawyer. She is really the whole package." "Stephanie is the most even-keeled attorney and she's really good at presenting." **Kendall Day** (see p.1319) focuses his practice on contentious regulatory issues faced by traditional financial services institutions as well as FinTechs.

Goodwin

What the team is known for Goodwin has particular strength in the consumer finance space, advising in relation to regulatory compliance and enforcement, and handling class action litigation concerning such topics as mortgages, credit cards and auto finance. Also advises FinTech companies in connection with a raft of regulatory matters, including payment systems issues and privacy matters. Highly experienced at representing clients in complex litigation filed by the CFPB, SEC and DOJ.

Strengths

"Goodwin really takes the time to get to know our business; they've immersed themselves in the culture."

"Goodwin attorneys have excellent knowledge of the law and subject matter that is required for a complex case."

"The team is strong, insightful and works well together."

Work highlights Goodwin represented Brookline Bancorp in its \$313 million acquisition of PCSB Financial Corporation.

Notable practitioners

Thomas Hefferon's civil litigation practice encompasses the defense of industry-leading clients in consumer class actions and government enforcement actions. **Strengths:** "The depth of his knowledge is so tremendous and expansive." "He provides practical advice and is a go-to attorney for high risk matters." **Sabrina Rose-Smith** (see p.682) routinely defends consumer lenders against major government enforcement actions. She also often advises clients on complex examinations and investigations brought by a range of state and federal regulators. **Strengths:** "Sabrina has a great head for long term strategy, which is tremendously valuable." "She is extremely client friendly and incredibly effective in court." Cochair of Goodwin's banking and consumer financial services practice **Allison Schoenthal** (see p.693) is recognized for her experience defending clients in cases involving a broad range of consumer lending legislation. Her expertise encompasses the Truth in Lending Act, Telephone Consumer Protection Act and Fair Debt Collection Practices Act, among others. **Strengths:** "She is not only a subject-matter expert, but she prides herself on providing the absolute best client service." **Anthony Alexis** (see p.490) maintains a well-regarded consumer finance practice, which sees him acting for a range of financial institutions in investigations, examinations and enforcement proceedings. **Strengths:** "He has a very deft touch with under-

standing the CFPB." **Brooks Brown** (see p.514) regularly defends large clients in putative class action lawsuits and MDLs in consumer finance matters, often concerning mortgage loans and the Fair Housing Act. **Strengths:** "Brooks commands a room and provides deep analysis." **Samantha Kirby** (see p.2023) is recognized for her prowess as a transactional attorney, offering clients the benefit of extensive experience in M&A matters. Her expertise encompasses routine dealings with the FDIC and OCC and a wide range of state and federal regulators. **Strengths:** "She is smart and provides creative solutions to issues that arise." "She is extremely knowledgeable and her technical expertise is exceptionally strong. She is an outstanding attorney." **Nicholas Losurdo** (see p.626) is highly sought after by financial services clients for his counsel in regulatory exams by FINRA and the SEC. He is particularly experienced in the regulatory issues faced by broker-dealers. **Strengths:** "Nicholas is a great business partner. He puts information in layman's terms and is very responsive." "When I seek insightful, thoughtful and incredibly well-informed counsel on securities law and regulatory issues, Nick is my go-to." "Nick is extremely knowledgeable and passionate. He is relentless in his pursuit of favorable outcomes for his clients."

The Washington-based **Matthew Sheldon** (see p.699) has significant experience of advising large financial institutions on a range of matters, including contentious False Claims Act issues related to mortgage lending. He has experience in both the Supreme Court and Court of Appeals.

Strengths: "He is a really smart attorney with great command in this space, he is particularly effective at composing strategies to interact with regulators." "He's a creative and diligent litigator." **William Stern** (see p.711) is respected for his expertise in bank regulatory matters, offering broad capabilities in issues ranging from AML compliance to capital requirements. He has additional experience counseling financial institutions on privacy and data security concerns. **Strengths:** "Bill is a really solid and complete regulatory lawyer, who gives very smart, practical solutions." "He understands our issues and always seeks to find commercially viable solutions."

Haynes and Boone, LLP

What the team is known for Haynes and Boone, LLP is a full-service law firm, known for its impressive capabilities on international bank regulatory matters. Provides bank and non-bank clients with broad expertise regarding state and federal regulatory authorities, including the FDIC, OCC and CFTC. Lawyers at the firm are particularly skilled at advising on all aspects of the Dodd-Frank Act, including Volcker Rule compliance.

Strengths

"The team is exceptionally responsive and provides comprehensive answers to requests."

"The lawyers always understand complex issues and come up with good solutions for tough negotiation points."

"Haynes & Boone provides very creative solutions, coupled with an incredibly experienced and deep team."

Notable practitioners

Giorgio Bovenzi's compliance counsel is informed

by over two decades of legal experience. He is particularly recommended for his extensive knowledge of global banking laws. **Strengths:** "He is an expert in cross-border regulatory capital matters." "Giorgio Bovenzi is extremely knowledgeable and commercially savvy." "Giorgio has outstanding regulatory and industry knowledge. He has a particularly remarkable ability to see the big picture on a matter, whatever its size and complexity." **Craig Unterberg** impresses with his robust grounding in bank regulatory requirements, offering high-caliber compliance advice to clients on diverse issues. **Strengths:** "Craig is terrific. He is keenly attuned to market developments and is commercial in his recommendations." "Craig goes above and beyond to help his clients meet urgent or time-sensitive demands. He offers highly technical and nuanced advice."

Hudson Cook LLP

What the team is known for Hudson Cook LLP is a respected consumer finance boutique, recognized for its strength in state and federal regulatory compliance, notably including issues involving auto lending and credit finance. Other areas of expertise include mortgage finance, online non-bank lending and the use of artificial intelligence by FinTech companies. Well experienced in handling matters before the CFPB. Includes among its ranks a number of attorneys with senior regulatory experience in agencies such as the CFPB and the FTC.

Strengths

"Hudson Cook is a very good consumer finance firm."

"The firm has excellent lawyers and knows the industry."

"The team is very knowledgeable on a variety of consumer compliance laws."

Notable practitioners

Michael Benoit specializes in representing clients in the auto finance industry and is noted for his expert command of consumer financial law. **Nicole Frush Munro** is a respected practitioner of consumer financial law, noted for her success in delivering strategic compliance advice to clients facing high-stakes regulatory challenges. She has further experience of providing counsel in the proceedings of the CFPB. **Strengths:** "She does a very nice job of managing matters practically."

Jean Noonan is recognized for her extensive legal acumen in fair lending matters. She also regularly advises clients in the auto finance space on a range of complex issues. **Strengths:** "Jean Noonan is spectacular. She is really knowledgeable and very well connected." "She is a powerhouse lawyer with tremendous experience."

Jones Day

What the team is known for Jones Day possesses a strong practice with a broad base of experience in broker-dealer matters. The team boasts practitioners who have served in the SEC and Department of Justice. It has impressive expertise in advising on regulatory matters involving FINRA and other SROs, as well as state and federal securities rules. The firm is often approached by clients to provide insight into transactional activities, and has noted expertise in the FinTech industry.

Strengths

"The firm's breadth and depth of expertise is excellent, coupled with a balance of commercial considerations and market insights."

"Jones Day provides a first rate service."

"Jones Day is always able to help us sort through complex issues."

Notable practitioners

Laura Pruitt's noted compliance practice sees her highly recommended for her extensive knowledge of the regulatory laws affecting broker-dealers. She regularly advises on key directives set by the SEC and FINRA and offers particular strength in the representation of alternative trading systems. **Strengths:** *"Laura's deep knowledge of the securities industry allows her to provide excellent advice and counsel that can be implemented in a commercially reasonable manner."* *"Her unwavering commitment to excellence and innovative problem-solving, enriched by her extensive understanding of past rulings and legal literature, never ceases to amaze."* *"Laura is a sophisticated and excellent lawyer."*

Katten

What the team is known for Katten has a recognized financial services advisory team which is highlighted for its expertise in consumer finance litigation. The firm regularly defends clients in an array of state and federal class action cases, with specific strength on matters related to fees. The team is noted for its representation of an array of banks and credit unions.

Strengths

"Katten provides exceptional service and high degrees of excellence."

"The lawyers have excellent subject matter knowledge."

"It is a strong team of knowledgeable attorneys and they are very aware of current trends."

Work highlights Katten represented Alliant Credit Union in a class action alleging Alliant breached its own account agreement by charging overdraft fees to consumers with sufficient money in their accounts and for transactions that had previously been rejected.

Notable practitioners

Clients rely on **Wayne Aaron** (see p.488) for representation during high-stakes enforcement proceedings and regulatory investigations. He routinely advises broker-dealers on the best response to actions initiated by the SEC and FINRA. **Strengths:** *"He is a crucial resource for regulatory advice on complex and sophisticated matters."* *"Wayne is a talented advocate. He consistently comes up with creative solutions to tricky problems."* *"Wayne is a fantastic lawyer and very commercial."* **Stuart Richter's** representation of Katten's consumer finance clients revolves around the defense of class action lawsuits.

Strengths: *"Stuart is very knowledgeable and provides a great service. He is keenly aware of the issues and addresses them with professionalism and expertise."* *"He has impressive, in-depth expertise in the subject matter. His national reputation is well earned."*

Latham & Watkins LLP

What the team is known for Latham & Watkins LLP is a compact team with particular strength in the banking and broker-dealer spaces, advising on a range of high profile regulatory matters, including those pertaining to financial technology such as data capture technologies. Fully equipped to advise on current and emerging requirements implemented by the SEC, CFTC, FINRA and NYSE, among others. An expanding team includes a number of alumni of the major regulatory bodies, enabling it to provide clients with crucial strategic insight. Clients include most of the world's major global banks, as well as international broker-dealers, private fund complexes and FinTech companies.

Strengths

"Latham has vast resources and is able to handle complex and sophisticated matters."

"The team is not only knowledgeable, but it provides practical business advice."

"Latham has deep knowledge of complex issues and has additional subject experts to assist when needed."

Work highlights Latham & Watkins LLP advised StartEngine Capital on a variety of matters, including registering an alternative trading system for secondary market trading in private securities.

Notable practitioners

Stephen Wink (see p.735) impresses with his high-level work in broker-dealer regulatory matters, frequently advising brokerages, trading platforms and exchanges. **Strengths:** *"Steve is thoughtful in his approach and commercial in his understanding."* **Arthur Long** (see p.625) is recognized for his broad capabilities in the financial services sector. He demonstrates an expert command of the regulatory directives imposed on banks by state and federal law, including Dodd-Frank and Volcker Rule compliance. **Strengths:** *"Arthur is responsive and applies his high level of technical knowledge in a commercially practicable way."* *"Arthur's ability to take a thorny issue and provide a succinct answer that can be implemented is fantastic."* *"Arthur is very experienced, very knowledgeable and very bright."*

Manatt Phelps & Phillips LLP

What the team is known for Manatt Phelps & Phillips LLP is a well-regarded firm, offering extensive expertise in consumer financial litigation and regulatory compliance. Handles the defense of major class actions and enforcement proceedings, with particular experience in FCRA, TILA and TCPA-related disputes. Also highly experienced advising on major CFPB and FDIC investigations. Represents a wide array of industry-leading clients, including banks, consumer finance companies and FinTech organizations.

Strengths

"Manatt is a great partner and resource in exploring and debating nuanced issues. The team is collaborative across a broad range of topics."

"The firm has knowledgeable and experienced lawyers who give courses of action with risk considerations, in addition to solid legal analysis."

"The team is efficient and knowledgeable."

Work highlights Manatt Phelps & Phillips LLP

represented Hanmi Financial Corporation in a securities fraud class action brought by a putative class of shareholders.

Notable practitioners

Head of Manatt's consumer financial services practice, **Scott Pearson** is sought out by clients to advise on a range of regulatory enforcement and compliance issues. He is particularly experienced in acting for FinTech businesses.

Strengths: *"Scott's knowledge and background of both commercial law and litigation is apparent and is extremely valuable for the client."* *"He knows federal and many state banking and financial services regulators well, and has direct experience collaborating with them to achieve solid results for his clients."* *"Scott works through issues in depth and is a very strong advocate for clients."*

Mayer Brown LLP

What the team is known for Mayer Brown LLP has a broad practice with an exceptional reputation in the consumer finance space, notably excelling in its provision of compliance advice to clients in the mortgage industry. Also covers the full range of banking regulatory compliance and enforcement matters. A strong global reach allows the team to handle cross-border cases with ease, while the presence of several former regulatory officials provides insight into the most cutting-edge matters. Regularly defends clients in proceedings brought by government regulators including the SEC, the CFPB, the FDIC and the OCC.

Strengths

"Mayer Brown is a sophisticated team that is well informed on the ever-changing industry."

"The firm is very knowledgeable, pragmatic and client-oriented."

"Mayer Brown is a strong group of seasoned attorneys with vast amounts of experience."

Work highlights Mayer Brown LLP represented Doma Holdings in the sale of certain California retail title insurance branch operations to Wiliston Financial Group.

Notable practitioners

Laurence Platt (see p.670) is noted for his long-standing expertise in handling consumer financial regulatory issues. He is particularly adept at counseling clients on matters arising from the mortgage banking space. **Strengths:** *"Larry is amazing and I love working with him."* **Steven Kaplan** (see p.601) focuses his market-leading practice on regulatory counseling regarding major consumer financial issues. He is a go-to source for robust insight on all aspects of financial regulatory reform, particularly as it applies to mortgage banking.

Strengths: *"Steve Kaplan is a great group leader and helps with all financial industry matters."* *"Steve is always able to provide great perspective on the market and he is very commercial."* **Lucia Nale** (see p.650) is an experienced advocate for financial institutions in consumer class actions. She regularly defends high-stakes lawsuits emerging from the Fair Credit Reporting Act, Fair Debt Collection Practices Act and Truth in Lending Act.

Strengths: *"She is a partner in every sense of the word and is ready to do whatever is needed."* *"Lucia is a trusted advisor and leader."*

Steffen Hemmerich (see p.582) is a notable expert in the broker-dealer space. He is frequently

called upon to advise clients on regulatory expectations, obligations and registrations. **Strengths:** “He has an extraordinary wealth of knowledge about this space and great relationships in the industry.” “Steffen Hemmerich is a pleasure to work with. He is highly knowledgeable, client-centric and commercially sensible.” “He is a critical partner in a challenging regulatory environment.” **Ori Lev** (see p.621) is recognized for his work representing banks in complex enforcement actions and investigations brought by diverse regulatory authorities. **Strengths:** “He is sophisticated, responsive and results-driven.” **Tori Shinohara** (see p.700) routinely represents mortgage lenders in state and federal government enforcement matters. Her expertise encompasses redlining issues and fair lending. **Strengths:** “Tori brings an amazing amount of knowledge to the fair lending aspects of the financial industry area.” “Tori is one of the preeminent experts on fair lending issues. She helps navigate thorny concerns in a commercial and actionable way.” “Tori is an amazing attorney and advocate for her clients.”

McGlinchey Stafford

What the team is known for McGlinchey Stafford offers advice on federal and state regulations in the consumer finance space, including those pertaining to online lending and credit card programs. Also assists institutions with CFPB readiness and preparation, and both individual and class action consumer suits. Further expertise in handling supervisory examinations, investigations and enforcement actions by regulatory bodies. Particularly noted for its provision of multistate compliance guidance and advice.

Strengths

“The firm are knowledgeable, competent and extremely helpful.” “McGlinchey Stafford is excellent at handling complex and sophisticated matters. The firm provides critical information and thorough guidance.” “The McGlinchey team is always on top of industry changes and the legal implications.”

Notable practitioners

Mark Edelman maintains a prominent consumer financial services practice, advising industry-leading clients on issues of financial responsibility and market regulation. He is particularly experienced in the auto finance space, where he assists with licensing issues, the Fair Credit Reporting Act and CFPB examinations. **Strengths:** “Mark is an excellent lawyer and we greatly value his extensive knowledge and sophistication.” **Robert Savoie** advises on the full range of state and federal laws affecting the consumer finance industry. His clients include mortgage servicers and auto finance companies, as well as both independent and bank-affiliated consumer lending platforms. **Strengths:** “Robert Savoie has deep knowledge of all things FinTech and their legal implications.” “He is extremely good at describing processes and problems in very easy to understand terms.” “He gives very pointed advice and he is very practical as well.” **Kelly Lipinski** is often called upon to advise clients in the education finance and auto finance areas, and also works with regulators and assists on novel regulation interpretations at state and federal level. **Strengths:** “Kelly

is an exceptional attorney who is very knowledgeable and has a deep understanding of the industry.” **Jeffrey Barringer** is particularly sought after for his knowledge of manufactured housing finance and multistate mortgage issues in the consumer finance space. **Strengths:** “Jeff provides outstanding advice and service.”

McGuireWoods LLP

What the team is known for McGuireWoods LLP has a notable broker-dealer practice assisting large banks, investment advisers and other financial services companies in an array of investigations primarily by FINRA and the SEC. The team also regularly guide clients through compliance interpretations and policies at both the state and federal level.

Strengths

“The firm has an incredibly strong financial regulatory practice and is able to handle any issues, whether routine or novel.” “The McGuireWoods team understands the marketplace and regulatory changes. They are responsive and able to pivot quickly.” “The lawyers are thoughtful, analytical and provide good strategies.”

Notable practitioners

Cheryl Haas (see p.576) has a well-regarded practice advising broker-dealer clients in SEC and FINRA investigations. **Strengths:** “Cheryl is effective working with a range of regulators and is very familiar with the wider regulatory landscape.” “Cheryl is an excellent lawyer and great partner.” **Elizabeth Hogan** (see p.586) is the cochair of the firm’s securities enforcement and regulatory counseling group. As the former senior vice president and leader of Market Regulation Enforcement at the Financial Industry Regulatory Authority, she is well placed to advise broker-dealers on enforcement matters. **Strengths:** “Lizzie is very familiar with FINRA’s rules and internal workings. She advises her clients very strategically because of her knowledge.” “Lizzie has excellent judgment and a great background in regulatory matters.” “She has deep expertise and experience on broker-dealer laws, rules and regulations.” **John Ayanian** (see p.494) is a noted attorney, well regarded for his broad-ranging capabilities on broker-dealer compliance matters. He is routinely called upon to provide counsel on issues relating to SEC and FINRA rules. **Strengths:** “He is well respected and people value his advice.”

Mitchell Sandler

What the team is known for Mitchell Sandler offers notable expertise in consumer finance, as well as assisting clients on government enforcement actions, complex civil litigation and class action lawsuits for numerous financial institutions.

Strengths

“The team consistently provides expert-level advice on complicated and sophisticated matters.” “The firm has the ability to handle all aspects of complex issues.”

Work highlights Mitchell Sandler served the Midsized Bank Coalition of America as outside counsel, including drafting its comment letter on the proposed small business lending data collec-

tion rule under 1071 of the Dodd-Frank Act.

Notable practitioners

Mitchell Sandler’s managing partner, **Andrea Mitchell** impresses with the extent of her expertise in broad-ranging consumer financial matters. She routinely counsels clients on consumer protection laws and credit reporting legislation. **Strengths:** “Andrea is an outstanding advisor. We strongly value our relationship with her.” “Andrea has a wealth of knowledge and is a pleasure to work with.”

Moore & Van Allen, PLLC

What the team is known for Moore & Van Allen, PLLC is comprised of practitioners with prior experience at regulatory offices. The group provides large financial institutions with insight into SEC, CFTC and OCC regulatory systems, along with in-depth knowledge on Dodd-Frank and Volcker rules. The team also boasts expertise in contentious matters and investigations by the Department of Justice and US Attorney’s offices.

Strengths

“The depth and breadth of the firm’s experience makes them well-suited to handle complex matters.” “Moore & Van Allen provides a highly responsive and personalized service.” “The attorneys have substantial experience in private practice conducting complex work for large financial institutions, as well as in government and in-house legal roles.”

Notable practitioners

Edward O’Keefe (see p.2748) is highlighted for his expertise in broad-ranging bank regulatory issues, including AML compliance, cybersecurity concerns and resolution planning. **Strengths:** “Ed is a highly experienced practitioner who has leveraged his long career as an in-house attorney into a successful tenure in private practice.” “He provides a very practical perspective on what a company actually needs to accomplish their goals.” **Neil Bloomfield** (see p.2733) is based in Charlotte and serves as cohead of the firm’s financial regulatory advice and response practice. He is well known for providing a range of compliance advice to national and regional banks, including on shareholding issues. **Strengths:** “Neil is an exemplary project manager and a seasoned solver of complex problems.” “He provides excellent advice and depth of knowledge.” “Neil has driven excellence in execution and provided invaluable feedback.”

Morgan, Lewis & Bockius LLP

What the team is known for Morgan, Lewis & Bockius LLP has strength in the full range of regulatory matters pertaining to the banking and broker-dealer industries, with a recognized group of securities law experts advising blue-chip clients on the most cutting-edge matters. Particular strength in regulatory compliance matters, but also noted for its handling of high-stakes enforcement actions by the SEC, FINRA and other agencies. Benefits from a highly experienced bench, with over 30 partners having previously served with the DOJ or the major regulatory agencies. Increasing strength in connection with cross-border regulatory matters, with the US team working closely alongside colleagues in London,

Frankfurt and Tokyo.

Strengths

"The firm draws from expertise across geographies and has acute awareness of commercial impacts."

"Morgan Lewis is a strong firm with a deep bench of experts in the bank regulatory field."

"The team gives outstanding, practical advice."

Work highlights Morgan, Lewis & Bockius LLP continued to advise several emerging technology lending companies on federal and state licensing and registration, financial regulatory and AML issues.

Notable practitioners

Steven Stone is a respected figure in the broker-dealer space, noted for his expertise in securities and derivatives law. He regularly assists clients in obtaining regulatory relief from a range of authorities, including the SEC, SIFMA and FINRA. **Strengths:** *"Steve Stone is fantastic."* **Ben Indek** is an expert in broker-dealer regulatory matters and is highly experienced at guiding clients through high-stakes investigations, examinations and enforcement proceedings. **Strengths:** *"He is very knowledgeable, a really good writer and presents well. He is very pragmatic and has great relationships with the regulators."* **Amy Kroll** focuses her practice on the regulation of broker-dealers and affiliated organizations. She regularly provides strategic advice to clients whose conduct comes into conflict with SEC and FINRA rules. **Strengths:** *"She balances an amazing knowledge of the law with the ability to give practical advice that allows clients to achieve their goals."* *"Amy has been in this area for a long time and knows everything."* *"She's very strong and technically good."*

Morrison Foerster

What the team is known for Morrison Foerster is a highly respected firm in the consumer finance space, noted for its work on the full range of CFPB regulatory matters. Heavily involved in all aspects of consumer lending, undertaking cutting-edge work relating to payment card systems and other matters. Particularly recognized for its expertise in the mortgage and fair lending space, showing great skill advising on federal and state regulations. Also enjoys a fine reputation for its handling of consumer finance litigation, impressing on behalf of lenders in complex consumer class actions. Further expertise demonstrated in diverse bank regulatory matters, including Volcker Rule and Bank Holding Company Act issues.

Strengths

"The Morrison Foerster team routinely provides advice on complex matters."

"The lawyers think creatively and it is a top notch legal team."

"The team provides thorough, practical guidance, and has deep knowledge of state and federal regulations."

Work highlights Morrison Foerster advised Ness Well in connection with its digital rewards credit card and rewards platform.

Notable practitioners

Richard Fischer (see p.554) is an accomplished practitioner of consumer financial law, who continues to enjoy a market-leading reputation for his activity in the space. His advisory practice

covers the full gamut of state and federal laws, offering particular strengths in privacy and data security matters. **Barbara Mendelson** (see p.641) is recommended for assistance with a wide range of regulatory challenges faced by domestic and international banks. She comes prepared with a robust grounding in all aspects of the Dodd-Frank Act, regularly advising on Volcker Rule compliance. **Strengths:** *"She has a specialty in the foreign bank space and brings practicality and experience."* *"Barbara provides detailed advice with the highest standard of quality."* **Jeremy Mandell** (see p.630) supports a range of consumer finance clients with regulatory compliance in connection with payments and FinTech issues. **Strengths:** *"Simply put, the quality and timeliness of his advice makes him one of my most trusted partners."* *"He is very capable, responsive and smart."*

O'Melveny & Myers LLP

What the team is known for O'Melveny & Myers LLP is a respected litigation team recognized for its expertise in the consumer finance space. The team acts for an array of clients, including investment banks and financial services companies, on matters including class actions and regulatory matters. The firm provides extensive coverage across the country, with offices in New York, California and Washington, DC.

Strengths

"The firm is very good, they handle sophisticated work and have great market recognition."

"The O'Melveny team combines great legal analysis and written advocacy with highly strategic thinking."

Work highlights O'Melveny & Myers LLP represented Bank of America in putative class actions challenging its relief program relating to the COVID pandemic. The plaintiffs claimed for breach of the implied covenant of good faith and fair dealing, unjust enrichment and violation of state consumer fraud statutes.

Notable practitioners

Elizabeth McKeen has a well regarded practice representing financial institutions in a variety of consumer finance litigation. **Strengths:** *"She has good strategy and manages cases effectively."*

Orrick, Herrington & Sutcliffe LLP

What the team is known for Orrick, Herrington & Sutcliffe LLP houses a leading financial services team which is roundly admired for its expertise in the consumer finance space. It provides domestic and international clients, including banks, holding companies and mortgage servicers, with cutting-edge advice on state and federal consumer finance regulations. The group is also noted for its handling of consumer finance enforcement actions before the CFPB, DOJ, HUD and OCC, as well as its ability to deal with consumer class action lawsuits. It offers extensive expertise in the regulatory aspects of debt collection, auto lending and mortgage law.

Strengths

"The Orrick lawyers are national experts and have incredible insight into how the agencies are thinking."

"With their collective knowledge and relationships, the team provides sound advice on novel and

abstruse product and regulatory issues."

"Orrick is top notch, understands commercial client needs and has a deep bench of very accomplished attorneys."

Work highlights Orrick, Herrington & Sutcliffe LLP represented the National Premium Finance Association in a federal administrative rulemaking relating to data monitoring requirements imposed upon lenders to small businesses.

Notable practitioners

Joseph Kolar is held in high regard for his work advising financial services companies on regulatory and enforcement matters. He is best known as a fair lending expert and frequently advises mortgage lenders on CFPB compliance. **Strengths:** *"Joseph Kolar is an excellent attorney and is very commercial."* **Jeffrey Naimon** has an expert grasp of fair lending law and regularly advises on a wide range of consumer finance compliance matters. He is skilled at dealing with state and federal banking regulators, as well as the CFPB and FTC.

Strengths: *"Jeffrey excels at regulatory matters and client communication."* *"He's a top lawyer in this field, especially on the more intricate regulatory questions."* *"His combination of encyclopedic knowledge and business acumen makes him an invaluable resource."* **Clinton Rockwell** is a noted figure in consumer financial law, offering clients broad advisory expertise in regulatory matters. He is particularly experienced in acting for mortgage lenders and servicers. **Walter Zalenski** maintains a well-respected consumer finance practice, with a core focus on compliance issues. He is particularly adept at advising clients on complex payments law matters. **Strengths:** *"Walt is able to apply his knowledge practically and in a way that allows the client to gain a true appreciation of the risk and opportunity."* *"Walt is a deep thinker, he has an incredible amount of experience and analyzes a thing down to its very essence."* **John Kromer** comes equipped with an extensive skill set in consumer financial matters and routinely advises clients on their compliance with state and federal law. He is particularly expert at advising clients on state licensing issues. **Strengths:** *"John is great to work with and extremely knowledgeable. He knows our industry well and works with us to find a solution."* **James McGuire** is held in high regard for the strength of his consumer litigation practice. His representation of clients in major class actions encompasses issues such as the Fair Debt Collection Practices Act, Fair Credit Reporting Act and Truth in Lending Act.

Paul Hastings LLP

What the team is known for Paul Hastings LLP is a go-to for complex enforcement actions and investigations in the consumer finance sphere. Bank, non-bank lenders, FinTechs and loan servicer clients come to the firm for their expertise on matters particularly brought by the CFPB, FDIC, DOJ and FDIC.

Strengths

"The team is multi-layered in its approach and their subject matter experts are helpful, responsive and knowledgeable."

"The firm has a good understanding of the big picture and is able to process large amounts of information."

"Paul Hastings has a good understanding of the business and regulatory environment."

Work highlights Paul Hastings LLP represented City National Bank in a Department of Justice investigation and consensual resolution relating to claims of redlining.

Notable practitioners

Jonice Gray Tucker (see p.722) concentrates her practice on consumer banking law and is seasoned at navigating clients through investigations and enforcement actions by the CFPB, HUD and other agencies. **Strengths:** *"Her breadth of knowledge and ability to create practical solutions to legal issues consistently impresses."* *"She understands not only what the law requires but also where it is going."* *"She's extremely good and has an ability to connect with the client."* **Allyson Baker** is a seasoned consumer finance attorney, often called to defend clients in large and novel investigations concerning unfair conduct and payment product offerings. **Strengths:** *"Allyson has deep experience and understanding of the issues."* **Matthew Previn** (see p.672) is recognised for his experience representing clients in state and federal litigation. He is routinely sought out for his counsel in mortgage cases. **Strengths:** *"He's a really remarkable strategic thinker."* *"Matthew provides wonderful advice to important questions that we have in the banking/regulatory space. He has great experience."* *"He has very clear intellectual talent for the law but can also explain it to the C-suite executives."* **Chris Daniel** (see p.536) is held in high regard in the financial services space. He frequently advises clients in the consumer finance space on the full spectrum of regulatory compliance issues. **Strengths:** *"Chris is a very gifted payments lawyer."*

Paul, Weiss, Rifkind, Wharton & Garrison LLP

What the team is known for Paul, Weiss, Rifkind, Wharton & Garrison LLP enjoys a significant reputation for its defense of high profile financial institutions, including investment funds, banks and mortgage companies, against enforcement and investigative actions. Adept at dealing with regulatory bodies, defending against cases brought by the OCC, DOJ and OFAC, among other federal and state authorities. Counts a number of former regulators and federal prosecutors among its ranks. Works in close conjunction with the firm's market-leading white-collar criminal defense practice.

Strengths

"Paul, Weiss has high quality lawyers."

"The firm is meticulous and on top of everything."

"The team has provided consistently excellent counsel and work product."

Work highlights Paul, Weiss, Rifkind, Wharton & Garrison LLP represented six individual plaintiffs in their challenge under the Administrative Procedure Act in the Western District of Texas of OFAC's sanctions on Tornado Cash, a crypto privacy protocol.

Notable practitioners

Brad Karp (see p.2598) regularly counsels market-leading clients facing complex regulatory and enforcement proceedings. He is an experienced litigator, with a successful history of defending financial institutions in a range of high-stakes sce-

narios. **Strengths:** *"He is an extraordinarily persuasive advocate."* **Jessica Carey** (see p.520) is noted for her expertise in investigations and enforcement actions before several regulatory agencies such as the SEC, DOJ, CFTC and FDIC. Also assists clients with AML and sanctions advice.

Strengths: *"Jessica is savvy, smart and pragmatic."* *"She is very responsive, client-focused and commercial."* *"Jessica is exceptional. She's responsive and thoughtful, with a great strategic mind."* **Christopher Boehning** (see p.508) is regularly sought by large, multinational financial institutions to advise on complex regulatory matters. He has an impressive expertise in enforcements by SEC, CFTS, FINRA and the DOJ, backed by impressive experience as a litigator. **Strengths:** *"Chris is very accessible and responsive."* **Jarryd Anderson** (see p.491) has an excellent practice advising banks on regulatory and corporate matters. He serves as cochair of the firm's financial services group. **Strengths:** *"Jarryd has a terrific understanding of regulatory policy and great judgment."* *"He is a very knowledgeable individual with a breadth of experience."* **Daniel Meade** (see p.640) has a well-regarded practice advising clients on a variety of transactional bank regulatory issues, including the Volcker Rule, corporate governance and AML. **Strengths:** *"Dan provides valuable insights to help the client navigate legal and commercial risks."* *"Dan is very practical. He is also super technically competent in this complicated area."*

Schulte Roth & Zabel LLP

What the team is known for Schulte Roth & Zabel LLP has a well-regarded team of practitioners with strengths in compliance, enforcement and litigation. The firm is regularly sought to advise on compliance with SEC, SRO and Federal Reserve Board rules, along with criminal proceedings and investigations. It has a niche expertise in insider trading matters and is noted for its work in emerging industries such as blockchain and cryptocurrency. The firm has particularly impressive cross-border capabilities.

Strengths

"The team is highly skilled and responsive to our needs."

Work highlights Schulte Roth & Zabel LLP represented Nexo Capital in parallel investigations brought by the SEC, CFPB, and multiple state regulatory agencies related to the company's offering of an interest-earning product.

Notable practitioners

Clients repeatedly turn to **Julian Rainero** for his dependable counsel on broker-dealer regulatory compliance matters. He is particularly respected for his expertise with alternative trading systems and often advises on rule-settings by the SEC. **Strengths:** *"Julian's insight and knowledge are extraordinary."* *"Julian is a terrific practitioner."*

Sidley Austin LLP

What the team is known for Sidley Austin LLP offers extensive experience across a range of securities and broker-dealer matters, including the most technical aspects of equity markets, alternative trading systems and municipal securities. Noted representation of broker-dealer clients in connection with regulatory examinations,

investigations and enforcement actions. Further recognized for its highly respected consumer finance practice, covering a broad range of matters including the establishment of innovative payment systems. Regularly acts on behalf of banks and non-banks in connection with complex regulatory matters and major litigation.

Strengths

"The firm has an incredibly strong financial regulatory practice and is able to handle any issues, whether routine or novel."

"Sidley has a strong platform and does a lot of sophisticated work for global financial institutions, particularly in payments and FinTech."

"Sidley lawyers excel at getting up to speed on complex matters quickly and providing actionable business-oriented advice."

Work highlights Sidley Austin LLP advised PayPal on the structure and launch of its Venmo Teen Account and Venmo Teen Debit Card.

Notable practitioners

Hardy Callcott (see p.519) stands out for his market-leading counsel to leading US broker-dealers on the full range of compliance requirements. He is equally accomplished at steering clients through major enforcement actions initiated by state and federal regulators. **Strengths:** *"Hardy Callcott is a superb counselor with encyclopedic knowledge."* **Kevin Campion** maintains a prominent broker-dealer compliance practice, offering clients comprehensive guidance with respect to rules set by the SEC, SIFMA and FINRA. He is particularly well known for his expertise in short-selling issues. **Strengths:** *"Kevin has a fantastic combination of broad industry knowledge and providing actionable advice."* *"Kevin has encyclopedic knowledge."* **David Teitelbaum** (see p.717) is a widely commended name in the world of consumer finance law, noted for his extensive regulatory and transactional capabilities. He is particularly well regarded for his expertise in payments law matters. **Strengths:** *"He is very experienced and updates his analysis based on rapidly changing facts."* *"David has very thorough and robust experience and understanding around regulatory issues."* **Joel Feinberg** (see p.552) is recognized for his high quality regulatory practice, which sees him counseling credit card providers and other lenders on significant compliance issues such as payments law, sanctions and AML. **Strengths:** *"Joel is a trusted advisor; he understands our business and provides guidance that is comprehensive and practical."* **Gretchen Lamberg** (see p.616) is routinely sought out by clients for counsel on payments systems and regulations. **Strengths:** *"Gretchen is a fantastic attorney and an exceptional talent."* *"Gretchen is incredibly smart and experienced."* **John Van De Weert** is noted for his broad capabilities in consumer financial law. He is sought out by a wide range of clients for regulatory advice in connection with the CFPB, the Dodd-Frank Act and extensive payments law matters. He also provides in-depth advice on enforcement issues. **Strengths:** *"He is really smart and very hardworking."* **Michael Lewis** (see p.623) is highly sought out for his bank regulatory knowledge. He assists prominent banking clients in regulatory issues related to FinTech and bank M&A transactions, among other matters. **Strengths:**

"Michael is a great lawyer and a responsive resource. He is always ready to help." "Michael consistently delivers business-oriented and actionable advice." "Michael has excellent experience. He is knowledgeable, practical and flexible."

Simpson Thacher & Bartlett LLP

What the team is known for Simpson Thacher & Bartlett LLP has a well-established transactional offering with the ability to operate effectively across all facets of deals involving financial institutions. Represents a wide array of financial institutions including banks, credit card issuers, mortgage brokers and insurance companies, granting it an impressive overview of industry-wide trends. Offers a robust grounding in the regulatory directives of every core agency in the space.

Strengths

"The team advises clearly and succinctly to reach good outcomes."

"The team are always incredibly business-savvy and thoughtful in their advice and guidance."

Notable practitioners

Lee Meyerson is widely touted as one of the most accomplished financial services M&A lawyers of his generation. He works closely with clients to execute major transactions with seasoned efficiency, including sales, mergers and acquisitions.

Strengths: *"He has such a tremendous reputation in the industry and is extremely good at negotiating with counterparties in difficult situations."* **Sven Mickisch** (see p.642) is a highly respected lawyer, noted for his extensive transactional capabilities in M&A matters. He is called upon by a range of financial institutions, including private equity firms and banks. **Strengths:** *"Sven is an incredibly sophisticated operator, he is very much hands on and provides the support that is required."* **Sven**

is thoughtful in his responses and knows how to deliver complicated legal advice in a way that is digestible for a diverse audience." **Brian Christiansen (see p.526) is recognized as a highly skilled transactional and regulatory attorney, who offers specialized counsel to financial services firms. He is seasoned at handling M&A and regularly engages with the full spectrum of financial regulators. **Strengths:** *"Brian is a very strong and pragmatic bank regulatory lawyer."* **Elizabeth Cooper** (see p.2552) maintains a respected M&A practice, in which she counsels a range of financial institutions, including banks and private equity sponsors, on major transactions. She has notable experience in handling issues with cross-border elements. **Strengths:** *"She is very impressive."***

"She is responsive, business-savvy and thoughtful in her advice." **Marc Berger** is co-head of the government and internal investigations practice at Simpson Thacher & Bartlett. He is highly regarded for his expertise in SEC matters. **Strengths:** *"Marc is a wonderful lawyer and extremely knowledgeable." "He is incredibly smart, incredibly prepared and has tremendous gravitas." "He is very responsive and has strong instincts with regulators."*

Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates

What the team is known for Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates is a hugely

respected firm with an enviable history of involvement at the cutting edge of the US financial services arena. Particular strength in the banking space, advising leading institutions on a range of sophisticated regulatory compliance, enforcement and M&A matters. Advises on all aspects of the Dodd-Frank Act, and adept at dealing with allegations of sanctions and anti-money laundering violations. Offers additional expertise in consumer finance, including CFPB compliance and enforcement matters, and particularly excelling in consumer class action defense. Noted expertise in the emergent FinTech area.

Strengths

"Skadden has a strong awareness of client objectives and puts forward constructive and pragmatic proposals."

"The team's response time is excellent and the product we receive is comprehensive."

"The lawyers have the latest market intelligence on the most sophisticated transactions."

Work highlights Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates represented the SVB Securities management team bidder group in acquiring SVB Securities from SVBFG.

Notable practitioners

Anand Raman (see p.674) is one of the industry's finest civil litigators and a sought-after expert on issues that dominate the consumer finance space. He focuses his practice on the representation of financial institutions in examination, enforcement and litigation proceedings advanced by the CFPB, FDIC and DOJ. **Strengths:** *"He crafts creative and nuanced legal strategies. He is amazing with statistical analysis and marrying that with legal arguments."* **Anand** is knowledgeable, professional and responsive." **Anand** is exceptional and also very efficient." **Jeff Brill** (see p.512) is recognized for his excellent representation of banks, FinTechs and other financial institutions in national and international transactions. **Strengths:** *"Jeff always brings an outstanding level of focus and commitment to every deal. He sees the big picture and understands what matters."* **He shows excellent judgment and provides pragmatic advice." **Mark Chorazak** (see p.526) is sought out by leading banks and financial institutions. He is recognized for his strengths advising on a wide range of regulatory issues, including all aspects of the Dodd-Frank Act and Bank Holding Company Act. **Strengths:** *"He readily understands complex issues and is adept at arriving at and explaining solutions."* **Mark** has an amazing ability to walk clients through comprehensive responses to niche questions."**

Sullivan & Cromwell LLP

What the team is known for Sullivan & Cromwell LLP is a colossus of the US financial services space, handling sophisticated banking regulatory issues on a regular basis. Comfortable negotiating the ins and outs of Dodd-Frank regulations for systemically important clients and defending them against incursions by an array of regulatory bodies. Adept at dismissing harmful allegations relating to such crimes as rate rigging and money laundering, with noted expertise in representing clients before high level regulatory enforcement actions. Also noted for its continuing excellence in the transactional space, advising financial insti-

tutions in connection with industry-defining M&A activity. Increasing presence in the FinTech space, alongside an ability to advise on cybersecurity issues affecting banking clients.

Strengths

"It is a very deep bench that is incredibly plugged into the entire industry."

"S&C has the expertise and relationships to handle complex matters and provide the strategic advice and direction to successfully support those matters."

"S&C analyzes very complex rules and identifies the most practical potential issues and advantages."

Work highlights Sullivan & Cromwell LLP advised JPMorgan in its acquisition of Aumni, a provider of investment analytics software to the venture capital industry, in an all-cash transaction.

Notable practitioners

Elizabeth Davy (see p.538) is recognized for her extensive capabilities with respect to sanctions and AML enforcement matters in the banking sector. **Strengths:** *"Beth understands the industry and how banks operate, which leads to the most insightful and deeply thought out advice and solutions."* **Samuel Seymour** (see p.698) is noted for the strength of his legal acumen in banking enforcement matters. As senior counsel at the firm, he remains a dependable source of advice for high-stakes investigations and regulatory actions brought by a range of agencies. **Strengths:** *"He has a stellar reputation."* **Karen Patton Seymour** (see p.698) rejoined the Sullivan & Cromwell investigations team from her role as general counsel at a major international investment bank. She brings with her decades of experience at the forefront of the banking enforcement space.

Strengths: *"She is outstanding."* **Rodgin Cohen** (see p.529) is a towering figure of the US financial services landscape. He offers clients unmatched experience handling the most significant transactional and regulatory matters in the industry.

Strengths: *"He is a wonderful adviser. Rodgin is knowledgeable, practical and pragmatic."* **He has a well-earned reputation for being one of the foremost experts in banking law. His strategic vision and eternally optimistic outlook are tremendous assets." **He is the dean of banking law." **Mitchell Eitel** (see p.547) is skilled at achieving the regulatory and transactional goals of his financial services clients. **Strengths:** *"Mitchell is widely sophisticated in a whole range of issues. He is clever, insightful and innovative in his approach."* **He has a fantastic ability to advise and execute on the most complex financial services assignments." **Mitch********

is the complete package. He has an extraordinary depth of experience and incredible creativity." **Sharon Cohen-Levin (see p.2550) concentrates her noted practice on banking enforcement matters emerging from AML and asset forfeiture. **Strengths:** *"Sharon is thoughtful, insightful and well-connected. She is a terrific, energetic leader."* **Sharon** is my go-to legal counsel in the field. She consistently provides practical advice on extremely complex matters and is very responsive."**

Michael Escue (see p.548) maintains a comprehensive practice, which sees him advise domestic and international clients on the full suite of US banking regulatory requirements. **Strengths:** *"He has a wealth of knowledge and is very talented."*

Andrew Gerlach (see p.565) is highly sought after by diverse financial institutions for assistance with significant M&A, including the obtaining of regulatory approvals. **Strengths:** “Andrew is very smart, highly thoughtful and demonstrates great judgment in tackling challenges across the full spectrum of financial services and FinTech.” “Andrew is exceedingly smart and efficient.” **Mark Menting** (see p.641) dedicates his broad practice to the representation of clients in complex bank regulatory matters. In particular, he offers clients the benefit of deep transactional expertise in M&A. **Strengths:** “Mark has very good judgment and gives pragmatic advice. He is very experienced and knowledgeable.” **Camille Orme** (see p.659) is a respected practitioner of bank regulatory law. She is particularly knowledgeable regarding the regulatory aspects of the Dodd-Frank Act, including Volcker Rule compliance. **Strengths:** “Camille is knowledgeable, extremely practical and pragmatic.” **Stephen Salley** (see p.689) is highlighted for his extensive capabilities on transactional and regulatory matters involving banks and other financial institutions. **Strengths:** “Stephen is a superb draftsman and negotiator of deal points.” “Stephen is prompt, creative and pragmatic. He is a substantive expert and a trusted advisor.” “He is an exceptional lawyer who brings expertise and experience in the financial services space, including transactional and regulatory.” **Donald Toumey** (see p.720) stands out for his extensive expertise in US banking law. He regularly advises clients on the full spectrum of compliance matters, including regulatory challenges emerging from the Bank Secrecy Act and OFAC sanctions. **Strengths:** “Donald provides advice that generates a high degree of confidence.” **Andrea Tokheim** (see p.720) is recognized for the strength of her compliance practice, which frequently sees her resolving a wide range of regulatory challenges. Clients often seek her out for assistance with the Patriot Act, AML and bank ownership issues. **Strengths:** “She has great experience and sophistication. She is very responsive and also a great creative thinker.” **Colin Lloyd** (see p.624) combines knowledge of the regulatory issues facing both banks and broker-dealers, with standout expertise in derivatives compliance. **Strengths:** “Colin routinely provides exceptional legal services on a wide range of regulatory issues. He delivers outstanding work product and is particularly adept at writing clearly.” “He is brilliant and has an encyclopedic understanding of the rules.” “He gives practical, accurate and timely advice.” **Jared Fishman** (see p.555) is reputed for his knowledge in the M&A area. He regularly advises clients on a wide range of transactional, corporate governance, disclosure and general corporate matters. **Strengths:** “Jared is smart and commercial.”

Troutman Pepper

What the team is known for Troutman Pepper has a well-regarded consumer finance practice with strength in defending financial services clients. The team has experience in class actions brought under the FCRA and TCPA. It also has impressive expertise in advising clients on consumer protection issues. The team regularly demonstrates its ability to provide counsel on investigations being

conducted by the CFPB and FTC and state attorneys general.

Strengths

“The firm really understands our products and risk tolerance, as well as our business and legal objectives.”

“Troutman has deep industry experience and a broad depth of knowledge on consumer compliance matters.”

“The lawyers are very helpful in novel, complex matters and providing a fresh approach to developing situations.”

Work highlights Troutman Pepper defended LexisNexis Risk Solutions in a putative class action lawsuit that alleged violations of the Fair Credit Reporting Act.

Notable practitioners

Mark Furlotti (see p.560) offers clients the benefit of an extensive skill set in payments law and consumer protection legislation. **Strengths:** “Mark has tremendous subject matter depth. He advises clients on cutting-edge issues and is really a thought leader.” “Mark is very personable and can identify solutions to complex problems.” “He is very knowledgeable and offers practical input.”

James Kim (see p.606) is recommended for his expertise in enforcement actions and investigations brought by the CFPB, FDIC, Federal Reserve and state AGs, and is a former CFPB regulator himself. **Strengths:** “James is a passionate lawyer with great insight and vision.” Civil litigator **John Lynch** (see p.627) is highly regarded for his work protecting the interests of financial institutions in consumer financial class actions. Many of his high profile cases emerge from disputes surrounding payments law and consumer lending legislation. **Strengths:** “David does a fantastic job, he is very client-friendly and extremely well regarded.” **Jeremy Rosenblum** (see p.2977) is a noted authority on consumer lending practices. He routinely advises clients on their compliance with a wide range of state and federal laws. **Strengths:** “Jeremy Rosenblum has broad understanding of consumer banking rules and regulations and has very keen business acumen.” “Jeremy is an outstanding attorney.”

Christopher Willis (see p.735) is experienced in dealing with a wide range of state and federal regulators, often defending complex enforcement actions on behalf of his clients. He is particularly noted for his fair lending expertise. **Strengths:** “Chris is very knowledgeable and practical.” “His strategic thinking has impressed.” **Kevin Petrasic** (see p.667) advises domestic and international financial institutions on a broad range of bank regulatory matters. He is well versed in compliance with the Dodd-Frank Act and offers expertise in AML issues.

Wachtell, Lipton, Rosen & Katz

What the team is known for Wachtell, Lipton, Rosen & Katz is an M&A powerhouse with an outstanding track record in corporate transactions involving financial institutions. Well placed to handle the raft of regulatory compliance considerations that accompany corporate finance in the post-Dodd-Frank world. Relied upon to enable the successful completion of joint ventures, M&A, financings, restructurings and other undertakings.

Strengths

“Wachtell is a phenomenal firm.”

Notable practitioners

Edward Herlihy continues to lead the market with his preeminent M&A practice, which is focused on the representation of major banks and financial institutions. Over the course of his storied career, he has acted in many of the most significant and complex transactions in the industry. **Nicholas Demmo** (see p.540) is highly regarded for his work on complex M&A matters, including for banks and many other participants in the financial services space. **Strengths:** “He is incredibly constructive and is also pragmatic.” **Richard Kim** (see p.607) is an excellent choice of counsel for clients seeking regulatory counsel on major M&A. He is seasoned in the representation of banks, credit card companies and other financial institutions. **Strengths:** “Richard is a great thinker in this space.”

Weiner Brodsky Kider PC

What the team is known for Weiner Brodsky Kider PC is highlighted for its strength in consumer finance compliance. The firm is adept at handling compliance audits, due diligence and reverse mortgage products, and further demonstrates skill advising on federal and state regulations.

Strengths

“The firm is always prompt and flexible in responding to our needs.”

“Weiner Brodsky provides very detailed and easy to understand interpretations of complicated issues and regulatory matters.”

“The firm is connected to the industry and the evolving landscape of regulations and compliance.”

Notable practitioners

Mitchel Kider is noted for his consumer finance compliance expertise. He represents a range of clients including banks, mortgage companies, residential homebuilders and other financial service companies. **Strengths:** “Mitch has an incredible depth of knowledge of regulatory matters and explains very complex issues in easy to understand language.” “He is an excellent and knowledgeable attorney.”

Williams & Connolly LLP

What the team is known for Williams & Connolly LLP is a successful financial services group noted for its defense of financial institutions and their directors and officers in investigations, enforcement actions and litigation brought by government regulators. Experience of a broad range of regulatory actions, including those relating to FDIC receivership and the Financial Institutions Reform, Recovery, and Enforcement Act (FIRREA). Ancillary expertise in the white-collar space ensures the firm can cover cases with an overlapping DOJ element.

Strengths

“The firm’s strengths include preparing and successfully executing litigation or enforcement strategy. This is the result of a combination of intellect, experience and drive.”

“The team offers very sophisticated representation of banks and other financial institutions.”

“Williams & Connolly does outstanding work.”

Work highlights Williams & Connolly LLP represented Progrexion Holdings, a credit repair

company, in a federal suit brought by the CFPB alleging violations of the teleservices rule in its billing practices.

Notable practitioners

John Villa focuses his practice on the defense of banks in high-stakes enforcement and examination proceedings. He offers clients the benefit of extensive experience in long and highly complex litigation. **Strengths:** *"He is smart and tenacious."* Based in Washington, DC, **Ryan Scarborough** regularly acts for major financial institutions in CFPB, DOJ, SEC and FDIC enforcement and investigation matters. **Strengths:** *"Ryan manages and marshals data incredibly well which leads to top results."* *"Ryan Scarborough is a great lawyer who is a gifted communicator and a true pleasure to work with."*

Willkie Farr & Gallagher LLP

What the team is known for Willkie Farr & Gallagher LLP has a highly regarded team of lawyers, noted for their expert handling of diverse broker-dealer matters. Regularly utilized by a broad array of clients, including investment banks, market makers and FinTech companies. Often sought out for assistance with complex regulatory investigations and examinations by diverse regulatory authorities, including the SEC and CFTC.

Strengths

"Wilkie's legal knowledge and judgment is exceptional."

"The team is great at navigating to find pathways to success."

Work highlights Willkie Farr & Gallagher LLP represented The Options Clearing Corporation in SEC and CFTC investigations into its compliance with its SEC-approved stress testing and clearing fund methodology rules.

Notable practitioners

Elizabeth Gray (see p.572) concentrates her practice on the representation of securities market participants in high-stakes enforcement matters, including SEC and CFTC investigations. **Strengths:** *"Elizabeth has deep experience in the broker-dealer industry and is a highly respected advisor."* *"Elizabeth Gray is spectacular."* **Matthew Comstock** (see p.531) is highly regarded for his expertise in broker-dealer compliance matters. He routinely provides counsel to clients undergoing examination by the SEC and FINRA. **Strengths:** *"He is an excellent resource for SEC matters."*

WilmerHale

What the team is known for WilmerHale is a consummate financial services firm, marshaling among its ranks significant ex-governmental prowess with an intricate knowledge of the regulatory landscape. Particularly recognized for its exceptionally strong broker-dealer practice, offering a deep bench of attorneys who are able to advise on the most cutting-edge regulatory matters. Additional strength in the banking regulatory space, with a solid presence in the enforcement sphere. Seasoned in representing clients before the CFPB and other regulatory agencies, also acting in related litigation.

Strengths

"WilmerHale provides thoughtful and thorough advice related to complex and nuanced matters."

The lawyers have deep expertise."

"WilmerHale is consistently responsive and provides excellent service."

"The team is strategic and aware of business concerns."

Work highlights WilmerHale assisted JPMorgan Securities with responding to a FINRA investigation regarding the client's market access controls.

Notable practitioners

Yoon-Young Lee demonstrates an impeccable grasp of the regulatory climate faced by broker-dealers and associated market participants. Examples of her work include acting as regulatory counsel to SIFMA and representing clients before the SEC in matters of policy compliance. **Strengths:** *"She is very reliable and incredibly thoughtful."* *"She is really phenomenal."* **Noah Levine** is a skilled litigator and highly regarded for his work defending major class actions on behalf of consumer-facing organizations. **Strengths:** *"Noah is a strategic thinker and adept at putting complex issues into an easily digestible form."* **Elizabeth Mitchell** is experienced in advising broker-dealers on investigations and enforcement proceedings brought by financial regulators, including FINRA and the SEC. **Strengths:** *"Elizabeth is an exceptional lawyer, she is extremely responsive, commercial and a pleasure to work with."* *"She is incredibly thorough and knowledgeable."* **Andre Owens** maintains a highly regarded practice, in which he advises on the full spectrum of regulations affecting US broker-dealers. His prior high level experience at the SEC earns him particular praise. **Strengths:** *"Andre understands complex business and technical requirements and ensures that they are developed within the applicable regulatory framework."* *"He really cracks problems."* *"Andre is a fabulous lawyer in all aspects."* **Bruce Newman** enjoys an excellent reputation in the New York market for his representation of financial organizations in the comprehensive range of broker-dealer regulatory matters. **Strengths:** *"He has been everywhere in the industry and is very effective."* **Stephanie Nicolas** is sought after for her expertise regarding the regulation of broker-dealers. She routinely provides strategic advice to clients undergoing complex SEC and FINRA investigations. **Strengths:** *"Stephanie is a really smart, thoughtful lawyer who is thorough in the work that she does."* **Susan Schroeder** draws from a tremendous wealth of expertise to advise clients on regulatory compliance and enforcement, with clients benefiting from her experience as the former head of enforcement at FINRA. **Strengths:** *"She is extremely knowledgeable and her past experience at FINRA is important because she gets the regulatory mindset and can predict regulators' responses. She is also great in her business mindset, giving practical advice which balances the needs of the business."* **Franca Harris Gutierrez** routinely advises banks and financial services providers on a range of regulatory issues. She is also highly regarded by clients for her knowledge of OCC regulations. **Strengths:** *"She has a real breadth of industry expertise."* *"Franca has a wealth of knowledge and does an excellent job of managing risk."* *"She is always up to speed on what really matters and gives practical advice about how to move forward strategically."*

Other Ranked Lawyers

Sarah Auchterlonie of Brownstein Hyatt Farber Schreck, LLP is recognized for her consumer finance knowledge, frequently assisting on licensing matters and regulatory proceedings. **Strengths:** *"Sarah is knowledgeable, thorough and professional in every interaction."* *"Sarah is an excellent practitioner and extremely detailed."*

Matthew Biben (see p.505) of King & Spalding LLP is recognized for his standout expertise in bank regulatory and enforcement matters, often assisting clients with examinations and investigations by the CFPB. His clients often include FinTechs and financial institutions. **Strengths:** *"He is very experienced, able to offer very strategic advice in what regulators might be thinking and what lawmakers might be thinking."* *"He offers practical advice and is very responsive."*

Andrew Bigart (see p.505) of Venable LLP cochairs the financial services group and is recommended for assisting in complex regulatory challenges in the payments space. **Strengths:** *"Andrew is knowledgeable, responsive and a good communicator."* *"He works with us to come up with practical steps to deal with legal issues."*

Reginald Brown (see p.515) of Kirkland & Ellis is highly sought after by clients for his strategic input on matters of great reputational risk. A substantial portion of his practice is focused on the representation of financial institutions in major regulatory and enforcement disputes. **Strengths:** *"His vast connections, wealth of experience and laser-focused strategic guidance is unparalleled in Washington."* *"Reg is really outstanding."*

Banking attorney **Scott Cammarn** (see p.519) of Pierce Atwood LLP is recommended for his pragmatic insight on a wide range of regulatory matters, including Volcker Rule and AML compliance. **Strengths:** *"Scott is able to apply his extremely broad knowledge to real life banking situations to help devise solutions and measure risk."* *"Scott is an expert in his field and a valued partner."* *"Scott is an extremely knowledgeable banking attorney, with deep industry experience."*

Lauren Campisi of Hinshaw & Culbertson LLP is recognized for her extensive knowledge of state and federal laws, often providing guidance regarding CFPB and FCC regulations. **Strengths:** *"Lauren's knowledge of the consumer finance landscape is very strong and she provides sound legal guidance on a wide variety of matters."* *"Lauren not only understands the laws and regulations, but also knows our business and industry extremely well."* *"She provides practical and valuable guidance."*

Thomas Delaney of Norton Rose Fulbright is highly sought after by financial services groups for his assistance with complex regulatory compliance issues. Sources particularly praise him for his core strengths in banking enforcement matters, where he defends clients against actions initiated by the SEC, OFAC and the CFPB.

Juliana Gerrick of Steptoe LLP is a recommended figure in the credit card lending space, assisting clients with compliance issues. **Strengths:** *"Juliana is highly knowledgeable in the area of consumer finance and I would highly recommend her services."*

Emily Gordy (see p.571) of King & Spalding LLP

has previous experience at the SEC and FINRA, making her particularly well placed to handle a wide range of enforcement matters affecting broker-dealer clients. **Strengths:** “Emily has deep expertise in how the rules and regulators work. She is a thoughtful lawyer who is very practical in application.” “She’s a joy to work with.”

Richard Gottlieb (see p.571) of Glaser, Weil, Fink, Howard, Jordan & Shapiro, LLP focuses his practice on the representation of banks and mortgage lenders facing examination, enforcement action and litigation by financial regulators. He is particularly experienced in the defense of consumer class actions related to AML and TCPA infractions. **Strengths:** “Richard is an incredibly smart attorney. He is very creative and constantly thinking about different ways to attack a problem.” “Richard is communicative, knowledgeable and very practical.”

Alison Hashmall (see p.579) of Freshfields Bruckhaus Deringer is noted for her experience in diverse compliance matters. She frequently advises clients on issues stemming from the Volcker Rule, the Bank Holding Company Act and other regulatory issues. **Strengths:** “Alison provides practical and informed advice on often-complex issues. Her attention to detail and actionable guidance is invaluable.” “She understands our business and provides excellent legal advice and guidance.”

Head of Akerman LLP’s consumer finance practice, **William Heller** (see p.582) is a highly experienced litigator, with particular strength in the defense of consumer class actions. Financial institutions regularly seek him out for assistance with disputes emerging from consumer protection legislation. **Strengths:** “Bill is an excellent attorney.”

Marci Kawski of Husch Blackwell LLP is recognized for her experience supporting clients in the consumer finance sector with regulatory compliance and risk management. **Strengths:** “She’s super knowledgeable, goes the extra mile, and gives great advice.” “Marci has been critical to our success in navigating very complex issues.” “Marci

is easy to work with, very thoughtful, very smart and really good at giving practical advice.”

Market-leading lawyer **Steven Lofchie** of Norton Rose Fulbright is a distinguished figure in the New York market. Clients regularly seek him out for assistance with diverse broker-dealer regulatory issues, including SEC registration, capital requirements and AML matters. **Strengths:** “He’s very knowledgeable and experienced. He understands a lot about how things operate and what we need as internal counsel.” “Steve is the counsel to whom I turn to resolve the knottiest of problems. He has an ability to get to the heart of the issue and craft practical solutions.”

Jelena McWilliams (see p.639) is managing partner of the Washington, DC office of Cravath, Swaine & Moore LLP. She brings to bear a wealth of experience as former Chairman of the FDIC. She is highly sought-after for complex bank regulatory issues. **Strengths:** “Jelena has a keen intellect, is amazingly practical and able to provide true wisdom on how to navigate through complex environments.” “Jelena is an incredible asset and her prior senior public experience enables her to analyze complex situations and provide holistic and strategic solutions.” “She is an incredible strategic partner and one who can help guide on strategy.”

Robert Mowrey (see p.648) of Locke Lord LLP is held in high regard for his litigation expertise in the consumer finance sphere. His practice encompasses federal and regulatory lawsuits as well as consumer class actions. **Strengths:** “Rob is exceptional and provides great client service.” “There’s nothing he hasn’t seen or dealt with in his career and he is able to look at something from all angles.” “He is a fantastic lawyer, strategic and knows what we are after.”

Brynn Rail (see p.674) of Ropes & Gray LLP has significant experience of handling complex regulatory and securities issues. She regularly advises on SEC and FINRA rule compliance and also boasts an in-depth insight into transaction-related matters. **Strengths:** “She is thoughtful about risks, very helpful and user-friendly.” “She is able to take a very dense set of requirements and make

it bite-sized and understandable for non-lawyers.” “Brynn always looks to provide sound legal advice and she stays on top of the various regulatory requirements.”

Russell Sacks (see p.688) of King & Spalding LLP is well regarded for his success at providing strategic advice to clients, including with respect to complex SEC and FINRA regulations. **Strengths:** “Russell quickly understands our needs and delivers great work.” “He gives very commercial advice and is a very good advocate.”

Andrew Schilling (see p.692) of Schilling Law LLC represents clients in a range of industries such as banking and automobile on investigations and enforcement actions from the CFPB and DOJ and FDIC.

David Sewell (see p.697) of Freshfield Bruckhaus Deringer is well regarded for his work representing financial institutions in a broad range of bank regulatory matters. In particular, he continues to rise in prominence for his expertise in AML and sanctions-related issues. **Strengths:** “Dave is an excellent lawyer. He is very sophisticated and provides top notch client service.” “Mr. Sewell is responsive, practical and always identifies a solution for issues raised.” “His advice is always spot on. He is extremely knowledgeable and practical.”

Julia Strickland of Steptoe LLP remains a major force in the field of consumer finance litigation. She is particularly seasoned in the defense of high-stakes class actions on behalf of mortgage lenders. **Strengths:** “She has established an incredible practice over the years and I have great respect for her.” “Julia is really practical in her approach and quickly comes up with strategies.”

Donald Waack (see p.728) of Linklaters advises banks and other financial institutions on a range of regulatory matters, including the Volcker Rule. Also adept at providing regulatory support for numerous commercial transactions. **Strengths:** “He provides clear and pragmatic advice.” “Donald is an excellent practitioner in the space, he has sound judgment and is very knowledgeable.”

He assists clients with defamation and right of access disputes, as well as providing prepublication counsel. **Strengths:** *"Maxwell is the future leader of the Bar. He steps up and is very knowledgeable across the spectrum."*

Davis Wright Tremaine LLP

What the team is known for Davis Wright Tremaine LLP fields an impressive team of First Amendment litigators, providing first-rate representation to clients in the media and entertainment industry. It attracts acclaim for its expert handling of complex defamation disputes, and is also frequently entrusted to handle right of publicity and access-to-information claims. The group draws upon a deep, bicoastal bench of expert practitioners to offer a comprehensive litigation practice as well as regularly assisting clients with prepublication review.

Strengths

"Davis Wright Tremaine is a top-notch legal team."

"They are champions of the press, and have strategic and thoughtful lawyers who execute their briefs incredibly well."

"They are top-notch, responsive and know the media industry very well."

Work highlights Davis Wright Tremaine won an appeal at the US Court of Appeals Sixth Circuit for its client, ABC News, regarding its reporting of a confrontation between a Native American activist and a former student.

Notable practitioners

Victor Kovner is a hugely respected figure in the market. He offers a wealth of experience in defamation, reporter's privilege and privacy claims, and continues to advise a diverse client base, which includes clients in the news, publishing and entertainment sectors. **Elizabeth McNamara** is a preeminent First Amendment litigator with a stellar reputation defending media companies in high-profile defamation matters. She also demonstrates strength in intellectual property disputes. **Strengths:** *"Liz is extremely well respected and at the forefront of the practice."* **Kelli Sager** is the undisputed doyenne of the First Amendment Bar in California, with an exceptional track record of representing national newspapers and major television networks in defamation and right of publicity claims. **Strengths:** *"She is a very significant attorney in this space."* *"Kelli is a preeminent First*

Amendment lawyer. She is incredibly dedicated to her work and clients, working phenomenally hard." **Laura Handman** acts for an impressive roster of clients, which includes major newspapers, reporters and digital media companies. She remains a go-to for complex defamation disputes. **Strengths:** "Laura is an expert in this field. She is well connected and really understands what we are trying to achieve." **Katherine Bolger's** impressive First Amendment practice sees her regularly handling high-profile defamation claims on behalf of major media companies. **Strengths:** "Katherine is an experienced defense lawyer. She is terrific and a pleasure to work with." **Bruce Johnson** comes particularly recommended for his expertise in First Amendment matters involving commercial speech. **Nathan Siegel** has a strong track record of handling high-profile disputes involving press freedom. **Strengths:** "Nate brings great experience to his practice." **Rachel Strom** has significant experience defending national newspapers, television networks and digital media companies in high-stakes defamation and access disputes. **Strengths:** "Rachel is an extraordinary lawyer." **Robert Balin** offers prepublication counsel to major news outlets, and also often assists clients with defamation lawsuits and resisting subpoenas. **Strengths:** "Robert is a smart, effective and decent lawyer working in this space." **Thomas Burke** receives recognition for his specialist knowledge of anti-SLAPP law. He is vastly experienced in representing media companies and journalists seeking access to sensitive information and other First Amendment litigation. He has been particularly active in disputes involving freedom of speech on the internet. **Strengths:** "Thomas has an incredibly deep knowledge of every matter that comes up. He is an extremely inclusive person and knows how to help his clients. He can think well through both a legal and a business lens."

Band 2 First Amendment Litigation

Jackson Walker LLP

What the team is known for Jackson Walker LLP has a respected Texas-based litigation practice with a wealth of experience handling First Amendment claims. The firm is renowned for advising major media and entertainment companies on the defense of defamation claims at the trial and appellate stages.

Strengths

"Jackson Walker has an extremely deep bench and you always feel you are with the most experienced attorneys in the courtroom."

"They have an outstanding command of the courtroom and the substance of the law. They really know how to strategize from the earliest stages of a lawsuit to get us to a place that is desirable."

"Their work product is superb. They are meticulous, hard-working but most of all very professional in everything that they do."

Work highlights Jackson Walker successfully dismissed a defamation lawsuit against its client, Penguin Random House, with regard to the book 'Forget the Alamo'.

Notable practitioners

Charles Babcock (see p.3199) regularly handles

complex libel disputes as part of his broad commercial litigation practice and is especially well versed in anti-SLAPP law. He is renowned especially for his experience in trials. **Strengths:** "Chip brings enormous gravitas to legal proceedings and is very smooth in his execution in front of judges and juries." "He is a terrific trial attorney. My go-to attorney for trial litigation." "He is one of the best attorneys I've ever worked with. He's tremendously smart, experienced and unrelenting in his pursuit of a case. He's everything you want in a lawyer." **Paul Watler** (see p.731) is a recognized First Amendment litigator who has experience representing media clients in defamation and libel claims. **Strengths:** "Paul is a very good attorney in the courtroom and produces excellent briefs which are always top notch." "Paul is very knowledgeable in the areas of First Amendment litigation in Texas and a very responsive attorney to our needs."

Williams & Connolly LLP

What the team is known for Williams & Connolly LLP houses a well-established practice group with extensive experience in the area of First Amendment litigation. The team regularly acts on behalf of national news outlets and individual journalists in complex defamation, privacy and access claims.

Strengths

"Williams & Connolly provide consistently top-notch advice. The client service is outstanding."

"The firm is a go-to for high-value and high-profile matters. They are a top firm for complex litigation."

Work highlights Williams & Connolly represented Robert Woodward in an alleged copyright infringement lawsuit filed by former president Donald Trump against Woodward's work, 'The Trump Tapes: The Historical Record'.

Notable practitioners

Kevin Baine enjoys an enviable reputation as one of the most respected First Amendment litigation experts in the country. He has a wealth of experience handling libel claims on behalf of major news organizations and journalists. **Strengths:** "He is at the top of the field." **Thomas Hentoff** has a broad litigation practice, which includes notable experience with First Amendment cases, and he is also frequently sought out to conduct prepublication review. His varied client base includes newspapers, broadcasters and online media companies. **Strengths:** "He is truly outstanding." "He is remarkably talented." "He is extremely smart and responsive, great at both high-level strategy and day-to-day tactical guidance."

Band 3 First Amendment Litigation

Cahill Gordon & Reindel LLP

What the team is known for Cahill Gordon & Reindel LLP has a notable reputation for its strength in media defense. The New York-based group has a varied practice that includes defamation and privacy work for media and commercial clients.

Strengths

"They are sharp, strong in their legal arguments, good communicators and have a strong command of the law in this area."

"Cahill has a sterling reputation in the First Amendment space. They have top-notch attorneys who are incredibly humble, eager to understand the client's point of view and easy to work with."

"They have a specialty in litigation law."

Work highlights Cahill Gordon & Reindel represented X in an action at a federal court in California regarding freedom of speech and the responsibility of social media companies to respond to hate speech, extremism and harassment on their platforms.

Notable practitioners

Floyd Abrams maintains his reputation as a trailblazer in the First Amendment space. He provides unparalleled experience litigating free speech cases in both first instance and appellate courts. **Strengths:** "He is a top lawyer and a well-respected First Amendment litigator. He is very persuasive and his judgment is respected by the wider industry." "He is a true legend who doesn't disappoint." "Floyd brings gravitas to any First Amendment claim." **Joel Kurtzberg** is a highly sought-after litigator noted particularly for his expertise in First Amendment issues. He regularly acts on behalf of news broadcasters, newspapers and journalists. **Strengths:** "Whatever the legal problem, I call Joel first. He is excellent - experienced, effective, easy to work with, meticulous and totally trustworthy." "He is confident in dealing with complex matters. His specialty is First Amendment work and he is truly stellar in this area. He is strategic and incredibly experienced." "He is incredibly generous with his counsel and wisdom. Just a great person with impeccable judgment."

Haynes and Boone, LLP

What the team is known for Haynes and Boone, LLP offers significant strength in First Amendment matters. Its attorneys are especially well versed in Texas anti-SLAPP laws and also offer expertise in media access issues.

Strengths

"Haynes and Boone are very knowledgeable in Texas law and have a wonderful ability to provide concise legal advice that allows us to move forward quickly."

"They have great lawyers who care about getting a great result. I feel very comfortable with leaving things in their hands, knowing they are working to resolve the matters we take to them for the best value."

"The attorneys at Haynes and Boone have excellent knowledge of state and federal laws that pertain to our organization's areas of interest."

Work highlights Haynes and Boone defended CNN in a \$50 million defamation lawsuit relating to COVID-19 conspiracy theories.

Notable practitioners

Austin-based **Laura Prather** leads the firm's media law practice. She is frequently called upon by news broadcasters to handle defamation claims and is particularly knowledgeable about anti-SLAPP motions. **Strengths:** "Laura is a go-to attorney for First Amendment work. She is very aware of the political environment in Texas and has a finger on the pulse of state politics. She is extremely well connected in the industry." "She is very focused on resolution strategy, and dedicated to the profession and upholding the right of expres-

sion. She does a lot of lobbying for legislation that supports her clients." "She is a highly respected media lawyer and carries enormous credibility in Texas."

Band 1 First Amendment Litigation: Mainly Plaintiff USA – Nationwide

Clare Locke LLP

What the team is known for Clare Locke is the preeminent First Amendment litigation boutique and specializes in representing plaintiffs bringing defamation claims against major media organizations. The team is known for counseling key figures in politics and entertainment, as well as other high-profile individuals, on reputation management concerns.

Strengths

"The firm is incredibly effective as they rigorously represent their clients. I hold them in high regard."

Notable practitioners

Tom Clare is frequently engaged by individuals seeking to bring defamation and invasion of privacy lawsuits against media organizations.

Strengths: "Tom is an incredibly zealous, decent and ethical lawyer." "He is smart, tenacious, thoughtful and experienced." **Elizabeth Locke** is a distinguished plaintiffs' attorney with a strong track record in high-profile defamation cases. She has experience handling trial and appellate proceedings on behalf of well-known individuals.

Strengths: "Elizabeth is a very skilled lawyer."

Other Ranked Lawyers

Jonathan Albano of Morgan, Lewis & Bockius LLP represents a broad client base, which includes prominent news organizations, reporters, corporations and nonprofit organizations, in high-stakes libel and access lawsuits. **Strengths:** "He is insightful, intelligent and experienced, with excellent judgment about strategic matters. He also

makes clients feel at ease in otherwise difficult circumstances."

Sole practitioner **Mark Bailen** is a well-regarded litigator with wide-ranging capabilities in First Amendment matters. He acts for a varied client base, which includes journalists, nonprofit organizations and media companies. **Strengths:** "Mark is very effective and thoughtful in his advice to clients and a talented oral advocate. He is someone you can work with across the aisle." "He is a great lawyer and a good person."

Robert Bertsche of Klaris Law PLLC has vast experience advising news organizations and content creators on First Amendment issues, providing prepublication review as well as libel defense. **Strengths:** "Robert is a genius when it comes to law and the media. He has a deep level of knowledge of the field, is a team player and is fantastic to work with." "He is an integral part of our operation. We have a very helpful and collaborative relationship. He keeps us safe while being very client-friendly. He consistently hits the bull's-eye for us."

Theodore Boutrous (see p.1003) of Gibson, Dunn & Crutcher LLP is a well-established First Amendment litigator with a reputation for excellence in his representation of news organizations in defamation and access cases. **Strengths:** "He has excellent courtroom presence, is always prepared and argues eloquently in a way that judges and juries comprehend."

Peter Canfield is of counsel in Jones Day's Atlanta office. He excels in the representation of newspapers, broadcast networks and digital media companies. He offers significant experience acting in high-stakes libel, privacy and access cases.

Michael Grygiel is based in Greenberg Traurig, PA's Albany office. He has built an impressive media and entertainment practice with significant strength in First Amendment matters. **Strengths:** "Michael is extremely responsive, client-focused and takes a very smart approach to cases, being dedicated to his client's position."

Jean-Paul Jassy (see p.1034) is a partner in the Los Angeles office of Jassy Vick Carolan LLP.

He has an impressive First Amendment litigation practice, which sees him act in defamation and privacy matters. **Strengths:** "His knowledge of California law is unsurpassed. He is procedurally and substantially an expert in this area." "He is nothing short of outstanding. He is an expert in this field, an excellent writer and works well under pressure."

Sole practitioner **Thomas Leatherbury** is a skilled appellate attorney with a strong track record of handling cutting-edge First Amendment matters.

Rachel Matteo-Boehm is a partner in BCLP's San Francisco office. She demonstrates extensive expertise in First Amendment litigation.

Strengths: "She is extremely sophisticated in the subject matter she handles and is an effective litigator."

Jeffrey Robbins of Saul Ewing Arnstein & Lehr LLP has a wide-ranging First Amendment practice, which includes representation of defendants and plaintiffs. **Strengths:** "Jeffrey is highly communicative, very knowledgeable and measured in his approach."

Eli Segal of LeVan Stapleton Segal Cochran has an active First Amendment practice, which sees him regularly handle defamation, right of publicity and privacy matters. He is also sought out to provide prepublication counseling. **Strengths:** "He is brilliant, tenacious and smart. He presents to the court in a cool and calm way, very much putting his clients' needs first." "Eli has a nuanced understanding of the law and shows a real commitment to the client." "He is knowledgeable on every issue and simplifies complex legal matters."

Natalie Spears of Dentons is noted for her expertise in First Amendment litigation, representing an impressive array of media organizations and news outlets in high-profile litigation. **Strengths:** "Natalie is terrific with excellent judgment."

Sole practitioner **Steven Zansberg** is recognized for his vast experience representing media organizations and reporters in high-stakes libel disputes and public access claims. **Strengths:** "He is an incredible lawyer and specialist in his field."

NATIONWIDE: An Introduction to Food & Beverages: Alcohol

Contributed by Spiritus Law

Navigating the Waves: Economic Changes Impacting the Alcohol Industry and Steering the Way for Innovation

The alcohol industry is a unique case study in the current complex global landscape. It is a sector that demands resilience, adaptation, and innovation in the face of its own challenges. From small-scale distilleries to large multinational corporations, businesses in this industry are constantly navigating a sea of economic factors, government regulations, and technological advancements that are unique to their industry.

Economic challenges impacting the alcohol industry encompass fluctuating global markets, such as the recent trade wars between major economies, shifts in consumer behavior, such as the growing preference for craft beers, and the unpredictable nature of international trade relations. Concurrently, the advent of innovative technology, including e-commerce platforms and creative production methods, offers both opportunities and challenges. These technologies streamline operations and disrupt traditional business models, compelling companies to adapt to retain their competitive edge in an evolving marketplace.

Global Economic Conditions and Trade Dynamics

The alcohol industry's global nature makes it susceptible to international economic conditions. Recent foreign wars and shifts in trade agreements have introduced tariffs and trade barriers, affecting the flow of goods and altering the cost structure within the industry. These changes have particularly impacted small to medium-sized producers who rely heavily on export markets for growth. Additionally, fluctuating exchange rates since the 2020 COVID-19 pandemic have posed challenges for pricing and profitability, forcing companies to adjust their strategies dynamically. Amid this unpredictability, the industry is also grappling with disruptions in supply chains, changes in consumer behavior, and heightened regulatory scrutiny. Together, these factors underscore the importance of agility and innovation in the alcohol sector's approach to global trade and economic policy. Producers and exporters stay attuned to these global dynamics, employing strategies such as currency hedging and diversifying market presence to mitigate risks.

Government Policies and Regulations

Aside from the turbulent global economy, the alcohol industry is significantly influenced by the regulatory environment. Government policies shape everything from production to consumption. Taxes on alcoholic beverages vary widely by country and product type, directly affecting retail prices and consumer demand. Significant legislative changes in recent years have had a considerable impact on the alcohol industry, altering how businesses engage with consumers and operate daily. One noteworthy example is the legalization of home delivery and to-go sales in several jurisdictions, a shift accelerated by the COVID-19 pandemic. This legislative change has not only expanded sales channels for alcohol producers and retailers but also introduced a new dimension to consumer convenience and accessibility. Furthermore, amendments in advertising regulations, particularly in digital spaces, have necessitated innovative marketing strategies to comply with

new standards while effectively reaching target audiences. These legislative shifts underscore the evolving nature of the alcohol industry's regulatory environment, demanding adaptability and foresight from businesses aiming to thrive.

Consumer Spending and the Luxury Quotient

Consumer spending habits are often the driving force behind the alcohol industry, with market outcomes usually dictated by their fluctuations. Premium alcoholic beverages, considered luxury items, are particularly sensitive to changes in economic prosperity. During economic upswings, disposable incomes rise, leading to increased expenditures on luxury goods, including premium spirits, wines, and artisanal beers. Conversely, economic downturns typically result in tightened consumer spending, as households prioritize essentials over luxuries. This cyclical pattern necessitates agile business strategies that can pivot according to consumer sentiment and economic health.

In response to these consumer spending and luxury quotient oscillations, the alcohol industry has adeptly shifted gears, focusing on differentiation and premiumization of its offerings. This includes launching limited-edition products, aging spirits for longer to enhance depth and character, and investing in marketing campaigns that underscore the exclusivity and heritage of its brands. Furthermore, businesses are investing in expanding their digital footprint to make it easier for consumers to access premium products, even amid economic downturns, through social media and other web-based platforms.

Demographic Shifts: Catering to Gen Z and Millennials

Demographic trends can also influence demand within the alcohol industry. For example, health-conscious consumers have shifted preferences towards lower-alcohol, higher-quality beverages. Meanwhile, younger demographics, particularly Millennials and Gen Z, exhibit a penchant for experimentation, favoring craft beers, artisanal spirits, and novel flavors. Understanding these shifts is essential for alcohol producers and marketers aiming to capture and retain market segments.

The alcohol industry is actively innovating to meet Gen Z's and Millennials' distinct preferences. Brands are leveraging social media to build a more direct and engaging relationship with these younger consumers, emphasizing the story and craftsmanship behind their products. Additionally, there is a noticeable trend towards offering low-alcohol or non-alcoholic alternatives, catering to the health-conscious aspect of these demographics. Limited edition releases, collaborations with celebrities, and environmentally friendly practices further resonate with these generations' values. By aligning with the social and ethical priorities of Gen Z and Millennials, the alcohol industry is positioning itself to stay relevant and appealing to these influential market segments.

Environmental Concerns and Sustainable Production

Sustainability remains a hot topic and a significant concern for consumers and businesses, influencing purchasing decisions and production methods within the alcohol industry. Environmental considerations, such as water usage, energy consumption, and

waste management, are increasingly important. Consumer data demonstrates a preference, at least superficially, for brands that demonstrate environmental responsibility, leading to a surge in organic, biodynamic, and sustainably produced alcoholic beverages.

Modern technologies such as precision fermentation and solar-powered distilleries are propelling the production of sustainable alcoholic beverages, minimizing waste, and drastically reducing the carbon footprint of production processes. For instance, closed-loop systems, which recycle waste into energy, represent a groundbreaking approach to sustainability. Additionally, the development of alternative packaging solutions, from biodegradable materials to recyclable containers, addresses the significant environmental impact of traditional packaging. These technological advancements and growing consumer demand for eco-friendly products are shaping a future where sustainable practices are core to the alcohol industry's evolution.

Strategic Responses to Market Trends

In response to the myriad of challenges and opportunities outlined, companies within the alcohol industry turn toward adopting

multifaceted strategies to remain resilient. Investing in research and development can lead to discovering new products, including unique flavors and manufacturing techniques that cater to evolving consumer preferences. Likewise, fostering partnerships with local and international entities can enhance supply chain resilience and expand market reach. Furthermore, a strong focus on digital transformation — ranging from online sales channels to digital marketing strategies — can significantly amplify a brand's visibility and accessibility. By strategically navigating these areas, alcohol industry players can better equip themselves to withstand economic vicissitudes and potentially thrive through more turbulent times.

Conclusion

Adapting to the ongoing changes in market conditions and consumer preferences involves strategic foresight and a commitment to innovation in trending areas such as sustainability and diversity. The future of the alcohol industry lies in its ability to foresee changes, adapt strategies promptly, and remain resilient in a market characterized by constant flux.

Band 1

GrayRobinson, PA

What the team is known for The GrayRobinson team handles high-quality work in a variety of

areas, including regulatory compliance, licensing, distribution and promotion of alcohol. The team is noted for expertise advising clients on M&A, in particular in dealing with multijurisdictional transactions. Its strong bench of experts includes several former federal and state regulators. The team acts for clients at all tiers of the industry, ably

handling matters for retailers and wholesale distributors as well as manufacturers and importers.

Strengths

"The GrayRobinson team always provides sound advice in a timely fashion and the attorneys are strong."

"The team's practitioners are always quick to

respond.”

Work highlights GrayRobinson assisted Casa Lumbre with US licensing and regulatory compliance matters in conjunction with corporate counsel to confirm that the ownership flows of the brands comply with US tied-house laws.

Notable practitioners

Richard Blau (see p.507) has significant experience in the alcoholic beverage sector and is particularly adept at handling regulatory and licensing matters. He is active across a range of sectors including retail and hospitality. **Strengths:** “Richard is always ready to take on difficult projects and develop creative solutions to challenging issues.” “He’s a national liquor law expert who is excellent at what he does, very personable and easy to work with.” **Elizabeth DeConti** (see p.539) is routinely called upon to advise clients on complex licensing and regulatory compliance matters. She acts as counsel for a number of alcoholic beverage companies, restaurants and retailers. **Strengths:** “Elizabeth is excellent at what she does.” “Her intellect and knowledge on alcohol laws are simply incredible.” **Valerie Haber** (see p.576) is routinely called upon to counsel clients on complex licensing matters. Her clients include breweries, retailers and distilleries. **Strengths:** “Valerie is a pleasure to work with and she has an exceptional understanding of licensing and permitting issues.” “She exceeds expectations every time we engage her.” **Grace Yang** (see p.739) focuses her practice on marketing and licensing issues, in addition to other regulatory concerns, notably on behalf of major retailers. **Strengths:** “Grace is fantastic to work with.” **Hannah Becker** (see p.500) is held in high regard by clients for her advice on regulatory matters in relation to new product launches, as well as on distribution issues. **Strengths:** “Hannah is wonderful to work with.” “It is a pleasure to work with Hannah.”

Pillsbury

What the team is known for Pillsbury Winthrop Shaw Pittman draws on significant capabilities in alcoholic beverage law when advising on regulatory investigations, commercial disputes and representing clients during negotiations with state and federal agencies. The team’s expertise stretches to compliance, licensing and labeling issues for US-based and international clients, with additional strength in trademark and IP matters within the alcoholic beverage space. It represents an enviable roster of clients, including major companies that produce and distribute luxury alcohol brands.

Strengths

“We have had a wide range of legal questions over the past year and Pillsbury has been able to advise us on everything.”

“Pillsbury has one of the most experienced teams in the entire state.”

Work highlights Pillsbury Winthrop Shaw Pittman advised Moët Hennessy USA on a variety of issues associated with e-commerce and retailer relationships, interests and activations.

Notable practitioners

Carrie Bonnington is considered a prominent presence in the alcohol beverage sector and advises on regulatory compliance, trade practice

matters and contractual issues. **Strengths:** “She’s excellent, she’s very competent and knowledgeable.” “Carrie is very well versed in her area of law. Additionally, she is a pleasure to work with.”

Band 2

Davis Wright Tremaine LLP

What the team is known for Davis Wright Tremaine’s nationwide practice offers expertise in connection with business transactions for corporate clients. Strengths include advising on federal and state policy issues, distribution and advertising of alcohol products, including tied-house regulations. Has notable additional competency in labeling compliance and trade practices matters. Offers further experience with regard to large-scale licensing projects for a range of clients in the retail and hospitality industries.

Strengths

“Davis Wright’s team are very creative.”

“Davis Wright Tremaine has advised us on a number of complicated issues. The team provides with quick responses and valuable information.”

“The practice group is very well connected and tuned into industry trends and issues.”

Work highlights Davis Wright Tremaine advised Duckhorn Wine Company on regulatory compliance across several areas, including public and private brand events, donations to non-profits and DTC compliance matters.

Notable practitioners

Jesse Lyon is renowned in the market for his ability to handle a wide spectrum of matters involving clients in the alcoholic beverages industry, including regulatory concerns, M&A and real estate. **Strengths:** “Jesse has a broad practice.” “We lean on Jesse for strategic guidance on big-picture issues.” “Jesse is a pleasure to work with. He’s highly regarded by clients and a team player who is knowledgeable on the subject matter and very responsive.” **Jeff Giametta** boasts a broad client base that is comprised of non-alcoholic beverage companies moving into the alcohol space and delivery apps, in addition to wineries, breweries and spirits brands. **Strengths:** “Jeff is very knowledgeable in regulatory matters.” “He is highly responsive.” **Bethany Hatef**’s specific areas of focus include advising clients on both a domestic and international level, on regulatory issues, IP questions and M&A. Her clientele includes manufacturers, retailers and distributors of alcoholic beverages. **Strengths:** “She’s spectacular and exceptionally talented, very practical and very responsive.” “Beth is insightful, practical and able to provide effective advice tailored to the needs of the business.”

Holland & Knight LLP

What the team is known for Holland & Knight assists clients on diverse regulatory matters and litigation, including governmental relations, trade compliance and enforcement actions. The team demonstrates expertise in emerging areas within the industry, such as digital media, events and smartphone applications. With noted strength in representing California-based wineries on the full spectrum of legal matters, including real estate

transactions, zoning and environmental matters, the team is also recognized for assisting its clients on alcoholic beverage-related intellectual property matters.

Strengths

“Holland & Knight’s team are professional, responsive, detail-oriented and a huge value-add, with a deep bench of experts ready to advise on matters of any kind.”

“The practitioners possess extensive knowledge of the subject matter and cover every state in the United States.”

Work highlights Holland & Knight advised Southern Glazer’s Wine and Spirits on alcohol beverage regulatory issues related to its roll-out of its DRAM Digital Revolution of Alcohol Marketing Agency.

Notable practitioners

Michael Newman handles a broad range of matters on behalf of clients in the alcoholic beverage industry, including federal and state licensing, legislative issues and regulatory compliance. **Strengths:** “Michael has a profound knowledge about the beverage sector.” “He’s a great lawyer to have on your team, with both national and state-level alcohol law experience.” “He’s extremely well versed in the issues we care about.” **Jason Barker** provides informed advice on a range of alcohol regulatory issues, including the distribution, import and export of alcoholic beverages. **Strengths:** “Jason is highly experienced in alcohol beverages and a great partner to have on your team.” “He has extensive knowledge on the topics on which he has been asked for advice and his responses are fast.” “Jason provides excellent service.”

McDermott Will & Emery LLP

What the team is known for McDermott Will & Emery has a talented team with prowess in an array of sophisticated alcohol law matters at both federal and state level. Its expertise includes advising high-profile clients on audits and investigations by regulatory bodies, in addition to working on legislative issues. The team demonstrates notable skill in handling complex litigation and transactions for national and international supplier-tier clients, as well as private equity firms and beverage companies.

Strengths

“McDermott has a team that is very well known in the alcoholic beverage industry.”

“Its practitioners have always given strong counsel.”

“The firm has a long history of representing alcohol industry members.”

Work highlights McDermott Will & Emery advised Heaven Hill on a TTB investigation.

Notable practitioners

Alva Mather (see p.634) is recognized for advising on a broad range of issues including regulatory matters, distribution agreements and marketing compliance, as well as significant M&A deals in the alcoholic beverage space. **Strengths:** “Alva is really good, she knows her stuff and the food and beverage industry.” “She has unique insight into the industry due to her experience.”

Band 3**Buchman Law Firm, LLP**

What the team is known for The Buchman Law Firm team offers expertise in state and federal regulatory matters, including franchising, trademarks and licensing. It is noted for its work with domestic and international importers and distributors in the alcohol industry, offering experience handling US distribution agreements and import matters such as customs clearance.

Strengths

"The practitioners are all deeply experienced and incredibly bright."

Notable practitioners

Nicholas Bergman has extensive experience advising clients on their most complex legal concerns, including franchise protection, distribution issues and trade practices. **Strengths:** *"I have the utmost respect for Nick." "I think very highly of him – he's bright, capable and hard-working."*

Flaherty & O'Hara, P.C.,

What the team is known for Flaherty & O'Hara boasts a distinguished team that is regularly called upon to offer counsel on licensing, marketing compliance and transactional matters. Its impressive client list covers a range of organizations from the beverage alcohol industry. Renowned in the market for representing clients in the hospitality and retail space, the team fields additional skills in handling alcohol license citation defense issues.

Strengths

"Flaherty has fantastic partners who do excellent work."

"The firm certainly has an extensive bench of lawyers."

Notable practitioners

RJ O'Hara is recognized by his peers for his work in the retail space. He focuses on handling licensing matters and also provides counsel on trade practice compliance issues.

Hinman & Carmichael LLP

What the team is known for Hinman & Carmichael demonstrates notable proficiency in the licensing, distribution and promotion of products in the alcohol industry. The team is adept at representing clients in proceedings before regulatory agencies, with experience in an array of criminal, civil and administrative matters. Its areas of expertise also include trade practice compliance and advisory work for suppliers concerning methods of distribution. Clients include an array of alcoholic beverage companies including importers, retailers, wholesalers and producers.

Notable practitioners

John Hinman maintains his strong reputation in the alcoholic beverage industry. He is regularly called upon to advise on retail licensing, distribution issues and California alcohol regulations.

Rebecca Stamey-White's practice encompasses a broad range of issues, although she regularly provides regulatory guidance and handles licensing matters and transactions. **Strengths:** *"I was very impressed with her – she's a really bright attorney."* **Erin Kelleher** has a burgeoning practice in the food and beverage space. She is rou-

tinely called upon by sellers and buyers to offer assistance with alcohol and cannabis licensing transactions. **Strengths:** *"She's a very bright professional."*

Shutts & Bowen LLP

What the team is known for Shutts & Bowen benefits from a distinguished team with significant experience advising clients on alcohol licensing matters and regulatory compliance. The practice acts for an impressive list of both international and domestic clients, with a number of notable clients in the hospitality and entertainment sectors. The group offers strength in handling contract disputes, IP issues and complex M&A in the alcohol beverage space. The team is also equipped to advise on distribution and importation issues.

Strengths

"They have consistently provided solutions for challenging issues. The team boasts a diverse skill set and talented attorneys."

"The team's expertise in beverage alcohol law is well known and respected."

"The excellent team works well and is very useful and productive."

Notable practitioners

Marbet Lewis (see p.622) is the co-chair of the firm's alcohol industry practice and regularly assists with M&A, licensing and regulatory compliance matters. Her practice covers both domestic and international issues. **Strengths:** *"Marbet is efficient, with prompt responses." "Marbet is a strong advocate for clients. She is very knowledgeable, detail-oriented and a solution seeker."* **Robert Lewis** (see p.623) has considerable knowledge of the alcohol beverage space and assists clients with trademark issues, contract negotiations and licensing matters. **Strengths:** *"He is a very professional, knowledgeable, dedicated and forthright attorney." "Robert is an incredible problem solver and a valued adviser."*

Stoel Rives LLP

What the team is known for Stoel Rives established practice with particular prowess in advising on liquor licensing and compliance. Its experience includes representing clients on advertising and distribution matters. The team demonstrates additional knowledge working with private equity funds on acquisitions and advising on M&A regulatory compliance. It is noted for representation of craft beer companies, wineries and vineyards in the Western US.

Strengths

"The team provides highly effective advice on complex matters."

"The group is very solution-oriented, knowledgeable and have diverse resources."

"Stoel's practitioners are not only responsive but also proactive."

Notable practitioners

Susan Johnson (see p.597) is widely recognized for successfully advising clients from the manufacturing, retail and hospitality sectors on complex regulatory and licensing issues. **Strengths:** *"Susan is extremely consistent, organized and hard-working."* **Claire Mitchell** (see p.644) is a solid adviser on both regulatory issues and M&A for

clients in the sector. **Strengths:** *"Claire is a really strong lawyer. She's very quick to respond and get things done quickly and easily."*

Strike Kerr & Johns

What the team is known for Strike Kerr has an adept group for alcohol law, focusing on general regulatory advice and marketing issues. Its breadth of experience also stretches to new developments in the industry, such as using technology in sales. The team has recognized capabilities in handling licensing issues for a varied client list including domestic and foreign importers, retailers and manufacturers. It regularly advises clients on trade relationships and practices.

Strengths

"The team provides sound legal counsel and marries it to practical business advice."

"Strike Kerr & Johns' team provides very thorough and actionable counsel. The practitioners are frequently relied upon to handle complex and sophisticated matters."

Notable practitioners

Barry Strike focuses his practice on trademark registrations and labeling matters. He represents a wide spectrum of clients including suppliers, importers and retailers. **Strengths:** *"Barry is approachable, super knowledgeable, practical and always a pleasure to work with." "Barry brings tremendous years of experience in the industry."*

Band 4**Adams and Reese LLP**

What the team is known for Adams and Reese fields a highly experienced team that advises breweries and distilleries on various alcohol regulatory issues, with a particular focus on its home state of Tennessee. It also acts for hospitality and entertainment clients and is well equipped to advise on alcohol sponsorships. The group has further experience of handling transactions in the alcoholic beverage sector.

Strengths

"Adams and Reese's team works through issues efficiently and successfully."

"The group is very quick to respond and assist."

Work highlights Adams and Reese assisted Circle K and Majors Management with the purchase of MAPCO.

Notable practitioners

William Cheek (see p.523) of Adams and Reese focuses his practice on advising organizations within the hospitality, manufacturing and entertainment sectors on licensing issues and regulatory compliance, with a particular focus on the state of Tennessee. **Strengths:** *"Will is an experienced attorney who is great to work with and has extensive knowledge in the field of beverage law." "He provides excellent client service and responsiveness."* **Robert Pinson** (see p.669) has significant experience of assisting clients with permitting and licensing issues. He is head of the alcohol and hospitality team. **Strengths:** *"Rob is great to work with, he's always responsive and works quickly to work through issues."*

Burr & Forman LLP

What the team is known for Burr & Forman has a distinguished practice in the space. Its practitioners have notable experience of advising clients on M&A transactions, as well as complex licensing issues. The teams clients include entertainment organizations, restaurants and hotels.

Strengths

"The team is very responsive and communicative."

Work highlights Burr & Forman represented Mudhouse Coffee Roasters at a public zoning hearing at the City of Charleston in order to get the zoning variance needed to accommodate its beer garden and related liquor license.

Notable practitioners

Edward Brown is a key contact.

Carle, Mackie, Power & Ross LLP

What the team is known for Carle, Mackie, Power routinely demonstrates its ability to advise a range of clients on issues in the alcoholic beverage space, including retailers, producers and investors. The team advises clients on M&A transactions as well as intellectual property issues. The practitioners are also adept at assisting on regulatory issues.

Notable practitioners

Peter Barton Hutt (see p.592) provides high-quality counsel on a broad spectrum of matters

including labeling, advertising and regulatory compliance. **Miriam Guggenheim** (see p.575) has extensive experience advising food and beverage entities. She is routinely sought out to handle regulatory issues surrounding product safety, advertising and labeling. **Strengths:** "She's very responsive and knowledgeable." "She's very good and has a lot of experience." "Her leadership and skill set provides us with high-quality legal guidance." **Jessica O'Connell** (see p.656)'s respected food and beverage practice encompasses labeling claims, compliance with FDA, USDA and FTC regulation, and litigation strategy. **Strengths:** "Jessica is our primary go-to for label and product advice. She's extremely knowledgeable, practical and great to work with." "She is very smart and knowledgeable in the subject area." **Jeannie Perron** (see p.666) offers clients extensive knowledge of animal food law and skillfully advises on matters relating to the FDA and FTC regulation. **Strengths:** "Jeannie is the person to go to if you need someone with deep knowledge in the space. She's a great strategist who has taken the time to understand our industry and our business." "She's an outstanding attorney." **Deepti Kulkarni** (see p.615) offers clients deep expertise in novel food products, including cell-cultured meats and bioengineered foods. Her regulatory insight is strengthened by experience working at the FDA. **Strengths:** "Deepti is a very strategic lawyer with deep expertise and strong business acumen. She is also very responsive and gives sound and practical advice." "She has an incredibly thorough grasp of the regulatory process and is well connected."

Faegre Drinker Biddle & Reath, LLP

What the team is known for The Faegre Drinker Biddle & Reath team has a breadth of experience in regulatory and litigation matters concerning food, foodborne illnesses, recalls and safety compliance. The team offers comprehensive guidance to high-profile clients on risk management and enforcement actions and is able to draw on significant expertise in agricultural law matters when advising clients, including organic food companies and trade associations. It is fully equipped to handle enquiries on FDA and FSMA regulations, as well as able to advise growing e-commerce food companies on a variety of regulatory issues.

Strengths

"Faegre Drinker handles complicated matters very well, with innovative strategy and excellent work product. I enjoy working with the attorneys and trust their ability to handle complex matters."
 "The team absolutely has expertise in the food safety regulatory landscape, know industry trends and are able to support on litigation, with lots of practical experience in the space."
 "They showcase a depth and breadth of experience in the industry."

Work highlights Faegre Drinker Biddle & Reath successfully defended Sprout Foods in a case concerning allegations that the minor plaintiff developed ASD and ADHD after eating Sprout and other baby foods.

Notable practitioners

Sarah Brew has cultivated an excellent reputation for her expertise in product recall proceedings arising out of foodborne illness, class actions and consumer fraud litigation. **Strengths:** *"I can't sing her praises enough; she does a really great job and is incredibly knowledgeable."* *"She has a very deep knowledge of all things regulatory in the food space."* **Tyler Young** (see p.740) is an adept adviser to a range of food and beverage clients on litigation, with noted experience handling consumer class action disputes. **Strengths:** *"He's a great strategist on litigation matters, with a strong knowledge of the food industry."*

Hogan Lovells US LLP

What the team is known for Hogan Lovells has a deep bench of practitioners with experience in a wide array of food and beverage issues. It handles impressive work in complex cases including class actions and sophisticated FDA disputes, earning high praise for its proficiency in regulatory and compliance matters. The team is also regularly sought out for legislative and policy advice. An enviable roster of clients includes international and US-based trade associations and market-leading food manufacturing companies. The team is regularly called on to advise clients on both their internal governance and the effects of new regulations on their businesses.

Strengths

"Hogan Lovells' group provides concise and responsive counseling."

"The team is one of the strongest in the US."

Work highlights Hogan Lovells advocated for the National Chicken Council before USDA on numerous regulatory matters with the potential for significant repercussions on the industry, including on numerous critically important policy initiatives.

Notable practitioners

Gary Jay Kushner provides counsel to a broad range of food companies and industry associations. He is particularly adept at advising on regulatory issues relating to distribution, marketing and safety inspections. **Strengths:** *"Gary is a true leader in the space."* **Martin Hahn** has significant experience of handling matters before the FDA. He draws on his background in food technology to advise on compliance issues, including labeling requirements and food safety matters. **Strengths:** *"Martin offers excellent insight."* *"There's a reason everyone says Martin is one of the best in the business. He is practical, solution-oriented and brilliant."* *"Martin has expertise across all aspects of food law."* **Elizabeth Fawell's** client base encompasses multinational corporations and trade associations. She adeptly advises on FDA regulation as well as issues relating to foodborne illness and product labeling. **Strengths:** *"Elizabeth offers a unique combination of deep knowledge, experience, sharp wit and pragmatic advice."* *"She provides outstanding support on complex issues and is very knowledgeable about the food industry."* **Maile Gradison** is held in high regard by clients for the depth of her regulatory expertise, particularly in relation to FDA and USDA rules and the Food Safety Modernization Act. She also possesses a deep knowledge of labeling and advertising issues, and product recalls.

Strengths: *"Maile is a really strong lawyer who is also very responsive."* **Trenton Norris** focuses his practice primarily on advising manufacturers and industry associations on contentious proceedings and he is widely regarded as a leading authority on California's Proposition 65. **Strengths:** *"He's really well regarded and very creative."* *"He's known as the expert in the country on prop 65."* **Veronica Colas** is regularly called upon to advise organizations on labeling requirements, compliance with food safety regulation and advertising issues. Her clients include trade associations, manufacturers and retailers. **Strengths:** *"She delivers immense value to her clients."* *"She is really practical and knows her stuff."* **Brian Eyink** wins plaudits for his significant expertise on USDA meat and poultry regulatory issues, with additional experience advising on FDA regulations. **Strengths:** *"He has valuable experience. I trust him with some of the biggest issues presented to us."* *"He has vast knowledge and experience in all things USDA."*

Keller and Heckman LLP

What the team is known for Keller and Heckman is at the forefront of food and supplement regulatory matters, advising on recalls, advertising and animal feed issues. Highly regarded for its representation of companies with complex scientific issues, including toxicological assessments, the firm fields additional expertise in handling food packaging issues, regularly providing educational seminars to domestic and European clients. Clients include those in the food and beverage, retail and pharmaceutical and life science industries. The team frequently handles the full spectrum of issues associated with newly developed food ingredients.

Strengths

"The attorneys are very responsive."

"I appreciate their ability to give practical advice."

"Keller and Heckman has some of the best lawyers in this area."

Work highlights Keller and Heckman advised Eastman Chemical Corporation and prepared the requests for Letters of No Objection from the US Food and Drug Administration for chemical recycling processes capable of producing a polymer suitable for use in contact with food from non-food-contact feedstocks.

Notable practitioners

Devon Hill draws strength from his scientific background to advise on complex food packaging, ingredients and contamination issues. **Strengths:** *"He offers deep expertise and practical approaches to problem-solving and generally great legal advice."* **Evangelia Pelonis** boasts significant strength in advising clients on matters concerning FDA and USDA regulations. She provides counsel on issues related to both human food and animal feed. **Strengths:** *"Evangelia is very responsive, gets to the heart of the matter and understands the issues."* *"Her approach is that she manages to be extremely insightful and thorough but also poses really practical solutions."* **Mitzi Clark** (see p.527) has a strong reputation for advising on food ingredient and packaging issues, regularly advising clients on GRAS submissions to the FDA. **Strengths:** *"She has vast experience and provides us with practical advice."* *"Mitzi is thoughtful and thorough*

in her responses." **Richard Mann** is commended for his ability to advise clients on both regulatory and litigation matters, including advertising and promotional disputes and compliance issues. **Strengths:** *"Richard is a well-respected lawyer."*

King & Spalding LLP

What the team is known for King & Spalding is sought for its in-depth expertise in FDA regulatory matters at state, federal and international level, including advisory work for clients regarding compliance with the Food Safety Modernization Act. The team demonstrates notable proficiency in a variety of specialized technical matters including biotechnology issues, food contaminants and ingredient safety. With significant experience in representing national and international manufacturers and ingredient suppliers, the team regularly advises on food compliance issues associated with significant deals and foodborne illness cases, including handling substantial class action litigation.

Strengths

"King & Spalding has a number of experienced and specialized attorneys that allow them to understand the more complex issues that arise."

"The team has deep expertise and is absolutely responsive and always timely."

Work highlights King & Spalding acted for Beech-Nut and obtained complete dismissal on primary jurisdiction grounds of a consolidated class action complaint, concerning allegations that the client's baby food products contain dangerous levels of heavy metals.

Notable practitioners

Dale Giali (see p.565) concentrates his practice primarily on class action litigation and is a popular choice among international corporations within the food and beverages sphere. **Strengths:** *"He is a terrific lawyer."* **Smitha Stansbury** (see p.710) is frequently sought out by food manufacturers and industry groups for her deep knowledge of FDA regulation. She is also a popular choice for clients seeking advice on an array of labeling and food safety matters. **Strengths:** *"Smitha has a strong grasp of industry needs and commercial awareness."* *"She's thoughtful and practical."* **Keri Borders** (see p.510) is recognized for her ability to defend organizations facing consumer class actions. She has significant strength in handling matters involving allegations of false advertising or misbranding. **Strengths:** *"Keri is a knowledgeable lawyer."*

Band 2

Alston & Bird LLP

What the team is known for Alston & Bird has a growing practice with a deep knowledge of the food and beverages space. Particularly adept at handling complex contentious matters such as consumer class actions arising out of labeling and advertising disputes, the team offers additional strength in regulatory compliance with the FDA and in connection with the FSMA. It also adroitly advises on issues relating to food safety, inspections and supply chain matters.

Strengths

"The team is very efficient and effective with their time on each project."

"The practitioners are very knowledgeable and have a ton of resources. They are also results-oriented."

"The team at Alston has deep knowledge and experience on complex matters concerning FDA regulations."

Work highlights Alston & Bird advised Wendy's on an FDA and CDC investigations into a E Coli outbreak allegedly linked to Wendy's sandwich romaine lettuce.

Notable practitioners

Co-chair of the food and beverage practice, **Angela Spivey** (see p.709) advises on a broad spectrum of contentious and regulatory issues, including class action litigation relating to labeling, outbreaks and product recalls. **Strengths:** *"She's very practical and has great relationships with clients."* **Angela is a fantastic lawyer.** **Samuel Jockel** (see p.596) is a rising partner who is regularly sought out by a range of food and beverage clients for regulatory counsel, with notable experience in food labeling and ingredients. He has further experience of providing counsel on FDA investigations. **Strengths:** *"Samuel is a consummate professional with a profound knowledge of his areas of practice."*

Goodwin

What the team is known for Goodwin has notable capabilities in food-related litigation including contentious advertising matters and class actions. The law firm is noted for its prowess in new food technologies and the healthy living sector and for providing regulatory advice to clients regarding the use of novel ingredients, functional foods and genetic engineering. The team is also able to advise clients on domestic and international regulatory matters.

Work highlights Goodwin advised Before Brands on FDA and FTC regulatory compliance counseling and legal risk mitigation advice pertaining to its baby food products.

Notable practitioners

Joanne Gray (see p.572)'s experience spans a broad spectrum of issues relating to the food and health supplement industry, including regulatory compliance, advice on product recalls and litigation.

Hyman Phelps & McNamara

What the team is known for Hyman Phelps & McNamara is an established food and drug law boutique that is well known for its expertise in acting on a wide range of regulatory issues. The team has deep experience in dealing with key government agencies including the FDA, DOJ and DEA. Further strengths lie in advertising and labeling advisory work and assisting clients with FTC regulatory compliance.

Strengths

"Hyman Phelps' team has deep regulatory expertise."

Notable practitioners

Ricardo Carvajal is highly respected for his regulatory practice and he is frequently called upon to provide counsel to clients in relation to FDA, USDA and FTC regulation.

Jenner & Block LLP

What the team is known for Jenner & Block has a well-regarded team with an established reputation for its disputes capabilities and strong capacity to effectively handle commercial litigation, consumer class actions and government investigations on behalf of prominent multinationals from the food and beverage sphere. The team is also experienced in food and beverage insurance coverage disputes. The team skillfully handles both international and domestic issues.

Strengths

"The team is experienced and able to handle matters efficiently."

"The practitioners are great with strategic advice and the work product is always great."

"Jenner & Block's practitioners are experts and very current in the law."

Work highlights Jenner & Block represented Kashi and Kellogg in two consolidated class actions claiming that Kashi and Kellogg mislabeled their products using protein claims that touted the products' protein content without accounting for the digestibility and quality of the protein.

Notable practitioners

Dean Panos is held in high regard for his representation of multinational food and beverage companies in contentious proceedings, particularly class actions arising out of labeling issues.

Strengths: *"He provides strong and practical advice."* *"He's one of the top of his field and is amazing at strategic planning."* *"Dean is pragmatic and has such deep knowledge and expertise in the space."*

Perkins Coie LLP

What the team is known for Perkins Coie has a respected team of practitioners with a strong track record of advising clients on FDA regulations. The team boasts notable experience handling complex class action litigation issues, including advertising and labeling disputes and claims under the FDCA. It is often called upon to advise on matters related to current market trends, such as cultivated meat and precision fermentation.

Strengths

"I've always been impressed by Perkins' ability to handle complex issues."

"Perkins has been able to tackle our issues head-on and provide valuable and salient advice."

Work highlights Perkins Coie acted as defense counsel for General Mills in a series of class action lawsuits alleging that Annie's Macaroni and Cheese products contain trace amounts of phthalates.

Notable practitioners

David Biderman (see p.505) is routinely called upon to defend clients in both state and federal courts following labeling and advertising claims. He represents significant manufacturers and food and beverage producers. **Strengths:** *"He's a very knowledgeable lawyer."* Cochair of the food litigation group, **Charles Sipos** (see p.703) is a respected litigator, with solid experience in disputes relating to labeling and ingredients.

Strengths: *"Charles is my go-to person when I need quick and smart advice. He stands out for how*

practical and business sensitive he is." **Charles is extremely knowledgeable.** **Brian Sylvester** (see p.714) is widely noted as an expert in regulatory issues relating to novel food technologies, with significant experience advising on USDA and FDA regulations. **Strengths:** *"Brian is great to work with, super responsive and has great industry knowledge."* *"He is always responsive and provides the highest quality responses for a whole range of complicated legal matters."*

Band 3

ArentFox Schiff LLP

What the team is known for ArentFox Schiff boasts a highly respected team that stands out for its expertise in food and agriculture matters. Well equipped to advise on FDA regulatory compliance, the team offers additional strength in product development, labeling and food safety issues. It handles matters for a diverse range of clients, including dietary supplement manufacturers, fast food chains and animal feed organizations.

Strengths

"It's a strong FDA regulatory shop with a great bench in terms of lawyers specialized in food and drug work."

Work highlights ArentFox Schiff advised Mars on pet food-related product development, licensure and importation matters.

Notable practitioners

Karen Carr offers clients deep expertise in the areas of agricultural technology and biotechnology in the food space. **Strengths:** *"She is highly professional and client-focused."* *"She's extremely helpful, practical, diligent and thorough."*

Brian Waldman is noted for his representation of clients in the development of new product strategies and post-market compliance. He has further experience of providing counsel on pet food-related issues. **Strengths:** *"Brian is an outstanding lawyer."* *"He's recognized as an industry expert."*

Arnold & Porter

What the team is known for Arnold & Porter boasts a strong team with experience handling an impressive range of contentious and regulatory proceedings with the food, beverages and dietary supplements sphere. The team advises on labeling issues, advertising claims and a range of consumer class actions. Sought out by a client base which incorporates manufacturers, suppliers and trade associations for representation before the FDA and FTC, the team adeptly advises on emerging scientific issues at both a state and federal level.

Strengths

"They do a great job handling complex questions in a timely manner."

Work highlights Arnold & Porter defended Refresco Beverages US in a case arising from allegations that its product was falsely advertised because it contained ascorbic acid without disclosing the presence of a potential preservative on the label.

Notable practitioners

Raqiyah Pippins is cochair of the consumer prod-

ucts practice group. She is in frequent demand for her advice on FDA regulatory issues, particularly in relation to food and beverage advertising and ingredients. **Strengths:** “She’s a very strong regulatory lawyer.”

Davis Wright Tremaine LLP

What the team is known for Davis Wright Tremaine has a well-respected practice with extensive experience of handling both litigation and regulatory matters in the food and beverage space. The law firm fields a strong group of practitioners with extensive experience of advising on a range of disputes, including those arising from foodborne illness and mislabeling claims. The team is routinely called upon to provide counsel on compliance with FDA and USDA regulations, notably in light of large transactions. Its broad client list includes processors, manufacturers and retailers.

Strengths

“We have been greatly impressed and pleased with the team’s responsiveness and work to make complex and sophisticated matters easy to comprehend in an efficient manner.”

“It’s clear the attorneys keep their pulse on the industry.”

“The team’s advice is always practical and actionable.”

Work highlights Davis Wright Tremaine defended Fred Meyer against class action claims alleging the retailer improperly charged consumers ten-cent deposits on beverage containers that cannot be redeemed under Oregon’s container recycling program.

Notable practitioners

Charles English is based in Washington and has a significant practice which sees him acting as counsel to manufacturers and retailers. He advises clients on a range of issues, including labeling and recalls. **Strengths:** “I was very impressed with his skill, patience, steady hand and vision. He is a courteous, professional and strong advocate.” “He is highly responsive and has strong business judgment.”

DLA Piper LLP (US)

What the team is known for DLA Piper is a global firm that is highly regarded for its food and beverage practice. The team handles a broad spectrum of regulatory matters, representing clients before the FDA, FTC and USDA and offers considerable strength in contentious proceedings, demonstrating a clear track record of advising clients on class actions, especially those relating to labeling and advertising claims. It draws on the extensive resources of its full-service model and international network to assist with a range of cross-border mandates.

Strengths

“The team is thorough, exhaustive, practical and detail-oriented.”

“The group has experience and expertise.”

“I’m very pleased with the team’s guidance and regulatory advice.”

Work highlights DLA Piper defended Chipotle Mexican Grill in a case arising from allegations of unfair business practices in relation to pricing practices.

Notable practitioners

Stefanie Fogel advises a largely international client base on an impressive range of regulatory matters and contentious mandates, including those relating to labeling, foodborne illness and supply chain issues. **Strengths:** “She provides practical solutions to issues.”

Greenberg Traurig, LLP

What the team is known for The Greenberg Traurig team is regarded for its ability to handle regulatory and compliance matters. The group is regularly called upon for legislative and policy advice, as well as to handle class action lawsuits. The team provides counsel to clients on both internal governance and the effects of new regulations, in addition to launching new food and beverage products.

Strengths

“The team has the expertise and experience to help us navigate the complexities of our industry and business challenges.”

“It’s an excellent firm.”

Work highlights Greenberg Traurig defended SlimFast in three matters dealing with claims of deceptive practices in relation to its weight loss products.

Notable practitioners

Justin Prochnow has notable experience of advising clients on both regulatory and litigation issues, including FDA inspections, mislabeling claims and advertising matters. **Strengths:** “He is always able to advise us on complex issues.” “Justin is extremely knowledgeable and always quick to reply. We have nothing but an amazing time working with him.”

Mayer Brown LLP

What the team is known for Mayer Brown is an international outfit which boasts a robust food and beverages practice. Notable strength in handling consumer class actions relating to labeling and false advertising claims. Additionally well equipped to advise on intellectual property, distribution and supply chain issues surrounding the food industry. Retained by an impressive range of multinational manufacturers, animal feed companies and agricultural groups.

Strengths

“Mayer Brown’s team is a great group to work with.”

Work highlights Mayer Brown acted for Cargill and Cargill Meat Solutions in multiple putative class action complaints related to allegations that Cargill and other meatpackers conspired to fix the prices of cattle and beef.

Notable practitioners

Washington, DC-based Carmine Zarlenga and Los Angeles and New York-based Daniel Queen are key contacts for clients.

McGuireWoods LLP

What the team is known for McGuireWoods offers a wide range of services to clients, covering food and beverage corporate advice, litigation representation and regulatory counsel. It also represents high-profile clients on food safety matters and is noted for its expertise in labeling litigation. The team regularly works with private equity firms on due diligence matters relating to

their investments in the food and beverage sector.

Strengths

“McGuireWoods’ team contains lawyers with different specialties and is responsive and attentive.”

Work highlights McGuireWoods advised Golden Hippo on international export matters related to product consideration for the European, Indian, and Canadian consumer markets.

Notable practitioners

James Neale (see p.3352) is frequently called upon to advise clients from the food industry on a range of contentious proceedings and regulatory matters. He adeptly advises on food safety inspections, foodborne illness cases and labeling claims. **Strengths:** “James is an attentive and wise lawyer.” **Trent Taylor** (see p.716) advises clients on FDA compliance issues, as well as on the launch of new products. He is also equipped to handle consumer class action disputes. **Strengths:** “Trent is great to work with and provides outstanding customer service.”

Shook, Hardy & Bacon LLP

What the team is known for The Shook, Hardy & Bacon team is respected for its representation of companies in the food and agribusiness space, including manufacturers and distributors of feed additives and animal food. The group counsels clients in a range of issues, including product labeling, marketing, product safety and regulatory compliance. It is also active on a range of food & beverage-related litigation.

Strengths

“Shook, Hardy’s team is broad and deep and their litigation capabilities are very strong.”

“The team has an in-depth understanding of FDA regulatory matters.”

Work highlights Shook, Hardy & Bacon defended Simmons Foods in consolidated antitrust conspiracy-proceedings involving putative nationwide class actions regarding the pricing and production levels in the broiler chicken industry.

Notable practitioners

Katie Gates Calderon and Lindsey Heinz are key contacts for the firm and based in Kansas City, Missouri.

Venable LLP

What the team is known for Venable has an experienced team with members who can draw on previous experience within the FDA, as well as deep experience in advertising law. The firm is regularly called upon to defend clients in class actions arising out of packaging, labeling and false advertising claims. It offers particularly astute advice on matters relating to the Lanham Act and is a popular choice with companies from the dietary supplements sector, as well as food and drink manufacturers.

Strengths

“Venable’s team provides great, strategic advice on how to handle complex litigation issues and are very efficient with their time and advice.”

Work highlights Venable acted for Burger King in a nationwide consumer class action concerning allegations of false advertising because Burger King allegedly misrepresented the size of its whopper and other sandwiches.

Notable practitioners

As cochair of Venable's FDA group, **Claudia Lewis** (see p.488) represents clients in matters concerning FDA regulations and labeling and marketing issues. She demonstrates notable strength in advising on dietary supplement labeling regulations.

Williams & Connolly LLP

What the team is known for Williams & Connolly has a distinguished practice in the food and beverage market with notable strength in litigation issues arising out of packaging, marketing and mislabeling claims. The team has notable experience of advising clients on investigations and enforcement actions. Clients include pet food producers, beverage manufacturers and food organizations.

Strengths

"Williams & Connolly is a solid firm."

Work highlights Williams & Connolly continued to represent Gerber Products in litigation in which plaintiffs claim that baby food made by multiple manufacturers contained levels of heavy metals.

Notable practitioners

Washington, DC-based David Forkner is the head of department and a key contact for the firm.

Band 4

Morrison Foerster

What the team is known for Morrison Foerster boasts a strong practice which is held in high regard for its ability to handle both litigation and regulatory matters. The group advises clients on cutting-edge topics within the food and beverage space, such as natural and plant-based alternative issues. The team demonstrates strength in handling advertising litigation, as well as Proposition 65 disputes, although providing FDA regulatory counsel is also a particular strength.

Strengths

"The work product is extremely well done."

Work highlights Morrison Foerster successfully defended Chobani in a proposed class action alleging it mislabeled a product because the product's vanilla flavoring is allegedly not derived exclusively from the vanilla bean.

Notable practitioners

Claudia Vetesi (see p.727) is able to offer an array of clients across the food and beverage sector a wealth of experience in handling labeling class action disputes. **Strengths:** *"Claudia is very practical and looks to align with our goals and resolve cases."* *"She is really good – she gets the issues and the practical business considerations."*

Olsson Frank Weeda Terman Matz PC

What the team is known for Olsson Frank Weeda Terman Matz has a distinguished food and beverage group, based in Washington, DC. The team offers deep expertise in advising food and dietary supplement clients on FDA and USDA regulations. Its members boast notable strength in providing counsel on labeling issues as well as enforcement investigations and food importation matters. The practitioners have further experience of assisting clients in the agriculture sector.

Strengths

"Olsson Frank contains great specialists in USDA work."

Notable practitioners

John Dillard, USDA practice head, and Mason Weeda, FDA food practice head, are key contacts. They are based in Washington, DC.

Reed Smith LLP

What the team is known for Reed Smith fields a respected food and beverage practice from its New York office, with experience advising a global and domestic clientele on a range of labeling issues and new product launches. The team is also regularly handles due diligence on M&A and investments in the food and beverage space, as well as advising on proposition 65 disputes and food recalls.

Strengths

"I appreciate the team's responsiveness and attention to detail. They are also strong in the subject matter."

"The Reed Smith team is very well organized, experienced and professional."

Notable practitioners

Cori Goldberg is primarily focused on advising clients on FDA regulatory matters, assisting with such issues as labeling and food safety, as well as on food recalls and commercial disputes. **Strengths:** *"She provides practical advice."* *"Cori is thorough and responsive."* *"Cori is exceptional – she has deep expertise in the space."* **Sung Park** (see p.662) is a solid advisor on a range of food and beverage regulatory matters, including food recalls, labeling issues and other matters pertaining to FDA regulations. **Strengths:** *"Sung demonstrates strong technical understanding of legal and regulatory requirements in the food industry."*

Sheppard, Mullin, Richter & Hampton LLP

What the team is known for Sheppard, Mullin, Richter & Hampton boasts a robust food and beverage practice primarily focused around its California offices. The team offers clients a range of expertise in handling class actions, proposition 65 litigation and commercial litigation for clients in the food and beverage sectors. It is also well equipped to advise on regulatory matters in relation to food and dietary supplements.

Strengths

"The depth of the team's knowledge is fantastic."

"The practitioners are very client focused, as well as strategic in their approach."

"Sheppard, Mullin's team is highly responsive and great to work with."

Work highlights Sheppard, Mullin, Richter & Hampton defended Walmart against allegations of trade secret misappropriation related to a system for food tracking and freshness.

Notable practitioners

Christopher Van Gundy has a significant practice in the space which covers a range of issues, including handling false advertising claims and labeling matters. **Strengths:** *"Christopher has an incredible awareness of the food industry."* *"He's excellent to work with."*

Sidley Austin LLP

What the team is known for Sidley Austin fields food and beverage experts from its offices in New York and Los Angeles who are experienced in a variety of consumer class action disputes. The practitioners are also adept at providing USDA and FDA regulatory advice. The team possesses notable expertise in the dietary supplement and medical foods space.

Strengths

"The attorneys we work with at Sidley have always been responsive and attentive to details."

Work highlights Sidley Austin advised Newman's Own on FDA label compliance, privacy policies and answering 'Right of Publicity' questions.

Notable practitioners

Amy Lally (see p.616) is a respected trial lawyer with recognized strengths in handling class action labeling and advertising claims and proposition 65 disputes. **Strengths:** *"Amy has been instrumental in navigating complex legal landscapes."* **Diane McEnroe** (see p.637) is an adept adviser on issues relating to labeling, packaging and the development of innovative food products and dietary supplements. **Strengths:** *"Diane is an outstanding regulatory lawyer with a depth of expertise."* *"She is an experienced lawyer with several decades of practice."*

Wiley

What the team is known for Wiley is a Washington-based firm that is recognized as a notable force in the food and beverage regulatory space. Its broad regulatory expertise spans food safety and recalls, labeling and marketing issues, as well as advising on novel ingredients. It is also equipped to advise on food and beverage regulatory issues in the context of M&A transactions.

Strengths

"Wiley has a very competent and helpful team, with great focus on client service. It is a quality firm that delivers."

"The practitioners are very well connected in the business and aware of current trends and hot topics in the food industry."

Work highlights Wiley advised C&S Wholesale Grocers as to whether it should continue to engage in the direct purchase and handling of certain pork products for distribution, sale and consumption outside of the Commonwealth of Massachusetts in light of newly enacted legislation.

Notable practitioners

Robert Hibbert draws on his experience as a director at the USDA and is renowned for his strength in advising clients on matters relating to the USDA and other agencies within the food and agricultural space. **Strengths:** *"He has particular expertise in USDA issues, so anything in that sphere is great."* **Ann Begley** routinely advises clients on regulatory issues relating to FDA and USDA-governed food and drug products. She is experienced in advising on novel products, such as food enzymes. **Strengths:** *"Ann is a most valued asset. She has great command of food regulations and awareness of the continuously changing regulatory landscape."* *"Ann is experienced and knowledgeable in the area of food law."*

Other Ranked Lawyers

Angel Garganta is well equipped to advise clients in connection with consumer class actions involving false advertising and labeling issues.

Mark Goodman (see p.570) of Baker McKenzie is a litigation specialist with experience in a range of food and beverage disputes. He also acts as the cochair of the North American commercial litigation team. **Strengths:** “Mark is always practical and knowledgeable.” “He is a very effective advocate.”

August Horvath of Foley Hoag is noted for his advertising expertise and work on disputes relating to marketing claims. **Strengths:** “He is a

fabulous lawyer – he’s very responsive, knowledgeable and offers really practical advice.”

Stuart Pape of Polsinelli stands out for his vast knowledge of FDA and USDA regulation, and is particularly well equipped to advise clients on labeling and advertising matters, as well as gaining approval for the use of new food ingredients. **Strengths:** “Stuart is very well respected in the space.”

Ashish Talati (see p.715) is noted for his strong food and dietary supplement practice. He is routinely called upon to provide counsel on FDA regulatory matters. **Strengths:** “Ashish is a strong lawyer.”

Tao Xin (see p.716) of is head of Baker McKenzie’s US food and drug law practice. He has significant expertise across the full spectrum of FDA regulations. **Strengths:** “His dedication to his clients stands out; he goes above and beyond to do whatever we need. He’s really pragmatic with his advice too.” “He’s very responsive and client-friendly.”

Ivan Wasserman of AminWasserman Gurnani LLP is held in high regard for his ability to advise clients on regulatory matters concerning the marketing and selling of food and dietary supplements. **Strengths:** “He’s a very good lawyer.”

clients including some of the largest franchisors in the USA, private equity firms and a number of startups. The firm has a strong international presence complementing work with foreign companies franchising into the US. It offers unmatched expertise in termination-related disputes and litigation involving allegations of violations of state disclosure and relationship laws.

Strengths

"DLA has a very practical and clear approach. The team identifies the benefits and risks of taking certain paths and provides a workable point of view as to how to approach it."

"For every question we have, they have the right answer and assist properly."

Work highlights DLA Piper advised Underground Purchaser on its acquisition of Subway for \$9.5 billion.

Notable practitioners

Stuart Hershman (see p.583) has a leading franchising practice that sees him work on general dealership, distribution and antitrust matters, among others. He is based in the firm's Chicago office. **Strengths:** *"He is so knowledgeable and a leader in the franchise space. He understands our business and goals and gives practical advice."* *"He has the knowledge and ability to provide workable and appropriate business advice. He is also very reachable."* **Norman Leon** acts for franchisors on disputes, appearing in state and federal courts. He is noted for his exceptional handling of putative class action lawsuits, particularly misclassification disputes. **Strengths:** *"Norman is among the best litigators out there."* *"He is one of the key subject matter experts on litigation. He is bright, hardworking, reliable, service-oriented and invariably achieves great results for us."* **Bret Lowell** is highly skilled in a range of matters, including franchise disclosures. He is experienced in a number of sectors, including retail, healthcare and hospitality. **Strengths:** *"Bret is a very wise advisor and we appreciate his expertise."* **Richard Greenstein** is an experienced transactional lawyer who advises on a range of issues related to franchise and distribution law. **Strengths:** *"Rich is a great leader and I have learned a lot from him over the years."* **Tao Xu** (see p.739) is held in high esteem for his skills in international franchising matters. He is noted in particular for his significant expertise relating to transactions in the food and retail sectors. **Strengths:** *"Tao provides extremely valuable insights, practicality and guidance. He knows many markets and industries well and always makes us feel very well taken care of."* **David Sager** is particularly adept at advising franchisors in the hospitality sector. He handles contentious matters, including disputes centered around termination of franchise agreements. **Strengths:** *"David is a very well-respected attorney."* *"He is a top quality lawyer."* **Barry Heller** (see p.582) specializes in representing clients in franchise and distribution disputes. **Strengths:** *"Barry is a technically gifted litigator."* **Richard Morey** provides counsel on topics such as international development arrangements, acquisitions and joint ventures. He frequently advises both startups and established companies. **Strengths:** *"Richard is a very good franchise lawyer."* **Joseph Sheyka** has over 30 years of experience in the

franchise field. He advises on issues pertaining to expansions of franchise systems, among other matters. **Strengths:** *"His experience is very vast and if he doesn't know an answer to a question, he finds it for us. Joe guides us very successfully."*

Alexander Tuneski continues to build a solid profile in the franchise area, handling domestic and international transactions. His client base includes those in the education, hospitality and retail sectors. **Strengths:** *"Alexander is always responsive and able to assist us with items needed. He's very familiar with our needs."* *"We are lucky to have Alexander as an extension of our team in order to line our company up with proper guidance and overall franchising success."*

Band 2

Baker McKenzie

What the team is known for Baker McKenzie offers a broad base of franchising expertise, with a recognized focus on high profile transactional work. It has extensive experience advising franchisors on how best to format and expand their businesses. A varied client list includes several giants in the hospitality, retail and restaurant industries. It is highly regarded as a leading firm for international franchising, both for US franchises expanding abroad and for foreign franchises seeking to expand into the US.

Strengths

"Baker McKenzie has talent at all levels, across all geographies and practice areas. They are always ultra-responsive."

"Their knowledge of the market is extremely impressive. They call on their in-market specialists to add value as well."

Work highlights Baker McKenzie advised Marriott International on a licensing transaction with MGM Hotels & Resorts.

Notable practitioners

Will Woods (see p.737) works with notable clients including restaurants and hotels on a range of franchising work, including international transactions. **Strengths:** *"Will is not only able to navigate complex legal matters but always does so with a fair dose of pragmatism."* *"Will has 100% of our trust."* **Kevin Maher** (see p.629) has a burgeoning franchise practice and regularly advises on international expansions and refranchising transactions. He is particularly adept at assisting clients in the entertainment and food and drink industries. **Strengths:** *"Kevin is very thorough and detailed in handling matters internationally. He has an innate ability to quickly get to an understanding of the issue and render solid advice."* *"He is a delight to work with."*

Cheng Cohen LLC

What the team is known for Cheng Cohen is a franchising boutique based in Chicago providing the full range of transactional and litigation services. It represents a wide variety of US and international clients, from new startup franchisors to very well-established and mature brands.

Notable practitioners

Fredric Cohen is highly regarded for handling complex multi-forum class action litigation and

regularly defends franchisors in enforcement actions and other related issues. **Strengths:** *"Frederic is well respected in the industry."* **Amy Cheng** advises clients on a range of franchise-related issues, such as the structuring and operation of franchise programs and agreements.

Greenberg Traurig, LLP

What the team is known for Greenberg Traurig has a strong franchise and distribution practice with expertise in both domestic and international transactions and regulatory compliance work. It represents a number of large franchises in the full range of transactional and litigation needs. The firm also possesses particular expertise in matters arising from issues concerning IP and labor and employment. It is able to provide clients with regular counsel on the nuances and the impact of changes in local law in various international jurisdictions.

Strengths

"Our business is very nuanced and GT tackles our work with a clearly defined and logical approach. Everyone on the franchising team works seamlessly with a sharp attention to detail."

"Greenberg show a high degree of commercial awareness."

Work highlights Greenberg Traurig assisted Potbelly with its new \$25 million senior secured term loan.

Notable practitioners

Alan Greenfield advises on matters such as structuring franchise programs and international transactions. **Strengths:** *"Alan is an absolute expert in franchising and is always very attentive to our needs. Alan goes over and above to make sure we have the support we need quickly."* *"He is refreshing as outside counsel, he can help me get to the yes or no. He is never afraid to pick a position and help us move forward."* **David Oppenheim** maintains an impressive practice and advises on regulatory compliance issues and domestic and international franchising matters. **Strengths:** *"David understands all the franchising legal issues and combines that knowledge with the ability to navigate very complicated relationships."* *"He is very experienced in franchising and what we appreciate is that he's very practical and business focused. He's also very easy to get a hold of and will jump onto a call."* **Bret Permesly** offers strong expertise in domestic and international franchising and distribution matters. He regularly advises clients on franchise program development and cross-border deals and transactions. **Strengths:** *"Bret takes a long-term partnership vision with clients. He is a straight shooter and cares about delivering value."* *"Bret is extremely devoted to providing the best quality work."*

Lathrop GPM

What the team is known for Lathrop is a strong firm with notable expertise in dispute resolution, franchising M&A and international franchising. It offers a deep bench of attorneys covering a broad base of transactional advisory work and representation of clients in franchise litigation and arbitration. The firm has significant expertise in assisting franchisors to explore expansion options and address government regulations, employ-

ment issues and intellectual property matters. It is additionally noted for providing franchising clients with tax advice.

Strengths

"Lathrop is always fast, thorough and very detail-oriented."

"Lathrop's breadth of experience in all aspects of franchising means they have the appropriate expertise."

Work highlights Lathrop represented Precision Tune Auto Care in breach of franchise agreement suits it brought in the states of Minnesota, Arkansas and Washington and federal court.

Notable practitioners

Michael Gray is a litigator who works on a variety of franchise disputes, including noncompete enforcement issues. **Strengths:** *"Mike helps us guide our business through multiple difficult and complex issues. He is always thoughtful and direct."* **Mark Kirsch** acts for clients on domestic and international franchising issues, including transactional and regulatory matters. **Strengths:** *"Mark has a very good franchise practice."* **Elizabeth Dillon** is an established practitioner who advises early-stage and mature franchisors on their franchise systems. She often works on international matters, including helping clients expand into Asia, Europe and the Middle East. **Strengths:** *"Elizabeth is very experienced in regulatory matters and is very well regarded in that field."* *"I appreciate that Elizabeth doesn't just tell me the legal avenues, but also helps evaluate the business case."*

Gaylen Knack has a strong franchise practice which includes advising on structuring franchise programs. He is experienced in handling domestic and cross-border matters. **Strengths:** *"Gaylen is one of our most trusted advisors."* *"Gaylen is practical."* **Justin Sallis** is a recognized up-and-comer in the franchising space, able to advise on both transactions and disputes. **Strengths:** *"Justin is very well versed in franchise law."* **Eric Yaffe** gains recognition for his handling of franchise litigation on behalf of franchisors. He is often called upon by clients to litigate misrepresentation and breach of contract claims. **Strengths:** *"Eric is very detail-oriented, well prepared and a strong advocate."* *"He is super engaged in his client's business, understanding the nuts and bolts of the particular work, not just a general understanding of the industry."*

Plave Koch PLC

What the team is known for Plave Koch is a Virginia franchising boutique with a highly experienced bench of attorneys representing franchisors and distributors from a broad range of industries. It offers representation and counsel to clients in both franchise-related transactional matters and litigation. The firm is also regularly called upon to assist clients in building and launching their franchise programs and frequently engaged to provide guidance on compliance with franchise sale laws and franchise relationship management.

Strengths

"Plave Koch is incredibly responsive and easy to work with. Whatever they deliver is always high quality."

"The Plave Koch team is extremely timely in their responses and meeting deadlines."

Notable practitioners

Lee Plave is a top choice for distributors and franchisors on matters such as negotiating franchise agreements and cross-border transactions. **Strengths:** *"Lee's experience and practical approach is very valuable on how we approach our operational questions."* *"Lee is extremely responsive and almost always immediately knows the answer to my questions. He takes the time to understand our business."* **Leslie Curran** assists clients with regulatory compliance, among other franchise-related issues. **Strengths:** *"Leslie knows her stuff, is rarely wrong and is responsive at all times."* *"She displays superiority of knowledge both in the legal realm and with clear understanding of the business implications as well."* **David Koch** regularly represents clients in structuring franchise programs and licensing agreements. He works with a range of clients, include entities from the hospitality, retail and automotive sectors. **Strengths:** *"I think very highly of David."* *"David is a really good lawyer."* **Marisa Faunce** advises on a host of franchising issues, including operational compliance and termination strategies. She works with franchisors across the spectrum, from early-stage companies to established brands. **Strengths:** *"Marisa is a true expert. She knows the ins-and-outs, and is also very practical and easy to work with."* **Benjamin Reed** is an experienced attorney who frequently provides representation to significant franchisors on an array of contentious matters. **Strengths:** *"He knows his stuff, has a core of steel and is very intelligent."* *"Ben is smart and has a lot of experience in franchise litigation."*

Band 3

Bryan Cave Leighton Paisner LLP

What the team is known for BCLP advises clients on a broad range of sophisticated and complex franchising matters. It offers domestic and international capability in both franchise transactional matters and litigation, with notable expertise in acquisitions, class actions and general financing and regulatory work. The firm is noted for particular expertise in countries such as France, Germany, the UK and China. It is regularly called upon by major franchisors in the construction, automotive and hospitality industries.

Strengths

"BCLP is very committed to us and are very responsive."

Work highlights BCLP assisted Zensho with the franchise law elements of its \$621 million acquisition of Snowfox.

Notable practitioners

Jonathan Solish remains a go-to lawyer for high profile class actions and single plaintiff disputes, particularly misclassification and termination cases. He also handles a variety of transactional matters. **Strengths:** *"We value Jonathan's in-depth knowledge of the franchising business. He is very well experienced in the field and has seen all kinds of litigation in his career."* *"Jonathan is a big thinker."*

Kenneth Costello is noted for his strong transactional franchising practice. He frequently assists clients with issues such as licensing, branding and regulatory compliance. **Strengths:** *"Ken has a lot of depth to his practice."* **Keith Klein** represents

clients in arbitration and commercial litigation relating to franchising and distribution issues. He is active on behalf of food and beverage brands and is particularly interested in the technology sector. **Strengths:** *"Keith is very strong at litigation."* *"Keith is a wonderful lawyer."*

Faegre Drinker Biddle & Reath, LLP

What the team is known for Faegre Drinker Biddle & Reath has a domestic and international franchising practice providing the full range of transactional and litigation services to a wide variety of clients from the hospitality, restaurant and food service and retail industries. It also offers expertise to franchisors in the healthcare space, as well as assisting startup and emerging franchisors to launch, grow and establish their businesses. The firm has a deep bench of partners with expertise in non-US jurisdictions including in South America, Asia and the Middle East.

Strengths

"Faegre is ready to assist whenever we reach out. They ask good questions and hone in on the issue to provide the best advice."

"They always weigh practical and commercial interests as well as the legal ones. They also do a great job keeping abreast of the latest news in the franchise industry."

Work highlights Faegre Drinker Biddle & Reath advised International Dairy Queen on a breach of franchise agreement matter.

Notable practitioners

Brian Schnell is best known for working with domestic and international companies on structuring their franchising programs. His expertise covers matters such as international expansions and M&A. **Strengths:** *"Brian is a trusted advisor. He has a wealth of knowledge we lean on."* *"I enjoy Brian's calm demeanor and his ability to speak about complicated subject matter in simple terms."*

Foley & Lardner LLP

What the team is known for Foley & Lardner is recognized for its focus on nontraditional franchise work, representing a number of auto dealership clients, among others. It offers expertise in franchising advisory work, disputes and competition issues. The firm has significant expertise in the drafting of franchise disclosure documents and registration, as well as offering guidance on state regulatory processes for franchisors. It is expert in securing financing for production processes and purchases for franchisees, dealers and distributors.

Strengths

"Foley & Lardner has strong experience and a practical approach."

"Foley & Lardner is extremely responsive and do a great job at putting matters to rest quickly and efficiently."

Work highlights Foley & Lardner represented Clark Equipment Company in a wrongful termination suit brought by a Bobcat dealer claiming damages in excess of \$6 million.

Notable practitioners

Michael Lockerby has deep knowledge of franchise law and regularly advises on franchise and distribution agreements. He is particularly well thought of for his skills in representing clients

in the automotive sector. **Strengths:** “Michael is a tremendous lawyer.” **Mary Leslie Smith** represents franchisors and distributors in commercial disputes, often centered around trademarks and trade secrets, as well as cases brought by customers. **Strengths:** “We have a trusted relationship with Leslie. She has great critical thinking skills and looks at issues from all angles.” “She is a very good litigator.”

Haynes and Boone, LLP

What the team is known for Haynes and Boone is respected firm in the market, offering counsel and representation to a broad range of international and domestic clients. It has a strong bench of lawyers providing notable expertise and experience in franchising litigation, arbitration and alternative dispute resolution. It is particularly well versed in helping businesses with international expansion and distribution. The firm is recognized for expertise in representing clients from the food, drink, hospitality, retail and travel sectors.

Strengths

“Haynes and Boone is an expert in the franchise industry. Its franchise practice has great bench strength from senior partners to its paraprofessional staff.”

Notable practitioners

Deborah Coldwell is held in exceptionally high regard due to her experience in disputes concerning issues such as breach of contract, fraud and franchise terminations. Her clients include franchisors, distributors, joint ventures and partnerships. **Strengths:** “Deb is an excellent attorney. She is commercially savvy and a great business partner.” “Deb is a fine litigator.” **Robert Lauer** focuses on franchise law, advising on domestic and international matters. He works on transactional issues and is particularly skilled in working with those in the hospitality and restaurant sectors. **Strengths:** “Robert is a subject matter expert in the franchise space. His response time is terrific and his legal analysis is spot on.”

Larkin Hoffman Daly & Lindgren, Ltd.

What the team is known for Larkin Hoffman Daly & Lindgren advises a number of high profile franchisors in the hospitality, restaurant and lodging industries on the full range of franchising matters. It has a strong bench of attorneys offering notable experience and expertise in franchising M&A and regulatory and compliance work. The firm is particularly well versed in the drafting and registering of franchise agreements and disclosure documents, as well as offering expertise on the structuring of domestic and international franchise relationships.

Strengths

“I always receive quality work in a very prompt manner from the lawyers at Larkin Hoffman.”

“There is an exceptional depth of experience in planning and handling any issues that may arise.”

Work highlights Larkin Hoffman Daly & Lindgren represented Proforma in lawsuit brought against a former franchisee and his current employer claiming breach of contract and misappropriation of trade secrets.

Notable practitioners

Charles Modell is a well-regarded attorney who

regularly advises on the structuring of both domestic and international franchise arrangements. **Strengths:** “Chuck is among the brightest in the franchise bar.” **Joseph Fittante** is adept at guiding clients such as emerging and mature franchisors on disclosure and supply issues. **Strengths:** “Joe is knowledgeable and a leader in the franchise bar.” “Joe is an expert in franchise regulation across the whole spectrum. He’s extremely well connected with the regulators and is able to do a lot of work really quickly.” **Max Schott** is a respected lawyer who works with franchisors from a range of industries. He works on issues such as disclosures, supply chain maintenance and licensing. **Strengths:** “Max is an excellent attorney.” “He is very responsive and quick to answer. He shows a high level of professionalism and is transparent.”

Quarles & Brady LLP

What the team is known for Quarles & Brady offers a broad range of services to clients including providing counsel on how to establish and grow franchise systems and managing franchise relationships. It has notable expertise in acquisitions and dispute resolution. The firm is also experienced in handling matters both domestically and internationally, with recognized capabilities in the advertising, home construction, health and wellness, retail and financial services sectors.

Strengths

“Quarles & Brady are experts in every area of franchising and many other areas of business in general. They can make complex matters simple and direct.”

Work highlights Quarles & Brady advised Smoothie King Franchises on franchise regulatory compliance and defended the company in a class action.

Notable practitioners

David Beyer often assists clients with structuring their franchise programs. He is noted for his expertise in relation to the acquisition and sale of franchises, as well as regulatory compliance and franchisee disputes. **Strengths:** “David is definitely a top tier operator in this space.” “David is a wonderful lawyer.” **Andrew Beilfuss** assists clients with issues such as franchise expansion, post-termination enforcement and regulatory compliance. **Strengths:** “Andy knows franchise law inside and out. He’s great at making sure that the right people are assigned to the right cases and ensuring agreements are sound.” **Scott McIntosh** has a broad litigation-based practice acting on behalf of clients seeking to enforce post-termination clauses, franchise contract disputes and other commercial suits. He is also adept at handling arbitration proceedings before various arbitral bodies. **Strengths:** “Scott is a very good lawyer.”

UB Greensfelder LLP

What the team is known for UB Greensfelder LLP provides counsel to franchisors from a range of industries on a variety of franchising issues, including day-to-day operations, vicarious liability and franchisee relationships. It offers significant expertise on both domestic and international franchise-related transactional matters including M&A. The firm also provides expertise in litigation

and alternative dispute resolution. It provides representation to oil companies on matters such as compliance with gift card laws and opening convenience stores on gasoline station premises.

Strengths

“We are thoroughly impressed by the franchise practice’s capability to not only swiftly grasp the complexities at hand but also to consult us in devising practical solutions that incorporate suitable risk mitigation.”

“UB Greensfelder is able to address all of our issues, both complex and sophisticated. The attorneys are extremely responsive and perform at a very high service level.”

“They are great with tricky topics.”

Work highlights UB Greensfelder advised Snap-on on a response to a request from the Federal Trade Commission for information about franchising in the US.

Notable practitioners

Beata Krakus (see p.613) has extensive experience in handling a range of corporate and M&A matters for franchisor clients. She is equally adept at assisting with domestic and international issues. **Strengths:** “I am always impressed with Beata.” “She is a great go-to resource for franchising. She has great subject matter expertise and I would give her high marks for practically.” **Leonard Vines** (see p.727) is based in St. Louis and works with franchisors and distributors. He handles matters such as regulatory compliance and franchise terminations. **Strengths:** “He counsels us in a professional and experienced manner.” “Leonard is really well regarded and he is always fantastic.”

Venable LLP

What the team is known for Venable has a robust team that represents franchisors in a variety of fields, including hotels, restaurants, convenience stores, retail, automotive and personal services. The firm has a team of attorneys who have hands-on experience with operating problems of franchise companies, as well as deep expertise in registration and regulatory law.

Strengths

“Venable has a deep understanding of the franchising business and the needs of their clients.”

“We have access to senior partners who are extremely responsive and make themselves available often on short notice.”

Work highlights Venable acted for Planet Fitness in a jury trial concerning the expansion of the business’s franchised gyms into Mexico in 2016.

Notable practitioners

Michael Joblove (see p.596) is an expert litigator who works with a range of high profile franchisors, including prominent names from the food and beverage industry. **Strengths:** “Michael is excellent. He is an aggressive, thorough and shrewd litigator. You want his team on your side.” “Michael is among the best franchise litigators and trusted advisors.” **Nina Greene** (see p.573) is noted for her representation of franchisors in contentious issues. She is experienced in state, federal, trial and appellate court cases. **Strengths:** “Nina is very talented.” “Nina is a good litigator.”

Wiggin and Dana LLP

What the team is known for Established firm with notable expertise in franchise litigation. Wiggin and Dana represents clients from a variety of industries, including several of the USA's largest quick service restaurant franchises. Clients are also drawn from the retail, automotive and hospitality sectors.

Strengths

"Wiggin and Dana's service is personalized and client focused."

"I have been impressed with the attorneys and staff. If someone doesn't know the answer, they work with other members of the firm to get it quickly and efficiently."

Work highlights Wiggin and Dana provided litigation counsel to Fantastic Sams Franchise Corporation regarding disputes arising over trademark infringement.

Notable practitioners

Dean Fournaris acts for a range of clients in the hospitality, leisure and education sectors, providing extensive advice on franchise management and legal compliance. **Strengths:** *"Dean is a ferocious, talented litigator. He is fantastic when you need to push back hard against a difficult opponent." "He is a one-stop shop for a broad array of issues in the franchise space. He has tremendous knowledge on nuanced issues, understands the impact to the business, thinks ahead and is proactive."* **John Doroghazi** is well respected for handling complex litigation arising from disputes between franchisors and franchisees. He is particularly adept at handling contentious matters relating to fraud and breach of contract. **Strengths:** *"John always shows up, gets right to the point and gets me the results I want. He knows what he is doing and is fun to work with too." "John is extremely smart, very creative and knows how to come up with effective and interesting legal strategies, which I find very valuable."*

Band 4

Akerman LLP

What the team is known for Akerman's franchise team provides expertise in state and federal regulatory compliance, developing new franchise units, arranging terminations and acquisitions. The full service law firm acts for franchisors and multi-franchise units in the restaurant, retail, private equity industries amongst others. The team can draft and negotiate master franchise agreements, license agreements and franchise disclosure documents as well as handle litigation with franchisees.

Strengths

"Our lawyer at Akerman listens extremely well and then truly works to solve to the objective."

"It is incredible how fast they reply. I have never had to wait more than 24 hours."

Work highlights Akerman assisted Pret A Manger with the sale of its US operations to a joint venture partner and the establishment of a franchise system.

Notable practitioners

Robert Smith provides counsel to clients seeking to develop and expand their franchise operations.

Strengths: *"Robert is very smart and capable."*

Davis Wright Tremaine LLP

What the team is known for Davis Wright Tremaine is a robust team handling complex franchisor and franchisee issues. It is well placed to provide strategic advice on brand development and expansion within the US and globally. The firm is particularly adept at representing those in the restaurant and food and beverage industries.

Strengths

"Davis Wright has a great understanding of both the technicalities and practical aspects of a dispute and how controversial interpretations will play out."

"Each team member we work with at DWT is an expert in their field. The team is always very responsive and delivers a high level of service."

Work highlights Davis Wright Tremaine advised ADT Taco in its entry into the Taco Bell system including acquisition of 16 locations, a sale lease-back transaction, debt financing and negotiations with Yum! Brands, the Taco Bell brand parent company.

Notable practitioners

Rochelle Buchsbaum Spandorf has vast experience in advising franchisors, franchisees and distributors, among others, on matters such as international expansion. She is equally adept at handling contract negotiation and dispute resolution matters. **Strengths:** *"She is at the top of her game. She is a seasoned lawyer with a long history of offering legal services in the franchise space." "Rochelle helps shape our franchise offering, providing sound business and legal advice. She helps us successfully navigate a challenging area of the law and a constantly shifting industry."*

Fox Rothschild

What the team is known for Fox Rothschild is a strong group of attorneys specialising in transactional matters on behalf of franchisors. It has significant expertise in drafting franchise disclosure documents and franchise agreements, as well as serving as outside counsel to a range of clients. The firm is equipped to handle domestic and international franchise issues.

Strengths

"The franchising team at Fox Rothschild goes above and beyond to make sure we fully understand the scope of the franchising business and navigate all matters."

"They have the right bench strength to support what we need with great response times. They have really become good thought partners as we continue to grow with them."

Work highlights Fox Rothschild LLP assisted Nifty Fifty's Franchising with preparing its franchise program.

Notable practitioners

Craig Tractenberg (see p.721) represents clients in contentious and noncontentious franchising issues, including licensing agreements, termination disputes and acquisitions. **Strengths:** *"Craig is an extremely talented and experienced attorney. He's extremely knowledgeable and we know we are in great hands!" "He has a solid reputation and has been in the franchising world a very long time."*

Eleanor Gerhards (see p.564) serves as outside general corporate and franchise legal counsel

to startup and established franchise clients. She guides the structuring of franchise programs, drafts franchise documents and counsels clients on regulatory compliance and state registration matters. **Strengths:** *"Elle is our go-to. She is a great commercial thought partner across all sorts of areas." "She always provides us with exactly what we need without overcomplicating things! She understands where we are as a business and where we are headed which makes sure we are two steps ahead."*

Kaufmann Gildin & Robbins LLP

What the team is known for Kaufmann Gildin & Robbins is a renowned boutique law firm offering expertise in franchising M&A, litigation and financing. It serves a varied client base, including leading financial institutions, private equity firms and franchisors from a wide range of industries. The firm offers expert guidance to startup franchisors on every aspect of preparing, registering and implementing a specialized franchise program.

Notable practitioners

David Kaufmann works on an array of issues, including franchise-related M&A. **Strengths:** *"David has been an outstanding lawyer for years."*

Nixon Peabody LLP

What the team is known for Nixon Peabody represents franchisors and distribution companies through the full process of franchising, with expertise in M&A, franchise documentation and high-stakes dispute resolution. The firm offers a strong bench of attorneys experienced in international and domestic franchising matters. It counsels on transfers, terminations, renewals and franchisee association issues. Nixon acts for a large roster of clients drawn from the restaurant, retail and financial industries among others.

Strengths

"Nixon Peabody is a quality franchising practice. They are good with timeliness, competency and performance. They're very helpful and strong in assisting and supporting us."

"The team at Nixon Peabody has great expertise with international franchising issues and is always responsive."

Work highlights Nixon Peabody advised School of Rock on the sale of the company by Sterling Partners to Youth Enrichment Brands.

Notable practitioners

Keri McWilliams (see p.639) coleads Nixon's franchise practice and advises franchisors across a wide range of industries. **Strengths:** *"Keri is a great lawyer who I have tremendous respect for." "Keri can express complex matters in clear, layman terms."*

Kendal Tyre (see p.724) is able to assist clients in a swath of industries with issues such franchise registration, disclosure and enforcement. He is noted for his proficiency in matters related to international expansion. **Strengths:** *"Kendal is very easy to work with and has a strong knowledge of international franchising issues and development."* **Steven Feirman** (see p.552) provides extensive support to businesses on global expansion issues and franchise compliance, among other matters. His broad sector expertise covers food and drink, education, real estate and

travel. **Strengths:** “Steve is very strong in antitrust, franchising and distribution. I have a high opinion of him.”

Polsinelli PC

What the team is known for Polsinelli is able to assist with a range of litigious issues facing franchised businesses including breaches of contract, termination disputes and arbitrations. The firm has a strong practice advising clients on corporate and transactional issues involving IP rights, contract drafting and international brand expansion. It is particularly well regarded for its representation of restaurant and foodservice clients.

Strengths

“Polsinelli is extremely knowledgeable and responsive to our needs. The team’s expertise is invaluable to us.”

“Polsinelli provide exceptional advice and have depth of knowledge and breadth of resources.”

Work highlights Polsinelli represented Darden Restaurants on its domestic and international franchising programs for brands including Olive Garden, Bahama Breeze and LongHorn Steakhouse.

Notable practitioners

Joyce Mazero provides extensive counsel to clients on franchising agreements and contract drafting, as well as assisting with litigating franchising disputes. **Strengths:** “A veteran in franchising law, Joyce has an exceptional knowledge base and is a strategic and tactical thinker.” “Joyce is sharp. I enjoy working with her and getting her perspective.” **Leonard MacPhee** cochairs the firm’s global franchise and supply network practice. He is adept at handling both noncontentious issues and disputes pertaining to a variety of matters, including termination and breach of contract. **Strengths:** “Len is great, he’s my go-to on complex matters.” “His insights and comprehensive vision help us be two steps ahead.”

Other Ranked Lawyers

Lane Fisher is noted for his robust practice handling a wide variety of transactional matters and litigation in the franchising space. **Strengths:** “Lane is extremely knowledgeable and easy to work with.” “Lane is a very knowledgeable lawyer with a

strong breadth of connections and experience in the franchising community.”

Susan Grueneberg (see p.575) is widely respected in the industry due to the considerable depth of her expertise. She frequently counsels clients such as franchisors on agreement drafting, regulatory compliance and transactional matters.

Strengths: “Susan is a very good lawyer.”

Michael Lindsey assists a range of franchisors and franchisees with complex litigation. He also frequently counsels on IP and corporate law.

Strengths: “Mike is very impressive and knowledgeable.”

Alan Silberman continues to be widely respected in the field of franchising. He has extensive and deep experience counseling clients on all manner of franchising issues. **Strengths:** “When Alan speaks about franchising, people listen.”

about finding practical solutions.” **Ronald Gardner** is commended for his handling of complex disputes and franchise agreement negotiations on behalf of franchisees. He acts for clients of all sizes in the food, transportation and construction industries. **Strengths:** “Ron is very strong for franchisee matters.” **Jeffery Haff** is recognized for his ability to deal with breach of covenant, misconduct and termination issues on behalf of franchisee clients, distributors and dealers. **John Holland** receives recognition for his representation of franchisees and dealers in encroachment, unlawful termination and transfer rights litigation. His expertise extends to dealership rights negotiations with manufacturers. **Strengths:** “John is a very good franchisee lawyer.” **Scott Korzenowski** represents franchisee clients in the restaurant and fast food industry in disputes with franchisors and manufacturers. He regularly appears in litigation in state and federal court. **Kristy Miamen** acts on behalf of dealers and distributors in disputes with franchisors and suppliers. She handles both litigation and arbitration proceedings. **Strengths:** “Kristy is a good lawyer.”

Band 2

Garner, Ginsburg & Johnsen, P.A.

What the team is known for Garner, Ginsburg & Johnsen represents franchisees in disputes with franchisors regarding a range of matters

including misrepresentation, fraud and breach of contract, among others. The team is particularly active in post-termination disputes concerning a franchisee's ability to operate a competitive business. It offers particular expertise in franchise matters affecting franchisees in the leisure and hospitality arenas. The firm is also regularly involved in cases establishing new precedents in franchise law.

Strengths

"Garner, Ginsburg & Johnsen is very knowledgeable and easy to work with. They are amazing and the service they provide is top notch."

"The Garner firm is extremely capable when handling complex franchise disputes."

Work highlights Garner, Ginsburg & Johnsen acted for Feed Your Sole Minnesota in a post-termination noncompete dispute initiated by the franchisor.

Notable practitioners

Michael Garner has a wealth of experience in termination, fraud and franchisee rights enforcement proceedings for franchisee clients. **Elliot Reed Ginsburg** is highly proficient in contract disputes, fraud claims and other contentious proceedings. He regularly provides counsel to franchisee clients in the retail and hospitality sectors.

Strengths: *"Elliot is an excellent technical attorney with the proven ability to handle complex disputes in the franchise industry." "He is very practical. He knows the law and will get to a good outcome."*

Erin Johnsen has a burgeoning practice and continues to garner a reputation for her work with franchisees. She frequently assists clients with disputes concerning misrepresentation and franchise terminations. **Strengths:** *"We love Erin! She is a true asset with her hard work and dedication."*

Zarco Einhorn Salkowski, P.A.

What the team is known for Zarco Einhorn Salkowski is an established franchise boutique with a strong bench of attorneys and a market reputation for zealous representation on behalf of franchisees and franchisee associations in a wide range of business disputes. It offers expert advice and counsel to clients on a range of franchising matters, including franchise opportunities and

becoming a franchisee, disclosure documents and the renewing of existing franchise arrangements.

Strengths

"Zarco are fearsome litigators."

"They are practical to work with."

Notable practitioners

Robert Einhorn represents franchisee clients in litigation and arbitrations. He is commended for counseling franchise associations on a variety of issues. **Strengths:** *"He is a strong litigator."*

Robert Zarco has expertise in corporate law, commercial torts, trademark disputes and breach of covenant litigation. He regularly appears before federal and state courts. **Strengths:** *"He is incisive, pragmatic and patient."*

Himanshu Patel is a well-regarded attorney in the franchising space. He receives acknowledgment for handling litigation for franchisee clients before state and federal courts.

Strengths: *"I could not hold them in any higher regard. He is pleasant and competent."*

Robert Salkowski is recognized in this space for the breadth of his commercial litigation practice. He frequently handles complex disputes on behalf of franchisee clients. **Strengths:** *"I have the utmost trust and appreciation for Robert."*

Band 3

Marks & Klein, LLP

What the team is known for Marks & Klein provides counsel to individual and multiunit franchisees in all aspects of their franchise relationships. It has strong domestic and international capabilities advising on franchise expansion and other transactional matters. The firm also offers significant experience representing franchisees in complex disputes with franchisors.

Notable practitioners

Justin Klein has a wealth of experience providing counsel on all franchise law-related matters and disputes. He handles licensing matters for large and small franchisees. **Strengths:** *"Justin is a really good lawyer."*

Other Ranked Lawyers

Carmen Caruso of Carmen D. Caruso Law Firm is highly thought of for his expertise in franchising matters. In particular, he has valuable experience in commercial and contract disputes.

Harris Chernow of Reger Rizzo Darnall LLP is an experienced and well-regarded lawyer in the franchise space. He assists franchisees with a range of complex issues. **Strengths:** *"Harris is a good lawyer."*

Michael Einbinder of Einbinder & Dunn LLP is a highly skilled franchise attorney who manages a range of disputes in the area. His franchisee practice is complemented by his experience in intellectual property matters.

Eric Karp of Witmer, Karp, Warner & Ryan is an expert in franchisee matters inclusive of commercial and real estate-related disputes. He represents clients from the hospitality, leisure and food and beverage sectors.

Peter Lagarias of Lagarias & Napell, LLP is an expert in contentious franchising proceedings. His clients benefit from his years of experience in the industry. **Strengths:** *"Peter is very smart."*

Richard Rosen of Rosen Karol Salis PLLC negotiates franchise agreements on behalf of franchisees. He also handles contentious proceedings in court and alternative dispute resolution forums. **Strengths:** *"He is a good lawyer."*

Peter Silverman of Shumaker Loop & Kendrick handles a variety of contentious matters for franchisee clients as part of a wider practice including antitrust, sports and IP law. **Strengths:** *"I think highly of Peter."*

He has experience working on matters pertaining to casinos and online platforms. **Strengths:** "Pacifico is very knowledgeable and responsive." **Melissa Thevenot** is an associate recommended for her work at the intersection of gaming and Native American law. **Strengths:** "Melissa is very tactical and knowledgeable."

Fox Rothschild

What the team is known for Fox Rothschild houses a premier gaming team with a breadth of skill that makes it a go-to for casino operators, online gaming companies and gaming equipment

manufacturers. It ably advises on cross-border matters for US and international companies and is noted for its expertise in licensing and regulatory work, regularly appearing before state administrative agencies across the US. The team also offers advice on complex transactional financings, and broad expertise in gaming technology and operational matters.

Strengths

"Fox Rothschild is a strong law firm."

"The team has the requisite expertise and work ethic to handle complex and sophisticated matters."

Work highlights Fox Rothschild represented Hard Rock International in its \$1.075 billion cash deal to acquire the operations of The Mirage Hotel and Casino in Las Vegas from MGM Resorts International.

Notable practitioners

Marie Jones (see p.598) is recognized for her work on licensing and regulatory compliance for casinos and online gaming companies. She is also experienced in appearing before both domestic and international regulatory bodies. **Strengths:** "Marie is extremely knowledgeable." "She has a very strong reputation in the space." **CJ Fisher** (see p.554) is adept at representing operators in online gaming and fantasy betting matters. He has notable strength in providing counsel on licensing and operational issues. **Strengths:** "He is a high-quality lawyer with a strong commitment to the goals of clients' businesses." "CJ has a deep level of knowledge and is a strong advocate." **Donna More** (see p.646) has substantial experience of advising clients in regulated industries, including regular work for gaming sector manufacturers, developers and casinos. Based in Chicago, she is well placed to advise clients on sports betting.

Band 2

Ballard Spahr LLP

What the team is known for Ballard Spahr is highly regarded for its work in gaming-related real estate transactions and in the provision of regulatory compliance advice. The team is also notable for its expertise in sports betting.

Strengths

"Ballard Spahr fields high-level sophisticated practitioners who are very responsive."

"The attorneys at Ballard Spahr have vast experience in gaming law and can handle the most complex matters."

"Ballard's team demonstrates a solid understanding of the gaming environment and takes a practical approach to regulatory issues."

Work highlights Ballard Spahr advised IAC on gaming regulatory and licensure issues.

Notable practitioners

Michael Fabius is commended for his considerable knowledge of regulatory matters in the gaming sector. He's further noted for his skills as a litigator. **Strengths:** "Mike is an excellent lawyer. He is thoughtful, strategic and able to handle complex matters across multiple jurisdictions." "Michael is an excellent attorney who is both responsive

and commercial.” **Adrian King** is co-leader of the gaming team. He is recognized for his transactional, regulatory and licensing work for casino operators, sports betting firms and manufacturers. **Strengths:** “Adrian is very responsive and practical in his approach.” “Adrian is an experienced and skilled gaming lawyer.” **Maren Parry** has experience of assisting clients with licensing, regulatory compliance and real estate issues in the gaming space. Her clients include manufacturers and REITs. **Strengths:** “Maren is very well informed and detailed.”

Butler Snow LLP

What the team is known for Butler Snow has a notable team offering experience in licensing work in the gaming space. It is further recognized for handling regulatory compliance for high-profile clients as well as its knowledge of sports betting issues.

Strengths

“The firm handles complex and sophisticated matters well.”

“Butler Snow is a go-to for gaming work and has great business acumen.”

Work highlights Butler Snow advised MGM Resorts International on the sale of the Mirage.

Notable practitioners

Sean McGuinness (see p.638) is highly experienced in gaming regulatory matters, and represents clients throughout the USA. **Strengths:** “Sean is responsive and can handle sophisticated matters.” “He is a delight to work with and is one of the most responsive attorneys we have worked with.” **Ryan O’Beirne** (see p.2131) is recognized for his strength in handling acquisitions and sale-leaseback transactions, as well as licensing matters. **Strengths:** “Ryan is a well-respected and talented practitioner.” “He is extremely efficient, commercially minded and sophisticated.”

Duane Morris LLP

What the team is known for Duane Morris’ team provides noteworthy expertise in gaining licensing and approvals for iGaming and sports betting companies. Its members advise on transactional matters and have experience in providing counsel to gaming clients and institutional investors on regulatory compliance out of M&A and joint venture deals. The group is also adept in handling contentious matters, such as with patent litigation and class actions brought against casino operators.

Strengths

“The team is very strong and has a sophisticated understanding of the market and the regulatory landscape.”

“The attorneys at Duane Morris are some of the most responsive and attentive I’ve ever encountered.”

Work highlights Duane Morris represented Bettor Capital in leading the Series A financing round of Future Anthem.

Notable practitioners

Adam Berger (see p.503) is held in high regard for his ability to assist clients with transactional issues, including complex financings and acquisitions. **Strengths:** “Adam is an incredible lawyer.” “He is very smart, razor-sharp and commercially

minded.” **Frank DiGiacomo** is noted for his ability to handle sports wagering licensing and regulatory compliance matters for clients. **Strengths:** “Frank is intellectually robust and highly experienced.”

Greenberg Traurig, LLP

What the team is known for Greenberg Traurig is a full-service international firm providing quality legal representation across a range of regulatory and transactional issues including online and tribal gaming-related matters. It counsels clients involved in every aspect of the gaming industry from casino owners, operators and suppliers through to financial institutions and real estate developers. The team also offers expertise in gaming and licensing matters that intersect with IP and real estate.

Strengths

“Greenberg Traurig’s team is deep and they provide sharp guidance efficiently.”

“The Greenberg Traurig group is very knowledgeable and is able to handle complex issues.”

Work highlights Greenberg Traurig advised DraftKings on its acquisition of Golden Nugget.

Notable practitioners

Martha Sabol has a well-established reputation for providing counsel on gaming licensing and compliance for gaming businesses. She regularly appears before regulatory bodies. **Strengths:** “Martha is a fantastic lawyer.” **Edward Winkofsky** is commended for his in-depth knowledge of gaming practice. He has notable experience in esports and iGaming matters. **Strengths:** “Edward is a great lawyer.” “He provides excellent support.” **Mark Hichar** provides expert representation for game operators and developers in regulatory and licensing work. He is noted for his experience handling sports betting and lottery matters. **Erica Okerberg** has substantive experience navigating the licensing process for a range of clients. She also has a strong reputation for her ability to advise clients on sportsbook regulation and gaming acquisitions. **Strengths:** “She is very responsive and proactive.” “Erica is excellent with clients.”

Ifrah Law

What the team is known for Ifrah Law demonstrates strength across legislative and regulatory issues affecting clients in the online gaming and sports betting industries. It is also noted for its handling of significant disputes and represents clients at all levels, including businesses looking to enter the online gaming space.

Strengths

“The practitioners are experts in the field, with every lawyer able to provide expert counsel.”

“The team is proactive and has a great work ethic.”

“Ifrah Law’s team provides valuable insights and they have strong gaming expertise.”

Work highlights Ifrah Law served as exclusive US counsel on all of Nuvei Technologies’ licensing and regulatory work.

Notable practitioners

Jeff Ifrah (see p.593) is well known for handling regulatory and litigation matters in the online gaming and sports betting space. His client list includes international operators of mobile bet-

ting platforms, as well as US-based groups.

Strengths: “Jeff is exceedingly well versed in the space.” “He is a great strategic thinker.” **Michelle Cohen** (see p.529) is highlighted for her high-quality work for casino sweepstake clients and sports betting providers. **Strengths:** “Michelle is a fantastic attorney with an extensive depth and breadth of knowledge who provides clear and creative solutions to challenging issues.” “She is knowledgeable, responsive and switched on.”

Jones Walker LLP

What the team is known for Jones Walker advises clients including Native American tribes, gaming companies and municipalities on all aspects of gaming law. The team is well known for its regulatory and licensing work as well as its ability to advise on financing deals. It services clients throughout the US, but is especially well known for its work in states along the Gulf Coast.

Strengths

“Jones Walker’s team is well known and respected in the space.”

Work highlights Jones Walker represented the City of Danville in connection with the negotiation, drafting and amendment of a Development Agreement with Caesars Entertainment associated with a \$600m casino project.

Notable practitioners

Kelly Duncan is a highly experienced gaming practitioner with strong capabilities in corporate transactions and related real estate deals. Duncan is based in New Orleans and is especially notable for his work on riverboat gaming. He also manages regulatory and compliance work. **Strengths:** “Kelly’s expertise and knowledge are invaluable in a complicated gaming environment.” **Thomas Shepherd** handles a wide range of gaming matters with notable recent work relating to sports wagering. His clients include US and international operators who turn to him for compliance issues and gaming operational matters. He also has considerable experience acting on behalf of lenders and borrowers in gaming-related financings. **Strengths:** “Thomas has vast experience in the space.”

Lewis Roca

What the team is known for Lewis Roca’s group is adept at representing domestic and international gaming clients. The firm handles licensing and regulatory compliance for operators, manufacturers and online platforms. The team is well regarded for advising on sports wagering, skill gaming and iGaming matters. Its group offers additional expertise in advising clients on the intersection between technology and gambling, such as with the usage of NFTs in gaming.

Strengths

“Lewis Roca’s team is well versed in complex matters.”

Work highlights Lewis Roca helped DataBank obtain the necessary registrations with the Nevada Gaming Control Board to house gaming-related servers at its data centre in Las Vegas.

Notable practitioners

Glenn Light (see p.2207) chairs the commercial gaming group. He is well regarded for his ability to guide sports betting, online gaming and casino operators through licensing and regulatory com-

pliance matters. **Strengths:** “Glenn provides amazing customer service and attention to detail.” **Karl Rutledge** (see p.687) regularly handles traditional gaming matters for established and start-up companies. He is commended for his work in online gaming and fantasy sports. His experience includes representing clients before regulatory bodies.

McDonald Carano

What the team is known for McDonald Carano has an experienced group with a long history representing significant clients in the gaming space, particularly in Nevada. The firm also works with large international corporations on US regulatory compliance and is noted for its specialist expertise in restricted gaming licensing.

Strengths

“MacDonald Carano has specialists for every requirement as well as partners with broad knowledge.”

Work highlights McDonald Carano assisted Merkur an agreement for a strategic cooperation acquisition of Gaming Arts for a joint development of games for North American casinos.

Notable practitioners

A.G. Burnett (see p.2202) is commended for his work on gaming policy and work with Nevada regulators. He is sought out by international clients active in the US gaming space. **Strengths:** “AG is a very professional and experienced partner.” “He has tremendous knowledge of the space.” **Gregory Giordano** (see p.2204) brings to bear substantial experience of matters such as regulatory compliance, licensing investigations and transaction oversight, gained during his tenure on the Nevada Gaming Control Board. **Strengths:** “Gregory is responsive, efficient, thoughtful and a great partner to our company.” “He is very knowledgeable and experienced.”

Taft Stettinius & Hollister LLP

What the team is known for Taft Stettinius & Hollister has a well-established Chicago-based gaming team that offers counsel on a full range of issues. The team exhibits particular strengths in regulatory and operational work, with notable expertise in sports wagering. It is also recognized for its representation of major clients before regulatory bodies across the US.

Strengths

“The Taft team is extremely knowledgeable within the gaming space.”

“The attorneys at Taft are experienced and maintain outstanding relationships throughout the gaming industry.”

Work highlights Taft provided counsel to Circa Sports and its subsidiaries in Illinois and Kentucky on regulatory compliance and licensing matters relating to sports wagering operations.

Notable practitioners

Paul Jensen (see p.596) is co-chair of the firm’s gaming group and is particularly well known for his work on regulatory gaming law. His clients include casinos, online gaming operators and companies involved in sports betting. **Strengths:** “Paul’s knowledge and expertise is very impressive. He gives sound advice.” **Kimberly Copp** (see p.532) is co-chair of Taft’s gaming group and

is highly regarded for her work in the gaming space. Sports wagering is a key focus of her practice, and her clients include new and established gaming operators, municipalities and private equity companies. **Strengths:** “Kimberly has an incredible depth of knowledge and is always responsive.” “Kimberly is a great lawyer and she’s very commercial.”

Band 3

Baker, Donelson, Bearman, Caldwell & Berkowitz, PC

What the team is known for Baker, Donelson, Bearman has a distinguished practice in the gaming and licensing space. The team is adept at handling tribal gaming and online gaming issues. The group boasts strength in handling issues containing cross-border elements. In particular, the team is well-versed in advising clients on transactional issues in the space, including acquisitions and investments.

Strengths

“The team provides prompt and thorough advice.”

Notable practitioners

Amy Elder of Baker, Donelson, Bearman, Caldwell & Berkowitz is commended for her transactional work in the gaming space. She is also notable for her experience in sports betting.

Blank Rome LLP

What the team is known for Blank Rome’s gaming and licensing team has an established record representing casino owners, Native American tribes and gaming equipment manufacturers. The practitioners are routinely called upon to support clients in investigations. The practitioners are also adept at offering counsel on regulatory proceedings.

Strengths

“Blank Rome is a great firm and they are integral to our work in this field.”

“They field a very responsive and service-oriented team.”

“Blank Rome handles every matter for us, regardless of complexity or sophistication, with an impressive level of care.”

Work highlights Blank Rome represented SIG Sports Investments in the acquisition of 12.76% of PointsBet Holdings.

Notable practitioners

Dennis Ehling handles both litigation and transactions for clients operating within the gaming industry. His recent experience includes handling acquisitions, licensing and investment issues. **Stephen Schrier** of Blank Rome co-chairs the gaming and sports practices. He offers quality representation for casino operators in litigation and regulatory matters. **Strengths:** “Steve is a fantastic gaming attorney. He is always available and responds to our business needs.” “He’s a very experienced lawyer.”

Cooper Levenson

What the team is known for Cooper Levenson’s gaming and licensing practice is recognized for its ability to provide counsel on licensing issues and regulatory issues. The team is renowned for

its ability to assist on matters related to online wagers and sweepstakes. The practitioners are also notable for their expertise in iGaming.

Notable practitioners

Lynne Kaufman (see p.603) is cochair of the gaming law practice group. She is routinely called upon to represent clients in acquisitions and land-based casino matters. **Strengths:** “Lynne is terrific; she’s very thorough and organized.” “She’s a very experienced lawyer.”

Covington & Burling LLP

What the team is known for Covington & Burling’s team is highlighted for its strength in handling both litigation and transactional matters. The firm has a broad client list which is comprised of casinos, video game companies and gaming manufacturers, to name a few. The team has additional experience of assisting on esports issues.

Strengths

“The practitioners have excellent skill sets and bench strength.”

“The team has a great depth of knowledge and are able to pull in experts in every area required.”

Work highlights Covington defended Big Fish Games and Aristocrat Technologies against a nationwide class action lawsuit arising from allegations that its suite of games called ‘Big Fish Casino’ constitutes illegal gaming under Washington state law.

Notable practitioners

Cochair of the gaming practice, **Edward Rippey** (see p.680) handles litigation as well as providing counsel on acquisitions related to iGaming organizations. His clients include gambling resorts and land-based casinos. **Strengths:** “Ed is an outstanding lawyer who is strategic in his approach.” “He provides excellent client service and responsiveness.”

Saiber LLC

What the team is known for Saiber’s dedicated team is renowned for its strength in handling issues on behalf of iGaming organizations. Its practitioners are adept at advising clients on sports wagering throughout the US, as well as complex M&A deals. The group has further experience of providing counsel on sophisticated licensing matters.

Strengths

“The Saiber team is very knowledgeable and able to handle complex issues.”

Work highlights Saiber advised Entain on its acquisition of Angstrom Sports.

Notable practitioners

Jeremy Kleiman focuses on the regulatory side of gaming where he represents sports betting groups, financial investors and technology companies. His client list includes national as well as multinational interests looking to acquire key assets within the space. **Strengths:** “Jeremy is our go-to lawyer for gaming matters.” “Jeremy is one of the most commercially sensible and pragmatic lawyers I’ve had the pleasure to work with.” “He is an experienced lawyer.”

Other Ranked Lawyers

Behnam Dayanim of Orrick, Herrington & Sutcliffe is an eminent gaming attorney who focuses on online gaming and licensing matters. His practice sees him advising on M&A and financing transactions, as well as significant litigation

matters, for companies in the gaming sector.

Strengths: “Behnam is a top-tier lawyer.” “He is an industry expert.”

Dan Reaser of Fennemore Craig is highly regarded for his strength in handling complex M&A deals. He also routinely demonstrates his ability to provide counsel on regulatory compliance.

Heidi Staudenmaier is a leading attorney in tribal gaming. She is well placed to advise both businesses and Native American tribes on everything from licensing to government affairs.

Band 1 Government Contracts: The Elite

Arnold & Porter

What the team is known for Arnold & Porter has a top flight government contracts practice providing counseling and transactional services to clients. Frequently serves as litigation counsel in high-stakes protests as well as contracts claims and appeals, and False Claims Act matters. Additional expertise in handling a broad array of costs dispute matters. Represents US and foreign companies from a wide variety of sectors, with particular expertise in national security, cybersecurity and privacy protection. Also adept at advising government contractors on specialized intellectual property matters and corporate transactions.

Strengths

"The firm is very knowledgeable in the subject matter and they are a trusted partner."

"Arnold & Porter's support has been first rate on many issues that are extremely complex and require extensive knowledge of the law and procedures."

"The attorneys are excellent with the ability to take significant volume of information, analyze and distill it."

Work highlights Arnold & Porter successfully defended HomeSafe Alliance in bid protests related to the US Department of Defense's award of a Global Household Goods Contract aimed at transforming the military's system for moving service members' belongings across the world.

Covington & Burling LLP

What the team is known for Covington & Burling LLP continues to excel in the government contracts space. Its key areas of focus include bid protests, False Claims Act investigations and government contracts dispute resolution. The law firm is also adept at specialized intellectual property and national security concerns encountered by government contractors, and possesses an established niche in contracting expertise in life sciences, healthcare and biodefense.

Strengths

"The lawyers are very sophisticated and have good depth of knowledge."

"Covington has phenomenal depth."

"The team has a very sophisticated understanding of the relevant markets."

"It is a very strong team that is extremely well-versed in the specialized field of government contracting and always provides practical advice."

Work highlights Covington & Burling LLP represented Guidehouse in successfully overturning the US Air Force's award of a \$3.3 billion systems contract, related to supporting the nation's ICBM

fleet, to BAE Systems.

Notable practitioners

Jason Carey (see p.520) is widely considered one of the country's foremost bid protests lawyers. He also assists clients with commercial litigation and provides complex regulatory guidance.

Strengths: "Jason's communication is excellent and he works complex legal arguments into understandable pieces." **Susan Cassidy** (see p.521) regularly handles both contentious and noncontentious government contract matters, including investigations and regulatory concerns. She is renowned for her experience in advising on cybersecurity issues. **Strengths:** "Susan has very deep experience at the intersection of cybersecurity regulation and government contracting." "She is very dynamic and sees the whole picture." **Ray Biagini** (see p.505) is a go-to figure for many major government contractors to defend against high-stakes tort claims. **Robert Huffman** (see p.590) is singled out by interviewees for his expertise in False Claims Act litigation. He also handles investigations and contract procurements for major contractors. **Peter Hutt** (see p.592) retains his strong reputation for his expertise in advising on False Claims Act litigation, but he also assists government contractors with an extensive range of other matters, including government investigations and costs issues. **Strengths:** "Peter's judgment and problem solving ability is unique. He is a very good False Claims Act lawyer." "He is very knowledgeable, a very skilled communicator and negotiator." "He is absolutely outstanding. He is thoughtful and client-focused." **Frederic Levy** (see p.621) draws on years of experience handling complex government contract disputes, with notable expertise in suspension and debarment matters. **Strengths:** "Fred is an excellent lawyer and advisor, we are fortunate to be able to work with him." "He is a strong communicator and is also very good at providing actionable advice." **Kayleigh Scalzo** (see p.691) has a burgeoning practice in the government contracts arena, with a strong reputation in handling complex bid protests before the GAO. **Strengths:** "Kayleigh has the expertise to effectively analyze a problem, explain her analysis and get to the right answer." "She is a great advocate and breaks things down practically." **Scott Freling** (see p.559) has emerged as an impressive practitioner in handling transactional matters for government contractors. He frequently advises on the complex regulatory compliance matters in M&A transactions which involve contractors. **Strengths:** "Scott is an outstanding lawyer and counselor." "He is detail-oriented."

Crowell & Moring LLP

What the team is known for Crowell & Moring LLP has a sophisticated federal and state government contracting group, providing expert advice on the full range of regulatory and transactional concerns. The firm fields a strong bench of seasoned practitioners with diverse litigation capabilities, notably in the areas of bid protests and costs disputes. It boasts a broad range of industry expertise with clients spanning defense and aerospace to private equity and healthcare. The team is frequently sought out to conduct internal investigations and defend government contractors

facing exclusion.

Strengths

"The firm has a tremendous amount of experience and expertise."

"Crowell and Moring is an immensely helpful resource and the team is great to work with."

"Crowell and Moring has experts who know the law inside and out combined with a deep understanding of how the government operates."

Work highlights Crowell & Moring LLP defended Lenovo in multiple protests that challenged the award by the US Department of Veterans Affairs of a nearly \$425 million task order for computer equipment.

Notable practitioners

Daniel Forman is recognized for his prowess in bid protests, arguing high-stakes cases before the Court of Federal Claims. He also has significant experience guiding government contractors through internal investigations. **Strengths:** "He is an expert in this space." **Peter Eyre** has a notable transactional practice, advising clients on complex due diligence, bid protests before the Government Accountability Office and contract negotiations. **Strengths:** "He always delivers work in a timely matter and anticipates what we need. He gives you a trove of experience when you go to him with a difficult question." "Peter is smart and encyclopedic on some of the most obscure matters, whilst being supremely practical." "He is an outstanding partner and it is a delight to work with Peter." **Amy Laderberg O'Sullivan's** particular areas of focus include bid protests, which are regularly brought before the GAO and Court of Federal Claims. **Strengths:** "Amy is exceptional and understands the nuances of government contracts. She has deep bid protest experience." "Amy is creative and smart." **Nicole Owren-Wiest** assists clients on a range of government contract matters, including bid protests, cost accounting and compliance. **Strengths:** "Nicole has great practical sense and uses her experience and common sense to navigate gray areas." **Adelicia Cliffe** has a strong reputation for her government contracts practice, with specialist knowledge of Trade Agreements Act compliance and GSA schedule concerns. **Strengths:** "She is a fantastic lawyer with a deep base of knowledge. She has a great business sense and understands our risk tolerance." **Stephen McBrady** is recognized for his significant expertise litigating claims involving the US Government. He routinely handles high-value claims before the CBCA and the ASBCA. **Strengths:** "Stephen is an exceptional lawyer and he is strategic." **John McCarthy** is sought out by clients to defend major contract awards. He has notable experience handling protests before the Government Accountability Office and Court of Federal Claims. **Sarah Burgart's** burgeoning practice in this area sees her regularly advise contractor clients on bid protests claims. **Strengths:** "Sarah is a strong associate."

Morrison Foerster

What the team is known for Morrison Foerster has a highly regarded government contracts practice with impressive bench strength. The firm advises on all aspects of the government contracts process, including regulatory and transactional

compliance. It has notable dispute resolution capabilities, including bid protests, procurement fraud, contract claims and termination disputes.

Strengths

"The partners are very knowledgeable and have strong experience. They provide valuable guidance from a business and commercial perspective."

"Morrison Foerster is excellent at handling complex and sophisticated work and provides fantastic customer service."

"The Morrison Foerster team has a wealth of experience."

Work highlights Morrison Foerster represented Hanford Tank Disposition Alliance at the US Court of Federal Claims in a successful protest of a Department of Energy's \$45 billion contract award.

Notable practitioners

David Churchill (see p.526) has notable expertise in contentious government contracts matters, regularly handling protests and internal investigations, as well as inquiries by the DOJ and DOD. **Strengths:** "David calmly and thoroughly assesses extremely challenging situations." **Jay DeVecchio** (see p.540) is an outstanding choice for large scale litigation, with extensive experience handling False Claims Act actions, commercial disputes and defective pricing matters. **Strengths:** "Jay is a skilled attorney and top notch litigator. He is a seasoned expert." **Kevin Mullen** (see p.648) represents a myriad of major clients who call upon his extensive experience arguing cases before the GAO and Court of Federal Claims. **Strengths:** "Kevin has a high degree of expertise, especially in bid protests." "He knows how to address every kind of issue. He is really thoughtful, clever and a great thinker." "Kevin is an outstanding bid protest attorney. He is sharp and has a great ability to quickly grasp the potential merits of a case." **Damien Specht** (see p.708) is endorsed by interviewees for his strong transactional expertise. He also assists government contractors with regulatory compliance. **Strengths:** "His advice is always practical and business-oriented, supported by outstanding legal analysis and reasoning." **Alex Ward** (see p.730) has significant experience representing clients in bid protests before the GAO, as well as handling ASBCA appeals and investigations. **Strengths:** "Alex is extremely effective in navigating challenging relationships under time pressure." "Alex looks out for creative solutions." **Tina Reynolds** (see p.678) is commended for her ability to advise clients from the biotechnology and technology sectors on a range of issues, from contract negotiations to internal investigations. **Strengths:** "Tina has a strong subject matter skill set and a really wide variety of expertise." **Locke Bell** (see p.501) is noted for his proficiency across the government contracts space, including bid protests and transactional matters. **Strengths:** "He is very good at developing and understanding complex legal theories and coming up with creative solutions for challenging problems." "He is responsive, thoughtful and really clever." "Locke is an excellent resource for government contracts data rights and intellectual property issues."

Wiley

What the team is known for Wiley has a distinguished group focusing predominantly on government contracts litigation. The firm fields a market-leading bid protests practice, noted for its success in a number of high profile disputes and claims. It possesses a deep bench of seasoned litigators and government contracts experts. The firm is able to handle classified matters, sensitive false claims litigation and suspension and debarment proceedings. The team represents a diverse range of clients hailing from industries including defense and information technology.

Strengths

"Wiley provides practical advice and is able to address any government contract issue that arises."
"The breadth of their capabilities is impressive and the team comes highly regarded in the bid protest space."

"The government contracts team at Wiley is exceptionally knowledgeable and business savvy. They work efficiently and provide succinct legal advice."

Work highlights Wiley acted for Noridian Healthcare Solutions in successfully protesting the Railroad Retirement Board's award of a nearly \$200 million contract to a competitor.

Notable practitioners

Paul Khoury is recognized for his bid protest expertise. He has extensive knowledge of compliance matters as they relate to government procurement, and is highly sought by clients in the aerospace sector. **Strengths:** *"Paul has a deep knowledge of the procurement and bid protest system."* *"He is very balanced and very good at communicating with non-lawyers."* **Scott McCaleb** has an impressive track record representing clients in high-stakes bid protests before the GAO. He is also noted for his handling of internal investigations and contract procurement matters. **Strengths:** *"Scott is a trusted advisor who strategically works to meet business goals while providing practical advice."* *"Scott has incredible depth of knowledge and experience in government contracting."* **John Prairie** brings a wealth of experience to his government contracts practice, offering significant expertise in False Claims Act, compliance matters and bid protests. **Strengths:** *"John is a terrific resource."* *"He provides quality advice."* *"He comes up with business solutions, is attentive to our issues and knows how to convey legal advice very clearly."*

Jon Burd has a noteworthy government contracts practice, with particular areas of focus including ASBCA appeals and bid protests and clients in the Aviation sector. **Strengths:** *"Jon is an expert at translating technical issues into language that a layperson can understand."* *"He thinks creatively and strategically. His advice is also practical."*

Brian Walsh represents an impressive portfolio of clients on a wide range of government contract matters. He offers significant expertise when handling high-stakes bid protests. **Strengths:** *"Brian is a very bright and practical lawyer. His experience serves him well, especially when it comes to tactics and strategy."* *"He is always knowledgeable on the subject matter because he has a lot of experience in this type of work."* *"Brian Walsh is an excellent bid protest attorney with fantastic connections throughout the industry."* *"Brian is absolutely terrific. His advice is market-based and reflects great*

judgment." **Tracy Howard** is recognized for her representation of contractors and subcontractors in bid protests before the GAO. She also offers counsel related to small business matters and provides compliance advice. **Strengths:** *"She is a knowledgeable government contracts lawyer who can synthesize a great deal of information into a persuasive package."* *"Tracy makes sure that we understand the possible paths to achieve our goals and the potential risks along the way."*

Band 2 Government Contracts: The Elite**Blank Rome LLP**

What the team is known for Blank Rome LLP has an experienced group offering expertise in government contracts dispute resolution. Capabilities include bid protests, regulatory investigations and costs disputes, as well as False Claims Act cases. Also offers transactional and acquisition advice to clients doing business with government entities. Serves a broad range of government contractors in the professional services, healthcare, technology and defense sectors.

Strengths

"The firm has specialized expertise as well as a broader perspective on the issues at play."

"Blank Rome is a sophisticated firm that knows the commercial implications of the activities for which they are provided legal support."

Work highlights Blank Rome LLP defended the award of a \$45 billion contract for Hanford Tank Waste Operations & Closure. The contract was to manage radioactive waste at the Department of Energy's Hanford site.

Notable practitioners

Justin Chiarodo acts for clients in bid protests and investigations, as well as providing regulatory compliance counsel. He bolsters his practice with significant transactional expertise, advising clients such as government contractors on all matters relating to M&A. **Strengths:** *"Justin is a remarkable person, he is very committed and knowledgeable."* **David Nadler** is recognized for his expertise in a wide range of government contract matters, including bid protests, compliance and False Claims Act investigations. **Strengths:** *"David is incredibly knowledgeable."*

She acts on behalf of contractors in a number of industries including healthcare, defense and professional services. **Strengths:** *"Dominique is an experienced litigator and well-rounded attorney."* *"She is excellent and a practical business-oriented attorney."*

Elizabeth Jochum (see p.596) has particularly impressive experience in major bid protests as a key part of her strong government contracts practice. **Strengths:** *"She is adept at applying law that helps the clients solve their issue with a business point of view."*

Rogers Joseph O'Donnell

What the team is known for Rogers Joseph O'Donnell is a well-respected government contracting boutique capable of handling a diverse array of federal, state and local procurement mandates on behalf of domestic and foreign clients. It has

notable litigation and regulatory capabilities, which include internal investigations, false claims proceedings and bid protests. The firm possesses particular expertise in technology matters, regularly representing clients in this space.

Strengths

"The team is very strong and they thoroughly analyze key issues and likely outcomes."

"The team has high caliber legal talent with subject matter expertise and pragmatic counsel."

"Rogers Joseph O'Donnell has a strong team with deep expertise in federal contracts issues."

Work highlights Rogers Joseph O'Donnell represented Meridian Knowledge Solutions in several GAO bid protests against efforts by the Department of Homeland Security (DHS) to exclude Meridian from competing to provide learning management systems to various DHS components.

Notable practitioners

Neil O'Donnell (see p.656) is a deeply seasoned litigator with a wealth of experience handling contract procurement matters and representing clients in bid protests before the GAO and Court of Federal Claims. **Strengths:** *"He is a fantastic government contracts attorney with a broad range of expertise."*

Robert Metzger (see p.642) is routinely called upon by clients for his expertise in cybersecurity matters, assisting clients with high-stakes contract procurements, qui tam litigation and compliance issues. **Strengths:** *"Robert demonstrates excellent service and expertise in federal contracting issues."* *"He is very experienced and comes up with interesting and creative approaches."* *"Robert is a renowned expert in cybersecurity issues."* **Aaron Silberman** works on behalf of major subcontractors and manufacturers, notably within the transport sector, in terminations, bid protests and contract claims.

Strengths: *"Aaron is very knowledgeable of the subject matter and has a good practical sense of likely outcomes."* *"Aaron is tremendously talented."*

Sheppard, Mullin, Richter & Hampton LLP

What the team is known for Sheppard, Mullin, Richter & Hampton LLP has highly regarded government contracts attorneys providing compliance and litigation counseling. The firm handles matters spanning administrative, civil and criminal proceedings. It has notable expertise in bid protests, with experience before the GAO, the Armed Services Board of Contract Appeals and the Court of Federal Claims. The team has industry expertise across the spectrum of government contractors, acting for both domestic and international clients in the defense, aerospace, electronics and transportation sectors, among others.

Strengths

"The firm's ability to provide targeted advice makes them stand out."

"The team is outstanding, has great networks and gives great advice. Their creativeness and responsiveness are top notch."

"Sheppard Mullin is able to distill complex issues into digestible pieces for our business teams."

Work highlights Sheppard, Mullin, Richter & Hampton LLP represented CACI International in a bid protest by a competitor over a \$2.49 billion

National Security Agency contract for analyst services.

Notable practitioners

Anne Perry is a distinguished figure in this space and is widely revered for her expert representation of clients in high-stakes bid protests.

Strengths: “Anne is terrific and does outstanding government contracts work.” “She is a very strong attorney and provides strong expertise on matters.”

Jonathan Aronie brings a wealth of experience to his government contracts practice, with expertise extending to False Claims Act investigations, bid protests and contract procurements. **Strengths:** “He is a wonderful strategist.” “Jonathan supports his opinions by his years of experience and expertise.” “He is a go-to resource when you need something that requires creative problem solving.”

Keith Szeliga is adept at representing clients in bid protest litigation before the GAO, as well as advising contractors on compliance and disputes. **Strengths:** “Keith is very knowledgeable and provides great insight.” “He is very practical in his advice.” **Townsend Bourne** (see p.510) is recognized for her prowess in cybersecurity and bid protests. **Strengths:** “She is thorough, practical, and helps distill large amounts of complex information into an understandable and workable action plan.” “Townsend is fantastic on cybersecurity issues in government contracting.”

Band 3 Government Contracts: The Elite

DLA Piper LLP (US)

What the team is known for DLA Piper LLP (US) is a well-regarded firm that provides impressive expertise across a wide range of government contract matters. The firm has notable prowess in the transactional space, particularly in issues relating to M&A involving government contractors. DLA Piper possesses a strong track record in high-stakes bid protests, cost disputes and contract claims. The team offers substantive knowledge of procurement law, and in niche areas such as cybersecurity. It regularly acts for foreign and domestic contractors across a range of industries, including the technology and defense sectors.

Strengths

“DLA Piper takes the time to understand our business, our organization, and our unique challenges.” “The firm has a deep team for federal government contract work.”

“DLA Piper shows good knowledge of a wide range of government contracts issues.”

Work highlights DLA Piper LLP (US) acted on behalf of ANHAM FZCO, a global logistics company based in the United Arab Emirates, on contract litigation regarding their supply-chain services to the US military.

Notable practitioners

Richard Rector has over three decades’ experience in government contracts, acting for clients in the full range of disputes, including bid protests and False Claims Act investigations. **Strengths:** “He is one of the top government contracting attorneys. He’s very capable and an extraordinary lawyer.” “Richard is a fantastic attorney and is incredible at aligning legal solutions with business objectives.” “He has a ridiculous amount of expe-

rience and practicality on esoteric things.” **Daniel Cook** assists government contractors on a broad array of matters including bid protests and cost disputes. He boasts notable experience advising medical device manufacturers. **Strengths:** “Daniel provides practical guidance.” “He is exceptional and plays a significant role in strategy.” “He’s thoughtful, deals with areas where there are no margins for error and gets it right.” **Sam Knowles** displays strong capability handling M&A transactions involving government contractors. He is called upon to represent clients in bid protests and to provide counsel on complex compliance issues. **Strengths:** “Sam quickly analyzes complex issues and provides guidance that is relevant and reliable.” “He is very knowledgeable and very practical in measuring and assessing risks.” “Sam takes complex ideas and conveys them in a way that is understandable.” **Dawn Stern** is noted for her proficiency in advising government contractors on complex issues of compliance relating to cybersecurity obligation. Additionally, she is well versed in handling contentious government contracting matters, including bid protests and contract disputes. **Strengths:** “Dawn is business-oriented.” “Dawn is well-versed in government contracting and the complex rules and processes surrounding this practice area.” “She’s a subject matter expert in cybersecurity.”

Fried, Frank, Harris, Shriver & Jacobson LLP

What the team is known for Fried, Frank, Harris, Shriver & Jacobson LLP has an exemplary group of practitioners that have substantial experience in the government contracts space. It is particularly adept at handling M&A in the defense and aerospace arena. It is routinely involved in litigation matters, including bid protests before the Court of Federal Claims and the GAO and False Claims Act disputes. The firm boasts significant clients in the aerospace, healthcare, IT and engineering sectors, as well as investment banks.

Strengths

“Fried Frank provides strategic advice on complex government contracts matters.”

“The team’s ability to handle sophisticated matters is very strong.”

“The firm is always capable and incredibly resourceful.”

Work highlights Fried, Frank, Harris, Shriver & Jacobson LLP counseled BAO Systems in a successful bid protest before the GAO. It challenged the failure by the Centers for Medicare & Medicaid Services to award a blanket purchase agreement to BAO.

Notable practitioners

James McCullough has built a sterling reputation for his government contracts practice. He is considered an expert in bid protests, notably acting on behalf of clients within the aerospace and defense sector. **Strengths:** “James is a very capable advocate.” “He is extremely knowledgeable and practical.” “James has vast experience on an array of government contracts matters. He works on the most complex government contracts and bid protest matters.” **Michael Anstett’s** practice covers both transactional matters and litigation, with recent work involving significant M&A as

well as bid protests before the GAO. **Strengths:** “Michael consistently demonstrates enormous depth of expertise and experience.” “Michael is a fantastic attorney and an excellent resource on all matters of government contracting. He provides strategic advice and is detail-oriented.” **Alex Ginsberg** routinely demonstrates his ability to represent government contractors before the GAO. **Strengths:** “He has great instincts and is a great writer.” “Alex demonstrates an exceptional understanding of government contracts law and provides outside-the-box thinking.” “Alex is a trusted partner and advisor. He provides great advice and is able to communicate effectively.”

Haynes and Boone, LLP

What the team is known for Haynes and Boone, LLP’s government contracts practice has a broad range of experience in government contracting matters which includes investigations, counseling, litigation and alternative dispute resolution. The team has additional expertise in bid protests as well as costs disputes. Its client base is drawn from a range of sectors including aerospace and defense, engineering, electronics and IT. Further, the group is well regarded for its expertise in handling construction and energy projects.

Strengths

“The lawyers have a strong understanding of the client’s business and how it is affected by ongoing matters.”

“Haynes and Boone’s guidance is well-researched and thought out.”

“The Haynes & Boone lawyers are outstanding.”

Work highlights Haynes and Boone, LLP successfully defended Energy Systems Group against allegations that they violated the Buy American and Trade Agreements Acts while performing contracts for the US Department of Defense.

Notable practitioners

John Pachter has over five decades of experience in the field and he continues to represent clients in bid protests and subcontractor disputes. **Jonathan Shaffer** handles significant bid protests at the Court of Federal Claims and the GAO. **Stephen Knight** is a renowned government contracts lawyer who is well placed to advise clients on a range of matters, from subcontractor disputes to advising on compliance and M&A. **Strengths:** “He has very strong government contracting expertise.” “Stephen is a very strong attorney, knowledgeable about the issues and is able to provide a unique point of view.”

Hogan Lovells US LLP

What the team is known for Hogan Lovells is a highly regarded multidisciplinary group, adept at navigating all aspects of the government procurement process, including high-stakes internal investigations and bid protests. The firm has additional experience advising on federal grant matters. It counsels government contractors on complex business transactions, including M&A. The group acts for a variety of multinational companies in the defense, technology, life sciences and energy sectors, along with a number of public sector clients.

Strengths

“The team has deep knowledge and skills enabling

practical application.”

“Hogan Lovells do really complex transactional and international work.”

Work highlights Hogan Lovells acted for Proviencia Group to successfully defend a protest action brought by Comprehensive Health Services following the award of sponsorship services supporting DHHs’ Office of Refugee Resettlement.

Notable practitioners

Michael Mason is an acclaimed government contracts attorney who assists clients with litigation and complex regulatory questions. He regularly represents clients in bid protests and investigations. **Strengths:** *“Michael is a strong attorney who understands government contracting very well.”*

Stacy Hadeka is developing a strong practice with a particular focus on clients in the aerospace and defense sector. She is adept at assisting on bid protests and False Claims Act investigations. **Strengths:** *“Stacy does an outstanding job.”*

Nichols Liu LLP

What the team is known for Nichols Liu LLP is a specialist government contracts boutique with noted prowess in the areas of technology and defense. The firm demonstrates wide-ranging capabilities in suspension and debarment matters, in addition to handling internal investigations, False Claims Act and qui tam litigation. It is regularly engaged by clients to handle high-stakes bid protest claims.

Strengths

“Nichols Liu is outstanding in this field.”

“The lawyers have a very creative and tenacious approach and have good connections to the agencies we deal with.”

Work highlights Nichols Liu LLP successfully defended nTSI in a bid protest before the GAO for the Missile Defense Agency’s award of a \$455.2 million contract for engineering and technical support services.

Notable practitioners

Robert Nichols (see p.654) has a notable government contracts practice with extensive experience handling False Claims Act investigations and arguing significant bid protests before the GAO. **Strengths:** *“Robert is very creative and tenacious. He’s very well connected in the industry.” “He approaches things from different perspectives and sizes things up strategically.” “Robert is an excellent attorney and a very strategic thinker.”* **Andy Liu** (see p.624)’s broad practice encompasses a range of issues on behalf of government contractors including investigations, qui tam litigation and bid protests. **Strengths:** *“Andy is outstanding. He thinks strategically about how to best resolve a matter and he is great to work with.” “He has excellent judgement and is a very clear communicator.”*

David Bodenheimer (see p.508) handles a range of cost disputes and bid protests for government contractors, routinely appearing before the GAO. **Strengths:** *“David is a strong advocate.”*

Perkins Coie LLP

What the team is known for Perkins Coie LLP has a strong track record of winning business-critical bid protests before the GAO and Court of Federal Claims on behalf of protestors and intervenors.

The firm has additional capabilities include handling proceedings under the False Claims Act, contractual disputes and transactional counseling. It regularly advises clients in the aerospace and defense industries.

Strengths

“The team has the breadth and depth to provide great legal services.”

“The Perkins Coie team is exceptional in every way.”

“The lawyers have excellent awareness of what is going on in the industry and markets.”

Work highlights Perkins Coie LLP represented CACI in a bid protest at the GAO over the Transportation Security Administration’s decision to not award CACI a task order to provide IT Management, Performance Analysis and Collaborative Technologies II services under the Alliant 2 Indefinite-Delivery, Indefinite Quantity contract.

Notable practitioners

As cochair of the firm’s government contracts practice, **Seth Locke** (see p.625) represents clients in a broad array of disputes, including bid protests, contract terminations and costs claims.

Strengths: *“He is very practical and has experience on a wide variety of sub issues relating to government contracting.”* **Kelley Doran** (see p.543) has a broad government contract practice, offering expertise in bid protests, contractual claims and regulatory compliance. **Strengths:** *“Kelley has a lot of experience and gives good practical advice.”*

Gary Campbell (see p.519) has significant experience advising government contractors on federal, state and local procurement matters. He has deep industry knowledge in the aerospace and defense industry on a range of matters from compliance issues to M&A transactions. **Strengths:** *“Gary is a good writer.”*

Pillsbury

What the team is known for Pillsbury has a thriving government contracts practice, boasting a deep bench and wide geographic reach. It has significant contentious and non-contentious capabilities spanning federal, state and local government. The firm has notable strengths include M&A compliance, suspension and debarment, procurement fraud, bid protests and costs allowability. The team has considerable experience handling matters before the Court of Federal Claims.

Strengths

“Pillsbury lawyers are knowledgeable and very practical in their analysis.”

“The team does a fantastic job and provides excellent legal advice.”

“Pillsbury lawyers are proficient in complex contract matters.”

Work highlights Pillsbury successfully defended a challenge to a \$1.3 billion lease award by the General Services Administration to Cayre Jemal’s Nick L.L.C. to provide office space for the Washington, DC headquarters of the Securities Exchange Commission.

Notable practitioners

John Jensen’s areas of focus include bid protests, investigations and advising on M&A involving government contractors. **Strengths:** *“John is a capable and experienced lawyer.”* As coleader of Pillsbury’s government contracts department, **Alex Tomaszczuk** represents clients in high-stakes

litigation, including bid protests, and assists with internal investigations. **Strengths:** *“He is outstanding in his knowledge and preparedness.”*

Seyfarth Shaw LLP

What the team is known for Seyfarth Shaw LLP’s government contracts team shows considerable strength in advising clients on the full range of contract-related matters. The group has an excellent track record in handling complex bid protest matters before the GAO. The firm’s strength in other areas such as labor and employment and CFIUS expertise further bolsters its capabilities in the government contracting area.

Strengths

“Seyfarth has a knowledgeable bench and provides superior work product.”

“Seyfarth Shaw consistently provides practical guidance based on their keen understanding of commercial realities and trends.”

Work highlights Seyfarth Shaw LLP represented Avantus Federal in a successful challenge to a \$175 million contract awarded by the Department of Homeland Security to Peraton.

Notable practitioners

Cochairing the firm’s government contracts practice, **Amy Conant Hoang** is renowned in the market for her exceptional ability to represent contractors in bid protests and internal investigations, as well as provide compliance counsel.

Strengths: *“Amy is a terrific lawyer and is very creative. She does a fantastic job in solving real business problems in a practical way.” “Amy is an amazing attorney.” “Amy is an excellent government contracts attorney with particular strengths in bid protests.”* **Erica Bakies** has a growing government contracts practice, with particular prowess in bid protests. She also offers compliance counsel to major contractors and is adept at handling internal investigations. **Strengths:** *“Erica is always very engaged to develop and implement an appropriate legal strategy.” “Erica has a great way of explaining things in simple language.”* **Adam Lasky** is well regarded for his burgeoning practice advising clients on substantial bid protests and contract disputes. **Strengths:** *“He is a deeply practical practitioner and provides deep analysis.” “Adam is extremely knowledgeable about the nuances in government contracting.” “He goes above and beyond what a client might require.”*

Venable LLP

What the team is known for Venable has a compact but highly adept government contracts group offering a range of services to companies in the aerospace, defense, IT and engineering industries. The firm is capable of counseling clients through all facets of federal, state and local procurement, including regulatory compliance and dispute resolution. It is experienced in sizable bid protests before the GAO.

Strengths

“Our counsel at Venable is able to address all of our requirements across a variety of topics with a wealth of knowledge and sound guidance.”

“The attorneys at the firm go out of their way to provide assistance and keep us informed on status of matters.”

Work highlights Venable represented Karsun

Solutions and Neev-KS Technologies in challenging Phase 1 exclusions in the Department of Health and Human Services, National Institutes of Health's Chief Information Officer-Solutions and Partners procurement.

Notable practitioners

Dismas Locaria (see p.625) has a wide-ranging government contracts practice, representing clients in procurement, False Claims Act litigation and disclosure matters. He is recognized by sources for his suspension and debarment expertise. **Strengths:** "Dismas is outstanding. He understands our business, is proactive when issues arise and an excellent communicator resolving issues." "His wide breadth of knowledge in the government contract regulatory space makes him our go-to attorney." "He is efficient, thoughtful and knows how to cut through things and give outstanding advice." **Paul Debolt** (see p.539) advises clients on a broad range of government contracts matters. His particular areas of focus include conducting due diligence in relation to mergers and acquisitions of contractors, and representing clients in a variety of disputes, including bid protests. **Strengths:** "Paul is a highly experienced government contracts practitioner who adds exceptional client value to matters." "He is very knowledgeable on the law and flexible in understanding what his client is trying to achieve. He is solutions-oriented and great to work with." **Scott Hommer** (see p.588) is an experienced government contracts attorney who represents contractors in a range of disputes, bid protests and transactional matters. **Strengths:** "Scott is a walking encyclopedia on government contracting. He understands what is practical and what clients in this space really need." "His experience handling all kinds of matters is a key strength of his. He is very client friendly and he keeps us up to date with developments on our cases."

Band 4 Government Contracts: The Elite

Akin

What the team is known for Akin has a broad multidisciplinary government contracts practice, handling qui tam False Claims Act actions, investigations, claims and appeals. The firm fields a bench of counseling experts and seasoned litigators, with deep experience in civil, criminal and administrative proceedings. It has extensive experience in intellectual property disputes involving government contracts. The team regularly acts for clients in the aerospace, defense and cybersecurity sectors.

Strengths

"Akin is absolutely informed and responsive at all levels on all issues."

"The firm is amazing to work with. They are collaborative and team-oriented."

Work highlights Akin represented Signal Point Systems in a protest at the GAO of its disqualification from an opportunity to lease space for installation of cellular infrastructure for the US Department of the Air Force.

Notable practitioners

Angela Styles has a diverse government contracts practice, assisting in the full range of dis-

putes, with recent experience advising clients on ethics and compliance issues in connection to their federal contracts. **Strengths:** "Angela can communicate very complex ideas in a very efficient way." "Angela has broad expertise in government contracts." "She is extremely knowledgeable and proactive."

Dentons LLP

What the team is known for Dentons offers a broad range of government contracting services including acquisitions advice and compliance review, as well as representing clients in procurement fraud proceedings and intellectual property claims. The team has significant experience handling complex costs disputes and regularly appears before the Armed Services Board of Contract Appeals as well as federal and state courts. Its clients hail from a diverse range of industries including technology, life sciences, aerospace and defense, among others.

Strengths

"The team is extremely competent in handling even the most complex government contracting matters."

"Dentons has subject matter experts for every question and is a fantastic team."

Work highlights Dentons represented Northrop Grumman Corporation in cost accounting and cost and pricing litigation matters.

Notable practitioners

Thomas Lemmer comes recommended for his expertise in cost disputes and is regularly sought out by defense contractors for representation across a range of cost accounting issues. **Steven Masiello** chairs the firm's government contracts practice and is regularly called upon by clients for guidance in cost accounting matters. He also provides counsel on compliance and due diligence issues. **Strengths:** "He is an excellent attorney with sophisticated experience." "Steven is a strategic litigator who knows the ins and outs of litigating with the US government. He brings great experience." **Joe Martinez** is commended for his ability to advise clients on cost accounting issues and performance disputes.

Gibson, Dunn & Crutcher LLP

What the team is known for Gibson Dunn & Crutcher LLP has a sophisticated government contracts group. The firm is frequently retained for high value cost accounting matters, with extensive experience before the Armed Services Board of Contract Appeals. It is well known for its expertise in civil and criminal False Claims Act matters, including suspension and debarment proceedings. The team has additional capability advising on transactional matters involving government contractors.

Strengths

"Gibson Dunn provides excellent advice on how to postulate a matter to end up where we want."

"The team is knowledgeable and always extremely well prepared."

Work highlights Gibson, Dunn & Crutcher LLP represented Amazon Web Services in a post-award bid protest to the US Department of Defense over its 2019 award of the JEDI cloud computing contract to another corporation.

Notable practitioners

Joseph West (see p.733) is a highly experienced government contracts attorney who represents clients in high-stakes litigation and investigations, and assists government contractors with pressing regulatory compliance concerns.

Holland & Knight LLP

What the team is known for Holland & Knight LLP is a regular player in the government contracts arena, recognized for its success in bid protests. The firm draws on substantial strength in its corporate and M&A practice, along with industry expertise in the construction and real estate sectors. It frequently advises on enforcement defense matters, including compliance and False Claims Act work. Active at federal, state and local levels. The group has a notable focus on counseling contractors in the defense, aerospace, IT and engineering sectors.

Strengths

"The team is proactive in addressing arising issues relevant to our industry."

"The firm includes a number of different attorneys that can handle a wide variety of issues."

"Holland & Knight is well aware of the commercial marketplace and the role of the government contracting industry."

Work highlights Holland & Knight LLP represented Health Net Community Solutions in successful bid protests to win back Medicaid contracts in California.

Notable practitioners

David Black has a strong track record of successfully representing clients in significant bid protests before the GAO. He also handles prime-subcontractor disputes and advises on contract procurements. **Strengths:** "David is well-versed in the field and has a practical understanding of the industry." **Holly Roth** is routinely called upon to represent clients in high-stakes bid protests, suspension and debarment matters, and other claims. She has further experience providing clients with counsel on internal investigations. **Strengths:** "Holly is incredibly smart."

"Holly has a deep breadth of knowledge and always provides sound advice." "Her strategic thinking is impressive." "Holly listens to very complex, technical topics and pulls out the relevant legal issues."

Robert Tompkins is a seasoned government contracts attorney with in-depth knowledge of procurement law, and is known for representing clients in high-stakes bid protests before the Court of Federal Claims. **Strengths:** "Robert is an invaluable resource." "He provides excellent service."

Jenner & Block LLP

What the team is known for Jenner & Block LLP has a well-respected practice with notable experience of advising clients on a host of issues including bid protests, internal investigations and regulatory compliance. The firm provides counsel to a wide spectrum of clients ranging from renowned defense contractors to start-ups.

Strengths

"The Jenner team is thorough, analytical and also pragmatic."

Work highlights Jenner & Block LLP successfully represented IBM in a bid protest before the GAO

challenging the Air Force's award of a task order to develop and deploy an Industrial Internet of Things platform.

Notable practitioners

David Robbins is widely recognized for his expertise in government contracts ethics, compliance, white-collar defense, False Claims Act defense, in addition to suspension and debarment defense matters. **Strengths:** "David is exceptionally talented and insightful. He provides strong legal analysis." "He is very strategic in his thinking." **Noah Bleicher** focuses his practice on matters relating to procurement, particularly in handling bid protests, stemming from the insight gained from his service at the GAO. He frequently represents clients drawn from a range of industries in high-stakes protest litigation. **Strengths:** "Noah has a background from the GAO, so his ability to assess and predict how the GAO will view particular arguments is very helpful." "Noah consistently delivers thorough and effective legal counsel. His strategic insight and meticulous attention to detail make him an invaluable asset."

Mayer Brown LLP

What the team is known for Mayer Brown LLP has an impressive government contracts litigation and bid protest practice, experienced operating at the federal, state and local levels. The team is sought out by leading government contractors to challenge and defend contractual awards in a variety of forums, including the GAO and the Court of Federal Claims. The firm has additional prowess advising on regulatory false claims and white-collar matters involving government contractors. It fields a broad range of industry expertise, acting for clients in the aerospace, defense, engineering, IT and healthcare sectors.

Strengths

"Mayer Brown provides excellent support in complex legal matters."

"The ability of the team to get up to speed on subject matters is impressive. They're terrific people."

"The firm handles complex and sophisticated matters efficiently and reaches positive outcomes."

Work highlights Mayer Brown LLP represented the Texas Department of Transportation in bidding, procuring and negotiating design-build agreements and concession agreements for multiple construction projects across Texas.

Notable practitioners

Marcia Madsen maintains her outstanding reputation as one of the most experienced government contracts attorneys in the field, and is celebrated for her adroit handling of major bid protests.

Strengths: "Marcia has a high level of subject matter expertise and knowledge of the business." "Marcia Madsen is a leader at the bar."

McDermott Will & Emery LLP

What the team is known for McDermott Will & Emery LLP is a fast-growing presence in the government contracting sphere. It offers capability in all aspects of federal and state-level government contracting, including handling bid protests. The team ably assists clients in the technology, healthcare and professional services sectors, among others.

Strengths

in government contracting and provides practical guidance tailored to our line of business.” *“Jeffrey is a deep and creative thinker.” “He is extremely knowledgeable, effective and client-oriented.”* **Jessica Sharron** (see p.699) has developed a strong government contracts practice, with notable experience of advising clients in the healthcare sector on bid protests and investigations.

Bass, Berry & Sims PLC

What the team is known for Bass, Berry & Sims PLC has a respected practice, noted for its aptitude in advising clients on a host of issues, including bid protests, contract formation and transactions. The law firm draws clients from a range of sectors including defense and national security.

Strengths

“The Bass Berry & Sims team is extremely knowledgeable in government contracts and in practical application in the business environment.”

“The firm knows the value of providing a competitive solution.”

Work highlights Bass, Berry & Sims PLC successfully defended AMG against a bid protest involving a \$9.7 billion contract for the US Army to build and deliver the “JLTV”, the new generation of light tactical military vehicles.

Notable practitioners

A significant part of **Todd Overman** (see p.659)’s practice lies in handling large transactions, although he also has extensive experience representing clients in bid protests and litigation.

Strengths: *“Todd is an incredible asset to the company and a great leader for the firm.” “Todd is invaluable to our company’s growth. His energy and dedication to our success is unparalleled.” “Todd is a tremendous legal professional, he handles all of our complex issues and is super skilled.”* **Richard Arnholt** (see p.493) is frequently retained by government contractors in bid protests and claims litigation. He demonstrates further capability in handling FCA matters.

Bradley Arant Boult Cummings LLP

What the team is known for Bradley Arant Boult Cummings LLP has a distinguished team that advises clients from a wide spectrum of industries including aerospace, engineering and IT. The law firm boasts impressive experience handling bid protests and sophisticated contract disputes.

Strengths

“The attorneys are knowledgeable and responsive.”

Work highlights Bradley Arant Boult Cummings LLP successfully represented Zolon Technologies in a GAO bid protest. It involved a \$118 million contract award by the Defense Media Activity for support of its Web Enterprise Business operations center.

Notable practitioners

Aron Beezley has built a strong government contracts practice, with increasing prominence in bid protests and complex contractual disputes.

Strengths: *“Aron has very deep and broad knowledge of government contracting. His advice is immediately actionable and he provides practical advice.”*

Faegre Drinker

What the team is known for Faegre Drinker Biddle & Reath, LLP boasts an impressive client list consisting of contractors from a range of sectors, including technology, construction and aerospace. The firm is lauded for its ability to handle complex bid protests, False Claims Act cases and subcontractor disputes.

Strengths

“Faegre’s ability to take complex information and distill it for layman’s understanding and action is outstanding.”

“The team has superior knowledge of the bid protest process.”

“The lawyers are very knowledgeable of the latest case law and commercial business practices.”

Work highlights Faegre Drinker Biddle & Reath, LLP represented Therapure BioPharma in a \$130 million breach of subcontract lawsuit before the US District Court for the District of Maryland.

Notable practitioners

Jessica Abrahams advises government contractors on the full range of disputes, regulatory compliance matters and procurement issues. She also has significant experience handling bid protests before the GAO. **Strengths:** *“She has deep experience in understanding the workings of the government.” “She has deep knowledge of our company, she is always responsive and her advice is always clear.” “Jessica always looks at subjects from a business perspective.”* **John Horan** has a broad government contracts practice. He is experienced in matters involving bid protests, internal investigations and contract claims. **Strengths:** *“Jack is an outstanding lawyer. He is very clear in his guidance.” “He provides the context to issues that allows us to understand the risk and make decisions on the best route to follow.”*

Greenberg Traurig, LLP

What the team is known for Greenberg Traurig is recognized for its excellent government contracts practice. The firm advises on significant bid protests and particularly stands out for representing clients in the defense sector. Additionally demonstrates particular proficiency acting on technology-related matters.

Strengths

“The team are rock stars. They help with very challenging issues and produce absolutely first rate work.”

“Greenberg’s ability to quickly absorb all the details of significantly complex situations and provide sound legal guidance is invaluable.”

“It is a multidisciplinary cadre of lawyers who are always available to assist when needed.”

Work highlights Greenberg Traurig represented Life Science Logistics in two successful GAO protests of a procurement related to warehousing and deployment services at the Strategic National Stockpile.

Notable practitioners

Jeffery Chiow represents multinational companies and major contractors in GAO bid protests and federal procurement matters. **Strengths:** *“He provides excellent legal advice on significantly complex issues. His ability to think outside the box and provide sound direction is invaluable.” “Jeffery is a great attorney who provides great service and*

sound advice.” **Michael Schaengold** cochairs the government contracting department at Greenberg Traurig. He has amassed a strong reputation for his bid protest work before the GAO and Court of Federal Claims. **Strengths:** *“Michael is a fantastic lawyer and has a lot of expertise.” “He’s a really strong lawyer.”* **Jennifer Zucker** is recognized for her adept handling of significant bid protests for a wide array of clients. **Strengths:** *“Jennifer is a good strategist.” “She is absolutely exceptional.”*

Husch Blackwell LLP

What the team is known for Husch Blackwell LLP has a well-respected team noted for its expertise in advising on construction contracting matters. The firm is routinely called upon by government contractors to assist with significant issues, including bid protests before the GAO, contract administration matters and False Claims Act investigations. It offers further experience of providing counsel to contractors assisting with state and federal healthcare programs. Its additional clients stem from a range of sectors including manufacturing, aerospace and technology.

Strengths

“The team digests complex issues very quickly and reduces them to manageable matters. They have significant experience which allows them to identify and deal with issues succinctly and effectively.” *“The firm is top notch and has incredible reach.”*

“With a team passionate about what they do and the clients they represent, Husch Blackwell can handle any matter, regardless of the complexity.”

Work highlights Husch Blackwell LLP represented BCFS Health and Human Services in an Administrative Procedure Act claim against the US Department of Health and Human Services and the US Department of Labor in Federal Court.

Notable practitioners

Brian Waagner is held in high regard for his ability to handle complex disputes such as bid protests, as well as provide counsel on compliance and contract administration. **Strengths:** *“Brian is very experienced and he always provides sound legal advice to help navigate difficult legal issues.” “Brian is an encyclopedia of federal contracts knowledge and responds extremely fast.”* **Hal Perloff** is well regarded for the work he carries out on behalf of government contractors. He is skilled in handling bid protests as well as breach of contract and general compliance matters. **Strengths:** *“Hal consistently delivers actionable advice and is very skilled in litigating government contracts cases.” “Hal is exceptionally thoughtful.”*

King & Spalding LLP

What the team is known for King & Spalding LLP is a respected choice for government contractors from a range of industries including aerospace, defense, technology and pharmaceutical. The team handles both investigations and litigation under the False Claims Act, as well as transactional issues. It has notable experience of advising clients on regulatory and compliance issues. The firm draws strength from individual practitioners’ experience within the US Armed Forces and other government agencies.

Strengths

"The firm is excellent. The lawyers have deep knowledge and are very client-oriented."

"King & Spalding has great efficiency in handling complex matters."

Work highlights King & Spalding LLP advised CTIS on responding to a subpoena by the US Department of Commerce's Office of the Inspector General and multiple qui tam cases under the civil False Claims Act in relation to a number of National Institutes of Health contracts.

Notable practitioners

Richard Vacura (see p.725) continues to represent contractors in investigations and defend them against False Claims Act allegations, as well as having notable experience handling compliance in relation to contract procurements. **Strengths:** *"Richard has an encyclopedic knowledge of government contracting." "He advises on very technical processes and is very knowledgeable in this space."*

Steven Cave (see p.522) focuses his practice on providing transactional assistance and compliance advice, with notable experience of advising clients in the IT, consulting and pharmaceutical sectors. **Strengths:** *"Steven is a very knowledgeable lawyer. He is good at developing facts and coming up with practical strategies to resolve matters." "He has excellent client skills and substantial knowledge across a lot of areas in government contracting." "Steven is practical and always mindful of what we need to do."*

Latham & Watkins LLP

What the team is known for Latham & Watkins LLP fields an experienced group of practitioners in the government contracts space who routinely handle bid protests before the GAO and Court of Federal Claims. The group has notable strength in handling investigations into violations of the False Claims Act.

Strengths

"Latham is a fantastic firm with amazing lawyers. They have sound judgment and are practical."

"Latham provides well thought out advice and understands the practicality of commercial operations."

"Whenever an issue comes up, Latham has an expert to address it competently."

Work highlights Latham & Watkins LLP represented American Airlines in bid protests relating to proposed contracts with the Department of Defense and the US Postal Service.

Notable practitioners

Kyle Jefcoat (see p.596) receives high praise for his broad government contracts practice, which includes strengths in bid protests and issues related to the False Claims Act. **Strengths:** *"Kyle is a fantastic lawyer and a tremendous advisor." "Kyle is a very smart and sophisticated attorney."*

Anne Robinson (see p.681) offers clients high quality advice with regard to bid protests before federal agencies and allegations made under the False Claims Act. **Strengths:** *"Anne is a tremendous attorney. She is incisive, strategic and her work-product is always phenomenal."*

McCarter & English LLP

What the team is known for McCarter & English, LLP is lauded for its ability to provide guidance on a broad array of issues including transactions,

regulatory and compliance and litigation matters under the False Claims Act. The firm is called upon by clients from a range of sectors, such as technology and manufacturing.

Strengths

"The team is fantastic and very knowledgeable."

"The McCarter attorneys provide outstanding advice on many different matters."

"The partners understand our needs and keep us informed at every step of the way."

Work highlights McCarter & English, LLP represented Norton LifeLock in False Claims Act litigation against the US, the states of California and Florida as well as a qui tam relator.

Notable practitioners

As cohead of the government contracts team, **Alexander Major** has extensive experience in the space, with strength across a range of areas, including contract disputes and FCA issues. He is well versed in advising clients on cybersecurity compliance issues. **Strengths:** *"He is extremely knowledgeable and a strong advocate." "He's at the forefront of all cybersecurity work." "He is a good communicator and very practical. He comes up with workable solutions."* **Franklin Turner** coleads the firm's government contracts and global trade practice group. His wide-ranging practice sees him routinely dealing with government contracting matters including bid protests, M&A transactions, internal investigations and costs disputes. He has experience handling issues related to the US Small Business Administration. **Strengths:** *"Franklin's knowledge and experience in the government space is expansive." "He provides practical advice and understands our issues."*

Miles & Stockbridge PC

What the team is known for Miles & Stockbridge PC has a distinguished team of respected practitioners with notable experience of handling bid protests before the GAO. The firm demonstrates substantial experience of advising clients on sizable transactions.

Strengths

"Miles & Stockbridge provides invaluable expertise."

"The team consistently produces high quality work on time."

Work highlights Miles & Stockbridge PC successfully challenged the US Department of Commerce's decision to not award a contract vehicle to CAN Softtech.

Notable practitioners

Peter Dungan (see p.545) draws from a wealth of experience to counsel clients on contracting matters, attracting particular praise for his abilities in bid protests and related litigation.

Miller & Chevalier Chartered

What the team is known for Miller & Chevalier Chartered remains a leading choice for government contracts work, with notable strength in handling protests before the Court of Federal Claims and the GAO. The law firm demonstrates ability to advise government contractors on a host of issues, including regulatory regimes and contract disputes.

Strengths

"The firm provides excellent support and advice tai-

lored to our specific business and needs."

"Miller & Chevalier is adept at synthesizing complex data."

Notable practitioners

Jason Workmaster (see p.738) wins acclaim for his broad knowledge of federal contract claims and cost disputes, often representing clients in the IT and technology sectors. **Strengths:** *"He's really got an ear to what's going on in the industry." "Jason is an extremely effective advisor. He is knowledgeable in government contracting matters and understands the industry, our markets and the competitive landscape." "Jason is able to apply his strong background and experiences to complex problems and develop the necessary solutions." "He is terrific, an engaging speaker and knowledgeable." **Alejandro Sarria** (see p.690) has an impressive track record acting on behalf of significant government contracting clients. He is regularly called upon to litigate a variety of contracting claims such as contract disputes, bid protests and civil litigation arising from government operations. **Strengths:** *"He is thoughtful and provides sound advice from different perspectives." "He understands our market and our needs. He is efficient and explains complex ideas clearly." "Alex thinks critically and is solutions-oriented."**

PilieroMazza PLLC

What the team is known for PilieroMazza PLLC has an excellent reputation for its government contracts practice. The firm has deep experience in contract disputes, internal investigations, complex regulatory compliance matters and bid protests. The team is noted for the work it does relating to programs run by the US Small Business Administration.

Strengths

"PilieroMazza is the leader in small business issues."

"The team is incredibly knowledgeable."

Notable practitioners

Managing partner Antonio Franco is a key contact.

Steptoe LLP

What the team is known for Steptoe LLP has a skilled team with considerable strength in advising government contractors on investigations, bid protests and claims under the False Claims Act. The firm draws strength from wider experience of handling international regulation and compliance, national security and intellectual property issues to assist clients.

Strengths

"Steptoe's government contract team is outstanding. They provide astute business perspectives and solutions that balance with our business needs."

"The firm expertly handles complex and challenging work."

Work highlights Steptoe LLP represented Humana in securing and defending the award of a \$70.9 billion T-5 Contract for the East Region, which covers millions of TRICARE beneficiaries.

Notable practitioners

Paul Hurst chairs the firm's government contracts practice and provides his clients with seasoned regulatory and legislative advice. He regularly represents contractors in bid protests and inves-

tigations. **Strengths:** “Paul does thoughtful work in extremely complex areas.” **Caitlin Conroy** is an associate in the firm’s government contracts group. She routinely represents clients in industries such as aerospace and defense, technology and healthcare.

Vedder Price

What the team is known for Vedder Price PC is frequently called upon by government contractors seeking support on both federal and state contracting matters. The team has experience handling a range of matters from bid protests and contract claims to False Claims proceedings and internal investigations.

Strengths

“The team at Vedder has a depth of experience in numerous nuanced areas of government contract law.”

“Vedder provides excellent researched advice.”

“Vedder does excellent work handling complex matters.”

Work highlights Vedder Price PC represented Perspecta Engineering in the defense of a Department of Homeland Security (DHS) contract award, relating to the management, operation and optimization of the DHS Hybrid Computing Environment.

Notable practitioners

Kevin Connelly (see p.531) has broad experience in contractual disputes and bid protests and regularly advises on implications for government contractors arising during M&A. **Strengths:** “Kevin explains things well. He does a very good job taking minimal input and translating that into a polished work product.” “He is very knowledgeable and provides great insights on government contracts issues.” “Kevin is terrific at decluttering the landscape and providing guidance on how to approach a contract.” **Kelly Buroker** (see p.517) is a member of the firm’s government contracts practice group. She is commended for her handling of a range of work in this area, including bid protests before the GAO and the CFC. **Strengths:** “Kelly’s client service and subject matter expertise make her a standout attorney in the government contract space.” “Kelly is very practical.” “She has a sophisticated level of legal expertise and she fully understands the importance of aligning legal strategy with business strategy.” “She shows exemplary knowledge and provides exceptional advice.”

Band 2 Government Contracts: Highly Regarded

Cozen O’Connor

What the team is known for Cozen O’Connor houses a capable government contracts practice. The firm has notable experience across the government contracts space, including guiding clients through bid protests and compliance matters. It has particular strength acting for construction clients.

Strengths

“The Cozen O’Connor team has excellent problem solving abilities.”

“The lawyers do a very good job digging into the details and understanding our business interests.”

Work highlights Cozen O’Connor represented Cashflow Solutions on audit, dispute and compliance matters related to its contract with the US Department of Veteran Affairs to provide medical equipment.

Notable practitioners

Jeff Vogel is a key contact.

Fox Rothschild

What the team is known for Fox Rothschild demonstrates considerable strength in the representation of government contractors in a range of litigation and counseling matters. They have notable experience in advising clients within the construction industry.

Strengths

“The group is at the forefront of the industry and is extremely commercially aware.”

“Fox Rothschild is equipped to address any complex issue and provides excellent support.”

“Fox Rothschild is very adaptive and highly aware of emerging issues.”

“The team provides nuanced advice in technically complex matters.”

Work highlights Fox Rothschild acted for Sancorp Consulting in successfully protesting contract awards issued by the Department of the Army.

Notable practitioners

Reggie Jones is a key contact.

Frankel PLLC

What the team is known for Frankel PLLC has a strong practice commended for handling litigation issues for significant clients, with considerable strength in handling bid protests. The firm has further expertise in handling international investigations and assisting clients to navigate procurement laws.

Strengths

“The firm is very active in the bid protest space.”

“Frankel provides high calibre advice and counsel.”

Work highlights Frankel PLLC litigated two rounds of protests for Constellis Holdings regarding the Department of Defense’s award of an \$80 million contract to provide security support services at various US Air Force bases in the Middle East.

Notable practitioners

Managing partner **Jonathan Frankel** is recognized for his extensive representation of defense and national security contractors in bid protests before the GAO. **Strengths:** “Jonathan is very good at translating information back and forth between administrative tribunals and our business leadership.” “He is very analytical.”

Kilpatrick Townsend & Stockton LLP

What the team is known for Kilpatrick Townsend & Stockton is a respected choice for government contractors seeking regulatory advice, as well as those facing litigation matters. The group is routinely called upon to advise on bid protests, suspension and debarment issues and internal investigations, with significant experience appearing before the GAO.

Work highlights Kilpatrick Townsend & Stockton represented NOVAD Management Consulting in several bid protests against the US Department of Housing and Urban Developments for reverse

mortgage loan servicing.

Notable practitioners

Gunjan Talati showcases an impressive breadth of work, with notable strength guiding clients on compliance and bid protest matters before the GAO. **Strengths:** “Gunjan Talati is an outstanding lawyer.”

Peckar & Abramson, P.C.

What the team is known for Peckar & Abramson, PC has a distinguished team with a broad caseload which involves advising contractors on joint venture agreements, False Claim Acts issues and subcontract negotiations. Its clients stem from multiple industries including aerospace, defense and construction.

Strengths

“The team has a broad range of legal expertise.”

Notable practitioners

Michael Branca is a key contact.

Polsinelli PC

What the team is known for Polsinelli PC demonstrates a broad government contracts offering, representing clients from the defense and technology sectors, among others. The team has particularly notable experience in bid protests, but also capably serves their broad client base on M&A and compliance matters.

Strengths

“The Polsinelli team has a wide breadth of experience and the playbook to handle any situation.”

“The attorneys at Polsinelli are outstanding and skillfully manage complex projects.”

“The team shows excellent command of both legal and related business issues.”

“The lawyers give pragmatic advice.”

Work highlights Polsinelli PC represented Mitchell Vantage Systems in protesting NASA’s award of the \$290 million SEAS II contract to a competitor.

Notable practitioners

Gregory Jacobs is a key contact.

Potomac Law Group

What the team is known for Potomac Law Group counsels clients on government procurement matters and is well regarded for its litigation expertise, particularly in matters involving bid protests and cost disputes. The firm frequently represents manufacturing and medical device companies.

Strengths

“The Potomac team filters their analysis into actionable recommendations.”

“The firm brings an experienced and thorough team to all matters.”

“The firm adeptly manages complex and sophisticated matters, demonstrating a high level of expertise.”

Work highlights Potomac Law Group represented Rotech Healthcare in a GAO bid protest over the award of a contract for Home Respiratory and Durable Medical Equipment services to a competitor.

Notable practitioners

David Dowd advises on governance issues and litigation, with extensive experience arguing major bid protests before the GAO and Court of Federal

Claims. **Strengths:** “David is very business-oriented and practical.”

Smith Currie Oles LLP

What the team is known for Smith Currie is renowned for its ability to advise a wide spectrum of clients ranging from contractors and design professionals handling construction projects, to aerospace contractors working with the government. Significant experience of handling complex bid protests before the GAO as well as other contentious issues.

Strengths

“The team is thorough and has great attention to detail.”

Work highlights Smith Currie defended Trade West Construction at the GAO following a protest filed over the award of a contract to repair a US Army Corps of Engineers jetty in Oregon.

Notable practitioners

Howard Roth's specific areas of focus include handling claims under the Contract Disputes Act. He also has experience dealing with bid protests and issues arising from the Other Transactions Authority. **Strengths:** “Howard is outstanding.” “Howard is extremely knowledgeable and very supportive.”

Thompson Hine LLP

What the team is known for Thompson Hine LLP has a respected group of practitioners who draw

on previous experience within the DOJ and Army to advise contractors on both regulatory and litigation issues. Its clients stretch across a wide array of industries, including technology, manufacturing and life sciences.

Strengths

“Thomson Hine has various attorneys in multiple areas of specialty. They are very responsive and handle a number of complex matters.”

Work highlights Thompson Hine LLP successfully defended Norair Engineering against two subcontractor claims alleging damages and delay on its contract with the Maryland Environmental Service on the Freedom District Wastewater Treatment Plant project.

Notable practitioners

Francis Purcell Jr is a key contact.

Other Ranked Lawyers

Lawrence Block (see p.507) of Winston & Strawn LLP has a diverse practice handling significant bid protests before the GAO and Court of Federal Claims, as well as internal investigations. **Strengths:** “Lawrence is incredibly bright and creative. He has deep subject matter expertise and understands the practicalities of business that clients must weigh into legal strategies.” “He is a great legal partner.”

Todd Canni (see p.519) coleads the Baker-

Hostetler LLP's government contracts practice. He has stand-out experience representing government contractors before the US Department of Defense Suspension Debarment office. He displays prowess in handling complex FCA qui tam cases. **Strengths:** “Todd is a leading expert in suspension and debarment.” “Todd has the passion to help the ‘Davids’ triumph over the ‘Goliaths’ and the vision to look beyond obstacles to create opportunities.”

David Fletcher is a partner in Cooley LLP's government contracts group. He is called upon by contractors from the IT, engineering and technology sectors to advise on a host of issues, including compliance, M&A and bid protests. **Strengths:** “David is a very practical lawyer and clients love him.”

Sharon Larkin, founding partner of The Larkin Law Group LLP, is an acclaimed bid protests attorney, earning widespread praise from sources across the market. She acts for a myriad of clients in protests before the GAO and Court of Federal Claims. **Strengths:** “Sharon delivers expert counsel on complex and sophisticated issues.” “She is a top bid protest attorney in Washington, DC. Sharon is thorough, responsive and has tremendous attention to detail.”

Akin

What the team is known for Akin's stellar lobbying offering represents domestic and foreign clients before a wide range of policymakers on Capitol Hill, including the Senate Finance and House Ways and Means committees. Its bipartisan team possesses significant capabilities in international trade, emerging technology, energy and environmental concerns. Additional areas of expertise include tax, healthcare and IP reform, with clients able to access an integrated global service boasting enviable regulatory expertise. The group also offers extensive Congressional investigations and state attorneys general expertise for corporations and individuals.

Strengths

"Akin is phenomenal to partner with. They are deeply passionate and I am amazed by the depth of knowledge they bring to provide strategic guidance."

"The level of commercial awareness, knowledge and sophistication of the group is readily apparent, with an excellent reputation for handling highly complex matters with far-reaching and profound consequences."

"They are responsive around the clock with knowledge beyond case law that extends to wider politics and government structures, bringing in the bigger picture."

Work highlights Akin advised the Southeastern Conference regarding federal legislation addressing compensation for student athletes based upon name, image and likeness.

Notable practitioners

Karen Christian co-leads Akin's Congressional investigations practice. She has experience representing clients before various Congressional committees. She draws upon her experience as a former general counsel at the House of Representatives Committee on Energy and Commerce. **Strengths:** "She has strong political instincts from her time on the hill but also counsels on the legal technicalities, impacts and risks. She is an incredibly valuable adviser." **Karen understands the ebb and flow of investigations. She is adept at helping clients see the risks and dealing with them in advance, helping us manage political and legal risk.** "Karen is very strategic in the way she conducts her work. She is very thorough and organized, always finding appropriate resources to make sure she has the full picture." **Brian Pomper** (see p.671) continues to excel in government relations matters concerning international trade and demonstrates strength in advising on tax concerns and intellectual property protections. **Strengths:** "Brian possesses a keen sense of what matters and what doesn't. With lots of experience of navigating

Washington, he is well placed to understand policy. We always get what we need with Brian." "Brian has exceptional Hill experience." "Brian understands the Hill, the trade environment and the intersection with business." Esteemed practitioner **Raphael Prober** represents individuals and companies in Congressional investigations as well as related government investigations and regulatory matters. **Strengths:** "Rafi partners with us to find workable solutions. He is a fantastic expert in the area, giving you extreme comfort. He shows a great level of tact with congressional entities and his background knowledge constantly impresses me." "Rafi is thoughtful, engaged and user-friendly." "He demonstrates outstanding customer service, achieving excellent results. He is thoughtful and considerate, as well as also sophisticated and wise."

Mark Herring (see p.583) brings experience as former attorney general of Virginia to his role co-leading Akin's state attorneys general practice. Here clients turn to him for counsel regarding investigations and other regulatory matters. **Strengths:** "Mark has a grasp of legislative priorities, being incredibly thoughtful and creative." "He is a seasoned attorney with a deep understanding of government investigations and high-profile litigation." "He has a very unique understanding of how the law, regulations, enforcement and policy impact people's lives on the ground, allowing him to advise clients on legal strategy and its impacts."

Ed Pagano (see p.660) advises clients on a range of government relations matters, including technology, antitrust and communications policy. **Strengths:** "Ed is amazingly experienced, coming up with creative strategies. He highlights things we otherwise wouldn't see, being thorough and very helpful. He always makes us aware of anything that is going on that is relevant to us." "Ed has amazing experience and is an immaculate professional, always getting the job done."

Arshi Siddiqui (see p.701) is regularly called upon by clients, particularly in the healthcare and telecommunications sectors, to advise on tax policy issues and strengthen relations with Democratic legislators. **Strengths:** "Arshi is fantastic and hard-working. She is passionate about and comprehensive in her work. She is a leader, pushing things forward for us." **Hunter Bates** (see p.499) is co-leader of Akin's lobbying and public policy practice. He supports corporate clients and trade associations' lobbying efforts, including in relation to taxation, healthcare, transportation, technology and financial services. **Strengths:** "Hunter uses his extensive government affairs and legal background to have a very practical approach, making very real connections for us." "He is a very innovative thinker who is good at reading the room and understanding what is going on." "Hunter is a very effective lobbyist."

Martine Cicconi (see p.526) is noted for her expertise advising public and private sector clients with regards to a variety of state attorneys general enforcement actions. She draws upon

right conversations.” “His depth of experience, historical knowledge of our institution and deep legal expertise makes him a real leader for us.”

Arnold & Porter

What the team is known for Arnold & Porter spearheads significant legislative and regulatory provisions on behalf of corporations, trade associations and nonprofit organizations. The bipartisan team is noted for its expertise in the healthcare policy space. The team also fields substantive expertise in national security, international trade and insurance. In addition to federal lobbying, the team offers notable strength in legislative and public policy affairs at the state level, including particularly in California.

Strengths

“They have deep subject expertise and the ability to get us access to the people we need. They can bring a lot of resources to bear for us.”

“They help keep us informed regarding federal government matters. They are very helpful in setting up interactions and connections with committees and funders.”

“They really care about us as a client and what we are trying to do. What they give us, there is no way we could do it ourselves. We wouldn’t be here without them.”

Work highlights Arnold & Porter provided counsel for SoFi on policy matters regarding student loans and college affordability involving the legislative and executive branches.

Notable practitioners

Kevin O’Neill chairs the firm’s legislative and public policy practice. He represents an enviable client base of Fortune 500 corporations, coalitions and foreign sovereigns, among others, in a wide range of public policy and legislative matters. **Strengths:** “Kevin is great. He is an expert, a strong leader and strategic.” “Kevin has a wide range of experience and is a great asset to our company.” “He is professional and extremely detail-oriented. He has incredible connections on both sides of the aisle allowing him to be a very strong advocate for us.” **Kristine Blackwood’s** legislative and public policy practice focuses in particular on healthcare advocacy. **Strengths:** “Kristine helps us navigate the complex and often nebulous legislative and regulatory worlds to better position our organization with government entities.” “She takes the time to understand our needs as a client and always takes great care to explain their strategic thinking.” “Kristine has strong connectivity with key committees and senior leaders.”

Bracewell LLP

What the team is known for Bracewell LLP houses a respected lobbying practice capable of representing major corporate clients and industry associations. The team fields a deep bench of specialist lawyers with experience working in government and in-house. They offer particular strength in energy and environmental policy, and are also skilled in international trade mandates.

Strengths

“Bracewell has a strong command of the relationship between PR and government relations, with a real strength in helping us navigate a sensitive political climate. They have a solid range and strong

professionals on their team.”

“They clearly understand how government works and the impact on wider industry. They are responsive and proactive in their help, making their advice on-point. They provide tremendous comfort to me as I know everything we throw their way they handle with great effectiveness.”

“We can run anything by them and they are very clued up. They are great at understanding the legislative landscape and enabling connections for us.”

Work highlights Bracewell provided government relations advice to Cheniere Energy regarding regulatory oversight of liquified natural gas export facilities.

Notable practitioners

Scott Segal's practice has a particular emphasis on the energy industry, with wide-ranging expertise in climate change policy developments, motor fuels policy and waste regulations. He often acts on behalf of trade associations and corporations. **Strengths:** “Scott is a very substantive and strategic team leader.” “He has an ability to dig into an issue to understand what we are facing and set a top-notch policy agenda.” “He is a brilliant mind and is a fantastic communicator, particularly regarding difficult concepts. He has a great pulse in terms of what we need to address.” **Dee Martin** (see p.633) advises major corporations, industry associations and nonprofit organizations on public policy and legislative advocacy. She offers sector expertise in energy, financial service and national security matters, among others. **Strengths:** “We really appreciate the amount of time she puts in to understanding our company and issues that we face and the relationships she has with the government.” “Dee has the expertise, empathy, availability and reliability. She is a steady hand.” “Dee is wonderful to work with.” **Andrew Shaw** (see p.699) is particularly adept at representing companies in the energy and natural resources sector. He represents clients before the legislative and executive branches, helping them secure funding as well as legislative goals. **Strengths:** “Andrew knows our company and industry at an expert level of understanding. His counsel, level of responsiveness and representation of our company is consistently excellent.” “Andrew is outstanding.”

Brownstein Hyatt Farber Schreck, LLP

What the team is known for Brownstein Hyatt Farber Schreck, LLP has an established bipartisan team which is well connected on both sides of the political aisle. The team acts for a diverse range of clients including both corporates and nonprofit organizations, among others. Its impressive bench includes former government officials offering broad sector expertise spanning financial services to gaming. The firm is also noted for its state attorneys general practice, counselling clients on investigations and regulatory matters.

Strengths

“Brownstein has an extraordinarily knowledgeable team of attorneys with a breadth of expertise that ensures they have the right person for every aspect of a matter.”

“We rely on their credibility to pursue our policy objectives. They keep us up to date with trends as well as having such incredible inroads for us to utilize.”

“We appreciate their federal and state level work, enabling us to engage at every level. They help us talk to the right people and focus our attention where needed. They understand our issues quickly and efficiently.”

Work highlights Brownstein Hyatt represented Mariner Finance in relation to six state attorneys general lawsuits into consumer lending practices.

Notable practitioners

Marc Lampkin comes recommended for his lobbying experience, and continues to navigate complex financial services and trade issues for clients, among a variety of other concerns.

Strengths: “Marc has a strong bi-partisan practice which can handle the full range of congressional issues.” “He is very strategic in his approach, understanding the process and the mechanics as well as thinking through what our objectives are and how to accomplish them. He connects the dots very well, seeing the big picture whilst being strong on execution.” “Marc is great and a fantastic driver.” **Jason Downs** is the cochair of Brownstein Hyatt's state attorneys general practice. As a former chief deputy attorney general he is well placed to advise his clients regarding advocacy, regulatory and enforcement matters. He is also cochair of the environmental social governance group. **Strengths:** “Working with Jason makes me confident that the matter would be favorably resolved.” “We value his perspective and insight, being very practical in his advice. He is very proactive in spotting issues and bringing them to our attention as well as being savvy and knowledgeable in his advice.” “He is very plugged in and knows everything that needs to be known.” **Jason Dunn** brings noted experience as former US attorney and deputy attorney general of Colorado to his role as cochair of the state attorneys general group at Brownstein Hyatt. He is sought out for his expertise relating to consumer lending and antitrust. **Strengths:** “Jason enables us to focus our time and resources in an efficient and effective way. He gets us meaningful meetings concerning things that are important to us.” “He has solid relationships with the regulators and fantastic insight for us.” “He is a phenomenal lawyer who is great to work with. He has the right relationships whilst being proactive and responsive in how he works. He is a go-to person for interfacing with state AG offices.” **Alfred Mottur** is recognized for his well-established public policy practice, working with clients across the financial services and education sectors to advocate before Congress and executive branch agencies. **Strengths:** “He is very experienced in public policy and a complete professional.”

Calfee, Halter & Griswold LLP

What the team is known for Calfee, Halter & Griswold LLP has a highly sought-out government relations offering in Ohio. The firm houses a deep bench of attorneys and lobbyists across its offices in Columbus, Cleveland and Cincinnati. The team has a wealth of experience guiding corporate clients and trade associations through procurement processes as well as steering legislative and policy efforts at the state and local level.

Strengths

“Their approach is thoughtful and solution-oriented with an understanding of our mission and priorities.”

“Calfee is a top-notch firm that treats every client like they are the only one. I have an incredible relationship with the team who respond to me 24/7”

“They quickly understand the intricacies of a problem and a multi-pronged approach to a solution. Their team is always available to discuss urgent issues.”

Work highlights Calfee, Halter & Griswold advised Gilead Sciences in regard to all Ohio government related matters including budgetary and legislative issues.

Notable practitioners

Leah Pappas Porner (see p.662) leads the firm's government relations and legislation practice. She has a wealth of experience advising clients on legislative and policy issues in Ohio and Washington, DC. **Strengths:** “She excels in communicating complex topics as well as listening and understanding. Leah proactively seeks solutions in a fair and professional manner.” “She is a brilliant, humble, trustworthy and dynamite lobbyist. She can respectfully talk to any person and make that person feel heard.” “She is thoughtful and strategic, preparing us for absolutely everything. I am so impressed by her professionalism and deep knowledge of the political landscape.” **Joshua Sanders** (see p.689) is highly regarded for his vast government relations experience and wealth of connections in Ohio. He counsels clients from a range of sectors including life sciences and education. **Strengths:** “Josh is easy to work with, highly responsive and quickly acquires incredible information from state officials. We trust his opinion and follow his recommendations.” “He provides excellent client service, being responsive and strategic about how to engage state officials. He understands the complexity of our business and how our public policy goals intersect with commercial priorities.” “He is always thinking one step ahead for us, being our eyes and ears to help us reach our goals. He formulates great strategies for how to handle things as well.” **Michael Bowen** (see p.511) is noted for his strategic advice to clients regarding corporate governance and regulatory compliance as well as broader government relations in Ohio. **Strengths:** “Our business would not be as successful if it were not for Michael's ability to deliver results every time.” “Michael is very professional, knowledgeable and resourceful.” “He is excellent at making inroads for us. Whenever there is a major issue, Michael will be able to sort it out for us.”

Covington & Burling LLP

What the team is known for Covington & Burling LLP's bipartisan group consists of former politicians, government officials and White House staff complementing experienced attorneys. The practice has a superb track record in steering policy and legal reform through the legislative and executive branches. Possesses global capabilities with established teams in major markets. The team is experienced in managing coalitions spanning a diverse array of issues and policy objectives, with particular strength in IP, biotech and financial policy concerns. It is also renowned for its experience representing clients in Congressional investigations.

Strengths

“Covington do exceptional work across a very broad

array of government-related matters requiring significant expertise and understanding to execute and advise on extremely complex strategies."

"Covington has an immense amount of talent, knowledge and access. When we have specific legal or technical questions, Covington always provides someone that is able to explain the situation and help us understand our best course of action."

"The depth of experience at Covington is staggering. They are able to provide superb preparation under intense time pressure."

Work highlights Covington & Burling LLP advised Advanced Technology International with regards to public policy and strategic planning.

Notable practitioners

Chair of Covington's election and political law practice **Robert Kelner** (see p.604) is a highly regarded practitioner possessing extensive experience representing clients in Congressional investigations. **Strengths:** "Robert has extraordinary credibility. He over-prepares his clients, which is so invaluable!" "His experience and expertise are wide-ranging and will bring these to help prepare his clients really well. He has a phenomenal reputation." "He is really thoughtful, solution-oriented, and pragmatic." **Brian Smith** (see p.705) co-leads Covington's Congressional investigations practice and is well placed to represent both companies and individuals in complex Congressional investigations. **Strengths:** "Brian brings tremendous experience and awareness in how to engage in complex political matters." "Brian is a master of both understanding the congressional process and the interests of committees making him a great strategist. He is a calming influence on clients, helping people feel confident going into a charged situation." "Brian is a seasoned and talented congressional investigations counsel, helping lead the process to a positive result." **Holly Fechner** (see p.552) is well versed in advising clients on public policy and regulatory matters with noted expertise relating to the technology industry and semiconductor issues. **Strengths:** "Holly is very effective, with good instincts." "She is a creative, thorough and a brilliant attorney." **Angelle Baugh** (see p.499) assists clients from a broad range of sectors engaged in Congressional investigations. **Strengths:** "Angelle is excellent both substantively and in her responsiveness." "She is a solid player with great judgment."

Cozen O'Connor

What the team is known for Cozen O'Connor boasts a dedicated state attorneys general practice with a wide geographic reach. Its well-connected attorneys are able to advocate on behalf of clients on a wide range of issues, including sensitive investigations. The team is a strong choice for securing regulatory approvals from state attorneys general, including in the context of significant M&A.

Strengths

"Cozen is always willing to explore unique and creative legal theories to best position the client."

"I can count on the Cozen O'Connor team as a resource to deliver excellent work the first time, every time."

"Cozen maintains a deep bench of attorneys with AG experience who can provide counsel on any

state, regardless of party."

Work highlights Cozen O'Connor represented Pfizer in investigations by Florida's statewide prosecutor and the Texas attorney general regarding the development and marketing of its COVID-19 vaccine.

Notable practitioners

Bernard Nash has a premier state attorneys general practice. He represents major clients, including Fortune 100 companies, in investigations and litigation. **Strengths:** "Bernie is an irreplaceable partner to our business. His insight makes him an invaluable sounding board on not only our legal needs, but also our commercial and strategic priorities." **Siran Faulders** concentrates on the representation of businesses in connection with state attorneys general investigations. She has experience with a wide array of industries, including pharmaceuticals and financial services. **Strengths:** "Siran has been swimming in AG investigations for all her career, bringing her deep expertise to bear for us." "She is incredibly personable and well connected as well as being very conversant on our issues. She always makes sure she understands our organization and its issues." Former Virginia Attorney General **Jerry Kilgore** acts on behalf of corporations and trade associations in relation to government investigations. **Milton Marquis** concentrates his practice on the representation of corporations in state attorneys general investigations. He is especially active in the consumer protection and antitrust areas. **Strengths:** "Milton is very analytical and diligent, being responsive as well as a great writer. He really knows the anti-trust area, particularly as it relates to the state AG world." "He is very responsive and collaborative. He never hesitates to get to grips and take the lead." **Ketan Bhirud** draws upon his experience as general counsel for the Nevada Attorney General in his practice, which sees him advise clients on investigations and litigation brought by state attorneys general. **Strengths:** "Ketan provides excellent insight and thoughtfulness to issues and stands out in terms of his client-focused service and practical legal counsel." "Ketan has a magic touch on AG cases and in litigation more broadly. When he is involved, the issues seem to go away." "He has a real knack of managing expectations and outcomes, using his resources to work efficiently for his clients. He remains plugged in to the legal developments and is not afraid to get stuck in."

Dentons LLP

What the team is known for Dentons possesses a distinguished team of lobbyists advising on federal and state public policy across a wide range of sectors. The team advocates before policymakers on behalf of domestic and foreign corporations, as well as nonprofit organizations and public bodies. Its attorneys also have significant experience in regulatory matters and investigations with particular industry expertise in telecom, energy and healthcare. The firm also stands out for the strength of its state attorneys general practice. It is especially experienced with government relations matters at the state and local level in Georgia.

Strengths

"The team understands complex industry issues

quickly and provides a pathway to success immediately thereafter."

"Dentons has the legal expertise to advise our company by utilizing all of the firm's legal resources and expertise to respond to all of our inquiries and requests."

"There is nothing that the Dentons AG team is not aware of. The attorneys are always immediately responsive to any communications, sharing regularly any updates or relevant correspondence."

Work highlights Dentons provided ongoing legislative and policy counsel to Danaher, including in relation to the implementation of the Inflation Reduction and CHIPS acts and related federal funding opportunities.

Notable practitioners

Thurbert Baker previously served as Attorney General for the State of Georgia, and is recognized for his work handling corporate compliance matters, investigations and multistate litigation. **Strengths:** "Thurbert provides outstanding advice and support as we navigate our relationships with state attorneys generals." "Thurbert is a strategic thinker, detail-oriented, creative, diligent and responsive. He is amazing." Atlanta-based **Steven Labovitz** has a varied government relations practice, which sees him represent clients before federal, state and local legislators and agencies. **Strengths:** "He is politically connected and great at managing relationships. He is a real go-to, bringing in expertise as needed to address any issue." Head of the firm's Georgia state government affairs practice **Edward Lindsey** brings to bear his previous experience as a state representative in his representation of clients. His varied practice covers representing clients in the transportation, healthcare and education industries, among others. **Samuel Olens** is the former state Attorney General of Georgia. He is a strong choice to represent clients before state and local policymakers. **Strengths:** "He provides outstanding advice and support as we navigate our relationships in Georgia." **Bill McCollum** is cochair of Dentons' US state attorney general practice. As a former Florida Attorney General and Congressman, he brings significant expertise to bear for clients in investigations and other regulatory concerns. **Strengths:** "Bill is an all-around pro." **Daniel Gibb** (see p.566) counsels clients regarding their interactions with state attorneys general matters including investigations and public policy issues. He is particularly noted for his expertise relating to consumer protection and data privacy. **Strengths:** "Dan is always prepared and knowledgeable." "Dan always provides valuable counsel, his information and advice being thorough and trusted." **Matthew Cutts** is head of the firm's US policy and government relations practice. He is noted in particular for his expertise in tax and financial services issues. **Strengths:** "Matthew is a top-notch attorney!"

DLA Piper LLP (US)

What the team is known for DLA Piper LLP attracts strong market recognition for its handling of regulatory and government affairs issues for domestic and foreign clients across numerous industries. The practice is widely respected for its experienced attorneys and former elected offi-

cials, including members of the Senate and House of Representatives. The team is highly adept at guiding clients through the ever-changing regulatory and policy framework surrounding international trade, with additional expertise in the financial sector. Clients also benefit from the firm's noteworthy state attorneys general practice.

Strengths

"DLA Piper offer a strong and well-balanced team who have excellent expertise and are very well connected."

"The team is quick to turn around their analysis, being well connected and sharp as well as always professional."

"We go to DLA Piper because they have a global reach, a deep bench with the expertise we need and institutional knowledge of us as a company. They form strong client relationships and will invest in understanding the industry to give great advice that has strong strategic vision as well as technical expertise."

Work highlights DLA Piper LLP provided government relations advice to Samsung SDI in relation electric vehicle tax credits.

Notable practitioners

Jeffrey Tsai is cochair of DLA Piper's state attorneys general practice and managing partner of its San Francisco office. He has a broad regulatory enforcement practice with particular strength in state attorneys general investigations, including those involving consumer protection, antitrust and healthcare issues. **Strengths:** *"He has fantastic government experience that we really appreciate. His instincts and overall strategy is very strong, thinking deeply about the issues to develop a comprehensive strategy."* *"Jeff helps us in a very thorough and thoughtful way. His analysis is very sophisticated and incredibly responsive."* Senior counsel **James Blanchard** is chair emeritus in the firm's government affairs group. He draws on his experience as former Governor of Michigan, offering clients a breadth of expertise in federal law, policy and regulatory matters. He has notable experience representing clients in the financial services and energy sectors. **Strengths:** *"He has great experience and connections."* *"He is a thought leader for his clients."* **Steven Phillips** (see p.668) cochairs the federal law and policy group at DLA Piper where he advises corporations and trade associations with regards to their Congressional and federal policy relating to industries including technology and energy. **Strengths:** *"He is on top of trends and policies with a great amount of knowledge."* *"His expertise and counsel, great communication and team skills means he gets the job done right."* *"We deeply respect Steve's experience and counsel. He is an invaluable partner."*

Hogan Lovells US LLP

What the team is known for Hogan Lovells provides a comprehensive regulatory and legislative advocacy service to corporate clients, trade associations and nonprofit organizations. The practice is able to act on cross-border matters due to its wide geographic reach. The team has particular expertise in issues concerning tax, aviation, federal funding, international trade and automotive. The firm is also noted for its state attorneys gen-

eral and Congressional investigations practices.

Strengths

"Hogan Lovells take a very organized approach to complex issues. They are great subject matter experts who provide a top-level service."

"The team is well-rounded and very strong with top-level specialists in any area of law that we need. They are always available and professional."

"Hogan are able to provide sophisticated advice for complicated, politically nuanced matters that require substantial industry knowledge."

Work highlights Hogan Lovells provided regulatory and legislative advice for Nissan North America including with regards to the Inflation Reduction Act

Notable practitioners

Former senator **Norm Coleman** is a supremely established figure who regularly advises clients on foreign policy issues. He wins praise for his deep experience and relationships with lawmakers. **Strengths:** *"His insight and strategic capacity is exceptional. He listens, cuts through the noise to provide advice that is clear, grounded, thoughtful and level headed."* *"Norm is very knowledgeable about and immersed in Washington DC."* As former attorney general of Washington DC, **Karl Racine** is opportunely placed at Hogan Lovells to counsel clients through investigations, litigation and other enforcement actions.

Strengths: *"He brings his multifaceted experience to private practice. He is a very strong communicator, helping us devise strategy to help reach our goals. He brings deep litigation experience and is trusted by the wider community."* *"Karl is excellent. He is an expert lawyer who is analytical, creative, responsive and great on his feet. His oratory skills are excellent, with a great touch for relationship building."* *"He has the combination of legal, litigation and advisory skills as well as business understanding. He brings business acumen into his legal strategy, understanding how business knowledge intersects with the legal and political landscape."*

Aaron Cutler has developed deep relationships in Congress and the executive branch. He is especially well placed to represent clients before the Energy and Financial Services committees.

Strengths: *"Aaron is fantastic. He is always a pleasure to work with, being not just professional but personal in his communication."* *"He has top political skills, helping to navigate us through congressional investigations."* **Ivan Zapien** is known for his strong connections in the House and Senate. He counsels a varied client base, which includes clients in the retail and manufacturing sectors. **Strengths:** *"Ivan is very knowledgeable and customer-oriented with strong connections."*

"He provides wise and sage counsel. He has instant credibility with a calm and confident demeanor." **Ari Fridman** is lauded for his Capitol Hill experience and expertise regarding Congressional investigations. **Strengths:** *"Ari is very responsive, delivering quality work that understands the political context."*

Jay Jones is a senior associate at Hogan Lovells noted for his consumer protection expertise and experience in the pharmaceutical and healthcare space. **Strengths:** *"He is a fantastic associate. He is super smart, always looking for ways to develop the relationship with us."* *"Jay is not only a passionate but powerful advocate. He is really sharp*

and incredibly connected. He has great instincts and leverages his influence to deliver results."

Holland & Knight LLP

What the team is known for Holland & Knight LLP's thriving bipartisan government relations group offers counsel on the full range of legislative and federal appropriation processes. The practice operates on behalf of a broad client base, including companies, trade associations, industry coalitions and nonprofit organizations. The team is also capable of assisting local governments in securing federal funding. It possesses expertise spanning healthcare, life sciences, environment and tax, among others.

Strengths

"They are public policy wizards with a history of delivering results."

"Holland & Knight see through legislative and executive issues from start to finish. They are helpful in promoting their clients' interests and enacting meaningful change that will result in tangible business outcomes."

Work highlights Holland & Knight assisted the Mississippi Levee Board in developing a plan to solve persistent flooding in the Yazoo Backwater Area.

Notable practitioners

Richard Gold leads the firm's public policy and regulation team. He leverages previous experience as senior policy adviser in the Senate in his government relations practice. He regularly advises on policy matters relating to trade, tax reform and transportation. **Strengths:** *"I have a lot of time for what Rich brings."* *"He is a phenomenal lobbyist."* **Christopher Armstrong** concentrates his practice on the representation of corporations, individuals and nonprofits in Congressional investigations. His areas of expertise include healthcare, tax and international trade policy. **Strengths:** *"Chris is super thoughtful with his Hill experience. We are definitely a fan!"* *"He is really smart and very savvy."* **Joel Roberson** advises industry coalitions and corporations on a range of policy matters. He is active in a wide array of sectors, including life science and technology. **Strengths:** *"Joel is a sought-after professional in our industry. He is knowledgeable with great insights and, most importantly, reliably executes our plans."* *"He is a tireless champion for his clients, providing stellar client service. He gets results."*

Jackson Walker LLP

What the team is known for Jackson Walker LLP offers premier government relations and public policy counsel in Texas. The team is noted for their regulatory expertise and legislative experience, counseling corporate and nonprofit clients alike. The group is well versed in advising on tax, funding and licensing matters.

Strengths

"Jackson Walker is a highly competent firm with technical expertise along with a great strategic approach."

"They are really strong in recognising our needs, how we work and guiding us. Their value is in their connections and relationships. They are a wonderful partner."

"They are knowledgeable and connected experts

with regards to the Texas legislature. They help strategize policy and share their expertise generously, helping us explore all opportunities. It is a very fruitful partnership."

Work highlights Jackson Walker advised Astra-Zeneca Pharmaceuticals regarding the passage of state Medicaid bills during the Texas legislative assembly.

Notable practitioners

Denise Rose (see p.682) is a notable legal adviser and lobbyist at Jackson Walker. She is recognised for her funding and advocacy work undertaken for clients in the corporate and nonprofit space.

Strengths: "Denise helps us navigate a tricky political landscape to bring us big wins. Her relationships with the right people and vast institutional knowledge really helps. Her strategy and focus is a powerful asset for us to achieve our goals." "Her insight and expertise is so valuable to us. She is highly responsive and very timely as well as being accommodating. She always comes prepared to whatever meeting we might be having." "She makes you feel and know you are well taken care of. Denise is extremely knowledgeable and very well connected as well as being personable, efficient and smart." **Kate Goodrich** (see p.570) is recognized for her growing practice advising clients on government affairs matters. She draws upon experience as both a federal and Texas-based lobbyist. **Strengths:** "Kate is always extremely effective and responsive on a number of complex issues affecting our business and industry." "She provides invaluable information about the political landscape and expert analysis on the impact." "Kate is incredibly responsive to our needs, making us feel like we are her only client. She is a problem-solver who is quick to find ways to influence the outcome for us."

K&L Gates

What the team is known for K&L Gates regularly handles policy relations and regulatory matters both domestically and globally. The group is sought out by prominent clients, including corporations and industry associations, from a range of sectors including transportation, financial services and nonprofits. It is a bipartisan team with cross-border expertise and capabilities in state and local lobbying in addition to federal.

Strengths

"The team is bi-partisan and very well connected on both sides of the aisle. They give us great access and advice from both perspectives. We know they have great resources we can use and they do a fantastic job at being responsive to our needs."

"The K&L Gates team consistently demonstrates the ability to navigate the many challenges that we face. They set a very high standard of customer service."

"Every person at K&L Gates that we deal with is phenomenal. They always deliver above expectations being very responsive."

Work highlights K&L Gates provided government affairs counsel to Avis Budget Group before US Congress and state and local governments.

Notable practitioners

Emanuel Rouvelas (see p.684) is regarded as an expert in maritime law, and has over four decades' experience working with Congress, the executive branch and foreign embassies on transport and

international trade matters. **Strengths:** "Manny is a wise counselor and able to bring the right resources to us at the right times. He has a strong understanding of industry, academia and government to help bring about the best answers." "He always makes time for us in the midst of his very busy schedule. We're a better and more responsible organization because of him." "He ensures we have the right team to help us resolve our issues."

Andrew Wright (see p.738) has a respected practice which sees him guiding clients through Congressional investigations. **Strengths:** "Andrew combines sophisticated strategy and strong Congressional contacts." "He is an incredibly helpful resource to keep a pulse on what is happening. His deep expertise and strong understanding of the political dimension puts him in very good standing."

"He is fabulous. Andrew understands the political landscape and how to navigate it."

Leonard Bickwit (see p.505) specializes in federal tax policy matters. He regularly represents Fortune 100 companies and trade associations. **Strengths:** "He is very good at developing strategies and has great contacts."

Daniel Crowley (see p.534) has particular emphasis on public policy matters, which often relate to financial services and capital markets concerns. He also advises clients on corporate governance and regulatory reform issues. **Strengths:** "He has such fantastic knowledge of the financial and capital markets. He picks up on anything very quickly and keeps us up to date, meaning we can be ahead of the curve and ready for anything."

"He is extremely knowledgeable regarding the issues we bring to him, having a good set of relationships with officials and agencies. He provides very solid advice and is extremely helpful, meeting our needs."

Bruce Heiman (see p.582) is well known for his prowess in cybersecurity and privacy policy issues. **Strengths:** "Bruce is very politically savvy and we rely heavily on him for all legislative matters."

"He is a super strategist who brings keen insight." **Karishma Shah Page** (see p.660) offers expertise on federal legislative policy. Her client base includes large corporations and trade associations. **Strengths:** "Karishma is professional, gracious, brilliant and wise. She brings her best to each engagement and does an excellent job of bringing together a strong team."

"Karishma is a highly capable professional, her mastery of the subject matter being incredible and professional acumen really setting her apart." "She is strong on the strategy and politics of what is going on, which is fantastic for positioning us to achieve our objectives. She is always responsive and timely, allowing us to pursue our goals."

King & Spalding LLP

What the team is known for King & Spalding LLP offers a full-service government relations practice recognized for its strategic handling of a broad spectrum of regulatory, trade and policy matters. The practice boasts extensive experience representing clients in high-profile Congressional investigations. The team comprises attorneys with gubernatorial, Congressional and ambassadorial experience. The firm frequently represents clients in the healthcare and pharmaceutical sector on important legislative and policy provisions. Additional areas of expertise include trade, trans-

portation, aerospace and infrastructure. It is also noted for its expertise in privacy and data security laws and regulation.

Strengths

"They think ahead and provide guidance before an issue even arises, critical to fast-moving environments. They're also extremely thorough, bringing great trust."

"King & Spalding pull together strong teams of top-notch attorneys to provide excellent advice and counsel on complex matters."

"They are able to handle really high-profile, complex matters. Their bench is deep, meaning they can always staff matters with great talent. Their advice, litigation work and council is fantastic."

Work highlights King & Spalding LLP advised Adventist Healthcare with regards to Congressional funding for the construction of a new hospital.

Notable practitioners

Theodore Hester (see p.583) is senior partner at King & Spalding, skilled at handling Congressional investigations and providing crisis communications counseling. **Daniel Donovan** (see p.543)

concentrates his practice on the representation of corporate clients in Congressional investigations in both the House and Senate. He acts on behalf of clients in the financial services, healthcare and manufacturing sectors, among others. **Strengths:**

"Daniel is an expert in Congressional investigations and is always able to keep a calm head." "He is very capable and engenders confidence." "Dan is truly a great partner for us and we have complete confidence in his ability to manage complex issues and communicate with our senior leaders."

Alicia O'Brien (see p.655) brings extensive experience from her time in senior leadership in the White House to serve her clients in both the public and private sector. She is sought out for her expertise pertaining to Congressional investigations and other oversight matters. **Strengths:**

"Alicia is very experienced in Congressional investigations. She is a tremendous lawyer with impressive judgment, calm under pressure and great at putting people at ease. Her judgment is second to none as she can see around corners."

"She is an incredibly talented lawyer who is extremely well connected as well as having real tact with clients and co-council. She is highly sought after and well regarded."

"Alicia knows Congress inside and out, expertly navigating both the legal and political aspects of those investigations. She's highly responsive, a hard worker, a skilled leader, an innovative thinker and the consummate problem solver."

Thomas Spulak (see p.709) is a highly sought-out adviser for complex legislative and policy affairs issues, and also advises clients on compliance with lobbying rules.

Strengths: "He has fantastic experience, being very strategic and very credible."

Kirkland & Ellis LLP

What the team is known for Kirkland & Ellis's government, regulatory and internal investigations practice is renowned for its prowess in Congressional inquiries. The team regularly advises corporate clients and executives asked to testify before Congressional committees. It is especially recognized for its strength advising clients in the financial services sector.

Strengths

"Guidance from Kirkland is instrumental to better understand and prepare for the complex political environment driving Congressional and regulatory activity. They provide excellent context, background and strategy for dealing with these matters."

"The highly competent team at Kirkland navigates clients through high-profile Congressional investigations. Each of the attorneys bring incredible strengths to deliver seamless, indispensable advice and guidance through every step of the process."

"They provide great counsel with regards to both strategy and practical support. They show a real willingness to listen and are always available when needed."

Work highlights Kirkland & Ellis represented Meta before the House Judiciary Committee, House Oversight Committee and Senate Commerce Committee investigations into alleged censorship of free speech online.

Notable practitioners

Reginald Brown (see p.515) has a wealth of experience guiding clients through complex Congressional investigations. He is especially active in the representation of clients in the financial services sector. **Strengths:** "Reg's reputation is impeccable. His advice, guidance and work product show the depth and breadth of his experience and knowledge." "He is extremely knowledgeable about legal issues and their political implications. He is highly renowned, serving a critical role for our company." "Reg is an insider who knows the drill in government investigations. He has a calming influence on senior leadership in what can be stressful situations." **Jeremy Dresner** (see p.544) advises financial institutions, companies and individuals facing Congressional investigations. **Strengths:** "Jeremy has the right skill set, demeanor and touch." "He is an exceptional attorney who provides invaluable assistance with Congressional investigations. He is highly skilled, always providing thorough and thoughtful advice." "Jeremy takes the time to understand our issues and provide sound advice that fits our unique needs. He is incredibly responsive and attentive to our team." **Allison Murphy** (see p.649) offers strategic counsel to her clients facing Congressional investigations across the pharmaceutical, technology and energy sectors. **Strengths:** "We use Allison for her expertise in dealing with investigations. She has a lot of knowledge of how things run, helping us prioritise from the beginning. We wanted quality representation and that is what we get." "She provides very clear legal advice and guidance." **Raya Treiser** (see p.721) is building a notable practice advising clients in the energy and climate space through investigations and oversight matters. **Strengths:** "Raya is amazing to work with. Her responsiveness, knowledge and quality work product means we see incredible value from our engagement with her." "She is very smart and attentive, as well as knowledgeable about the broader political context."

Miller & Chevalier Chartered

What the team is known for Miller & Chevalier is a specialist tax boutique regarded as the preeminent firm for tax policy matters. The practice boasts enviable experience in dealing with Congress, Treasury, and the IRS, and continues

to be involved in the US tax reform process. The firm acts for a diverse international client base including Fortune 100 companies, and is adept at handling federal trade policy matters.

Strengths

"Miller & Chevalier are instrumental in enabling us to do what we need to do. They are great at advising on the regulations that affect our industry, providing insight that goes above and beyond. They are thoughtful in their expertise and are always there for us."

"Their ability to handle complex matters is unsurpassed in our industry."

"The Miller & Chevalier tax team cover a broad spectrum of complex tax issues with multiple experts at any client's fingertips. The team is always very responsive regardless of the complexity of the question with a deep understanding of how to focus their time and services."

Work highlights Miller & Chevalier provided tax counsel to the Semiconductor Industry Association, including representation before Congress, Treasury and the IRS.

Notable practitioners

Marc Gerson is a recognized expert in federal tax policy. **Strengths:** "Marc is very responsive to client needs and has strong commercial awareness and vision." "He is extremely talented on the policy side. He knows all the people and processes, guiding us through what we are not familiar with."

"Marc is highly technical whilst understanding the practical aspects of getting legislation done."

Jorge Castro (see p.521) combines his tax legislation and regulatory experience to advise his clients. **Strengths:** "His expertise and willingness to go above and beyond for us is highly appreciated. He is responsive and creative with his advice and how things will affect us." "Jorge is a top-notch professional. I trust his knowledge, expertise and judgment." "His client service is excellent. He is attentive and thoughtful and always makes me feel like we are his most important client." **Loren Ponds** (see p.671) is sought out by clients for her tax expertise as it pertains to government affairs and public policy. **Strengths:** "Loren is a brilliant tax lawyer. She has in-depth policy experience and is an incredibly well-rounded expert in the issues that matter most to us." "She is very responsive and demonstrates technical skills and a deep awareness of how the tax legislative process works on Capitol Hill." "Loren has substantial expertise."

Nelson Mullins Riley & Scarborough LLP

What the team is known for Nelson Mullins Riley & Scarborough LLP has a distinguished government relations practice. In addition to federal lobbying, the firm is particularly well equipped to represent clients in Georgia state and local politics. Its attorneys are engaged by a diverse client base, which includes healthcare organizations, educational institutions and nonprofits.

Strengths

"They have a great ability to connect relevant information to workable and actionable policy that is pertinent to the work we are engaged in."

"Nelson Mullins is a very strong team, functioning very well together. They are always at my disposal and happy to help."

"They help us monitor the political landscape as they have their finger on the pulse in both Washington DC and at the state level. They are great collaborators."

Work highlights Nelson Mullins advised the Georgia Center for Oncology Research and Education secure passage of legislation that allows third parties to help cover patient costs of participating in clinical trials.

Notable practitioners

He is smart, professional and gets the job done!" "Stan's experience, wisdom and leadership guides us well." "He is very experienced and aware of the political complications and circumstances."

Ambassador **David Wilkins** is leader of the firm's public policy and international law group. He handles a range of government relations matters and is especially well placed to advise on US-Canadian relations. **Strengths:** "David is exceptional to work with providing truly stellar representation. His responsiveness, thoroughness and knowledge contribute to an outstanding service." "He has an incredible background for us to utilize. He understands the players, the landscape and motivations. He is a great resource for us, going above and beyond to make sure our needs are addressed." "His speed and responsiveness means we can move fast. He gives us the lay of the land and helps apply his advice so we can make a decision." **George Ray** is developing an impressive practice covering government relations in Georgia. He assists clients in the education and healthcare sectors, among others, on legislative and policy issues. **Strengths:** "George is an absolutely invaluable point person." "George is very savvy, smart and knowledgeable." "He helps us strategize, being very knowledgeable regarding the state budgetary system. His advice is always very practical, coming up with ideas and solutions to achieve our objectives."

O'Melveny & Myers LLP

What the team is known for O'Melveny & Myers LLP has a formidable state attorneys general practice catering to corporate clients. The firm has a strong track record handling investigations and litigation brought by state attorneys general, including multistate mandates. It is a go-to firm for clients in the life sciences and technology industries, among others.

Strengths

"O'Melveny are a firm of smart people whose legal work is excellent. They have deep connections across the state AG landscape and are able to handle complex matters."

"They exhibit an extraordinary commitment to us as a client. They are excellent at managing large, complex and multi-stage litigation with a strong point being the legal intellect and analysis in their deep bench."

Work highlights O'Melveny represented Kia and Hyundai regarding Attorney General investigations into potential violations of consumer protection and public nuisance laws.

Notable practitioners

Daniel Suvor is cochair of the firm's state attor-

neys general investigations and litigation practice. As former chief of policy to Kamala Harris when she was California Attorney General, he is well placed to advise clients facing investigations or litigation. **Strengths:** “He has a deep knowledge of Attorney Generals with complex problem-solving skills. He is excellent at counseling, is a team player and professional to work with.” “Daniel has substantive expertise at the heart of big multistate matters.”

Pillsbury

What the team is known for Pillsbury Winthrop Shaw Pittman LLP’s seasoned lobbying team consisting of former members of the House of Representatives and a number of former government advisers from both sides of the political aisle. The practice ensures that the interests of clients, including corporations, trade associations and nonprofit organizations, are promoted in the US legislative and policymaking process. It is noted for its strength in matters pertaining to cybersecurity policy. The team has expertise in advising clients in the technology, automotive, financial services and energy industries, among others.

Strengths

“I fully trust and appreciate Pillsbury’s abilities regarding all matters, especially the most complex and sophisticated. The talent, knowledge, experience and abilities are deep, varied and reliable.”

“They have good breadth and depth across sectors and government agencies, working hard to earn their clients’ trust as seasoned counselors.”

“Pillsbury are integral to our success. They are very connected meaning they are up to date on developments. Their ability to navigate the legislative landscape is impressive.”

Work highlights Pillsbury Winthrop provided Blackhawk Network with public policy counsel, including federal and state level relationship strategies.

Notable practitioners

Elizabeth Moeller heads the firm’s public policy practice, and possesses significant experience providing government relations guidance involving financial services and energy issues among other areas. She is adept at defending clients in Congressional and federal agency investigations. **Strengths:** “Elizabeth has great vision, she can see around the corner before you get there.” “Elizabeth is a trusted adviser to her clients and a rock star.” “She is very strong with a good practice. She has a phenomenal reputation and I respect her a lot.” **Craig Saperstein** handles government relations strategy for clients across a variety of sectors, including energy and financial services. **Strengths:** “I learn a lot from Craig and respect him greatly. He is approachable and provides excellent service 100% of the time.” “I appreciate Craig’s can-do attitude.”

Rifkin Weiner Livingston LLC

What the team is known for Rifkin Weiner Livingston LLC is seen as a go-to firm for government affairs in Maryland. The firm is sought after for its wealth of connections with state and local lawmakers and administrative agencies. It is a go-to for prominent clients, including those in the healthcare, sports, gaming, technology and real estate sectors. The attorneys assist clients

with procurement as well as representing clients before lawmakers and administrative agencies.

Strengths

“They have deep bench strength with various levels of personal relationships to handle differing objectives.”

“Rifkin excel in strategic engagements at various levels of government to achieve favorable outcomes for their clients. I can always rely on them and their deep bench.”

“They are an outstanding team, demonstrating expansive levels of expertise. They are exceptionally responsive as well as thorough and great with their follow-through.”

Work highlights Rifkin Weiner advised Maryland Realtors to successfully pass legislation changing the way escrow money is handled in residential real estate transactions.

Notable practitioners

Camille Fesche is cochair of the government relations and lobbying practice at Rifkin Weiner. She is noted for her advocacy for clients across the real estate, hospitality and healthcare sectors. **Strengths:** “Her in-depth relationships and understanding of everything and everyone really puts us on the map, meaning we are part of the conversations that matter.” “Camille is an invaluable asset to us. She brings an expertise to navigating the policy process in Maryland, both in her depth of knowledge of the issues and the broader political environment. She takes the time to understand our key priorities to develop an informed strategy.” “She is incredibly conversant on our issues and a great strategist for navigating the legislative process. She is always there for us, meaning we value and rely on the work she does for us.” Annapolis-based

Michael Johansen leads the firm’s administrative law and compliance practice. He has a wealth of experience navigating the legislative process and frequently counsels clients in the healthcare sector as part of his diverse client base.

Strengths: “Mike provides strategic guidance informed by his strong knowledge of the political process in Maryland.” “Mike’s level of experience in Maryland makes him an invaluable representative of our interests.” “He has such a wealth of knowledge of the players and what motivates them to really allow us to be as well positioned as possible to advocate for our interests.” **Brad Rifkin** serves as cochair of the firm’s government relations and lobbying division. He undertakes government affairs mandates on behalf of clients in the sports and gaming sectors, among others. **Strengths:** “Brad is an exceptional professional with a tireless dedication to his clients.” “Brad is knowledgeable and professional, doing an outstanding job of representing clients.”

Squire Patton Boggs

What the team is known for Squire Patton Boggs retains a compact public policy team representing clients at all levels of government, including the legislative and executive branches. The team consists of former US government officials as well as experienced attorneys. The practice is renowned for its expertise across appropriations, transportation, banking and housing.

Strengths

“The team at Squire Patton Boggs has the experi-

ence to overcome every challenge we take to them.” “They have amazing contacts that get us into the rooms we need to have our story heard.”

Work highlights Squire Patton Boggs provided lobbying services to the Alliance of National Heritage Areas securing legislative and funding authorization.

Notable practitioners

Aubrey Rothrock is a Washington DC based partner adept at conducting government relations work for his clients, including legislative analysis and advocacy. **Strengths:** “He is an incredible lawyer and lobbyist.”

Step toe LLP

What the team is known for Steptoe LLP’s bipartisan bench demonstrates prowess across the full range of legislative, public policy and regulatory matters. The practice is particularly adept at assisting clients with navigating the evolving regulatory and legislative framework governing the financial services sector. The attorneys counsel trade associations and industry coalitions as well as corporations. Its industry-specific expertise spans the energy, telecom, pharmaceutical and healthcare sectors, among others.

Strengths

“They have a strong team with diverse areas of expertise to evaluate complex matters. The team is balanced politically to handle sensitive matters.”

“The firm is very professional and responsive. They have expertise on public policy issues and have a strong understanding of the political environment.”

“They are able to cover all the bases as legal experts. They understand what makes a business successful.”

Work highlights Steptoe LLP advised Airbnb in relation to federal and state legislation and regulations pertaining to housing and anti-discrimination laws.

Notable practitioners

Scott Sinder leads the firm’s government affairs and public policy group, and has a wealth of experience representing trade associations and corporations in a range of legislative and regulatory matters. He is also adept advising on tax policy issues, often before Congress. **Strengths:** “He is incredibly knowledgeable and knows how to make a case. He monitors timing and advice, knowing when to execute.” “He has a deep knowledge of our industry, who the policymakers are and how best to influence and advocate.” “He is outstanding in what he provides. He provides such a consistent service for us as he knows us and the wider landscape. He goes deep into the issues, building really strong relationships with amazing client service.”

Troutman Pepper

What the team is known for Troutman Pepper’s well-regarded state attorneys general practice is experienced with acting for clients in multistate and individual investigations. The practice regularly acts for a diverse array of clients from the private and public sectors, with industry experience spanning financial services, education and retail.

Strengths

“They are experts on various consumer-related issues that AG’s are focused on as well as being

very connected, knowing all the different personalities."

"They are wonderfully suited to do state AG work, continuing to grow their speciality by bringing in strong talent."

"I am very impressed with the depth of the team, from their partners to associates, and their ability to add meaningful value. They are incredibly knowledgeable of the current issues and considerations that affect their clients."

Work highlights Troutman Pepper represented Walmart in opioid litigation brought by the Nevada attorney general's office.

Notable practitioners

Clayton Friedman (see p.559) is a well-regarded practitioner who routinely advises clients on attorneys general investigations and related regulatory matters. He is able to draw on years of experience working at the Missouri Office of the Attorney General. **Strengths:** "He is able to bring his unique experience." "He has good instincts, particularly for investigations." **Ashley Taylor** (see p.716) brings to bear previous experience as Deputy Attorney General to his practice, often handling multistate and individual state attorneys general investigations. **Strengths:** "Ashley is friendly, knowledgeable and approachable." "He has great experience in the AG space. He is personable and deeply knowledgeable with incredible relationships." "I like his quick advice, being direct and succinct in his briefings. He has the relationships with the regulators and understands substantively the legal issues as well as how the regulators are responding."

Van Ness Feldman LLP

What the team is known for Van Ness Feldman LLP is a highly regarded boutique composed of expert counsel and former elected officials dedicated to advising clients in the energy, environmental and natural resources industries. The firm regularly advises coalitions, energy companies, financial institutions, and state and local governments, among others. It possesses expansive lobbying capabilities at the legislative and executive levels, including representing clients before the DOE and DOI as well as a wide array of other federal agencies. The firm is well positioned to promote client interests in debates surrounding clean energy.

Strengths

"As a firm they understand how to navigate challenging problems and find ways to orchestrate elaborate solutions. The partners are incredible, being very responsive and customer-focused."

"They are very experienced across the aisle and have a deep bench to help us navigate complex problems and federal regulations. They are responsive as well as good at anticipating issues."

Work highlights Van Ness Feldman advised Shell with regards to carbon oxide sequestration tax credit and hydrogen incentives.

Notable practitioners

Seattle-based partner Richard Agnew is a key contact.

WilmerHale

What the team is known for WilmerHale's respected team consists of experienced attorneys and former government officials from both sides

of the political aisle. The practice offers a comprehensive public policy service to clients across an expansive range of industries, including the information technology and financial services sectors. The group also draws plaudits for the strength of its Congressional investigations and state attorneys general practice.

Strengths

"WilmerHale is well-connected and their knowledge of the inner workings of Congress is incredibly valuable. The team is very responsive with quick turnarounds, their efforts to truly understand the nuances of our business enabling them to provide excellent strategic advice."

"The state AG practice at WilmerHale is very professional and well connected in this space. Their responsiveness is second to none and their ability to grasp the nuanced nature of our industry very impressive."

"They have the most outstanding client service. Their responsiveness, care and collaboration means they are just a joy to work with. They facilitate great relationships no matter what pressure we are under."

Work highlights WilmerHale represented Nestlé before the House Committee on Energy and Commerce Subcommittee on Oversight and Investigations regarding the infant formula shortage.

Notable practitioners

Former Deputy Attorney General of the United States **Jamie Gorelick** is a highly thought-of practitioner who frequently handles complex Congressional investigations. **Strengths:** "Jamie is a guru and seasoned Washington hand who sees the bigger picture and dynamics at play to help move us forward." "Jamie provides high-level advice and counsel, leading strategy and overall response. She is responsive, skilled and sensitive to our needs." "She is a unique talent understanding what the pressures are and how to take things forward. She has an intuitive sense of how things play out in real life and is proactively thinking about what is coming down the path." **Jonathan Yarowsky** focuses his lobbying efforts in the areas of IP, telecommunications and antitrust, and draws on previous experience working for Congress and in the White House. **Strengths:** "Not only is Mr Yarowsky extremely knowledgeable of the subject matter, but his communication skills with others are superb. He is held in high regard by members of Congress and the Administration." "He has a wealth of experience and relationships, getting past the legalese to how things really run. He provides really helpful context and insight." "His insights into markets, government process and commercial complexity is unparalleled. He can always be counted on to point us due north, helping us reach our goals." **Paul Connell** is a former Deputy Attorney General and senior counsel to the Wisconsin State Attorney General. His wide-ranging regulatory enforcement and litigation experience includes noted strength in state attorneys general investigations. He is especially active in the pharmaceutical, healthcare and technology sectors. **Strengths:** "Paul is a highly competent and persuasive counsel on a variety of issues and matters." "Paul is experienced in handling complex matters with state AG's. His bi-partisan relationships and ability to see around corners means he gives the utmost attention to his

clients." "Paul is a clear subject matter expert who is always accessible and will come up with a practical and well-reasoned solution." **Alyssa DaCunha** cochairs the firm's Congressional investigations practice. She is well placed to assist with hearings and advise on strategy. **Strengths:** "Alyssa is exceptional. She is extremely thorough in her preparations as well as able to collaborate well to produce high-quality work." "Alyssa is a stand out for her command of the Congressional hearing process. She is thorough in her client preparation with careful calculation of all risks and opportunities." "She is a Congressional investigations wizard with deep expertise that provides commercially practical advice; she's a one-stop shop. She is especially adept at recognizing the broader political realities."

Joel Green is cochair of the Congressional investigations practice at WilmerHale. He offers a skilled hand in counseling clients through investigations and oversight matters conducted by Congress.

Strengths: "Joel successfully guides us through multiple challenging governmental interactions. He is a trusted partner." "Joel helps us navigate everything to bring us to an amicable ending. I know I am in very capable hands. He is very good at representing our interests with his knowledge of the system and its players." "His judgment and legal expertise is outstanding as well as a deep understanding of our business. He tailors his advice accordingly, bringing us options allowing us to pursue our objectives." **Brian Mahanna** is cochair of WilmerHale's state attorneys general practice where he brings to bear his extensive experience handling investigations and other complex regulatory issues. **Strengths:** "Brian consistently provides a top-level work product, with deep strategic understanding and luminous knowledge of the subject matter." "Brian is incredibly skilled in handling investigations having the experience to forecast where investigations are going and how to most effectively engage with different offices. He is also an excellent attorney substantively, able to quickly provide advice on complex issues."

"Brian is a true professional who brings his expertise, relationship-building and experience to bear on behalf of his clients. He is a standout lawyer."

Philip Beshara (see p.504) is counsel at WilmerHale's Washington DC office. He is noted for his representation of clients in the defense and technology spaces, providing government affairs and public policy counsel. **Strengths:** "Philip is a fantastic part of the team, tailoring his advice for us as a client."

Other Ranked Lawyers

Britton Bonner (see p.509) of Adams and Reese LLP chairs the legislative and public policy practice. He is noted for his expertise advising clients on economic development and related public policy in state capitals across the Southeastern US. **Strengths:** "He helps us navigate the political landscape. He is a reliable resource, providing sound advice when we need it, being very available and responsive." "Britton is a great partner offering sound advice and innovative solutions. He has a strong network that helps us get to solutions."

Michael Bopp (see p.509) of Gibson Dunn &

Crutcher LLP is recognized for his extensive experience representing clients in Congressional, executive branch and internal investigations.

Strengths: "Michael provides exactly the guidance you want, walking you through all the eventualities to help navigate the best course of action. His work is always excellent, never having to ask for further analysis." "He brings years of expertise and guides us well." "Michael is calm, articulate and resourceful with his excellent demeanor and knowledge of Congressional activities."

Michael Borden (see p.509) heads up the government strategies group at Sidley Austin LLP. He assists clients with business-critical legislative affairs matters. He is sought out to advise clients in a range of industries including tax, technology and healthcare as well as Congressional investigations. **Strengths:** "Michael is a total well-rounded professional." "He is very knowledgeable about the government relations process, which is often complex, nuanced and opaque. He is familiar with the decision-making protocols, which is really helpful to us." "His strategic prowess stands out. He is thoughtful and tactful in his approach, able to read the situation and bring an interesting perspective."

Former Attorney General of Nebraska, **Jon Bruning** has vast experience in the field, and is often sought out by clients to handle individual attorneys general and multistate investigations.

Edward Burbach of Foley & Lardner LLP is a former Texas Deputy Attorney General. He is highly sought out to advise clients involved in state attorneys general investigations. His experience includes acting for clients in the healthcare, retail and financial services sectors. **Strengths:** "He is an excellent attorney with a sophisticated practice." "He's extremely responsive and an absolute pleasure to work with." "He is very knowledgeable with strong personal relationships."

Ronak Desai (see p.540) co-leads the Congressional investigations practice at Paul Hastings LLP. He has a strong track record as a former staffer on various House and Senate committees. He guides clients through highly sensitive Congressional inquiries. **Strengths:** "Ronak is very knowledgeable and responsive with a good grasp of navigating the space with a practical approach." "He knows the politics and the players as well as the specific processes of an investigation to best represent clients' interests." "He is exceedingly bright and thoughtful as well as being well connected. We really respect him and think he is a great lawyer."

Antonio Dias of Jones Day has significant experience representing companies facing state attorneys general investigations. **Strengths:** "He is an excellent communicator who provides pragmatic and practical advice." "Tony understands the key issues to advance a legal strategy. He puts his clients first and provides fantastic client service. He assembles strong legal teams tailored to specific legal issues." "Tony can straddle the legal specific-

ties, policy discussions and relationship cultivation. He sees the whole field, understanding how litigation sits within wider perspectives, including policy. This makes him incredibly effective for his clients."

Douglas Gansler of Cadwalader, Wickersham & Taft LLP draws upon his experience as former Attorney General of Maryland to counsel his clients on public advocacy and enforcement actions. **Strengths:** "He is an excellent practitioner who is top-notch." "He is a very smart guy with a lot of connections."

Susanne Grooms of Cooley LLP brings her previous experience as a federal prosecutor to bear in her representation of corporate clients before Congressional investigations. **Strengths:** "She is a true expert in Congressional oversight. Her matchless experience in the subject matter and personal touch makes her an invaluable member of any team." "Susanne is a consummate professional and my first call for any matter pending before Congress." "We turn to Susanne for strategic advice and counseling. She is very knowledgeable about the committees, procedures and all related considerations. She is wonderful and really top-notch."

Elinor Hiller (see p.584) of Alston & Bird LLP primarily represents clients in the healthcare and life sciences sectors before lawmakers and administrative agencies. Her experience at the Centers for Medicare and Medicaid Services is a particular draw for clients. **Strengths:** "Elinor is great to work with, we really appreciate her expertise." "Her background is such an asset to our company." "She is helpful, knowledgeable and adds value with regards to her expertise relating to Medicare regulations."

Robert Jones is cochair of the federal government law and policy practice at Greenberg Traurig, PA. He acts for a varied client base, including associations, corporations and nonprofit organizations, on a range of legislative, regulatory and policy issues. **Strengths:** "Robert is a fantastic lawyer."

Roscoe Jones cochairs the public policy practice group at Gibson Dunn & Crutcher LLP. He counsels individuals and corporate clients, providing strategic counsel and advocacy before legislators and the executive branch. **Strengths:** "He is extremely skilled at what he does, bringing experience with and relationships in government. He always brings a level of quality to his work that is highly impressive, exercising a high level of quality control." "Roscoe is a consummate professional who is a joy to work with. He is collaborative and enthusiastic, eager to roll up his sleeves and get the job done." "He is really great on public policy and congressional challenges. He is a tremendous strategist with incredible knowledge of how Washington DC works."

JB Kelly (see p.604) of Wachtell, Lipton, Rosen & Katz is noted for his impressive state attorneys general practice. **Strengths:** "He is a fantastic partner for us."

Emily Loeb (see p.625) is chair of Jenner & Block's Congressional investigations practice. She brings

noted experience from the Department of Justice to advise clients facing investigations and other enforcement matters. **Strengths:** "Emily is great to work with and leads the Jenner team very effectively." "She is an excellent strategist who looks around corners to provide counsel on complex problems." "Emily is very good at understanding our commercial objectives to find workable solutions."

Jane Lucas (see p.626) is noted for her legislative and regulatory work in the healthcare sector. She is based in Alston & Bird LLP's Washington DC office. **Strengths:** "Jane is awesome! She is down to earth, smart and always looking out for our interests." "She has innate political instincts and is just so well respected on Capitol Hill. She makes people feel cared for." "She is very politically savvy on issues."

Patrick Lynch brings to bear previous experience as former Attorney General for Rhode Island, and continues to advise and represent clients in investigations and state attorneys general affairs.

Strengths: "Patrick is great in this field and very effective."

Rob McKenna of Orrick, Herrington & Sutcliffe LLP previously served as Washington State Attorney General. He is extremely well versed in advising in the areas of public policy, appellate law and state attorneys general investigations. **Strengths:** "Rob is a talented, diplomatic attorney with a sophisticated understanding of the dynamics of state AG work. He is always personable and thoughtful, as well as being a strategic planner." "He provides high-level advice which seems effortless. He's really versatile and brilliant."

Brian T Moran of Orrick, Herrington & Sutcliffe LLP is the former US Attorney for the Western District of Washington. He brings notable experience counseling clients before federal and state agencies and regulatory bodies. **Strengths:** "Brian is an incredible attorney. His breadth of experience gives him very sophisticated insight and understanding which allows him to approach the most complex issues with a deliberation and strategic vision to enable success." "He is very easy to work with and not afraid to make his position known. He is extremely talented in identifying and reaching a workable resolution that takes diverse perspectives and considerations into account."

Marco Paredes (see p.662) is director of government affairs at Stearns Weaver Miller Weissler Alhadeff & Sitterson, P.A. He is noted for his experience advising clients with regards to their public policy and state legislation objectives in Florida.

Strengths: "Marco engages thoroughly, handling matters with great skill and care. He works in a timely manner and is a genuine problem-solver." "He brings a great ability to strategize and put together a very strong plan which can be executed. He is organised, reliable and responsive." "He is a hardworking, knowledgeable and professional lobbyist."

Band 1**Crowell & Moring LLP**

What the team is known for Crowell & Moring LLP possesses deep reinsurance expertise, particularly with regard to matters in the life, health and property, and casualty spheres. It handles litigation as well as arbitration and other forms of alternative dispute resolution, with experience in domestic and international markets. The firm can advise insurance companies both as reinsurers and as cedents as well as brokers and intermediaries. In addition, it demonstrates strength in environmental, professional liability and insolvency issue coverage disputes.

Strengths

"Crowell & Moring has expertise in insurance, bankruptcy and litigation so it can provide the depth and breadth needed for complex problems for insurers."

"The attorneys I have worked with have very strong experience in insurance coverage and are very responsive to their clients."

"They are experienced, terrific counsel with a strategic approach to legal problems. They think outside the box and find innovative solutions."

Notable practitioners

Laura Foggan (see p.1324) attracts praise on a nationwide level for her insurance practice. She routinely represents insurance carriers in significant coverage disputes and is highly experienced in appellate work. **Strengths:** "Laura is incredibly analytical, a terrific writer and has a great sense of legal strategy." "Laura is an industry icon. She is a talented and experienced coverage attorney with strong trial and appellate knowledge." "Laura is simply in the very top class of insurance industry advocates, thought leaders and strategic thinkers."

Mark Plevin (see p.1061) maintains a broad practice, including disputes pertaining to cyber attacks, professional liability and other mass torts. He is also recognized for his expertise in bankruptcy litigation. **Strengths:** "He's a strong litigator with loyal clients."

Simpson Thacher & Bartlett LLP

What the team is known for Simpson Thacher & Bartlett LLP is renowned in the market as an accomplished trial and coverage firm that offers

quality representation to clients in the insurance industry. Able to handle both direct insurance and reinsurance matters with equal flair, it is also adept at handling the most complex of disputes regarding insurers' business practices. Often called on in cases involving significant exposure, the team is skilled in handling catastrophic event liability issues and bad faith disputes and acts for an enviable client roster of market-leading insurance providers.

Strengths

"Simpson Thacher has a sterling reputation and handles complex work."

"The team is exceptional – their drafting is incredible and they are on top of every detail."

"They have a good bench of talented attorneys and have performed exceptionally well in relation to very complex disputes."

Work highlights Simpson Thacher represented Chubb in a case filed by University of Southern California against certain Chubb insurance companies asserting claims of coverage relating to allegations of sexual abuse and harassment by former USC health center gynecologist, George Tyndall.

Notable practitioners

Bryce Friedman (see p.2572) has a broad insurer-side practice incorporating both long-tail liability litigation and emerging areas of coverage, such as data breach claims. **Strengths:** "He is a great strategist who's also great in court." "Bryce is a stand-out lawyer, he sees the nuances in every situation and is unmatched in strategic insight." "Bryce is always willing to look at things in a different way and challenge the way things work."

Stephoe LLP

What the team is known for Steptoe LLP fields a highly respected litigation group with the ability to counsel clients on a broad range of coverage issues, including considerable expertise in both the direct insurance and reinsurance industry. It frequently takes the lead on complex, multiparty suits such as long-tail asbestos and product liability claims and has further, extensive capability in an array of sophisticated London and Bermuda market disputes.

Strengths

"The firm provides an excellent quality of work."

"They are very thoughtful and thorough when coming up with a litigation strategy."

"The team is technically strong and offers a high level of service."

Work highlights Steptoe advised several AIG companies in an action in New Jersey concerning coverage for environmental damages resulting from the release of dielectric fluid into the Hudson River.

Notable practitioners

James Rocap maintains a market-leading practice, primarily focused on acting on behalf of international insurance companies in environmental, personal injury and toxic tort class action disputes. **Strengths:** "James is a very thoughtful and respected lawyer." **Roger Warin** is a highly regarded attorney and a recognized powerhouse

in coverage litigation. He regularly handles national, high profile disputes, including cyber loss liability and environmental pollution matters. **Strengths:** “Roger is the guy you want on your side when the stakes are high. He is one of the top few I’ve worked with on insurance litigation.” **Antonia Ianniello** has substantive experience in complex insurance matters linked to issues such as environmental pollution and the Anti-Terrorism Act. She heads the litigation department at Steptoe LLP. **Strengths:** “Toni is exceptional – she is adept at negotiating personalities, settlements and internal and external conflicting priorities.” **Harry Lee** is a well-regarded insurance coverage practitioner. He is highlighted for his strengths in environmental coverage claims and disputes arising out of professional liability policies. **Strengths:** “If you have a big case with a lot of moving parts, Harry is good at handling that, synthesizing it and making sure all the facets and tentacles are being addressed.” “Harry is one of the most prominent insurance carrier coverage lawyers in the country.” **Sarah Gordon** is recognized for her work litigating insurance disputes, including those related to cybersecurity and personal injury claims. **Strengths:** “She is a bright and strategic lawyer.” “Sarah is highly intelligent, a visionary and a pleasure to work with. She is a strong leader too.” **Michele Jacobson** assists insurance clients with coverage disputes and regulatory matters, with additional expertise in insolvency issues. **Strengths:** “She has been in the insurance space a long time and knows everything there is to know about it.” “Michele is one of the best litigators I have ever worked with. Her ability to see the big picture and focus on the important details is uncanny. She’s an absolute delight to work with.”

Band 2

Clyde & Co LLP

What the team is known for Clyde & Co LLP is highly esteemed for the global strength of its insurance practice, which clients utilize across a range of international disputes and arbitrations. Professional liability, financial lines, cyber risk and fine art claims all fall under the group’s remit, with a significant amount of work undertaken for clients in the London market. The team regularly acts for an impressive roster of domestic and international insurance industry clients in complex, high-stakes matters.

Strengths

“They are experts in the field. They know how we work and what we need.”

“The lawyers at Clyde & Co are highly skilled and very capable to address complex matters.”

“I always get a response the same day – normally within the hour. The team is extremely diligent and hardworking.”

Notable practitioners

Paul Koepff is a highly seasoned litigator and appellate attorney with a standout practice in both insurance and reinsurance disputes. He receives praise for his expert handling of sensitive and complex claims arising from sexual misconduct. **Bruce Celebrezze** is an experienced insurance practitioner who regularly handles

high value coverage disputes for leading insurance companies. **Strengths:** “Bruce delivers very high quality work.” “Bruce is a well known, sharp and aggressive litigator with a very good reputation.” “Bruce is experienced and commands a lot of respect.” **Daren McNally** represents insurers in a variety of coverage disputes, including environmental contamination, business interruption, personal injury and asbestos claims. **Strengths:** “Daren is a go-to for complex, high-stakes cases. He is very strong technically and is creative and thoughtful too.” “He’s fantastic with clients and is a fantastic coverage lawyer.” “Daren is knowledgeable and great to work with.”

Cozen O’Connor

What the team is known for Cozen O’Connor fields a group with broad geographical scope that allows for strong representation of industry clients in a broad range of disputes work. It tackles claims concerning a range of coverage issues, policy exclusions, subrogation and remediation and demonstrates wide capabilities in everything from bodily injury and asbestos through to property damage and defective construction. The team is also recognized for its considerable expertise in handling complex coverage issues arising from large scale catastrophic events and is experienced in professional liability matters, including D&O and E&O-related claims.

Strengths

“The team does a good job of getting to heart of the issue and laying out what needs to get done.”

“The team is very experienced, with diverse specializations among staff.”

“Cozen O’Connor has fine litigators with a wealth of experience representing insurance companies.”

Work highlights Cozen O’Connor represented Allied World National Assurance Company as coverage counsel regarding claims made by former athletes of the National Collegiate Athletic Association that the NCAA concealed the dangers associated with concussive blows.

Notable practitioners

Joseph Ziemianski is cochair of the Cozen O’Connor global insurance department. He is a skilled litigator with experience in wide range of coverage disputes including professional, property and casualty lines of insurance. **Strengths:** “Joe is very intelligent, reasonable and approachable.” **Alycen Moss** is co-vice chair of Cozen O’Connor’s global insurance department and regularly advises clients on insurance coverage disputes and indemnification issues. She has notable expertise in the trucking and property industries. **Strengths:** “Alycen Moss’s commitment to her craft in the legal profession and to her clients is above and beyond that of her peers. I admire and appreciate her as a colleague in this industry.” “Alycen has been excellent to work with on all matters.”

Dentons

What the team is known for Dentons delivers comprehensive advice to insurers on disputes of all kinds, from coverage litigation and bad faith claims through to class actions and mass torts. It has excellent litigation capability in addition to strong regulatory credentials, allowing for an extensive offering across the insurance industry.

The team exhibits notable expertise in related securities litigation and captive disputes.

Strengths

“Dentons has a strong practice, a deep bench and handles high value matters.”

Work highlights Dentons represented Genworth in a series of class actions challenging its premium increases for long-term care insurance policies, asserting claims including fraud by omissions, breaches of contract, violations of numerous states’ Unfair Trade Practices and Consumer Protection Laws, among others.

Notable practitioners

Keith Moskowitz is an accomplished trial lawyer noted for his expertise in insurance coverage matters. He is regularly called upon to represent his clients in insurance-related class actions and bad faith disputes. **Strengths:** “He can put a great brief together and his advocacy is great. In a very complex case he can explain it to the judge in a nice way.” “Keith is very effective in court and writes strong briefs.” “Keith is one of the best trial lawyers in the market.” **Ronald Kent** is a distinguished practitioner with a wealth of experience in contentious insurance matters. He enjoys a strong reputation for his handling of such sensitive coverage issues as sexual abuse claims and opioid litigation. **Strengths:** “Ron is a very strong litigator who is good at trial.” “Ron is technically proficient in the legal advice and service that he provides.”

Kennedys CMK

What the team is known for Kennedys has a robust insurance offering in the US, with high quality teams based in a number of key locations. The firm can advise on insurance coverage of all types, including business interruption, construction, product liability and personal injury, as well as having expertise in insurance matters linked to bankruptcy.

Strengths

“Kennedys do the most complex, highest-exposure work.”

“They provide exceptional work product.”

Work highlights Kennedys represented TIG Insurance Company, The North River Insurance Company and the United States Fire Insurance Company in coverage litigation against the National Football League arising from multidistrict concussion litigation.

Notable practitioners

Christopher Carroll is adept at handling an array of insurance coverage disputes on behalf of insurance carriers. He is particularly well regarded for his expertise in cases involving cybersecurity and environmental issues, among other areas. **Strengths:** “Chris is an exceptional talent who provides smart solutions to the thorniest problems.” “Chris is a visionary, the complete package. From seemingly impossible starting points, Chris is capable of using his unique blend of intellectual horsepower and commercial radar to view scenarios in a three dimensional format to present a fresh analysis and game plan. He is peerless in my view.” “Chris is adept at both strategy and thinking on his feet with an excellent knowledge of the law.”

O'Melveny & Myers LLP

What the team is known for O'Melveny & Myers LLP fields a highly experienced team of established practitioners offering a dual focus on insurance coverage and bankruptcy matters, allowing effective representation of clients during protracted and complex asbestos suits across the country. It also handles a myriad of other claims in the environmental, toxic tort and product liability arenas, appearing in cases in state, federal and appellate courts as well as in arbitrations. Notably, the team has further skills in the handling of international matters including significant London market work and offers additional experience in complex reinsurance matters.

Strengths

"They're excellent lawyers and appellate specialists."

"They're my go-to for anything significant – the quality of representation and communication is consistent across offices."

"The firm has a strong presence, is very sophisticated and undertakes complex work."

Work highlights O'Melveny & Myers represented Century Indemnity in challenging the Diocese of Camden's proposed Chapter 11 bankruptcy plan on the basis of bias against the Diocese's insurance carriers' interests.

Notable practitioners

Tancred Schiavoni is a skilled insurance practitioner with notable experience in bankruptcy-related disputes and environmental coverage litigation. He also cochairs O'Melveny & Myers' insurance practice. **Strengths:** *"Tancred is a very well known, really smart insurance lawyer." "He is very talented, smart and strategic." "He has a very good understanding of the insurance industry as a business." Richard Goetz brings over three decades of experience to his representation of insurance carriers in complex, high-stakes and cross-border disputes. Strengths: "Richard has excellent technical ability. He provides pragmatic judgment, he's a strategic thinker and a very good communicator with senior management." "He's a very knowledgeable and experienced lawyer."*

Band 3

BatesCarey LLP

What the team is known for BatesCarey LLP has a leading insurance practice in Chicago that is also well regarded for its ability to handle matters across the US. The team has a broad range of coverage expertise than includes D&O, business interruption and environmental contamination, with notable involvement in cases arising from the opioid crisis and COVID-19 losses.

Strengths

"The team provides excellent client service and is very timely. They are attentive, friendly and direct in their advice; you hear it straight."

"BatesCarey understand the needs of the client. The team communicates in an efficient and cost-effective way and obtains excellent results."

"The quality of their service is outstanding, as is their responsiveness."

Work highlights BatesCarey advised Swiss Re, Aspen, Great American, Medmarc, Navigators

and Munich Re in seeking insurance coverage in a multidistrict litigation against opioid manufacturers, distributors and retailers, resulting in claims involving billions of dollars in potential losses.

Notable practitioners

Adam Fleischer has experience handling a wide range of insurance coverage disputes, including those arising from toxic exposure, business interruption and construction defects. **Strengths:** *"Adam is not only a skilled lawyer but he provides advice in a digestible format that furthers decision making." "Adam Fleischer stands out as both intellectually gifted and professional in demeanor."*

Robert Bates offers extensive expertise in representing global reinsurers in complex disputes. He is adept at acting in litigation as well as in arbitrations. **Strengths:** *"Bob is the most practical, hands-on, roll-up-his-sleeves law firm principal I have ever met." "We could not run our business successfully without Bob's valuable guidance and legal insights."*

Cahill Gordon & Reindel LLP

What the team is known for Cahill Gordon & Reindel LLP provides superb reinsurance expertise, including deep knowledge of Bermuda Form arbitrations, alongside an impressive capacity for undertaking class action defense and coverage litigation on behalf of major domestic insurers and financial institutions. Additionally, the team displays notable capabilities advising on London market matters and handles issues as diverse as environmental contamination, trade credit, professional liability and political risk. It is also skilled in D&O liability issues, asbestos claims and insurance-linked securities disputes.

Strengths

"The team knew about the commercial intricacies of our business."

"The team has great expertise and is client-friendly."

"Cahill is an excellent law firm that is always responsive and never drops the ball."

Work highlights Cahill Gordon & Reindel represented Swiss Re regarding a \$100 million insurance layer on its GM E&O program with respect to claims by subprime borrowers against ResCap.

Notable practitioners

Thorn Rosenthal is well-versed in representing the world's largest insurance carriers in high-stakes disputes. He possesses additional expertise in reinsurance arbitrations. **Strengths:** *"Thorn is a stellar lawyer with a tremendous amount of experience." "He is unbelievably smart."*

Chaffetz Lindsey LLP

What the team is known for Boutique disputes firm Chaffetz Lindsey LLP has a deep bench of experience in insurance litigation and arbitration. The firm tackles coverage disputes across the country, as well as those with international elements, including matters pertaining to the reinsurance industry.

Strengths

"The firm specializes in complex, multifaceted litigation."

"Chaffetz has a strong team of attorneys with experience in insurance and reinsurance disputes. They are leaders in the field in unpacking complex mat-

ters and dealing with each element and issue of a dispute."

Work highlights Chaffetz Lindsey represented AIG in multiple pieces of litigation brought against three insured lead paint manufacturers, which were ordered by a California state court to pay over \$1 billion to remove lead paint from homes.

Notable practitioners

Peter Chaffetz earns respect in the market for his leading reinsurance and insurance coverage practice. He is routinely called upon to act for global insurance carriers in litigation, arbitrations and appeals. **Strengths:** *"Peter is smart and a good tactician." "Peter has huge experience in the field of insurance and reinsurance and unparalleled knowledge. He's one of the outstanding insurance litigators of his generation." "He is simply one of the best lawyers in the country." Steven Schwartz offers a wide range of experience in reinsurance and insurance matters, including disputes arising from inaccurate representations and warranties claims.*

Strengths: *"Steven demonstrates great knowledge and commercial and tactical nous." "Steve is a go-to attorney for reinsurance disputes. He has vast knowledge and experience in both routine and complex matters." "He is a great lawyer who delivers time after time." Cecilia Moss enjoys a strong reputation among insurance and reinsurance clients for her expertise in complex litigation. She is particularly adept at handling chemical exposure and personal injury disputes. Strengths: "She always keeps the commercial aspects of a matter in mind when providing guidance and advice."*

DLA Piper LLP (US)

What the team is known for DLA Piper LLP operates a respected insurance practice that is complemented by a strong global network. It represents insurance and reinsurance clients in both litigation and arbitrations, with particularly strong expertise in matters concerning representations and warranties insurance.

Strengths

"DLA Piper has experienced litigators who understand the way claims need to be managed to achieve the best results."

"The team understands the industry and serves clients well."

Work highlights DLA Piper represented Tokio Marine Kiln in a cross-border reinsurance dispute that arose from the fatal crash in Columbia of a Bolivian airliner carrying the Brazilian football team, Chapecoense.

Notable practitioners

Aidan McCormack is a key contact in the New York office of DLA Piper.

Duane Morris LLP

What the team is known for Duane Morris represents insurers in virtually all lines of coverage, with its robust disputes practice bolstered by key regulatory and reinsurance expertise. It also handles litigation and arbitrations of the highest complexity, as well as large environmental claims and commercial general liability cases. The team offers clients expertise both at trial and on appeal and provides notable capability in relation to bankruptcy and market conduct matters as part of an all-encompassing insurance practice.

Strengths

"The Duane Morris attorneys are very well versed in coverage and are willing to look into novel issues."

"The firm has an excellent ability to handle multiple complex matters and the attorneys are extremely responsive."

Work highlights Duane Morris represented The Continental Insurance Company in coverage litigation against Southern California Gas and Sempra arising from a \$1.8 billion settlement in connection with a 2015 gas well blowout that led to homeowner evacuations and approximately 40,000 personal injury claims.

Notable practitioners

Philip Matthews (see p.1048) offers a wealth of experience in coverage disputes and wins praise for his continuing successes in long-tail litigation. He is adept at handling a range of disputes, including those relating to asbestos and sexual abuse claims. **Strengths:** *"Phillip is experienced and knowledgeable."* **Max Stern** (see p.1076) is regularly retained by insurance carriers to litigate an array of disputes, including those arising from pollution, professional liability, bad faith and breach of contract claims. He also serves as chair of the insurance team within Duane Morris LLP's trial practice group. **Strengths:** *"Max Stern is simply the best in the business when it comes to professional liability insurance."* *"He's a really strong, smart and experienced litigator."*

Smith, Gambrell & Russell, LLP

What the team is known for Smith, Gambrell & Russell is recognized for its national strength acting on behalf of insurers and reinsurers facing complex and high value coverage litigation. The team handles cases arising from personal injury claims, including asbestos and talc-related matters. The firm has additional strength in commercial business interruption, breach of contract and fiduciary duty-related claims. It offers additional strengths in arbitrations.

Strengths

"Smith, Gambrell & Russell attorneys are strategic thinkers who will tailor their advice to the commercial realities of a given situation."

"It's a strong team of experienced and very capable lawyers, who are always responsive. I am always comfortable they are acting in the client's best interests, whether this is from a legal or commercial perspective."

"The team is creative in strategy and solutions."

Work highlights Smith, Gambrell & Russell represented Employers Reassurance Corporation in arbitration with American United Life Insurance Company over funding for a trust account securing ERAC's obligations under reinsurance agreements for AUL's long-term care business.

Notable practitioners

Chicago-based head of the insurance and reinsurance practice Joe McCullough is a key contact.

Sean Keely has a wealth of experience in commercial and reinsurance-related litigation. He also offers expertise in matters concerning insurer insolvencies. **Strengths:** *"Sean is a good technician."* *"His strongest point is understanding client needs and finding strategic and creative ways to meet those needs."* *"Sean is a great trial lawyer."*

Joe McCullough focuses his practice on repre-

senting international reinsurer clients in a broad range of disputes. He leads Smith, Gambrell & Russell's insurance/reinsurance industry group.

Strengths: *"No one understands the reinsurance dispute resolution practice better than Joe. His sophistication and responsiveness are world class."*

"Joe is one of the top attorneys in the reinsurance arbitration business."

Troutman Pepper

What the team is known for Troutman Pepper runs an extensive insurance coverage practice from offices across the US. It attracts praise for representing major insurers in high value and complex coverage matters, including D&O, breach of contract and professional liability.

Strengths

"Troutman is always keenly aware of the client's business and commercial needs."

"Troutman has a depth of partners and associates with different areas of expertise, and we trust that they will be able to staff matters accordingly."

"Troutman's lawyers are extremely responsive and their service level is unmatched."

Work highlights Troutman Pepper represented certain underwriters at Lloyd's London in connection with coverage under a performance indemnity policy issued by certain underwriters for losses allegedly suffered during the production and filming of season six of TV show House of Cards following the suspension of Kevin Spacey from the show.

Notable practitioners

Charles Blair in Washington, DC and Terrence McInnis and Kevin Kieffer in California are key contacts.

Band 4**Gordon Rees Scully Mansukhani, LLP**

What the team is known for Gordon Rees Scully Mansukhani, LLP is widely sought after by national insurance sector clients facing a wide array of coverage disputes as well as bad faith claims. The firm has additional capabilities in class actions and appellate litigation. Its broad base of expertise includes professional liability, construction and bankruptcy-related issues.

Strengths

"They understand our niche market and are very aware of what is important to our company."

"They have a real expertise in insurance contracts and they have a number of excellent litigators."

Notable practitioners

San Francisco-based David Capell is a key contact at the firm.

Hinshaw & Culbertson LLP

What the team is known for Hinshaw & Culbertson LLP is a highly regarded insurance practice noted for its considerable expertise representing carriers in a wide array of coverage disputes, both in litigation and arbitration. The team has experience handling claims arising from personal injury, professional liability and business interruption. It adeptly assists both domestic and international clients.

Strengths

"They help you get to a resolution as quickly and efficiently as possible."

"Hinshaw & Culbertson really takes the time to understand our business and how we operate. We can always count on the firm to assist us."

"They are thorough and communicative."

Notable practitioners

Chicago-based Scott Seaman and Fort Lauderdale-based Rory Jurman are key contacts at the firm.

Husch Blackwell LLP

What the team is known for Husch Blackwell LLP has a sophisticated insurance sector practice, which sees the firm represent carriers in a wide array of complex coverage disputes, with additional capabilities in transactions and regulatory compliance. The team has experience spanning D&O, product liability and property damage-related claims, among others.

Strengths

"The law firm offers excellent commercial awareness and sound advice."

"Husch Blackwell has a strong bench strength and a high level of expertise."

"The team was responsive, provided timely and substantive updates and helped to obtain favorable results."

Work highlights Husch Blackwell represented West Bend Mutual Insurance Company in a declaratory judgment action with respect to narrow language in an additional insured endorsement.

Notable practitioners

Dallas-based Scott Davis heads the firm's national insurance coverage and litigation team.

Mintz

What the team is known for Mintz possesses a robust and broad based insurance offering, acting on behalf of insurer and reinsurer clients on a wide range of coverage suits, arbitrations and bad faith claims. The firm has experience appearing before state and federal courts, as well as specialist bankruptcy courts. Its broad base of expertise encompasses property, casualty and D&O related claims, among others.

Strengths

"Mintz provides good in-depth analysis and is understanding of its clients' needs."

"The firm's efficient use of a multi-tiered team to deliver cost effective results brings tremendous value."

"Mintz has incredible depth from first-chair litigators to talented junior associates."

Notable practitioners

Paul Kalish impresses sources with his highly active practice and extensive involvement in trail-blazing, high profile and sophisticated coverage disputes, including class action litigation and sports-related head injury claims. **Strengths:** *"Paul is very sharp, very smart and highly regarded."* *"Paul is our go-to person. He gets back to me quickly and is able to have candid conversations about how things are developing."*

Nicolaides Fink Thorpe Michaelides Sullivan LLP

What the team is known for Nicolaides Fink Thorpe Michaelides Sullivan LLP is a renowned

insurance boutique with widespread expertise across the sector, acting on behalf of insurers, reinsurers and underwriters. It excels in handling complex coverage litigation as well as arbitrations and appeals. The firm is particularly strong in long-tail asbestos, environmental and sports injury-related claims.

Strengths

"Nicolaides Fink are coverage specialists and deliver excellent work."

"Nicolaides Fink has produced excellent results in complex matters with tight deadlines."

"They have provided very detailed, thoughtful analysis of insurance coverage issues."

Notable practitioners

Managing partner Richard Nicolaides is a key contact at the firm.

Phelps Dunbar LLP

What the team is known for Phelps Dunbar LLP has a broad based insurance sector practice which sees it handle both domestic and cross-border matters on behalf of insurers, brokers and underwriters. It expertly handles a wide array of coverage litigation as well as assisting with regulatory matters. The firm has experience in claims concerning personal injury, property and commercial general liability, among other issues.

Strengths

"Phelps Dunbar is incredibly skilled in their area of expertise. They provide reliable, proactive and strategic legal advice understanding the audience and market place."

"They provide great attention to detail and strategy. They are quick to respond to client inquiries and keep the client posted on matters as they develop."

"The matters we work with them on involve multiple lines and require sophisticated analysis. The team not only has experienced, qualified partners but also other senior lawyers and associates with a great deal of insurance coverage and related litigation experience."

Work highlights Phelps Dunbar LLP represented Scottsdale Insurance Company as general liability and umbrella liability insurer to an entity involved in the 2021 Astroworld Music Festival in connection with claims asserted against the entity by thousands of attendees who alleged injuries from the Festival.

Notable practitioners

Raleigh-based Kevin O'Brien and Tom Contois are key contacts at the firm.

Other Ranked Lawyers

David Attisani of Choate Hall & Stewart is regularly retained by market-leading reinsurers for representation in high-value disputes arising from natural and man-made disasters, among others.

Strengths: *"He is fantastic – knowledgeable, experienced and responsive." "David is meticulous, a strong advocate and communicator who explores every avenue for his client." "David has extraordinary legal expertise. We have the highest confidence in the quality of his legal work, both briefing and oral argument."*

Thomas Cunningham (see p.1716) maintains a respected insurance and reinsurance practice and is well regarded for his expertise in bad faith and allocation disputes. He works closely with health and property-casualty insurers and demonstrates

impressive cross-border expertise.

Nick DiGiovanni (see p.1718) is recognized in the market as a leading reinsurance specialist, bringing over three decades of experience representing reinsurers and insurance carriers. He also heads Locke Lord LLP's reinsurance and insurance litigation groups. **Strengths:** *"Nick is the best litigator I have ever worked with."*

Daniel FitzMaurice of Day Pitney LLP is an experienced commercial litigator frequently sought after to handle reinsurance cases. **Strengths:** *"He has an excellent reputation for litigation and he's good to work with."*

James Ruggeri maintains an excellent reputation for his sophisticated insurance coverage litigation practice, counting national market-leading insurance carriers among his client roster. **Strengths:** *"Jim is a very smart lawyer who is savvy and understands legal complexities." "Jim Ruggeri is an icon in insurance coverage litigation." "Jim Ruggeri is the absolute best in his field."*

Margaret Warner (see p.1371) is a respected attorney who is acknowledged for her extensive capabilities in coverage litigation, reinsurance arbitrations and appeals for insurance industry clients. Her recent experience includes environmental, asbestos, sports injury and bad faith liability claims. **Strengths:** *"Peg is the best trial lawyer I have ever worked with." "She has deep knowledge and experience and provides the highest level of client service." "Peg is a tireless advocate and a force to be reckoned with. We are always grateful she is in our corner and there's no one we'd rather have representing us."*

Band 1

Covington & Burling LLP

What the team is known for Covington & Burling LLP has superlative bench strength and a level of expertise that set its superb practice apart as the pinnacle of policyholder representation across the USA. It houses some of the industry's most sought-after practitioners as well as an enviable list of blue-chip clients across a vast range of sectors. Consistently involved in the most cutting-edge, high-stakes litigation taking place around the globe, the team offers extensive expertise in acting for clients' interests in arbitration negotiations. The firm is experienced across a spectrum of coverage claims, including property damage, catastrophic loss and mass tort liability, among others.

Strengths

"Covington is a deep firm of excellent people."

"Covington has a really good team with strong subject matter expertise. The lawyers are easy to work with and responsive, with wonderful work product too."

"They do an excellent job understanding the client's needs and responding to them."

Work highlights Covington & Burling assisted Merck & Co. with completing settlements with all 33 of its property insurers relating to Merck's estimated \$1.4 billion losses resulting from the Malware known as NotPetya.

Notable practitioners

John Buchanan (see p.1313) is an experienced attorney who has significant expertise in handling complex insurance coverage disputes. He has notable experience in asbestos and environmental matters. **William Greaney** (see p.1327) is a well-known coverage litigator who typically

advises corporate policyholders in both state and federal courts. He is well versed in a range of different disputes including mass tort, environmental and IP cases. **Seth Schafner** (see p.2652) is well regarded in the nationwide insurance market, bringing extensive experience with the representation of finance and investment body clients in coverage disputes and risk management. **Strengths:** "He is very talented and knowledgeable." **Mitchell Dolin** (see p.1320) is a first rate policyholder attorney. His areas of expertise include antitrust, employment and mass tort among many others. **Strengths:** "He is very thoughtful and knows the area very well. He is efficient and effective in his advice." "He is a thought leader in the area." "Mitch is experienced and I am impressed with his advocacy." **Anna Engl** (see p.1323) is cochair of Covington's insurance practice group. She is well regarded for her handling of high value and complex matters. Her expertise encompasses a comprehensive range of insurance coverage issues, including those concerning cyber attacks.

Strengths: "Anna is fantastic. She has the right approach when it comes to managing her team, elevating the folks who work with her." "Anna is a rock star in all respects. She is very knowledgeable, responsive and experienced." **Donald Brown** (see p.1004) is a well-regarded insurance coverage practitioner with strong capabilities at trial and appellate level. He offers deep experience to a range of different industries including financial institutions, energy and pharmaceutical companies. **David Goodwin** (see p.1026) has over 35 years' experience representing policyholders in complex insurance disputes. His areas of expertise include property damage and business interruption cases. **Strengths:** "David has encyclopedic knowledge of case law." "He's a very smart intellectual." **Benedict Lenhart** (see p.1340) cochairs Covington's insurance practice group and is noted for his expertise in major insurance coverage disputes including property, product liability and cyber issues. He regularly acts for Fortune 500 companies. **Strengths:** "Working with Ben has been a very good experience. He has been in this field for a long time and has a lot of experience to draw upon." "He is very analytical, happy to discuss the pros and cons, and is open to creative resolutions." **Martin Myers** (see p.1053) is relied upon by prominent policyholder clients for representation in coverage disputes on an international scale. He is particularly experienced in working with high profile clients from the media and technology industries. **Strengths:** "We use him for our most difficult and sensitive disputes." "Martin is experienced and smart, and has good judgment."

Band 2

Anderson Kill PC

What the team is known for Anderson Kill PC fields a high quality team capable of handling multiparty disputes and taking on coverage matters in diverse areas such as asbestos liability, bodily injury, data breach and financial lines. It acts for a broad array of clients, ranging from state and municipal bodies through to major companies, in sectors such as technology and consumer products. Exclusively representing policyholder interests in insurance as well as wider commercial matters, the firm exhibits additional expertise advising clients in environmental liability disputes.

Strengths

"The team is very knowledgeable and thorough, demonstrating excellent communication and understanding of client expectations."

"It's a strong and well coordinated team that provides incredibly prompt responses."

Work highlights Anderson Kill was approved as special insurance counsel to the Committee of Asbestos Personal Injury Claimants and the Future Claimants' Representative in the Kaiser Gypsum Company asbestos bankruptcy in the Western District of North Carolina.

Notable practitioners

Robert Horkovich is held in high regard for his substantial expertise in representing policyholders in complex coverage disputes including asbestos and business interruption cases. He has

also taken several cases to state supreme courts.

Strengths: "Robert is a fount of knowledge and very client oriented." "He is a leader of the Bar who is knowledgeable and handles lots of high profile matters." "Robert is a fantastic lawyer with extraordinary competence in insurance recoveries." **William Passannante** has considerable experience assisting corporate policyholders with large scale coverage matters. He is noted for his strengths in D&O, product liability and asbestos insurance claims. **Strengths:** "He knows the insurance space inside and out."

Blank Rome LLP

What the team is known for Blank Rome LLP possesses wide experience in coverage work, handling diverse matters from major product liability cases and asbestos disputes to bodily injury claims in the professional sports world. It is particularly well regarded in areas including sexual abuse liability, False Claims Act cases and food recall coverage. Notably, the team is also skilled in a range of insurance issues across the energy and healthcare sectors and has significant expertise in cybersecurity coverage.

Strengths

"The team is able to see the big picture to get the best outcomes possible."

"Blank Rome sees issues from all sides and offers strategic solutions that are both effective and practical."

"The team provided excellent legal analysis and advice, as well as strong execution and advocacy."

Work highlights Blank Rome acted as lead counsel for Urban Edge Properties in a \$25 million COVID-19 business interruption claim involving insurance policies that expressly provide coverage for the presence of viruses. The client sought coverage from Allied World, its pollution liability insurer, for losses arising from the pandemic.

Notable practitioners

John Heintz has over 40 years of experience acting on complex insurance coverage cases, where he has a strong reputation. His extensive practice spans asbestos, environmental and D&O issues. **Strengths:** "John is very good, especially knowledgeable and has a very positive temperament under pressure." "John Heintz is a giant in this field." **Mary Craig Calkins** is a well-regarded insurance coverage attorney. She is regularly sought out by policyholders to act in complex disputes concerning D&O liability and cybersecurity, among other areas. **Strengths:** "Mary Calkins was always available and helped walk us through each step of the process in order." "She is brilliant, very analytical and has a lot of experience, so she knows how to approach problems to get the best results."

Linda Kornfeld is an experienced insurance practitioner noted for her skills in assisting clients in major coverage disputes. She frequently represents universities, telecommunication companies and nonprofit organizations. **Strengths:** "Linda is a well respected insurance lawyer." "Linda is the best policyholder coverage attorney I have ever worked with. I refer her everything I can." **James Murray** is cochair of Blank Rome's insurance recovery practice. He is highlighted for his experience advising clients on high-stakes coverage disputes. He

is particularly sought after for his expertise in claims involving sexual abuse. **Strengths:** “James has a grasp of larger issues at hand and wealth of experience in this space.” **Helen Michael** maintains a well-respected coverage practice. She represents policyholders in a wide range of matters, including coverage disputes arising out of data breaches and business interruption claims. **Strengths:** “Helen is an expert and totally stands out in the field for her knowledge of the law.” “Helen is one of the finest attorneys I know. She takes the time to understand an issue and always comes up with practical suggestions.” “Helen is a hard worker and very capable insurance lawyer.” **Jared Zola** is sought out by policyholders to provide representation on complex coverage claims concerning cybersecurity and COVID-19-related business interruption. He is also experienced in environmental and property damage disputes. **Strengths:** “He is very experienced and a strategic thinker who is calm, measured but also assertive.” “Jared is an exceptionally knowledgeable attorney who is gifted at framing and then presenting arguments and very fast at assimilating new knowledge and applying it to the matter at hand.”

Reed Smith LLP

What the team is known for Reed Smith LLP fields a versatile group offering an impressive geographical spread and a deep pool of talent to facilitate robust representation of policyholders across the full gamut of disputes work. It brings deep expertise in significant commercial general liability cases, including asbestos claims and environmental incidents. The team also demonstrates experience in a host of other matters such as business interruption, D&O and employee discrimination and exhibits considerable skill in coverage disputes within the financial sector, including securities issues and professional conduct matters. Notably, the firm has additional expertise in advising on catastrophic loss claims, including hurricane and wildfire concerns.

Strengths

“The team has impressive depth in both US insurance recovery work and international arbitration matters.”

“The team is organized, strategic and communicative. They provide solid advice supported by well thought-out research.”

“Reed Smith do a great job of breaking down very sophisticated issues into something understandable – they are really great at communicating what’s going on.”

Notable practitioners

John Ellison is a well-regarded practitioner with notable knowledge of insurance law. He has a respected practice handling insurance coverage disputes and bad faith claims, with notable capabilities in mortgage crisis-related insurance issues. **Strengths:** “He has a good practice and handles high profile, complex work.” “John is a very knowledgeable and excellent business partner.” “He is an excellent advisor and a tough advocate.”

David Halbreich frequently represents policyholders in the manufacturing, financial services and construction industries among many others. **Strengths:** “David is very knowledgeable and able to handle big-picture strategy and negotiations.”

“He is always ready to step in and do the front line work. He is always on my shortlist.” **James Cooper** is renowned for his work handling high-stakes litigation on behalf of corporate policyholder clients. **Strengths:** “Jim’s advice was what we needed to make quick business decisions.” **Courtney Horigan** handles insurance litigation for a broad base of policyholder clients, including leading pharmaceutical companies and financial institutions. **Strengths:** “She is an exceptional lawyer in the insurance space when it comes to coverage negotiations and claim settlements. She is a very strong advocate for her clients.” “An excellent communicator, she is very strategic and extremely intelligent.” **John Shugrue** (see p.1760) is highlighted for his skills in handling major insurance coverage disputes on behalf of policyholders. His areas of expertise include property damage, business interruption and pollution liability claims. **Strengths:** “John is an excellent litigator and one of the most knowledgeable attorneys in the country on insurance coverage disputes.”

Band 3

Cohen Ziffer Frenchman & McKenna LLP

What the team is known for Cohen Ziffer Frenchman & McKenna LLP is a highly respected policyholder boutique that regularly handles substantive insurance claims across the country. It has specific expertise in myriad coverage areas such as D&O, property damage, business interruption and construction defects. Its broad client list includes major players in the entertainment, energy and pharmaceutical industries.

Strengths

“The matters are very complex for a variety of reasons, the team’s service is outstanding.”

“The attorneys at Cohen Ziffer are incredibly knowledgeable and talented in the area of insurance coverage.”

“The team provides exceptional service and is solution-oriented.”

Work highlights Cohen Ziffer represented Clover Health Investments in the Superior Court of Delaware in one of the first decisions concerning coverage for a special purpose acquisition company (SPAC). The court ruled that the SPAC’s D&O insurers were liable for defense costs not only for the SPAC itself but also for its future officers and directors, in relation to underlying securities and derivatives actions.

Notable practitioners

Robin Cohen operates at the forefront of the policyholder Bar. She garners accolades for her premier insurance coverage practice, which incorporates disputes following D&O, fraud and class action claims, in addition to significant losses arising from natural disasters. **Strengths:** “Robin’s reputation precedes her; she is feared by the insurance industry.” “Robin Cohen is one of the best insurance policyholder trial lawyers in the country.” “Robin is an exceptional attorney.”

Kenneth Frenchman has notable expertise in coverage cases concerning property damage and business interruption, among other types of insurance. He represents policyholders across a broad range

of industries. **Strengths:** “Kenneth is a tactician who is also very good technically.” “Kenneth was an excellent lead on our insurance litigation.” “He is very thorough and technically minded.”

Jones Day

What the team is known for Jones Day has a thriving policyholder outfit that handles a broad range of traditional coverage areas as well as cutting-edge issues such as data breach and cyber risk. It also offers strength in managing cases of catastrophic loss, including associated business interruption and property damage claims. The team demonstrates skill in domestic and international disputes for clients from an array of industry sectors, including construction, energy and financial services.

Strengths

“Jones Day’s insurance team is very familiar with policies and has deep experience, which allows them to relate current issues to prior outcomes for faster resolution.”

“Jones Day is very commercially aware, intimately familiar with the day-to-day nuances of our business and deftly able to manage these dynamics while providing great outside counsel service.”

“Jones Day is very knowledgeable and practical, and the firm’s attorneys are all impressive.”

Work highlights Jones Day represented Astellas in coverage litigation against Federal Insurance Company seeking reimbursement for the cost of defending and settling allegations brought by the DOJ that Astellas violated the AKS and FCA concerning charitable donations to 501(c)(3) organizations that assisted patients with co-pays for pharmaceuticals.

Notable practitioners

Chair of Jones Day’s insurance recovery practice, **Tyrone Childress** is highly respected throughout the market for his expertise in insurance coverage disputes. He offers considerable experience in product liability, mass tort and catastrophic property losses. **Strengths:** “Tyrone has always been excellent.” “His level of expertise and knowledge is first class and I trust him implicitly.” “Tyrone is a superb, quick thinker who is experienced, strategic and able to quickly determine priorities and execute on them in a strategic fashion. He is an exemplary asset for us.”

Morgan, Lewis & Bockius LLP

What the team is known for Morgan, Lewis & Bockius LLP has a prominent nationwide insurance practice that provides strong trial representation and coverage expertise. It draws on deep knowledge of corporate restructuring as well as experience in product liability and mass torts. The team also advises clients on diverse matters such as captives and SPVs and offers considerable strength in long-tail liability matters including environmental contamination and asbestos-related issues. The firm also possesses notable experience advising clients on arbitration proceedings, particularly in London and Bermuda.

Strengths

“The team has a wide breadth of experience across different lines of coverage and deep knowledge of the insurance industry that lends itself to solid business and legal strategies.”

"They know how to litigate the complex cases and how to resolve them too."

"The firm provides excellent strategic thinking combined with targeted litigation strategy."

Work highlights Morgan, Lewis & Bockius represented Duke Energy Indiana in seeking insurance recoveries against multiple legacy general liability and excess insurers for amounts paid and incurred in connection with the closure of 18 separate and distinct coal combustion residuals units in Indiana.

Notable practitioners

Paul Zevnik is a recognized market leader at the insurance Bar and is active across high profile, long-tail and trailblazing disputes on behalf of policyholders. He expertly leads clients through disputes concerning product liability, cybersecurity, asbestos and business interruption. **Strengths:** *"Paul is a seasoned professional who knows what he is doing." "He is one of the best in the country." "He is one of the deans of the Bar - he never fails to find new strategies in an ever-changing market."*

Proskauer Rose LLP

What the team is known for Proskauer Rose LLP fields an excellent team of experienced trial lawyers as well as possessing strong arbitration capabilities. It maintains a strong following of corporate policyholder clients, including a significant number of hedge funds and private equity groups, and offers a broad spectrum of coverage expertise including noncontentious matters such as policy review. In addition, the firm demonstrates an impressive international capability with considerable knowledge across London market and Bermuda Form matters and possesses considerable knowledge of cyber insurance issues.

Work highlights Proskauer Rose represented Valeant Pharmaceuticals in coverage litigation against its D&O insurers under two separate insurance programs to cover the costs of defense and indemnity of securities litigation regarding its failed tender offer to acquire Allergan and significant stock drop litigations and regulatory matters.

Notable practitioners

John Failla (see p.550)'s multifaceted practice spans directors' and officers' liability, securities class action disputes, cyber losses and business interruption. **Strengths:** *"John is very clever, comes up with great arguments and is able to be far more commercial than adversarial."*

Band 4

K&L Gates

What the team is known for K&L Gates offers significant trial and arbitration experience, including London market expertise, in matters pertaining to environmental coverage, asbestos and product liability. It is also well-versed in bodily injury and business interruption and offers strong support

in insurance bankruptcy issues and the development of cyber risk policies. In addition, the team demonstrates considerable capability in complex construction defect and D&O liability matters and offers notable expertise in catastrophic loss disputes.

Work highlights K&L Gates represented Wyndham Hotels & Resorts in insurance coverage litigation in connection with the defense of and potential liability for alleged human trafficking violations at franchised hotel locations in various jurisdictions across the country.

Notable practitioners

David McGonigle is a key contact, based in the Pittsburgh office.

Perkins Coie LLP

What the team is known for Perkins Coie LLP has deep experience in resolving tough disputes on behalf of policyholders and is particularly knowledgeable in disputes involving the Bermuda Form. Its distinguished client roster includes major players in the utilities and natural resources sectors, as well as a significant number of technology companies. In addition, the team advises clients on novel areas such as cyber risk as well as on more traditional areas of coverage and has notable skill in toxic tort, professional liability and bankruptcy matters.

Strengths

"The team at Perkins Coie is very knowledgeable and a go-to for complex matters."

"The depth and breadth of their team is very strong."

Work highlights Perkins Coie successfully represented Godiva Chocolatier in litigation against two insurers regarding D&O liability coverage for underlying consumer protection and false advertising class actions.

Notable practitioners

Chair of Perkins Coie LLP's insurance recovery practice, **Selena Linde** is a widely regarded insurance coverage litigator. She is sought after by household name corporate policyholders in complex coverage suits, including claims arising from bankruptcies. **Strengths:** *"Selena is a very good strategist who is always thinking several steps ahead. She can anticipate the opposition's arguments and is constantly considering how to maximize the client's leverage for the next steps in the case." "Selena is pragmatic with an incredible understanding of the market."*

Pillsbury

What the team is known for Pillsbury exhibits significant experience advising policyholder clients across a range of sophisticated insurance coverage disputes. It offers expertise handling environmental, D&O and product liability claims and is knowledgeable regarding insurance matters in the energy, construction and utilities markets.

Notable practitioners

Mark Plumer stands out for his exemplary work

for energy and manufacturing sector clients in particular. He is well versed in the handling of cross-border disputes. **Strengths:** *"Mark is savvy and has business acumen. He is able to navigate who to contact and coordinate with." "He is one of the best known for work with utilities. He's very good, well known and experienced." "Mark is smart and very strategic. Clients love him." Peter Gillon is a respected attorney with a wealth of experience handling insurance coverage matters. He regularly represents policyholders in disputes concerning D&O coverage, pollution and business interruption. **Strengths:** *"Peter is experienced, forceful when needed and has a good reputation for getting results." "He is incredibly commercial."**

Other Ranked Lawyers

Timothy Burns of Burns Bair LLP garners recognition for his expertise in professional liability disputes as part of a broad contentious coverage practice. **Strengths:** *"He is smart, strategic, professional and prepared." "Tim is not just super smart, but offers wonderful practical solutions to problems and is always open to comments." "I have found him to be very professional and very able to deal with the issues."*

Lorelie Masters (see p.1344) of Hunton Andrews Kurth LLP is recognized for her comprehensive insurance coverage and reinsurance practice, which includes notable capabilities with Bermuda Form arbitrations. **Strengths:** *"Lori continues to be a leader for the policyholder coverage Bar." "Lorelie is a very experienced and accomplished insurance coverage lawyer."*

Kirk Pasich (see p.1059) of Pasich LLP operates a preeminent nationwide practice on behalf of policyholder clients, who rely on his advocacy in product liability, directors and officers, property loss and other first and third party loss disputes. **Strengths:** *"Kirk is about as good as it gets in the industry. He's a very talented advocate and skillful negotiator, yet someone that compromises when it is in his client's interest to do so." "Kirk is cutting edge and brilliant on coverage." "Kirk is brilliant and his accomplishments are legion. He is also collegial, approachable, has a true passion for his work and loves to try cases."*

Andrew Reidy of Nossaman Sandler LLP has a broad insurance practice, drawing on three decades of coverage litigation experience in both state and federal courts. His expertise encompasses asbestos, business interruption, cyber and D&O-related claims. **Strengths:** *"Andrew handles complex work in the area." "Andrew is a skilled advocate who is very strategic and thinks four or five steps ahead." "He is always thinking about client needs and gets into the detail."*

Band 1

Debevoise & Plimpton LLP

What the team is known for Debevoise & Plimpton LLP demonstrates truly outstanding credentials in M&A matters in the insurance industry, with extensive transactional experience as well as top notch regulatory know-how. It provides complementary expertise in the capital markets and tax arenas and imparts high class advice on capital management. Notably, the team counsels some of the biggest insurers and financial institutions around the globe on deals of the most complex and high profile nature. In addition, it provides domestic and international expertise, with strength in London and Hong Kong and offers experience in emerging insurance market work.

Strengths

"The most important reason that I choose Debevoise is that they are incredibly commercial. The entire team is focused on getting things done for clients rather than finding reasons not to do trans-

actions."

"The team invariably brings an intelligent, creative and resoundingly capable team to the table on our most significant transactional and regulatory matters."

"Debevoise is our go-to firm for complex and novel transactions."

Work highlights Debevoise & Plimpton LLP advised Fortitude Re on its \$28 billion reinsurance transaction with Lincoln Life Insurance Company, where Lincoln will reinsure a large piece of its universal life insurance and fixed annuity business to Fortitude subject to customary regulatory approvals.

Notable practitioners

Nicholas Potter serves as cochair of Debevoise & Plimpton's financial institutions group. He is highly respected for his experience advising a variety of clients, including insurers, private equity firms and financial institutions. **Strengths:** "Nick is at the top of the New York food chain. He has the gravitas, everyone knows him and he knows everything and everyone in this space." "The best deal lawyer in the industry for insurance M&A, hands down." "Nick advises his clients with a level of commercial sophistication that is unmatched."

Alexander Cochran enjoys a strong reputation among clients for his experience handling corporate transactions. He has particular expertise in high value reinsurance deals. **Strengths:** "Alexander is smart and client oriented." "Alex is technically impeccable, very focused on finding solutions and drives deals to completion." "He has delivered a highly effective combination of consistent energy, intellectual depth and practical negotiating acumen to the work that he has overseen." **Marilyn Lion** is experienced in the handling of a broad range of transactional matters for key insurance carriers, including strategic mergers and acquisitions. **Strengths:** "Marilyn is really good. Clients love her." "She is able to explain extremely complicated terms in a way which is understandable and comprehensive." "She is outstanding. Marilyn is great to work with, she knows her stuff and clients love her."

Willkie Farr & Gallagher LLP

What the team is known for Willkie Farr & Gallagher LLP fields an exceptionally talented transactional practice with high caliber regulatory experts among its ranks, offering its enviable roster of clients a comprehensive range of advice. It is highly experienced in the life and health spheres, has notable expertise in specialty lines and is known for its ability to handle headline-grabbing M&A deals as well as alternative risk transfer solutions and capital markets transactions. The team has particular expertise in advising on catastrophic bond matters and offers notable experience on major international deals, including matters involving London and Bermuda.

Strengths

"Willkie Farr is able to understand and advise upon complex matters in a user-friendly, pragmatic and timely manner."

"Willkie Farr's ability is, in my experience, unrivaled. No matter how complex the matter, I believe that we

are in very capable hands."

"They consistently provide thoughtful and impactful counsel on complex insurance regulatory matters that is tailored to the needs of our business."

Work highlights Willkie advised Orange Insurance Exchange, a reciprocal insurer, on its formation and launch in the Florida property insurance market.

Notable practitioners

Alexander Dye (see p.2562) is held in high regard by peers and clients alike for his expertise in high value mergers and acquisitions. He also offers significant experience advising issuers and underwriters on financing matters, and serves as cochair of Willkie Farr & Gallagher's insurance transactional and regulatory practice. **Strengths:** "I have a lot of respect for him."

Michael Groll (see p.2582) maintains a broad transactional insurance practice, including advising clients on mergers and acquisitions as well as public and private securities offerings. He often represents insurance companies, underwriters and investment banks as well as investors. **Strengths:** "There is no one better at leading a team and ensuring we have what we need and the right attorneys are assigned to the matter."

John Schwolsky (see p.2656) wins marketwide recognition for his expertise in insurance M&A and securities offerings, representing both issuers and underwriters. **Strengths:** "John is very hands on and knows the space and the issues well." "He is experienced, top tier and as smart as they come."

"He is highly experienced, an excellent negotiator and as responsive and client service-oriented as any lawyer I have worked with." **Kara Baysinger** (see p.1001) comes recommended for her significant expertise advising on regulatory issues. She cochairs Willkie Farr & Gallagher's insurance regulatory and insurtech groups. **Strengths:** "She's a great advocate who is very knowledgeable." "Kara is thoughtful and provides practical advice. She leverages her deep knowledge and relationships with regulators." **David Luce** (see p.2611) is sought after by insurers and financial services clients for his expertise in M&A, stock offerings and investments. **Strengths:** "David is a great lawyer who is very responsive and highly intelligent." **Allison Tam** (see p.2668) is highly sought after by insurance industry clients to advise on regulatory matters in the context of complex transactions, with expertise assisting with domestic and international mandates. **Strengths:** "Allison is very sharp."

Band 2

Sidley Austin LLP

What the team is known for Sidley Austin LLP is a leader in alternative risk transfer, with catastrophe bonds, reinsurance sidecars and life insurance securitization among an impressive range of capabilities in this area. It also fields a strong practice in financing as well as offering significant M&A experience and has worldwide regulatory expertise. The practice is also proficient in advising clients on their most sophisti-

cated and difficult transactions, including those at the cutting edge of the industry.

Strengths

"Sidley has a fantastic, broad based practice."

"Sidley consistently provides practical advice on our most complex regulatory matters. Their counsel is down to earth and well tailored for non-lawyer audiences."

"Every member of the Sidley team knew their field of work completely and made me feel confident that I had hired the right team for the job."

Work highlights Sidley Austin LLP represented Lincoln Financial Group in its \$28 billion reinsurance transaction with Fortitude Re.

Notable practitioners

Jonathan Kelly (see p.2599) coleads Sidley Austin's global insurance and financial services group and leads the firm's insurance practice in New York and Boston. He is noted for his expertise in high value insurance M&A and restructuring transactions, and has considerable experience acting for clients across the health sector. **Strengths:** *"Jonathan is fantastic. He's very commercial, practical and clients like him." "Jon is incredibly talented lawyer with an deep level of experience who can consistently be relied upon to deliver best-in-class service." "He is among the most knowledgeable and practical deal lawyers in the insurance space."*

Perry Shwachman (see p.1760) leads Sidley Austin's global financial institutions group. He has extensive expertise in a range of matters including mergers, acquisitions and reinsurance agreements. **Sean Keyvan** (see p.1735) leads Sidley Austin's global insurance M&A practice. He is extremely experienced in managing complex transactions as well as advising on regulatory issues in the insurance industry. **Strengths:** *"Sean is an attentive, creative and responsive partner."*

Amanda Todd (see p.1764) is sought after by clients, particularly in the life insurance sector, for her expertise in reinsurance transactions. She co-leads Sidley Austin's global insurance practice and leads the financial institutions group in Chicago and Miami.

Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates

What the team is known for Skadden fields a renowned M&A practice that also demonstrates regulatory strength, enabling it to oversee an impressive array of highly sophisticated transactions in the insurance industry. Bolstered by deep relationships with major financial institutions, it also manages company formations, restructurings, capital raising and reinsurance and has notable expertise in the property, casualty, life and health spheres. The team handles complex international matters including those involving Europe, Bermuda and South America and offers significant experience advising a wide range of clients including specialty insurers and reinsurance providers.

Strengths

"Skadden is a one-stop shop with excellent depth and experience in all legal areas critical to us."

"They are particularly good at distilling technical legal issues into recommendations that non-lawyers can act on."

"Skadden is our go-to firm for the most complex

and sophisticated matters."

Work highlights Skadden advised Liberty Mutual Insurance Company on the \$1.5 billion sale of its Liberty Seguros personal and small commercial businesses in Latin America to HDI International, as well as the \$2.5 billion sale of Liberty Seguros in Spain to Generali Group.

Notable practitioners

Todd Freed (see p.2570) leads Skadden's insurance M&A practice and is well respected for his expertise in a wide range of matters, including the formation of joint ventures and capital-raising transactions. His clients include bidders, target companies, private equity firms and investment banks. **Strengths:** *"He is hands-down the best transaction lawyer I have ever worked with. He offers supernatural levels of service, sophistication and commercial vision." "He's very smart and experienced, he handles a lot of M&A." "Todd is one of the best in the business. He is incredibly thoughtful and always available and willing to engage in questions."*

Band 3

Eversheds Sutherland (US) LLP

What the team is known for Eversheds Sutherland LLP has core expertise in insurance regulatory matters, complemented by a robust transactional practice undertaking significant M&A work on behalf of major insurers and reinsurers. It also takes an active role in shaping insurance legislation and market development and provides support for both national and international clients in large global and domestic transactions. The team operates within the London and Bermuda markets and has expertise in state and federal tax as it relates to the US insurance industry.

Strengths

"Eversheds is always very responsive and efficient. The team is commercial, pragmatic in its approach and strong on complex transactions in pressurized scenarios."

Work highlights Eversheds represented Pan-American Life Insurance Company in its acquisition of Encova Life Insurance Company, an Ohio-domiciled life insurance company, from Motorists Commercial Mutual Insurance Company.

Notable practitioners

Cynthia Shoss (see p.2660) offers noteworthy expertise in complex regulatory issues. She is regularly called upon to advise clients on the regulatory aspects of M&A transactions and restructurings. **Strengths:** *"Cynthia is pragmatic and I hugely value her judgment and robust advice."*

Bert Adams (see p.2527) is regularly called upon to advise major financial services companies on high value mergers and acquisitions within the insurance sector. **Strengths:** *"Bert has a good reputation for being smart and commercial." "Bert demonstrates an exceptional ability to process complicated concepts and communicate them in real time to a wide variety of client constituents." "Bert is exceptional to work with. He is always responsive and able to immediately synthesize information and provide thoughtful advice."* **James Dwyer** (see p.2562) is an experienced transactional lawyer

with noted expertise advising insurance-sector clients on matters including M&A, restructurings and regulatory approval. **Strengths:** *"Jim is very good at taking a complex topic or matter and breaking it down into easily understood terms." "He is able to provide detailed, practical and actionable advice in the M&A space."*

Mayer Brown LLP

What the team is known for Mayer Brown LLP fields a well-rounded practice, offering considerable transactional expertise covering not only insurance M&A, but also a broad spectrum of other areas, including insurance-linked securities, structured reinsurance transactions and pension de-risking. It also counsels clients on issues such as tax compliance and cybersecurity matters and acts on behalf of intermediaries, banks and investors as well as insurance and reinsurance entities. Notably, the team also exhibits additional experience advising clients on insurtech issues.

Strengths

"The Mayer Brown team consistently navigates intricate legal and financial structures with remarkable precision and efficiency. Witnessing its ability to seamlessly orchestrate multi-jurisdictional transactions and address nuanced regulatory considerations leaves a lasting impression."

"The firm is highly conversant in underlying issues relating to complex transactions, with a deeply experienced bench."

"They have a very strong insurance transactional group, from partners to associates. They lead the market in terms of awareness of the commercial marketplace and connection to new and emerging issues."

Work highlights Mayer Brown LLP represented QBE Insurance Group Limited in the sale of its diversified portfolio of business, covering International and North America financial lines, European and North American reinsurance portfolios and several US discontinued programs, to Enstar Group Limited through a \$1.9 billion loss portfolio transfer.

Notable practitioners

Lawrence Hamilton (see p.1728) leads Mayer Brown's US insurance regulatory practice. He regularly advises insurance and reinsurance companies on strategic transactions and also assists with regulatory issues. **Strengths:** *"Larry Hamilton is my first call for any US insurance regulatory matter." "Larry always provides thoughtful advice and guidance on a myriad of issues."*

Sullivan & Cromwell LLP

What the team is known for Sullivan & Cromwell LLP fields a well-regarded team with well-honed M&A skills and deep knowledge of cutting edge insurance regulatory matters as well as the development of the US federal insurance regulatory framework. It also possesses experience in other areas, such as private equity, tax and capital markets issues and has a notable aptitude for handling deals with significant cross-border elements.

Strengths

"The team was super knowledgeable in terms of what we needed to do."

"They are an excellent resource on complex mat-

ters.”

Work highlights Sullivan & Cromwell advised Allianz X, the digital venture capital arm of Allianz SE, in its minority investment in Next Insurance.

Notable practitioners

Marion Leydier is a key contact based in the New York office.

Other Ranked Lawyers

Gary Boss (see p.2539) of Latham & Watkins LLP primarily advises on the formation of insurance

and reinsurance companies as well as a variety of other transactional matters. **Strengths:** “Gary is smart and has high energy.” “Gary provides great strategic guidance on complex matters.” “Gary is very knowledgeable and a good sounding board for negotiating strategies.”

Thomas Dawson (see p.2557) of McDermott Will & Emery LLP advises insurance industry clients on a range of noncontentious matters, with notable regulatory expertise. **Strengths:** “Tom provides detailed information and is always extremely responsive and helpful.” “Tom is very approachable and knowledgeable on US regulatory matters.”

Michael Halsband (see p.2583) is the global leader of McDermott Will & Emery’s insurance transactions and regulation group. He is well placed to advise on both insurance and reinsurance transactions. **Strengths:** “Michael possesses sophisticated transactional skills that translate well into getting difficult or complex deals across the line.” “Michael has good knowledge of the market and the ability to represent his client from both a legal and commercial perspective. His advice is direct and to the point and he is able to home in on the key issues.”

a global essential patent cross license consistent with FRAND between the parties. The amount in dispute was over \$5 billion over the lifetime of the agreement.

Notable practitioners

Theodore Stevenson (see p.3271) adroitly handles patent infringement litigation and appeals, with particular expertise in technology and telecommunications mandates.

ArentFox Schiff LLP

What the team is known for ArentFox Schiff is a go-to resource for global names in entertainment and broadcasting, with a particularly strong client base in the fashion industry. Expertise in the full range of nonpatent matters including copyright, trade dress, designs and trademark disputes and prosecution. Offers notable counseling and advisory services to help clients manage their portfolios on a global basis.

Strengths

"The ArentFox attorneys possess comprehensive knowledge and deal with matters in an efficient manner."

"ArentFox has the ability to scale up without loss of quality do to its strong breadth and depth."

Work highlights ArentFox Schiff LLP advised Qualcomm as their primary US patent prosecution counsel, managing over 19,000 cases worldwide for the semiconductor chip supplier, filing over 1,000 per year.

Notable practitioners

Anthony Lupo is a highly regarded trademark lawyer who acts for a wide-ranging client base.

Arnold & Porter

What the team is known for Arnold & Porter has a comprehensive and broad-ranging group, well versed across the full spectrum of IP matters. Possesses an excellent trademark and copyright practice offering advice on transactional, prosecution and enforcement issues to a distinguished roster of clients in luxury goods, media and sports. Also excels in patent litigation and prosecution work for leading names in the technology and life sciences spaces, with a particularly strong practice in post-grant proceedings.

Strengths

"The Arnold & Porter attorneys are brilliant writers, practical advisers and wonderful strategists."

Work highlights Arnold & Porter represented Sanofi and Regeneron Pharmaceuticals in a biotechnology case against Amgen before the District Court, Federal Circuit and US Supreme Court. The case raised issues relating to the scope and validity of antibody patents and the proper enablement test.

Notable practitioners

Matthew Wolf maintains a strong reputation for his work in patent disputes in relation to life science technologies as well as computer hardware, software and networks. **Strengths:** *"Matthew is a skilled litigator and a terrific strategist."* *"Matt is a brilliant first chair trial lawyer who is very sensitive to business needs and interests."* *"Matt is a fantastic trial and appellate attorney. He is very quick on his feet and has a very approachable demeanor."*

Baker Botts L.L.P.

What the team is known for Baker Botts provides comprehensive patent support, assisting clients in electronics and life sciences with the acquisition, monetization and protection of IP rights. An excellent litigation practice noted for its enviable record in district and federal court. Recognized for work in IPRs before the PTAB, as well as patent proceedings before the ITC and Customs and Border Protection. Regularly argues patent appeals at the US Court of Appeals for the Federal Circuit.

Strengths

"The Baker Botts team is responsive and attentive to details."

"Baker Botts has a team of highly qualified attorneys with special expertise in IP matters."

Work highlights Baker Botts LLP obtained a jury verdict for client Textron Innovations against SZ DJI Technology in a patent infringement dispute.

Notable practitioners

Michael Hawes (see p.580) chairs the firm's Federal Circuit appeals group and offers impressive experience handling high-stakes appeals involving highly technical intellectual property.

Cooley LLP

What the team is known for Cooley provides powerful trial and USPTO representation to leading technology and life sciences companies, frequently acting on matters including medical device and drug patents. Sophisticated advice on licensing arrangements and IP-heavy M&A transactions, as well as expertise in prosecuting a wide range of complex and business-critical patents.

Strengths

"Cooley has a talented bench with an ability to handle complex IP strategy and portfolio management."

"The Cooley attorneys are highly skilled and exceptionally talented, and understand our needs."

"Cooley has the resources and knowledge to adapt to any fact pattern, jurisdiction and case."

Work highlights Cooley LLP represented Meta Platforms in patent infringement litigation against USC IP, who alleged that the basic functionalities of Facebook's Feed product (formerly News Feed), including liking stories and advertisements, infringed USC IP's website navigation patent.

Notable practitioners

Heidi Keefe is a respected patent litigator with notable experience handling major disputes for leading technology companies. She frequently appears in a range of venues, including federal courts and the ITC. **Strengths:** *"Heidi is excellent and is a very strong leader."* *"Heidi is fantastic. She's a great personality and a great lawyer."*

Covington & Burling LLP

What the team is known for Covington & Burling has a renowned litigation practice representing the biggest names in the life sciences, pharmaceutical and hi-tech sectors. Possesses a particularly deep bench of patent litigators, and is recommended for representations in ITC Section 337 investigations as well as before the PTAB, and in Hatch-Waxman litigation.

Strengths

"The Covington team is fantastic. The attorneys

really understand the issues and are excellent writers.”

“The Covington team has a great depth of legal knowledge and experience, and is able to understand and explain complex scientific subject matter.”

Notable practitioners

Robert Haslam (see p.1029) brings substantial experience in high-stakes IP disputes. He is particularly noted for his work in patent and trade secrets litigation and regularly acts for major life sciences and technology sector clients. **George Pappas** (see p.662) operates a highly respected pharmaceutical patent practice, offering significant experience in Hatch-Waxman litigation and other complex disputes.

Debevoise & Plimpton LLP

What the team is known for Debevoise has a top class practice with a sophisticated focus on the most complex copyright, trademark, trade dress and false advertising matters. Typically acts for world-famous brands in a wide range of industries, including media and entertainment, sports and consumer products, among others. Solid domestic practice complemented by strong international capabilities. Draws upon notable knowledge of the financial services sector to advise on IP issues involving related technology.

Strengths

“The Debevoise team is always extremely thorough, detail oriented and great at communicating.”

“The Debevoise attorneys are subject matter experts who offer practical solutions.”

Work highlights Debevoise & Plimpton LLP represented Grubhub in a trademark case against Kroger and Home Chef regarding the parties’ respective logos, both of which include a fork and knife image inside a house.

Notable practitioners

David Bernstein heads the firm’s IP litigation group and is a preeminent trademark lawyer with decades of experience acting for household brands. **Strengths:** *“David is a real litigation rockstar and worked miracles for us.” “David carries a tremendous amount of experience and expertise in the trademark infringement space.” “David’s ability to work seamlessly and collaboratively and to acclimate and adapt to the style of practice in different jurisdictions really stood out.”*

Desmarais LLP

What the team is known for Desmarais is a respected New York-based IP boutique with an excellent reputation for providing high quality representation in patent disputes. The firm acts for notable clients in a range of industry sectors, including electronics and biotechnology.

Strengths

“The Desmarais team is excellent and brings a brilliant strategic approach to the courtroom.”

“Desmarais has a deep bench of incredible trial lawyers who get great results.”

Work highlights Desmarais LLP represented Ravgen against LabCorp in a patent infringement case regarding Ravgen’s non-invasive prenatal genetic testing patent.

Notable practitioners

John Desmarais (see p.2558) maintains a strong

reputation as a leading IP litigator with extensive experience representing major technology-sector clients in high-stakes patent disputes. **Strengths:** *“John has an excellent ability to run a courtroom.” “John is very well regarded and is extremely smart.” “John is a strategic thinker and really has his eyes on winning from the start.”*

DLA Piper LLP (US)

What the team is known for DLA Piper has a broad patent practice assisting with patent prosecution, rights strategy and commercial transactions. Substantial litigation experience, appearing before the ITC and PTAB as well as district and federal courts. Also handles patent prosecution matters, licensing and portfolio management. Growing presence in the medical devices and life sciences space in addition to established expertise in the automotive sector. Offers additional expertise handling trademark disputes and non-contentious counseling.

Strengths

“The DLA Piper team is extremely attentive and provides guidance that yields favorable results.”

“DLA Piper has a full understanding of the issues and provides great guidance.”

“The DLA Piper team is extremely knowledgeable and helpful.”

Notable practitioners

Fenwick

What the team is known for Fenwick has an acclaimed national IP group that represents emerging and established companies in all manner of litigation, prosecution and transactional matters. Exceptional strength in acting for technology-sector clients, with added expertise in other sectors such as life sciences, consumer goods and manufacturing. The group also possesses strong trademark and copyright expertise in the intellectual property space.

Strengths

“The Fenwick team is very strategic and pragmatic.”

“The Fenwick team is measured, organized and understandable.”

“The firm has provided thoughtful guidance on complex IP issues and offers broad and deep expertise.”

Work highlights Fenwick helped Amazon secure a full defense jury verdict in a long-running patent dispute brought by TrackTime related to Amazon’s Music and Audible service.

Notable practitioners

David Hayes maintains a respected IP practice advising clients on both contentious and non-contentious matters. He frequently acts for notable tech-sector clients.

Finnegan, Henderson, Farabow, Garrett & Dunner LLP

What the team is known for Finnegan Henderson is a standout boutique offering expert advice on the full range of IP matters with particular expertise in the electronics, biotechnology and consumer products arenas. Robust patent group which excels at bet-the-company cases before the USPTO, ITC and domestic courts. Also recognized for its capabilities before the PTAB. Regularly retained to protect the trademarks and

copyrights of some of the world’s most recognized brands.

Notable practitioners

Michael Jakes heads the firm’s appellate practice, regularly appearing before the ITC, district and federal courts in IP disputes. He is particularly noted for his work representing tech companies in patent litigation. **Strengths:** *“Michael is a phenomenal lawyer.” “Michael is really effective, down to earth and a very poised lawyer.”*

Fish & Richardson PC

What the team is known for Fish & Richardson is a stellar litigation group that continues to be among the most prolific in trial, appellate and administrative patent proceedings, and supplemented by a stable of lawyers providing prosecution and transactional support. Enjoys a fine track record for its work before the ITC. Particularly noted for representation of clients from the hi-tech sector. Complemented by expertise in international markets including Europe and Asia.

Strengths

“Fish & Richardson has a highly professional team with multiple technical competencies.”

“The team at Fish is extremely good at dealing with complex matters, quickly providing considered and pragmatic advice.”

“The service provided by the Fish & Richardson team has been impeccable – they are extremely responsive.”

Work highlights Fish & Richardson PC represented LG Electronics against Intellectual Ventures in a case regarding a breach of a patent license agreement and tortious interference with the patent license agreement.

Notable practitioners

Juanita Brooks is lauded for her trial and appellate practice, regularly acting in high-stakes patent litigation relating to medical technology and pharmaceuticals. **Strengths:** *“Juanita is fantastic attorney and a true trial lawyer.” “Juanita is outstanding.” “Juanita is an amazing litigator.”* **Ruffin Cordell** is a preeminent trial attorney with vast experience in patent infringement litigation. He is frequently called upon by leading technology sector clients for representation in high value disputes. **Strengths:** *“Ruffin is a great guy who is excellent with juries and is a very clever strategist.” “Ruffin is easy to work with and does a great job of explaining case strategy.” “Ruffin is a fantastic trial attorney who is terrific in court, very persuasive and has in-depth knowledge due to his background in the patent office.”*

Fross Zelnick Lehrman & Zissu PC

What the team is known for Fross Zelnick is renowned in the field of trademark and copyright law, with an excellent track record advising global brands on litigation, commercial deals and anti-counterfeiting matters. Also offers expertise in domain name registration and enforcement, as well as strength acting in appellate proceedings before the TTAB.

Strengths

“The Fross Zelnick team offers a high level of service and responsiveness.”

“The team has an outstanding ability to handle complex matters before the TTAB. They approach

every detail with careful thought and tactical positioning.”

“The Fross team has the breadth and depth needed to handle both local and international intellectual property matters.”

Work highlights Fross Zelnick Lehrman & Zissu PC represented Chatham Imports and its Farmers Gin brand. The firm prevailed at trial before the TTAB against a competitor’s application to register the mark ‘Farmer Forward’ for spirits, on grounds of likelihood of confusion.

Notable practitioners

Lydia Gobena, Laura Popp-Rosenberg, Leo Kittay and James Weinberger are key contacts.

Gibson, Dunn & Crutcher LLP

What the team is known for Gibson Dunn maintains a fine reputation for its handling of patent litigation and post-grant proceedings. Draws upon the notable industry experience of many members of the team to advise a varied roster of clients, including global pharmaceutical manufacturers and leading names in the media, technology and software arenas.

Strengths

“Gibson Dunn is the total package. The team is full of skilled lawyers who are able to analyze the technical merits of the case and build case strategies around them.”

“The Gibson Dunn team is super strategic, but also very practical and really understands our business.”

Work highlights Gibson Dunn & Crutcher LLP represented Dell, EMC and VMware in a \$435 million patent infringement suit brought by WSOU Investments over 12 patents.

Notable practitioners

Josh Krevitt (see p.2604) co-chairs the firm’s IP group and maintains an impressive practice spanning high-stakes patent disputes in both the pharmaceutical and tech spheres. **Strengths:** *“Josh is a very skilled trial lawyer.” “Josh is cool, calm and collected. He’s very strategic in his thinking and is a great person to have on a high risk issue.”*

Goodwin

What the team is known for Goodwin has notable strength acting for generic pharmaceutical manufacturers in Hatch-Waxman and biologics litigation. Extensive experience representing eminent technology companies in high-stakes patent disputes. Also offers a strong appellate practice with experience at the Federal Circuit and the Supreme Court. Additional strength in IPR work.

Strengths

“Goodwin possesses some of the finest IP appellate lawyers in the country.”

“The Goodwin team is incredibly responsive and always available for whatever we need.”

“The Goodwin team is creative and solution oriented.”

Work highlights Goodwin represented Samsung Electronics in ITC litigation regarding the client’s line of outdoor displays.

Notable practitioners

William Jay (see p.595) has impressive depth and breadth of experience litigating major IP appeals at the Federal Circuit and Supreme Court. **Neel Chatterjee** operates a respected IP practice which spans both patent and trade secret litigation.

His clients include leading technology and media companies. **Strengths:** *“Neel is great on his feet.”*

Greenberg Traurig, LLP

What the team is known for Greenberg Traurig is noted for its global patent litigation and prosecution practice. The team represents an impressive client roster of leading pharmaceutical and technology companies and offers substantial expertise in inter partes review proceedings and Hatch-Waxman litigation. The team also draws upon the firm’s international footprint to offer expertise in cross-border matters.

Strengths

“The Greenberg Traurig team is outstanding in all aspects of their work.”

“GT always brings world-class talent with deep expertise and specialization on any topic we need.”

“Greenberg Traurig provides pragmatic, helpful and actionable advice.”

Work highlights Greenberg Traurig secured a complete victory in a declaratory judgment action filed by Chewy against IBM.

Notable practitioners

Groombridge, Wu, Baughman & Stone LLP

What the team is known for Groombridge, Wu, Baughman & Stone LLP is a newly-established patent litigation boutique formed by a group of leading former big law IP attorneys. The firm houses substantial expertise in all forms of complex patent disputes, and counts major life sciences and tech firms amongst its clients.

Strengths

“The Groombridge team has a good mix of junior and senior attorneys with great legal expertise who are able to quickly understand the science and technology of a case.”

“The team is very responsive and very efficient.”

Work highlights Groombridge, Wu, Baughman & Stone LLP represented 10x Genomics and Stanford University in a patent litigation against Parse Biosciences regarding technology relating to single-cell sequencing. The team are also representing 10x on the validity of these six patents in the PTAB.

Notable practitioners

Nicholas Groombridge is a leading patent litigator with a depth of expertise across the most complex of life sciences IP disputes, including those relating to biotech, medical devices and drug patents. **Strengths:** *“Nick is a wonderful advocate. He is very smart and practical with a great depth of experience that allows him to assess unique solutions to complex problems.” “Nick is a strong strategic thinker and has a great courtroom presence.” “Nick has exceptional legal expertise coupled with pragmatism.”*

Irell & Manella LLP

What the team is known for Irell & Manella is a much-admired IP litigation group, best known for work in the patent space, with a reputation that extends far beyond its California base. Retained by market-leading clients in hi-tech and life sciences, and also regularly sought after to provide counsel to startups and emerging compa-

nies. Expertise extends to trademark portfolio management and copyright counseling.

Strengths

“Irell is, by far, the most attentive of all the firms I have worked with when it comes to addressing client concerns and considering client input.”

“Irell has an exceptional team across the board. It has consistently outperformed other firms when it comes to high-stakes IP matters.”

“It is a premier firm for the trial of patent cases and our go-to firm in that field. From top to bottom, Irell has one of the best trial and support teams I have ever dealt with.”

“The Irell lawyers are experts in patent litigation. They are both strategic and knowledgeable about this complex area of the law.”

Work highlights Irell & Manella LLP obtained a \$303 million verdict for Netlist in a suit against Samsung involving five patents relating to computer memory technology.

Notable practitioners

Morgan Chu maintains an enviable reputation for his sophisticated IP litigation practice. His extensive client roster includes leading pharmaceutical, tech and retail sector corporations. **Strengths:** *“Morgan has an ability to distill complex issues and situations into basic principles and simple concepts in order to provide rock-solid advice.” “Morgan is a fantastic lawyer.”*

Jenner & Block LLP

What the team is known for Jenner & Block has a top quality litigation offering from the firm’s California office, noted for copyright disputes in the music industry. Also advises leading publishers, broadcasters and other content owners on how to protect and enforce copyrights and trademarks. Additionally recognized for its strong trade secrets offering. Its West Coast location also allows a strong focus on assisting Japanese companies engaged in IP litigation in the USA.

Strengths

“The Jenner team has exceptionally strong subject matter expertise in complex and sophisticated issues.”

“Jenner & Block’s IP team provides unique skills, excellent legal perspective and excellent service.”

Work highlights Jenner & Block LLP represented RIAA and member companies Sony Music Entertainment, Universal Music Group and Warner Music Group, in two separate copyright infringement actions against two ISPs, Grande Communications and RCN Telecom Services for allowing customers to commit infringement using BitTorrent.

Notable practitioners

Andrew Bart maintains a respected intellectual property practice in which he draws upon his deep knowledge of the music and entertainment industries to advise clients across a broad range of trademark and copyright issues, including royalty rates and infringement cases. **Strengths:** *“Andrew is super knowledgeable in his area of expertise and is very intelligent.” “Andrew is incredibly smart, extremely strategic and is great at being able to cut through the noise and tell the most convincing story for his client.”*

Jones Day

What the team is known for Jones Day undertakes heavyweight patent litigation on behalf of market-leading clients in electronics, telecommunications and pharmaceuticals. Fields particular experience in bet-the-company IP litigation. Supplemented by deep resources supporting IP-led transactions, and the firm's global footprint makes it a popular choice for cross-border issues.

Strengths

"The Jones Day team provides practical, business-focused advice."

Work highlights Jones Day represented Merck Sharp & Dohme in Hatch-Waxman patent infringement litigation against 16 generic drug maker defendant groups relating to their ANDA submissions to the FDA seeking approval for generic versions of the client's drug, BRIDION.

Notable practitioners

Gregory Castanias heads the firm's Federal Circuit practice and has a demonstrable track record of success in high-stakes IP appeals, particularly for tech and life sciences companies. **Hilda Galvan** is experienced with patent, trade secrets and IPR mandates, with leading technology sector companies among her roster of clients.

Keker, Van Nest & Peters LLP

What the team is known for Keker Van Nest is a renowned boutique handling bet-the-company trials for some of the world's most prominent technology companies. Particularly well known for litigation concerning software, smartphone technology and semiconductors.

Notable practitioners

Robert Van Nest has a sophisticated practice that incorporates patent infringement, copyright and other IP-related litigation.

Kilpatrick Townsend & Stockton

What the team is known for Kilpatrick Townsend & Stockton has a highly regarded IP practice particularly excelling in trademark prosecution and portfolio management, and is also noted for its strong litigation capabilities. Acts for a distinguished client base, including leading companies in media and entertainment, fashion, consumer products, technology, social media and sports. Also offers a specialized China team, acting for Chinese clients on their US trademark matters and for US clients on their operations in China. Increasingly recognized for expertise in patent matters, regularly serving notable technology and life sciences companies on litigation and prosecution.

Strengths

"Kilpatrick has a specialized and sophisticated team that provides counsel across a range of jurisdictions."

"The Kilpatrick team provides excellent creative ideas and solutions."

"The Kilpatrick team is coordinated, always consistent and compliment each other very well."

Work highlights Kilpatrick Townsend & Stockton represented Polaroid in a trademark dispute against Fujifilm for its alleged infringement of Polaroid's famous Classic Border Logo that has been a household staple since 1972.

Notable practitioners

Atlanta-based Wab Kadaba chairs the firm's intellectual property group.

Kirkland & Ellis

What the team is known for Kirkland & Ellis houses celebrated trial lawyers engaged by global brands to protect their most valuable patents. Maintains a fine reputation for its work in complex technology matters. Has the resources and expertise to field litigators in ITC and administrative proceedings as well as federal and district court actions. Patent expertise is complemented by deep experience in matters such as trade dress, trademarks and issues of false advertising and misappropriation of trade secrets.

Strengths

"Kirkland has an excellent patent litigation team and offers a high quality service."

"Kirkland has a deep bench of attorneys with highly technical backgrounds."

"Kirkland has some of the best IP litigators in the country."

"The lawyers at Kirkland are intelligent and experienced."

"The Kirkland team is extremely knowledgeable and responsive, and provides excellent quality of work."

Work highlights Kirkland & Ellis defended Alcon Pharmaceuticals in a consolidated patent litigation brought by Gland Pharma, Orbicular Pharmaceutical Technologies and Micro Labs USA regarding the manufacture of generic versions of Alcon's affiliate, Aerie Pharmaceuticals' drugs 'Rhopena' and 'Rocklatan'.

Notable practitioners

Head of the firm's copyright and trademark practice **Dale Cendali** (see p.2546) is a lauded litigator who represents some of the world's most well-known brands in the protection of their IP rights.

Strengths: *"Dale is incredible."* *"Dale provides top notch work product. She is very strategic, very responsive and always thinking ten steps ahead."* *"Dale is intelligent and knowledgeable and is an all-around excellent lawyer."* **Gregory Arovos** (see p.2530) is regularly called upon by leading tech sector clients to handle patent infringement and invalidity litigation. He is noted for his experience handling matters before the ITC and district courts. **Strengths:** *"Greg is an excellent strategist and is very good at speaking in court."* *"Gregory is an excellent trial lawyer. He's deeply experienced and has taken cases from trial to verdict in multiple jurisdictions."* **Gregg LoCascio** (see p.1342) brings significant expertise in engineering and technology patent infringement litigation, regularly appearing before district courts and in the PTAB. **Strengths:** *"Gregg is a fantastic courtroom lawyer who is great on his feet."* *"Gregg is always incredibly prepared."* **John O'Quinn** (see p.657) has an impressive track record in high-stakes IP disputes at trial and appellate levels. He has considerable experience handling patent matters in the US Court of Appeals for the Federal Circuit.

Strengths: *"John is a very tough litigator who is both extremely capable and very impressive."* *"John is a very strong lawyer and is a master of articulating complex issues. He really understands the commercial endeavors of the client's business and how he can impact them."* *"John is an excellent*

appellate advocate."

Latham & Watkins LLP

What the team is known for Latham & Watkins has a strong profile for complex patent litigation and maintains noteworthy expertise in Hatch-Waxman proceedings. Recognized for handling PTAB proceedings and has a fine track record in ITC Section 337 investigations. Additional expertise in a range of soft IP matters, including trademark and copyright disputes. Strong IP profile bolstered by expertise in attendant antitrust matters. Impressive client base includes major automobile and technology companies.

Strengths

"The Latham IP team is incredibly talented and experienced. The firm has a deep bench of strong attorneys who are well versed in industry happenings."

"Latham has deep experience with relevant, quickly evolving issues."

"Latham offers a great service with strong professionalism and expertise."

Work highlights Latham & Watkins LLP represented Johnson & Johnson Surgical Vision and its subsidiaries in its global patent and copyright infringement dispute against Alcon over competing laser eye-surgery technology.

Notable practitioners

Maximilian Grant (see p.572) is well-versed in the handling of multijurisdictional disputes, including those relating to technology, manufacturing and medical device patents. **Strengths:** *"Max is great to work with. He forges trust and connection with both judge and jury."* *"Max is an impressive field general."* *"Max is well versed in his craft and is focused, tenacious and always driven to deliver a favorable outcome."* **Douglas Lumish** (see p.1046) is a respected litigator active across trade secrets misappropriation patent and trademark disputes, regularly appearing in the Federal Circuit and the ITC. **Strengths:** *"Douglas is a very bright attorney who has a keen understanding of how to organize and present a case in a way that simplifies complex concepts."* **Matthew Moore** (see p.1347) is recognized for his adroit handling of complex IP disputes for a broad range of clients. He regularly acts in IPRs, patent infringement matters and trade secrets-related mandates. **Gabriel Bell** (see p.501) heads the firm's IP appeals group and has an impressive track record arguing high-stakes matters before the CAFC. He is frequently called upon by clients from a diverse range of industries, including tech and life sciences. **Strengths:** *"Gabe is terrific. He takes the client's interest to heart and you can guarantee that you will get 100% when he litigates a case on your behalf."*

McDermott Will & Emery LLP

What the team is known for McDermott has an experienced patent litigation group with notable clients across sectors including life sciences, technology and retail. Capable of handling significant multijurisdictional patent disputes. Possesses additional strength in contentious copyright and trade secrets mandates, as well as portfolio management matters.

Work highlights McDermott Will & Emery LLP represented Natera in patent infringement litigation.

tion regarding over 200 patents issued or pending in Natera's global intellectual property portfolio that had allegedly been used by defendants ArcherDX and Invitae to enter the marketplace for early cancer testing and monitoring.

Notable practitioners

Sarah Chapin Columbia (see p.2012) maintains a respected IP practice that regularly sees her handle major patent disputes at trial. She offers particular expertise representing clients in the life sciences industry.

McKool Smith

What the team is known for McKool Smith is an excellent patent litigation group recommended for complex and high-stakes cases in the life sciences and hi-tech sectors, and especially noted for its work on behalf of plaintiffs. Recognized for experience before federal and district courts, as well as before the ITC and PTAB, and offers particular expertise on patent matters involving cellular and wireless technology.

Strengths

"McKool Smith is strong in complex patent litigation and has a deep and technical bench."

Work highlights McKool Smith represented Netlist in a patent infringement case against Samsung in which the jury found that Samsung willfully infringed three of Netlist's patents related to computer memory technology.

Notable practitioners

Samuel Baxter (see p.3201) is a seasoned trial lawyer with an impressive track record in high-stakes IP patent disputes. He counts industry-leading tech companies among his clients.

Morgan, Lewis & Bockius LLP

What the team is known for Morgan, Lewis & Bockius is a respected group with a sizable nationwide footprint and a broad IP practice spanning matters including patent infringement litigation, trade secrets and noncontentious portfolio advice. Offers notable experience representing clients at trial and appellate levels.

Work highlights Morgan, Lewis & Bockius LLP represented Haas Automation in an IPR before the PTAB for a patent asserted by Olati against Haas in the District Court for the Central District of California.

Notable practitioners

Philadelphia-based Louis Beardell is a key contact.

Morrison Foerster

What the team is known for Morrison Foerster has a powerful patent practice with an impressive client list featuring big names in technology, biotechnology and consumer electronics. Maintains a fine reputation for its strengths in high-stakes litigation and well supported by a deep bench of seasoned trial lawyers. Also possesses significant expertise in rights strategy and prosecution work, alongside deep experience in appellate litigation in the US Supreme Court, federal courts of appeals and state appellate courts.

Strengths

"The Morrison Foerster team has the ability to focus on the big picture and understand the business objective."

"They know our business, are dedicated to our success and always provide practical advice."

"Morrison Foerster has a deep bench of very experienced attorneys who are able to handle highly complex technical concepts extremely well and develop robust and winning legal strategies."

Work highlights Morrison Foerster represented Genentech in developing its strategy for its multi-billion-dollar portfolios including cancer drugs Kadcyła, Perjeta, Gazyva and Tecentric.

Notable practitioners

Daralyn Durie (see p.545) maintains a leading practice in pharmaceutical and biosimilar patent litigation. She offers additional expertise in copyright infringement disputes. **Strengths:** *"Daralyn is a fantastic lawyer with a unique insight into patent litigation."* *"Daralyn is a top-tier IP lawyer."* *"Daralyn is terrifically smart and deeply knowledgeable about IP law and life sciences."* **Deanne Maynard** (see p.635) cochaurs the firm's appellate and Supreme Court practice. She is renowned for her track record in bet-the-company disputes and has substantial experience handling patent cases before the Federal Circuit. **Strengths:** *"Deanne is a very good writer and a phenomenal oral advocate."* *"Deanne has a lot of experience arguing in the Supreme Court and is super strong across the board."*

O'Melveny & Myers LLP

What the team is known for O'Melveny & Myers has a well-regarded national practice that handles trademark, copyright and trade secrets litigation both at trial court level and on appeal. Represents clients in a wide range of sectors, including media and entertainment, consumer electronics and pharmaceuticals.

Strengths

"The team at O'Melveny provides practical, real-time advice that is essential to our strategy."

"O'Melveny provides skillful handling of complex technical issues and provides positive results."

"O'Melveny has good expertise in handling complex patent litigation."

Work highlights O'Melveny & Myers represented Allergan in a patent infringement case brought against Sandoz concerning a patent covering the hair growth drug, Latisse.

Notable practitioners

Ryan Yagura is a key contact.

Orrick, Herrington & Sutcliffe LLP

What the team is known for Orrick is a go-to firm for household names in the electronics and software spaces. High-caliber trial lawyers who attract important briefs for clients facing patent and copyright litigation. Offers strong representation in patent prosecution and before the USPTO. Leverages a strong team of appellate attorneys to handle high-stakes patent disputes in the Supreme Court and Federal Circuit. Growing practice focusing on the representation of Japanese companies in connection with their US patent needs.

Strengths

"The team at Orrick is very thorough and very talented."

"The Orrick team is very experienced in handling complex IP litigation matters, with sufficient

resources and rich expertise."

"The team is excellent and has a deep bench with strong experience in the federal court."

Work highlights Orrick, Herrington & Sutcliffe LLP represented Sonos in asserting five patents against Google at the ITC. The ITC found that all five of the asserted Sonos patents were valid and infringed, and the result forced Google to stop using the infringing technology in all of its products.

Notable practitioners

Joshua Rosenkranz heads up the firm's Supreme Court and appellate litigation group. He regularly acts for major clients on high-stakes intellectual property appeals and is an experienced Supreme Court advocate. **Jared Bobrow** offers expertise in patent and trade secrets litigation, bringing particular experience in cases involving complex technology-sector patents. **Strengths:** *"Jared is an incredible lawyer."* **Annette Hurst** is recognized for her expertise in complex IP disputes. She has notable experience trying copyright, trade secret, trademark and patent matters frequently.

Paul Hastings LLP

What the team is known for Paul Hastings has a noted patent group with experience acting across both contentious and noncontentious matters. Particularly renowned for sophisticated representation life sciences and tech companies. Expertise includes high-stakes infringement disputes, including Hatch-Waxman litigation and PTAB proceedings.

Strengths

"Paul Hastings has a very talented team of patent litigators who have an ability to understand complex science and explain it to the judges and juries in a manner that is easy to understand."

"The Paul Hastings team provides great work product."

Work highlights Paul Hastings successfully represented BioNTech US and SE in patent infringement litigation against CureVac NV related to the Pfizer-BioNTech COVID-19 vaccine.

Notable practitioners

Bruce Wexler garners recognition for his sophisticated contentious IP practice. He is well versed in IPRs, patent infringement litigation and appellate mandates, frequently acting on BPCIA and Hatch-Waxman patent litigation. **Strengths:** *"Bruce is spectacular. His responsiveness, availability and work rate are all great."* *"Bruce has a brilliant mind and is very quick. He has great experience and always provides helpful advice."* **Naveen Modi** is the global cochair of Paul Hastings' Intellectual Property practice and regularly acts for clients in high-stakes patent litigation. Naveen has particular expertise in PTAB and IPR work. **Strengths:** *"Naveen is a very nice person and a good lawyer. He's a real expert in this space."* *"Naveen is a top notch lawyer with a deep understanding of legal and technical issues."* *"Naveen is great. He's always available, very creative, very experienced and provides great advice."*

Perkins Coie LLP

What the team is known for Perkins Coie is highly active in the representation of global clients in the pharmaceutical and technology spaces before

the USPTO, and also noted for its capabilities in patent-based transactions. Supported by a litigation team with an enviable trial before the PTAB and Federal Circuit. Frequently handles complex patent appeals before the Federal Circuit. Also noted for its handling of post-grant proceedings.

Strengths

"The Perkins Coie team is fantastic and consistent from top to bottom. The lawyers are experienced, practical and knowledgeable."

"The Perkins team is knowledgeable, professional and understands ITC and district court matters. They help us to minimize our risks and are very good at negotiations."

"The team is legally very strong, technologically very knowledgeable and very responsive and reliable."

Work highlights Perkins Coie represented Google in an appeal that successfully overturned an adverse patent-infringement ruling that had awarded \$20 million in damages plus a running royalty to the plaintiffs.

Notable practitioners

Dan Bagatell (see p.495) has impressive experience in complex Federal Circuit patent appeals, typically acting for high-tech and pharmaceutical industry companies. **Strengths:** *"Dan is very knowledgeable of patent law and has a lot of experience." "Dan is very smart, extremely experienced and understands the best way to bring a case to the appellate court."* **Nathan Kelley** (see p.603) cochairs the firm's Federal Circuit patent appeals practice. He handles high profile patent litigation appeals, IPRs at the PTAB, and related USPTO work for notable clients in the technology and pharmaceutical industries. **Strengths:** *"Nate really understands important issues and how to present them in a way that gets the appellate court to focus on the right things." "Nate is incredibly knowledgeable on Federal Circuit appeals, Supreme Court appeals and USPTO matters." "Nate is an excellent appellate advocate."*

Quinn Emanuel Urquhart & Sullivan, LLP

What the team is known for Quinn Emanuel has a high caliber patent team handling cutting-edge litigation in the life sciences and hi-tech industries, with notable expertise in cases before the ITC. Highly recommended for administrative IP proceedings as well as civil actions before district and federal courts. Also noted for a strong practice in Hatch-Waxman litigation.

Strengths

"The Quinn team is very smart and has deep technical expertise."

Work highlights Quinn Emanuel Urquhart & Sullivan, LLP represented Voxer in a patent infringement litigation case against Facebook relating to the client's Live Messaging and Store-and-Stream technologies. The weeklong trial resulted in a unanimous verdict that Facebook and Instagram Live infringed on Voxer's patents.

Notable practitioners

Kathleen Sullivan's outstanding appellate practice has seen her handle a number of bet-the-company IP appeals at both the Federal Circuit and Supreme Court. She counts household name technology companies amongst her impressive

client list. **Sean Pak** offers expertise in a range of intellectual property matters, regularly litigating patents, trade secrets, copyrights and more on behalf of both plaintiffs and defendants. Sean is a founding member of the firm's AI Practice Group and offers notable expertise in relation to the cross-section between Artificial Intelligence and Intellectual Property. **Strengths:** *"Sean is very confident, very experienced and is a reliable litigator and strategist." "Sean is dedicated, service-oriented and very knowledgeable."*

Sidley Austin LLP

What the team is known for Sidley Austin is an impressive patent litigation outfit with seasoned trial lawyers, recommended for high value patent disputes in the hi-tech, life sciences and software sectors. Represents a strong choice of counsel for USPTO proceedings, particularly post-grant reviews. Noted experience on IPR matters and covered business review proceedings. Additionally adept at litigating before the ITC.

Strengths

"The team at Sidley can take highly complex and technical matters and reduce them to fine arguments."

Work highlights Sidley Austin LLP represented Amgen patent infringement litigation against Sandoz regarding Amgen's oral medication for psoriasis, Otezla.

Notable practitioners

Jeffrey Kushan (see p.1339) is noted for his work handling patent-related appeals in the pharmaceutical, biotech and electronics spaces. He has substantial experience acting before the PTAB.

Weil, Gotshal & Manges LLP

What the team is known for Weil Gotshal has a strong litigation practice engaged by leading names in the telecommunications, life sciences and hi-tech manufacturing arenas. Also recommended for prosecution and PTAB procedures, including IPRs and covered business method review proceedings. Strong track record in relevant appellate litigation.

Strengths

"The team did a phenomenal job at trial for us. The lawyers are incredibly hard working, tenacious and smart."

"Weil has a deep team of talented patent litigators who are very experienced in USPTO proceedings."

Work highlights Weil, Gotshal & Manges LLP represented Altria in patent infringement litigation against Juul Labs in the ITC, with the client seeking a ban on the importation and sale of certain Juul e-vapor products.

Notable practitioners

Mark Perry (see p.667) is cohead of Weil's appellate litigation practice. He has nearly 30 years of experience representing clients in complex appellate matters, with a strong focus on high-stakes patent appeals. **Strengths:** *"Mark is a fantastic lawyer. He's smart, a brilliant writer, works great in a team and really understands how the courts work."* **Edward Reines** (see p.1063) is a skilled litigator with significant experience in life sciences patent disputes and related IPR proceedings. He has notable expertise in appellate matters. **Strengths:** *"Ed is a very bright lawyer and is very*

good at identifying issues. He is engaging and very practical." **Elizabeth Weiswasser** (see p.733) maintains a respected patent disputes practice which regularly sees her represent clients before the Federal Circuit, district courts and the ITC. **Strengths:** *"Elizabeth is a skilled and persuasive advocate as well as a masterful strategist." "Liz is adept at taking complex technology and facts and weaving them into a persuasive and easy to understand narrative." "Elizabeth is very thoughtful and strategic."*

Williams & Connolly LLP

What the team is known for Williams & Connolly is a premier DC-based litigation practice with a strong contentious IP offering. Frequently retained by technology giants and leading pharmaceutical companies for representation in significant disputes, including Hatch-Waxman litigation.

Work highlights Williams & Connolly LLP represented Regeneron in its BPCIA litigation against Mylan Pharmaceuticals regarding Regeneron's drug treatment for certain serious eye diseases, Eylea.

Notable practitioners

Lisa Blatt chairs the firm's Supreme Court and appeals practice and has impressive depth of experience arguing IP cases before the Supreme Court. **David Berl** maintains a strong reputation as a patent litigator, regularly serving clients in the biotechnology, pharmaceutical and energy fields. **Strengths:** *"David is a very good patent litigator who provides great strategic insight." "David is a brilliant litigator. He is a pleasure to work with and is responsive to clients, listens well and is very willing to adapt." "David is very thorough and very creative."*

WilmerHale

What the team is known for WilmerHale has an outstanding patent litigation group with a fine track record in cases before the Supreme Court and Federal Circuit. Also highly recommended for ITC and USPTO proceedings across a wide range of sectors including computers, biotechnology and pharmaceuticals.

Strengths

"The Wilmer team is excellent. Their presentation is crisp and clear and they provide excellent service."

"WilmerHale provides fast responses and a very strategic approach."

"Wilmer is great in terms of responsiveness, communication, expertise, experience and quality of work product."

"WilmerHale has a top notch Intellectual Property and Appellate practice."

Notable practitioners

William Lee is a leading IP litigator who brings decades of experience in high-stakes IP litigation and appellate mandates for market-leading clients, particularly those in the technology sector. **Sonal Mehta** has an impressive track record in complex, bet-the-company patent disputes. She frequently advises major technology-sector clients. **Strengths:** *"Sonal is a fantastic attorney."*

Winston & Strawn LLP

What the team is known for Winston & Strawn houses a respected patent litigation group with a formidable range of first-chair attorneys, prized for its trial capabilities before the ITC and PTAB as well as district and federal courts. Clients are drawn from a number of sectors including technology, pharmaceuticals and energy. Particularly focused on representation of generic manufacturers in ANDA litigation.

Strengths

"Winston & Strawn provides strong, in-depth evaluation and counsel on complex matters."

"Winston & Strawn possesses a team with very strong depth. They are diverse, experienced and connected in all matters concerning IP."

Work highlights Winston & Strawn LLP represented Advanced Micro Devices (AMD) in an ITC action brought against them by a competitor, Realtek Semiconductor Corp. The matter involved three patents relating to integrated circuit design and manufacture.

Notable practitioners

Michael Elkin (see p.2564) is highly respected for his strength in copyright litigation. He has particular experience in disputes in relation to the music industry and dealing with issues relating to illegal downloads and online platforms.

Strengths: *"Michael is thoughtful and incredibly responsive." "Michael brings a depth of industry knowledge and professionalism that is incredible." "Michael is highly knowledgeable, very strategic, and a very good analytic and strategic thinker."* **Tom**

Melsheimer (see p.640) is an experienced litigator with notable expertise in high-stakes, multipatent disputes, in addition to matters arising from trade secrets misappropriation.

Other Ranked Lawyers

Richard Cederroth maintains a noted technology-focused patent practice, regularly representing clients in infringement disputes relating to software, gaming and remote storage, among other areas.

Yar Chaikovsky is an expert patent litigator with extensive experience acting for the world's leading technology companies in high-stakes disputes.

Mark Davies of White & Case LLP has extensive experience litigating complex patent matters before the Federal Circuit, frequently acting for household name technology companies.

Anthony Dreyer (see p.544) of Skadden, Arps, Slate, Meagher & Flom LLP & Affiliates is a sports and entertainment specialist with an active trademark and copyright litigation practice. Anthony regularly acts for sizable clients working in America's most popular sports. **Strengths:** *"Anthony is very persuasive and makes all the right arguments to convince people to respect our IP." "Anthony is incredibly practical and takes his client through difficult situations providing elegant solutions."*

Dimitrios Drivas of White & Case LLP is an experienced patent litigator with notable expertise representing life sciences and technology companies in high-stakes disputes. **Strengths:** *"Dimitrios is responsive, thoughtful and strategic." "Dimitrios is very experienced, gives very tailored and thoughtful advice and really understands the technology in biopharma."*

DJ Healey of Spencer Fane LLP is a respected litigator with significant experience acting before the ITC, district and state courts. She is particularly noted for her strength in patent and antitrust disputes.

Elizabeth Holland (see p.586) of A&O Shearman is regularly retained by leading clients in the pharmaceutical sector for complex patent litigation pertaining to drugs and medical treatments. **Strengths:** *"Elizabeth is really strong in getting the big pictures of things and understanding the dynamics of the pharmaceutical industry."*

Brenda Jarrell of Choate Hall & Stewart LLP operates a respected patent disputes and prosecution practice, counting major pharmaceutical corporations and other life sciences sector companies among her clients.

Eleanor M. Lackman of Mitchell Silberberg & Knupp LLP is recognised for her depth of experience in acting for media and entertainment industry clients on a varied range of trademark and copyright issues. **Strengths:** *"Eleanor is a lovely person and a knowledgeable attorney." "Eleanor's knowledge is broad and her decision making is exceptional. She's smart, extremely knowledgeable and has a great practical business sense. She is a consummate professional." "Eleanor is energetic and actively looks out for our interests as clients."*

Jeffrey Lamken of MoloLamken LLP is a nationally recognized appellate practitioner, who handles high-stakes patent and trademark appeals for clients in various industries, most notably in the pharmaceutical and technology sectors.

Mark Lemley (see p.1044) of Lex Lumina PLLC is an experienced patent litigator with notable expertise in appellate work.

David McCombs of Haynes and Boone, LLP counts global technology giants among his client roster, regularly representing corporations in IPRs, patent litigation and appeals.

Ashok Ramani (see p.1062) of Davis Polk & Wardwell offers impressive experience acting in high-stakes patent and trade secret disputes. He counts major technology companies among his impressive client base. **Strengths:** *"Ashok is super communicative and really thinks like a trial lawyer to make long-term strategic judgments." "Ashok is an excellent trial attorney with very good presence in the courtroom as well as strong case strategy and management."*

Bruce Sostek of Holland & Knight LLP operates a broad contentious IP practice that regularly sees him handle patent, trademark and copyright infringement matters. He offers experience handling appellate and ITC disputes.

Band 1 International Arbitration: The Elite

Debevoise & Plimpton LLP

What the team is known for Debevoise & Plimpton maintains its position at the forefront of the commercial and investment treaty arbitration market, acting for a wide range of multinational corporations and sovereign states. The firm offers a deep bench of experienced arbitration counsel, well versed in handling disputes conducted under the auspices of all major institutional rules as well as in those heard in ad hoc settings. The group provides particular expertise in arbitrations involving Latin American parties, as part of a broad global practice.

Strengths

"Debevoise is an excellent team, they can build a compelling case in extremely complex disputes from scratch."

"The Debevoise & Plimpton team not only considers the legal aspects of the case, but also the practical consequences for us as a client, and the length and cost of the solutions proposed versus the potential benefits."

"Debevoise team operates at a superior level."

"They are a firm capable of providing the niche skills needed for international arbitration. They have great team and provide great value."

"I have had the privilege of working with the best law firms in the world and I must say, for international arbitration, they are simply impressive."

Work highlights Debevoise represented the Republic of Iraq against ICSID claims brought by Orange Telecom, concerning a national telecommunications license agreement between Korek Telecom Company and the Iraqi Communications and Media Commission. The amount in dispute is valued at \$430 million.

Notable practitioners

Catherine Amirfar's leading practice benefits from her previous work as a former adviser to the US Department of State. She is experienced in handling complex investment treaty arbitrations for both states and investors. **Strengths:** "Is there anything Catherine cannot do? She is trusted advisor to clients, a world-recognized leader in the world of arbitration and a mentor to so many at Debevoise." "In addition to being a lawyer of amazingly strong skill in written and oral advocacy, Catherine becomes a master of all the details of the case and the facts." "I find her dedication to the greater good extraordinary." **Mark Friedman** remains a popular choice for a broad array of investors seeking expert counsel in investment treaty arbitrations. He also offers experience in commercial disputes. **Strengths:** "Mark is a real strategist. He can think miles ahead, anticipating moves, outcomes and time frames." "Mark's advocacy is amazing, he is elegant but not disrespectful. He is capable of really challenging the opposing counsel." "Mark has the ability to distill difficult concepts, framing advice in away that is easily understood." "Mark is creative, he comes up with ideas and is able to think outside the box while being a great leader." **Ina Popova** receives plaudits for her skilled advocacy. She covers both commercial and investment treaty arbitrations, with her clients including individuals, corporations and states. **Strengths:** "Ina is quick to understand the issues presented and practical in her approach. She understands internal client dynamics and presents solutions that consider time and budget." "Ina is highly intellectual and is instrumental in developing arguments. She is persuasive in hearings." "She is capable, knowledgeable and ethical." **Dietmar Prager's** practice spans investment treaty and commercial arbitrations, with notable expertise in disputes concerning Latin America. **Strengths:** "He's an excellent team leader and advocate, always

profile for her disputes practice, with particular expertise in international arbitration arising in the energy and natural resources sectors. **Strengths:** “Laura is tenacious and an excellent advocate.”

Freshfields Bruckhaus Deringer

What the team is known for Freshfields Bruckhaus Deringer is a leading destination for international disputes, with clients benefiting from a highly active bench of experienced arbitration counsel with a successful track record of representing both corporate entities and sovereign states in complex cross-border disputes. The team is noted for its expert handling of Latin American and European disputes, with impressive strengths in proceedings concerning mining, telecommunications, oil and gas and construction issues. It boasts an impressive number of multilingual and dual-qualified attorneys able to practice in both common and civil law jurisdictions.

Strengths

“Freshfields has a broad team all over the globe, with excellent capacity to handle complex matters.”
 “They are able to undertake deep analysis of each case and bring conclusions and solutions to their clients.”

“Freshfields have a high-performance team, who are excellent professionals.”

“Freshfields provide strategic and pragmatic advice. They are always thinking ahead, on how different outcomes could affect our business.”

“They are wonderful, always available and highly knowledgeable in ICSID arbitrations.”

Work highlights Freshfields represented Eco Oro in its claim against Colombia under the Canada-Colombia Fair Trade Agreement in relation to measures adopted in 2016 that put an end to its Angostura gold mining project, one of the largest gold projects in Colombia.

Notable practitioners

Nigel Blackaby KC (see p.506) offers a wealth of experience acting for both investors and states and is particularly esteemed for his expertise in Latin America matters. **Strengths:** “Nigel is the

first person I would refer anything to.” *“Nigel is one of the leading lights of international arbitration, particularly in US and Latin American work.” “His reputation precedes him, Nigel is an incredible lead-counsel and an awesome leader. He is capable of solving the most complicated matters to the benefit of his clients.” “Nigel is a dynamo, he did a phenomenal job from discovery to cross-examination and briefing.”* **Noiana Marigo** (see p.631) provides high quality advice to clients involved in both commercial and investment treaty arbitrations. She is active in a range of industries such as aviation, energy and telecommunication. **Strengths:** *“It gives peace of mind to work with Noiana, she makes you feel like a part of the team and is an excellent professional.” “Noiana is very professional, responsive and provides excellent advice.” “She is terrific.”* **Elliot Friedman** (see p.559)’s notable experience sees him regularly advise on high value and complex commercial and investment treaty arbitrations. **Strengths:** *“Elliot is fair and appropriate, and is a strong advocate.” “Elliot is a fantastic writer.”* **Caroline Richard** (see p.679) regularly advises clients on investor-state arbitrations, including matters in the energy and power sector. **Strengths:** *“Caroline is highly committed, she keeps her team in search of excellence and motivates them to generate added value.” “Caroline has the highest commitment to her clients and works really hard to get the outcome that the client is seeking.”* New York-based partner **Lee Rovinescu** (see p.685) represents corporations in the energy and power sectors in both commercial and investment treaty arbitrations. **Strengths:** *“He is a terrific lawyer. We receive meaningful, impactful and on time advice.”* **Paige Von Mehren** (see p.728) is a senior associate based in New York. She regularly acts on a range of arbitral disputes and enforcement proceedings. **Strengths:** *“Paige is a future star. She is smart, thorough and extremely graceful under pressure.” “She is poised and wise beyond her years of experience.”*

King & Spalding LLP

What the team is known for King & Spalding’s premier arbitration practice demonstrates outstanding credentials in high stakes investment treaty and commercial arbitral matters. It offers an extensive nationwide platform bolstered by broad global capabilities, with considerable strengths in Latin American, East Asian and European matters. The firm’s signature expertise in energy industry disputes is complemented by notable experience in other areas, such as construction and pharmaceuticals.

Strengths

“King & Spalding team is well schooled in the subject matter and has been able to handle all issues that have arisen in a professional and proficient manner.”

“They provide a comprehensive view and 360 degree legal strategic analysis of complex legal issues.”

“I was incredibly impressed by King & Spalding’s ability to dive into highly complex technical matters and quickly gain a high level of expertise.”

“Their levels of service and responsiveness are magnificent, they serve customers quickly and provide high legal quality attention.”

“Their lawyers speak a variety of languages and can navigate complex treaties.”

Work highlights King & Spalding secured a victory for Reficar in its dispute with US contractor CB&I over the construction of the Cartagena oil refinery in Colombia. Reficar was awarded approximately \$1.9 billion in damages.

Notable practitioners

Doak Bishop (see p.506) is held in high esteem for his expert handling of commercial and investment treaty arbitrations. He is particularly regarded for his prowess in disputes concerning the construction, energy, and oil and gas sectors as both advocate and arbitrator. **Strengths:** *“Doak is extremely experienced and he has fabulous reputation. He is really at the top of the field.” “He is preeminent.” “He’s a class act and is a good arbitrator as well.”*

Samaa Haridi (see p.578) is regularly called upon to advise clients on complex investment treaty and commercial arbitrations. **Strengths:** *“Samaa is a true partner to a general counsel in navigating issues.” “Samaa is someone I would pick any day to have as a co-counsel, she is elegant and thoughtful in her approach.” “She has a good demeanor and way of communicating information.”* **Edward Kehoe** (see p.603) has notable expertise in high value commercial and investment treaty arbitrations concerning the energy sector, acting for an impressively high profile client base. **Strengths:** *“Ed is a class act.”*

Henry Guy Burnett (see p.516) is particularly well regarded for his expertise in disputes involving Latin America. He is experienced in both commercial and investment treaty arbitrations. **Strengths:** *“Henry is a pleasure to work with. He has an endless knowledge and experience base, while caring about the case as much as we do.” “Henry is very knowledgeable in Latin American matters. He is well connected and understands regional dynamics.” “Henry is an excellent advocate and a skilled examiner. He is a smart and strategic lawyer.”* **Craig Miles** (see p.643) has particular expertise in disputes concerning Latin America and is also adept at advising on matters involving the oil and mining sectors. **Strengths:** *“Craig is responsive and cost conscious. He works on highly complex matters, providing a practical and pragmatic service.” “Craig has been helpful in constructing logical and sensible arbitration strategy.”*

Javier Rubinstein’s practice spans both commercial and investor-state arbitrations. He is particularly well placed to act for investors in treaty matters. **Érica Franzetti** (see p.558) is highlighted for her expertise in international arbitrations involving Latin America. Her practice includes both commercial and investor-state disputes. **Strengths:** *“Erica is doing great work, she is a highly accomplished lawyer.” “She’s doing extremely well in her Latin American practice.”* New York-based partner **Lauren Friedman** (see p.559) has experience handling international investment and commercial arbitrations, with a particular focus in Latin America. **Strengths:** *“She’s done a great job in getting key decisions for us as a company.”*

White & Case LLP

What the team is known for White & Case has a dominant investment treaty practice across both the claimant and state sides, with signifi-

cant strength in arbitrations involving emerging markets. The team offers additional expertise in commercial arbitrations, acting for clients from a wide range of sectors. The firm draws from a formidable pool of arbitration experts to provide outstanding representation in construction, energy and financial services disputes, alongside significant expertise in enforcement litigation. Its impressive global coverage allows for the adept handling of matters across all major hubs worldwide.

Strengths

“White & Case team is diligent in researching the facts, background and strengths and weaknesses of a case.”

“Their team is able to engage in complex analysis and have appropriate number and level of personnel dedicated to the tasks.”

“Competent and smart lawyers capable of handling big, factually and legally complicated cases related to various industries, such as electricity supply and distribution, renewables, oil and gas, and waste management.”

Work highlights White & Case represented Canadian mining company Gabriel Resources in an ICSID arbitration against a Romanian concerning Romania’s de facto expropriation of Gabriel’s rights to and sizable investments in a gold mining project.

Notable practitioners

Carolyn Lamm is highly experienced in representing corporates as well as sovereign states in sophisticated high value arbitrations. Her expertise includes both investor-state and commercial claims. **Strengths:** *“Carolyn continues to be a spectacular practitioner, she is very thoughtful.” “If I were defending a sovereign in a matter, I would think of her.”*
